## NAB War-time Meeting Instead Of Convention

Instead of its annual membership convention, the NAB will have a concentrated, three-day business meeting, either in Chicago or New York, sometime between April 15 and May 15. Because of the transportation problem and other war exigencies, the meeting would be so planned that attendance would be confined to the executives of the stations.

Discussing this matter at the meeting of the Board of Directors last week, members agreed on all phases of entertainment and

Adelaide Hawley, conductor of the "Women's Page of the Air" program heard on WABC, stepped out of her accustomed role last Thursday, with just as great success. Within the premises of the Long Island City Savings Bank she led on a one-hour War Bond sale and in that short time garnered \$1,800, \$2,500 of which came from school children who attended.

## Could Be!

H. V. Kallenborn, recently left for a tour of South America only. On Friday, the NBC news commentator informed the network from Brazil via cable that he left Brazil on Tuesday, spent Wednesday in Africa and returned to South America on Thursday. Slight digression, the veteran commentator admitted, but also believed he had established a new transatlantic record.

## May Approve Bonuses Despite Salary Rulings

Washington Bureau, RADIO DAILY Washington—The awarding of bonuses to industry employees whose actual wages actually dropped when the President banned overtime pay for work on week-ends and holidays will be authorized for the purpose of restoring such losses, according to reports current here on Friday.

Three conditions must be met: that the premium pay was an important

By BOB LITZBERG

HOPE of an early settlement of the AFM recording ban took on a pessimistic note last week, when 12 leading ET and record firms, in a letter to James C. Petrillo, AFM proxy, informed the union head of the effect that until many points in the union's demands are clarified, they would not consider negotiations on the plan to tax recordings as a means of lifting the present AFM ban. The letter came after a postponement of a meeting between the

disk men and the AFM executive board scheduled for the week before. It was preceded by an earlier statement by the NAB completely disapproving the proposals submitted by Petrillo as a basis upon which to negotiate a settlement of the ban. In their letter the disk men raised seven fundamental points which, they held, were up to Congress to decide since they concern a great many Americans; in addition, four reasons are

Total gross income from all sources amounted to \$197,024,056, in 1942, compared with \$158,695,722 in 1941, an increase of \$38,328,334.

Operations for 1942 compared with 1941 show an increase in gross income of 24.2 per cent, a decrease in net profit of 11.7 per cent, and an increase in the number of persons employed of 14.4 per cent.

Indicating the upward trend of Federal Income Taxes accrued by the Company, provision for these taxes was \$19,074,850, an increase of \$2,701,250, or 16.5 per cent, over the preceding year, and representing 67.9 per cent of income before Federal Income Taxes. These taxes in 1942 were equivalent to \$1.37 per share on the outstanding common stock, compared with \$1.18 in 1941. In addition to federal income taxes, the total of state, local, social security and other taxes paid or accrued in 1942 was \$3,787,763, compared with \$3,417,250 in 1941.

advertisers, agencies, time buyers, station reps and stations, themselves. Decision to embark upon the campaign was reached at the closing sessions of the meeting of the board of directors of the NAB, here, Friday, following reports on the plight of the small stations and a vote turning down the proposal of government subsidy.

For the first phase of the campaign NAB will reprint and distribute, articles which have been written by Chester La Roche, chairman of the board of Young & Rubicam and others, pointing out to advertisers the necessity for maintaining their schedules. Other articles which emphasize the importance of small stations to the war program, their value in local merchandising, etc., will be distributed also. NAB's campaign will seek, also, to educate stations, themselves, in their own time selling ventures, so that in approaching time buyers, either directly or through station reps, stations use selling arguments and not just ask for hand-outs.

Board, in advocating such a program, emphasized that there was no intent to pit networks against stations, etc. nor of advocating cutting down on network appropriations to give the break to the indies.

the industrial advisory committee on variable condensers conducted by Elmer Crane, chief of the components section, Radio Division, WPB. The manufacturers urged that more definite determination be made of the requirements of the services for variable condensers. It was contended that plant schedules are upset repeatedly by sporadic floods of urgent orders.

The industry will request that variable condenser specifications be changed from the present requirements for silver plating to cadmium plating. Under the salt spray tests of the armed services, it was contended, silver turns to silver chloride, whereas cadmium plating remains intact. It will be requested that cadmium plate be made standard.

subscriptions currently total \$80,000. Goal is \$120,000. If, however, the goal is not reached to the dollar, project will be operated anyway, with NAB contributing the additional cost which may remain, the \$120,000 figure having been an estimate of total operating costs.

Because the local advertising picture is continuously growing worse, directors feel that the additional 100 stations will now evince more interest in the plan as a means of offsetting the loss of advertising curtailed by food rations, etc.

**NBC Guest Relation Staff Now Nearly 25% Women**

(Continued from Page 1)

the personnel shift has continued until now almost 25 per cent of the staff are women, according to Paul Rittenhouse, manager, NBC's Guest Relations department. Because of the success of the war-time venture, it is probable that the proportion will continue to increase.

At the present time, NBC has employed 14 women receptionists and has assigned six others to various duties connected with studio tours. As the manpower problem becomes more acute, Rittenhouse expects to place other women in jobs now handled by men, but it is unlikely, he believes, that the conversion will ever be fully complete because of the special requirements of some assignments.

Not all newcomers to the guest relations staff, however, are women. Three men, formerly in the armed services but now discharged because of service disabilities, have been added recently and others may join them in the future.

Although started as an experiment last fall, the employment of women for the Guest Relations staff, has worked out exceptionally well, Rittenhouse reports.

Mitchell, veteran farm commentator, whose voice has greeted "National Farm and Home Hour" listeners daily on the Blue for more than a decade, will highlight the farm news of the week, while Utley will present headline news of the hour and a commentary highlight the farm news of the week.

The new Blue series, first large-scale network radio advertising by the ADA representing five million dairy farmers throughout the country, is being launched to tell the all-important story of the farmer and his products in wartime and to create a better public understanding of the heroic and difficult job the farmer is accomplishing in supplying the armed forces and the civilian population with butter, milk, cheese and other vitally important dairy products.

... why they consider the AFM proposals unsound: (1) they obstruct technical progress; (2) they subsidize employees; (3) they penalize employment and use; and (4) they duplicate government relief.

Following the appointment of Gene L. Garey of New York City as counsel for the special House of Representatives committee to investigate the FCC, plans were being set for a first class fight to a showdown; it was learned that a team of 25 lawyers would be used to argue whether Chairman James Lawrence Fly and his aides have been attempting to "socialize" the radio broadcasting industry. FM and television broadcasting was given a boost by last week's FCC edict, which states that the Commission will not dismiss or deny any FM applications which cannot qualify for a full license because of shortages of manpower or materials; the Commission also issued orders allowing television licensees to operate existing facilities on either experimental or commercial basis, provided construction has reached a point where the station is capable of rendering a substantial service in the effort.

John Stauffer, vice-president in charge of radio for Ruthrauff & Ryan, is named to succeed William B. Lewis as chief of the OWI Domestic Propaganda Bureau. OWI also announced a major reorganization of its Over-Branch; the realignment involves important personnel changes but a reassignment of executive duties. It was also learned that Mr. Davis, OWI chief, will begin a series of weekly quarter-hour broadcasts over the four national networks on March 12.

The board of directors of the Canadian Association of Broadcasters has accepted its new code of

advertising practices and program structures. American Federation of Radio Artists forwarded its notice of increased scale of 10 per cent to transcription companies. An "electronics manpower advisory committee" representing both labor and management was formed to prepare recommendations to the War Manpower Commission and other government agencies on manpower problems in the electronics industry. National Association of Broadcasters, via its Wage And Hour and Labor Committees, has decided to survey the effect of the 48-hour week order for the purpose of presenting findings to the War Manpower Commission.

Mutual Broadcasting System announced the biggest advertising campaign to date, with a series of monthly full-page ads scheduled to run in leading trade papers plus additional coverage twice-monthly in weekly publications. At a meeting of the Radio Executives Club last week William B. Way, vice-president and general manager of KVOO, Tulsa, Okla., advocated a "Will Hays" setup for the broadcasting industry and warned that unless the industry regulated its commercial scripts more rigidly, restrained the use of spots and maintained higher program standards, the public would invoke its own regulations and perhaps threaten the very institution of advertising. Secretary of Interior Harold L. Ickes rebuked the Blue Network for permitting Representative Martin Dies to attack a former Interior Department employee without mentioning the name of the man he was attacking. According to a check of spot business by National Radio Records, it was learned that the use of spot business during 1942 was spread over a greater geographical area than previous years.

Not Placing Coughlin

W. C. Grant, president of the National Advertising, Chicago, told RADIO DAILY over the week-end, that his agency was placing Walter Coughlin in a new radio series entirely unfounded. "None of our offices plan to do this, nor have we even considered the matter. We don't know where the report started, but I can assure you it is entirely in error," stated Grant.

Kentucky Station Group

Chicago—Meeting of seven Kentucky station representatives held recently in Louisville resulted in the formation of the Kentucky Group, a spot network which offers to national advertisers coverage of seven Kentucky markets at a group rate. Live or transcribed commercial broadcasts will be originated at WLBK, Bowling Green; WHLN, Harlan; WSON, Henderson; WHOP, Hopkinsville; WGRC, Louisville; WOMI, Owensboro; and WPAD, Paducah, the five stations comprising the group.

Blue Promotes Mary Coyne

Mary Coyne, secretary to Robert Saudek, assistant eastern sales manager of the Blue Network has joined the sales promotion staff headed by B. J. Hauser. She will concentrate on audience promotion activities. Peggy O'Rourke, secretary to George Benson, eastern sales manager before he joined the Navy, has become secretary to Saudek.

Marion McLean has been appointed secretary to the WJZ sales staff. She takes over her new duties at the station today.

JOSEPH GRANBY had two swell spots on last week's program lineups. He appeared on the Arch Oboler "Lights Out" presentation on Tuesday, and on the Bob Burns "Arkansas Traveler" broadcast Thursday.

Hal Styles and Chef Milani, both of whom enjoy wide popularity among women listeners, have started what looks like a winner over KFVB daily, Mondays through Fridays, at 2:45 to 3:15 p.m. Idea entitled "Laugh Club," originates at the famed Paris Inn, business man's rendezvous in downtown Los Angeles, and features gags by the "man in the street." Program is transcribed from 12:30 to 1:00 p.m. and is released at the 2:45 p.m. spot.

Conductor Felix Mills, who directs music on the Tommy Riggs and Betty Lou NBC program each Friday, has added another chore to his weekly duties. He is doing a straight musical program for another network.

Irvin Atkins is now business manager for Art Baker interests, as well as general aide and research man for his radio material.

Van C. Newkirk, program director of the Don Lee Broadcasting System, currently in New York attending the Mutual Don Lee program directors meeting, is scheduled to return to Hollywood early next week.

Edward E. Keeler, former manager of Western Advertising Agency, has been named to the staff of account executives at KHJ-Don Lee by Sydney Gaynor, general sales manager of the Don Lee System.

With Amos and Andy gone from the air, identity of the announcer who assisted Spieler Del Sharbutt in the commercials was revealed. It was Dick Joy, good-looking Hollywood barker whose specialty is news reporting.

Los Angeles Board of Education officials have asked Maestro Billy Mills of the "Fibber McGee" program to produce a series of eight-millimeter movies, dealing with fundamentals of instrumental work, for showings in the city schools.

Leon Gutterman, KFVB publicity head and writer, back on the job after more than a month in bed after being struck by an automobile.

Bob Nye and Andy Sihaovich have been added to the transcription department at KHJ, with Bob Turnbull now working in the sound department.

Tolg Radio Director Of BBD&O Chi. Office

The appointment of Russell W. Tolg as radio director of the Chicago office of Batten, Barton, Durstine & Osborn has been announced by R. B. Barton, vice-president and Chicago manager. Tolg, formerly with the Blue Network and previously occupying various executive positions with WTMJ, Milwaukee, succeeds James Cominos, who is an officer in the Marine Corps. Cora Hawkinson has been advanced to become assistant to Tolg.

BILL BALDWIN, KGO special events man, has been assigned to assist and produce "This Nation at War," Blue Network program sending documentary reports of the nation's war effort, during its series of special broadcasts from the Pacific Coast in forthcoming weeks. Presented in cooperation with the National Association of Manufacturers, the show got off to a good start on the coast with a program devoted to the lumber industry. Special pickups were made from Enumclaw, North Bend, Washington, with assistance of the show originating in KGO studios, and at KJR, Seattle. After a pickup from Los Angeles, the wartime aviation industry, show returns to KGO for a broadcast on western agriculture's importance to the war effort. Sam Slate is the number one producer of the show which he writes, also.

Herb Polesie, radio and motion picture producer, joins CBS as a producer, effective today, according to Douglas Coulter, CBS Director of Broadcasts. Most recently Polesie has been radio director for the She Man & Marquette advertising agency both on the Coast and in New York. While with the agency he was the producer for the CBS "Al Jolson Monty Woolley" show for the agency. Prior to that he did production on the Bing Crosby program. He was executive producer and co-author of the original story of the motion picture "East Side of Heaven" with Bing Crosby and has worked on other Hollywood productions. In making the appointment, Coulter said Polesie would work mostly on CBS comedy programs.

**Bob Burns Promotion**

NBC has prepared a promotional folder for Lever Brother's Bob Burns' program for the use of 72 network outlets carrying the show.

It contains mats of newspaper advertisements in single and double column measures, glossy prints of the "Arkansas Traveler" and his corn-band, "Spike Jones' City Slickers"; news releases for the use of radio editors and columnists, and a series of station break courtesy announcements of various lengths.

The folder points out that the show, since its transfer to the NBC network, is enjoying the largest following it has enjoyed with a current audience index "64 per cent higher than the best rating the program received before moving to NBC."

The program was placed by Ruth-rauff & Ryan for Lifebuoy Soap.

**Heatter Buildup**

Fin Hollinger, manager of KDB, Santa Barbara, is utilizing a personal approach in an effort to publicize the fact that Gabriel Heatter will broadcast his commentary over the station.

The promotion might have proved expensive to Hollinger but to date it hasn't cost him anything.

When it first became known that Heatter was to air his comments over station facilities on a Mutual-Don Lee hookup Hollinger asked two hundred of his fellow clubmen and business friends to listen to Heatter for one week. If after they had listened to

**Miller Deplores Moves Which Switch State-Time**

Neville Miller, president of NAB on Friday of last week deplored the action of certain states in switching from EWT to CWT or back as the case may be. Georgia and Ohio have already transferred from EWT to CWT and Michigan is reported as next on the list. Said Miller: "The action of some states, in abolishing national Daylight Saving Time, constitutes a threat to America's civilian communications system, now vital in wartime.

"If this confusion grows, the people will find themselves more and more isolated from the Office of War Information, whose effective use of radio depends on a uniform national time schedule."

**"The Better Half" Set By Consolidated Razor**

Consolidated Razor Blade Company has taken over the sponsorship of "The Better Half," half-hour quiz production which has been airing as a sustainer on WOR, since March, 1942. A compact folder with alternating blue and white pages, the first page contains the title with a block cartoon sketch of "ARPSY," "the new boss of the crystal ball," pushing the prophet aside. On the inside pages, preceded by the explanation that to be top prophet today you must profit by your predictions, are descriptions of the various prophecies made by ARPS and the profits reaped from them. The back page includes a list of some of the names transcribed by ARPS.

**KDKA's "Marine Day"**

KDKA, Pittsburgh went all out in a promotional effort to make "Marine Day" held last week, a success. The station formulated practically all the plans for the day held in tribute to Major Ruth Cheney Streeter, head of the Marine Corps Women's Reserve, who was in Pittsburgh on tour.

Station personnel did the preliminary publicity and promotion, plotted a special party for women at the William Penn Hotel Ballroom, furnished a greater part of the entertainment and arranged with NBC to pickup a special broadcast of the mass induction of 38 women enlistees who joined the Corps Reserve last week.

**NETWORK SONG FAVORITES**

This weekly survey is based on the copyrighted Audience Coverage Index report of the Office of Research—Radio Division, covering the period of Feb. 18-24 inclusive. The Survey provides a scientific index of the relative extent to which these popular songs have been heard by a nation-wide sample of radio audiences.

The index is based on three kinds of research data: (1) the total number of performances heard and reported in New York by the Accurate Reporting Service for WEAF of NBC, WJZ of Blue, WABC of CBS and WOR of MBS, 8 a.m. to 1 a.m. daily, EWT; Middle-west performances heard and reported in Chicago by the Radio Check-up Service, 9 a.m. to 1 a.m. daily, CWT; West Coast performances heard and reported in Los Angeles by the Radio Checking Service, 9:30 a.m. to 1 a.m. daily, PWT, (2) additional station-uses for network programs and (3) the relative size of listening audiences as based on regular surveys of radio sets-in-use by C. E. Hooper, Inc. and Pulse of New York, Inc., as well as on other special surveys.

The higher a song's Audience Coverage for the week, the greater the extent of its radio coverage. Current radio favorites from the American repertoire of popular music are segregated and presented as "Favorite Standards of the Week."

## Don't Utilize Radio In Big Food Drive

(Continued from Page 1)  
 Agencies will devote a major part of their advertising and publicity to it.  
 Housewives will be urged to use vegetables, potatoes, fruits, cereals, bread, eggs and milk in place of rationed foods.  
 Newspapers, radio, motion pictures, signs and billboards will be utilized.

## Way Editor Describes Listening In Her Country

Washington Bureau, **RADIO DAILY**  
 Entertainment—Use of the radio for entertainment is far too dangerous in Norway—it could mean loss of the radio for all-important underground propaganda and morale work, according to Else Margret Roed, who fled here two months ago after escaping from her native land through Sweden.

Ms. Roed, who was editor of the Norwegian women's magazine "Gieste Baarden," told **RADIO DAILY** numerous anecdotes concerning devices used by her countrywomen to keep their radios and to conceal receiving the various news broadcasts, circulation of which is so important to the morale of all occupied areas.

"The radio is wonderful for us," she said. "Although it would be our pleasure—and was before our sets were confiscated last year—Norwegians supported their artists in their refusal to appear on programs which might in any way further the cause. We had no other pleasure when the Germans came, and while our radios they were wonderful for keeping up our spirits."

**Sets Called In, Then Re-Issued**  
 Norwegian sets were called in by the Nazis on September 1, 1941, then re-issued. Owners of sets were known to the Nazis had lists of those who paid the license charges. Miss Roed mentioned that hundreds of Norwegians smashed their sets to bits, threw away a bag or a box of fragments on the Nazi collection desk.

Her sets were reissued later in 1941, in August, as punishment for a wide demonstration on behalf of the Norwegian crown—the demonstration consisted of wearing flowers in buttonholes—all sets were called in about 450,000 radio receivers were shipped out of the country to Germany.

"There are heaps of people still listening to the radio," Miss Roed said. "She explained that 'the Norwegian people are a very honest people but some of them who had more than one radio never bothered to pay license fees on more than one, and some of the radio manufacturing companies and stores did not collect all their sets, and our people have those.' In addition, she said many of the sets were stolen from the Nazis, and often Nazi soldiers were bribed to procure sets for the Norwegians."

## Post-War Reconstruction Subject of CBC Series

(Continued from Page 1)

Come—Inquiry on the Post-War World."

The broadcasts which began yesterday, will be subsequently heard each Sunday from 5:03 to 5:30 p.m., EDT, on the CBC national network. In conjunction with the English broadcasts a corresponding series is being planned for the French network.

Morley Callaghan, Canadian author, who will appear on each broadcast said: "We plan to hold an inquiry into the feeling of Canada about the post-war world. We hope to give the ablest champions of particular points of view a chance for full expression. We want the Canadian public to hear all spokesmen and judge of them accordingly. But this is not to be a forum which is simply a sounding board for particular philosophies. The structure of the inquiry makes it possible for every protagonist for a favorite world dream to be sharply questioned, for I am to be a kind of 'agent provocateur' doing the questioning, who will try to act as counsel for the people."

In discussing what the structure of the program was to be, Callaghan said: "We are hoping for warm and lively discussion in which Canadians will have a chance to appear before a nation-wide audience as human beings, hoping and dreaming for a better kind of a world following the next peace. Right now we do not know what Canadians hope for but we hope to find out."

The first broadcast is to originate in Winnipeg and subsequent programs will be heard from different points across Canada.

Dr. Robert Newton, president of the University of Alberta who agreed to act as chairman of the national committee which is sponsoring this series presided over the first broadcast.

All national organizations in Canada which have an interest in reconstruction after the war are being invited to name a consultant for the CBC

## New Business On WQXR Mostly News Commentary

News and news commentary programs constituted the bulk of sales during the past week on WQXR. Sales, four in all, included two nights a week of comments by Lisa Sergio for Linguaphone, which firm bought, also, a five minute news spot three evenings a week; a ten-minute news and comment program, twice a week, for "Pour La Victoire," weekly organ of the Fighting French; "Tomorrow's Headlines," a ten-minute newscast thrice a week, for Cooper Stainless Steel Blades.

## Henry Kasner

Henry Kasner, 53, radio pioneer and associated with the Radio Corporation and its predecessor, the American Marconi Company, died in New York, Feb. 14, after a short illness.

Kasner, who played a prominent part in the early days of wireless communication, was born in London, and joined the American Marconi Company in 1912. Before the World War I, he helped construct a trans-oceanic radio station at Boundbrook, New Jersey.

He has been with RCA since its formation in 1920. At the outbreak of the present war he was assigned to the Field Procurement Division of the General Purchasing Department and was stationed in New York.

## KWON To MBS Web

KWON, Barlesville, Oklahoma, becomes a Mutual affiliate effective today. Station operates on 250 watts, 1400 kc.

## Stork Notes

James Anderson, of the WGN, Chicago, sales department is passing out cigars on the birth of his fourth child, a son, born on Feb. 15.

Among the organizations which have already taken this step are the Trades and Labor Congress of Canada and the Canadian Congress of Labor.

## NAB Wartime Meeting Instead Of Convention

(Continued from Page 1)

frivolous should be dispensed with, so that the golf enthusiasts and others who usually make convention part of their vacation jaunts would not be tempted to join and incur the wrath of the ODT. Program for the business sessions would be compact and practically continuous, so that the many problems which have befallen the stations can be taken up, and help administered where possible.

Other matters taken up by the board included approval of the 1943 budget which is running slightly less than last year's. Contributing to that is the purchase of the NAB headquarters in Washington, D. C. which cut overhead considerably.

During the handling of requests for redistricting, Board approved moving Maryland into the Philadelphia district, leaving Washington, D. C., as is, and turning down requests from Arkansas and Texas.

## Helen Bratrud Named CBS's Fashion Editor

Helen Bratrud has been appointed CBS Fashion Editor, effective today, George Crandall, CBS Director of Publicity, has announced.

Having joined the Columbia Broadcasting System late in 1934, Miss Bratrud was formerly a staff writer in the network's publicity department. Recently she has been a member of the magazine division.

As Fashion Editor, Miss Bratrud replaces Rosellen Callahan who has resigned from the network to become Woman's Page Editor for NEA.

## New SESAC Personnel

Several changes have been made in the personnel set-up of SESAC due to resignations and army inductions. Kurt A. Jadassohn, vice-president of SESAC, and an associate of the organization since its founding, has taken a leave of absence to serve with the U. S. Army.

The organization also loses the services of Gus Hagenah who has tendered his resignation as a traveling representative to establish a permanent home in Peekskill, N. Y.

Hagenah will be succeeded by Graham Harris, known in radio circles as the conductor of several prominent NBC shows.

## NCAC Signs Dunninger

Joseph Dunninger, mental "wizard," who makes a specialty of exposing frauds of his profession, has been signed to an exclusive contract by National Concert Artists Corp. for radio, stage and personal appearances.

## Wedding Bells

Rose Pescik, personal secretary to General Manager Franklin M. Doolittle of WDRC, Hartford, is engaged to Custon Abratis, of Manchester, Conn. No date has been set for the wedding.

# Coast-to-Coast

WITH radio occupying a more increasingly important position during the wartime crisis, institutions of higher learning are going directly to radio station technicians to teach radio to the coming generation and those about to enter the armed service. The most recent technician to turn pedagogue is Erne Adams, chief engineer at WHIO, Dayton, who is teaching radio classes twice a week at the University of Dayton.

Fulton Lewis, Jr. will originate his nationwide Mutual commentary on the evening of March 12 from the studios of KSAL, Salina, Kansas. Mrs. Grace Adamson replaces Frances Jensen, receptionist, who left to accept a position as continuity writer at KGMC, Amarillo, Texas. Grover Cobb has left the station for the second time. Each departure was caused by his preliminary and secondary training in the U. S. Naval Air Force.

Usually housewives are at home at 12:15 p.m. but in Washington, as with most everything else, things are a little different. In Washington the greater percentage of housewives work and to meet this abnormal condition Sylvia Milrod, who daily conducts the "Victory Starts at Home" program over WINX, Washington, at that time, records the original broadcast and plays it back to the working wives later that night.

WTBO, Cumberland, Md., recently cooperated with the Eastern Military Command in airing the new air raid alert signals for the Eastern Military area. V. P. Ingram, a local civilian defense official aired announcements over the station explaining the meaning of each signal and what procedure should be followed by the public as each signal was given.

Otis Morse, manager of WSBA, York, Pa., and program director Max Robinson recently broadcast an actual, and audible account of a blood donation at the Red Cross. With each squeamish about watching the other part with a pint of blood they tossed a coin to see who'd do the parting. Robinson lost. But Morse, a little jittery when he saw the needle jabbed into his colleague's arm, went on with the broadcast.

Remarks made by Joseph C. Grew, former ambassador to Japan were picked up and rebroadcast exclusively over WWL, New Orleans when he spoke about Japan's War Machine under the auspices of the OCD and the OWI.

Jeanne Shepard, who is not long out of high school, is now the new staff violinist at KOIN, Portland, Oregon. Considered one of the most promising young artists in Portland musical circles, she was engaged for the position by Joseph Sampietro, musical director.

Major Edward A. Davies, vice-president of WIP, Philadelphia, has been appointed chairman of the Radio Division of the Red Cross campaign which opens March 1. In keeping with its past performance in presenting name bands to its listeners, the station continues its policy by offering Erskine Hawkins and his orchestra.

The flow of mail at WHEB, Portsmouth, has been so heavy of late that the station had to purchase a postage meter. Ever since the station has been assigned as an official announcing center for Portsmouth and other surrounding cities youngsters in the Central New England area are waiting with crossed fingers for the "no school signal" to be sounded.

Arch Shawd, manager of WTOL, Toledo, has announced the appointment of Forrest Owen, Jr. as production manager for the station. Owen is an eight-year radio veteran of stations in Michigan. He was formerly announcer and night supervisor at WXYZ, Detroit.

The many twists and turns that the Manpower situation is taking is reflected in the many changes made in station personnel. The latest changes at WTRY, Troy, are the additions of Bill Saunders and Jim Higgins to the announcing staff. Higgins comes from WWNY and Saunders from Brown University where he did some announcing on the college station.

The Globe store, outstanding department store in Watertown, N. Y., recently bought forty spot announcements over WWNY, to promote their annual dollar day sale. James Billingsley station transmitter engineer has resigned his position to wait for the inevitable call from Uncle Sam.

The Southernaires and "Texas Jim" Robertson, regular Blue Network and recording artists, will appear on the final rally of the \$50,000,000 War Bond campaign of the American Hellenic Association at Manhattan Center, Feb. 28. The program will be broadcast over WINS, N. Y.

Larry Adler, harmonica virtuoso, recently appeared on the "Ben Feld Show" that is sponsored by Alpen Brau Beer, on KMOX, St. Louis. Adler held the guest spot on the show for a two-week period. The show features regularly the Harmonettes.

Tom Dolan, formerly of WMAL, Washington, and Ruthrauff & Ryan, Inc., and now a private in the Army, is merchandising a new script service called "Sport Stars in Service." Station subscribers are receiving a 26-week service of two-minute sketches of stars now in the service.

Vincent Lopez is due for a personal appearance at WTAG, Worcester, in connection with the special series of interviews in behalf of the War Bond campaign arranged by David H. Harris, program-production manager. George Givot, was a recent guest on the station's "Stars in the Spotlight."

WWJ, Detroit, has just added two announcers and lost one Friday. The new additions are William Thomas Lazar lately with WIBA, Madison, and Harry Arthur Wood of Chicago. John Alvin Hoffstadt, former free-lance actor in Chicago, is the loss. He goes to Hollywood under a Warner Brothers contract.

### Newspaper Ownership "Not Pressing"—Fly

Washington Bureau, RADIO DAILY  
Washington—The FCC report on newspaper ownership of radio broadcasting stations has become more of an academic matter by now, says man James Lawrence Fly yesterday. The report, which is to grow out of the protracted inquiry recessed about two years ago, has not been completed, and there is no likelihood that it will be completed before the end of the war—if it is. It simply "is not pressing at this time," said Fly.

London—It's no wonder that BBC radio commentators just sluffed off the names of the Russian towns and generalized the Russian communists. Anything else would have been mayhem. The communists recently reported the "capture of the towns of Krasnopolye, Nizhnyayrovavka, Verkhnyayrovavka and Boromiya in the region of Slav." Non wonder they sluff.

### Via Closed Circuit

Hollywood—An idea that grew out of an NBC War Clinic culminates in the first of a series of weekly announcers' auditions that will be heard over a closed circuit to all NBC stations west of Denver from Hollywood Radio City. Tonight at 9:45-10 p.m. (PWT). Buddy Twist, chief NBC announcer suggested that applicants be put on for auditions so station managers can choose the best.

### 'Language' Listeners Proportionately Men

Proportion of men listeners in the daytime audience to foreign language programs is larger than it is in the audience to English programs, according to a three-month personal coincidental survey conducted by the Pulse of New York Inc. for the months of November, December and January. nician, has been named transmission technician for WABC, Columbia's New York City outlet. He replaces Lester Hatfield who resigns from the network to become a Lieutenant, Junior Grade, in the United States Naval Reserve. Hatfield has been with the network since 1933.

Nelson Smith, assistant supervisor of CBS studio technicians since September 1933 has been appointed supervisor of studio technicians, Cohan announced. The former supervisor, J. Dunham Gilbert, has been commissioned a Lieutenant, Junior Grade, in the Naval Reserves and has reported to the Bureau of Ships in Washington, D. C.

The third member of the CBS engineering staff to leave the network this week for the armed forces is Robert Bendick. Having joined Columbia in 1941, Bendick is a former studio assistant in television and most recently a studio technician for WABC. He joins the armed forces as a Lieutenant in the Army Air Corps.

In addition, Cohan announced the addition of three new members to the department—Robert E. Lee, Bertram Littlefield, and Norman E. Johnson. Both Lee and Littlefield join the network and the engineering department as members of the maintenance technicians staff. Lee is a former assistant in the Federal Telephone & Radio Corp. laboratories while Littlefield was formerly employed by the YMCA in New York City. Prior to coming to Columbia Johnson was with RCA Communications in Rocky Point, New York on operation and maintenance of transmitters. At CBS he has been assigned to the shortwave transmitter staff stationed at Brentwood, Long Island.

terday. The radio communication equipment needed consists of transmitters, ranging in power from 25 watts to 450 watts and covering various bands in the shortwave range, as well as the corresponding types of receivers and such radio components as capacitors, resistors, and installation material. Especially desired are audio-frequency and radio-frequency signal generators and oscilloscopes, precision AC and DC voltmeters, ammeters and milliammeters, and other equipment for testing.

Used equipment will be purchased if it is in perfect operating condition or if it can readily be restored to such condition. The price paid for each item will be set by a Signal Corps inspector.

Persons in possession of the desired equipment who wish to sell it for the use of the Army are invited to send a brief description, including name of manufacturer and model type, to Captain James C. Short at the Philadelphia Signal Corps Procurement District, 5000 Wissahickon Avenue, Philadelphia, Pa.

The complete list of the desired equipment follows:

Transmitters—Hallicrafter and Collins; Receivers—Hallicrafter, National, RME, Hammarlund and Howard; Meters—Weston; Capacitors—Mica and Paper and Oscilloscopes—Audio Signal Generators and RF Signal Generators.

lies just ahead," according to Charles B. Brown, NBC director of advertising, promotion and research, in an address before the Advertising Club here. The luncheon had a capacity audience, including KPO staff members and Roy C. Witmer, vice-president in charge of sales, New York; Frank A. Berend, sales manager of NBC's western division, and KPO manager John W. Elwood.

Brown cited the miraculous technical contributions which the radio industry has ready to spring as soon as peace is signed, such as the RCA super-powerful microscope, but warned that advertisers must be ready with concrete plans of operation for every department of the peacetime world. He urged complete planning for the post-war period. The occasion was in the nature of a homecoming for Brown, who in 1938 was NBC sales promotion chief here.

FIRST IN ST. LOUIS NBC SURVEY 1942

Now, pause to consider these facts. NBC's survey, "A Tale of 412 Cities", established these two conclusive firsts for KSD:

**First in St. Louis!** KSD was named by 70% of those who replied as the favorite night-time station.

**First Nationally!** No other radio station in any of the major markets (cities over 600,000) equalled this percentage dominance of the night-time listening audience. Percentages for the leading station in each of the twelve largest cities are detailed to the left and below.

These two definitely established firsts rate KSD one of America's first radio buys for top night-time percentage of coverage of its city at lowest cost.

A Reporter's Report Card! ! !

JACK BENNY: Your eastern tour has been completely successful and you and your radio troupe return to Hollywood March 14... S. J. MICHELSON: That little card you received is just a reminder that after March 8, you'll be singing, "I Just Got An Army Hair-cut"... SAMMY LERNER: Sandy June, your old friend of Mineola days, became an entry in the Canine "Last Round Up" sweepstakes... ED GARDNER: Rumor-mongers around Kilocycle Korner have it that you may run for "Mayor of Radio City," claiming that you talk more like a mayor than the incumbent, Lemuel Q. Stoopnagle.

BING CROSBY: Soldiers in the San Francisco area say that you've made several unpublishized visits to their camps—Bravo... LEN DOYLE: Are you auditioning singers and actors for a new show?... EARL GODWIN: Do you realize that this month you celebrate your 45th anniversary as a reporter? (How Tempus does fugit)... JAMES R. WATERS: Accept our apology—what we meant to say was that "Jake" of the "Goldbergs" and "Morris" of the "O'Neils" would make a swell "Potash & Perlmutter" team... DAMON RUNYON: Johnny Gibson is the new "Joe" on your "Joe & Ethel Turp" CBS show which is now heard 5 times weekly. Patsy Campbell continues as Joe's spouse... DICK STARK: You will do the announcing on the "Abie's Irish Rose" NBC character series on and after March 13... RALPH EDWARDS: Your "Truth Or Consequences" show goes on a Bond-selling tour for the Treasury Department, starting March 13 at Providence, R. I.

GIOVANNI MARTINELLI: You will guestar on Milton Berle's CBS-Campbell's Soup-er duper, March 10... HARRY JAMES: After four consecutive full moons on the coast, you come east with the band and will "Clarinate" the cash customers at the Paramount Theater in mid-April... FRED VOSBERG: Are you readying a "Special Treasury Hour" that will be tied up on a simultaneous broadcast by ten New York independent stations?... BILL PENNELL: Understand that when that NBC show is Westing-housed at the Sunset & Vine studios, you'll also be there to continue its announcements... MARY MARGARET McBRIDE, HELEN HAYES, KATHARINE CORNELL, CORNELIA OTIS SKINNER, ANNE HUMMERT, JANE CRUSINBERRY and GLADYS SWARTHOUT: Isabella Taves, associate editor of Look Magazine, "has you covered" in her book, "Successful Women" just published by Dutton... MARK WARNOW: When you entered that 57th street temple of music for your Friday night broadcast, brief case in hand, a wit remarked, "There go the best tunes of all into Carnegie Hall"... JANE COWL: You will be starred this Friday, 9 p.m. in Charlie Martin's radio adaptation of "Proof Through the Night," marking the first time in two years that the WABC Playhouse has deviated from its policy of presenting anything but adaptations of screen plays... NADINE CONNOR: You will do "Sophie" in the Opera "Rosenkavalier" next Saturday at the Met.

MORTON GOULD: Fritz Reiner and the Pittsburgh Symphony Orchestra will world-premiere you youngest brain-child "Symphony No. 1" Friday... ALLEN A. FUNT: These three stations, WROL, WCSC and KBUR have added your "Funny Money Man" to their logs... FRAZIER HUNT: Today's broadcast over CBS, marks your first year as a newscaster... BEATRICE KAY: G. Robert Vincent, head of the National Vocabarium, whose recordings of famous voices are filed in the library at Yale, has selected yours as the most authentic Gay 90's voice and has recorded it for posterity.

FCC Ruling Tomorrow On NBC-KOA Petition

Washington Bureau, RADIO DAILY Washington—The FCC tomorrow will decide on a petition for a definite continuance of the hearing not yet assigned any date, in NBC intervention, on behalf of KOA Denver, in the matter of application by WJW, Akron, Ohio, for use of the 850 kc. band. This band formerly was a clear channel for KOA.

Continuance is sought by NBC pending the Supreme Court decision on the legality of the Commission granting use of the 850 kc. band to WHDH, Boston, two years ago. NBC was at first denied the right to intervene in the WJW case, but the Commission recently reversed itself.

**War-Plant Tieup**

Twelve major war plants in Rockford, Illinois, are participating in the sponsorship of a worker-morale program titled "Soldiers of Industry" over WROK, Rockford.

As a tribute to leading employees, the 30-minute program goes on the air every Sunday at 2 p.m. (CWT) with repeat broadcasts on the following Monday at 9:15 p.m. and Tuesday at 6:15 a.m. The three presentations of each program are deemed necessary to assure an audience of workers on various shifts.

Developed by John J. Dixon, commercial manager, the program combines news and drama. The first quarter-hour is devoted to flash news of personnel activities in each of the plants. There are reviews of bowling and other sports activities shared by employes as well as "personal" items about individual workers. The news portion also includes letters from former employes now in service. Factory personnel managers supply the news from each plant.

The last fifteen-minute portion of each program is in the nature of a dramatic tribute to the workers of one of the participating factories. The story traces the use of the plant's principal product from the time it is shipped from Rockford until it is doing its duty on land, on the sea or

"Your Air Force" is the name of a new series of broadcasts to be heard over WLW, Cincinnati. The purpose of the new series is to acquaint listeners with eye-witness accounts of our air force as it fights on the world battle fronts.

Through arrangements made by James Cassidy, station special events director, the broadcasts will bring to the mike those air men who have seen action on the battle fronts and who are now on leave in the U. S.

The first broadcast will originate at Wright Field, Dayton and will bring to the airwaves R. J. Watson, 26-year-old combat pilot, just back from action against Rommel in Tunisia.

**"Calling All Women"**

"Calling All Women," a new half-hour program for women, was introduced to Northwest listeners last week by WCCO, Minneapolis.

The program includes "Views and Interviews" by Darragh Aldrich, Minnesota author; information on menu planning in spite of rationing and other suggestions for women struggling with war restrictions in their homes by Jeanette Campbell, home economics expert; and music by "Two Boys and Two Girls" and "Twenty Flying Fingers."

This expanded service to women supersedes the old program, "Yours Truly, Darragh Aldrich," which was heard at 2:15 p.m., CWT, Monday through Friday.

recent applications from newspapers have been dismissed without prejudice along with other construction applications. No new newspaper-owned stations have been licensed since the inquiry was recessed, but several stations have been transferred from one newspaper to another.

The Commission apparently decided to abandon its efforts at curtailment when President Roosevelt indicated that he felt whatever policy might come out of the inquiry would apply only to future applications, rather than to the status of existing stations owned by newspapers.

### Kermit-Raymond Signs Enric Madriguera Band

Ray Green, general manager of Kermit-Raymond Radio Productions, yesterday announced that the firm had been appointed exclusive managers for Enric Madriguera and his newly augmented orchestra. The appointment is to apply to radio only.

Madriguera is using a completely new orchestra of about forty men, which is to be used for a new packaged radio show now in preparation by Kermit-Raymond.

The firm will also handle Patricia Gilmore (Mrs. Enric Madriguera) for radio. In addition to being featured with Madriguera, she will be starred in a packaged show of her own.

### National Sewing Contest In 'Martha Deane' Tieup

National Sewing Contest, which heretofore had been conducted exclusively through publications, has arranged a radio tie-up this year with WOR's "Martha Deane" for the metropolitan area. This marks the first time contest is conducted in any part of the country by radio.

Contest began yesterday, and will run through April 15, with the blessings of the OPA and the National Conservation Program. Prizes within Martha Deane's area will amount to \$500 in war bonds. Winners in this sectional phase, will compete in the national finals in May for additional war bond prizes awarded in six groups covering designing, remodeling, etc.

## PROGRAM REVIEWS

### Fred Allen—"Take It or Leave It"

Probably radio's first "double feature" this combination studio audience for both shows gave the folks a run for their money, as well as those listening at home. Texaco and Allen both appear to be a couple of good eggs who figure there isn't much gas and oil to sell so why not spread the good cheer around and the usual thing is to mention five or six other commercials on competing networks. Sunday 9:30-10:30 p.m. the Allen troupe tied up with the show following it on CBS network to wit "Take It Or Leave It," piloted by Phil Baker. Originally it was planned to do this last December or so, but Baker's appendix got in the way.

Baker and his crew moved in early, seeking to make up for the half-minute inroads into "Take It Or Leave It" time, appearing about eight minutes before Allen's half-hour was up. Allen hopped in toward the close of Baker's show, but Eversharp made sure to clinch things with a strong commercial—just for itself.

Funniest thing that developed to this listener was visualizing David Ross Eversharp's five-foot nothing announcer-poet lighting into Texaco's Jimmy Wallington something over six foot tall. This could be built up (photos etcetera) into a Madison Square Garden battle. Anyway, there were plenty of laughs and all hands had a good time. It's one of those things however, where repetition too soon will kill the gag until there's another buildup—and there's

see what the possibility is of obtaining more zinc for radio batteries.

A spokesman for consumers durable goods told RADIO DAILY last week that he could not foresee production of batteries to permit use of more than one set per year for each user. He admitted yesterday, however, that although he knew of no change in the zinc situation, his office is prepared to go "higher up" with the matter if it is unable to get satisfaction today.

"We're certainly going to see what we can do," he said. Referring to the radio section, he added, "We had a definite misconception of the extent of their interest in civilian batteries." He admitted also that there has been considerable pressure from numerous Congressmen to step up battery production, these demands coming particularly from the farming areas, where radio has become an integral part of the inhabitants' lives.

Farm radio batteries, he said, require more zinc than all the other types—telegraph and telephone; railway, industrial and flashlight.

### "Day of Reckoning"

First of series of broadcasts by NBC in cooperation with the Council for Democracy was heard Saturday 7-7:30 p.m., EWT. Apparently when Raymond Massey was brought down from Canada to do Abe Lincoln as the prosecutor and Monty Woolley as attorney for the defendant (Adolf Hitler) plus a script by Moss Hart it seemed that everything was sure fire. However the "People vs. Adolph Hitler" played more like a take-off on what might have been, with so powerful a subject.

Massey was in good voice and in his best Lincolnish style built up his case against Hitler. Woolley as the spoofing representative of Hitler laughed everything off, which might be expected if the trial was being heard in Germany. Yet the listener was led to believe that sometime before the half-hour was up there would be a strong rebuttal by Massey which would once and for all show Hitler and his "attorney" that they didn't have a leg to stand on. The close as it happens, merely left a righteous prosecutor and a smug lawyer for the defendant. Woolley had a good time no doubt and some of his followers probably loved it. Future stanzas of this series, let us hope, will chuck the fantastic note at the climax for something more real. Maybe we just didn't catch on even if most of it might be chalked up to easy listening.

no reason why it shouldn't work. All depends on how the respective sponsors feel about it.

P.S. "The Lone Ranger" didn't fair so poorly either.

### Release Muscovite Mica For Shipment To States

Montreal — The Department of Munitions and Supply announced that strategic quality Muscovite Mica, used largely in radio precision instruments, and other forms of electrical devices, may now be sold to either the United States or Canadian Governments. Premium prices for Muscovite Mica are higher than U. S. ceiling prices and any supply shipped to the U. S. will come from Canadian properties.

### McBride Adds 2 Sponsors

Two more participating sponsors have been added to Mary Margaret McBride's program, heard Mondays through Fridays on WEAJ at 1 p.m., EWT. The new sponsors are Allen V. Smith, Inc., for Puritan Brand Split Peas, which started today. S. R. Leon, Inc., 1775 Broadway, is the agency.

Spool Cotton Company, for Spool Thread Booklet, will start participation on Monday, March 8. Kenyon & Eckhardt, Inc., is the agency.

Both of these new contracts are for one year.

# Radio Standard Equipment In Education, Says Farley

The old copybooks are gone and the radio receiver is now a standard piece of classroom equipment, according to Dr. Belmont Farley, co-ordinator of radio activities for the National Education Association. Dr. Farley was addressing 400 teachers and students gathered Sunday, Feb. 28, in NBC's Radio City studios at dedicatory ceremonies for the first courses based on radio programs, to be accepted by New York City's Board of Superintendents for teacher in-service training. The programs on which the courses are based are NBC's "Lands of the Free" and "Music of the New World."

With from 50,000 to 100,000 teachers now out of class rooms because of the war emergency, the need of in-service courses has become intensified for those teachers replacing the absentees, Dr. Farley added.

The importance of a keener insight into the history, geography, culture and institutions of our American neighbors was cited by Dr. Jacob Greenberg, associate superintendent of the city's schools.

## "Pioneers in New Field"

Asserting that both he and Dr. John E. Wade, superintendent of New York schools, were hopeful that the courses would result in "a wider use of radio as a medium of teaching and learning," Dr. Greenberg hailed the teachers enrolling in the course as "pioneers in a new field for teacher training."

Dr. Farley paid tribute to Sterling Fisher, director of NBC's Inter-American University of the Air, "whose years of service in this field have been an outstanding contribution."

"Fisher's long experience in radio and the notable experience in education of Dr. James Rowland Angell, president emeritus of Yale University and NBC Public Service Counselor," Dr. Farley told the assembled guests, "are being drawn upon to make the Inter-American University of the Air the outstanding adult-level educational program in the world."

Besides being the first approved courses based on radio programs, NBC's in-service courses are the first which can be attended in part at the teacher's homes.

There are also guest stars on the program.

# Swope's Report Outlines G. E. Business For 1942

Preliminary results of General Electric Company's operations for the year 1942 have been announced by President Gerard Swope.

Orders received amounted to \$2,003,000,000 or 77 per cent more than the previous record of \$1,132,800,000 received during 1941. Shipments during 1942 amounted to \$1,047,000,000, or 54 per cent more than in 1941, the previous record year, and more than three times the average for the five years ended with 1940. This amount, which was on the basis of original contract prices, was reduced by \$69,360,000 to provide for voluntary price adjustments, applicable to the year 1942, on war contracts.

## Two Dividends Listed

The net income available for dividends was \$45,082,000, or \$1.56 a share of common stock for 1942, compared with \$57,197,000, or \$1.98 a share for 1941, a decrease of 21 per cent. Cash dividends declared and paid in 1942 totaled \$1.40 a share, the same amount as was paid in 1941.

The gross amount of all taxes payable for 1942 was \$223,697,000 compared with \$144,978,000 for 1941, an increase of 54 per cent. Federal income and excess profits taxes payable for the year 1942 amounted to \$193,000,000, compared with \$120,000,000 for 1941. The estimated post-war refund of excess profits tax for 1942 was \$17,000,000 and that amount was credited to income and carried as a non-current asset on the company's balance sheet.

And therein lies the secret of his most recent appearance.

## Vogel Wins Decision On Old Song Copyright

Federal Judge John C. Knox, yesterday dismissed the copyright infringement action brought by Ed B. Marks Music Corp. against Vogel Music Co., Inc., for an alleged infringement of the song "I Wonder Who's Kissing Her Now?"

The Marks Music Corp. claimed Joseph E. Howard wrote the song in 1909 and renewed his copyright in 1936.

The defense agrees that Howard wrote the music but claims that M. Hough and Frank R. Adams wrote the lyrics and thus constitute collaboration.

Howard assigned his rights to Marks Music Corp. and Hough and Adams assigned theirs to Jerry Vogel. Both music houses published the song in 1936.

Judge Knox in his opinion awarding the suit to the Jerry Vogel Music Company, Inc., said, "Hough and Adams have collaborated on the composition 'I Wonder Who's Kissing Her Now?' and when renewal copyright was issued it did not remain in the hands of Howard or assignees to exclude Hough and Adams from their rights."

The WNEW deal, covering Martin Block's "Make Believe Ballroom" and involving close to \$70,000 annually, went into effect as of Feb. 24. Advantages of such a deal, agency exec explained, were at least two-fold.

Everyone is spared the work and fuss of having to draw up new contracts. The broadcaster is assured of greater continuity in income and doesn't have to worry about selling the deal to the sponsor periodically.

Psychological factor of not having to remind boards of directors, treasurers, etc., who might have to okay advertising budgets, of the outlay is in favor of the medium.

February 5, 1943

Mr. Walter Rundle  
Promotion Manager  
United Press Association  
News Building  
New York, New York

Dear Mr. Rundle:

A 94% INCREASE in sponsored United Press Shows!

That's the record established by our sales department during the first month of the new year. When 1943 rolled around the WFOY weekly schedule showed 33 sponsored news and newsfeatures. Before the month ended the weekly schedule had 31 additional sponsored news programs. A total of 64 such shows. A 94% increase in less than 31 days!

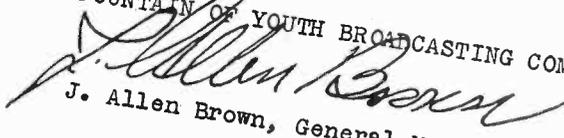

When such splendid features as those released by United Press are offered to a client with enthusiasm a signed contract will most assuredly be the results.

We rely on United Press as a revenue-getter inspite of the fact that a major portion of our news originates on a sustaining and commercial basis with the Columbia Broadcasting System.

With every good wish, I am,

Cordially yours,

**A**T THE BEGINNING of every new day, Monday through Saturday, Everett Mitchell, famous farm commentator, greets his many friends in the cities, towns, rural communities and on the farms in the great Chicago Market, with rollicking songs, smiles and a bit of cheer in the form of helpful information and suggestions.

He is the Handy Man of the Air—the genial, helpful neighbor whose hearty salutation is welcome in the homes of the early risers all over the vast WMAQ listening area. Radio listeners invite him into their homes because he is such good company — because he is sincere—because he renders real

assistance to his friends—both men and women.

Everett brings to the men farm news from the various farm organizations, U. S. Department of Agriculture and breed organizations, and Home Economist Lois Schenck, a real farm girl, brings to the women practical help in the preparation of nourishing, inexpensive meals so necessary in these days of conservation and rationing.

This is a program for town and farm people. So, if you have a message for them, whether it be to increase your sales or conserve your output, let Everett Mitchell give it to his millions of friends during his attractive early-morning program.

Quaker Oats' first renewal of "That Brewster Boy," effective Friday and scheduling the full CBS network, continues the show in the Friday 9:30 to 10 p.m., EWT niche. The program was first heard over Columbia on 66 outlets. The agency handling the account is Ruthrauff & Ryan, Inc.

#### Discount Plans Shows Gain

Revised survey of CBS' 15 per cent Discount Plan also reveals that it has added 413 hours and 40 minutes weekly to the network's commercial schedule. Eighty-six individual stations have benefited by this plan with one or more programs. Five stations have added 11 hours and 55 minutes or more weekly; 28 stations have received 7 hours or more weekly; 37 have added 5 hours or more weekly and 68 outlets have received 5 or more new program periods weekly.

The addition of "That Brewster Boy" and Milton Berle brings to 39 the number of individual commercial program periods weekly heard over the full U. S. CBS network.

Twenty-three CBS programs have increased their stations to the full network: two Lever Brothers' shows, Lionel Barrymore's "Mayor of The Town," and "Burns and Allen"; R. J. Reynolds' "Thanks to The Yanks";

### File White-Wheeler Bill To Alter FCC Procedure

Washington Bureau, RADIO DAILY

Washington—Reorganization of the FCC, changes in its operations and extension of the rules regulating political broadcast are provided in a bill introduced into the Senate yesterday by Wallace H. White, Jr., Maine Republican, and Burton K. Wheeler, Democrat, of Montana.

The bill, according to Senator White, is not to be construed as a general revision of the 1934 Communications Act but its does propose amendments to a number of important sections of the act. It provides, as does the Holmes Bill now before the House, for division of the FCC into two parts, one to handle broadcast matters and the other to have authority over common carriers.

This division was called for by the ill-fated Sanders Bill during the last session of Congress and also was sought in an action White tried to have approved during the 76th Congress. This division was provided for in the original Senate version of the 1934 Communications Act but was eliminated in conference between representatives of the House and the Senate.

#### Political Addresses Treated

Senator White said in a 15-page explanation of the 25-page bill that it will provide a firmer basis for the review of Commission actions. If the new bill is adopted there will be nothing to prevent district courts from overruling the FCC.

The new bill also goes into the matter of political addresses which has been uppermost in the minds of former members in Congress throughout the present session. The present ruling requiring broadcasters to grant equal time to candidates for public office would be extended, Senator White said, to cover all sorts of subjects. Thus if a radio station carries an address on any public issue it is then obliged to grant equal time to a speaker who will present opposing views on the same subject.

This approach is carried further in a provision to require "identification" of all speakers on such subjects. Senator White explained that just as the present law requires naming of

sponsors for commercial programs anyone who wishes to speak on "issues of the day" must make known the organizations which he represents.

Another provision concerns script clearance by radio stations. It will make it common practice for anyone who is to speak on the air to submit to the station a full script before broadcast. Broadcasters, however, would not be allowed to make deletions from these scripts except to eliminate possibility of libel or to conform with censorship regulations.

# Woods Lauds Sponsors For Aiding War Effort

(Continued from Page 1)

Through the sponsorship of broadcasts during the war effort messages, are being sent in a manner never before attempted. Results of this survey, while impressive, present only a part of the picture," Woods said. "The Blue is one of the four major networks, in addition there are hundreds of all stations not affiliated with the network. All of these networks, all of these stations, are doing a really timely and important job." "It is only fair to point out," Woods added, "that under the American system of broadcasting in which there is no license fee on receiving sets and no tax on listening, that it is through the medium of advertising, which makes this contribution possible."

**Two Sections In Survey**  
American radio has been given credit and great credit for the part it has played and is playing in the prosecution of the war. "It is only too easy to forget men and women, and the organizations they represent, who are the men behind the man at the gun."

The survey was broken down into classifications, and considered time devoted to programs and time devoted solely with the war effort. The broad general phases of entertainment and morale building were not considered in making it. Total broadcast time, 123 hours and 13 minutes of sustaining time in which expenses were met by the network—were devoted to programs: 39 hours and 1 minute commercially sponsored time for messages and programs. "Did the survey take into account other than network time. Time devoted by the one hundred and forty stations affiliated with the Blue Network, or by local sponsors over which no report was not included."

**WJZ Cited As Example**  
WJZ, the Blue Network station in New York, as a typical example, however, some idea of the amount of time devoted to war effort can be obtained. During the period WJZ, in both sustaining and sponsored time exclusive of commercial time, devoted 18 hours and 13 minutes to war effort programs. Woods emphasized two points: "The first, the fine talent, providing entertainment, relaxation and information through the medium of broadcasting is arranged for and paid for by American firms which, because of the war, have converted to war production, have no products to sell. In addition, it is revenue derived from this commercially sponsored time (on the Blue Network it is approximately 22 per cent of total broadcast time) that makes possible the production of war effort programs on a regular basis."

## ★ PROMOTION ★

### WISN Brochure

"If Columbus Operated a Radio Station in 1492..." is the title given to the latest promotional brochure sent out by WISN, Milwaukee, and devoted to an account of the part radio is playing to promote the War Effort.

The promotion is designed as a small booklet that is presented plainly but factually.

The cover of the brochure contains a picture of Columbus seated before a radio sending set and a microphone bearing the call letters COL. To the left of Columbus is an antennae sending out a message.

The anachronistic tie-up with Columbus is that if he broadcast "a one-minute announcement promoting America every ten minutes without interruption, twenty-four hours a day right down to the present time... he still could not have done what American radio stations have already accomplished" since December 7, 1941.

The first page carrying the above message is embellished by a series of drawings that act as a redundant explanation. (Redundant not used in a deprecating way). For example: In using the term broadcast a drawing of a microphone in interspersed between the word broadcast and the next word. It follows that pattern for the remainder of the article.

The rest of the booklet is a resume of the facts and figures of the time that has been donated by the radio

### Info. For Retailers

Information announcing the fact that WAPI, Birmingham, Ala., had shifted its dialing position from 1170 to 1070 was publicized in a brochure the station sent to all grocers and druggists in the WAPI coverage area.

The brochure is made up of the plain open-spread type that uses little color. What color there is consists of a wide blue border on the top of the frontispiece of the brochure and a simple blue band on the bottom. The blue band is carried through both top and bottom on the remaining three sections of the folder.

The frontispiece emphasizes the moving and the ultimate benefits by the simple expedient of showing a horse moving the station's call letters to their new position. It is captioned "The Voice of Alabama has moved."

Three paragraphs, headed by "WAPI," informative of what the station has done in five years, for whom it has accomplished things, and what the new clearer spot on the dial will mean as far as National accounts are concerned takes up the second section. The third and fourth half of the brochure contains a listing of food and drug products currently being advertised over WAPI.

industry as a whole to the War Effort. And a final paragraph expresses the feeling of pride in what the industry has accomplished.

### Biscuit Firm Renews Over 7 NCBS Stations

North Central Broadcasting System announced this week that the Manchester Biscuit Company have renewed their contract for an additional 26-weeks on seven NCBS stations calling for a schedule of five quarter-hours weekly. It is the third renewal.

The account is handled by George H. Hartman Co. of Chicago.

pointed out, "are the result of thinking, programming and expenditures by commercial clients. The network and the station is the medium through which these morale builders are presented to a war working public. Never before, in any war, has private industry been given such an opportunity to do its share in a nation at war.

"No broadcaster and no group of broadcasters, on their own initiative could afford to take over this highly important phase of war activity. When programs such as 'The Victory Parade of Spotlight Bands' travels hundreds of thousands of miles to entertain soldiers, sailors, marines or war workers in the war plants, it is the result of planning and expenditures by private business. American broadcasting can be proud of the fact that it can cooperate in this great campaign carried on at its own expense and on its own initiative by American business."

### Blue Web Reorganizes Script Routing Division

Marcella Garvin has been placed in charge of script routing on the Blue Network in a reorganization of this division of the continuity acceptance department. Louise Lentz, as her assistant, replaces Helen Mazurek, who has been transferred to the sales department, and Jean Logan replaces Jean Wilkinson, who has been transferred to sales service.

The reorganization, effected by Dorothy Kemble, continuity acceptance editor, includes the separation of network from local and spot business and electrical transcriptions in order to expedite clearance of business and services to clients, agencies, studios and all others interested in scripts. Network material will be handled by Miss Garvin and local and spot material and electrical transcriptions by Miss Lentz.

### Pres. Roosevelt Hit 48 On Recent Radio Speech

President Roosevelt scored 48, according to a Cooperative Analysis of Broadcasting rating, for his address on the four major networks, on Washington's Birthday, Feb. 22, 10:30-10:45 p.m. He had hit 67 in his first radio report on his trip to Casablanca, made on Lincoln's Birthday, Feb. 12, when he addressed the Washington correspondents' dinner.

of directors of union's locals in New York, Chicago, Los Angeles and San Francisco, as well as the national board, are being polled on the acceptance of the compromise. Union's final disposition should be ready before the week is out. If the boards approve, union will not have to meet again with the employer groups except to clarify language in the contract. Union obtained a 10 per cent increase on its sustaining scales recently. Matter is in hands of WLB for approval.

In addition to the increase, the conference which was held Monday in the offices of the New York City Bar Association, agreed to follow pretty much other highlights negotiated in the sustaining deal. Union extended term of the code one year, and obtained another cost-of-living clause which provides that increases may be sought if at any time after November 1, 1943 cost of living rises ten points or more.

Though union's request for increase is based on the two-year interim, commercial minimums have had no adjustments since February 12, 1939.

### Agency, Web Executives Attend

Attending the Monday session were these agency and network executives.

I. S. Becker, Assistant Director of Operation, CBS; Emanuel Dannett, attorney for Mutual; Julius F. Seebach, Jr., vice-president in charge of programs of WOR; Phillips Carlin, vice-president-in-charge of programs, and Robert Swezey, attorney, Blue Network; John MacDonald, vice-president-in-charge of finance, and Robert Myers, attorney, NBC; A. K. Spencer, chairman of the Four A's radio committee, and talent buyer at J. Walter Thompson Co.; Leonard T. Bush, secretary-treasurer, Compton Advertising, Inc.; Carlos Franco, manager radio time buying bureau, Young & Rubicam, Inc.; John Aucera, Young & Rubicam, Inc.; Diana Bourbon, Ward-Wheelock Co.; James Sauter, Blackett-Sample-Hummert; John Hymes, Foote, Cone & Belding, and C. T. Ayers, business manager, Ruthrauff & Ryan, Inc.

AFRA will meet with the transcription companies this week also, regarding increases in the code operating for the discs.

**K**ATHARINE DARST, news commentator on KMOX, St. Louis, is now sponsored five days a week. Through the Young & Rubicam, Inc., New York office, she will be sponsored by the John F. Jelke Company every Tuesday and Thursday, heretofore sustaining periods. Her Monday and Friday broadcasts are sponsored by Vick Chemical Company. She was formerly woman's news editor for the St. Louis Globe Democrat and joined the station last September.

Coincident with the start of Canned Food Rationing, Penny Prudence, the WKRC, Cincinnati, food advisor, started a new series of "Food Scout" programs Monday through Friday to advise each day which fresh foods are in season and most abundant. A significant feature of her programs will deal with the preparation of foods. Her program is directed at the Cincinnati food wholesalers and retailers. The new program will be given in addition to her "Pantry" program which deals with marketing and food preparation in general.

Katherine Clark, conductor of "Today's News for Children," aired over WCAU, Philadelphia, is kept pretty busy these days. Recently she inaugurated a morning show, "Today's News for Women," which is heard at 10:45 a.m., and has been added to the station's Sunday features to give a straight news and analytical program that is comprehensive in scope.

Mildred Simons has been doing a conservative questing business lately. At present she's pinch-hitting for Kay McKee on the "Are You Listening" show, and has also filled in for Darragh Aldrich on "Yours Truly".... Albert Loehlein, a veteran of the present World War is now an apprentice transmitter operator. He was brought to the attention of the station by the Grey Ladies organization of Minneapolis, and WCCO arranged for him to take the radio engineering course at the University of Minnesota.

KPO, San Francisco, has been on the receiving end of visitations from officials who have come up from the NBC War Clinic in Hollywood so often that studio officials have decided to leave the royal welcoming carpet out as a permanent fixture. The most recent collection of NBC bigwigs to show up at KPO were: Vice-President Clarence L. Menser, Roy C. Witmer, Charles B. Brown, Noran Kersta, J. V. McConnell, John Swallow and Frank Berend. The carpet will be well worn when NBC president, Niles Trammell, shows up.

The Seattle Junior Chamber of Commerce conferred its highest honors of the year on Jerry F. Crollard, account executive of KIRO, Seattle, when it named him "The Man of the Year for 1942." Crollard, who has been with the station since August 1, 1942 was chairman of the "Salvage for Victory" committee as well as the chairman of the "Share the Ride" committee during the past year. The

award marks Crollard's participation in Americanism, Traffic Safety, and Civic Affairs.

Katherine Fox, director of public service and war programs for WLW-WSAI, Cincinnati, reports that the station's drive for Red Cross blood donors is paying big dividends. She has gotten a large group of volunteers from the Cincinnati Enquirer and Shillito's large Cincinnati department store. Arrangements have been made for the WLW bus to take a load of volunteers from the store to the Red Cross Blood Donor Center each week.... Carroll D. Alcott, WLW's Far Eastern commentator is in N. Y. C. completing arrangements for the publication of his book, tentatively titled "My War With Japan." Alcott, Shanghai newscaster for four years, is near the top of the Jap's list of undesirable for revealing Jap plans ahead of time.

At WJSV, Washington, D. C., outdated publicity stunts have achieved the same importance as old razor blades. While the razor blades have been given to the salvage drives the "stills" have been distilled into a different form of salvage. They are being sent to the McFarland Jr. High School where students mount them in albums and send them to Army camps.

"AM" a news program that carries different characteristics from its parent "newscast" was aired over WIBG, Philadelphia, Monday, March 1, at 11:00. The program, sponsored by the Erlanger Brewing Company, is spotted in the middle of "Danceland," and presents for fifteen-minutes daily. Roy Neal doing a straight news and the commercial; Esther Morris, special features, the woman's page and rationing news, and Douglas Arthur, editorials.

Jill Jackson, Hollywood reporter on WWL, New Orleans, interviewed two celebrities before the mike on successive days. Her first celebrity was Lieutenant (J.G.) Frances Rich, daughter of movie actress Irene Rich, who spoke about the WAVES and the advantage of "V-Mail." Her second celebrity was Frank Buck who gave the inside dope on "how to bring 'em back alive."

A special "World Day of Prayer" program will be presented over WHIO, Dayton, at 9:15 a.m., CWT, Friday, March 12. The broadcast designed as part of the celebration of the annual "World Day of Prayer" will tell how prayer can be of aid in times of great stress, particularly during times of war.

The staff of CKWS, Kingston, Ont., stepped from behind the mikes recently to entertain the soldiers at Barriefield Army camp. An hour-long show kept the boys amused with song and nonsense.... From Timmins, Ont., comes word of a new weekly half-hour quiz show over CKGB. Participants are students from the Timmins High and Vocational School and winners receive war saving certificates.

### Se WMC Revising 'Essential Job' Lists

Washington Bureau, RADIO DAILY  
Washington—Revisions in the listing of "essential activities" and "essential jobs" by the War Manpower Commission was predicted here yesterday by James Stocking, chairman of the Essential Activities Committee of the War Relocation Authority.  
"We must be realistic," said Stocking, "with the huge manpower demands of the armed forces, the farms and war industries, it's only logical that the lists will have to be revised. Revision may mean the elimination of some jobs."

E. Fougere & Co. has renewed for four weeks, as of March 4, its participation for Magitex dog shampoo in "Breakfast in Bedlam" on WJZ. Fougere participates five times weekly through Birmingham, Castleman & Pierce.

Jaspert To WPRO

George H. Jaspert, general manager of WPAT, Paterson, N. J., will leave the station to become commercial manager of WPRO, Providence, R. I., tomorrow.

COMING and GOING

CAPT. JOE THOMPSON, of the War Department's radio branch, is back at his Washington, D. C., headquarters after covering four "Peacetime Review" programs which originated at Devens, Mass.; Fort Snelling, Minn.; Lowry, Colorado, and the Air Force School in Chicago.

E. E. HILL, managing director of WTA expected from Worcester today for a visit on station and network business.

G. W. "JOHNNY" JOHNSTONE, director of news and special events for the Blue Network left last evening for Washington, D. C., where he will confer with government officials.

MAJ. EDWARD BOWES is at Camp Blanton in Jacksonville, Fla., for the broadcast tonight's "Amateur Hour" over CBS.

MILTON W. STOUGHTON, commercial manager of WSPR, Springfield, Mass., is in New York. Visited yesterday at the offices of Blue Network.

HAROLD E. FELLOWS, station manager of WEEL, Columbia's Boston affiliate, left today for Massachusetts.

CLARK BROWN, of Lake, Spiro & Sherman Memphis agency, is here on a short business.

KATE SMITH, TED COLLINS, HENRY YOUNG and other members of the program company travel to Rome, N. Y. tomorrow for broadcasting of the CBS show from the Air Base.

J. F. JARMAN, JR., commercial manager of WDNC, Durham, N. C., who has been spending a few days in New York, leaves today for home.

BERT GEORGES, general manager of WPTF, Portsmouth, N. H., in town this week on station business.

DALE ROBERTSON, general manager of WSAW, Scranton, and WILLIAM DAWSON, sales and motion manager of the station, have left Pennsylvania after a few days spent in connection at the Blue Network offices.

LYLE ENGLER, editor of "Song Hits Magazine" off on another trip to Washington to discuss song lyric publications for the armed forces.

JACK FIELD, JR., sales manager of WRD, Raleigh, N. C., who has been visiting network and station representatives here for almost a week, left last evening for his home offices.

of each receiving set component the great number produced in time. For example, the 350 of electrolytic condensers were reduced to nine. In addition to such condensers, the "Victory Line" includes fixed paper dielectric condensers, volume controls, power and transformer and chokes.

Intosh pointed out that the smaller number of replacement parts will step up production. Dealers experience an even quicker turnover of their entire stock. The great multiplicity of designs in the past led them to hold inventories of many slow lines.

### Personnel Lacking

The major problem of repair in many sections of the country remains the lack of personnel to perform the necessary service. The demands of armed forces for servicemen have in many communities sadly understated. Here in Washington, for instance, about 100 servicemen are doing the work formerly done by 400 trying to do it. Your reporter has seen without adequate radio service for 10 weeks, and is still unable to receive service although he requested it in December from the firm with which he has dealt for more than two

# House Sets 2-Hr. Debate For Debt Limit Measure

Washington Bureau, RADIO DAILY

Washington—Two hours has been set for the limit for debate on the debt bill, which includes the Disney rider partially nullifying the President's salary limitation order, when the measure comes before the House, probably next week. Indications are that the rider will be retained as a part of the bill, despite Administration efforts to exclude it.

The Ways and Means Committee yesterday voted approval of the bill stands, reaffirming its action of two weeks ago, when it approved the Disney rider by a vote of 15-10. The bill calls for the pegging of high salaries at their pre-Pearl Harbor level. No salaries of more than \$10,000 annually, after income taxes, will be allowed unless the recipient was on as large a salary before Pearl Harbor.

### RCA Tube Campaign

"Do It Electronically," is the theme of RCA's 1943 tube advertising campaign, which is designed to reach every potential user in the country. The campaign, which will carry RCA's message monthly to industrial users of electronic tubes, jobbers, engineers and others whose business is, or will be, affected by radio tube development, includes various specialized trade publications. Realizing the importance of electronic tubes in the future, RCA believes in doing a constructive selling job now.

In conjunction with the campaign, the RCA Tube and Equipment Department has issued a booklet, "Tips on Making Transmitting Tubes Last Longer," which is designed as an aid to all users of electronic tubes in the industrial field as well as among broadcasters. Pointing up its message with the analogy of the good motor car tire that will stand up under the strain of operating at 100 miles an hour, but won't last as long, the booklet describes how radio tubes also wear out sooner when they are operated at maximum voltage capacity. It gives instructions for the right method of putting tubes into operation.

### WQAM's "Summary"

WQAM, Miami, has again compiled, in booklet form, its yearly record of public service. The prospectus is divided into two sections: "War Effort—1942" and "Service to the Community."

Beginning with a numerical summary of the number of programs and announcements devoted to each branch of the war effort, there follows a breakdown and description of the various approaches and programs used. Manpower (recruiting for all branches of the service), Defense Financing, Morale, and Home Front activities (Red Cross, Salvage, Rationing, OWI, etc.) have been covered by WQAM, and reports on each category are interspersed with letters of gratitude from many officials and photographs of the station in action.

The "Service to the Community" section is compiled in the same manner, with divisions on news, weather, time, education, religion, culture, and miscellaneous community activities.

The sixty-five page brochure consists of both mimeographed and photo offset pages of the station's two-color letterhead, and the cover carries a view of the city of Miami.

### Sen. Judiciary Committee Okays Arnold Nomination

Washington Bureau, RADIO DAILY

Washington—The nomination of Thurman W. Arnold to the District Court of Appeals was approved yesterday by the Senate Judiciary Committee. The committee's recommendation should be transmitted to the full Senate next week, where a favorable vote is believed to be certain.

### "In the Heart of Texas"

NBC calls attention to the fact that a week ago Mert Emmert, WEAFF's "Modern Farmer," heard Mondays through Saturdays at 6:30 a.m., EWT, offered, in cooperation with Cornell University, a pamphlet prepared by Cornell to aid farmers in making out their income tax returns. He told his listeners to mail him a post card and the booklet would be sent them free.

A farmer, in Whitney, Texas, population 824, was one of those tuned in on WEAFF when Emmert made his offer, and his card was among the first received asking for the income tax information.

Since then Emmert has received hundreds of replies from all over the East, Middle West and South for the Cornell income tax pamphlet. Cards have come from farmers in Cedar Rapids, Iowa, Argyle, Wis., Eaton Rapids, Mich., Franke Wings, Tenn., Marshall, Ill., Beusenville, Ill., Lexington and Kirksey, Ky., Kummill, Ind., Dudley, Ga. and Profit, Va., to name just a few, in order to emphasize the country-wide character of the response.

asmuch as the union had originally asked for 19 per cent. Negotiations were conducted as per the cost-of-living clause in the commercial code. Attorneys will get together, now, and draw up the contracts for presentation to the WLB.

Union will meet Monday, 10 a.m., at its own offices, with representatives of the transcription companies, to negotiate increases covering transcription and record productions. AFRA is asking for a 10 per cent hike.

### Under Consideration By WLB

The 10 per cent increase in the sustaining contract is before the Washington office of the WLB, because, as explained by Emily Holt, executive secretary, network radio is a national matter and more properly within jurisdiction of the Washington office, rather than anyone regional branch.

JOE GRANBY'S readings of "Letter To Hitler" by K. M. Greer, hit the mark with listeners at his Wilmington guest spot... and is now going to be heard at the "Victory House" next week. Letter packs a wallop and would make good radio listening.

Horace Heidt's "Treasure Chest" radio band may have been the hardest hit of all radio bands, according to indications. To date Heidt has lost 32 men to the armed services of the nation.

Rudy Vallee on March 15, switches over to CBS between broadcasts of his own program and plays his riotous comedy role of "John D. Hackensacker III," in the Screen Guild Players' presentation of the Paramount Pictures' "Palm Beach Story," appearing with Claudette Colbert and Randolph Scott.

The day before the Burns and Allen troupe left for New York, tenor Jimmy Cash took his first motion picture test at Republic Studios. If a deal is consummated, Jimmy will make his bow before the cameras when he returns to Hollywood, March 20.

Arthur Q. Bryan will be heard on the Red Skelton show Tuesday in the role of "Mr. Careless," the guy who throws burning cigarettes around in majestic timberland, causes accidents in war production plants and succeeds in making a general nuisance of himself and a decided handicap to everyone he comes in contact with.

A national music magazine this week announced a poll of its readers had proclaimed Kay Kyser's the most popular "sweet" orchestra of the nation. Kyser's singer, Harry Babbit, won Number One honors among male vocalists.

Don Woods, "Dr. Foster" on "Those We Love," gave his ALL to his Victory garden last week. He turned up at rehearsal so stiff that each short jaunt to the mike was a major accomplishment.

Alton Alexander's one-man-job of "What's Your War Job" program, which last week was broadcast from Consolidated Aircraft's plant at San Diego, and will be heard from various West Coast spots during the following seven weeks, is credited with doing an outstanding job for the War Manpower Commission in labor shortage areas where the program heralds recruiting of jobs for the United States Employment Service.

The scrap metal drive will get an unusual boost from Bob Burns' Arkansas Traveler show tonight, when Spike Jones and His City Slickers cut loose on a new treatment of "Old MacDonald Had a Farm." Spike's arrangement will make use of junk and odds and ends to bring home the point of the scrap metal drive.

**Re Point Rationing**

With point rationing looming large in the minds of listeners and with thousands of Victory Gardens soon to be planted, gardening programs are much in demand. WLW, Cincinnati, is helping to supply the demand with its "Three V's" (Vegetables, Vitamins and Victory) show, planned by its Farm Department. The series begins with such topics as preparation of garden soils, what to plant and the selection of seeds.

Continuing features of the series will be a planting guide for each week, past control and the answering of the most frequently asked questions by listeners. Provision is being made for the appearance of noted authorities on gardening from agricultural schools in the WLW area.

**"Food For Freedom"**

Responding to the rapidly growing interest in food problems today, and in keeping with the trend of broadcasts for consumer benefit, KGNC, Amarillo, Texas, has inaugurated a program, "Food For Freedom," which provides information on food rationing, victory gardening, and the part food plays in maintaining good health. The show is written and narrated by Margaret King.

**"Happy Birthday" Owners Sue Postal Telegraph**

The Hill Foundation Inc., filed suit yesterday in Federal Court against the Postal Telegraph Cable Company charging infringement of the copyrighted song "Happy Birthday to You" asking damages and an accounting. Plaintiffs allege that the song was originally written in 1893 by Patty and Mildred Hill and was known at that time as "Good Morning to You." Later the song was copyrighted in the name of Clayton Summy, agents for the Hills, and included in a book "Song Stories for the Kindergarten" under the changed title "Happy Birthday to You."

The suit claims that the song acquired nation-wide popularity in radio, motion pictures and stage, and allege that in 1938 Postal adopted the idea to be used for a fixed tariff and estimate that the Cable Company derived remuneration from more than 50,000 messages delivered as the "singing telegram."

**Signs For First Radio Use**

Rose Manufacturing Company, using radio advertising for the first time will launch a campaign over WABC, CBS New York City outlet, on Tuesday, March 9. In its initial campaign, the client will advertise Tri-ogen rose spray on Adelaide Hawley's "Woman's Page of the Air." Its participations will be heard on the program Tuesdays, Thursdays, and Saturdays from 8:45 to 9:00 a.m., EWT. Picard, Inc., is the agency.

**"Enemy" Cavalcade**

Word pictures from the lips of people who have come in direct contact with our enemies—people from all walks of life who have had an unusual experience or have witnessed some unusual event in the theater of the war—as well as news of the active underground in the various countries, make up "Cavalcade of United Nations," new nightly show on WINS, New York.

The format of the show is an interview for ten minutes with the last five minutes devoted to the reading of underground news from occupied territories. The news, although unpublished prior to its broadcast, is cleared by the OWI.

**"Unsung Heroines"**

Unsung heroines of the home front—women from city and hamlet, upstate and down—are unearthed by local California Chambers of Commerce, and saluted weekly by Jane Lee on her KPO Women's Magazine of the Air. First woman to appear in the new feature was Mrs. Manley J. Clark of Livermore, who organized her town into defense units. She recently has been named to chairmanship of the Red Cross Home Service and Foreign Message Department, in the central California valley area.

**Negro Newspaper Week Gets Hour Show On CBS**

Observance of the fifth annual National Negro Newspaper Week and the 116th anniversary of the American Negro Press will be marked by CBS with a special full-hour program for Saturday, March 6, from 2:30 to 3:30 p.m.

Titled "Negro Press-Special Edition," the program is being aired in co-operation with the Negro Newspaper Publishers Association and the Delta Phi Delta Journalists Association.

Earl McGill is producing the program and Guy della Cioppa acts as director for the broadcast which marks the end of Negro Press Week.

**Fernandez Aldana Joins CBS**

Fernandez Aldana, former radio and newspaperman in Spain and Mexico, has joined the CBS short-wave publicity department, Edmund Chester, director of broadcasting to foreign countries has announced. Most recently, Aldana has been New York correspondent for a number of Mexican publications and syndicates. He has also been handling feature writing assignments for the Office of the Coordinator in Inter-American affairs. He is a former radio editor of "La Voz de Aragon," a newspaper published in Zaragoza, Spain and has worked on programming for several Spanish radio stations. Aldana's new duties will begin immediately.

## Laborite Press Charges FCC Probe Political Move

(Continued from Page 1)  
for their brand (Anti-New-Deal Democrats) of politics before 1944 rolls around" was carried in a story by the Federated Press yesterday. The Federated Press is a national news service catering mainly to labor papers. "Is Rep. Eugene E. Cox's so-called investigation of the FCC actually a grand maneuver to put over James A. Farley as the Democratic party's Presidential nominee in 1944?" the Federated Press asks in its first paragraph. It then outlines several "straws in the wind."

Cox has appointed Eugene L. Garey chief counsel for the investigating committee. Garey, a partner of Raoul Desvernine, former chief counsel for the Liberty League, has long been a friend of Farley and Alfred E. Smith. "His firm is also known in Wall Street as the Tammany firm."

Cox, avowed new deal hater, said "in his home state of Georgia Feb. 23 that Jim Farley is my man for President in 1944, the article charges."

If the "attempt to discredit the FCC and to oust Chairman James Lawrence Fly" is successful, said the Federated Press, "replacing of Fly with a reactionary Democrat could mean control of the air waves in the all-important 1944 campaign." Just how the identity of the FCC chairman would affect political broadcasts in 1944 is not explained.

Federated Press' story reports that Garey's firm "specialized in bankruptcy cases but it has also acted in anti-labor cases." It remarks that Garey was "such a close friend of Alfred E. Smith that Al took him and Mrs. Garey with him when he visited Ireland and the Vatican in 1938."

Garey could not be reached for comment yesterday. His assistant, Fred E. Walker, former assistant U. S. District Attorney in Detroit, said no additional employees of the committee have been chosen.

## FCC Appeals KOA Decision; Case Now Before High Court

(Continued from Page 1)  
tember overruled the FCC in ambiguous terms.

The government told the Court yesterday that NBC had no legal right of intervention and that the hearing which NBC did receive was sufficient consideration under the circumstances.

The fundamental question involved in the case is, according to the government, whether the granting of the WHDH application for night use of 350 band formerly clear for KOA constitutes "a substantial modification of the license of KOA or otherwise affects KOA's rights as a licensee so as to require under the Communications Act that KOA be permitted to intervene in the proceedings on the WHDH application before the Commission could lawfully grant that application."

### Commission Favorable to WHDH

The Commission issued proposed findings of fact and conclusions favorable to the WHDH application in December, 1940, and the final order adopting those findings was entered the following March, with two commissioners dissenting. The Commission found that granting of the WHDH application would not mean interference with the primary service of any other station and that interference with the KOA signal would be limited to "interference with the intermittent reception upon receivers located in the eastern part of the United States, remote from the station."

This decision was announced after two petitions by NBC for intervention on behalf of KOA had been denied. A month later KOA was denied a petition for rehearing. In June of the same year KOA filed its appeal with the court.

In its argument the Commission sets forth its requirements for intervention, claiming that KOA failed to comply. These requirements are in the public interest, the brief claims, because "the variety and number of interests which in some manner may be affected by the grant of applications make it appropriate that intervention be limited to instances where the Commission will be aided in applying the statutory standards." Under the present rule, it continues, "petitions for intervention have been granted in more than half the cases where they were filed, and only about one-fifth have been denied outright. No constitutional consideration require that respondent be permitted to intervene. The action of the Commission (in this case) does not interfere with any of respondent's legal rights. Apart from statute there is no right to be free of increased competition and no right to be made a party before such competition is authorized. At best respondent's position is essentially no different from that of a newspaper or advertising agency whose revenues may be affected by the grant or extension of a license to an applicant."

The Commission found, the brief

states, that prior to imposition of these limitations intervention was frequent, hearings protracted and records voluminous. "Effective dispatch of the Commission's business was impossible, and the interest of the public and of applicants in having new facilities licensed was effectively thwarted."

### "Interest Alone" Insufficient

The government then points out that "interest alone" was found to be an insufficient reason for intervention. "Because of the nature of radio broadcasting, virtually every application for a new station or increased facilities involves many persons who claim to be interested. . . . The situation is aggravated by the fact that in practically every instance the persons who claim interest in the proceedings are existing licensees whose private interests are promoted by protracted proceedings which delay as long as possible the establishment of competing facilities."

At this point the government includes a footnote charging that intervenors frequently presented no affirmative evidence, being content "apparently to impede the progress of the hearing, to increase the size of the record, and to obfuscate the issues by prolonged and confusing cross-examination. . . . The purpose. . . was, in many cases to frustrate the licensing and operation of a competing station for as long a period as possible. It was believed that the cost of maintaining proceedings before the Commission and the courts could easily be covered by the continued revenues from sponsors who might be lost if a competing station were in existence."

As to the effect of the WHDH grant on the KOA license, the government states that assumption by KOA that its license has been modified by the grant "rests on an untenable view of the license." The brief points out that "there is nothing in the license which guarantees KOA against operation by others of electrical equipment for the purpose of transmitting radio signals or for some other purpose, though the result of such operation is to interfere with reception of KOA's signals at some point."

### Quote Communications Act

The following two sentences are then quoted from the Communications Act: "The station license shall not vest in the licensee any right to operate the station nor any right in the use of the frequencies designated in the license beyond the term thereof nor in any other manner than authorized therein. No station license shall be granted by the Commission until the applicant therefore shall have signed a waiver of any claim to the use of any particular frequency or of the ether as against the regulatory power of the United States because of the previous use of the same, whether by license of otherwise."

ever, have been separated from networks for some time.

Concert bureaus booking any engagement whatsoever carrying licenses of American Federation of Musical Artists and American Federation of Radio Artists as well as that of the AFM.

Letter to all locals from AFM reads in part, as follows:

"In the past, booking agencies, solo concert artists, accompanists were not licensed by the American Federation of Musicians.

"This is to advise you. . . . solo concert artists, accompanists, accepting engagements through bureaus may use for that purpose only those who have a license therefrom from the American Federation of Musicians. They will not be permitted to accept engagements through bureaus who have no such license from the American Federation of Musicians.

"These solo artists include violinists, solo pianists, symphonists, grand opera conductors and the like. Keep in mind also instrumental accompanists of every kind. They must be members of the American Federation of Musicians. If they are not members of the American Federation of Musicians, such licensed bureaus cannot book them. If their license will be revoked.

## Navy And War Officials Warn Re Time Change

(Washington Bureau, RADIO DAILY)

Washington—Alarmed at the recent trend toward abandonment of "war time" in several states, I. P. Patterson and James V. Forrestal, Under Secretaries of War and Navy, respectively, yesterday warned change from war time would be detrimental to increased production in 1943. They pointed out that "time meant a saving last year of one and one-half billion kilowatt hours. Any change would question result in serious detriment to production," they said, adding "it would slow down our march to victory."

'43 Audience Rising Hooper Study Finds

(Continued from Page 1) 30, 83.2 per cent; Feb. 15, 81.9 per cent and Feb. 28, 81.2 per cent. Each of the percentages is based on approximately 80,000 homes sampled continuously during evening hours. As in past years, the Index is higher for January when weather, and completed post holiday cash boxes tend to keep the public at home and provide radio's maximum opportunity for listenership. Another conclusion noted by Hooper study is fact that 87 per cent or 72.5 per cent of the total program reported on in the Feb. 28 study showed no significant change of when compared with the Feb. 15 report. A year ago only 59.5 per cent were in this category. Differences indicate the increase in the stability of radio audiences this year.

# White Lists Reasons For Bill Against FCC

(Continued from Page 1)  
Committee on Interstate Commerce, which Wheeler is chairman and which is the ranking Republican. The veteran New Englander said the tendency prompted the section of the bill which "spells out in black and white what, it is believed, was not only the original intention of Congress but is also its present intention with respect to this subject, in the hope that confusion and controversy can be eliminated."

White's explanation, which clearly referred to the FCC's chain broadcasting rules, appeared yesterday for the first time in the Congressional Record.

**Quotes Supreme Court**  
White quoted the Supreme Court, in its 1940 decision in the case of *W. V. Sanders Brothers* radio station. "But the act does not essay to regulate the business of the licensee. The Commission is given no super-control... of business management or of policy."

White then said that, notwithstanding the announcement of the Supreme Court, notwithstanding the fact that language can be found in the act which confers any right upon the Commission to concern itself with the various phases of the operation of broadcast stations and notwithstanding the further fact that Section 307 of the act provides that a person engaged in radio broadcasting shall not be regarded as a common carrier, the Commission has nevertheless concerned itself more and more with such matters.

White's charge is made that the Commission is attempting to control both the character and source of program material and the contractual or other arrangements made by the licensee in the acquisition of such material.

**Business Procedure Suggestions**  
The new bill also revises the procedure for judicial review of Commission rulings, and would make Commission actions on applications for special service permits and temporary authorization subject to judicial review. Principal changes were summarized thus by White:

(1) Persons desiring to appeal orders of the Commission are required in all cases where the Commission exercises its licensing

## "Chimes" Makes Debut

The new NBC house organ "Chimes" made its first appearance last week. The publication will be subsequently issued on the 15th of each month.

The house organ, prepared by a group of department representatives will be edited by Corinne Pearson.

The magazine is published for the sole purpose of promoting the welfare and activities of NBC employees. Special attention will be given in the publication's columns to material that will maintain the morale of employees now in the service. To that end "Chimes" will be mailed to each man and woman wherever his or her military unit may be stationed.

The first issue features the eyewitness story of a member of the Guest Relations Staff whose ship was torpedoed in the Caribbean. The dedication of the lounge, installed as a rest and lunch room for women workers on the 7th floor of the NBC Building, is also presented with illustrations.

According to Editor Pearson, the magazine will be published, for the time being, in four pages with prospects of eight pages and possibly 12

functions must appeal to the United States Court of Appeals for the District of Columbia.

(2) Language is adopted which will remove doubt as to which cases are appealable and which will extend the right of appeal to persons which should have such right but which have been excluded due to imperfections in the present act.

(3) The time in which an appeal must be taken is made 30 rather than 20 days, as at present, and the contents of the notice of appeal are specified with particularity along the lines now provided by the rules of the United States Court of Appeals for the District of Columbia.

(4) Jurisdiction is expressly conferred upon the court to which an appeal is taken to grant temporary relief either affirmative or negative in character.

(5) The Court is given authority to specify by rule what the record upon appeal should contain.

(6) The question which can be raised upon appeal and which the court must consider in determining an appeal are specifically enumerated.

(7) The Commission shall be required to comply with the mandate or decision of the Court upon the basis of the record upon which an appeal is taken unless the Court upon petition shall determine otherwise. Other provisions of the present act relating to the right of persons to intervene in an appeal are retained.

Pointing out that *certiorari* has been granted by the Supreme Court in response to all but one question by the Commission since 1927 and in no case upon the application of an individual

## WIOD Services

Once more radio steps in and helps overcome official red tape. Recently WIOD, Miami, heard about a U. S. Service outfit that wanted to equip its recreation rooms but because of government boon-doggling the outfit was unable to secure the necessary furniture. In overcoming the red-tape obstacle the station aired an appeal for the necessary equipment.

With the appeal launched, listeners responded with an assortment of equipment that helped furnish the recreation rooms. Included in that assortment were the following articles: A long library table, dining table and three chairs, a day bed, studio couch, radios and a radio table, straight chairs and a living room chair.

The response to the appeal is conclusive proof of the job radio is doing, "and will continue to do for those whom it serves."

## Renew AMP Licenses

Music licensing agreements between Associated Music Publishers Inc. and the following stations have been renewed: KARM, Fresno, Calif.; KECA, Los Angeles; KFJR, Bismarck, N. D.; KQW, San Jose-San Francisco; KTEM, Temple, Texas; WBIR, Knoxville, Tenn.

litigant, White charged that this was a one-way road. He declared:

"We have attempted to deal with this situation and subject in such a way as to insure review by the Supreme Court in a limited but most important class of cases, namely those cases in which the Commission, on its own motion, proceeds against the holder of an existing license. This is by a provision which would make Supreme Court review in this class of cases obligatory upon the Court rather than optional with it."

This final section of the bill is "designed to curb an alleged tendency upon the part of the Commission to discriminate in a manner not authorized by the statute between applicants for broadcast and other radio facilities and to require as a condition to grants made the doing of acts which the Commission has no authority under the statute to require."

with cutting down all non-essential information material, and our intention is to stop the issuance of material which does not in one way or another find its way to the air," says an accompanying letter.

The purpose of the survey, according to the bureau, is to determine which scripts, transcriptions and background materials are being used and which are of no value or are not used. Local state or regional material from government agencies is not covered in the survey—"only materials issued on a national basis."

The questionnaire requires checks in three columns:

- A. If material is being received.
- B. If it is not being received but is wanted and
- C. If material is received but is of no help and should be discontinued. Twenty programs or types of programs are included, from nine government agencies.

## New 'Language' Series Scheduled Over WHOM

In collaboration with the College of the City of New York, WHOM, Jersey City, N. J., will present two series of 17 German language educational programs illustrating the democratic way of life. Six subjects, under the general heading "The American Way of Life" will be heard in series 1 on successive Sunday evenings, 7:45-8 p.m., starting March 7. Series 2 will include nine broadcasts under the title "Our Stake in the War," aired Sunday evenings also, starting April 18.

## Seaman Vocalist On WMCA

"Headlines on Parade," WMCA's half-hour dramatized news show of events of the week will depart from its formula this Sunday, March 7, from 8:30 to 9:00 p.m. to bring to the air an apprentice seaman, Charles Leonard Hogg, winner of an amateur contest at the Merchant Marine Naval Training Station at Manhattan Beach. Seaman Hogg will participate in the program's dramatization of the Manhattan Beach contest by singing the number that won him the honors in the competition.

# FC Hits Adv. Claims of Lorillard Products

(Continued from Page 1)  
 ident corporation subsequently presented as revealing that Old Gold was lowest in nicotine content in throat-irritating tars and resins was, therefore "easier on the throat" than any other brand.

According to the laboratory tests reported in the magazine, the amount of nicotine in the smoke of Old Golds averaged 2.04 MG per cigarette and amount in two other brands was slightly higher, being 2.20 MG, the average of the cigarette being the largest nicotine content only 3.02 MG. However, the complaint alleges, these differences in nicotine content are insignificant, and Lorillard Company in its advertisement failed to disclose that the laboratory report further stated:

**Other Statements Criticized**  
 The differences between brands are practically speaking, small, and no single brand is so superior to its competitors as to justify its selection on the ground that it is less harmful."

The complaint alleges that because of many variable factors involved in growing, blending and processing of cigarette tobacco and in the packing and handling of cigarettes, it is impossible for the manufacturer to produce a large volume of cigarettes with a standard content of nicotine and other harmful substances.

Among other representations made to the respondent which the complaint alleges are false and misleading are that "Old Golds give you a fresher flavor"; that "You can't beg or borrow a stale Old Gold"; that something new has been added, that Old Golds give you "prize tobacco." With respect to these representations, the complaint alleges that Old Golds become stale for various reasons, they contain tobaccos other than "prize crops," and "nothing has been added" which was not used and used in the manufacture of cigarettes prior to the time Old Golds were put on the market.

Other Lorillard products involved in the complaint are Beech-Nut and Sensation cigarettes and Friends Sensation Tobacco. Concerning these products, it is alleged that Lorillard advertised that Beech-Nut cigarettes are easy on the throat, provide definite defense against throat irritation, and that their extra length cuts out heat and bite and completely kills the smoke; that Sensation cigarettes contain extra choice imported and domestic tobaccos and are made from the finest tobacco you can buy; and that rum curing enhances Friends Smoking Tobacco and cuts out bite and burn" also that Old Golds always smokes cool under fire without bite or burn.

## NBC Releases Figures On Listener Analysis

(Continued from Page 1)  
 include all communities in the United States outside of the original 412 cities examined in the first two brochures. It reveals the dialing choices of the entire country according to networks and independent stations.

Two charts in "A Report from the Nation" show that NBC not only maintains its predominance in nighttime listening when the country is considered as a whole but increases its lead materially in daytime preference.

**Night-time Preference Greater**  
 In the original night-time survey of 412 cities having populations of 25,000 or more, NBC programs, it was stated were preferred by 51.8 per cent. Daytime figures revealed a 30.2 per cent preference for NBC programs.

When the breakdown was applied to the entire country, outside the 412 cities previously treated, NBC was found to have a 51.7 per cent preference by night and an increase to 40.2 per cent on a daytime basis. Combining these figures with those derived from the 412-city survey shows that the nationwide night-time percentage of NBC preference remains at 51.8 per cent while the daytime preference increases to 35.5 per cent.

## Rowland Joins OWI

Schenectady—Luther Lee Rowland, director of FM Playhouse since February, 1942, has resigned from the staff of W85A, G. E.'s frequency modulation station, to become a member of the traffic division of the OWI in New York City.

Rowland conducted "Stardust" a program of news in the entertainment field, created the current program "Talking It Over" and wrote scripts for musical programs as well as announcing.

## Goodrich CBS News Strip Sked For Mar. 15 on 115

CBS has cleared approximately 115 stations for the B. F. Goodrich Co. five-minute news commentary which is scheduled to start March 15. As previously reported, the program will be heard 6:55-7 p.m., EWT in the East. Rebroadcasts are now set down for 11:55-12 midnight for Mon., Wed. and Thurs., Tues. 12:35-12:30 a.m. and Fri. at 12:55-1 a.m. Agency is BBD&O.

## Titterton Aiding OWI

Lewis H. Titterton, manager, NBC's script division, has been appointed consultant to the Domestic Radio Division of the Office of War Information. Douglas Meservey, director of the OWI division, requested Titterton's aid in establishing procedure to clarify the relationship between government agencies and the authors who prepare scripts for the agencies.

Titterton explained that his connection with the OWI will end when the special project assigned to him has been completed.

Dr. Max Jordan, NBC Director of Religious Broadcast, will be the principal speaker at the Bedford Park Presbyterian Church in the Bronx on Sunday evening. Dr. Jordan, speaking under the auspices of the Christian Endeavor Society, will discuss "The Challenge of This War and Our Stake in the Peace."

# Advisability Discussed Of OWI Local Authority

(Continued from Page 1)  
 agencies as important enough to get immediate distribution... in clearing for scheduling purposes on any station or stations, the OWI will indicate to such station or stations what existing or current assignments from the OWI may be deleted to make room for the special broadcasting under consideration."

Although many broadcasters have written to the OWI suggesting that it assist them in deciding how much time to assign program requests from local groups, there has been some doubt as to just how far the OWI may go in this direction without cutting its political throat. Such would be the result, one Congressman on the House floor said snortly following the Boston meeting, if the OWI were to recommend against the granting of time to a local group.

## "Radio Guide" Possible Solution

Although there is real danger to making OWI the "fall guy" for broadcasters who might wish to get rid of some local groups, the Radio Bureau is none the less anxious to aid broadcasters in this problem, which has become more and more real in recent months. The best solution would seem to be a strong demonstration of desire on the part of broadcasters, this to be followed by something on the style of the old Radio War Guide.

The guide, discontinued some months ago, outlined regularly the war messages of most importance, in the order of their importance. Here, although there was reference to local requests, the broadcasters could find justification for refusing or granting time to a local group, depending upon the message they intended to present. Information as to the number of times the same or a similar message will be broadcast in the area should also be available. Although broadcasters at a number of other regional meetings have hinted at the same thing as the New England group, this was the first resolution to call for actual clearance. The Radio Bureau will doubtless, through its regional office, aid broadcasters in clearance, but it will in no way edit the script, nor will it clear with a view toward policy control.

## General Aircraft Corp. Buys One-Time Shot

General Aircraft Corp. will make its debut in broadcast advertising, March 21, with a one time broadcast on the entire Blue Network. Firm will broadcast the first quarter hour of a celebration, at the Waldorf-Astoria, in honor of its 1,800 employees for their outstanding production record. Sunday airing is timed for 12-12:15 a.m., EWT. Talent on the program will include Olsen and Johnson, who will make a war bond appeal; Vincent Lopez and his orchestra, and Carole Singer, vocalist for both the band and WJZ's Victory Troop.

"Actors get applause, Directors get awards, Writers get Pulitzer prizes, pictures in the gazettes, etc.—but behold the lot of the Casting Director—whose laurel wreath invariably is a dirty look." So says Ruth Norman, Casting Director of CBS, who continues, "Someone has to separate the chaff from the wheat—encourage the good actors and diplomatically and kindly, find ways and means of informing those without talent, that they just won't do." Miss Norman's past experience qualifies her for the post she now occupies, having at one time been associated with Eva La Gallienne and later, as assistant to Gilbert Seldes, having had the job of reading and seeing well-known plays to report on their television potentialities. She holds the fate of many an aspiring radio artist in her hand, we might say a kindly hand, for Miss Norman knows actors and understands their problems.

Last year, in Philadelphia, Fritz Kreisler, checked out of his hotel to catch a train following an early morning recording date.... When Crooks checked into the hotel, he was assigned to the suite that Kreisler had just vacated and in hanging his coat in the closet, Richard noticed a violin case and on closer inspection of the contents of the case, saw and immediately recognized the instrument as a Guarnerius, easily worth about 35,000 dollars.... He hurried to the Academy of Music where he found Charles O'Connell, RCA Victor musical director who was just about to bid "good bye" to the departing Violin master, Kreisler.... the truth suddenly dawned on Crooks, who, with a sly wink to the surprised O'Connell, offered to sell the latter "a fiddle he had just picked up for a mere pittance at a local second hand shop." Kreisler casually looked at the instrument, "took a double take," when he recognized his "baby" and realized that he had forgotten his violin, but that somehow it had miraculously turned up, excitedly endeavored to convince Crooks that the violin was his property and that he would pay many times what Crooks had paid for it, if only it would be restored to him.... Crooks didn't have the heart to go any further with his teasing and then and there "confessed."

**W**ORD from CKWX, Vancouver, Canada, reveals that the station is carrying the Daily Province newscast with "Mr. Good Evening." This means that the journalistic field is pretty well covered since both the Vancouver "Sun," and the Vancouver "Daily Province News," as well as the Vancouver "News Herald" take to the air waves for broadcasts.

News was always important but in these days it becomes increasingly more important. In this respect WJTN, Jamestown, constructed and is using a new newsroom completely equipped to edit regular UP releases as well as making two fifteen-minute local news programs covering Jamestown and Warren, Pa. . . . "Hats In the News" is the tag of a new three-times weekly show heard at 8:30 p.m. Sponsored by a local hat shop it features the historical background and up-to-the-minute style talk in the world of hats.

A new but timely program made its appearance on WRBL, Columbus, Georgia, that will either gladden or sadden the hearts of all tax payers. Sponsored by the Merchant's and Mechanic's Bank, the program deals with instructions for filing income tax returns.

"Your Victory Garden" sponsored by the John Shillito department store over WSAI, Cincinnati, which will soon be heard on a three-times a week basis is receiving co-operation from WLW's Farm Department. WLW has secured the services of Elizabeth Arrel, graduate of the Ohio State University School of Agriculture, to work in conjunction with the "Your Victory Garden" program.

Irwin Johnson, conductor of the "Early Worm" aired over WBNS, Columbus, Ohio, has hopped on the Red Cross band wagon to plug for more and more blood donors.

Elsie Holmes is the newest of several to join the staff of WJDX, Jackson, Miss. She was formerly with the radio department at the University of Alabama and last summer was selected to attend the NBC Radio Institute in Chicago for a course in production and announcing.

### Parody

Pittsburgh—In times of stress and rousing theme song will be the troubled breast of the most harassed program director. B. McGill, of KDKA, says a theme can be developed from the "Super Suda" jingle that will serve double purpose. With slight lyric change it will jingle "Hooper Duds Hooper Duds What to do with Hooper Duds?"

### Donation

John Kieran, the "Information Please" fount of knowledge, has donated his prized typewriter to help Chicago's drive for \$40,000,000 in War Bonds to replace the lost U.S.S. Chicago. Kieran attaches a great sentimental value to the machine since it has seen action from the day he bought it in 1915 and was working well at the Army-Notre Dame game in 1942. It will go to the highest bidder.

### FCC Annual Statement Shows Industry Firm

Washington Bureau, RADIO DAILY  
Washington—The FCC Friday issued its eighth annual report, covering in full its activities during the fiscal year ending June 30, 1942. The report is largely a recounting of the Commission's policies and decisions during that period. It is not available for public distribution, because of wartime printing restrictions, but (Continued on Page 8)

... AFRA Accepts Compromise

By BOB LITZBERG

COMPROMISE was reached last week by the American Federation of Radio Artists meeting with representatives of the networks and advertising agencies; agreement calls for an increase of 10 per cent in the commercial minimum scales for radio talent and has already been approved by three of the four boards of directors of the locals whose approval is needed for full acceptance. It follows closely the compromise negotiated recently for increased sustaining rates.

THE WEEK IN RADIO

... AFRA Accepts Compromise

(Continued from Page 1)

of the OWI, OPA and Department of Agriculture have pledged one hundred million dollars worth of advertising to induce housewives to substitute unrationed for rationed foods. ... Another step in the long KOA-WHDH clear channel legal battle was made last week with the filing of the government's brief with the Supreme Court; in the brief U. S. Solicitor General Charles Fahy stated that NBC had no right to intervene in the case and that the District Court of Appeals decision, made last September, overruled the FCC in ambiguous terms.

In Washington last week there was considerable speculation as to the lengths to which the OWI should go in the clearance of programs for local stations. Matter was brought up at a recent OWI regional conference in Boston at which time a resolution was passed providing for OWI regional office clearance for material requested by any government agency in connection with the war effort; political significance was attached to the fact that OWI would be "fall guy" used by broadcasters who, for some reason or other, decided to refuse requests for broadcast time for local groups. ... NAB has decided to hold a war-time meeting April 15 and May 15 rather than its usual annual convention; reason for the decision was attributed to transportation difficulties as a result of the war. The NAB also announced that it was planning to launch a long range campaign to effect a more widespread distribution of business from national advertisers among small stations to offset the increasing loss of local business and at the same time keep some 200 stations operating for the good of the war program.

FCC activities: Chairman James Lawrence Fly indicated last week that the Commission would not complete its report on newspaper-ownership of stations until after the war; the Com-

mission approved of the transfer of ownership of WEMP, Milwaukee, from the Milwaukee Broadcasting Co. to a partnership which included the name of Senator Robert M. LaFollete; new classification of radio frequencies into seven major bands was announced by the Commission.

Both the FCC and the Canadian Broadcasting Corp. were subjects of legislative attacks last week: in explaining his new bill to reorganize the FCC, U. S. Senator Wallace H. White, Jr., charged that the FCC has tended to concern itself illegally with the business operations of radio stations; in Canada, it was announced that, upon a motion by the Minister of National War Services, a special committee would be appointed to investigate the recent resignations of CBC executive personnel. ... Last week's commercial activity included the shifting of the Cresta Blanca wine account from MBS to CBS, which now has four wine-beer accounts on its schedule; CBS also announced that 39 advertisers are now using its full network facilities. ... Over 270 network hours devoted to the war effort were aired on the Blue Network from January 1 to February 15, according to a survey released last week. ... Revision in the listing of "essential activities" and "essential war jobs" by the War Manpower Commission was predicted by Collis Stocking, chairman of the Essential Activities Committee as a result of wartime requirements.

Concert bureaus are now operating under license of the AFM, according to communications forwarded to union locals by James C. Petrillo, AFM president. ... The Federal Trade Commission has issued a complaint against the current commercial continuity used by P. Lorillard Co. for Old Gold cigarettes. ... The OWI has sent a questionnaire to all stations in an effort to eliminate non-essential government material.

# NAB 'Sales' Committee Calls Meeting In N. Y.

(Continued from Page 1)

Low Avery, NAB director of broadcast advertising, includes also a discussion of combination of continuity for two or more products in a single announcement, recommended standards for the determination of coverage maps and various methods of audience measurement. Considerable time will be devoted probably to the recent questions and answers sent by Way to all broadcasters. These were contained in a letter of last month, and were designed to explain WQY's purpose in proposing the naming of a full-time code authority and continual and constant function of either the present code committee or a similar one.

Way's letter discusses various recommendations advanced both in favor of and against his proposal, which is, in essence a call to individual broadcasters to retain or recapture full authority over what goes out from their stations. "What we decide, we will decide," he said. "What we decide not to do, we do not do. We announce our decision as an industry. As operators we control our receivers and transmitters. Ours would be as honest independence."

### Way's Explanation

Way's explanation of how the plan will operate follows: "We assume that the (blank company) is a remedy for burns, through an advertising agency, issues to stations a series of one-minute transmissions, each of which opens with a wailing scream. (No reference to the actual case, past or present, is made.)

Two or more station managers re-examine these transmissions to the code authority; after a quick consultation with the code committee, the code authority issues to all stations a 'hold' order delaying the use of these transmissions anywhere until the code committee can hear the records and make a recommendation.

Within shortest possible time, each station manager operating under the hold order receives the recommendation. This station should not accept these transmissions. Accompanying recommendation is a 'confirmation form' which the station manager signs and signs as an individual manager, formally refusing to accept

# ★ PROMOTION ★

### Household "Calendar"

Novel, colorful, and helpful. Those are the three characteristics of the newest WBIG, Greensboro, N. C., promotional piece. It is presented in calendar form and bears the inscription "Our Tribute To The Women of America Who Have Pledged Their All Until Victory Is Won."

In this instance "all-women" is symbolized by a large lithograph picture of a beautiful WAAC who is presented on a background of cerulean blue.

Beneath the picture which conforms to calendar style is the name of the station and its location. Other than that there is no other mention of the station. It is strictly public spirited.

Beneath the station's call letters, there is a section that resembles a calendar since it is presented in calendar-flap form, but which is in reality sections devoted to the "Commandos on the Home Front." Other sections designed for civilians at home are: "Our Flag—How to Respect and Display," "Civilian Defense Insignia," "Air Raid Precautions," "First Aid-Dressings and Bandages," "First Aid-Dressings and Bandages and Burns,"

said material as being contrary to the 'public interest', convenience and necessity." This form is returned immediately to the code authority. The code authority then, speaking for the stations individually and as an industry, advises the agency for the (blank company) that said transmissions will not be broadcast because they are contrary to the 'public interest', convenience and necessity'.

"The above is an ideal case, in which no differences of opinion are expressed. Differences might delay the final decision but that decision, when finally made still must come as majority opinion of the industry. Responsibility for obtaining that opinion rests squarely upon the code committee and code authority." After a few such cases, advertisers and agencies would be educated to submit questionable material to the code authority first and ask for a decision, thereby saving valuable time and recording costs, etc.

### Stations Obligated

"Economies of operation would demand that the code authority handle many cases, originating from stations, in routine fashion, even though some of the material might reach there before it could be discontinued. Stations still would retain the right, and are in fact obligated under their licenses, to reject objectionable material individually, according to their own opinions."

The following committee members are expected to be on hand: John M. Outler, Jr., chairman, WSB, Atlanta, Ga.; Frank R. Bowes, WBZ, Boston, Mass.; William Malo, WDRC, Hartford, Conn.; Dietrich Dirks, KTRI, Sioux City, Iowa; Donald D. Davis, WHB, Kansas City, Mo.; Arthur Hull Hayes, WABC, New York; George H. Frey, NBC, New York.

### KQW School Tieup

CBS station KQW in San Francisco, has negotiated a tieup with the local schools department, in which students of the George Washington High School will stage a weekly classroom forum on current topics. Deal was set by Louise Taber, educational director of the station. The show will be transcribed, also, and played for schools of the city over KALW, the school department's FM station. George Mullaney, journalism instructor, will preside as moderator of the discussion.

"First Aid-Shock-Artificial Respiration," "What Can I Do?" and "Learn to Recognize German and Japanese Uniforms."

All the instructive chapters are well illustrated; some in humorous sketches, done in the New Yorker Magazine Style, and others are academic.

Beneath all the information a calendar does exist but it hardly can distract from the main purpose of the promotion.

It is another example of the all-important part radio is playing in the War Effort.

# Network Program Trends

## Report on 3 Webs Covers 5 Years Of Operation

(Continued from Page 1)

to accordingly; the Blue has been operating as an independent network for the year 1942 only. However, the survey presents a 1941 breakdown where in the webs are separated.

Study of Mutual programming has been omitted due to the fact that certain source material was not readily available at this time.

Most notable and perhaps obvious, has been gains in the number of broadcast hours and in per cent of the total program hours devoted to news and variety entertainment types of programs. Second noted trend was the decrease in number of

broadcast hours in practically all the other major classifications of programs. Third development was the increase in sustaining, and decrease in sponsored hours of broadcast. Of all the changes up or down in the number of broadcast hours devoted to any one of the major types of program, the most violent befell drama. This classification lost a total of 721 hours.

### An Analysis of Program Forms

This study of programming trends is an analysis of program forms rather than subject matter. All so-called war effort programs, a classification by subject material, have been grouped with all others as per 11 major program types such as music, news, public discussions, variety, drama, general culture, religious, women's, children's, agriculture and sports. In charts accompanying this survey, several of the classifications are broken down into more defined groups common among the several network

statistical departments. Five year comparisons on NBC and CBS are included here also.

### News Programs Gained

Actual gain in number of program hours devoted to news ran to 610 hours, representing a 3.1 per cent increase. In this group have been added straight news reports, analysis, foreign pickups and special events, NBC contributed an additional 297 hours, CBS, 120, and the Blue, 193.

Variety productions gained a total of 103 hours, primarily via the Blue, for both NBC and CBS showed decreases, which were replaced often, in actual production, by special events and other news programming. Last year's bountiful crop of news analysts and commentators is partly revealed in NBC's increase of 198 such hours, half of which attracted sponsors, and the Blue's jump of 223 of which 55 were commercial.

For all the other of the 11 broad classifications, the survey shows fewer broadcast hours, decreases ranging from maximum of 721 for drama, to 20 for agricultural and farm services. The drop in dramatic hours is consistent among all three

## Sponsored Shows A War Casualty Total Sales Up

of the networks, with the decrease falling almost wholly among the commercials. In fact, dramatic sustaining increased slightly on CBS and NBC.

### CBS Music Up

In total, music of all kinds, lost 600 hours, but the decrease existed only on NBC and the Blue. CBS showed a broad jump of 1,953 hours, most of it in the light, entertaining classification, accounting, perhaps, for the reports from band-booking offices that for them 1942 was a banner year for radio. Drop in hours of classical and semi-classical music on NBC caused attributed to the war quite directly. Network's former schedule of formal music festivals had to be canceled completely when war blocked pickups from the European centers.

All three networks showed a decrease in talks and public discussions which included talk series, one-time talks such as political speeches

## Web Program Trends Reveal Effect of War

(Continued from Page 4)

ums, columnists, etc. The drop reached 596 hours for all three, and settled primarily in the commercial ranks, though, in the case of the Blue, the drop was heavy, too, in the sustaining. The decreases in these categories are deemed logical with the spurt in the various news branches which bore the quickened tempo of the times.

### Sport Events Suffer

The additional time NBC devoted to sports, both news and events, was more than offset by the reduced time these types received on the other two chains. Thus in the summary sports lost 109 network hours in 1942. Notable drops were in the commercial sports on the Blue to the tune of 50 per cent, and on CBS's sustaining, 63 per cent.

General cultural and educational programs suffered a slight casualty in hours in the over-all picture, but the single picture on CBS favored the group with an increase of 105 hours. Children's programs dropped 188 hours, religious programs, 89, and agricultural or farm services 20 hours. Only NBC and the Blue set up separate divisions for women's programs, and between those two chains, the type lost 84 hours. Combined, the networks reported 1,423 fewer program hours.

### Gross Sales Higher

All three networks showed slight decreases in total commercial, program hours, though chains gross sales, as reported earlier this year, were all higher than in 1941. On NBC, 41.7 per cent of program hours were commercials, leaving 58.3 per cent sustaining. Last year the relation was 42.2 per cent to 57.8 per cent. Difference between commercial and sustaining on CBS is wider. It is 37.3 per cent commercial and 62.7 per cent sustaining for 1942, and 51.7 per cent to 48.3 per cent in 1941. Blue went to 18 per cent sponsored and 82 per cent sustaining in 1942, from 18.3 per cent sponsored to 81.7 per cent sustaining in 1941.

### Music Wok

Over a five-year period, music, on NBC reached its lowest during 1942, but that is mitigated by fact that the network's method of analysis has changed. In former years, statistical department lifted the musical portions of even variety shows out and counted them as music, and classified the remainder as variety, drama, or whatever the case may have been. New method now leaves each program intact and classified as a unit, so that there would logically, be fewer music program hours in 1942. The change in method, therefore, would work to the advantage of variety which now comes in for its full count, accounting for big gain shown for 1941, when compared with 1940. News showed a steady gain over the years, with war accelerating the gains in 1941 and 1942.

CBS's five-year study, charted differently from that of NBC's, shows

## Columbia Recording Sued By Sir Thomas Beecham

Sir Thomas Beecham, British conductor, filed suit in Supreme Court late last week against Columbia Recording Corp., charging that certain records made by him and the New York Philharmonic-Symphony Orchestra were imperfect and asking for an injunction to restrain the company from the manufacture and future sale of such records. The conductor asks \$600,000 damages.

Attorneys for Columbia Recording Corp., Goldmark, Colin & Kaye, were not available for comment.

## Wedding Bells

Margo Corbett, private secretary to managing director J. E. Cameau in the Windsor, Canada, office of CKLW was married recently to Frank Jeffrey of the RCAF.

the trend separately among commercials and sustainings, though both are in per cents of total program hours. CBS reached its peak year in 1942, for the classification of popular entertainment programs on a sustaining basis. Commercially, that group fell back almost to the low of 1938.

## Slowie Appointed Liaison For FCC And Probe Unit

(Continued from Page 1)

cial Cox Committee to investigate the FCC, RADIO DAILY learned Friday. Selection of Slowie was agreed upon Thursday during a long conference between Chairman James Lawrence Fly and the committee counsel, Eugene L. Garey, New York attorney.

Garey is believed to have assured Fly that the committee has no intention of interfering with the normal functioning of the Commission during the course of the studies his investigators will make. He has promised a staff of 25 lawyers and investigators.

The attorney had no comment to make in reply to a Federated Press story that the whole investigation was a political maneuver designed to aid the 1944 candidacy of James Farley for the White House.

Garey asked that the Commission supply him with copies of all annual reports and all decisions since its foundation, in 1934. He asked also for the names and addresses of all Commission workers who have left Commission employ since 1939.

## CBS' Increased Biz Expands Sales Dept

(Continued from Page 1)

Erikson, CBS Western sales manager, is to become network sales manager and effective April 1, W. I. Roberts, now a member of the department, will replace Erikson as Western sales manager.

Edwin S. Reynolds, a salesman in the radio sales division of the network, is to take over Roberts' position as an account representative in the network sales department. Effective immediately, John J. Karol becomes an assistant sales manager in addition to his duties as market research sales counsel.

### Erikson a Veteran

In taking over the network sales managership, Erikson, a CBS veteran of almost 13 years, fills a position vacant since January, 1940. For the time being he will continue to operate from the CBS Chicago office, expected to take up his duties in the New York office of the network within a few months.

Roberts, who joined CBS a year ago, was formerly a member of the sales department. Prior to that he was with Free & Peters, Inc., station representatives, and a salesman for Today magazine.

Karol, with Columbia since December 1930, has been market research sales counsel since 1939 and prior to that, was director for market research for the network. Now as an assistant sales manager and market research sales counsel, Karol will continue to act as liaison between CBS's sales and the network's station relationships.

Reynolds from Radio Sales Division Reynolds' appointment as an account representative in the network sales department becomes effective March 15. Prior to joining CBS in 1936, he was in the sales department of Mutual and a former copy writer for R. H. Macy & Co., Inc. In Columbia, Reynolds was originally a member of the network sales promotion department and later manager of promotion in the radio sales division. Since December 1939, he has been a salesman in the radio sales division.

In making the announcement, Gittinger added that Allyn Marsh will continue as an assistant sales manager, with the development of new business as his principal responsibility. William J. Fagan will continue to supervise all sales activities and be second in command on administrative matters.

## Boykin On WMAL Quiz Series

Washington — Edward Boykin, author of several books on American history and former New York advertising executive will be master of ceremonies for a new quiz show to be aired by WWAL, local Blue Network outlet. Ten high school students in Washington will appear each Sunday on the "Americana quiz," to answer questions on American history. Sponsor is the Wilkins-Rodgers Mill Co., of Washington.

Joe Nordin, who has been a member of the KN-CBS production staff for the past year, left for organizational March 5 for a new assignment with the James Saphier Agency. Her scores will be to handle the Ransom Sherman show for Roma for producer Tom McAvity.

## Washington "Star" Spots On Six Capital Stations

Washington Year, RADIO DAILY Washington - The Washington Evening Star licensee of WMAL, a blue out, has started a transcribed institutional campaign unique that it employs all six of the local stations - WMA, WRC, WJSV, WOL, WJL and WIC.

The series, headed by Kal Advertising, Inc., is one in 1-minute spots, along with newsboys' cries against street noise background. The slogan, "If You Read It in the Star, it's true" follows, and the disc concludes with a brief skit to put across the reliability of the "star." designed, according to the "Star," to have a prestige rather than circulation.

## Memos Of An Innocent Bystander. . .!

Elizabeth Bemis, first woman newscaster to be signed by CBS, whose programs emanate from the Coast, is quite a news item herself. For instance, in 1937, while travelling to Prague, her train was dive-bombed by Nazis. Later, in Tunis, Miss Bemis, was arrested as a Spy and was released only when the American Consul there, intervened. In 1941, while covering the extensive Official U. S. Army maneuvers in Louisiana, she accidentally stepped in front of a "camera-gun" was declared, "killed in action" - weaker sex huh? Whenever Ransom Sherman, star comedian of the new CBS "Fiesta Rancho" Thursday night, sees a bass fiddle, it recalls to his mind memories. . . such as the time, when as a beardless youth (just a mere shaver, would you say?), his parents, both talented musicians, planned and looked forward to the day when his musicianship would delight them at a future concert. . . that day finally dawned bright and early and Mere et Pere Sherman heard him sawing industriously on the bull fiddle as a member of the university orchestra. . . and promptly advised him to take up something. . . anything. . . else. . . Says Ransom, "that day, Music lost a great artist and the Radio Public lost all hope. . . for then and there I decided to become a radio comedian."

Bob (Thanks to the Yanks) Hawk, who on his Saturday broadcast, gave to the armed forces the 1,000,000th cigarette, met a fair-sexed quizee, who conceded that there ARE two sides to every story. . . her own and the wrong side. . . Al Hecht, actor heard on the "Counterspy" program, appeared for the first and later the dress rehearsals for that show, but immediately afterwards, received, rather belatedly, his expected induction notice, which was scheduled for that same day. . . Where was (Arnold) Moses when the program went out? . . . right there at the mike. . . subbing for Hecht. . . believed to be one of the most extensive of its kind to be conducted by a national network, all daily papers in the capital will be used. Foote, Cone & Belding, Inc., is handling the account.

The standard size "Star," "Post," and "Times-Herald" will receive a total of 13,500 lines each, comprising three 1500-line insertions and nine insertions of 1000 lines each. Twelve insertions of 900-line advertisements will be placed in the tabloid "News."

Divided into three series, each devoted to a specific type of program, the campaign opens with copy promoting WRC's position as a "World News Center," by virtue of its network news programs. Under such headings as "Tune in to WRC-980 on Your Dial—and a Window Opens on the World," and "Here's Why WRC-980 on Your Dial—is Your News Passport to the World," the copy emphasizes the comprehensive all-day news coverage supplied WRC's listeners by NBC's world-wide staff of reporters and commentators. Staff members are personalized with thumb-nail sketches and photographs. The keynote of the series is expressed in the slogan, carried in all copy, "These (program) services are among the benefits of the American System of free radio."

Included in each advertisement is a time-table-listing of all WRC newscasts from 8:00 a.m. to 1:00 a.m.

to accordingly; the Blue has been operating as an independent network for the year 1942 only. However, the survey presents a 1941 breakdown where in the webs are separated.

Study of Mutual programming has been omitted due to the fact that certain source material was not readily available at this time.

Most notable and perhaps obvious, has been gains in the number of broadcast hours and in per cent of the total program hours devoted to news and variety entertainment types of programs. Second noted trend was the decrease in number of

broadcast hours in practically all the other major classifications of programs. Third development was the increase in sustaining, and decrease in sponsored hours of broadcast. Of all the changes up or down in the number of broadcast hours devoted to any one of the major types of program, the most violent befell drama. This classification lost a total of 721 hours.

### An Analysis of Program Forms

This study of programming trends is an analysis of program forms rather than subject matter. All so-called war effort programs, a classification by subject material, have been grouped with all others as per 11 major program types such as music, news, public discussions, variety, drama, general culture, religious, women's, children's, agriculture and sports. In charts accompanying this survey, several of the classifications are broken down into more defined groups common among the several network

statistical departments. Five year comparisons on NBC and CBS are included here also.

### News Programs Gained

Actual gain in number of program hours devoted to news ran to 610 hours, representing a 3.1 per cent increase. In this group have been added straight news reports, analysis, foreign pickups and special events, NBC contributed an additional 297 hours, CBS, 120, and the Blue, 193.

Variety productions gained a total of 103 hours, primarily via the Blue, for both NBC and CBS showed decreases, which were replaced often, in actual production, by special events and other news programming. Last year's bountiful crop of news analysts and commentators is partly revealed in NBC's increase of 198 such hours, half of which attracted sponsors, and the Blue's jump of 223 of which 55 were commercial.

For all the other of the 11 broad classifications, the survey shows fewer broadcast hours, decreases ranging from maximum of 721 for drama, to 20 for agricultural and farm services. The drop in dramatic hours is consistent among all three

### CBS Music Up

In total, music of all kinds, lost 10 hours, but the decrease existed on NBC and the Blue. CBS showed a broad jump of 1,953 hours, most of it in the light, entertaining classification, accounting, perhaps, for 11 reports from band-booking offices for them 1942 was a banner year for radio. Drop in hours of classical and semi-classical music on NBC can be attributed to the war quite directly. Network's former schedule of foreign music festivals had to be cancelled completely when war blocked pickups from the European centers.

All three networks showed a decrease in talks and public discussions which included talk series, one time talks such as political speeches, fe

# Web Program Trends Reveal Effect of War

(Continued from Page 4)

ums, columnists, etc. The drop reached 596 hours for all three, and settled primarily in the commercial ranks, though, in the case of the Blue, the drop was heavy, too, in the sustaining. The decreases in these categories are deemed logical with the spurt in the various news branches which bore the quickened tempo of the times.

### Sport Events Suffer

The additional time NBC devoted to sports, both news and events, was more than offset by the reduced time these types received on the other two chains. Thus in the summary sports lost 109 network hours in 1942. Notable drops were in the commercial sports on the Blue to the tune of 50 per cent, and on CBS's sustaining, 63 per cent.

General cultural and educational programs suffered a slight casualty in hours in the over-all picture, but, the single picture on CBS favored the group with an increase of 105 hours. Children's programs dropped 188 hours, religious programs, 89, and agricultural or farm services 20 hours. Only NBC and the Blue set up separate divisions for women's programs, and between those two chains, the type lost 84 hours. Combined, the networks reported 1,423 fewer program hours.

### Gross Sales Higher

All three networks showed slight decreases in total commercial, program hours, though chains gross sales, as reported earlier this year, were all higher than in 1941. On NBC, 41.7 per cent of program hours were commercials, leaving 58.3 per cent sustaining. Last year the relation was 42.2 per cent to 57.8 per cent. Difference between commercial and sustaining on CBS is wider. It is 37.3 per cent commercial and 62.7 per cent sustaining for 1942, and 51.7 per cent to 48.3 per cent in 1941. Blue went to 18 per cent sponsored and 82 per cent sustaining in 1942, from 18.3 per cent sponsored to 81.7 per cent sustaining in 1941.

### Music Wok

Over a five-year period, music, on NBC reached its lowest during 1942, but that is mitigated by fact that the network's method of analysis has changed. In former years, statistical department lifted the musical portions of even variety shows out and counted them as music, and classified the remainder as variety, drama, or whatever the case may have been. New method now leaves each program intact and classified as a unit, so that there would logically, be fewer music program hours in 1942. The change in method, therefore, would work to the advantage of variety which now comes in for its full count, accounting for big gain shown for 1941, when compared with 1940. News showed a steady gain over the years, with war accelerating the gains in 1941 and 1942.

CBS's five-year study, charted differently from that of NBC's, shows

# CBS' Increased Biz Expands Sales Dept

(Continued from Page 1)

Erikson, CBS Western sales manager, is to become network sales manager and effective April 1, W. I. Roberts, now a member of the sales department, will replace Erikson as Western sales manager.

Edwin S. Reynolds, a salesman in the radio sales division of the network, is to take over Roberts' position as an account representative in the network sales department. Effective immediately, John J. Karol becomes an assistant sales manager in addition to his duties as market research sales counsel.

### Erikson a Veteran

In taking over the network sales managership, Erikson, a CBS veteran of almost 13 years, fills a position vacant since January, 1940. For the time being he will continue to operate from the CBS Chicago office, but is expected to take up his duties in the New York office of the network within a few months.

Roberts, who joined CBS a year ago, was formerly a member of the sales department. Prior to that he was with Free & Peters, Inc., station representatives, and a salesman for Today magazine.

Karol, with Columbia since December 1930, has been market research sales counsel since 1939 and previously that, was director for market research for the network. Now as an assistant sales manager and market research sales counsel, Karol will continue to act as liaison between CBS's sales and the network's station relations departments.

Reynolds from Radio Sales Division Reynolds' appointment as an account representative in the network sales department becomes effective March 15. Prior to joining CBS in 1936, he was in the sales department of Mutual and a former copy writer for R. H. Macy & Co., Inc. in Columbia. Reynolds was originally a member of the network sales promotion department and later manager of station promotion in the radio sales division. Since December 1939, he has been a salesman in the radio sales division.

In making the announcement, Gittinger added that Allan Marsh will continue as an assistant sales manager, with the development of new business as his principal responsibility. William J. Fagan will continue to supervise all sales activities and be second in command on administrative matters.

cial Cox Committee to investigate the FCC. RADIO DAILY learned Friday. Selection of Slowie was agreed upon Thursday during a long conference between Chairman James Lawrence Fly and the committee counsel, Eugene L. Garey, New York attorney.

Garey is believed to have assured Fly that the committee has no intention of interfering with the normal functioning of the Commission during the course of the studies his investigators will make. He has promised a staff of 25 lawyers and investigators.

The attorney had no comment to make in reply to a Federated Press story that the whole investigation was a political maneuver designed to aid the 1944 candidacy of James Farley for the White House.

Garey asked that the Commission supply him with copies of all annual reports and all decisions since its foundation, in 1934. He asked also for the names and addresses of all Commission workers who have left Commission employ since 1939.

Elizabeth Bemis, first woman newscaster to be signed by CBS, whose programs emanate from the Coast, is quite a news item herself. For instance, in 1937, while travelling to Prague, her train was dive-bombed by Nazis. Later, in Tunis, Miss Bemis, was arrested as a spy and was released only when the American Consul there, intervened. In 1941, while covering the extensive Official U. S. believed to be one of the most extensive of its kind to be conducted by a national network, all daily papers in the capital will be used. Foote, Cone & Belding, Inc., is handling the account.

The standard size "Star," "Post," and "Times-Herald" will receive a total of 13,500 lines each, comprising three 1500-line insertions and nine insertions of 1000 lines each. Twelve insertions of 900-line advertisements will be placed in the tabloid "News."

Divided into three series, each devoted to a specific type of program, the campaign opens with copy promoting WRC's position as a "World News Center," by virtue of its network news programs. Under such headings as "Tune in to WRC—980 on Your Dial—and a Window Opens on the World," and "Here's Why WRC—980 on Your Dial—is Your News Passport to the World," the copy emphasizes the comprehensive all-day news coverage supplied WRC's listeners by NBC's world-wide staff of reporters and commentators. Staff members are personalized with thumb-nail sketches and photographs. The keynote of the series is expressed in the slogan, carried in all copy, "These (program) services are among the benefits of the American System of free radio."

Included in each advertisement is a time-table-listing of all WRC newscasts from 8:00 a.m. to 1:00 a.m.

# FCC's Annual Report Reveals Large Increase In Time Sales

(Continued from Page 1)

may be examined at will at any field office of the Commission.

In its closing section, on financial statistics, it outlined the broadcast operations record during the 1942 fiscal year, stating that;

"The broadcast business in the United States received from the sale of time \$178,091,043 in the calendar year 1941, an increase of \$23,267,256, or 15 per cent, over the amount for 1940, according to financial data filed with the Commission by three nationwide network companies, the seven regional networks, and 817 stations.

### Talent Sale Revenue Up

"In addition to time sales, the industry reported revenues of \$15,190,335 from the sale of talent and other services during 1941, an increase of \$2,008,387 over the amount reported for the previous year. Broadcast service income (operating profit) of the entire industry for 1941 exceeded the amount reported for 1940 by more than \$11,542,318, or about 35 per cent.

"The three nation-wide network companies (NBC, CBS and Mutual) reported combined time sales of \$79,621,534 for the year, up about 11 per cent over 1940.

"The National Broadcasting Co., through its dual networks, accounted for \$40,378,764, while the figures for CBS and Mutual were \$34,386,040 and \$4,856,730, respectively. They paid to stations under contract and to regional networks \$25,651,249 compared to \$22,123,760 in the year previous.

"The combined broadcast service income as reported by NBC, CBS and Mutual, including the operations of their networks and stations, was \$16,897,944 before federal income tax. After provision for federal income tax, the net income was \$4,579,315 for NBC, \$5,633,297 for CBS, and a loss of \$32,279 for Mutual.

### 177 Showed Deficits

"The purely non-network business (time sold to local and national advertisers by the 817 stations) of the industry was \$97,379,610, bettering the previous year by \$15,482,374, or approximately 19 per cent. The broadcast service income of 784 stations not operated by or for the networks amount to \$27,056,162, an increase of \$7,932,553, or approximately 41 per cent.

"A total of 177 stations reported broadcast service deficits in 1941. These stations had total time sales of \$7,629,969, total expenses of \$8,706,066 and lost in the agreement \$1,209,795, these figures include losses for 10 of 54 new stations, the remaining 44 having operated at a profit. However, the number of stations showing

broadcast service deficits was under the figure for 1940, when 187 stations lost \$1,551,612.

"As of December 31, 1941, the industry employed 24,728 persons. The payroll for the year 1941 was \$50,668,977."

Among broadcasting statistics, the following tables were included:

## Visions Future Radio-FM And Tele

Washington Bureau, RADIO DAILY  
Washington—Radio communication  
is about to emerge from the "horse  
and buggy days," said FCC Chairman  
James Lawrence Fly yesterday dur-  
ing a discussion of the relaxation  
of Commission rules regarding FM  
television applications. He said  
that "a very few years" there will  
be only one service. "This business  
of having television broadcasting,  
radio broadcasting, FM, facsimile  
and separate receivers and separate  
transmitters—that will all be washed out,"

## Wax Museum At "Science" Exhibit

Washington—The "Wax Museum" conducted  
by Lawrence Lawrence, will participate  
in a science and industry exhibit at  
the Museum of Science and Industry,  
Rockefeller Center, starting March 16,  
representing a visual history of radio  
and television, with co-operation coming  
from RCA-Victor, Columbia Records,  
Decca Records and the United States  
Patent and Trademark Office. The  
display will include a hand-  
made Bell and tainter Graphophone

## Program Co-Op For Maryland Troops

Washington—Arrangements made by Stanley P.  
Johnson, head of NBC's London  
office, with the British Broadcasting  
Company, has made it possible for parents  
of Maryland troops to hear the voices  
of their sons through semi-weekly  
radio interviews broadcast over  
the radio.

## Fighting 4 F's

Washington—Sadly depleted,  
but still kicking, is the staff of KDB.  
Reduced from fourteen to five, the  
staff consists of: three engineers—  
one with one eye, one with one leg,  
and one with one side partially  
paralyzed—who announce and  
operate on programming, station  
manager doubling on sales and  
publicity and a secretary-reception-  
ist and traffic chief.

### "Discovered"

Now that Jerry Wayne, crooner  
on the "All Time Hit Parade" via  
NBC appears to be doing okay  
from Carnegie Hall, he is con-  
stantly being "discovered" now by  
various talent scouts representing  
the movies. When Wayne went to  
Hollywood a few years ago, the  
nearest he got to pictures was as  
a waiter in the M.G.M commissary.

## Disk Firms Propose 5% Increase For AFRA

Washington—Transcription and record com-  
panies, meeting with AFRA yester-  
day, proposed a 5 per cent increase  
in the transcription code minimums  
as a counter proposal to the 10 per  
cent asked by the union. This is the  
third set of salary increases asked for  
by the union during past few months.  
On the live sustaining and commer-  
cial pacts, union compromised on 10  
per cent, having asked 16.7 and 19  
per cent respectively. Sustainer is

NBC Expands News Staff Both At Home And Abroad

(Continued from Page 1)

London news organization has been augmented by Don Hollenbeck, formerly on the staff of the U. S. Office of War Information in the British capital. Hollenbeck's news career began while he was a student at the University of Nebraska. In 1940 he joined NBC's news department in New York. Shortly after war broke out, Hollenbeck moved to the OWI's overseas branch.

Hollenbeck will be heard frequently on NBC's World News Roundup each week-day at 8 a.m., EWT.

Another veteran reporter and author, La Selle Gilman, will soon be heard on NBC's Pacific Coast network, broadcasting from Honolulu, T. H. Much of Gilman's news career has been spent in Asia and the southwest Pacific region. He worked in New Zealand, spent 8 years in China and Japan, and 4 years in the Hawaiian Islands. Gilman is the author of two books on China. A third, to be published soon, will deal with warfare in the Pacific.

In NBC's news office at New York, Len Morgan, formerly of the Chicago "Sun," has joined the news writing staff.

N. Y. Bill Would End Ban On Child Air Appearances

Albany—A new bill to strike out present prohibitions against radio appearances of children under 15 when not harmful to their health, education and morals was introduced last night by Assemblyman Harold B. Ehrlich.

The measure seeks to overcome objections of New York City's government that the educational permits would involve a new bureau due to the detail. It specifies that in cities of a million or more population, issuance of the permits can be made in the manner they deem best by the local authorities.

With this amendment, the Ehrlich measure is expected to be reported out of committee shortly.

# **BOMB SIGHT TO HIT BALTIMORE!**

Near misses don't count in radio. National and local advertisers are learning that. In Maryland they've discovered that WFBR covers the vital Baltimore market as effectively as some of the recently introduced Allied "Block Busting" Bombs. You hit the target you aim at!

And when you hit the 6th largest city in the country, with WFBR's concentrated force, something happens to sales.

WFBR doesn't try to cover Virginia, Pennsylvania, New Jersey, Delaware or West Vir-

ginia. Our job is Baltimore. We use the electrical power that does just that. WFBR believes that those scattered states have radio stations right in their own backyards with their own loyal listeners.

In Baltimore . . . it all adds up to this: In Baltimore . . . WFBR gives a magnificently clear signal DAY and NIGHT. Baltimore people enjoy the station. Advertisers save money by buying coverage . . . and not just power that's costlier and too often wasteful.

"Inglewood Park Concert," now heard over KNX from 7:30 to 8:00 p.m., PWT. Sundays shifts to Tuesdays 7-7:30 p.m., effective March 9.

NBC package sales is offering Rupert Hughes in a new type of commentary. Several firms are reported interested.

Song of the WAACS, "When The WAACS Go Marching Along," written by the Rudy Vallee producer, Dick Mack, and introduced on Rudy's show, is being published this week by Mills Publishing Co.

The tune, written as a tribute to the program's secretary, Diana Carleson, who joined the WAACS, was later accepted by the WAACS as their official marching song.

Dinah Shore, whose Blue Network Friday night song program "In Person" is heard transcontinentally, plans to move the entire program to New York sometime in March for a period of six weeks, returning to Hollywood in time to assume her second picture role early in May.

Felix Mills' brief oratorio, "Bataan Arise," will be premiered on an Easter Sunrise service in Southern California, sung by a college glee club and conducted personally by Mills.

One of the rarities of radio—a female gag writer—will help turn out the weekly comedy routine for the new Groucho Marx program, "Blue Ribbon Town," which debuts over CBS March 27. She's Selma Diamond, one of Hollywood's cleverest funny women.

Donna Wood, singing star on the Horace Heidt "Treasure Chest" program, this week announced her engagement to Private Ralph Dietz of the U. S. Army. They expect to be married on his first furlough sometime in April. They met three years ago when Donna was doing the "Pot O' Gold" picture with Heidt. Donna will remain with the Heidt program while Dietz is in the Army.

NEW PROGRAMS-IDEAS

"Glee Club"

A college glee club festival is being inaugurated by WAPI, Birmingham, Ala. In a series of thirteen half-hour broadcasts, twelve Alabama colleges are competing for a grand prize of \$100. Judges listen and vote on all the glee clubs. Their decision counts 70 per cent and the popular vote of the radio audience the other 30 per cent. Each glee club is receiving \$15 for entering the contest. Programs are picked up by remote control from college auditoriums.

Publicity campaign is being run by sponsor's representative in each town, with the cooperation of college papers and alumni associations.

Marks Loses Decision On Use Of "Islands" Song

Supreme Court Justice Samuel Bernstein yesterday dismissed an action brought by Edward B. Marks Music Corp. against Twentieth Century-Fox Film Corporation, Twentieth Century Music Corp. and Bregman, Vocco & Conn, Inc., in which Marks sought to enjoin the film company from using "Sing Me a Song of the Islands," written by Mack Gordon and Harry Owens and featured in the film, "Song of the Islands."

Marks claimed that Charles B. King wrote the Hawaiian song, "Na Lei O Hawaii," known in translation as "Song of the Islands." Marks granted to 20th Century-Fox non-exclusive rights to the song for \$3,500. Marks complaint charged that the film company substituted "Sing Me a Song of the Islands," thus violating the agreement. Accounting and damages had been asked.

## Find American Shows Popular In Canada

(Continued from Page 1)

adian programs which command the largest Canadian audiences, are listed as follows:

1—Fibber McGee; 2—Lux Radio Theater; 3—Jack Benny; 4—Charlie McCarthy; 5—"Aldrich Family," and "Treasure Trail" (tie for 5th place); 7—Kraft Music Hall; 8—Fred Allen; 9—N. H. L. Hockey and 10—"Waltz Time."

There are two Canadian radio programs in this first 10—"Treasure Trail" and the National Hockey League program.

### Canadian Show Ratings

Walter Elliott of Elliott Haynes Co., who made a research into radio's value, told Chamberlain that a survey of a proportion of the 1,800,000 radio set owners in Canada gave the following as the leading eight Canadian evening shows.

- 1—"Treasure Trail," 30%—540,000
- 2—N. H. L. Hockey, 22%—396,000
- 3—"Canadian Theater of the Air," 17%—306,000
- 4—Share The Wealth, 17%—306,000
- 5—Lipton's Ten Musicale, 16%—288,000
- 6—Alan Young, 13%—234,000
- 7—"Penny's Diary," 11%—198,000
- 8—"Voice Of Victory," 10%—180,000

### Afternoon Programs

In the afternoon radio programs Claire Wallace on the CBC network has an audience of half a million listeners daily.

Following is a list of the other rating afternoon shows heard in Canada: (three of these are of Canadian origin, Claire Wallace, Happy Gang, and "Soldier's Wife.") Claire Wallace, 25%; Happy Gang, 16%; Soldier's Wife, 15%, also "Big Sister"; "Road Of Life"; "Vic and Sade"; "Ma Perkins"; Lucy Linton; "Pepper Young's Family" and the "Mary Marlin" program.

"No survey has yet been conducted to ascertain how many people listen to each set, but a fair estimate would be that three people on the average listen to each radio." This means a potential audience of 5,400,000 in Canada, Chamberlain reported.

### Quotes Wrigley

He adds: "If you were to ask Allan Ross, president of William Wrigley Jr. Co. of Canada, sponsor of 'Treasure Trail' if Canadians listen to Canadian radio, he would have a ready reply for you. Ross has publicly stated that over 13,000,000 letters have been written to 'Treasure Trail' in the four years and nine months it has been on the air."

On a recent Tuesday evening when it was announced by the newspapers of Canada that an important announcement would be made at 10 p.m. a national survey was made throughout Canada and, concludes Chamberlain, it was learned that seven out of ten adults, or 67.6 per cent of the potential radio sets were tuned in at 10 p.m., to this particular announcement which reported the meeting of President Roosevelt and Winston Churchill at Casablanca in North Africa.

## NETWORK SONG FAVORITES

This weekly survey is based on the copyrighted Audience Coverage Index report of the Office of Research—Radio Division, covering the period of Feb. 25-March 3 inclusive. The survey provides a scientific index of the relative extent to which these popular songs have been heard by a nation-wide sample of radio audiences.

The index is based on three kinds of research data: (1) the total number of performances heard and reported in New York by the Accurate Reporting Service for WEAf of NBC, WJZ of Blue, WABC of CBS and WOR of MBS, 8 a.m. to 1 a.m. daily, EWT; Middle-west performances heard and reported in Chicago by the Radio Check-up Service, 9 a.m. to 1 a.m. daily, CWT; West Coast performances heard and reported in Los Angeles by the Radio Checking Service, 9:30 a.m. to 1 a.m. daily, PWT, (2) additional station-uses for network programs and (3) the relative size of listening audiences as based on regular surveys of radio sets-in-use by C. E. Hooper, Inc. and Pulse of New York, Inc., as well as on other special surveys.

The higher a song's Audience Coverage for the week, the greater the extent of its radio coverage. Current radio favorites from the American repertoire of popular music are segregated and presented as "Favorite Standards of the Week."

## Manpower Move Near FCC Aloof On Talent

(Continued from Page 1)

publicized "Super War Cabinet," consisting of presidential intimates James F. Byrnes, Harry Hopkins, Bernard Baruch, Justice Samuel Rosen and Admiral William D. Leahy, has been studying the problem of how best to utilize available manpower. Meetings have been called and there has been no hint yet as to what particular line the group has been veering toward.

### Expect Flexible Program

With Congress up in arms over the threatened shortage of farm labor, approaching draft of fathers and various other matters connected with the manpower program of Paul McNutt, head of the War Manpower Commission, it seems certain that the five man group will come forth with some flexible sort of program designed both to appease Congress and up the efficiency of manpower utilization. Whether it would be possible to lay out such a program is questionable but political expediency demands that just such an attempt be made.

Washington Bureau, RADIO DAILY

Washington—FCC has no intention of aiding broadcasters who might find it necessary to obtain draft deferment for vitally needed talent. Chairman James Lawrence Fly made it plain yesterday. There has been no general request for aid along the lines of "keeping actors on the air," he said, although a "limited number of such requests have been brought to my attention."

The Commission has adopted no policy on the matter, Fly said. "We simply haven't considered that problem generally, and I hardly know what our policy might be if we were to look into it. As you know, our effort even in the general manpower line has been to get the classifications of jobs of each man performing essential service so it would be identified and understood and would be recognized as essential."

### Seek Kyser Deferment

The matter of draft deferment for morale-building talent came to the fore again here yesterday when Selective Service Director Hershey brought to the attention of President Roosevelt an appeal from the decision of the local draft board which placed Kay Kyser in the 1-A classification. The morale-building factor was stressed in asking deferment for the orchestra leader.

### Harsch Starts On CBS Monday

Joseph C. Harsch, who has been named as analyst and commentator on the new "Meaning of the News" series on CBS, broadcasts his first program on Monday, March 15, from 6:55-7 p.m.

Harsch's experience as foreign correspondent includes service in Pearl Harbor at the time of the Japanese attack, also in Germany, France, Denmark, Belgium and Czechoslovakia.

# Visions Future (Radio-FM And Tele)

(Continued from Page 1)

FCC chairman said. "In the course of years—of course we don't know just how many, but I would say it is not very far around the corner—we will have one very thoroughgoing and efficient broadcasting.

### Sees Chain Operation

He would conjecture that it would be based upon the best of the experiments we have had to date and that we get out of the war in the FM field and in television, particularly color television, which at that time may be perfected.

It will be chain operating carried by radio relay. Radio relay problems are pretty well licked by now.

It would naturally be chain operation because we have the promising costs—the difficulty of promoting television itself in the smaller stations.

He should not be surprised if in the course of years you will have only one receiver. You will have as a basis for highly efficient FM operation when at appropriate hours the television programs. Every hour or so you will come down and tear off the news reports."

His requests for reinstatement of applications have been received and announcement that FM and television applications will be allowed to remain on the books for the duration rather than being dismissed, as is the practice with applications for broadcast stations. The requests were from WDRC, Hartford, the Amarillo Broadcasting Co., Amarillo, Texas, the Houston Broadcasting Corp., Houston, Texas, and the Bremer Corp., Jersey City.

### Reasons for Ruling

The ruling was adopted, Fly said, because we want to encourage FM and television as much as we can and cause the least trouble possible. The things we want to get a demonstration of the good faith and intention of the parties to do and put up FM and television stations and serve the public with them. There were not enough of those stations that they would be coming from the quantitative point of view, and most localities of course are plenty of frequencies so there would not be the same excitement and difficulties that we have in the standard broadcast field where there is a great shortage of frequencies."

## Associates Dine Murray On Retirement From CBC

Toronto—A farewell dinner was tendered Major Gladstone Murray at the University Club on the occasion of his leaving his post as director-general of broadcasting in the Canadian Broadcasting Corporation to enter public relations work in the industrial and business field.

Speeches of tribute were made by Dr. James S. Thomson, who succeeded Major Murray as general manager of the CBC, and Harry Baldwin, CBC treasurer, who made a presentation of two silver trays on behalf of the entire staff of the CBC. In reply, Maj. Murray spoke of the development of national broadcasting in Canada since he had joined the CBC and the part it must play in the future. Messages of greeting were read by Dr. Thomson from Prime Minister Macenzie King and Dr. Augustin Frigon, assistant general manager of the CBC, who was in Washington on a business trip with Donald Manson, chief executive assistant.

## Ruml, Tax Plan Author, On NBC Web March 15

Much discussed Ruml tax plan, which offers a pay-as-you-go solution to the knotty problems of March 15, will be discussed over an NBC network on that day at 11:15 p.m., EWT, by no less a proponent of the measure than Beardsley Ruml himself.

Speaking from San Francisco, Ruml will analyze the tax problem as the nation's millions report to Internal Revenue offices and submit at least the first quarter payment on the highest income tax in the country's history. He is the originator of the tax plan bearing his name.

## Occident Flour On WWNY

Occident Flour through its local distributor has started a series of fifteen-minute broadcasts Monday, Wednesday and Fridays over WWNY, Watertown, N. Y. The programs feature Virginia Roberts, noted home economist.

## 'War Correspondent' Adds Eight New Subscribers

Eight more stations have subscribed to "War Correspondent," transcribed dramatizations of reports of Associated Press at-the-front correspondents. They are as follows: WMBD, Peoria, Ill.; WSPD, Toledo, Ohio; WJAR, Providence, Rhode Island; WING, Dayton, Ohio; WIBX, Utica, New York; WSB, South Bend, Indiana; KLRA, Little Rock, Arkansas; WREC, Memphis, Tennessee. Series, which features John B. Kennedy as narrator, Jimmy Wallington as announcer, and dramatic cast including Robert Chisholm, Peter Capell, Philip N. Clarke, Humphrey Davis, Roger De Koven, Adele Ronson, Jackson Beck, Betty Cashman, Jack Manning, and David Kerman, is written and produced by the New York office of Frederic W. Ziv, Incorporated under direction of John L. Sinn, vice-president. "War Correspondent" is a sequel to "Eye Witness News," now sponsored on 120 stations.

Another Ziv production, "The Korn Kobblers," has added the following list of outlets: WCBS, Springfield, Ill.; WSOY, Decatur, Ill.; WJPF, Herrin, Ill.; KFVS, Cape Girardeau, Mo.; KDRO, Sedalia, Mo.; KBTM, Jonesboro, Ark.; KXOK, St. Louis, Mo.; KFSD, San Diego, Calif.; WIND, Gary, Indiana; KTAR, Phoenix, Arizona. In addition to the "Korn Kobblers" talent on this series includes Alan Courtney, emcee; Redd Evans, comedian; Charlie Wayne, guest, and Kay Lorraine, soloist.

## NCAC Promotes Smith

Robert E. Smith, formerly in the radio sales department of National Concert & Artists Corp., has been named manager of the special attractions department of the talent management firm. Smith has been with NCAC for the past year and was formerly connected with NBC Artists as director of auditions for artists. His assistant is John Collins.

The special attractions department is responsible for personal appearances of artists under contract with NCAC.

## \$300,000 Damage Suit Over Comedy Program

(Continued from Page 1)

damages. Litigation was instituted by C. Frank Anderson through his attorney Philip Handelman, papers having been served on defendants over the week-end.

Suit alleges that the plaintiff conceived the idea of the program in 1939, and had submitted it to NBC and WOR in same form that it is currently aired over both channels and sponsored by Colgate-Palmolive-Peet and Kirkman & Son respectively. Held that it was submitted with understanding that if it were used, the plaintiff would be paid for its use. Plaintiff then reduced idea to concrete form for further consideration by the network and station. Idea was submitted to "Senator" Ford, Harry Hershfield, and Joe Laurie, Jr., who, it is claimed, were informed of the fiduciary relationship existing between plaintiff and the broadcasters.

### Injunction Sought

Action seeks an injunction to enjoin defendants from continued broadcasts, and seeks to recover \$300,000 damages to which plaintiff claims he is entitled.

## Canada Navy Establishes "Radio Artificer" Rating

Montreal—Royal Canadian Navy has instituted the rating of "radio artificer," a branch in which men will be employed on the maintenance of wireless telegraphy and radio direction-finding equipment both ashore and afloat.

A naval order published in the Canada "Official Gazette" said that electrical artificers engaged in radio direction-finding duties and ratings employed in wireless telegraphy maintenance work will, if recommended by their superior officers, be transferred to the new branch. They will be given qualifying courses at the Canadian Naval Signal School as opportunity offers.

**I**N LINE with the growing interest in, and necessity for, Victory Gardens, WFIL, Philadelphia, plans a series of programs designed for beginners, of which there are many. The broadcasts will be in the nature of informal discussions of the amateur gardener's problems—"down to earth" talks on the elements of garden-making. Dr. Jane Leslie Kift, garden editor of the Philadelphia "Inquirer," will run the show.

KOB, Albuquerque, N. M., is presenting a new half-hour series entitled "The American Challenge." Transcribed series deals with great Americans who have contributed to the development of the United States. Schools are working in conjunction with KOB by posting advance notices of the broadcasts for the benefit of their American history students in particular.

Bob Harris, WMCA, New York, announcer, will preside at auctions in local theaters next week selling autographed baseballs of the Brooklyn Dodgers, the funds of which will be used to help defray the cost of a memorial to Colin Kealy's bombardier, Meyer Levin.

Bill Moshier, Farm and Public Affairs director of KIRO, Seattle, has been cited by the Treasury Department for the sale of over a million dollars in War Savings Bonds on his program. He conceived the idea of auctioning off a cow and a stallion, with a family's total purchase of war bonds during December constituting a bid.

The Bellevue Monumental Works of Lawrence, Mass., have renewed their contract with WLAW for the fifth consecutive year. The program, as in the past, will be a combination of organ music, poetry and choral music woven around the commercials. It is aired on Friday afternoons at 3.

Cloyd Head, news commentator, is being sponsored by McKesson & Robbins on a Monday through Friday basis over WQAM, Miami, from 12:30-12:45 p.m. for Belex Vitamin B Complex. J. B. Tarcher & Company handled the account.

Harry Adams, announcer and salesman at WWNV, Watertown, N. Y., is replacing Jean H. Clos, Jr. as program director of the station. Clos will join the staff of WHAS, Louisville, Ky.

W55M, Milwaukee, reports that FM is not suffering from an acute case of anemia. Recently Schuster's Department Stores signed a contract calling for a five-minute newscast every day in the week for the coming year, and a half-hour musical offering every Thursday night for the same period. Other indications of FM activity at the station are the thirty-three "live" shows that are aired every week.

To honor the twenty-four members of the WWL, New Orleans, staff who have left the station to serve their country, a bronze tablet bearing the names of those who have left, now graces the wall of the station's reception room.

When Jack Petrie, former commercial manager of WDLF, Panama City, Fla., was given an honorable discharge from the Army, "The 4:30 Club For Service Men," a regularly schedule of tunes and service men doings, was turned into a welcome broadcast for Petrie to make him feel right at home.

A year ago when the manager of the Roland Ladies and Children's Store contracted for the exclusive news coverage over WCBS, Springfield, he established a precedent in the business circles of that city. Recently he added to that precedent by renewing the contract for another fifty-two weeks.

Charlie Roberts, farm editor of KLZ, Denver, in cooperation with Colorado State College of Agriculture, is offering listeners a farm account book, which is given to farmers anxious to keep complete business records and inventory. At the end of the year, farmers may send their complete book to the College Extension Service for analysis. A farmer, from Goodwater, Saskatchewan is the most distant listener to send in a request for the book.

"The Answer Man" program renewed its contract with KSTP, Minneapolis-St. Paul for an additional 13 weeks. It is heard twice a week at 6:30 p.m., Tuesdays and Thursdays. To aid the enlistments of home nursing students, nurses' aids and registered nurses for military service in connection with the current Red Cross campaign, the station recently held a nurses' night at both Twin Cities' Studio.

Purchase of added time by Jo Delinois, producer of French programs, on WBNX, tion every night except Saturday. Delinois, started on station with two periods and has now upped to six.

Last Sunday night was the starting date for the newest commentator to be heard over WIP, Philadelphia. John Stanley's "Tonight's World News" sponsored by the W. L. Douglas Shoe Stores, is the latest news commentary to be added to the station's roster which lists Gabriel Heatter, Raymond Clapper, and Upton Close.

A WCKY, Cincinnati, service for ration-worried housewives has proved quite popular. Sylvia Brown, home economist for the Family Consultation Service, is receiving hundreds of requests for a simplified food rationing chart she is offering in her "What About Food" series. Chart explains point system and buying under food rationing.

Julius Glass, formerly with WGAR, Cleveland, has joined the staff of WGKV, Charleston, W. Va., as continuity and promotion director. In keeping with personnel changes, John Maclean, at one time connected with WHDH, Boston, is the newest member of the announcing staff.

Not related to the late Alexander Woolcott, is the "Town Crier" a program sponsored by Handleman's department store dealing with local news items, Civic Club news, and miscellaneous school news. It is conducted by Elbert Graham, general manager of the store, over WCBL, Columbus, Miss.

Jeanie Brainerd, Detroit night singer, has been made the star of the "Free and Easy" program from WJR-Detroit, at 8:30 a.m., 1 day through Friday. The program conducted by "Skeeter" Palmer includes accordion, violin, guitar, bass and plays popular music.

Franklin Gates, Red Cross National Field Representative, who recently returned from the Solomon Islands and Pacific war area appeared over WDAY, Dayton, in a broadcast that originated at a special Red Cross Meeting in Miami Hotel.

Toledo—When fetching his laundry, Charles Baxter, WTOL announcer, was greeted ecstatically by the Chinese laundrymen. After much difficulty, he found they had heard authentic Chinese music over WTOL. Racking his brain to recall such a broadcast, Baxter finally figured out it must have been the music theme of "Terry and the Pirates!"

four months ago, it was further revealed by the OWI officials, who stated that deferment also was asked for Freeman Gosden, of the "Amos 'N' Andy" program, and Harold Perry, of the "Great Gildersleeve" show.

Kyser, Gosden and Perry were members of the radio advisory council of the OWI, formed of 25 very popular radio stars to consult with the OWI on radio programs. The agency has interceded on draft matters for eight of these 25 stars, although it has had to forego intercession, since the executive order of two months ago barred draft exemption for federal employees.

Among those for whom the OWI interceded, in addition to the three above named, were Edgar Bergen, Red Skelton, Bob Hope Nelson Eddy and Lanny Ross, all known both for radio work and as film stars.

Reason for the intercession, said Douglas Merservey, acting chief of the OWI radio bureau, was that "we can't get our government messages before the people of the United States unless we allow them their favorite entertainers. He added that it is recognized the value of these men behind a microphone is many times what they would have behind a gun.

Friday at 2:15 to 2:30 (PMT). Waters will be available to all Mutual stations as a sustainer between "Commentaries of Cedric Foster" and "Mutual Goes Calling." It will be available for local sponsorship on all Mutual affiliates at a talent charge based on prevailing local union scale in each city.

Waters made his radio debut as the "Ozark Ranger" over KMBC in the early thirties. Later his name was shortened to "Ozie" when he founded KMBC's "Texas Rangers." Seven years ago he moved to Colorado to found the "Colorado Rangers" radio show which was aired weekly on a long run for the Ford Motor Company Mountain Division. For the past winter it was sponsored locally by the Vick Chemical Company.

He was officially commissioned "Captain" of the Colorado Rangers by Governor Johnson. He previously guested on network shows but this will be his first regular network series.

## PROMOTION

### Programs For Retailers

As an aid to better promotion and merchandising, WLW, Cincinnati, broadcasts three programs once a week for the grocers, druggists and tobacconists in Indiana, Kentucky, Indiana and Ohio.

These programs present a series of tributes to the merchants in a particular city or area and feature a message from a prominent dealer of that area on each program.

"Smoking Pleasure," program for tobacco dealers recently aired the suggestions of the manager of a large Indianapolis cigar company in a tribute to that city's dealers. "Ballads By Brito," the grocers' broadcast, carried a tribute to Lima, Ohio, grocers in a statement from the president of the local Retail Grocers' Association. The druggists' show, "Your Romance Music," carried the words of an executive of the Licking County, Ohio, Druggists Association in tribute to druggists in that area.

The whole project is designed to create better co-operation and understanding among dealers in the WLW area, and leads to a free interchange of ideas and plans to meet the problems of merchandising in a war economy.

### Three Accounts Return For Spots Over WABC

WABC announces the addition of three clients this week—Gordon Baking Co., H. C. Bohack & Co. and the Roxy Theater. For its sixth campaign over WABC, the first having been aired in 1939, Gordon Baking will sponsor the "Five of Seven News," with Gordon Eaton reporting Tuesday, Thursday and Saturday from 6:55-7 a.m. In addition the client will participate in "Personally, It's Off the Record" Monday through Friday from 5:45-5 p.m. Gordon's participations begin March 10; its sponsorship of the news show starts March 11. C. L. Miller Co. handles the Gordon Baking account.

H. C. Bohack & Co. returns to WABC to participate in Adelaide Hawley's "Woman's Page of the Air" Monday, Wednesday and Friday, for the Bohack Stores in Brooklyn, N. Y. Its participations will be heard from 8:45-9 a.m., on the contracted days. E. M. Freystadt Associates, Inc. is the agency handling the account.

The Roxy Theater has launched an intensive campaign over WABC for its current attractions, "The Young Mr. Pitt" and the Roxy stage show headlined by Grace Moore. Roxy will participate in the 7-7:45 a.m., "Arthur Godfrey" program, Monday through Friday; it will sponsor the WABC musical program "Music For Today" Monday and Wednesday from 8:15-8:20 a.m., and will participate in the "Woman's Page of the Air" from 8:45-9 a.m., on Tuesday. The agency handling the account is Kayton-Spiero Co., Inc.

### "This Is Youngstown"

"This Is Youngstown" is the caption-title of the WKBN, Youngstown promotion-folder that emphasizes the importance of the station in reaching the 75,000 workers that are working day and night in the Youngstown area and of its influence among 1,599,819 people within primary earshot of its transmitter.

The folder, a simple presentation, is done in black and white with only one section of the inner side of the folder carrying any printed matter. The single photograph in the folder is a dramatic black and white shot of a Bessemer Converter shooting its white-hot flames skyward.

The simplicity of the promotion highlights the facts that are presented. It points out that WKBN is the only CBS station to serve that section of the country; and that it serves an area where people in 1940 spent over a half a billion dollars in retail stores and that they are spending more than that today.

The station presents all Columbia's outstanding programs and also produces local shows. It operates on 5,000 watts day and night over 570 kc. and is represented by Paul H. Raymer Company.

### No Petrillo Probe Action Before Tuesday—Clark

Washington—There will be no action by the special Senate Interstate Commerce Sub-committee named to investigate the Petrillo recording ban before the Chicago conference next Tuesday, Chairman D. Worth Clark, Idaho Democrat, told RADIO DAILY yesterday. "There's nothing for us to do as long as negotiations are on," he said.

The committee has not been together since its hearings nearly two months ago, and unless all settlement efforts fail it is unlikely that the inquiry will be resumed.

Senator Clark obviously has no intention of probing the record industry, although his hand may be forced by the New Hampshire Republican Charles W. Tobey, who has made it plain that he would like to see the inquiry carried much further.

### WINS' Special Event

WINS will air a special feature consisting of comments from picture and radio trade notables who will attend a private preview of John Steinbeck's "The Moon Is Down" at 20th Century Fox's projection room here, Thursday, March 11, 10:30-11 p.m. WINS mike will be set up in the projection room. Among those who will attend the screening and who are slated to say something on the air are Howard Barnes, picture critic on the New York "Harold Tribune"; Constance Bennett, Sir Cedric Harwicke; Elsa Maxwell; Sydney Moseley; Jack Pearl; Lt. Gilbert Roland; Monty Woolley, and Roland Young.

club members in the United States who have regular weekly meetings," Terry states. "And no doubt many stations can do the same thing we are doing with Treasury Star Parade transcriptions, namely, provide these meetings with the transcription, 33-1/3 equipment and amplifier." Terry also added that in cities where there are no stations a nearby station can furnish the "Parade" transcription after broadcasting it, providing the local War Bond chairman would furnish the necessary sound equipment. According to the Terry, playing the transcriptions regularly at civic group luncheons does the following: entertains the audience; gets good bond selling messages across to receptive groups; builds up lasting good will among the business leaders toward the local station which is engaging in this operation.

In instances where this co-operation takes place, it would be necessary for stations to assume responsibility for return of the transcription owing to the scarcity of materials.

### WFAS Granted Full Time Also Shift Of Frequency

Washington Bureau, RADIO DAILY

Washington—With Commissioners Case and Craven dissenting, the FCC yesterday announced that it has granted the application of WFAS, White Plains, N. Y. to change frequency from 1240 to 1230 kilocycles go on unlimited time. The station shares time now with WGBB, Freeport, N. Y.

Frank Weltmer, chief announcer of KTMS, Santa Barbara, has been appointed program director of the station, succeeding Ken Peters, who resigned to join the OWI in San Francisco. Weltmer was formerly announcer and continuity editor of KOY, Phoenix.

The news, and the meaning of the news from various viewpoints, will be presented to Pacific Coast Blue listeners in a Monday through Friday "Blue Newsroom of the Air" broadcast to be launched on Monday, March 15. The program will be heard from 1-2 p.m., PWT.

Chester Morris will appear as guest star on the Tommy Riggs and Betty Lou broadcast of March 19, which will be aired from Camp Haan, Riverside.

Union Oil Company held its West Coast meeting for 7,500 dealers and station managers "via-the-airplanes" in a half-hour broadcast over the 33 Don Lee Broadcasting System stations, March 4, from 8:30-9 p.m., PWT. The "aired" meeting, which company officials estimate saved the Union Oil dealers at least a month of totalled loss of conventioners' time from duties, reached delegates in Washington, Idaho, Oregon and California.

Program consisted of entertainment plus an address by Reese Taylor, president of the Union Oil Co., who reviewed the business year of 1942, and addresses and reports by sectional representatives of the Company's dealers and station managers and reports from "minute men and women" of the company. General David Prescott Barrows, who is the Union Oil Co.'s Don Lee broadcaster, aired a program from his Berkeley, California, home to the listeners. Members of the "Point Sublime" airshow, released regularly on another network for the Union Oil Co., put on a special broadcast of their show for the Don Lee listeners of the special broadcast.

WKNE To Headley-Reed

Headley-Reed Co. has been appointed national advertising representative of WKNE, Keene, New Hampshire, effective April 1. WKNE, a CBS affiliate, operates full time with 6,000 watts on 1290 kc. David Carpenter is station manager and it is owned by Col. Harold C. Wilder of WSYR, Syracuse.

Notes From A Ringside Seat. . . !

• • • Coming smack on the heels of the recent U. S. victory in the Pacific that MacArthur's Eagles dealt the Japs, those two programs heard Monday night, proved a happy and portentous coincidence... we mean Monday at 8 p.m., the "Cavalcade of America" WEAFeature, based on the life of John Paul Jones, dramatized our First Naval Hero's immortal "I have not yet begun to fight" ... later, at 10 o'clock that night, in the Screen Players' Guild drama, aired over CBS, Charles Laughton had occasion to repeat that famous I.P.J. squelcher to an enemy's demand to strike his colors... Those musical answers to current national questions involving 'income taxes', 'ration points', etc., heard on the WORevue, "Cresta Blanca," is composed by Harold Rome, who has been signed to write one a week for those Wednesday programs... Abbott & Costello will visit their 300th Armed-Forces Camp late this month... Hurry up and get well Lou... ain't every big leaguer who can bet 300... George (Superman) Lowther has been matched (unwillingly) to a set-to with Kid Flu at his home in Dobbs Ferry... The Stork has left a "little Pond" at the Arthur (Dagwood) Lakes... The mother of the boy is Pat Van Cleve... George Tobias, who did a memorable bit of histrionics in the screenovation, "Air Force," will face a Rudy Vallee "mike" for the first time, Thursday, March 18.

Irving Caesar, journeyed to Washington over the week-end to sign Willie Howard as the star of the revised edition of "My Dear Public," slated for production this Fall... Last week, Sam Moore, author of the CBSwell "Great Gildersleeve," phoned his associate John Whedon, saying, "I'm afraid we'll have to do this week's story conferences over the phone... my children have chicken pox"... answered Whedon, "Come on over, so have mine"... Just a reminder to radio folk: Have you sent your Boy Scout donation yet to Mark Woods, chairman of the local drive?... only five days left and the radio quota still short of its mark... Last week Priscilla Fortesque, WEET's femme commentator, had a date to appear as a guest speaker for a ladies' club in nearby West Roxbury, and, due to an admittedly poor memory forgot when and where she was scheduled to speak. She "confessed" her predicament over the air.

• • • The Blue Network is keeping an eye open for fast-moving children-pleasers on the "Dick Tracy" type for possible summer daytime replacements... Stewart Brody has been selected for the lead opposite Miriam Hopkins in next Saturday's CBS show, "American Theater of Today"... Artie Pine's new musical audience-participation show can be used on the air, as well as in theaters, hotels or clubs... In keeping with its policy of promoting its writers, Transamerican has given a writer-director mantle to DeForrest Ely, now doing "Victory Is Our Business" ET series for General Motors... Marjorie Hannon, of the cast of "Bachelor's Children," CBSeries is ill... appropriately enough it's measles... or as Fred Allen would say, "that's carrying realism too far"... Henny Youngman, comic on the Kate Smith show knows a man who, despite the Government's ban on cuffs—manages to live on one... Contemporaries have mentioned the oddity in the appellation, "Ensign Benson," but did you know that Jean Holloway, 23-year-old writer of the CBS program, "Mayor of the Town," is married to him?... A night club inebriate, who hit him over the head with his guitar, is why Jerry Wayne, forsook being a guitarist and became a singer.

**KIRO's 4-H Club Tieup**

Bill Moshier's "Farm Forum" aired over KIRO, Seattle, launched an enrollment competition among the 4-H Clubs of Washington, in a new campaign effort to get as many of the state's youth as possible to produce and conserve farm products. The competition is being conducted in cooperation with the Washington State College Extension Service.

It is expected that, Bill Moshier's KIRO Farm Forum 4-H Club Enrollment Competition, as the campaign is officially titled, is expected to accelerate the interest of the Farm Youth in food production through increased enrollment in the 4-H Clubs.

To add further interest in the competition a suitable trophy will be awarded by the Farm Forum to the county showing the greatest percentage of increase in enrollment over the previous year. This trophy will revolve year after year to the winning county, and will be retired after one county has won it three times. At such time it will become the permanent property of that club. Second and third place winners will receive banners each year, and each 4-H Club member of the first, second, and third-place winners will be awarded blue, red, and white ribbons respectively.

**Crosley Ads**

Appearing in newspapers and magazines are the latest Crosley Corp. ads devoted to the war effort.

In the Feb. 20 issue of the "Saturday Evening Post" the Crosley ad featured a picture in color of a young boy, seated at a window reading and listening to the radio. The caption of it is, "Can That Happen to My Home?" The thought behind it is that, Crosley marshalling all its resources, is engaged in an all-out effort to create the implements of war so necessary to the victory that will enable this young boy and all the young boys in America and the world over to enjoy his childhood.

The ad appearing in the newspapers is a full-page recapitulation of what Crosley is doing and incorporates a promise of a better, fuller, and more complete life after this war is over. Without divulging any of the methods, or newly created machines of war, the ad implies that, the world as we know it today will be a vastly different place because of the inventions that are created today for war will, some day, be converted to peace-time usages.

Extending direct radio communication service to another sector important in United Nations war strategy, a radiotelegraph circuit between New York and the West African key port of Dakar will be opened today by RCA Communications, Inc. Formerly, telegraphic messages between the United States and French West Africa were routed by way of London. With this direct radio circuit in operation, message traffic will move much faster and cheaper since RCAC announces a 15 per cent reduction in the rate.

The new service is to be operated in co-operation with the Administration of Posts, Telegraph & Telephone of French West Africa.

Other RCAC direct radiotelegraph circuits with African terminals link New York and Monrovia, Liberia; Leopoldville, Belgian Congo; Brazzaville, French Equatorial Africa, and Cairo, Egypt. A radiophoto circuit also operates between New York and Cairo.

**More Stations To AP**

Press Association, Inc., radio subsidiary of the Associated Press announced that the following stations have acquired the AP Radio News Wire: KWTO-KGBX, Springfield, Mo.; KHUB, Watsonville, Cal., and KGFF, Shawnee, Oklahoma.

**Hope Show's Spring Tour May Include British Visit**

Bop Hope and his crew of "campbusters" are going on another cross-country tour of Army, Navy and Marine posts and bases—a tour that even may take them to England. The NBC comedian, who expects to leave early in April, will be accompanied by Frances Langford, Vera Vague, Jerry Colonna, Wen Niles and Skinny Ennis and his orchestra. The exact starting date depends on the completion of Hope's in-production movie, "Let's Face It." Their route lies through the South, South-west and along the Atlantic Seaboard.

Only hitch in the trans-Atlantic hop plans is transportation. If this can be solved, the entire gang will land in England sometime in early June and shortwave two of their Tuesday editions from London to America. The program is heard over NBC at 10 p.m., EWT.

**Melville Is Ames' Guest**

Frank Melville, ace aeronautical radio communications expert will guest-star with Adrienne Ames over WHN this afternoon at 3:55 p.m. He will discuss the opportunities opening up for women in radio communications. In addition he will discuss the post-war problems in aviation and the opportunities women will have to hold down peace-time jobs in aeronautical communications.

**GUEST-ING**

EARL GODWIN, JOHN VANDERCOOK, LELAND STOWE and H. R. BAUKHAGE, as guests with the "Quiz Kids" on their program originating in New York, Sunday (WJZ-Blue Network, 7:30 p.m., EWT.)

ARTHUR GARFIELD HAYS, lawyer, and WILLIAM E. DuBOIS, Negro editor and author, discussing Booker T. Washington's "Up from Slavery," on "Invitation to Learning," Sunday (WABC-CBS, 11:30 a.m.).

**Re NBC's Figures**

Wherever NBC was referred to in RADIO DAILY's survey of "Program Trends" (March 8) figures represent the single network, including the NBC five year comprehensive picture where the per cents cover the then existing Red network only, and as the statistics move into 1942, the network title only changed to NBC. Footnote on the "Five Year Trend of Program Types" for NBC made clear the division between the Red and Blue networks. However in the editorial text, it was incorrectly stated that the figures represented the combined chains. The Blue had not been officially divorced from NBC until 1942, but the survey retained the identity of each separately.

**Stork News**

David Hall and Mrs. Hall are parents of a boy born Monday, March 8, at Harkness Pavillion, New York City. Hall is NBC's script writer for serious music programs and is the author of "The Record Book." This is their second child.

(Continued from Page 1)

broadcast was suspended during the course of the conflict.

Refusal to grant the permission was not unlooked for, in view of the Commission's strong desire to keep small stations on the air regardless of their financial difficulties. Chairman James Lawrence Fly has said he hopes to be able to convince many large-volume advertisers of the wisdom of using these small stations, and he is evidently desirous of beginning conversations with advertisers in the near future. He expects to have full data on operating records of all standard broadcast stations for 1942 within the next two weeks.

## OWI Establishes School For Overseas Personnel

(Continued from Page 1)

have been announced by the OWI. The students will be employees of the agency's overseas branch who have been assigned to posts abroad, many of them in actual theaters of operation.

Executive Order 9182 assigns to OWI the task of developing an informed and intelligent understanding abroad of the American war effort. The school was founded, OWI said, to train technicians for foreign posts competent to carry out this assignment.

Many employees trained at the new school will work in the 28 foreign outposts already organized by the OWI. Others will be assigned to work in North Africa and other theaters where technical facilities are so limited that special training is required for motion picture, press and radio work.

The school will teach under conditions approximating as closely as possible those actually found in the field. A portion of the estate of Marshall Field at Huntington, L. I., has been leased to the government for the duration of the war at a rental of \$1. Instructors will be men on leave from outpost service or loaned by operating divisions of the OWI.

Approximately 40 students will be at the school at any one time, most of them studying for a 30-day period. Students will pay the cost of their maintenance. Total cost to the government, OWI officials said yesterday, will be considerably less than teaching facilities in New York City comparable to the Huntington site would cost.

The curriculum of the school, it was explained, will concentrate on technical aspects of distributing information under adverse conditions comparable to those to be found in theaters of military operations. It will include, among other things practice and instruction in listening to and transcribing shortwave radio news programs of the OWI itself, preparation of radio programs and special leaflets in various foreign languages,

## Columbia Pix Spot Campaign Using 53 Stations -- 6 Weeks

(Continued from Page 1)

news or commentator periods and occasionally on network commentators where local sponsorship is possible.

Business, being placed through Weiss & Geller agency, New York, is the most ambitious spot drive of its kind and will run for approximately six weeks before release of the picture which will be May 15, and for two weeks after the film premieres. This would give an April 1 starting date for the campaign.

### Picture Itself Is "Sponsor"

An important angle brought out by Columbia Pictures is that the picture itself will become the sponsor instead of a company which calls attention to a new picture for a short campaign. In this case the picture will constantly loom as the "client." "The More the Merrier" which Columbia regards as the best picture it has yet produced will star Jean Arthur, Joel McCrea and Charles Coburn.

In using CBS stations, Columbia pictures may have a peculiar angle wherein the repetition of Columbia Broadcasting System serves as a reminder of Columbia pictures. The film is held to be a high comedy of present-day life in Washington and the living problems there.

First week after the picture opens the copy will be devoted to building

audiences for the first run theaters and the second week after the release will be devoted to theaters subsequently playing the film.

Stations already set are: WABC, New York, Ned Calmer news program; WCAU, Philadelphia, "World News"; KNX, Los Angeles, "10 O'clock News Wire"; WCAE, Pittsburgh, Fulton Lewis, Jr.; WEEL, Boston, "Herald Traveler" News, Harlan Ratcliffe; KGO, San Francisco, News; WGAR, Cleveland, Sid Adornon Speaking; WJR, Detroit, Tony Weitzel, commentary; WFBR, Baltimore, Fulton Lewis, Jr.; WREC, Memphis, "CBS News of the World"; KOMA, Oklahoma City, "Your Dinner Date"; WGR, Buffalo, Billy Easton; WOL, Washington, Walter Compton and WSOC, Charlotte, N. C., News.

### Country-Wide Coverage

Other cities to be used are: Birmingham, Hartford, New Haven, Atlanta, Chicago, Indianapolis, Des Moines, Louisville, New Orleans, Portland, Me.; Springfield, Mass.; Worcester, Minneapolis, Kansas City, Mo.; St. Louis, Omaha, Rochester, Syracuse, Akron, Cleveland, Cincinnati, Columbus, Dayton, Toledo, Youngstown, Tulsa, Portland, Ore.; Allentown, Harrisburg, Providence, Nashville, Dallas, Ft. ## Senators Ask Vigilance To Guard Radio Freedom

Washington Bureau, RADIO DAILY

Washington—Eternal vigilance on the part of press and radio to retain their freedom were urged yesterday by Senators C. Wayland Brooks, Illinois, and Alexander Wiley, Indiana, both Republicans. Brooks charged that the New Deal has been whittling away at press and radio freedom for the past 10 years, while Wiley stated that the OWI budget of \$137,000,000 constitutes a definite "menace" to the future.

## Commentators At Rally For Russian War Relief

## Expect Several Additions To FCC Probers' Staff

Washington Bureau, RADIO DAILY

Washington—Several appointees to the investigating and legal staff of the special House Committee to investigate the FCC are due to be appointed within the next day or two, it was learned yesterday. There has been some difficulty in getting the men desired for the staff, it was admitted, but officials hoped to be able to announce several appointments later this week.

Eugene L. Garey, Wall Street lawyer, is chief counsel, and Fred L. Walker, former assistant U. S. Attorney in Detroit, is his associate. No other appointments have been made as yet.

Opening of hearings about the middle of April, is predicted by Garey. Although it has been reported that a good deal of the inquiry would center around the special war services of the Commission, it is believed that preliminary studies of these activities have convinced Garey and Walker that the Commission is doing a good job on its war activities.

## "Vox Pop" From Walter Reed

The "Vox Pop" program will emanate from Walter Reed Hospital, Washington, D. C., next Monday night, through WJSV, Capital CBS outlet. Quizzed on the program will be wounded servicemen sent to the hospital from the North African campaign.

## Wants CBC To Refuse 'Needless' Soap Ads

(Continued from Page 1)

was especially critical of the expense and character of soap advertising on the air.

Harris, who heads a Toronto manufacturing company, delivered an address in the course of the debate on the budget, during which he declared that subsidies to equalize consumer costs were "fraught with danger." Turning his attention to the soap industry, he said:

"The cost of maintaining the current prices of September, 1941, will run into scores of thousands of dollars," said Harris, adding, "Every few hours during the day and during the night the radio bleats out all sorts of advertising, stories of fiction, fact and fancy, the cost of which is added to the cost of this necessary essential, namely soap. If this House of Commons should determine that it is not necessary for the Canadian Broadcasting Corporation and the other broadcasting corporations to carry this advertising... I am satisfied that the industry would be prepared to economize in that regard and more would be saved for the Treasury. My mind this is price control which illustrates the lack of control."

Harris said that Canadians would use soap without being told so of also that it is uneconomic to have such costly radio broadcasts during the war, while there is a definite shortage of the raw materials required by soap manufacturers.

declared: "If the broadcasting corporations cannot balance their budgets without the revenue they receive from this advertising, they might just as well fold up. The power could be saved for more essential war needs during the peak loads if the power consumption is not serious... they could use a little canned music, taking some records off the shelves. In any case, it would be just as elevating as the advertising propaganda which comes over the airwaves. Our women could knit much faster to the recordings of music than they are able to weep to the fiction of the radio soap ads."

Harris is listed in the Parliamentarian Guide as president of the Wonderful Soap Co., Ltd., Toronto.

## Canadian Radio Dividend

Montreal—Directors of Standard Radio Ltd., formerly Rogers-Majestic Corp., Ltd. and now a holding company with head office in Toronto, controlling Rogers Radio Broadcasting Co., Ltd., and Canadian Radio Artists Bureau, Ltd., has declared a quarterly dividend of ten cents a share on the 200,000 shares of Class "A" stock payable April 10, to shareholders who record March 31.

## FOR VICTORY TODAY AND SOUND BUSINESS TOMORROW

### Get This Flag Flying Now!

This War Savings Flag which flies today over companies, large and small, all across the land means *business*. It means, first, that 10% of the company's gross pay roll is being invested in War Bonds by the workers voluntarily.

It also means that the employees of all these companies are making a definite contribution to Victory . . . by helping to buy guns, tanks, and planes that America and her allies *must* have to win. And it means that billions of dollars will be held in readiness for post-war readjustment.

Think what 10% of the national income, saved in War Bonds now, month after month, can buy when the war ends!

For Victory today . . . and prosperity *tomorrow*, keep the War Bond Pay-Roll Savings Plan rolling in *your* firm. Get that flag flying now! Metropolitan, a pioneer radio advertiser. An important factor in the company's decision to celebrate its anniversary with a broadcast instead of featuring it at a convention is the current strain on transportation facilities. The annual convention is normally attended by 1,500 persons from the United States and Canada, including managers of Metropolitan branch offices, selected assistant managers and leading agents.

The company will provide leaflets announcing the program to be delivered personally by Metropolitan Life agents to a large portion of the Metropolitan's 30,000,000 policy holders who will be invited to listen to the birthday messages to be aired by Frederick H. Ecker, chairman of the board; and Leroy A. Lincoln, president.

With Edwin C. Hill as master of ceremonies, the broadcast will offer songs and music by Richard Crooks, Helen Traubel, the Lynn Murray Chorus of 16 voices, and Don Voorhees and his orchestra.

Metropolitan's previous use of radio advertising was confined to spot radio and a network of eight NBC stations. A program of health exercises was broadcast on an extensive scale for 10 years and discontinued eight years ago.

Mexico revealed to the WHN director that they were long in the habit of tuning in the frequent shortwave California broadcasts to keep up with the news. This was further indicated by the radios in Mexican taxis, the sets containing an extra button for shortwave, Pettey noted.

In "live" entertainment, Mexican stations rank high, according to Pettey's observations, programs, sustaining as well as commercial, being studded with top names. He was especially impressed with the daily one-hour elaborate "National Lottery" program on XEW which provides a symphony orchestra and stage headliners as added entertainment.

For the most part, Mexican newspapers devote little space to radio, Pettey found, the dailies limiting these services to program time and schedules. Conditions in general were good, he observed, with much housing under construction. A further indication was the opening of the new race track in Mexico City, with a crowd of over 48,000 on hand for the premiere.

Travelling with Pettey were, Mrs. Pettey; W. B. Dolph, of WOL, Washington, and Mrs. Dolph; Governor John J. Dempsey of New Mexico, and Mrs. Dempsey.

"Mystery Chef" Adds 3; Now Has 34 Sponsors

(Continued from Page 1)

The Swansdown division of General Foods Corporation. The "Mystery Chef," offered to affiliates of the Blue on a local co-operative basis, is now sponsored on a total of 34 stations spread throughout the country.

Swansdown Flour is the second national advertiser to sign up for the "Mystery Chef." National Biscuit Co., which began sponsoring the program in behalf of NBC bread on three stations in February, this week took over a fourth station, KXYZ, Houston, Texas. "Chef" is sponsored by National Biscuit five days weekly through McCann-Erickson, N. Y.

The three stations on which Swansdown Flour will sponsor the program are WORD, Spartansburg, S. C., WHMA, Anniston, Ala., and WJHP, Jacksonville, Fla. Swansdown has signed up WHMA and WORD five days weekly, and WJHP, two days a week.

"Mystery Chef" was made available to local sponsors Jan. 15, and is heard from 2:15 to 2:30 p.m., EWT, Monday through Friday.

Bringing his program in line with Point Rationing, "Chef" offers only recipes which require the use of few or no points.

**“as large a charter  
as the wind...”**

LONG BEFORE the world knew radio, Shakespeare caught a glimpse of its boundless scope in seven simple words. Today, radio hurdles all barriers of space and time and rank to inform and entertain all people...rendering this welcome service under a charter enlarged and endorsed by the people themselves.

Mutual has proved that there is room and need, in this largest of charters, for a kind of service no other network affords, a pattern of coverage unique

in radio. This pattern is two-fold, comprising intensive coverage of the major markets, where living and listening are most heavily concentrated; and extensive coverage of the home-town communities where the rest of the country lives and listens.

Whatever the market, the Mutual station is a dominant, popular voice; in many a market, it is the *only* network voice. Together, the 207 Mutual stations bring the entire nation within reach of an advertiser. Market by market, they permit an advertiser to adapt the vast charter of radio to his individual needs...with matchless flexibility and economy.

**T**HOMAS FREEBAIRN-SMITH, Foote, Cone & Belding producer of the CBS "Ceiling Unlimited" program, is en route to New York to aid Jack Messler and Howard Cheney in script search for show material.

"This Is Our Enemy," KHJ-Mutual-Don Lee's Government produced anti-axis series, began a new program schedule when it was heard at a new time, Tuesdays from 6:30 to 7:00 p.m., PWT, and which started on March 9.

The May Company will sponsor "Captain Jack and his American G-Man Club" over KECA, starting March 15. Deal calls for a fifteen minute program on Mondays, Wednesdays and Fridays at 4:45 to 5:00 p.m., and was handled through the Milton Weinberg Advertising Company.

Relief in the writing of radio shows here is foreseen in the near future due to Army Information Services recently released advices which informs of ability of former writers of radio scripts to assume "commercial" writing chores in their "own spare time" when off duty.

Leon Gutterman, KFVB publicist, back on the job after his long layoff due to an automobile accident which has him still limping along with the aid of a cane.

Freedom's Plow, a poem especially written for radio by Langston Hughes, distinguished Negro poet, will be read by Paul Muni in a special broadcast over the Blue Network, Monday, March 15, from 12:45 to 1:00 p.m., PWT, presented in co-operation with the National Urban League.

Jack McClaren, of the Music Clearance department of KTMS, Santa Barbara, has been named traffic manager of the station. McClaren also continues his duties as staff Junior announcer.

Joan Davis, Rudy Vallee's star comedienne, went to work this week on Columbia's "Two Senoritas from Chicago," in which she is co-starred with Jinx Falkenburg.

Ish Kabibble's biggest motion picture comedy role to date has been handed the Kay Kyser funnyman in Kay's next film, "Right About Face." M-G-M producer took one look at rushes of Ish Kabibble and ordered more of him on film. Ish is likely to emerge quite well along the road to film popularity on his own, after the pictures release.

Ives Series On CBS

The first program in a series of three devoted to the rarely-heard music of Charles Ives, distinguished contemporary American composer, will be broadcast Wednesday, March 17, over CBS from 3:30-4 p.m. Bernard Herrmann will conduct the Columbia Concert Orchestra.

John Kirkpatrick, pianist, is soloist in the second program of the cycle on March 24, and William Ventura, tenor, will be soloist in the third Ives program, Wednesday, March 31.

**WARTIME PROMOTION**

**WFIL's Reprint**

The latest promotion piece sent out by WFIL, Philadelphia, is a re-print of an article that appeared in an issue of "Women's Wear Daily" by Paul Hollister, vice-president of CBS, discussing the prospect of a closer co- operation between newspaper depart- ment store advertising and radio.

A letter accompanied the article which was sent to all Philadelphia dept. store buyers by WFIL's presi- dent, Samuel R. Rosenbaum. The letter did not stress the advantages offered by one station but incorpo- rated the merits of radio advertising as a whole. According to Rosenbaum's theory, the "majority of Philadelphia department stores have shied away from radio because their advertising thoughts have been geared to news- paper times, and, in this way are in- viting consideration of radio as an advertising medium perhaps concu- rent with, but entirely different from newspapers."

The article appearing in "Women's Wear" is presented in folder type and includes a picture of Hollister in the middle section of the article.

**"E" Award On KPO**

At a colorful ceremony broadcast over KPO, San Francisco outlet for NBC, the coveted Army-Navy "E" was awarded the Richmond Refinery of Standard Oil of California, located adjacent to two of Henry J. Kaiser's shipyards. Principal speakers were the firm's president, H. D. Collier, and Vice-Admiral John W. Green- slade of the Twelfth Naval District, who praised refinery employees for quintupling production, overcoming production obstacles, breaking bottle- necks and maintaining fair labor standards.

**Rectifier Tube Production Put Under WPB Control**

Washington Bureau, RADIO DAILY  
Washington—Complete control over the production, distribution and sale of rectifier tubes was announced yester- day by the War Production Board. By next Monday manufacturers must submit statements of proposed pro- duction and delivery schedules for the next three months, and have been instructed to continue thereafter with quarterly proposals.

No change in the production rate is contemplated by the order, which is designed mainly to assure users of equitable distribution.

Rectifier tubes are utilized prin- cipally for charging batteries used in communication and projection equip- ment.

Highlights of the Knights of Colum- bus track meet in Madison Square Garden on Saturday night will be broadcast on the Blue Network by Jack McCarthy.

**Blue's "Mrs. Consumer"**

Using the traditional elephant who never forgets as "emcee" in a promo- tional folder, the Blue Network intro- duces Mrs. Consumer of 1943, familiarly known as "Amnesia." "She's a nice girl but..." is the title on the first page, with an accompanying sketch of Mrs. Consumer. Inside the folder she is exhibited by M. Elephant on a platform for wartime adver- tisers to see. She's a nice girl but "she forgets trade names, and prod- ucts and packages that war produc- tion or priorities have removed from the market. She even forgets to buy the things she can..." Blue advises a "consumer memory course" to keep Amnesia remembering.

The folder is heavy coated stock with blue ink used on the cover and black on the inside pages. Amusing thumbnail sketches of the elephant illustrate various points.

**WGRR Message**

WGRR, Goldsboro, N. C., recently issued a give-away type promotion piece carrying the message that, "Now More Than Ever Your Advertising Dollars Must Have Punch." "Punch" is represented by a powerful forearm blow lifting a punch-drunk Hitler into the ether.

The primary function of the pro- motion is to reveal the results of a recent Independent CPA telephone survey which showed that "3 out of every 4 Goldsboro listeners prefer WGRR over all stations."

The middle section of the piece is devoted to the possibilities now offered by radio in the advertising field since newsprint shortages and possible reductions in the size of newspapers.

It also lists what main attractions are offered by the station.

The second appointment is that of Don Shaw, former general manager of WMCA, as head supervisor of CIAA shortwave. Shaw's position will be primarily administrative, with one of his important functions listed as liaison between networks and CIAA.

One of CIAA's script serials, "Espiritu de Victoria," being broad- cast to Latin America through CBS's international division, will be re- placed by "La Marca del Jaguar" (Mark of the Jaguar), March 19. New script, written by J. Carmer-Ribalta, movie and radio scripter, is a thriller, employing as the principal character, a Latin-American soldier of fortune who has devoted his energies toward avenging friends of liberty. Replaced production is devoted to underground activities in Axis-subjugated coun- tries. Forty-four stations in Latin America air the series locally.

**AGENCIES**

N. W. AYER & SON, Inc., has in- vited publishers of English-language daily newspapers throughout the United States to enter their March 3 issues in the 13th annual exhibition of typography sponsored by the agency. Deadline for receipt of en- tries is March 31, in the Philadel- phia office of the agency. The F. Wayland Ayer cup will be awarded that paper judged best in typography, presswork and make-up. A certificate also has been prepared for presenta- tion to a tabloid.

by a day announcement that such permission had been denied KAST, Astoria, Ore. and WPID, Petersburg, Va.

While it involved no change in the general policy permitting temporary suspensions because of emergencies, the decision shows that the Commission is determined not to allow interference with radio service to the public. Commission attitude as stated many times by Chairman James Lawrence Fly is that broadcast service is vital to civilian morale and the effective prosecution of the war.

In announcing the decision, Chairman Fly pointed out that adoption of a policy permitting suspension generally would probably result in the elimination of radio broadcasting in many areas where the need for public service is the greatest.

### May Jeopardize Treaty

Indefinite suspension of broadcast operations might jeopardize this country's interest in the radio frequencies as provided in the North American Regional Broadcasting Agreement, he said, and added that various steps have already been taken to alleviate the difficulties of the smaller stations.

While the Commission declined to give broadcasters who may be forced to suspend any preferred claims to use of frequencies after the war, it was observed that those who have rendered an effective public service in the past and were forced to close down because of circumstances beyond their control would have certain natural advantages over other applicants at a later time when operations may become feasible.

It was pointed out that presumably the business organizations and the broadcasting properties would remain intact even though actual operations are suspended. This would enable owners to move promptly to ask for the assignment of frequencies and the resumption of operations at the end of the war.

### Temporary Suspensions Okay

It was also pointed out that the Commission will continue its policy of permitting temporary suspensions for short periods in order to alleviate emergency conditions. In other words, the operator may ask for a temporary suspension when he can show the necessity of closing down for a brief spell. He would be required to present a feasible plan for the alleviation of the difficulties and the return of the station to the air at an early date.

The policy approved by the Commission follows: "Insofar as relief may be needed by standard broadcast station license from difficulties of operation incident to the war, no general policy will be adopted, but the Commission will continue to consider on an individual basis requests for permission to temporarily suspend operations for short periods while efforts are being made to work out a means of resuming operations on a permanent basis."

DWIGHT WEIST, young CBS actor, on his way to a "Green Valley" rehearsal on the fourth floor of that building, was suddenly shanghaied into another studio, given a script and heard a frantic whisper, "hurry—read—you're on the air." Dwight's experience in stock companies, where the assumption of different roles was to be expected momentarily, served him in good stead...for Dwight immediately got the "feel" of the character he was doing from the mood of the surrounding group of thespians and injected plenty of "Schmaltz" into his make-believing...after the performance, when he was complimented on the splendid bit of pinch-hitting (the actor, whose place he filled, had taken suddenly ill) Weist said, "Thanks...but would you mind telling me the name of the show I just did?"

About two years ago, Victor Borge, now heard on his own five-minute WJZ program, gave an audition for an official of a leading talent organization, and because Borge does his best work before a large audience rather than for two or three individuals, he heard the phrase, dreaded by every auditioning artist, "Leave your home address and phone number with the receptionist"...two months later, the official heard Victor on the Bing Crosby show and sadly queried, "Is that the fellow I turned away?"... shortly afterwards, the Kraft people sold Borge's contract to an enthusiastic buyer, who gladly paid a substantial sum...the purchaser was none other than Jules Stein, who, a few months earlier could have had the contract for absolutely nothing...and speaking of Borge, reminds us of the story he tells about the symphony orchestra member, who was discharged after having worked in that aggregation for 30 years...a friend asked the disconsolate musician the reason for his dismissal and the answer was..."you see, the hair in the violin bow comes from horses' tails...and for the past six months I've been using hair from Bing Crosby's horses...and I've been finishing four bars behind the rest of the orchestra."

rears. William B. Lewis, erstwhile CBS vice-president who until recently served as head of the radio bureau, in his new capacity as assistant to Cowles in charge of production, will have charge of program co-ordination and will be responsible for work of the radio motion picture and graphics printing bureaus. A statement of OWI declared:

"The reorganization represents an effort to gear ourselves up better what is primarily our job of helping the press, radio and other media get out the news of the war to the information to people at home who are needed to win it. We must substantially improve OWI's output, cutting out the waste motion, and intend to concentrate on the essential activities."

John R. Fleming, who was head of the Bureau of Publications and Graphics—split in two parts by new order—has been named a special deputy in charge of speech clearance, and will aid Director Elmer Davis in his weekly broadcasts, get under way tomorrow night.

### Radio Bureau Unchanged

The plans division of the office of the domestic director is reconstituted the Office of Program Co-ordination, with Drew Dudley remaining in charge, and will have augmented staff of campaign managers and other necessary personnel to plan—with media bureau chiefs effective co-ordinated information campaigns.

Setup of the radio bureau will be unchanged.

The Davis announcement came almost coincidentally with the publication of a statement that the OWI hereafter will exercise full control over all propaganda activities outside the Western Hemisphere under the terms of an executive order signed by President Roosevelt Tuesday night.

The Presidential order provides that OWI "will plan, develop, and execute phases of the federal program of radio, press, publication and related propaganda activities involving the dissemination of information. The program for foreign propaganda in areas of actual or projected military operations will be co-ordinated with the military through the planning agencies of the War and Navy Departments, subject to the approval of the joint chiefs of staff."

many as twenty or thirty, depending on rates, may not clear.  
 Originally the 15 per cent Discount Plan as issued in CBS Rate Card No. 29 contained a "tolerance" formula which limited the 15 per cent full network discount to commercial programs on which CBS cleared all but three (or fewer) stations. It further provided that if more than three stations were unavailable, a pro-rata share of the 15 per cent full network discount might be allowed under conditions governed by the specific time period involved and the probable

 This new method of calculating the full network discount will immediately apply to new business and will supersede the "three-station tolerance." Present CBS advertisers may take advantage of the new formula immediately or may continue to use the old formula on business now under contract until March 8, 1944.  
 The liberalized 15 per cent Discount Plan policy will operate as follows: if the stations which do not clear represent LESS THAN:

Provision has been made for fractional percentage points.  
 Recent CBS advertisers benefitting from the modified full network Discount Plan include the B. F. Goodrich Company, the Pabst Sales Co. and

others. The 15 per cent Discount Plan went into effect July 15, 1942 and since then, under the original provisions, 21 CBS clients using 38 separate programs weekly have availed themselves of the plan.

Saerchinger's NBC Show Passes Fifth Anniversary

Cesar Saerchinger's "Story Behind the Headlines" broadcast Sunday, March 7, marked the completion of his fifth year as commentator of the NBC program. In a preamble to the broadcast, Prof. Nellie Neilson, president, of the American Historical Association, which sponsors the program said:  
 "It was a very fortunate moment in the history of broadcasting when NBC entered into an enlightened and harmonious partnership with a group of historians of the American Historical Association, to put this program on the air and to find the perfect broadcaster who would combine the power of observation and analysis of the journalist with accurate historical knowledge."  
 William Burke Miller, manager, NBC's Public Service Department and War Program Manager, sent Saerchinger a letter of congratulations on the occasion.

# House To Vote Today On Salary Ceiling Bill

(Continued from Page 1)

Revere Cooper, D., Tenn., proposed that the Disney proposal be stricken from the debt limit bill, to which it has been attached as a rider. The bill, offered by Rep. Bertrand W. Ghart, R., Calif., provides that the limitation of aggregate salaries. Gearhart explained that he wishes to do is place salaries and wages "on the same plane" and that both may be stabilized, with a date close to Sept. 15 last.

## Sees Disney Rider Carried

Ghart later stated he does not intend to push his amendment strongly this time. He feels confident the Disney amendment, at least, will be carried by the House today, but he feels he can get his own amendment through, he will push it. Otherwise he will wait for Senate action. The Californian is confident, with most observers, here, that Congress will act against the salary rider.

Administration opposition to the salary amendment which would limit salaries to their pre-Pearl Harbor level and prohibit the raising of salaries to more than \$25,000 net per year based largely on the desire to curb war profits, Administration spokesman declared.

They, a Democrat from Oklahoma, stated that the problem is that of giving the executive branch from assuming too much power. His amendment, he said, is pro-Congress.

## "Not Anti-President"

is a clarification of a delegation of Congressional power to the executive which will compel a curtailment of executive regulation already issued. It is intended to assert and protect the rights of Congress under the Constitution—the rights which the President has so vehemently asserted in the controversy some few years ago over the late powers of Congress and the Supreme Court when that tribunal decided some of the acts of Congress. "But because it is a Congressional bill, it is not and it should not be construed as anti-President," he said.

defended those Democrats on the Ways and Means Committee who are Republicans in supporting his amendment, saying: "They are Democrat supporters of the President who want to keep the Congress and the President good neighbors, in war victory, building now, in time, confidences of clear understanding in Congress and the President to use his advisors and administrators will make of power granted."

## Expects Big Federal Payrolls

He said that "the argument that inflation is a smoke-screen to this correction of the executive overstepping of power. This argument should be brushed aside." He marked that the 48-hour week will use weekly pay at least 31 per cent and measures now pending will

# PROMOTION

## CBS' Elmer Davis Tie-In

CBS, in what appears to be an innovation in its promotion policy, has just distributed to affiliates promotion material which rings in a government-sustainer among five network commercials, all to be plugged as a package. The government addition is the series of talks by Elmer Davis, director of the OWI, Friday nights, with tonight the initial session. Second new feature in this CBS batch of promotion is its emphasis on a whole evening set of programs rather than a single production.

The campaign while it states that Elmer Davis will appear on the other networks, it is desired that emphasis be placed on the fact that Elmer Davis will be on a CBS outlet, and part of a full evening's exceptional programming. The package or across the board promotion for the Friday evenings lists "Kate Smith," "Thin Man," "Philip Morris Playhouse," "Brewster Boy" and the "Camel Comedy Caravan." At bottom of the copy, of course, is idea that with

## Kasper-Gordon Folder

A single-type folder is the latest promotional piece issued by Kasper Gordon, Inc., to present 78 quarter-hour transcribed programs of "Dan Dunn, Secret Operative No. 48."

The promotion is well illustrated with pictures of Dunn and several characters from the newspaper cartoon strip.

The back page of the folder presents several other syndicated programs produced and distributed by the Kasper-Gordon organization.

It is informative and offers several means of tie-ups that will benefit those who decide to carry the programs over their stations.

listeners duly impressed with the Elmer Davis booking, they will have been tuned in to that station earlier, at least one program earlier. Promotion package is headed "How To Kill 3 Birds With One Stone," contains, otherwise, the usual announcements biographical material, pictures, newspaper ad copy and mats, etc.

NAB has been consulting frequently with OPA on this matter, presenting the industry viewpoint and explaining the need for mileage performance in order to insure a good deal of broadcasting vital to morale and to the war effort.

## KPO Airs Special Show To Aid Plasma Campaign

San Francisco—"Miracle Dust," a dramatic testimony to blood plasma's role in the war, was broadcast over KPO to the coast Red web last Sunday as a special tribute to the Red Cross War Fund Drive. University of California relinquished its regular spot, Fact Finders, which features Hale Sparks, who played one of the leads in the skit. Willoughby Speyers wrote the play, which starred members of the cast of "Junior Miss," now appearing at the Curran Theater here. New York legit players from the cast who took part were Milton Karol, Joel Marson, Wade Dent, Loring Smith, and Eddie Nugent, all of whom have been associated with prominent hits on Broadway.

stalled in their plants, if the demand warrants the programs will be started soon.

A questionnaire has gone to leading plants in each of the five regions of CBC. Among the questions this asks are:

"Will your firm be interested in this programme? Is your plant equipped with a public address system? When would you like the programme scheduled? Do you use music in your plant at the present time?"

Attached to the questionnaire is an article on "Music for Workers," which tells of experiments conducted by the British Broadcasting Corp.

Claim of the BBC is that its broadcasts for factories relieve boredom, and increase production as much 12 to 15 per cent for an hour or an hour and a half after each program.

## Cassel At Ross Luncheon

Walter Cassel, heard three times weekly on the "Keep Working, Keep Fighting and Sing" program on CBS, will be featured vocalist today at a luncheon at the Astor Hotel, New York. Los Angeles

By JAC WILLEN

JACK LATHAM has been handed announcing spot on "Bill's Beanyery" program, heard at 10:30 to 11 a.m., PWT, weekday mornings over KECA. Spot was formerly held by Herb Allen, who has been shifted.

Felix Mills, who conducts music on the Tommy Riggs and Betty Lou NBC program each Friday, is "The Leader We'd Like to Follow." This honor was accorded him last week by the music class of a Los Angeles high school.

Harry W. Flannery, CBS war commentator, this week took time off from his daily broadcasts to debate war problems with James Hilton, noted English author, before a Los Angeles civic group.

Ben Alexander has returned to his first love, acting, to play the part of "Ben" in the "Great Gildersleeve."

The gang is still laughing at the Bob Burns witticism on his February 25th program, when Bob, who was accompanying himself on a tenor guitar far below the standard size of the usual instrument, quipped: "This is a ukelele I raised on vitamin B."

WLIB Signs 40 Clients In First Seven Months

In the first seven months of operation of WLIB, Brooklyn, New York's newest outlet acquired over 40 sponsors, national and local, despite the highly competitive field wherein over a dozen stations are already established. Elias I. Godofsky, general manager, in reporting on the station, at the end of the calendar year, attributed its commercial achievements to its simplified program policy emphasizing music of semi-classical and popular tone, and news. Station will celebrate its first anniversary May 13.

In the period of this report, station pulled 129,000 pieces of mail, and during November, sold 16,000 copies of its master program booklet at 10 cents a copy or \$1 a year.

Among advertisers who have sponsored time on the station thus far are the following: Arabian Nights Perfume, Barney's Clothes, L. Blau & Sons, Block Drug Company, Brass Rail Restaurants, Brooklyn Academy of Music, Buckley-Newhall, Bulova Watch Co., Castle Jewelers, Chateau Martin Wines, Community Opticians, Corsetorium Shops, Empire Gold Buying Service, Everglow Vitamins, Franklin School of Dancing, I. J. Fox, Formula 301, Harman Watch Co., Hotel St. George, John Mullins & Sons, Litt-Chinitz, Mason, Michaels & Company, Michaels Brothers, Paramount Theater, Fox Theater, Pepsi-Cola, Reverie Cosmetics, Kay Preparations, Roxy Theater, 20th-Century Fox Pictures, Sachs Quality Furniture, Gold Medal Capsules, Street & Smith, Transport Workers Union, Stadler Shoes, "The Call," Hudson Bay Fur Company, U. S. Rockwool Insulators, Wm. Wise & Sons, Wright Clothes, Reward For Listening, Old Country Trotting Races, etc.

Reporter At Large. . . !

**"Hot Spot on the Map"**

A new type of news perspective will be flashed to WFL listeners at 7:05 p.m., Mondays, Wednesdays and Fridays, beginning March 15. The program's title, "Hot Spot on the Map," describes its content. Each broadcast will feature a story built around the "hot spot" of the moment—whether city, river, factory or fortification—whatever appears to be the hottest center of activity in this global war.

The program is presented by Lit Brothers (Department Store), who created a research department several months ago to gather material both here and abroad to serve as a background of intimate detail against which current happenings will be spotlighted. Listeners will thus be able to interpret the news in the light of prior information about the cities, towns and countries involved.

At times the program will be written as little as four hours prior to broadcast time, in order that up-to-the-minute information may be served while the spot on the map is still "hot."

**Junior Aviation Series**

"The Junior Air Command" is the title for a new series of weekly programs from WSAI, Cincinnati, designed to tell boys and girls, young men and women the fundamentals of aviation. The broadcasts, which have the co-operation and approval of the local Boy Scouts of America, will be heard each Saturday.

By following the series, young people will have the opportunity to get a complete story of what makes an airplane fly, presented as a regular course in aviation. The material will be given in a clear and dramatic manner which will make it real and understandable to the young students, and will arouse and hold their interest in this rapidly expanding field.

The first subject discussed on the programs will be airplane engines, followed by all the other fundamentals of construction and make-up which enable a plane to get off the ground and stay in the air.

Charles Snow, of the Wright Aeronautical Corporation, in Cincinnati, will present the course on the air. A feature of the series will be frequent interviews with outstanding aviation experts, who will discuss and explain problems in their special fields.

# Supreme Court Sets April 5 For Clear Channel Argument

(Continued from Page 1)

which supported NBC's contention that it was improperly treated when it attempted to intercede in opposition to the WHDH application on behalf of KOA, Denver. KOA, owned by NBC, enjoyed exclusive use of the 850 band until the WHDH grant.

### Two-Point Challenge

NBC challenged both the Commission's decision and the methods employed to reach that decision, "but principally it challenges the methods employed, for by these methods the result was not only made possible but the formulation of a proper record upon which a different result could have been reached was made impossible."

Pointing out that the Commission has conceded that some interference to KOA reception is to be expected, NBC declares that KOA is thus aggrieved. Referring to the Sanders Bros. case, which outlined the rights of appeal, NBC declares that the FCC's "contention that the Sanders case limits the right of appeal to those who suffer financial injury is erroneous."

### Calls Interpretation Incorrect

The brief charges that Commission refusal to permit NBC to intervene constituted "an erroneous interpretation and application of its own rules, a misconception of the Commission's power and authority under the (Communications) Act, and a violation of the due process clause of the Fifth Amendment to the Constitution of the United States. The Commission's position was not only erroneous, it was such as to make its final order entirely void."

The Commission finding would have "arbitrary and capricious action," NBC without an amendment to Section 3.25 of the Commission rules which deals with clear-channel operation. Amendment of that rule, the brief continued, involved alteration of KOA's frequency privilege, and "could legally be made only with respondent's consent or as a result of a public hearing."

### "Arbitrary and Capricious"

Termining the order the result of "arbitrary and capricious action," NBC declared that "the Commission first designated for hearing an application which under its rules it had no power to grant. Then it committed a second error when it failed to invoke its own procedural formula for the purpose of curing the defects of substance in that application. All proceedings were therefore based upon a defective application and in violation of the Commission rules. Moreover, all proceedings were inappropriate to the result reached.

"After instituting a proceeding having a dual purpose (the possible amendment of its rules and action upon the application in view of such amendment) it abandoned all legislative issues and proceeded to conduct a hearing on strictly judicial issues. After such a hearing, it then proposed to and did decide the matter upon the issues originally specified and subsequently abandoned."

Referring to Section 409 of the Communications Act, which prohibits delegation to examiners of hearings involving change of Commission policy, NBC points out that "the policy fixed by Rule 3.25 was that only one station would be permitted to operate on this frequency during night-time in order that it might render the greatest possible secondary service. Here, after assigning the case to an examiner who conducted the hearing upon issues involving no question of policy change, the Commission changed its policy and granted the WHDH application on the basis of the record made before the examiner. This makes all action taken on this record void."

### Charges Dereliction of Duty

NBC also charged that the Commission was derelict in its duty to maintain fair and equitable distribution of radio facilities. Referring to a study in the fourth annual report of the FCC, it points out that "at night, because they live outside the primary service area of any broadcast station, 5.6 per cent of the urban population and 32.4 per cent of the rural population, which together equals 21,308,453 persons or 17.4 per cent of the total population of the United States, have no broadcasting service except sky-wave signals from clear-channel stations. The study further discloses that the areas in which listeners must depend upon secondary service comprise 56.9 per cent of the total land area of the United States."

### Interference-Free Operation Ended

Twelve years of interference-free night-time operation by KOA terminated by the WHDH grant, NBC maintains, stating that interference-free service is not now rendered east of the Mississippi.

Another result of the Commission action, NBC continued, is that Canada, Mexico, Cuba and other signatories to the North American regional broadcasting agreement now have the right to use the 850 kc. band at night, which right they did not previously have.

### Duplication of Services Pointed Out

"The service formerly available from KOA to listeners living east of the Mississippi River has not been replaced by an equally useful service from WHDH," says NBC, adding, "on the contrary, WHDH does not render a useful service beyond an area, roughly semi-circular, not more than 60 miles by 30 miles at its greatest dimensions with Boston as its midpoint. At least eight stations in addition to WHDH render primary service at night to all or parts of this Boston area. Thus the grant to WHDH adds another primary service to an area already surfeited with primary reception while listeners east of the Mississippi River, many of whom get only sky-wave service, except those in the immediate vicinity of Boston, have suffered a net loss of one secondary service."

## Beecham's CRC Suit Moved To Federal Court

The suit brought by Sir Thomas Beecham in the N. Y. Supreme Court in February against the Columbia Recording Corporation asking \$500,000 libel, \$100,000 damages and a permanent injunction restraining Columbia from selling and distributing latest recordings was transferred Federal Court yesterday.

In his action recently described these columns Sir Thomas alleges he entered into an agreement with Columbia in May 1942 to record musical works, which had to have approval before they were released. He claims that the contract was violated when the Recording Corporation released "Capriccio Italien" which called defective artistically and mechanically and as such couldn't prove it. On the basis of the recording he asks that the defendant be permanently restrained from selling the other three which he claims will damage his reputation and destroy his eminence.

The libel action is based on a number of statements allegedly made by the defendants to Irving Kolodin, music editor of the New York "Sun."

Sir Thomas claims that the statements made by the defendants to Kolodin with the knowledge that they would be printed, and which subsequently appeared in the November 5th issue of the N. Y. "Sun," were false and untrue."

## NAB War-Meet Apr. 27-9

### Capital Papers, Outlets Confer On News Setup

Washington Bureau, RADIO DAILY  
Washington—To iron out problems of exclusivity, Washington Sunday page editors and publicity representatives of all Washington stations met last week to eliminate duplication of feature stories and pictures appearing in the three papers. Rather than set a blanket formula, each station's problems were treated individually. All of them, however, will offer art and feature stories only on an exclusive basis. So discussed were story slants and preferred by each editor, enabling station press men to divide their material for greatest use. Attending the meeting were: Ernest

### In The Market

Blue Network the other day turned down an opportunity to get into the matrimonial business. A writer in Harmony, Me., wrote to the network asking for "a nice-looking lady between the ages of 21 and 33, one who got good learning and can run my business at the same time while I work for Uncle Sam. P.S. She must have good habits and one who cook."

### World Premiere

Toronto—Few Canadian listeners had any idea that when Wanda Landowski, the world's greatest living harpsichordist, started her series over the national network of the CBC yesterday that they were listening to music never heard over the radio in any country in the world. The story behind the music is that seven concertos were found in a pile of old music in a Salvation Army Depot.

### Blue's Spot Business Up 35% In Past Year

National spot sales department on the Blue's D & O stations in celebration of the first anniversary last month, bettered the mark of February, 1942 by 35 per cent. The January-February period in combination showed an overall gain of 32 per cent. Two of the chain's outlets, WENR, Chicago, and WMAL, Washington, D. C., came through with gains over a

... Wartime Program Trends

By BOB LITZBERG

WAR radio has developed four trends in programming, according to a survey prepared and released by RADIO DAILY last week; study, which presents a five-year comprehensive picture of program trends on three of the national networks, reveals that news and variety type shows have gained both in the number of broadcast hours and percentage of total program hours; that practically all the other major classifications

of programs decreased in number of broadcast hours; that sponsored programs decreased with a corresponding increase in sustaining shows; that dramatic programs have felt the impact of the war most severely with a loss of 721 hours. ... Coinciding with the RADIO DAILY survey was a study prepared by the Canadian Broadcasting Corp., which placed eight U. S.-originated shows in the "first ten"

... Working Program Trends

most popular programs in Canada in the Dominion of Canada.

Some Managers Executive Committee of the National Association of Broadcasters met in New York last week and set up plans to compile and distribute a book of sales ideas to sell broadcasts where and how to get new business, articles were the first concrete contribution to the solution of the problem of diminishing business among small stations. Senator Davis announced an overhauling and general tightening of the Office of War Information, Domestic Radio Branch. The United States Supreme Court on April 5 to the date for oral arguments in the FCC's appeal to set aside a lower court finding against the grant of the 850 kc. frequency to WJHM, Boston.

FCC activity. The eighth annual report of the Federal Communications Commission covering in full the activities during the fiscal year ending June 30, 1941 was issued last week and for the most part showed the broadcast industry in a healthy position, with increases in total license, number of stations and number of people employed. Chairman Ely, in discussing relaxation of the Commission's rules regarding P.M. and late-night, predicted a bright future for the radio industry. Two FCC decisions last week indicated that the Commission does not intend to ignore license applications for the duration because of operation difficulties; stations that were denied permission to suspend for the duration of the war were WFID, Peabody, Va., and KAST, Astoria, Ore. depression on these two stations was followed later in the week by a formal statement in the same vein.

Annual DuPont awards were won by Felix Lewis, Jr., Mutual news commentator and EGEM, G.E. chartreuse station in Belmont, Calif. Columbia Broadcasting System announced the expansion of its radio department to take off increased business on the network. Counter proposal offering an increase of 6 per

cent in minimum AFSA rates was made by the transcription companies who are currently negotiating with the union. Suit was started in the New York County Supreme Court against NBC, the Blue Network and WOR, New York, seeking damages in connection with the "Can You Dig This" quiz show. Columbia Pictures negotiated a spot campaign in 12 day copy. Curtailment of commercials on soap advertising was asked for on the network of the Canadian Broadcasting Corp.

Two major personnel appointments were announced by the Coordinator of Inter-American Affairs. Don Shee, former WMCA general manager, was named head supervisor of the Radio-Television Committee's shortwave activities and Dwight Jennings, former advertising exec, was appointed director of domestic broadcasts. Liberalization on CBS program plan was suggested by William C. Gutterer, vice-president in charge of sales for the network. Approval of the logs of W.W. Omaha, Neb., a group headed by John J. Galin, Jr. was granted by a Nebraska district court.

Broadcast engineers and technicians were declared eligible last week for "C" gasoline cards in order to transport heavy equipment to and from temporary broadcasting facilities, according to an announcement by the Office of Price Administration. Largest single spot sale order in the history of the NBC Central Division was placed by Grove Laboratories. 28-week contract involves more than a quarter of a million dollars in news and news commentary programs with nine NBC stations. The Bureau of Internal Revenue and the Association of National Advertisers a Victory For ruling, which simplifies bookkeeping for both performers and agencies. Nation-wide survey has been started by the Canadian Broadcasting Corp. to ascertain whether there is a demand for programs designed to meet industrial needs for increased work efficiency.

Trimount Will Up Budget For Radio This Summer

Streets Co. in Web Debut With "Dick Tracy" on Blue Network. A dramatization of the famous newspaper cartoon strip will be heard from 8:30 to 9:30 p.m. EST Monday, Wednesday and Friday under Decca Records sponsorship and Tuesday and Thursday on a continuing basis. Streets Co. is the agency.

Streets Company, a specialist in radio advertising since 1928, is covering the northeastern section of the country with the 11 stations which signed up, but has plans for expansion in the future depending on success of additional new material. Terms will be extremely attractive.

Streets Company's production, in that of all other radio organizations, is limited due to government restrictions. Although the company's program is limited and the company itself unable to meet demand, even by the huge quantities bought by stations and agency in addition, civilians who are using some of these units.

Faced to this situation, Streets Company will attempt to broaden its consumer base with its radio advertising instead of reducing a production of items. The work will have built up a greater demand for the post-war era when production facilities can be expanded.

# NAB War-Conference Sked For Chi. Apr. 27

(Continued from Page 1)

NAB is urging all station managers attend the confab, which will be held in Chicago on April 27-28. All meetings will be dedicated to domestic radio's relation to the war.

### War-Effort Exhibits

Arrangements have been made for attendance of representatives of allied industries which are associate members of the NAB. Also, provisions will be made for any station or other interested organization to exhibit war effort presentations or related material.

President Miller stated in Washington Friday that: "Radio's role in the war has been of such importance, from the beginning, that constant contact has been necessary between government officials and station operators." Miller then added, "Even greater efforts are ahead, which demand perfect correlation and understanding. This can best be accomplished at a central meeting place, where government officials can talk face to face with station operators, explaining and explaining all objectives."

### Chicago Stations Hosts

NAB Chicago stations will be hosts at a luncheon meeting there set for April 27. Preliminary conference details, the following were present: W. E. Hutchinson, WAAF; R. S. Peterson, WENR; Charles M. Freeman, WLS; Harry Depleton, WLS; J. L. Van Volkenburg, WBBM-CBS; Leslie C. Johnson, WBF, Rock Island, 9th NAB district director-elect; A. W. Kaney, WMAQ-NAB; Robert E. Bausman, WISH, Indianapolis; Milton M. Blink, Standard Radio, Inc.; Howard Lane, CBS; William Knodel, Free & Peters, and John Blocki, John Blair & Co. E. Arney, Jr., NAB secretary-treasurer, is in charge of "convention" arrangements.

### Large Kennedy To CBS

George Kennedy, formerly assistant publisher of MBS, will replace William Marcus in CBS's Latin-American network publicity office. Miss Kennedy will be in charge of domestic publicity. Marcus resigned to become involved with war production.

# PROMOTION

### Youth Movement

In conjunction with the WAYS, Charlotte, N. C. program, "The Young Americans Club" the station has sent out 15,000 copies of a broadside-give-away promotional piece.

The broadside consists of a series of pictures that are attuned to the younger generation, and includes some information of interest to parents.

Much of the promotional material is concerned with what can be gained by joining the club and by what methods a youngster can join. In the upper right hand corner on the back sheet of the piece is a membership blank that can be cut out and sent to the station.

In heavy block print towards the bottom of the page is an announcement giving directions where the Club's one-hour show can be seen, the price of the admission, and the announcement of free prizes.

Included in the broadside are the advertisements of a few Charlotte Merchants.

One announcement that is emphasized is that of the free prizes which are given away during the Saturday

### "Shopper's Special"

WDRG, Hartford, has started an extensive promotion on its recently-revised morning schedule from 7 to 9:15 a.m., EWT. This is the "Shopper's Special" period, news and music, conducted by Harvey "Longfellow" Olson. The main promotional endeavor on this early a.m. schedule is a series of transcribed "teaser" spots with "Longfellow" Olson as the major character. Some of the spots are questions and answers with "Longfellow," a homespun individual, and others are direct pronouncements on the period by Olson.

### "Facts For Freedom"

# Day Serials Defended By CBC General Mgr.

(Continued from Page 1)

In reply to an inquiry regarding the charge made in the Canadian House of Commons last Monday by Joseph Harris, Progressive-Conservative of Toronto, in which Harris criticized the amount and character of radio advertising by the soap companies and stated that "our women could knit much faster to the music of records than they are able to weep to the fiction of the radio soap advertisements." Harris, himself, is a soap manufacturer.

### Lauds News Organizations

During the interview Dr. Thomson paid tribute to the value and efficiency of the news gathering organizations which serve the CBC. However, he stated, radio will never supplant the newspaper, since after hearing news summaries on the air, "the listener wants still fuller information and invariably will turn to the newspaper for it." He declared further that present arrangements for obtaining news from the Canadian Press and the British United Press will be continued. He declared that there is no need for the CBC to gather its own news "when we are in contact with such efficient organizations."

# CBS With Client Co-Op Continuing Book Campaign

drama, "Life Can Be Beautiful," on all 61 CBS stations. Entire drive represents the first such project of public service programming wherein the plan is operated as a network deal, with all brain work and planning emanating from the chain's headquarters here. First time, too, that all affiliates carrying the program, are participating in the promotion, with active local tie-ins.

Sponsor's share consists of turning over the script and its commercial time to the cause. CBS through its station relations department, publicity and promotion departments has been supplying the stations with definite schedule of releases, pictures and mats and means of tie-ups with local publicity. All stations have set up collection boxes in lobby displays and will work with the local representatives of the Victory Book Campaign, stations giving additional spots and coverage to the project throughout their program schedules.

CBS's drive was inaugurated March 1, but reached its full application last week, and will continue so long as there is evidence of sufficient interest. Plan was a natural for the "Life Can Be Beautiful" because the locale of that drama is a book-shop. Original idea for the project is that of Patricia Kelley, member of CBS's publicity staff.

## Los Angeles

By JAC WILLEN

THE closed circuit announcer auditions at Hollywood Radio City, held by Buddy Twiss each week, will now be held each Wednesday afternoon at 4 p.m., PWT.

Vera Vague completed work this week in Republic's "Swing Your Partner," cast of which comprises mostly radio artists.

Jimmy Vandiveer, special events director for KFI-KECA, was sworn into the United States Navy, becoming Lieutenant (j.g.) James T. Vandiveer. He reports for duty today. Bill Davidson, staff announcer, has been upped to the vacated Vandiveer post with Russell Stewart, formerly with KDYL and KSL, Salt Lake, joining the KFI-KECA staff of announcers.

Private Trent Christman, formerly of NBC Hollywood guest relations department, married Miss Garnet Harrington of Los Angeles last Friday.

Chef Milani has signed another contract with Vegetates, Inc., makers of Vege-Broth, as new participating sponsors on the Chef's daily KFVB airtel. Chef Milani's "Family Nutrition in Wartime" broadcasts are released over KFVB. The agency representing Vegetates, Inc., is Charlie Davis agency.

Jim Doyle, NBC newsman, voiced the trailer for Warner Brothers' "Mission To Moscow."

Walter Snow, of KNX-CBS staff, has been assigned as contact producer on the Lady Esther "Screen Guild Players" program, replacing Bill Randol, Jr., now with Warwick and Legler agency.

Royal Foster, radio scripter, is writing the queries and quips highlighted in Ken Murray's new CBS quizzer, "Stop Or Go," which took to the air over the Columbia Pacific Network on Sunday.

## Seven N. Y. Local Outlets To Carry Red Cross Rally

● ● ● Sudden thought: In these times, when things uppermost in our minds are 'Points' and 'Rations,' it seems to us that the following is a slogan worth remembering. . . . "Be A Rational National." . . . The 'Victory Twins,' one of the first radio acts to entertain members of the armed forces (they started their gratis appearances in August, 1941, pre-Pearl Harbor days), will leave April 1, on an extended U.S.O. Camp Show tour. . . . Dorothy Kirsten, soprano, formerly heard on NBC's "We Believe," program gets an MGM movie screen test Wednesday. . . . After ten years in the title role of "Just Plain Bill," heard on NBC, Arthur Hughes has never been anything but first to arrive for rehearsals. . . . Jimmy Dorsey's stay at the Hotel Pennsylvania will terminate May 1 instead of April 5. . . . Joan Kahn, who aids Bob Hawks in digging up those "Thanks to the Yanks" questions, is the author of the novel, "To Meet Miss Long," just published by Lippincott. . . . None other than Leo Durocher, will be Milton Berle's "guest" on the CBSoup (Campbell's) hour, March 24. . . . Saul Reiss has resigned from the WOR Artists Bureau.

## Chicago

By FRANK BURKE

THREE top-flight bands pay return visits to the Treasury Center's "Bondwagon" program when Gracie Barrie, Eddy Howard and Art Kassel will entertain noonday crowds and broadcast over WGN.

Jan Savit's orchestra is slated to appear on the "Fitch Bandwagon" from Chicago on Sunday, March 21, with the program originating at the NBC studios.

Glen Snyder, general manager of WLS, and George Cook, station treasurer, off to Phoenix, Arizona, for visits to the Arizona Network stations, KOY, KTUC and KSUN.

A new show titled, "Greeting Your Boy" and featuring Mark Love, bass with Helen Westbrook at the Organ, started on WGN, yesterday, from 10:10:25 a.m., and sponsored by Curtis Candy Company. Love will tour midwest servicemen's camps talking to the boys and taking down messages for the folks back home.

Karl Sutphin, formerly of WLS sales, is now in the station's promotion department. Howdee Meyers, radio director of the OCD, has launched a new Saturday show on WENR titled, "This Is Your War," and heard from 3:30-4 p.m. The program is produced by Burr Lee and written by David Peltz and David DeKoven, of the OCD office. The show is a dramatization which tends to project ideas for discussion among people on the home front concerning the present war and peace which will follow.

Barney Ross, ex-boxing champ and Marine hero, is slated for six guest appearances on local stations when he returns home for a visit next week. Ross' exploits as a Marine at Guadalcanal will be dramatized on the program.

## Murray Likely To Retain Some Contact With CBC

Toronto—Although his resignation as director-general of broadcasting of the Canadian Broadcasting Corp., was announced some weeks ago, Major W. E. Gladstone Murray has continued to occupy his CBC executive office in Toronto and there is a report that he will continue to be associated with the government network in some capacity. At the time of his announced retirement, it was stated that he had decided to become a "public relations counsel in the general field of industry" but to RADIO DAILY he has declared that his plans are not definite. Maj. Murray was general manager of CBC from 1936 to 1942 and previously he had been with the BBC in London, England. He was transferred to a newly-created position of director-general of broadcasting last year following a Parliamentary probe into the affairs of the CBC. From the offices of the network has come the word that "he will retain links with radio."

**Freed Sees FM Replacing AM Following Conclusion Of War**

Frequency Modulation (FM) will supplant Amplitude Modulation (AM) called standard broadcasting, within a year after peace is declared, it was declared by Arthur Freed, vice-president and general manager of the Freed-Eisemann organization, following a seventeen city radio dealer survey just completed. In the seventeen cities surveyed, fifty-three broadcasting stations are using FM transmitters at the present time, it was stated by Freed.

The great majority of the dealers surveyed stated that the consumer demand for Frequency Modulation's staticless reception and its superior tone quality and range will force broadcasting corporations to replace their inadequate amplitude modulated radio stations, following the war, with FM transmitters. These will overcome every hurdle which, in the past, has stood in the way of true musical reproduction in the home. These dealers further pointed out, noted Freed, that FM is proving itself daily and the demand for the radios-that-can't-be-bought-for-the-duration is for

Frequency Modulation receiving sets.

"Frequency Modulation development has not stopped because of the war," Freed stressed. "It is, as a matter of fact," he stated, "making vital communication contributions to the prosecution of the war. Our organization, as well as all the important licensees of Major E. H. Armstrong's invention (wide-swing FM), are utilizing their civilian production experience in producing equipment for the armed forces. Military restrictions, however, require that the public wait until the successful conclusion of the war before FM's tremendous contribution to victory can be told."

"But the public can be certain," Freed concluded, "that what FM licensees are learning, doing their war work will make peace-time FM radios unusual musical instruments for home entertainment. The desire for these post-war FM radios and radio-phonographs is being stimulated by FM sets now in the home—and this demand will play a vital part in the post-war economy of the nation."

**WEAF Plans To Operate CDVO "Victory Garden"**

Basic plans for a plot of model Victory Gardens in the heart of Manhattan, from which broadcasts will be made weekly, have been announced by Sherman D. Gregory, manager of WEAF, and Mrs. Vernon Lamson, chairman of the Greater New York Civilian Defense Volunteer Office Victory Garden Department. The gardens will be located on the northwest portion of the Charles M. Schwab estate, Riverside Drive at 74th St.

The gardens will be officially opened on Saturday afternoon, March 20, with a broadcast over WEAF at 1 p.m., EWT. Thereafter there will be weekly broadcasts from "between the bean rows" on the progress being made, together with discussions on problems encountered in the treatment of soil and the detection and eradication of pests, to aid the thousands of other amateur gardeners who will be working under the direction of the CDVO Victory Garden group in the campaign to grow necessary food-stuffs for the coming year. The broadcasts will carry official, practical information for CDVO Victory Gardeners.

In addition to the weekly broadcasts from the Schwab estate, where "sprout by sprout" reports will be given, Merton Emmert, WEAF's farm authority, will comment on his "Modern Farmer" program, heard daily over WEAF at 6:30 a.m., EWT, on the progress being made by the amateur gardeners who will be in direct charge of the gardening of the model plots. WEAF is installing lines to the Schwab estate to carry the weekly broadcasts.

The CDVO will select several families to act as the gardeners, and they

West Coast Bureau, RADIO DAILY  
Hollywood — Gaining momentum, the Hollywood Writers' Mobilization Office of War Information, airshow "The Free World Theater," has lined up its programs for the next two weeks. With the star yet to be chosen, next Sunday will have "Whitehouse Kitchen," from an original idea by Kansas editor, William Allan White. Bernard Schoenfeld of the Radio Writers' Guild is doing the script.

Major project now is the program for March 28. It will be the first musical program for the series. Titled "Music of Freedom," the show will feature songs of the United Nations. Henry Meyers, Jay Gorney and Edward Eliscu are writing original fighting songs for the show, including "Damn the Torpedoes" and "Said General MacArthur to Mr. Stalin." Ira Gershwin and Jerome Kern are musical advisers for the show, with Don Quinn, of the Radio Writers' Guild scripting. The show will feature at least three top-name Hollywood singers, yet to be announced.

Airing over the Blue Network, Sunday 3:05-3:30 EWT, and locally over KECA, 4:30-5:00, "Free World Theater" is a 26 week series.

will be under the supervision of Emmert and other garden experts. The families will be selected for their aptitude and experience in small garden culture.

Plans are being made to schedule important guest speakers on many of the Saturday afternoon programs as well as having outstanding Victory Gardeners from Greater New York appear during the broadcasts to tell of their own success with a Victory Garden.

## KPO-Red Cross Program In 14 Coast NBC Outlets

San Francisco—Linking their promotional efforts, the Red Cross Pacific headquarters and KPO originated a closed circuit broadcast carried by all fourteen NBC Pacific Coast and Mountain stations, as ballyhoo for the Nurse Recruitment campaign. Chapter chairman and committee heads from all the Red Cross chapters in the Pacific area traveled to their nearest NBC stations to hear messages from A. L. Schafer, west coast manager of Red Cross; Gladycy Badger, director of Nursing Service for the area, and John W. Elwood, KPO manager and chairman of the local NBC-Red Cross drive.

## NETWORK SONG FAVORITES

This weekly survey is based on the copyrighted Audience Coverage Index report of the Office of Research—Radio Division, covering the period of March 4-10, inclusive. The survey provides a scientific index of the relative extent to which these popular songs have been heard by a nation-wide sample of radio audiences.

The index is based on three kinds of research data: (1) the total number of performances heard and reported in New York by the Accurate Reporting Service for WEAf of NBC, WJZ of Blue, WABC of CBS and WOR of MBS, 8 a.m. to 1 a.m. daily, EWT; Middle-west performances heard and reported in Chicago by the Radio Check-up Service, 9 a.m. to 1 a.m. daily, CWT; West Coast performances heard and reported in Los Angeles by the Radio Checking Service, 9:30 a.m. to 1 a.m. daily, PWT, (2) additional station-uses for network programs and (3) the relative size of listening audiences as based on regular surveys of radio sets-in-use by C. E. Hooper, Inc. and Pulse of New York, Inc., as well as on other special surveys.

The higher the song's ACI figure for the week, the more it has been heard by radio audiences. Current radio favorites from the American repertoire of popular music are segregated and presented as "Favorite Standards of the Week."

**San Francisco Experiment  
Tests Radio Education**

San Francisco public schools have just completed a six months experiment in radio education, the first of its kind in the United States, and public school executives and teachers are most enthusiastic about the results.

Last fall the Board of Education purchased and installed eighty General Electric frequency modulation radio receivers in local schools. FM radios are static free, employ full tone range, and prevent interference from other stations. The San Francisco public schools operate their own frequency modulation transmitter at the Samuel Gompers Trade School and for the past six months have utilized the General Electric sets to receive specially chosen educational and musical programs for children. Emerson School received the first of the FM sets to be delivered. According to Miss Pauline Ryder, principal, the program most popular with pupils is the "Schoolcast," a special arrangement of current events broadcast three times a week by Dwight Newton.

"The children follow these Schoolcasts with intense interest," Miss Ryder said. "They spend considerable time in previous classroom preparation and review."  
"Based on up-to-the-minute news, Mr. Newton asks five questions which he thoroughly discusses and answers. The pupils participate in the program by writing the questions on the blackboard for further discussion and following geographically with a large map."

**Palmer Joins Blue Sales**

Charles C. Palmer, formerly with the New York "Times" and more recently with the New York "Herald-Tribune," has been appointed to the sales staff of the Blue Network, according to an announcement which was issued by D. **Philco's War Production  
Lauded By Gen. Somervell**

Congratulations on its contribution to the war production program from Lt. General Brehon Somervell, Commanding General, Services of Supply, have been received by Philco Corporation, it has been announced. General Somervell wired Philco Corporation as follows:

"The suitability and performance of equipment produced by American industry which I have just seen on a 34,000 mile inspection trip through the Caribbean, South America, North and Central America, Africa, Palestine, Iran, India and Burma, is a tribute to the genius of American engineers and to the skill of the workmen who made it. Its adequacy everywhere was a source of great satisfaction to me. You and everyone in your organization should be proud of your contribution and the important part you are playing in helping us to victory."

In acknowledging the telegram, James T. Buckley, president of Philco Corporation, replied as follows:

"On behalf of everyone connected with Philco Corporation, I should like to acknowledge and thank you for your telegram of March 3. We are grateful that we have been able to do our part in supplying the nation's armed forces with the essential war equipment they need.

"Your message which we are displaying for all Philco people to see, will be a constant challenge to us to continue to do all that we can on the production front in the manufacture of electronic and radio communications equipment for planes, ships and tanks, shells, fuses, and storage batteries until the war is won and peace is made secure."

**Grange Editor On WEAF**

Charles Gardner, editor of the "National Grange Monthly," will be the guest of Merton Emmert of the WEAF "Modern Farmer" program today. The subject will be "The National Grange in Overalls and Uniforms."

**Blue's Spot Business  
Up 35% In Past Year**

(Continued from Page 1)

100 per cent. Specifically the stations gained 109 per cent and 103 per cent respectively. WJZ, New York, showed a gain of 25.8 per cent.

Returns thus far for March indicate the trend is still upward, with KGO, San Francisco, in line for an unusual gross. Totals for the first 12 days of March on that outlet are already ahead of the total for the entire month last year.

Real test of the department's gains, however, will come a little later in the summer months. Blue's department was fairly young in its drive last spring, and didn't hit its terrific selling stride until the hot weather periods. So that any gains this year over those of June, July and August will be an even greater achievement than bettering the January, February and March totals. On the basis of feelers out this early, network does not expect any significant slump in the summer months when business usually drops off.

tying in with the war effort, starting early next month. The campaign, which will mobilize the sales efforts of the retail jewelers of America, will have for its patriotic objective the sale of \$5,000,000 in War Savings Stamps. Copy will build around the theme slogan: "Give Your Time for Victory."

Key radio stations from coast to coast will be used to bring the story of the Helbros "Time for Victory" contest to the attention of America. For individual announcements, there will be available to jewelers, without cost, two-minute recordings dramatically explaining the campaign.

Forming the nucleus of the campaign is a novel "Time for Victory" contest based on the question: "When Will This War End?" The Helbros Watch Company will present \$2,500 in U. S. War Bonds to the person who best answers that question, estimating the day, hour and minute on which the order to "Cease Fire" will be given, marking our final and complete victory over Germany. To each of the 101 persons next in line with successful answers will be awarded a Helbros watch retailing for \$57.50.

Contestants will get an official entry blank and contest rules from the retail jeweler simply upon the purchase of a U. S. War Savings Stamp of any denomination. As many entries as desired may be made by a single contestant, provided each is accompanied by the purchase of a U. S. War Savings Stamp.

A Reporter's Report Card . . . !

● ● ● SENATOR WILLIAM WARNER BARBOUR: If you tune in to "The Pause That Refreshes on the Air" CBSunday, March 21, 4:30 p.m., EWT, you'll hear the fellow you used to spar with when you were New Jersey's amateur Heavyweight boxing champion. . . . he plays the violin now—name is Albert Spalding. . . . HAROLD PARROTT: You've been elected to membership in Bob Hawk's "Prominent Birds" club—other members include William A. Swallow of Albany, N. Y., financial secretary of the American Humane Society, George Kanary, of Portland, Ore. (now in the Navy), Rear Admiral Richard E. Byrd, explorer de Luxe and Stephen Crane, Lana Turner's hubby. . . . BILL PENNELL: Last Sunday was your first Westinghouse NBCoast-to-coaster from Hollywood and just when you thought it was swell looking out of your Hotel Knickerbocker window towards Ivar St. and Hollywood Boulevard, the Miami Draft Board sends you that little card informing you that you "are now in LA". . . . ELLA FITZGERALD: You and the band start a series of Blue Network tune-fests next Tuesday 7:05-7:15 p.m., EWT. . . . ANNE NICHOLS: "Doc" Dixon, NBC engineer assigned to your "Abie's Irish Rose" programs, becomes Capt. Charles Peter Dixon, U. S. Air Force—and appropriately enough, on Wednesday, St. Patrick's Day.

● ● ● RICHARD CROOKS: Your 10,000 mile concert tour est fini and you go back to work (okay, so it wasn't a vacation) Monday on "Voice of Firestone" NBClassical. . . . RALPH EDWARDS: Your "T or C" cigarettes-to-the-boys program will emanate from Buffalo Saturday and will then be heard from 14 different cities en route to Hollywood—followed by a picture assignment. . . . FORD BOND: That authoritative voice which ordered you to "take your hand out of your pocket" on 49th St. last week, belonged to an FBIntelligent—J. Edgar Hoover's lads weren't taking any chances because Mme. Chiang Kai-Shek's automobile was about to pass by. . . . CARL POST: You'll soon have the prefix "Pvt." added to your name. . . . JERRY LESTER: When Earl Carroll's "Vanies" opens in Frisco in June, it will feature two of your compositions, "All I know is what I read in Your Peepers" and "I Broke a Date With Kate." . . . SARA ANN McCABE: If 20th Century-Fox decides to produce your Mystery-Comedy, "Stick 'Em Up," Una Merkel will have the feminine lead. . . . LOU COSTELLO: Your partner, Bud Abbott, has asked and has been granted "leave until you get well," by your sponsor Camel Ciggies after Thursday night's show, when Harold "Great Gildersleeve" Peary clowns in your stead.

● ● ● MARK WOODS: As you probably know, office memos, letters et al are not being answered right now by Ed Kobak for a very good reason. He's home abed with a cold. . . . HI BROWN: Take a bow for the punch-packed, morale-building themes of your CBS "Green Valley, U. S. A." series. . . . SAMMY KAYE: Your practice of collecting dimes from autograph hounds asking for your "John Henry," has already netted the USO \$211.30. . . . BOBBY HOOKEY: You're only five years old and too young to realize the fine thing you're doing, sending all those gift rocking horses, sent you by listener-admirers of your "Rocking Horse Rhythm," to local orphan homes. . . . LAWRENCE TIBBETT: The young baritone you discovered in Council Bluffs, Iowa, named Walter Cassel, of whom you once said "his is the voice of a great artist," justifies your faith—he has been signed to sing the role of "Silvio," in "Pagliacci," which will be Blue Networked Saturday afternoon. . . . BOB ALLEN: Your orchestra goes into the Pennsylvania Hotel, May 3 and during that engagement, you'll make your first Broadway theater appearance when you double into the Capitol.

Song Infringement Suit

John G. Paine, general manager of Ascap and Lewis MacConnach, secretary of NBC, will be examined before trial, March 19, by attorney for William B. Law, who is bringing suit against the two companies for alleged copyright infringement. The plaintiff's action is based on the alleged use of his song "On Iowa" by NBC on numerous occasions since 1936. Action for payment from Ascap whom he alleges distributed monies collected from NBC for the song among its members without reimbursing him.

The listener is asked to note every number mentioned by the announcer between two musical gongs, total the numbers and send the results to the station. Prizes are awarded the winners in the form of War Savings Stamps and United Press War Maps.

The program format includes the voice of a telephone operator at the opening and close of each program. The phone rings and a voice asks the listeners, "Number Please."

series is being handled by Al Bland. Theory of the program is to entertain by recalling through suggestion, "the good old days."

**WALB Hearing Deferred; Other Activity By FCC**

Washington Bureau, RADIO DAILY

Washington — Another one-week continuance was granted by the FCC, in the hearing on the petition of license renewal frequency shift and assignment of license by WALB, Albany, Ga. This case, which has been in recess for several weeks now, was due to go on today, but has been put off until next Tuesday.

The action followed receipt of a letter from Albany that C. D. Tounslay, a key witness, is ill and unable to appear. The letter also requested an indefinite continuance. This letter will be placed before the full Commission this morning.

It is believed here that the motive in requesting the indefinite continuance is to put off the hearing until after the Cox investigation of the Commission has reached full career, or been concluded. WALB is the station which, according to evidence already presented in the case, was represented in Washington "exclusively" by Rep. E. E. Cox, at whose behest the House voted the inquiry.

An application has been received by the FCC for permission to transfer control of WTSP, St. Petersburg, Fla., from Nelson P. Poynter to the Times Publishing Co., licensee is the Pinellas Broadcasting Co., and transfer of 25 1/2 shares of stock is requested. Poynter is now employed by the OWI, as Hollywood representative of the Motion Picture Bureau.

KOBH, Rapid City, S. D., seeks permission to change its band from 1,400 to 610 kilocycles, increase its power from 250 to 5,000 watts, install directional antenna for night use, change its transmitter and move.

Permission is sought by KDRO, Sedalia, Mo., for Commission approval of transferring of its license from Drohlich Brothers to Milton J. Henlein. WDSM, Superior, Wisconsin, has applied for a power boost from 100 to 250 watts.

**M. D. Wickett Named Program Head of WJSV**

Washington Bureau, RADIO DAILY

Washington—Appointment of Martin D. Wickett as program director of WJSV, local CBS station, was announced over the week-end by Carl J. Burkland, general manager.

Wickett, replacing John Heiney, who resigned last month, left his post as assistant radio director for Erwin, Wasey & Company to take over his new position yesterday. Well known in the trade as writer, producer and musical arranger, Wickett first entered radio in Boston, in 1929. Successively he was musical director and produced programs at WFAB, KMOX, and WLW until 1936, when he joined the Phil Harris organization and, in addition, scored music for several pictures while on the Coast.

Later in 1936, Wickett joined the NAB staff as musical director of the bureau of copyrights, going to New York in 1938. He wrote a number of network shows, including "Hobby Lobby" and "Mr. District Attorney," and conducted library sessions for Muzak.

With Irwin Wasey, among the most recent programs he has been producing and directing are "Stand By America" and the "Carnation Bouquet."

## Three Radio Mfrs. Report On '42 Income

(Continued from Page 1)

excess profits which are estimated at \$2,278,951.

At Westinghouse Electric & Manufacturing Company, net income for 1942 was \$17,366,841, a decrease of 25 per cent from the company's 1941 net income of \$23,117,510. However, the firm reported that orders received in 1942 showed an 85 per cent increase in the yearly comparisons. The 1942 orders came to \$1,079,636,268. Billings of \$487,274,551 represented a 32 per cent jump over 1941. By the end of 1942, total employees reached 97,423 with a payroll of \$239,634,071.

Despite a 65 per cent increase in gross sales during 1942 over 1941, Stewart-Warner Corporation showed a decrease of 4 per cent in net profits. Gross sales for the year were \$88,913,625 compared with \$53,933,908 in 1941. Net profit after all deductions including a provision for postwar plant rehabilitation and for contingencies arising out of war conditions of \$2,000,000, was reported at \$1,590,454. The 1941 net profit was \$1,656,680.

All three firms noted that their production records were the highest in the history of the organizations, with "E" awards being listed as evidence thereof.

### Stewart Warner Reports

James S. Knowlson, president and chairman of the board of Stewart-Warner, in the annual report stated that the corporation used its own funds to purchase \$2,555,082 worth of equipment and tools during 1942 for war production. This was in addition to equipment obtained by lease agreement with various government agencies.

The Westinghouse statement, made in the names of A. W. Robertson, chairman, and George H. Bucher, president, called attention to fact that no Westinghouse plant was shut down for a single day because of labor and management disputes or lack of materials. Westinghouse plants received 8 Army-Navy "E" awards during the year.

Wincharger Corporation, one of Zenith's subsidiaries, received the first Army-Navy "E" award for the manufacture of dynamotors for airplane and tank use.

Earnings per share of Stewart-Warner stock for 1942 were equal to \$1.25 for the 1,272,920 shares of common stock outstanding. Earnings in 1941 were equal to \$1.30 per share. As in 1941, two dividends of 25 cents each were paid. Directors of Zenith declared a dividend of one dollar per share, payable April 30, 1943, to shareholders of record as of the close of business April 15, 1943.

### Sydel Forbes To Blue

Sydel Forbes, assistant to Bernard Estes, publicity director for WINS, N. Y., resigned her position to accept a berth in the Sales Promotion department of the Blue Network. She was replaced by Lenore Weiss, formerly with WPEN, Philadelphia.

## "Controversial Issues" Time Still Being Discussed, Says Fly

(Continued from Page 1)

ing equal time for opposing political candidates to speakers on all public issues.

Another provision of the White-Wheeler bill calls for "identification" of speakers, which means the statements of any organization, pressure group or other non-commercial sponsor they might be representing on the air.

The Commission, whenever it has been called upon to express itself on such matters, has tried to follow the line of the broadcaster code, Fly said. "Perhaps in a somewhat ineffectual way we have encouraged the idea of giving both sides of the controversial issues. At the same time, as you know, in one or two decisions we criticized the editorial policy or advocacy on the part of the station itself, feeling that the

station ought to be there as a mechanism for the purpose of giving a complete and balanced reporting and then, when giving the outstanding debatable issues, to be sure, of course, that both sides were represented. The Commission has not given consideration to the particular provisions (of the White-Wheeler bill) so I don't know what it would want to say about that."

Chairman Fly said also that investigation by the Commission failed to disclose any basis for action against WMUR, Manchester, N. H. Senator H. Styles Bridges, (N. H.) had charged during the last election campaign that WMUR, owned by his opponent, former Governor Francis Murphy, had indicated political bias and had been coloring news broadcasts.

## Administration Critics Hit Programs Of Davis

(Continued from Page 1)

of Sen. Robert A. Taft, Ohio Republican, who charged over the weekend that the Davis broadcasts are an insult to the American people "and to the abilities of our free press and radio workers."

Hinting that Davis had used pressure to force the four networks to grant him time, Taft recalled the outburst of his erstwhile isolationist colleague, Sen. Burton K. Wheeler, Montana Democrat, who issued similar charges earlier this year when Davis and Agriculture Secretary Claude A. Wickard spoke over all networks to announce the imminence of food rationing.

### Criticize Film Production

These utterances are line with recent charges by Sen. Rufus C. Holman, Oregon Republican, that the picture, "Prelude to War," made by Lt. Col. Frank Capra for the Army, was fourth term propaganda. This charge did not seem to impress Congressional colleagues, who saw the film at a special showing in the Senate Office Building, although Senator Holman later charged that deletions had been made for the showing. The Army denied that there had been any deletions.

Along the same lines also are charges made during the present session of Congress that radio is unfair, in that sponsored political and news commentators who criticize Congress are allowed to go unanswered on the air. Several anti-Administration Democrats and a few Republicans vaguely threatened that Federal Radio might be the only solution to the criticisms which they call "un-American," etc.

The drive for control of radio seems to be in full swing now. Newspapers do not seem to merit so much attention, mainly because most influential publishers already are opposed to the present Administration;

## Expect Favorable Report For New York Child Bill

Albany—The modified Ehrlich bill to make legal radio appearances of children under 16 is expected to be reported out favorably in the Assembly this week. The bill, heartily approved by broadcasters, now will permit New York City to handle the matter of permits for either commercial broadcasts or non-professional broadcasts in whatever manner the municipal government there deems best. Elsewhere in the state, however, educational authorities would issue the permits up to six months at a time, providing such radio appearances were outside of school time and were not deemed harmful to the health, welfare or education of the children.

Such radio appearance of children under 16 is at present barred by both the penal and labor law codes. Assemblyman Ehrlich has passed the bill twice only to run into gubernatorial vetoes.

there has been no effort to tell newspapers what they may or may not print, but there is every indication that some members of this Congress hope to be able to tell radio what it may air and what it may not.

Most observers here believe that a large measure of the overwhelming support for the resolution of Rep. E. E. Cox, Georgia Democrat, calling for an investigation of the FCC, was inspired by a vague belief in the minds of many Congressmen that the FCC was in some way responsible for what is said over the air. Many of them are believed to have thought that the investigation might somehow offer a way of neutralizing radio, at least, for the next election campaign.

In reply to the Taft statement, Davis said that he had not "commandeered" any stations or any networks. "We put on the broadcast for anybody that wanted it," he said, "and tried to adjust the time to make

## AFM Recording Ban Supported In Britain

(Continued from Page 1)

that the English musicians had turned down offers to make records for export to U. S., and that the British union is contemplating carrying that principle to the fullest extent.

Though the letter from England suggests that the AFM send or point a representative in England to discuss the recording matters with the British Union, trade ventures the British offer of support may not be unrelated to the recent fly trip made to Britain by Joseph B. Way, attorney for AFM. Padwe mission was not detailed to the public. However, his instrumentality in obtaining the endorsement of support from the AFL convention in Toronto, last year, could have influenced the aid from across the Atlantic.

Indicating that the London musicians' union was in full accord with the American union's ban on recordings, the Britishers congratulated Petrillo on the success of the cessation of record production. They stated the British secretary:

### Text of Statement

"Inquiries have been made as to whether certain well-known combinations of British musicians would accept recording engagements with a view of the records being exported to America. So far the musicians concerned have refused. We feel that if they had accepted they would have been blacklegging their fellow musicians in the States. My Executive will be asked to instruct all members of the Musicians' Union to refuse to give the written consent required by the Dramatic and Musical Performers' Protection Act 1925, unless such consent specified that any records will not be used for export to America. We hope thereby to assist you."

Britishers, themselves, are having a recording and transcription problem, according to the secretary, and have a special committee working on the situation.

Petrillo's reply to the British offer, told of negotiations going on with the record firms, and suggested that this and the war would delay to the present, his sending a delegate to England to discuss the recording problem.

Executive Board of the AFM met today in Chicago to frame an answer or procedure to the recent rejection by the recording and transcription companies of the proposed AFM plan to collect additional fees for all such recordings.

it most convenient for everybody. He pointed out that it had not been carried simultaneously by all four major networks, and that the British had cut off some of his time in order to continue carrying a talk by Secretary Frank Knox.

"And if Mr. Taft will point out any propaganda (in the script) I'll greatly appreciate it," he concluded.

# Court Adjourns; Delays Chain Decision

(Continued from Page 1)  
 Effective date had been directed by the Commission until April 1, or the Court's decision should that come before April 1.  
 The stay was sought by NBC and was opposed by the FCC on grounds that the networks have asked the Commission more than the Court for the delay. Believed, however, that the Commission would have voluntarily stayed execution of the rules if the decision came down from the tribunal. Effective date was stricken from Feb. 1 by the Commission.

# Issues New Ruling Measuring Instruments

Washington Bureau, RADIO DAILY  
 Washington—Electrical measuring instrument manufacturers, whose production will be scheduled will not be required to bring schedule data to Washington, it was indicated at a meeting of the electrical instrument industry advisory committee with the electrical instruments division of the WPB's Radio Division. To ensure the smooth flow of instruments to producers of electronic equipment, both future orders and already placed must be adjusted to meet requirements, manufacturers. Some companies have recently been placing orders because of immediate necessity, with the result that order schedules rise to peaks and then decline abruptly. Prompt shipment of orders, by reducing immediate pressure upon the manufacturers, will expedite the filling of orders.

It is proposed that some percentage of average weekly capacity be earmarked for handling small orders, particularly those of high priority. Manufacturers were advised to place their own orders for critical components promptly upon receipt of orders from prime contractors. The backlog of the component manufacturers, it was said, would make it difficult to place orders for fine wire, magnets and in anticipation of additional demand for measuring instruments.

It was said that such orders can be handled on a low priority basis, substituting when orders from prime contractors appear. The instrument makers were told to see to it that their suppliers of resistors placed orders promptly for fine wire.

# PROMOTION

## WLW Film Tie-up

"Education for Smash Hit" is the title of the mailing piece going out to 3,000 advertisers and advertising agencies from the WLW Cincinnati promotion department.

In eight graphic pages of pictures and text it tells the story of the success of the WLW 34-city World Premieres of "Hitler's Children," the RKO motion picture based on Gregor Ziemer's "Education for Death" and the major part that the station took in the promotion of that success.

Pictures of long lines at the premiere theaters in Indianapolis, Louisville, Fort Wayne and Cincinnati are supplemented by a double-page map of the WLW merchandiseable area with the cities where "Hitler's Children" was shown. Percentage figures running up to 300 per cent graphically show the reader the relation of WLW premiere attendance to the best average weeks' attendance of local theaters exhibiting top A pictures. Text with the map emphasizes that the major part of the promotional impact for these box-office-breaking results was done on Gregor Ziemer's "Background Program," a few spot announcements and Mr. Ziemer's earlier news program 3 nights weekly.

Pages 6 and 7 show pictures of station executives, top stars of the picture and Ziemer. Pictured also is a telegram from Ned E. Depinet, President of RKO Pictures to James D. Shouse, Crosley Vice-President in charge of broadcasting, which says that attendance figures of the WLW World Premieres show the intensive coverage and selling power of the Nation's Station.

On the last page is briefed the history of Ziemer's "Education for Death" which, by coincidence, was published the day he joined the staff in 1941. It lists, among others, such major events as the dramatization of the book by the major networks; its resume in the "Reader's Digest"; its coming appearance in four foreign countries; and its selection as Picture of the Week in "Life" during January, 1943.

## "Shadow" Tenth Birthday On Mutual Web Mar. 21

"The Shadow," sponsored live on Mutual by the Delaware, Lackawanna and Western Coal Co., will complete its 10th consecutive season on the air, Sunday, March 21. Transcription version of the series, however, will continue throughout the Spring and Summer on 28 stations. Clearance for the "Street & Smith" thriller is through the Charles Michelson office. List of stations which will carry the platter productions follows:

KFEL, Denver, Colo.; KFRE, Fresno, Calif.; KGU, Honolulu, Hawaii; KOCY, Oklahoma City, Okla.; KAWO, Provo, Utah; KTAR, Phoenix, Ariz.; KTSM, El Paso, Tex.; KTTS, Springfield, Mo.; KTUC, Tucson, Ariz.; KWK, St. Louis, Mo.; WBAX, Wilkes Barre, Pa.;

## WCKY's "Signal"

Most recent of mailing pieces sent out by WCKY, Cincinnati, is a two-fold, loose leaf report binder with the sales message: "WCKY has the Strongest Signal" on the inside cover. The loose-leaf material consists of a letter from a Marine Lieutenant in the Solomons and two magazine articles, one by the letter writer and another by a Lt. Col. in the Marines, all telling the story of the power of WCKY. Prefaced by a note from L. B. Wilson, president of the outlet, the letter (originally written on rice paper captured from the Japanese) and the articles speak for themselves—and WCKY. Both articles mention the clear reception of the station at Guadalcanal, and the letter is a request for more hot music on the early morning programs which are evening programs in the Solomons. "... the Marines tell us!" is the caption on the cover.

To illustrate the sales message on the inside cover, a western hemisphere line cut is used, along with copy which quotes from letters sent in by large numbers of listeners from remote points.

## WEEI's "Fiscal Proof"

Using a reproduction of bookkeeper's ledger paper, WEEI, Boston, has prepared a French-fold folder titled "Fiscal Proof (very brief)". On the inside double spread there are two definite sales messages reproduced on their respective right-hand and left-hand pages. Copy on left-hand page points out the fact that WEEI "... in its 6th year as CBS' friendly voice ... was the only Boston radio station (in December 1942) bringing Boston listeners the same network programs at the same point on the dial as in December, 1941."

The message on the right-hand page states that local advertisers spent 36.1 per cent more advertising dollars on the station in December than in the corresponding period the year before. The back page of this promotional feature is devoted to the logo-type of the station.

## Chilton 18th Anniversary To Take Place March 27

Ruth Chilton, president of the Association of Women Directors of the NAB, and Director of Women's Activities for WSYR, Syracuse, will celebrate her eighteenth anniversary in radio, March 27, 1943.

# Musician Convention Scheduled For June 14

(Continued from Page 1)

of the war program, caused the Executive Board of the union to change the locale. Local 103 will be the host.

Agenda for the convention has not yet been announced by James C. Petrillo, president. Likely that some report on the recording ban will be made, since the 1942 convention had gone on record for the withdrawal of recording licenses.

## Travelling Expenses Considered

One matter which is being mulled for convention consideration is the issue of agents and commissions on travelling expenses. At the last convention, delegates from Local 802 had obtained the passage of a resolution which ruled that agents could no longer compute commissions on the gross, but had first to deduct travelling expenses for the bands. Local has reported that at least one large agency has adopted contract riders which through manipulation of maximum and minimum commissions, travelling expenses, etc., get around the ruling. Likely that the local will bring the matter up again at the convention. Copy of the contract rider being used to duck the union ruling follows:

## Text of Ruling

"Inasmuch as the commissions specified in said agreement are less than the maximum allowed by the American Federation of Musicians, it is agreed that the difference between the commissions as set forth in said agreement and such maximum commissions allowed by the American Federation of Musicians, shall be applied to the deductions of travelling expenses, union taxes, etc., as provided by the Federation regulations; it being understood that in no event shall the net commissions exceed the rates set forth in said agreement. For the above purpose, all credits and deductions shall be computed at the end of each fiscal year during the term thereof. In all other respects the said agreement between us shall continue in full force and effect."

Possibility remains that this convention may be asked to pass upon its mandate which resulted in the current recording ban, unless something decisive takes place today in Chicago where the executive board of the American Federation of Musicians is scheduled to meet.

# Coast-to-Coast

**T**HE work Nancy Grey, director of the women's department at WTMJ, Milwaukee, is doing to alleviate woman's position in war work is meeting with feminine approval. A recent industrial clinic forum was held by the station's woman's director that brought out hundreds of questions to the meeting where questions were answered and advice given. The "Women in War" clinic featured brief remarks from leading representative of large industrial organizations in the Milwaukee area.

After an absence of several weeks, WELL, New Haven, will reschedule the RCA Victor "Music You Want" programs nightly, Monday through Saturday, from 11:15 to 12:45 p.m. To accommodate "Lenten Devotions" from Trinity Church the program will be heard at 12:15 to 12:45 p.m., which causes the United Press and local news period to be shifted back to 12:00 noon.

Jay Gould, WOWO-WGL, Fort Wayne, announcer is doing his share in alleviating the food problem. Since he lives on a farm a few miles from the city he supplies fresh eggs to the staff members. During the summer when his produce garden is in production he will supply the rest of the staff with fresh vegetables.

Recent additions to the announcing staff of WBML, Macon, Ga., are Frank Procter, Paul Wade, a radio newcomer, and Bill Howard. Howard, is holding down a part-time berth, while continuing his studies at Mercer University. The test blackout in Macon and Bibb County was covered exclusively by the station in close co-operation with the Army Air Base at Cochrane Field.

Basketball fans were given a break by WHIO, Dayton recently, when the finish of the games at the district tournament were transcribed with play-by-play descriptions by Bill Hamilton. Later in the evening the transcriptions were aired after the commercial programs were presented.

When WMCA, broadcast the Army "E" award to the Faicheny Instrument Corporation on March 11, WWNY, Watertown, N. Y., fed the program to the New York station for a half hour. During the cere-

monies, Harold B. Johnson, owner of the Watertown Columbia affiliate, was the master of ceremonies with the announcing chores handled by Jean H. Close, station's program director.

Mildred Bailey, director of women's features at WTAG, Worcester, Mass., has been appointed national secretary of the recently organized Association of Women Directors of the NAB, headed by Dorothy Lewis. She conducts the "Modern Kitchen," a thrice-weekly stint dealing with the food front, and the "Afternoon Journal," a daily magazine of the air devoted to subjects of interest to the femmes. She also authors the column "Modern Kitchen," patterned on her WTAG stanza, which is published in the Worcester "Telegram."

"Rosie and Archie," returned to the airwaves over the NBC Pacific Network, March 9. They are now airing their act over the network Tuesdays and Thursdays, at 7:30 a.m., PWT, and on Saturdays at the same time locally in San Francisco, over KPO.

WSAI, Cincinnati, will broadcast one in the series "Speak Up for Democracy" on March 18, with Cincinnati Judge Clarence Denning doing the speaking. The program is the 28th in the series which is being broadcast through the facilities of 477 radio stations under the sponsorship of the Veterans of Foreign Wars of the United States.

As a result of the KSD, St. Louis, program, "Our Buddies," that is aired each Sunday afternoon from 1:00 to 1:30 p.m., and sponsored by Pepsi Cola Bottling Company, Harold Grams, program's emcee, is receiving numerous invitations to speak before civic organizations and clubs of the St. Louis area on his experiences and views of service men both personally and by letter in connection with the show.

Mrs. Milton of Kingston, Ontario, and a regular listener to CKWS, was the winner of the weekly \$100.00 "Supersuds" award offered by Colgate Palmolive Company. In aiding the current Red Cross drive the station staged and actually broadcast from its office windows giving a visible as well as audible picture of an authentic blood donation.

With food becoming more and more of a national problem radio is taking up the burden of trying to alleviate it by devoting more time to air information regarding gardening. At WJW, Akron, Jean Long is conducting "Gardening for Victory" which is sponsored by the Norka Beverage Company. The program has the co-operation of Akron's four largest Rubber Companies: Goodyear, Firestone, Goodrich and General; the office of Civilian Defense, Akron Metropolitan Park Board, Akron City Park Board and the U. S. Department of Agriculture. Program is aired Tuesday and Thursday, and is backed by a strong promotional campaign.

Sophie Miller, originator of "Sophia and Joshua," the WKNY, Kingston, N. Y., presentation, has a featured article in "Our Navy" the official Navy magazine, called "Give 'Em a Break."

Olive Kackley, woman's commentator of WCKY, Cincinnati, was named as a member of the radio committee of "Women at War," a local organization engaged in an area-wide War Bond Drive. The femme commentator will make public appearances in behalf of the drive and will conduct air interviews to add further impetus to the campaign.

The St. Augustine National Bank, St. Augustine, Fla., recently signed a fifty-two-week contract with WFOY, St. Augustine, for a quarter-hour show that will be aired seven nights a week. General manager, J. Allen Brown, reports that this an increase of 157 per cent over the amount the bank spent with the station last year.

"Greetings From Your Boy," starring Mark Love, and featuring messages from servicemen to their families and sweethearts, was inaugurated by the Curtiss Candy Company Sunday, March 14, over WGN, Chicago. The program will be heard from 10:00 to 10:25 Sunday mornings. Love is the director of the "Baby Ruth Quiz," the candy company's musical and variety show for men in the service.

What is believed to be the first broadcast of a complete Catholic pontifical High Requiem Mass for an Archbishop in the United States was heard over KOB, Albuquerque, March 6. The broadcast Mass was for the Most Reverend Rudolph A. Gerken, Seventh Archbishop of Santa Fe.

The "Safety Brigade" programs for elementary school children will be resumed on KMOX, St. Louis, in co-operation with the Safety Council of Greater St. Louis, on Saturday, March 20, at 2:15 p.m. Sgt. Roland Schumacher, director of traffic education, will again be master of ceremonies. A weekly report on the progress of the current Red Cross campaign is being given each Saturday, through March 27 at 3:15 p.m.

Lyle Bond of Ann Arbor, Michigan, is now a member of the WCAR, Pontiac, Michigan, announcing staff. Bond comes to the station with no previous radio experience but makes his radio advent after winning the announcing auditions held by the station. The auditions were held to fill the gap in the department caused by the wholesale departures of staff members to the armed forces.

Supplementing its sponsorship of Deane Dickason's Sunday evening broadcasts over the Columbia Pacific Network, Chemicals, Inc. has contracted for a new program for its product Vano, to be heard over KNX, Los Angeles, beginning Monday, March 22. Called "First Reader," the

program features Foster May's ration and will be aired weekly from 9:00 to 9:15 p.m., PWT by transposition. The contract for the program to run 52 weeks, was handled by Sidney Garfinkle Advertising Agency of San Francisco.

Art Ford, one of Manhattan's radio jockeys, has joined the staff of WJN, N. Y., where he will handle the new and three-quarter hour disc program titled "The Magic of Music." Program will be on the air every weekday night, Monday through Saturday, from 8:00 to 9:00 p.m., with pauses for five-minute breaks at 8:30 and 9:30 p.m.

KROW, Oakland, has scheduled a series of five programs in behalf of the American Red Cross War Bond Drive. Broadcast each Tuesday night at 9 o'clock, the quarter-hour shows are designed to report to the public on the progress of the Drive, as well as present information on the various activities of the Red Cross in connection with the War Effort. Subjects to be discussed are Nurses, Nurses Aides and Home Nurses; Blood Donors; Foreign Messages and Home Service; Services to the Armed Forces, and Disaster Relief.

When Don Taylor leaves his post at the WCAU, Philadelphia, newsroom take a position in the newsroom of the Columbia Broadcasting System in New York, his place will be taken by Fred Rosenau, of Swarthmore College. In addition to his daily aym news broadcast, Taylor Grant will be heard in an analytical news program Monday, Wednesday and Friday nights at 6:10 p.m.

War workers, via plant loudspeakers, will be able to hear a musical tribute aimed at them by WLIB, New York, when the station airs the new feature "Music for Defense" Tuesdays and Thursdays at 10:45 a.m., and at 3 p.m.

## McNutt Cites Heavy Shift Of Men To 'Essential' Jobs

Washington Bureau, RADIO DAILY  
Washington—A 300 per cent increase in the voluntary shifting of workers from non-essential industries to "essential" jobs in the last six or seven months has been cited by Paul McNutt, chairman of the War Relocation Commission, who stated that whereas last Summer only about one out of every 10 men questioned by the U. S. Employment Service was willing to transfer to "essential" work, 30 per cent of those interviewed during January have made the change.

McNutt also revealed that a new list of "critical areas" where the WMC will invoke the provisions of the recent executive order establishing a 48-hour week will be announced this week. He did not indicate whether the new list will contain additions, deletions or both.

The Senate committee decided to adopt, in place of the Disney rider, an amendment along the lines of one offered in the House, but not passed by that body, to kill the President's salary limitation order outright. A committee of five Senators was named to draw up this substitute measure. It will be submitted Friday morning by Committee Chairman Walter George, Georgia Democrat, and Senators Harry Flood Byrd, Virginia Democrat; Josiah W. Bailey, North Carolina Democrat; Arthur H. Vandenberg, Michigan Republican, and Robert M. LaFollette, Jr., Wisconsin Progressive.

Their amendment is expected to provide that the government may not order any decrease in wages or salaries below the level prevailing for the same or similar work between Jan. 1 and Sept. 15 of last year.

# ★ PROMOTION ★

## NBC's "Buy Points"

The first issue of a new sales promotional brochure, NBC "Buy Points," appeared March 8.

The publication, which will be a quarterly, is for use of network and station sales departments, and its purpose, as set forth in a foreward, "summarize timely sales facts, emphasizing the 'reason why' advertisers should be Pacific Coast NBC." The first issue showed effects of the same living upon radio listening (up 13 per cent), and in NBC programs (54 per cent more listening programs than the next ranking network).

This issue also includes charts and graphs showing comparative Hooper ratings of NBC and other networks.

## First Anniversary Promotion

WYS, Charlotte, N. C., has issued a mailing piece showing how they got on the job for their first anniversary. The single sheet contains a photograph of a full size billboard which carries the picture of a nationally known news commentator speaking over the station (three different head cuts were used) and his message to the station on its first anniversary. On the mailing piece is a diagonal note calling attention to

## Appeal To Be Heard In Appellant's Work Area

Washington Bureau, RADIO DAILY  
Washington—Selective Service appeals in the cases of individuals working in another area from that in which they are registered will henceforth be heard by the appeal board in the area where they are employed, Selective Service announced yesterday. A broadcaster in Chicago entered an appeal on behalf of a worker who came to Chicago after registering with a local board in Ohio, for example, the appeal will be heard by the Chicago appeal board, rather than the Ohio section where the worker is registered. The transfer of appeals jurisdiction, coming to Selective Service, should give more competent consideration to individual cases because the board in the area where the registrant is employed is presumed to have better knowledge of the labor conditions in that particular area.

## KTUL Statistical Booklet

KTUL, Tulsa, has sent out a promotional booklet with the slogan "fits like a glove," referring to the station's coverage of "Oklahoma's Richest Market," Tulsa. Entitled "The Magic Empire," the booklet is an illustrated statistical survey of the Tulsa market and market potentialities. Using government and independent surveys as sources, the booklet shows the rise in retail sales; the wealth of the area; the percentage of manufacturing establishments, factory workers in the area and the total annual wages paid to them, as compared with the rest of the state; the average annual wage in two areas as compared with that in the U. S.; the concentration of mineral wealth in the area; and a list of the war projects in the area which contribute to the expanding market. Each page contains one aspect of "The Magic Empire" bordered on the top by a summarizing heading and on the bottom by a resume from the KTUL angle. The booklet is tan cover stock with black and brown print, and the statistics are clearly illustrated with block line cuts.

the fact that the billboard is one of thirty-six used in connection with WAYS' anniversary campaign.

## WJZ Signs J. C. Eno Ltd. For Half-Hour ET Show

Placing special emphasis on the New York market, J. C. Eno (U. S.) Ltd., Bloomfield, N. J., will launch a campaign for its effervescent fruit salts on WJZ beginning April 15.

Eno will sponsor "Hollywood Radio Theater," a half-hour recorded program presenting motion picture stars in dramas by the country's outstanding writers. The program will be heard Thursday at 10:30 p.m., EWT, beginning tomorrow as a sustaining show until Eno assumes sponsorship. Atherton & Currier, New York, is the agency.

Among the well-known stars who will take part in the recorded dramas are Marjorie Rambeau, Osa Massen (daughter of Jean Hersholt), Isabel Jewell of "Lost Horizon" and "Of Mice and Men," Rosemary DeCamp of "Yankee Doodle Dandy" and "The Commandos Strike at Dawn," Bramwell Fletcher who has played leading man to Katharine Cornell and has also appeared in "Immortal Sergeant" and "White Cargo," Gale Sondergaard and Anita Louise. Stories by Mary Roberts Rinehart, Damon Runyon, Gouverneur Morris, Earl Derr Biggers and other famous writers will be dramatized. A 27-piece orchestra conducted by Mahlon Merrick will provide the background music.

THE luncheon tendered Russ Johnston at Brittingham's the other day by his co-workers at KNX-CBS in commendation of his 20th year in the radio industry, although he is but 35, will long be remembered by those who attended. Guests who planted a "gag" on Russ were very much out-of-the-running when Johnston turned the tables on the attendees by producing written evidence (manufactured in points throughout the West Coast) to prove a great swindle had been perpetrated on the guests, who were contributors to the luncheon.

Ben Alexander did himself a real broadcast last Thursday—in the main lobby of the Hollywood Radio City studios. Crowded conditions on Thursdays left no studio available for the interview program which Ben was asked to do to fill in a cancellation.

Betty Rhodes starts a new program series over the KHJ-Mutual Don Lee network Saturday, March 20. Entitled "The Fleet's In," show will embody the format used on her former "This Is The Hour" and the "Anchors Aweigh" programs, both of which reached high popularity with dialers. Program will be heard at 8:00 p.m., PWT, on 212 stations of the Mutual Don Lee network.

Dinah Shore was "commanded" by the service men to appear for the 14th time on the "Command Performance" shortwave airing last week.

Comedienne Cass Daley had to cancel her visit to the Kraft Music Hall program last week due to a sudden attack of influenza.

"Emily Brown," played each Thursday by Sara Berner, the new advisor to the lovelorn lonely hearts for Bob Burns, the "Arkansas Traveler," already is receiving "serious" mail from radio listeners asking her for her advice regarding love affairs, although Emily is distinctly pointed as a character in the sketches and not a real person. Many of the listeners' letters come from girls who are confounded by their romances with service men.

CBS Personnel Switch

Several changes in personnel were announced yesterday at CBS. Roy S. Langham, head of the production division will take over duties of assistant to the director of broadcasts. Gerald F. Maulsby, who has had that post, has left the chain to go with the OWI. Horace G. Guillotte, a production supervisor, was named manager of network operations which duties Langham relinquished in his new appointment.

Louise Grant is now staff assistant in the program operations department, replacing Merritt Coleman who has become schedule supervisor of WABC-CBS engineering department in place of William Galione who has just joined the Army Signal Corps. Miss Carolyn Jaros will become assistant to Leroy Passman, assistant director of program operations, the post formerly held by Miss Grant.

Notes From A Ringside Seat. . . !

● ● ● Although no title for the show has yet been chosen, the new "Bourjois" series of programs, starting Sunday at 6:05-6:30 p.m. over the Blue Network will feature David Broekman's 30-piece orchestra, a choir of 12 voices, Jim Ameche as emcee and Perry Como's vocalisethenics. . . . Originally tabbed for two guest appearances as stand-in for Connee Boswell, Georgia Gibbs has just been signed for her third successive 13-week renewal as vocallovely on the CBS Camel Carayan. . . . DeForest Ely has resigned from Transamerican to join the Blue Network script dept. . . . Marian Hutton and the Modernaires (former Glenn Miller features) have been re-booked into the Roxy, March 24. . . . Lester O'Keefe, manager of NBC's production dept. wrote the lyrics of the song, "The Globe and the Anchor," dedicated to the U. S. Marines and published by Mayfair Music Co. . . . Chick Vincent, director of "Pepper Young's Family" and "The O'Neills" daytimers, starts a two-week vacation Friday. . . . An "added postcard" to you, you and especially you, Dave Alber: Of course we know that 'cigarettes-to-the-boys' program belongs to Bob Hawk's "Thanks To The Yanks" but it seems to us that the error was minor in view of the fact that Ralph Edwards' "Truth Or Consequences" show, like Hawk's is definitely a morale-builder in that its prizes are War Bonds and Stamps. . . . Deek Watson of the Ink Spots is a pleurisic victim and will be out for a fortnight. . . . Phil Brito, Blue Network's new vocal star who starts a daily 10-minute songfest tonight, 6:05-6:15 p.m., on WJZ, made his first professional broadcast 14 years ago at the age of 13.

● ● ● While preparing tonight's "Victory Tunes" program for his NBChesterfield hour, dedicated to the WAVES at Northampton, Mass., Fred Waring suddenly realized that he did not know the official designation of the name W-A-V-E-S. He sent Elizabeth Hartridge, for six years a member of his secretarial staff, to the New York headquarters of that organization to obtain the answer. Next day, Fred found a note on his desk which read: "The official name of WAVES is 'Women Accepted for Volunteer Service' . . . and, incidentally, after next Monday you may reach me as Officer Candidate Elizabeth Hartridge, c/o WAVES, Northampton, Mass." . . . Frances Scott takes her NBC "Let's Play Reporter" entertainment to the auditorium of the Fed. of Crippled and Disabled tonight and will distribute 25 quiz prizes to disabled participants. . . . a low bow from this reporter to that 'reporter' . . . The Jack (Patricia Norman) Eakin's, he's the director of both 'Hit Parades', celebrate their fifth anniversary this week.

Nila's "Gang," now in uniform include, Arthur Ross, Bobby & Billy Mauch (twins), Don Hughes, Billy (Dead-end Kid) Halop, Sydney Lummet, Lester Jay, Jimmy McCallion, Arthur Anderson and Patricia Ryan, the latter a Nurse's Aide. . . . Last fall the charming star of CBS' "Madeleine Carroll Reads," moved next door to Colonel Stoopnagle's home in Norwalk, Conn. . . . Recently the good Colonel took an office in New York and a week afterwards, the adjacent office was rented to a new tenant. . . . none other than Blonde and Lovely Miss Carroll. . . . Now "Sir Stooperoo" feels certain that the screen and radio luminary is following him. . . . (Is that bad, Stoopie, ol'fellow?) . . . Ransom Sherman, CBS comic, claims that in his senior year at college he was a 'four-letter' man. . . . each quarter he received a warning 'letter' from the Dean.

ARTHUR HALE's new show "Cidentally Yours" started yesterday on WGN under the sponsorship of the Sinclair Refining Company. Already a favorite on the eastern seaboard, the program will be heard on WGN and 103 other stations in the Middle West and Rocky Mountain areas. Because program will be aired by two sponsors, Radio field in the East and Sinclair in the West, Hale will have the unprecedented chore of speaking continuously for 30 minutes.

Art Noyes of the WGN press department and Mrs. Noyes are parents of a seven pound, two-ounce son, Dennis Alfred, born at Michael Reese Hospital.

Bernard Berquisto, NBC staff pianist will be featured star on the Shield & Company show Tuesday, March 23, playing Gershwin's "Rhapsody In Blue." Program will be heard at 11 p.m.

A special matinee of the production of "IceCapades" at the Chicago Arena on March 20, admission which is by free tickets given to bond purchasers, has been completely sold out in the first nine days of projected three-week campaign through the efforts of WGN in operation with the Women's Division of the Chicago and Cook County savings staff of which Mrs. Walter Wolf is chairman.

Kenneth W. MacGregor has been made program manager of WGN Chicago, and Lewis James, WGN producer, has been named production chief to succeed MacGregor.

NBC Symphony To Air Easter War Bond Rally

War bond rally on behalf of the War Savings Staff of the Treasury Department will be conducted by NBC, April 25, in a special concert that Easter Sunday, at Carnegie Hall featuring Arturo Toscanini, his son-in-law, Vladimir Horowitz, as pianist soloist, and the NBC Symphony Orchestra. Concert marks the first joint appearance of the maestro and his son-in-law this season.

Admission will be by bonds purchased between March 17 and April 24 expressly for the concert. Public will have to present the bonds at the office of the War Savings Staff, 126 Sixth Ave., to obtain admission tickets to the concert, though bonds do not have to be purchased at the Carnegie Hall box office exclusively. Purchases via already established employee payroll deductions will not be valid.

House is being sealed from \$25-\$50,000. Seats will be sold on a first come first served basis within each price class, of course. Second half of the concert, which will run from 4 to 6 p.m., will be broadcast by NBC during its regular Sunday concert, 5-6 p.m. An all-Tchaikovsky program will be presented. NBC is underwriting all expenses for the rally.

# Official Agenda Set For NAB War Meeting

(Continued from Page 1)  
 They will fill four full days and nights.

**Statement With Agenda**  
 The agenda was released with the following preface from NAB: "This is the first and only official agenda for the NAB Radio War Conference to be held in Chicago, April 27-29 at the Palmer House. Speakers' names have been omitted pending confirmation that we have lined up outstanding war and industry leaders to address on all phases of radio in the war picture. Any further questions in this agenda and plans must be run through the NAB News Bureau which will offer fullest cooperation." The release of speakers and other details promised as soon as confirmations come through and further details are perfected. This agenda was adopted as of the above date (March 16) after a two-day staff meeting at NAB headquarters in Washington.

## Music Group Publishes List Of American Works

(Continued from Page 1)  
 The report that it has been prepared on the basic thought of what the general, intelligent audience might expect to enjoy and assimilate, and that it reflects a broad, composite opinion. It has no bias in favor of any particular trend or school and musical worth as well as pleasing quality is given due consideration."

The list has been prepared in the belief that it will prove of assistance to school music supervisors, colleges and universities, music clubs, music organizations; and to the thousands of "Music Week" workers interested in the war music.

Headlines included have been selected by a committee composed of the following:

**Personnel of Committee**  
 Norman Bauer, author, composer, National Music, New York University; Walter M. Berry, National Chairman, Advancement of American Music; Martha Galt, Chairwoman, American Music; National Federation of Music Clubs; Howard Hanson, composer, author; Director, Eastman

are following a practice initiated last year, when the travel ban went into effect. Some of the other conventions wherein radio was substituted or where radio was used to link sectional meets for national solidarity consisted of the conferences sponsored by the Institute of Radio Engineers; the annual meeting of the American Association for the Advancement of Science; conventions of the National Education Association and the "Child in War Time" clinics sponsored by the American Legion.

Networks' contributions consist of turning regular programs over to the respective meets. Schedules which networks are carrying for the AASA convention of the air follow: (NBC schedule was listed in RADIO DAILY, March 15.) CBS—March 17, "School of the Air of the Americas" featuring the topic, "New Horizons—Report from the Pacific" with Capt. Eddie Rickenbacker, explorer Roy Chapman Andrews, and Col. Hans Christian Adamson of the Army Air Forces; "Teachers and the War" featuring a program arranged in cooperation with the Educational Services Division of the OWI, with participants listed as Casper H. W. Hasselriis of Denmark, Lillian De Lissa of England, and Alexander Kohnanian of USSR; March 25, "Manpower and the Schools" featuring Paul V. McNutt, War Manpower Commissioner; March 27, "Country Journal" with Frank W. Cyr of Columbia University; "The People's Platform" with Lyman Bryson and secondary-school principals.

The Mutual lineup includes March 22, "Door Key Children" sponsored by the Department of Elementary School Principals, NEA. The Blue is offering on March 18, "America's Town Meeting of the Air"; March 23, "The Victory Hour"; March 24, "National Farm and Home Hour"; March 26, "Schools in Wartime."

St. Louis—Griesedieck Western Brewery Co. has purchased the "Funny Money Man" program on KWK of this city. Contract calls for two half-hour programs weekly with a large orchestra and was set by Maxon, Inc., Chicago and Allen A. Funt Radio Productions, syndicators of the novelty show. Series begins on Thursday.

## "Town Meeting" Mail Survey Reveals Post-War Interest

(Continued from Page 1)

president of The Town Hall, moderator of the series, and the individual speakers appearing on the series. These conclusions are based on special audience mail reports analyzing listeners' mail.

Other observations made from the study of the program's mail noted that listeners have not been as critical in their writings, that there has been a falling off of total mail without reflection in audience ratings, however, and that the sincerity and personal interest have been more pronounced. Dropping off of critical mail and total mail has been traced to the change in type of material presented in the series. As a result of the war, topics are less controversial. That character is partly a result too, of censorship and "war effort" angles. Mail expectancy for season is 40,000 compared to 60,000 high two years ago.

Response to sessions dealing with military topics has been, not only critical but less opinionated with public preferring to leave to the expert, the judiciousness and wisdoms of war strategy.

Topics dealing with labor have

lutely alone. The method varies with different countries. There are two ways of handling radio: by government monopoly, either directly or through a government-appointed public commission or corporation which is the British method; or second, to give it to private interests, the American method. "Canada has taken the middle course and must strive to get the best from both systems."

Dr. Thomson said national radio and local stations should not be competitive but rather should complement each other, and declared that "If we are to have a national spirit in Canada we must have a national radio. The press sometimes says very unkind things about us," he asserted. "This was not because the CBC's relations with the press were unfriendly but newspapers realize that a new and vital competitor has entered into a region that they have long occupied."

He did not think, however, "the radio opening with the spoken word is ever likely to supplant the medium of the written word." Dr. Thomson said the Canadian press had "co-operated magnificently with the CBC."

"For a long time they supplied us daily free of charge with those items on our programs which we believe our people are most interested to get, namely news broadcasts," he said. "Even as I speak, the Canadian Press and the British United Press give us their entire service free of charge and only now through the emergency of difficult war conditions have they raised the question of asking any remuneration for the service they

proved rallying points and mail stimulants. One such program, covering labor and the farm question brought one of the broadest mail responses, and drew widely from the farmers of the country. "How Can We Get Maximum Food Production?" aired February 18, has brought in over 1,300 letters with the critical element almost nil. Instead, the presentation drew out from the farmers concrete reports on the state of conditions, the problems of the farmer, and attitudes toward proposals made for meeting the problems.

Another highlight in the analyses, is the return on the February 25 meeting featuring, "Should Civilians Be Drafted for National Service?" Most responses to other programs are dissertations or essays or opinions with full reasoning. Mail to this showed forthright decisiveness in one word replies of "yes" and "no." Approximately .01 per cent of the mail was "critical," holding that Congressman George H. Bender, one of the speakers "blasted his pet peeves" instead of adhering to the subject, and that Denny was too lenient as a moderator.

### Rogers Vs. Slye Hearing In High Court Tomorrow

Hearing will be held tomorrow in Supreme Court in the \$500,000 damage action and injunction plea filed by Roy Rogers, stage actor, against Leonard Slye, known in Republic Pictures films as the cowboy star, "Roy Rogers."

The film actor is charged with performing under this name outside the film industry; specifically by appearing late last year in two rodeos, one in Madison Square Garden, New York, and the other in the Boston Garden, Boston, Mass. It is also stated that he appeared as "Roy Rogers" on the Fred Allen radio program in October, 1942. These appearances were not sponsored by Republic Pictures Corp., Republic Productions, Inc., and Republic Pictures Corp. of California, who were named co-defendants in the action.

The case was dismissed last October because of facts, and with leave to file an amended complaint. This was done last Friday by attorneys for the stage actor, who charged the cowboy star with violation of his contract, which they made after the actor Rogers brought suit in California in 1938, which they settled by agreeing

have done us, and through us, to the whole Canadian people.

"Whatever individual newspapers may do, and they have done much, to vilify the CBC, the Canadian press as a whole has not only served us, but through us the Canadian people in a manner which is extraordinarily generous. I think this is a good omen of the happy relationship that ought to exist between us for the future."

reports. This level has never been obtained for a corresponding period in the eight years of tinuous reporting maintained by Hooper, Inc. Figure is only 3 per cent below the 35.2 per cent report for January, a month which usually reflects peak listening.

Average rating, reported for period, is at 12.0, a figure which has been surpassed but 3 times in 1942. Thus far this year, average ratings have been at 12.0 above in all but one report made by Hooper, indicating that the audience brought on by gasoline rationing bans on travel, have been sustained and continuous.

Same report lists the top 15 programs for the period. Bob Hope who has held on to first place each reporting, with but one exception since November, conceded rank to "Fibber McGee and Molly" this time. The yield is attributed most wholly to the fact that on March 2 he played opposite Mme. Chiang Kai-Shek who gave a special broadcast from a Madison Square Garden rally and earned a 14.1 rating in his own right. Both MBS & CBS carried Mme. Chiang Kai-Shek.

Oddly enough, "Fibber McGee and Molly" came in first also a year ago with Hope second; "Charlie McCarthy," "Aldrich Family" and "Winchell" following in that order a year and again in this report. Benny Allen, substituting for Jack Benny, Sunday, March 7, maintained the show's rating, so that the program is listed as eighth.

"First Nighter," sponsored on March 17 by Campana, showed the greatest rating gain among the evening programs. Jump is 4.7, from 7.4 to 12.1. Gain exceeds the expected statistical variation by 3.1. Maximum expected for a rating of 12.1 based on a sample of 1,500 is plus or minus 1.6.

### Handy Song Premiere On WINS

Cafe Society Uptown, the National League and the Skouras Theaters join forces on WINS, New York, on Sunday, in the show "This Is Our Cause" from 4:30-5 p.m., EWT. The cast includes the Golden Gate Quartet and Hazel Scott from Cafe Society, Morton Downey, Benay Venuta, and W. C. Handy, "Father of the Blues." Special feature of the program is the premiere of Handy's first war song, the "Go Get the Enemy Blues." Henry Sylvern will conduct the orchestra and Mrs. Charles H. Russell, Jr. will be guest speaker.

cent when figures are compared with those compiled by the network for the previous year.

Figures are revealed in a supplementary breakdown to RADIO DAILY's survey of network programs trends published Monday, March 8. Classification of public service programs is contrasted with entertainment programs.

News Jump On Both Webs Both networks showed similar developments in check up on the public service phases of news broadcasts, in that there was the greatest change and jump. NBC reported an additional 297 hours, or a 4.9 per cent increase in reports, analyses, foreign

pick-ups and special events which comprise the news classification. The Blue's jump totaled 193 hours or a 4.4 per cent gain. For both chains, the news feature represented the largest and most important division in public service programming during 1942. On both networks, music represented the second largest group of public service program hours though there were fewer hours in total.

Major Programs Considered Tabulation shown below gives a comparison between 1941 and 1942, for both NBC and the Blue, showing the ups and downs in public service programming among the major types of programs.

# Coast-to-Coast

**CARL MATTISON**, former program director at WMFF, Plattsburg, and now an announcer at WOKO, Albany, has a wide range of accomplishments. Besides his radio activities he is also a licensed embalmer and undertaker... Ruth Leffler, receptionist at Albany's Radio Center, and an announcerette in audience participation shows, fell and broke her ankle last week.

**Bill Salisbury**, formerly of KWFT, and **Frank McIntyre**, former news bureau chief of WKY, are two recent additions to the staff at KUTA, Salt Lake City... **Jack Burnett**, station's commercial manager, has been in Los Angeles and San Francisco on station business.

"The Church in the Wildwood" was placed on a daily basis at WMOB, Mobile, with Dan Webster conducting the John Seagle show. It is sponsored by the Rev. J. W. Kinzely... Newest addition to the announcing staff is **Jim McManus**, a Bronx, New York, representative now a student at Springfield College in Mobile.

**Sun Girl's Choir** returned to the air ways over KOY, Phoenix, in a new series of night time sustaining shows. It is written by **Jack Williams**, station's program director... The Arizona Federation of Labor signed a year's contract for the 9:00 a.m. news over KOY, and KTUC, Tucson. This is the second labor contract signed by the station. The original was signed by the Teamsters' Union sponsors of "Take It From Joe," a 15-minute dramatic morale program heard Wednesday evenings.

**John Stahley** will inaugurate a weekly salute to Army Camps, dedicated to the mothers and fathers of the boys in the armed services, in his Sunday series of news broadcasts "Tonight's World News" over WNAC, Boston, and the Yankee Network, beginning March 21 from 10:30 to 10:45 p.m.

**WSRR**, Stamford, will cover competely, through the UP Hartford correspondent, all the Stamford bills pending before the Connecticut State Legislature. The legislature set aside one day for each city. On the day that Stamford bills come up for consideration the station will cover the session.

To add further impetus to the Red Cross War Fund Campaign in Alleghany County, **Rosenbaum's Home Front News**, aired every morning at 10:15 over WTBO, Cumberland, Md., launched a campaign of its own. In addition to their regular contribution to the Red Cross, listeners are requested to send pennies to the Home Front News. Pennies will be donated to the Red Cross and Rosenbaum's will match the amount received. The aim is to obtain as many pennies as there are men in the service from Alleghany County which number is approximately 7,600. To date 6,517 pennies have rolled in.

**Rowenah Peters** has begun a weekly series of quizzer-commentary shows over KFRC, San Francisco, to acquaint the public with the "WOW's," members of the Women's Ordnance Workers... **Ex-manager Bill Pabst** of KFRC visited his old studio pals recently after his Navy indoctrination course. He is a Lieutenant in the flying corps... **Lillian Lee**, former member of KFRC's Breakfast Club variety show, has rejoined the cast in **Ethel Sterling's** place. Latter is on indefinite leave.

**Kate Smith** has been enlisted by the War Manpower Commission to inaugurate a new drive for War workers. The opening gun in the campaign will be fired on her program this Friday, when the program takes the air from the Polytechnic Institute Auditorium, Baltimore, Md. While in Baltimore, on Friday, she will christen a new 10,500 ton Liberty Ship being launched at the Bethlehem-Fairfield shipyard.

**Val Clare**, news commentator for CKLW, Windsor, Canada, returned to the hospital yesterday morning but not as a patient, at that time he broadcast from the Windsor Blood Donor Clinic on the occasion of its first anniversary... **Wall Townsend**, station pianist, gave his sixth transfusion as part of the broadcast.

**Goldfarb Florists**, stores and green-houses, have purchased three spots weekly over WLIB, Brooklyn, for an indefinite period through the Picard Agency... Stamp collections owned by **Arthur Faske**, chief engineer, and **Louis Berne**, WLIB sales promotion manager, are described in the current issue of **Mekeel's Stamp News**, hobby magazine... **Murray Jordan**, conductor of the daily "This is Romance" record show, is appearing as master of ceremonies at Brooklyn theaters at war bond rallies staged by civic and veteran groups... Station still furthers its "live" program schedule with a daily sports show.

**WKRC**, Cincinnati, co-operated with the World Day of Prayer by obtaining from priests, ministers, and rabbis, twelve one-minute prayers which were spotted throughout the schedule on Friday, March 12. This was climaxed by a 15-minute program at 8:30 p.m. under the direction of the Cincinnati Council of Churches.

In the space of less than 24 hours **WDRC**, Hartford, fed two CBS network shows over the week-end. First, there was a cut-in on the "Report to the Nation," and later a half-hour "Church of the Air" program... **Groves Vitamins** has concluded arrangements with the station for fourteen 50-word announcements a week, night and day for 13 weeks starting March 29. The contract was handled by **Donahue & Coe**, New York.

For the twelfth consecutive year **WDAS**, Philadelphia will broadcast the "Friendly Sons of St. Patrick Banquet" from the Bellevue Stratford Hotel from 9:00 to 11:00 p.m., today. Speakers will include **Francis Biddle**, U. S. Attorney General; **Rt. Rev. Msgr. Fulton J. Sheen**, Governor **Edward F. Martin** of Pennsylvania and **Dr. Alexander J. Stoddard**, Superintendent of Schools in Philadelphia... "John Dough" which is the misnomer of the announcer on the station's giveaway program, is drawing more fan mail than any other staff member or artist.

A series of sports programs will soon make its debut over **WSAI**, Cincinnati, as a night-time offering on a Monday through Friday basis. For the broadcasts the station has secured the services of **Lou Smith**, baseball writer for the Cincinnati "Enquirer." News from the newly located baseball camps and interviews with leading players will feature the series.

It was originally planned by **Mark, WHK-WCLE**, Cleveland, manager, to have twenty-five announcers attend the U.B.C. nouncer's school but when the tion notice went out 502 appeared up. Since it was impossible to limit the class to twenty-five cause of ties on the auditions some more Clevelanders were notified they were to attend the free. The first session was held March evening, March 8.

**George C. McGinley**, general manager and **Martin Weldon**, program director, the two newest additions to the Kingston, N. Y., staff. **McGinley** comes to the Kingston station directly from where he was commercial manager. **Weldon** comes from **WINS**, N. Y., he held down several positions during his seven-year stay there.

**Denise Keller**, who conducts "Pieces of Victory" over Bridgeport, assumes a new role Friday, when she will interview **Rubinoff** the celebrated violinist the benefit of Bridgeport listeners.

As a service to listeners **KROW**, Los Angeles, broadcast a program for the University of California War Training Station recently. **Mrs. Carrie Baade**, chairman for the division, discussed organization of new war training classes.

### Whiteman Named Blue Musical Head

Whiteman was named yesterday as the newly-created post of conductor of the Blue Network. The announcement, made by Mark Woods, president of the net, is effective immediately.

Following a conference with Woods and Phillips Carlin, vice-president in charge of programs for the Blue, Whiteman left New York for the west here for the next three months to make his headquarters at the network's studios in Hollywood. While

### New Threat

If the ten top-ranking radio artists don't think they are facing a threat from Mayor LaGuardia they better take another look at his rising radio rating as reported by the Pulse of New York, Inc. From December to March it jumped from 7 to 3.0 making his Sunday afternoon broadcast over WNYC, New York, the best listened to local show on the air at that time.

### "Town Hall" Studies New Program Policy

Entire operating policy of Town Hall lecture program series may undergo modification next season as a result of a twenty-week broadcast experiment this winter, wherein, for the first time in the history of the institution, its morning lecture series was aired to a non-paying audience at the same time that its regular subscribers continued a paid membership.

Two have been teamed together for 25 years. The Garry Moore-Jimmy Durante unit which was being groomed for a third Camel show to open next month, will be moved up, and will debut instead on Thursday, March 25, on NBC, at 10 p.m. in the Abbott-Costello slot.

"Comedy Caravan" to Hollywood Camel's second show, "Comedy Caravan," aired Friday nights, 10 p.m., on CBS, will move to Hollywood, March 26, and in the change of locale, modifies its cast. Jack Carson, Warner Brother's male lead in "The Hard Way" will become show's new emcee. Lanny Ross who has that post now will be unable to join in the Coast trek because of previous commitments in the East. Same goes for Lew Lehr. However, three of the regulars from the NBC Abbott-Costello show will switch to the CBS Friday night production. They are Connie Haines, singer, Freddie Rich orchestra, and Ken Niles, announcer. Herb Shriner will join the Hollywood "Caravan" cast. Policy of guest stars will remain intact. Tomorrow evening, Joan Davis and Rudy Vallee will be piped in from the Coast. Former is scheduled to appear solo as the show's first guest when it originates from Hollywood under the new setup starting next week.

CBS-Pacific Reports Coast Business Boom

Moskovich, who lectured during his trip on "Radio After the War" before representative business groups, interviewed station managers in each of the cities he visited in an effort to compile comparative figures of dollar volume of local radio business in this area as against that of the eastern United States. The reports he received were uniformly gratifying. Contrary to the downward trend of local business elsewhere, all Columbia managers reported substantial increases in station sales, in certain individual cases increases as high as one hundred per cent above last year. It seems evident from this information, according to Moskovich, that Western business is aware of its strategic advantages, and is keeping abreast of the times by an extensive use of radio time to reach the greatest number of potential buyers.

Davis said that reports that Gardner, Jr., director of the OWI Branch and former Iowa ast and publishing executive, leave his post soon to direct the "Willkie Campaign" were news b Cowles and himself. Refer- ing his Friday broadcast, the first series, Davis said that the reac- of Senator Taft, who charged om of the networks to carry ogram and branded the series "insult to the intelligence of American People," was the only arable comment that had come attention. He admitted, how- er, the reaction to the broadcast is been exciting. He explained he did not expect anything like il he received when he did his news broadcasts because his epe: programs are explanatory e than news broadcasts.

### Davis Letter

De: made available to those at s conference a letter he sent ay to the entire OWI staff matter of Congressional criti- and political inspiration of OWI times. Declaring that there has no evidence to substantiate these ac, Davis declared that "such at may be expected to continue e election of 1944." Pointing t that the function of OWI is "help- ple understand" government rather than to make it, Davis t that the OWI function in for- matters is to give trustworthy s to foreign nations, "to impress with both the power of United and the justice of our national ict; to convince them that we ng to win, and that our vic- y will be a good thing for the

domestic affairs," he continued, her a policy has been established, he by specific Congressional en- t or under general authority and to the executive, it is our r to explain that policy as h by the agency to which the ss or the President has en- its execution. accused of partisan political activity. For this accusation no evidence has been adduced except one article in one issue of one periodical, intended for distribution only to foreign peoples. However, such attacks may be expected to continue until the election of 1944. It is the duty of all staff members to continue to conduct themselves so that there shall never be any basis for such criticisms, in the judgment of fair and intelligent observers. OWI can no more be concerned with politics than can the Army or the Navy. Our sole function is to contribute to the winning of the war. We must take care that the utility of this office is an instrument to that end and is not impaired by any action of ours, whatever injury to it may be attempted by others."

Washington—Medium wave broad- casts into occupied Europe and North Africa are now under way, OWI Di- rector Elmer Davis said yesterday, and added that the OWI hopes to reach the territories overrun by the Japanese through medium wave broadcasts from Australia within a very short time.

that the four networks will open the drive with a 24-hour selling stint. Telegram as sent to the stations is as follows: "The United States Treasury on April 12 will launch the greatest money-raising campaign in the world's history to be known as The 2nd War Loan. For a period of approximately three weeks the Treasury will conduct a drive to sell \$13,000,000,000 of government securities. In order to start off this gigantic campaign all four networks will devote the entire day of April 12 to a round-the-clock selling drive on sustaining and commercial programs. Since similar efforts by individual stations in the past have been conducted with tremendous success we hope that both network affiliates and independents will cooperate to make this a twenty-four hour effort. Quotas and amounts will not be publicized as this is a cooperative not a competitive effort. Plans for promoting this drive have been developed with the help of the Office of War Information which will also appreciate your cooperation. As we have special material which will be of interest to stations in the opening day's promotion we would appreciate hearing from you by collect wire if you will cooperate. Also please send us by fast mail any tentative plans you may have. We extend our sincere thanks and deep appreciation to you and the entire radio industry." Wire was signed by Henry Morgenthau, Jr., Secretary of the Treasury.

JOHN (BUD) HIESTAND, veteran of many leading network shows, replaces Bill Pennell, announcer of the John Charles Thomas-Westinghouse show due to Pennell's resignation, effective March 14, when he starts work in a Southern California defense

Just before his broadcast from Camp Elliot, near San Diego, Eddie Cantor received a telegram from Mrs. Franklin D. Roosevelt, offering her support in a plan the comedian is formulating to raise funds for aid to China.

"Micro Topics" just made its appearance as a semi-monthly house organ for the employees of the Universal Microphone Co.

Dinah Shore's unexpected appearance with Fred MacMurray in Arch Oboler's dramatic "Free World Theater" play on March 7, was her second acting job for Oboler. Dinah went on entirely unannounced a few weeks ago just for the fun of acting, but this time she got her full billing.

Bright crack of the week was announcer Fred Shields', to close the Ransom Sherman "Grapevine Ranch" inaugural program: "Be sure to see Ransom Sherman at his neighborhood theater... He goes there every

Frank Bull was appointed radio chairman of the first annual Canadian-American Hockey Series to be played at the Westwood Ice Gardens starting April 6 for the benefit of the Naval Aid Auxiliary, the Citizens Committee for the Army and Navy and the United Seaman's Service.

The Andrews Sisters are offering \$200.00 for the best song containing the word Minneapolis in the title.

Producer Murray Bolen of the Lionel Barrymore program, "Mayor of the Town," is looking for a new actor to replace Irvin Lee, who has been portraying the mayor's nephew, Jerry, on the Wednesday-night CBS program. Lee goes into the army shortly.

Another member of the Rudy Vallee household is joining the service. He's Rudy's cherished Doberman-Pinscher dog, King, who joins the U. S. Army this week. Rudy, already a member of the Coast Guard, is donating the animal to the dog-training department of the army.

Nat'l Union Ups Clune

Newark, N. J.—J. J. Clune, who has been serving as assistant sales manager for National Union Radio Corporation, radio tube manufacturers has been assigned the position of director of war service according to an announcement by S. W. Muldowny, president of the company.

Clune has been in the employ of National Union since 1931 in office management and sales capacities. In his new post he will contact officials of the armed forces concerned with procurement of radio tubes and supervise the scheduling and shipping departments charged with expediting war contracts. He is a graduate of Fordham University and a resident of Rego Park, L. I.

Audimeter Advantages  
Explained At REC Lunch

(Continued from Page 1)

(Nielsen Co., held that his com-  
any audimeter method offered  
reports via more scientific and  
representative samplings. Exec spoke  
yesterday's luncheon meeting of  
the Radio Executive's Club.

In summarizing the manner in  
which the audimeter operates, and  
comparing it with the telephone  
methods, Peckham enumerated three  
main principles of the mechanized  
method as follows: (1)—to obtain con-  
tinuous measurement of what listeners  
are doing; (2)—to obtain the data continu-  
ously; (3)—to present the data com-  
pactly and graphically.

The speaker made only one con-  
sultation in the direction of the tele-  
phone method when he said; "The  
telephone method does have a place,"  
but it did not go into that subject  
further. Enumerating some of the  
data collected via the audimeter,  
Peckham listed commercial ratings,  
reason of listening, audience turn-  
over, cumulative audiences, minute-  
to-minute gains and losses of lis-  
teners, sources and distribution of  
audiences, duplication between pro-  
grams and station coverage. He  
stated that via the data supplied  
by the audimeter, analysts could make  
greater number of correlations and  
formulations of studies to suit their  
particular needs.

Blue Web Names Whiteman  
To New Music Director's Post

(Continued from Page 1)

on the coast. Whiteman will con-  
duct five concerts with the Los An-  
geles Symphony Orchestra and will  
also complete his current engagement  
on the Burns and Allen show over  
the Columbia Broadcasting System.

On his return from the West Coast  
in June, Whiteman will make his  
headquarters at the Blue Network  
offices in New York. He will be in  
charge of all musical programs pre-  
sented by the network, acting in a  
supervisory capacity, planning musi-  
cal programs and cooperating in the  
production of new programs which  
will be submitted to potential com-  
mercial sponsors.

To Make Personal Appearances

In addition to his duties as director  
of music for the network, Whiteman  
will continue, from time to time, to  
make personal appearances. He will  
also be available for consultation con-  
cerning the musical portions of pro-  
grams now being broadcast over the  
network by commercial sponsors.

"We are delighted," Woods said, "to  
announce the appointment of Mr.  
Whiteman as director of music for the  
Blue Network. For a quarter of a  
century he has represented modern  
American music at its best; he has  
introduced the best of contemporary  
compositions; he has introduced to  
the American public such outstanding  
conductors and composers as George  
Gershwin, Ferdie Grofe and Johnny  
Mercer.

Talent Discoverer

He has fostered the careers of several  
of the top-flight musicians of the  
day, including Benny Goodman, Tom-  
my Dorsey, Jimmy Dorsey, Jack Tea-  
garden, Henry Busse and Bunny Ber-  
rigan. He has discovered and helped  
to fame such stars of the entertain-  
ment world as Bing Crosby, Jane  
Froman, Morton Downey (whom we  
are glad to number among our Blue  
Network stars) Mildred Bailey, Ramo-  
na and The King's Men. We feel  
sure, in acquiring Mr. Whiteman's  
services, that we have obtained for  
our listeners and our clients the out-  
standing figure in contemporary  
American music."

When Whiteman takes up his duties  
at Radio City, Woods added, he will

bring with him his music library—  
probably the most comprehensive of  
its kind—and will make it available  
for current and projected Blue Net-  
work programs.

Institutionalized "Jazz Music"

To the new music director of the  
web goes the credit for making what  
was once "jazz music" an appealing  
and original musical form, for the  
transformation of popular dance com-  
positions into a symphonic entity.  
Born in Denver, Colo., where his  
father was for more than fifty years  
supervisor of music for the city's  
public schools, Whiteman began his  
active musical career in Los Angeles,  
playing with his own orchestra at the  
Hotel Alexandria there. He moved  
on to the Ambassador, at Atlantic  
City, and then to New York where he  
became an institution at the Palais  
Royal. His music became a "must"  
for dancers and lovers of popular  
compositions and his name became a  
household word throughout the na-  
tion through the sale of millions of  
records.

In addition to the laurels he won  
here, Whiteman added lustre to his  
name abroad when he took his or-  
chestra to England and France, where  
it rapidly was established "tops" in  
the popular music field. While in  
London, Whiteman played for more  
than fifty parties given by the Duke  
of Windsor, then Prince of Wales.

Impressive Sponsor-List

In radio, Whiteman has been an in-  
stitution. His programs have com-  
manded some of the most extensive  
audiences from the beginning of net-  
work broadcasting. He has presented  
radio programs for General Motors,  
Old Gold cigarettes, Lever Bros.,  
Sherwin-Williams and the Kraft Com-  
pany among others. In accepting the  
appointment as director of music for  
the Blue, Whiteman said:

"This opens a new phase of musi-  
cal activity for me. I am delighted to  
become associated with the Blue Net-  
work Co. It is a splendid opportunity  
for furthering the cause of contem-  
porary American music and for the dis-  
covery and fostering of new musical  
talent in a medium unsurpassed in  
popular appreciation."

## "Town Hall" Studies New Program Policy

(Continued from Page 1)

ship for personal attendance in the lecture hall. Series, on Mondays and Tuesdays, has been airing over WMCA, since November 9, 1942, in what has been viewed as an innovation in daytime programming. Series is nearing the end of its run. Board of trustees of Town Hall met this week to discuss the matter of resuming the broadcasts during the next season.

### Educators Pleased

Educational organization is highly pleased with the results of the broadcasts from the point of view of programming, public acceptance, prestige and public service. Well over 1,000 letters have been received. Execs feel that the quantity and quality are excellent evidence of the success of the program because the WMCA broadcasts unlike the Blue Network program on Thursday evenings, have not solicited mail response, and because all returns were motivated by keen public interest. The only problem facing the institution in its consideration of continuing the broadcasts is the fact that attendance, via paid subscribers has fallen off as a result of the gratis distribution via WMCA. Subscribers who have not renewed their membership, have not criticized the policy of the broadcasts, but logically stated that they were not prone to pay for something which could be obtained gratis by others.

### May Adopt "Met" Plan

As a result of this revenue factor, trustees are having to decide whether to revert to the old policy, or embark upon a new one which would mean more extensive use of radio, and setting up of other means of income to replace the loss from subscriptions. Cue from the Metropolitan Opera Company's method of operation which invites radio paid membership for the Saturday afternoon broadcasts, may be taken under consideration, or subscribers may be given a fuller schedule and the radio audience only a half or third of the series.

### Women Most Enthusiastic

Of interest to program directors are the Town Hall findings that most of the letters and telephone calls concerning the broadcasts have been from women, though the number of male responses is a healthy percentage of the total. Taking into account return addresses, professional or occupational identifications, and quality of composition of the letters, the audience to this series has been a complete cross section from persons residing in high rental areas to those living in the low rental brackets, and from listeners with degrees to those of meager formal schooling. Additional evidence attesting to the success of its experiment has been the extensive and favorable press response. Town Hall is considering direct solicitation of opinions on further broadcasts from listeners to the program.

# AFM Answers ET-Recording Firms; Letter Charges 'Lack Of Good Faith'

(Continued from Page 1)

companies last night, following a two day meeting here of the executive board in a special session at the Palmer House. Petrillo had convened his board to answer the trade which had rejected his original tax proposal as a condition for lifting the recording ban.

### Trade Executives Reticent

Trade officials, when informed of the AFM letter last night by RADIO DAILY, were reluctant to make individual comments, preferring to confer with colleagues to issue a joint statement as had been done in turning down the Petrillo ban.

The AFM letter charges the companies with incorrect assumptions and misstatements of fact, and sets up replies to the trade's contentions that the plan would be illegal, contrary to the wage stabilization and WLB policies, and anti-trust laws.

Attending the meetings here were the following union execs: James C. Petrillo; C. L. Bagley, vice-president; H. E. Brenton, financial secretary-treasurer; Leo Cluesmann, secretary; Joseph Weber, honorary president; William J. Kerngood, ex-secretary; Joseph Padway, and Harry Friedman, counsel; Oscar Held of the Cincinnati local; Rex Riccardi, Philadelphia; John Parks, Washington, D. C.; Chauncey Weaver, Des Moines, and Walter Murdoch, Toronto, Canada.

### Text of Letter

The full text of the letter follows: "Gentlemen: The Executive Board of the American Federation of Musicians met to consider your answer to its proposals submitted to you. The members of the Board cannot escape the conclusion that you have failed to consider these proposals in good faith. No other conclusion can be deduced from the many specious arguments presented by you. In short, you have failed to measure up to the test of good faith collective bargaining which requires submission of counter proposals.

### Cites "Inaccuracies"

"Your letter contains many incorrect assumptions and many misstatements of fact. You incorrectly assume that our proposal is founded on a claim that there is an obligation in any industry to persons belonging to a given union. To begin with, we are dealing with a particular kind of industry, namely, one that has been built up exclusively by a mechanical invention that displaces human labor. In the second place, we are dealing with workers who are not employed in their craft precisely because of the creation, development and expansion of such an industry. We say simply that all those who benefit from the displacement of human labor should share the burden of the cost to the displaced workers. These workers are entitled to relief not because they happened to be members of a union but solely because they happened to be victimized by the same things

which benefited others. Their membership in the union does not give them the means whereby they seek to enforce that elemental right. This principle is recognized by many others the right, it merely provides for standing economists, among them Dr. Isadore Lubin, U. S. Labor Commissioner, and Professor Sumner Schichter of the Harvard School of Public Administration.

"You state that the proposal is unjustified because it duplicates government relief. The plain fact remains that the many musicians who have been put out of work by canned music are not presently eligible for government relief, and such relief as is accorded under present government plans is wholly inadequate.

### Denies Federal Authority

"You state further that the proposal we have submitted is one that can only properly come from the 'people of the United States' through the people's representatives in the Congress, and then you say that only Congress should answer certain stated questions. We refuse to accept the suggestion that the time has been reached when any constructive advance in our social devices must be initiated by the government. That suggestion is wholly foreign to our ideals and certainly is completely at odds with history.

### Mentions Historic Precedent

"It is an axiomatic historical principle that legislation is never created in a vacuum, but is merely the culmination of the acquired experience of private individuals and private groups, and in labor relations through the process of collective bargaining. It will be a sorry day indeed when and if changes and advances in our social patterns must await governmental initiative and action.

"We are advised by our counsel that a payment directly to the union would not constitute an evasion of the 'wage freeze' regulations. Nor would it constitute a violation of the National Labor Relations Act, whose main objective is encouragement of collective bargaining.

### Sees No WMC Violation

"We are satisfied that the Treasury would not and could not prevent the diversion of this money to the unemployment relief fund contemplated in our proposal, any more so than pensions, insurance, medication or health plans for workers and their families in private industry. The acceptance of our proposal would in no manner contravene the policy of the Manpower Commission. It is unthinkable that anyone of our unemployed members would prefer whatever benefits would flow from the acceptance of our proposal to a job required of him by his government in times of war. Nor is it thinkable that the union would grant to any such person any of the benefits contemplated by our proposal. We are further advised that our proposal

does not violate the anti-trust law. The mere fact that collective bargaining does or may result in an increase in price never had been considered a violation of any law.

"There is ample justification in the practices of business itself for the union proposal. Business men customarily set aside funds for depreciation of machinery and equipment, depletion of natural resources, for obsolescence. All these funds are considered legal charges against the cost of production.

"Especially applicable is the obsolescence fund which compensates business for the untimely displacement of machinery or equipment as the result of the introduction of new methods, new machinery and equipment. The philosophy behind insuring the worker against industrial hazards by funds that would be charged against the cost of production is by no means novel. Under old judicial precepts of 'assumption of risk,' 'fellow servant,' and 'contributory negligence,' the worker used to bear the full cost of industrial accidents.

### Doctrines "More Humane"

"These harsh rules were replaced by more humane doctrines, and workmen are insured against industrial accidents by workmen's compensation funds which are added to the cost of production and thus spread among all who benefit from the production.

"The same principle lies behind social security laws in both the form of payment of unemployment compensation and old age benefits.

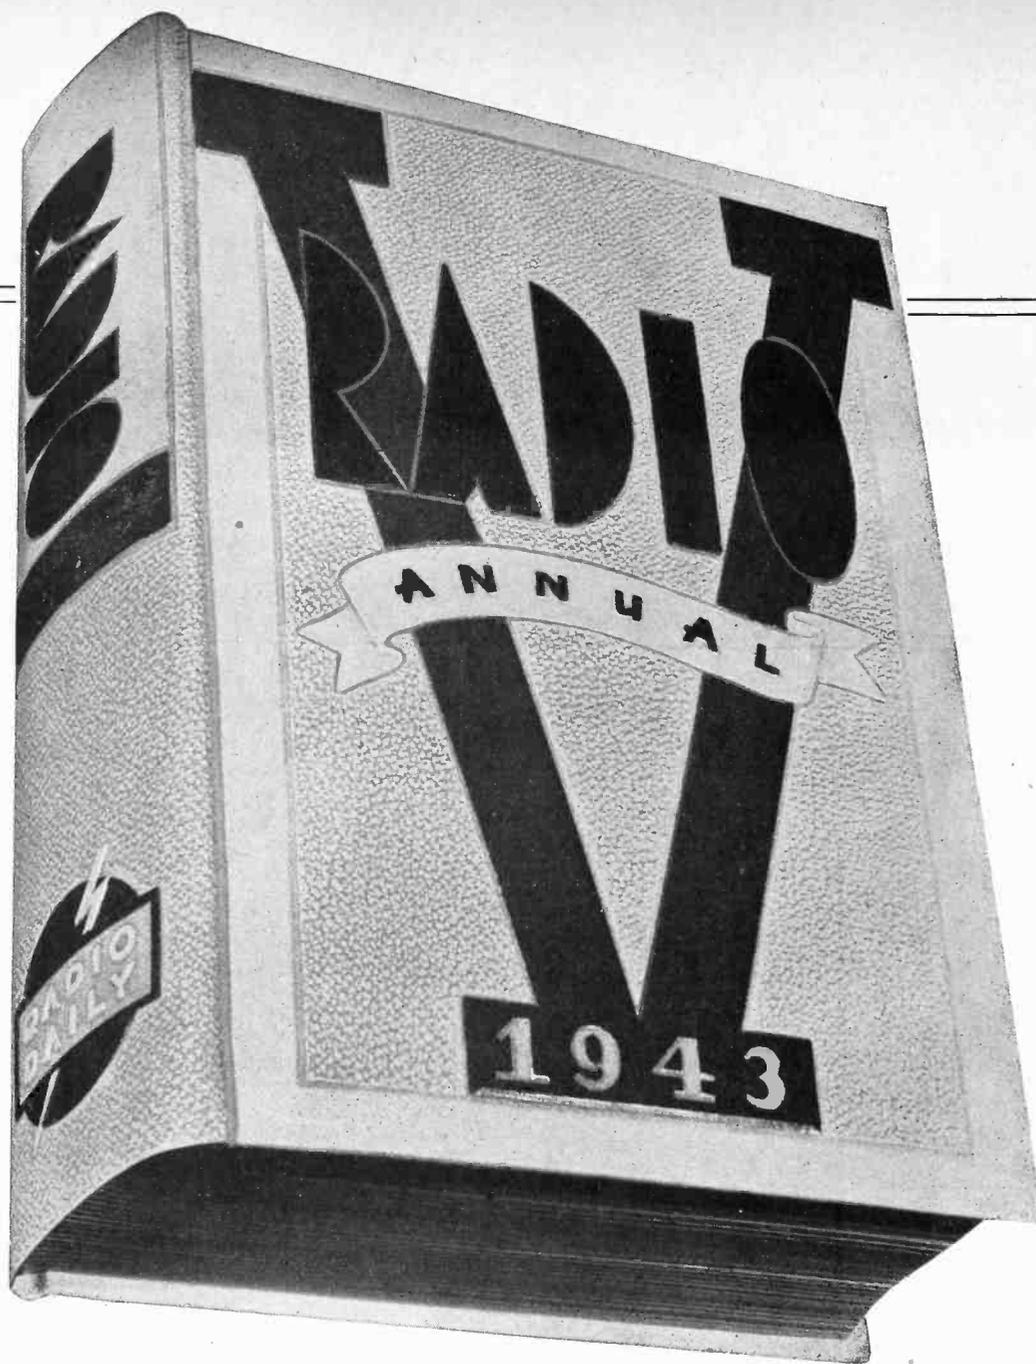

"Your suggestion that the American Federation of Musicians permit members to return to work immediately and produce phonograph records and transcriptions, particularly in view of your failure to make or contribute a single constructive suggestion towards a settlement of this dispute, is as arbitrary as it is audacious. If any of your concerns engaged this industry was producing a product that was slowly but surely putting you out of business, you would continue to produce that product, actuated by the same motives, members of the American Federation of Musicians will not continue to make a product that is slowly but surely putting them out of jobs.

"There is nothing further we present until you are prepared to submit in good faith constructive proposals for the solution of this trade problem."

Letter was signed "The Executive Board, American Federation of Musicians, James C. Petrillo, President"

WGN, Chicago, now boasts the first woman sound effects technician in Windy City radio. She is 24-year-old Genevieve Capstaff, who took the sound effects duties on the station's "Here's Hoople" program after only three weeks' training. She was tutored by Curtis France, station's sound effects chief. She has held an amateur radio operator's license for 13 years.

McCrary's 5 & 10 cent store, cognizant of the current interest in Victory Gardens began a five-minute feature "Your Victory Garden" over WTBO, Cumberland, Md. It will be aired three times a week, and is designed to give suggestions and assistance to the newly created farmer group.

The championship finals of Indiana's 1943 prep basketball carnival will be aired from the Indianapolis Coliseum on March 20, by WIND, Gary, Ind. Joe Wilson will be at the mike to give the play-by-play account. The station broadcast the semi-finals at Hammond, March 13.

Karl Sutphin has been transferred from the sales department to the sales promotion of WLS, Chicago. Before joining the station Sutphin was associate editor of "Goldom" magazine. The Prairie Ramblers, station song trio is now a quartet with the addition of Dale (Smokey) Lohman. He comes from KOA, Denver, and KWTO, Springfield, Mo.

A recent broadcast over WBT, Charlotte, N. C., aired as a round table discussion concerning aviation cadet training, and especially directed to mothers and fathers of seventeen-year-old boys was transcribed and supplied to the Navy for use in other stations throughout the south. Billy Anne Newman and Charlie Friar, stars of "Soldiers' Serenade," are not only singing and playing for the boys in the camps, but are airing soldier-composed tunes, and uncovering quite a bit of soldier talent. Their most recent discoveries were Pvt. Charles Abbott and PFC Paul Bates, stationed at Morris Field, Charlotte's Army Air Base.

tract calls for the purchase of time on 12 of the 17 commercial stations in Oklahoma, seven of which are affiliates of the Oklahoma network in addition to nine other outlets in Texas, Kansas and New Mexico. Deal is significant, according to Oklahoma network officials, in that it marks a significant trend in the migration of major regional advertisers to regional networks.

The "network of radio stations for network retail department store advertising" plan was worked out by the Oklahoma network, and was signed for one year by C. R. Anthony, head of the chain company, which has headquarters here. In signing the package deal, Anthony asserted that "since the network coverage pattern corresponds to the market pattern of the Anthony stores, and since the network provides primary reception in each store's trade territory, then it is obvious that only through the network can we secure complete radio coverage." Anthony also extended its radio coverage to market areas in other states.

The Anthony broadcasts began this week. Oklahoma network stations airing them are KTOK, Oklahoma City (key station); KADA, Ada; KCRC, Enid; KVSO, Ardmore; KGFF, Shawnee; KBIX, Muskogee, and KOME, Tulsa. Supplementary Oklahoma stations are KWON, Bartlesville; KSWO, Lawton; WBBZ, Ponca City; KHBG, Okmulgee, and KASA, Elk City. Other stations carrying the Anthony broadcast include KGNC, Amarillo, Texas; KRVG, Weslaco, Texas; KSAL, Salina, Kansas; KWEW, Hobbs, N. M.; KFRO, Longview, Texas; KIUL, Garden City, Kansas; KPDN, Pampa, Texas; KWBW, Hutchinson, Kansas, and KBWD, Brownwood, Texas.

period ending February 28, as compared with the corresponding period of last year. At the same time the February gross for 1943 tops the February figures for '42 by 32 per cent. This business boom is attributed by Stewart to the addition of the Blue Network programs more than a year ago plus an effective daily line-up of 17 newscasts during the station's daily 17-hour schedule.

The general business rise at the station is reflected in the latest index of Kansas City retail business which is running ahead of 1942 figures. Another contributing factor to the city's business condition is the population rise which according to recent statistics based on food ration book registrations show an increase of 50,000.

Stewart also announced that the station has issued a new rate card calling for an increase in time charges of approximately 20 per cent. This rate change was effective March 15 and marks the first revision in rate structure made at KCMO in nearly four years.

when the trade is in desperate need for quality talent in these occupations. Achievement has been attained through the policy of bringing more and more specialists under exclusive contract to the network, so the production department would have to compete in the open market every time a program is contracted.

**Produces Increased 100%**  
Within the past 12 months, as a result of CBS has placed more talent under contract than it has ever acquired before. Aim has been to establish, not only a synonymous association of CBS with quality, but to the idea of "If you want so-and-so (quality talent) you can have him on CBS." One of the major phases of the new talent plan has been the recruitment and acquisition of the talent. Net has a one hundred percent increase in the number of producers acquired during the past year because of the new system of talent production planning. Roster of producers and writers has been expanded to greater proportions also, the network taking greater pains in spending more moneys, also, to keep its own performing talent.

**Similar to "Stock Companies"**  
A spokesman, in commenting on the operation of the new policy, said the chain was simply paying attention to the obvious condition of radio's having to develop its own corps of specialists, particularly producers and directors, because of the interchange of these types of talent between radio and the other field of entertainment such as motion pictures and legit, was not as easy as has been possible among the performing groups of talent. Replacing a group of quality talent under network contract, CBS has developed a unit fairly comparable to a stock company. Latest application for a CBS unit has been in the production "The Man Behind the

### "Maximum Listening"

"Geared For Maximum Listening" is the title of the brochure issued by the Cowles stations (WNAX, Sioux City, Yankton; KRNT, Des Moines; KSO, Des Moines; WMT, Cedar Rapids, Waterloo, Iowa). The title page of the folder is illustrated by four interlocking gears, with the respective station letters on each one, running diagonally across the page. On the inside two-page spread is an outline map of the U. S., white on a blue background, with the state of Iowa blocked in gray. In the lower left-hand corner the gear theme is repeated, and inside the map is an elaboration of the head "Teamwork Gets the Job Done Better"—a discussion of the different markets, covered by the stations individually and in combination, followed by brief descriptions of how this is done. The back page is devoted to statistical evidence about "Mail—proof of audience loyalty."

Bi-colored certificate of membership is being offered to youthful listeners of the new "Uncle Arnold" series aired over WLIB, Brooklyn, N. Gun," which Bill Robson, producer, is handling very much on the stock company principle. The technique, according to the CBS spokesman, has enabled the chain to mitigate the dearth of certain specialized talent. Exec opined that the most desperate talent shortages today, lay in the roles of young English men, character actors and the whole range of male virile leads, not only because the war has drained the supply of men, but because the programming trends in the form of more dramatic productions featuring documentary displays has created increased needs for those types. Today more than ever, the urgent need is for actors who sound like soldiers, he explained.

### Writer Problem Acute

As great as may be the shortage among male leads, the pinch is even more pronounced among writers, according to the production exec who attributed this to the fact that writing standards have improved. Leanest supply of writers is among the comedy writers, because that brand of entertainment has increased. CBS, for example, in a short space of time, added three major shows in that category—the Milton Berle, Groucho Marx and Ransom Sherman productions.

As evidence of the tremendous increase in its talent and specialist rosters, the chain listed the following who have been brought to CBS in keeping with the young production policy: directors—Robert Shayon,

### WCAU Newspaper Campaign

WCAU, Philadelphia, has started a new campaign of newspaper display advertising. Using the Philadelphia Record (morning) and the Evening Bulletin as media, WCAU has taken a solid three-column advertisement—top to bottom of page—listing in hand-bill form the day's attractions, both local and Columbia networks, to be heard on the station. The advertising will be repeated in staggered fashion—on Monday of one week, Tuesday of the next, etc., until the cycle is completed. At that time, the cycle will probably be repeated with the addition of whatever material in illustration and typography the first seven weeks suggests.

### MBS-Gillette To Air Five-Hour Sports Show

Mutual Broadcasting System in cooperation with Gillette Safety Razor Co., is staging a special broadcast tonight, starting at 9:15 p.m. and running until 2 a.m., on behalf of the "Boxing's Service Athletic Fund," and stemming from the boxing bouts at Madison Square Garden, a Gillette sponsored series. Bouts, themselves, are also in the interest of the fund.

The gala broadcast will consist of variety entertainment, music and talks by celebrities of the theater and sports world, in addition to the airing of the Garden bouts. Entire project was arranged by Tom Slater, director of MBS special events. Throughout the five hours of broadcasting, radio audience will be asked to contribute money to the boxing service fund.

Larry Berns, John Dietz and Marx Loeb (latter had been with CBS, but was made a director under the new plan); producers—Herb Polesie, Bill Robson, Bill Stier and Earl McGill (latter had been with CBS, also, but his functions were adjusted in keeping with the net setup); writers—Joe Roscoll, Charles Monroe, Randal MacDougall, Lucy Bradshaw, Sylvia Berger, Addy Richton and Lynn Stone. New post, director of program writing, was established last year as part of this planning, when net acquired Bob Landry.

dicating that the allocation plan instituted by the OWI last year, has resulted in the most effective use of the broadcast medium in bringing war messages to the general public. Outstanding shows instituted via the allocation plan which met with the approval of the editors are "The Army Hour" on NBC and the electrically transcribed "Treasury Star Parade" series of the War Savings Staff.

### Army Hour "Most Effective"

"Army Hour," one hour Sunday show on NBC was again voted the most effective war-effort program. The Army-produced show led the field in two classifications. In answer to the question "Which network program or programs do you consider outstanding as informative and as an aid in furthering the war effort at home?" The "Army Hour" was selected by the editors by a three to one margin. In answer to the query as to which "war" or regularly sponsored or sustaining series was effective as a morale builder, the critics also chose the "Army Hour," although on this question the margin of preference was not as great, with several of the commercial variety and musical shows as runners-up.

### Live-Talent Shows Popular

First honors in the transcription category went to "Treasury Star Parade" with "You Can't Do Business With Hitler" and "This Is the Enemy" in second and third places respectively. Voting in this category was not as heavy, indicating a preference on the part of the editors for live-talent productions. Critics were almost unanimous in their beliefs that there was no need for making either type of war message stronger.

Boston—Volney Hurd, news commentator, started a series of broadcasts Tuesday night over WNAC here that will be subsequently heard three nights a week, Tuesday, Thursday and Saturday from 8:15-8:30 p.m.

**L**OIS COLLIER, pretty young Hollywood radio actress, has signed a screen contract with Universal Pictures as a result of her performance in the Lux Radio Theater production of "This Is The Army" a few weeks ago.

Despite this column's knowledge of, and the quips about, singing star Anita's private heart flutter, the Tommy Riggs and Betty Lou songstress slipped away to Tucson, Arizona, and wed Army Air Corps Lieutenant Frank Ellis. Contrary to all rules of feminine behavior, Anita kept her marriage secret for over a month. Good luck... and best wishes!

Another of radio's funniest "warm up" routines for studio audiences before the broadcast is that of Horace Heidt and his "Treasure Chest" crew. He uses three of his band dressed as girl singers, who gesture before the mike and synchronize lip movements to actual feminine trio singing over a loud speaker.

Jimmy Rudge, alto sax player recently with Gene Krupa's orchestra, has joined the Horace Heidt "Treasure Chest" radio band.

A full hour of news commentary and war topics is now scheduled at 1:00 p.m., PWT., Mondays through Fridays over KECA, Earle C. MacDonald and Edward Jorgensen in the new "Blue Newsroom Review" which made its debut last Monday.

KNX threw its hat in the ring for combatting the "black market" situation when it presented a discussion of the situation by a man well qualified to speak on the subject, District Attorney Fred Howser, of Los Angeles County, on Tuesday, from 9:45-10:00 p.m., PWT.

Bert Lahr makes his second Kraft Music Hall appearance this evening, when Bing ribs the gagster on his NBC 6-6:30 p.m., PWT. airer.

Ted Bacon, director of the all-girl string orchestra, the "Golden Strings," heard on "Memory Music," KHJ Sundays 2-2:30 p.m., PWT, is getting mail of appreciation from his listeners for his swell arrangements similar to those of the "Grieg Fantasy" excerpts heard Sunday, March 14.

### Murrow Sunday Program To Originate At Algiers

Ed Murrow, Columbia's correspondent in London whose newscasts are sponsored by International Silver Company and are heard on this side of the water from 6:00-6:15 p.m., EWT, is scheduled for a broadcast from Algiers this Sunday, March 31.

In the event that circumstances should prevent Murrow from reaching the North African point, the program from Algiers will be broadcast by Charles Collingwood.

## Chicago

By FRANK BURKE

**DOB BECKER'S** "Sportsmen's light," 3-3:15 Sunday afternoon show, has been renewed on WGN, the Illinois Commercial Men's Association, through L. W. Ramsey on behalf of Chicago. Becker, of the Chicago Tribune, discusses hunting, fishing and dogs on the program.

"Victory Garden," new program aimed at easing the woes of mothers, in their Victory gardens, its debut over WJJD, Chicago, March 15. Broadcast under the auspices of Men's Garden Clubs of Illinois features roundtable discussion on home gardening by R. M. C. secretary of Illinois State Victory Garden Committee and magazine writer; Rudolph Mohr, horticulture specialist with the OCD, and Eugene Pfister, first vice-president of Men's Garden Club of America.

Displaying both surprise and pleasure at the appointment of Whiteman as musical director of Blue Network, James Petrillo, president and Joe Weber, executive, paid tribute to Mr. P. W. gentleman artist and dean of jazz at a press conference today. The board meeting concluded its session in Chicago yesterday.

Harry C. Kopf, NBC vice-president and general manager of the Central Division announced yesterday the realignment of the duties of Leo Anderson, Central Division assistant office manager and Arthur G. Pearson, Central Division purchasing agent to conform with war exigencies. Effective immediately Anderson will assist John F. Whiteman, business manager, in matters pertaining to personnel, particularly the maintaining contact between the division and former staff members serving in the armed forces. Pearson will take over certain managerial responsibilities formerly presided over by Anderson which include supervision of the building maintenance, division files, stenographic duplicating mail, and messenger telephone and the supply and receiving departments. Ethel Frank, formerly of the stenographic and duplicating department staff, has been designated as secretary to Anderson.

### AMP Signs Brazilian Composer

Associated Music Publishers, Inc. has just signed a five-year contract with the Brazilian composer, M. Carmo Guarneri, acquiring the copyrights to all his major compositions for orchestra, including "Abertura Concertante," piano and violin concertos, songs with orchestra accompaniment and other symphonic works. Acquisition of Guarneri is the second important Brazilian supplement to AMP's South American catalog. The other is the works of Hector Villa-Lobos. Guarneri is currently on a lecture and concert tour in this country. He will appear with the Boston Symphony orchestra this Saturday.

Sixty-Eight Commercial Shows Now Using Full NBC Network

ment of the full network plan. Many of NBC's top ranking features that were previously unavailable to station audiences in numerous localities are now being enjoyed in the nation's less populated areas. As a result, sponsor's messages are being placed into many thousands of homes never before reached by these broadcasts.

By the same means, affiliated stations have extended their service to the public through their ability to broadcast features denied them before the plan went into effect last year. NBC's sponsors, at slight added cost, have materially increased their coverage through facilities supplied by the added outlets.

The full extent of this expansion

in coverage, and in the public service rendered, is evident in a comparison of figures compiled as of March 1, 1942 and March 1, 1943. In that time span, the average network increased from 49 to 70 stations in the daytime and from 76 to 99 stations for programs broadcast between 6:00 and 11 p.m., EWT.

Computed on the basis of additional network time created by the plan, statistics show that the operation of the full network plan has added 922 station hours a week, since August 1, 1942.

Principal sponsors who are benefitting from NBC's full network plan, together with related programs and agencies are listed below.

McClintock To Preside At Religious Meeting

Discussion of "How Religion, Through Radio, Can Serve on Both the Home and Battle Fronts" will be held Monday, March 22, at a luncheon at the Waldorf-Astoria Hotel. Representatives of all religious denominations co-operating in the Mutual Broadcasting System's religious programs, "The Radio Chapel" and the "Minute of Prayer," will participate. Project is under the direction of Elsie Dick, director of Mutual's religious programs. Miller McClintock, Mutual's president, will preside during the discussion.

Organizations whose delegates will participate in the forum are the Federal Council of Churches of Christ in America, the Synagogue Council of America, the Catholic Charities of America, the Archdiocese of New York, and the Christian Science Committee of Publications.

Soldier Talent On Radio Still Forbidden By Gov't

Washington Bureau, RADIO DAILY
Washington—Regulations forbidding radio stars or other talent in uniform to appear on radio shows will not be relaxed, it was stated here yesterday by Col. Curtiss Mitchell, of the Bureau of Public Relations. He added that the Army's hands are tied in this matter since the regulations can only be eased by Presidential edict.

Col. Mitchell added, however, that a star might be released temporarily at the request of some government agency provided the performance be not for pay or for commercial purposes.

Stork News

Don Stanley, of WTMJ, Milwaukee, announcer and commentator of "Today's Events," has announced the birth of his second child, a daughter.

AGENCIES

RADIO CORPORATION OF AMERICA is considering the appointment of three agencies to handle its advertising, one agency to be assigned to each of the corporation's three manufacturing divisions: Instruments, Phonograph Records and Technical Products. It is believed that expenditures for the purpose will total about \$2,000,000.

RAY E. BROHOLM, formerly continuity editor of WLS, Chicago, has become associated with Guenther-Bradford & Co., as director of radio. Before joining WLS, he was advertising manager of the American Gas Machine Company, Albert Lea, Minn.

MARKET RESEARCH COUNCIL will conduct a round table discussion today on the subject "The Panel Method of Market Research." It will be held at the Yale Club.

KENYON INSTRUMENT CO. of Huntington, L. I., manufacturers of precision devices for aviation and marine use, has named Albert Frank-Guenther Law, Inc., as its advertising agent.

SIX ADVERTISING AGENCIES are co-operating with the Advertising Council in the preparation of the publicity for the Second War Loan Drive, which starts April 12. They are Benton & Bowles, Erwin, Wasey & Co., Albert Frank-Guenther Law, Ruthrauff & Ryan, Young & Rubicam and G. M. Basford Company.

KEN SMITH, formerly announcer in NBC's Spanish division, has been appointed radio director of the Mexico City office of Grant Advertising, Inc.

BALL BROS. CO., of Muncie, Ind., will use radio in an extensive campaign now being planned to publicize its jars, caps and rubbers used in home canning. The account is handled by the Applegate Agency, also of Muncie.

CBS Adds WFMD

WFMD, Frederick, Md., becomes a member of the Columbia network on March 21, according to H. V. Akerberg, CBS vice-president in charge of station relations. WFMD will be a special supplementary station to CBS's Basic Network.

## No AFM Convention; Board Meets in June

(Continued from Page 1)

of the membership meeting, which was to have been held in Columbus, Ohio, June 14, the executive board will act on those measures which would have been on the agenda of the conclave. Board will probably meet in New York, Petrillo said, some time in June, to dispose of those convention items.

Here, in New York, record and transcription companies had not yet received their individual copies of Petrillo's letter in which he said the ban would remain, and in which he accused the trade of lacking good faith in its negotiations. However, on the strength of the letter, printed in full in RADIO DAILY, yesterday, and reported in part in the lay-press, trade execs were yesterday trying to arrange a meeting among themselves, and to reach a decision concerning a course of action.

### Transportation a Factor

The decision to cancel the convention was made by the executive board meeting in Chicago earlier this week, to answer the disc makers who had rejected Petrillo's plan for taxing the industry as a requisite for lifting the ban. Trade sees in this move, which because of the ODT cannot be questioned too deeply, a means of preventing an internal split in the union on the issue. Only the first of this week, union's house organ, "International Musician" announced the place and date of convention, noting that the locale had been changed from Jacksonville, Fla., to Columbus, because of war congestion in the South. Notifications on hotel reservations had been sent to all locals, with requests that reservations be made early. Opined in the trade that the decision, therefore, to cancel the meet was motivated as much by the problem of reporting on the recording ban to the constituents, as it was patriotic.

### Board Unopposed

Speculated, that if the convention had been held, the loss in salaries to members who have been suffering unemployment as a result of the ban, would have been brought out on the convention floor and might possibly have brought on a move to modify the ban if not repeal it completely. Under the new arrangement, the decision of the executive board remains unopposed, board operating on the premise that the will of the convention of 1942 still prevails.

### Lawrence On "Answering You"

Gertrude Lawrence, currently starring in "Lady in the Dark," will speak on the subject of "Entertainment's Role in War Time" when "Answering You," Mutual's and the BBC's transatlantic discussion forum is heard Sunday, March 21, from 5-5:30 p.m., EWT. Joining Miss Lawrence on this side of the ocean will be Aline MacMahon, featured in "The Eve of St. Mark," and Ben Hecht, author and playwright.

## WORDS AND MUSIC

By HERMAN PINCUS

**PHIL O'HARA** disabled veteran of World War I (he was wounded in the Battle of the Meuse-Argonne) told how he was inspired to write the song, "I Just Got an Army Hair-cut," which bids fair to becoming one of the better-known songs of World War II. Said Phil, "Some of the boys who came to see and cheer me up at the Veterans' Hospital in Washington, D. C. looked so funny with their G. I. haircuts that I laughed and kidded them goodnaturedly about their looks. I felt, however, that it would be fun if we could all sing about the way they looked with their hair shorn and clipped and that's how I got the idea. I called in Sam Michaelson and Al Parvin to help me and we finished the song, which seems to be giving the boys in uniform a great deal of fun, singing the words to a snappy march tune."

☆ ☆ ☆

... Vladimire Dukelsky, petty officer in the U. S. Coast Guard, is wearing a happy smile despite these Ides of March days. Dukelsky's Violin Concerto will be performed by Ruth Posselt and the Boston Symphony Orchestra conducted by Richard Burgin, on March 19 and 20, and will be radio-premiered over the Blue Network on the latter date. Dukelsky, who was given the name of Vernon Duke by John W. Green when both were under contract to write scores for Paramount Pictures back in 1935, has just been notified of the successful reception accorded his score in M-G-M's "Cabin in the Sky" by Dallas, Texas audience. His third premiere (all within a period of ten days) takes place March 22, when Vinton Freedley's production of the new musical comedy "Dancing in the Streets" starring Mary Martin, opens at the Shubert Theater in Beantown with a Vernon Duke score.

In the five months that Fred Waring has been playing songs requested by men in the service on his "Pleasure Time with Victory Tunes," over NBC, he has learned that by and large, they prefer a nostalgic ballad as "Till, Never Smile Again" or "You'd Be So Nice to Come Home To" rather than a hot or rhythmic tune. Second choice in their preference are sacred songs, with the most-requested being, Malotte's "The Lord's Prayer," Schubert's "Ave Maria," Nevin's "The Rosary" and Sullivan's "The Lost Chord." Waring offers this bit of advice to morale-program-makers to include, too, well-known negro spirituals. Asked how choices of the WAVES, WAACS and SPARS compare with the males', Fred answers, "Practically the same as the men."

Last week Ed Begley, heard on the "Amanda of Honeymoon Hill" CBSerial, volunteered to act as bus boy at the "Stage Door Canteen"—it was merely a case of history repeating itself for 25 years ago, when Ed was honorably discharged from the U. S. Navy, the Red Cross, operating a temporary employment agency for ex-service men, got him a similar job in the Union News Restaurant on the lower level at Grand Central Station.

Radiology: Kate Smith whose regular broadcast tonight emanates from Baltimore, will "double in brass" as it were—She has been picked by the War Manpower Commission to inaugurate a new drive for war workers in the Baltimore area. . . . Fred Raphael has a "find" in Judy Howard, new vocalovely, featured on the WHN "Gloom Dodgers" . . . . . Walter Kamer, WLIB praise-agent, nifties: "With the draft grabbing so many station announcers, why not have midgets announce short-wave programs?"

☆ ☆ ☆

Phil Spitalny's all-girl ensemble was formed eight years ago. Its initial appearance as a unit took place on the stage of Capitol Theater in March 1935. . . . Marcella Uhl, mezzo-soprano heard on the Blue Network, will present a program of songs by Kenneth Walton next Tuesday at 8:15 p.m. via the Blue shortwave facilities to So. America.

## OPA Price Regulation For Unbranded Radios

(Continued from Page 1)

distributors, retailers and exporters, who, since the summer of 1942, have become assemblers of household phonographs and receivers. By comparison with full-fledged manufacturing procedures, their operations are relatively simple, consisting of the mounting of a fully-assembled chassis with a speaker and frequency changer with a phonograph pick-up mechanism into a finished cabinet.

Specifically excluded from the regulations will be regular manufacturers of radios. They will come under revised price Schedule 1 (radio receivers and phonographs).

Manufacturers are practically exempt from production of such radios anywhere by WPB Orders L-44 and L-183, issued by the War Production Board. However, these WPB orders do not prevent placing a radio manufactured in accordance with the terms of the orders, into a cabinet.

### Meeting Held Here Yesterday

A meeting was held by the OPA with representative distributors, retailers and assemblers of radio-phonographs in New York yesterday and another will be held in Chicago today for the purpose of outlining the provisions of the proposed regulation and inviting general discussion of them.

At the present time wholesale retail prices of radios and phonographs are controlled by the general maximum price regulations. OPA points out that it is a violation of this price regulation for assemblers of radios to make sales unless a maximum price has been specifically authorized and in cases except where the assembled radio is actually identical to a model sold during March 1942.

## Agronsky To Washington To Replace Wm. Hillman

(Continued from Page 1)

announced by G. W. Johnstone, director of news and special features.

The 28-year-old journalistic veteran of the Ethiopian, Spanish, Balkan, Malaya, Java and Australian campaigns, who returned to this country last October after four years on the front, will start broadcasting from the nation's capital Sunday, March 21. He will be heard daily, except Saturdays, thereafter.

The Sunday commentaries, in which Agronsky will review the week's events, will be presented from 1:45 to 2:00 p.m., EWT, over the eastern half of the network. Beginning Monday, March 22, he will be heard Monday through Fridays from 8:00 to 8:30 a.m., on the "Daily War Journal" periods currently conducted by William Hillman. He will be heard together with Hillman for the first week and will take over the entire spot beginning Monday, March 29, when Hillman leaves the "Daily War Journal" to accept another appointment which he will announce shortly.

## Marconi Bonus Considered By Canada Labor Board

Montreal—The National War Labor Board has heard and reserved opinion on an application by Marconi Company trans-ocean telegraphers for restoration of a 10 per cent bonus or a corresponding increase in salary.

The Commercial Telegraphers' Union, represented by J. N. A. Blouin of Toronto, general chairman, and L. F. Newell of Montreal, district chairman, maintained that 10 per cent bonus given in August, 1940, was withdrawn in July, 1942. Their special increment, they said, was in effect an increase in wages and could be replaced by a cost-of-living bonus which was paid when it was withdrawn.

James Fergus, secretary of the Marconi Company, said the bonus was given to meet increased living costs and was always subject to withdrawal. In July, 1942, it was replaced by a cost-of-living bonus, with the provision that no employees should suffer any reduction in income because of the conversion. The bonus did not in any way constitute a change in wage rates.

Blouin stated that the men working 12 hours a day and seven days a week and, although they receive overtime, were deserving of the bonus increase which they felt was paid to recompense them for the added duties.

FOLLOWING its meeting in Chicago on Wednesday, the AFM Executive Board and James C. Petrillo, union president, notified the transcription and record companies that any constructive proposals for the solution of the recording ban would have to come from the platter makers. Notification was sent in a lengthy letter, which accused the recording firms of lacking "good faith" and charged the companies

with incorrect assumptions and misstatement of facts. The letter refuted the contention, set forth in a letter from the companies to the union, that the AFM plan would be illegal and contrary to wage stabilization and WLB policies as well as anti-trust laws.

plans for holding formal conventions this year. The NAB last week set the date and agenda for a "war meeting" to be held in Chicago on April 27-29 in Chicago; the broadcasters' association has completely eliminated any of the usual social activity and has announced that the meeting will be "void of frills or adornments." The AFM, complying with the Office of Defense Transportation request to curtail unnecessary travel during war-time, has cancelled its annual convention, which had already been set for June 14 at Columbus, Ohio. Action of the AFM leaves any future action in connection with recording ban entirely at the discretion of the union's executive board.

Decision by the U. S. Supreme Court on the chain broadcasting rules appeal brought by NBC and CBS against the New York court decision upholding the FCC, was postponed until at least April 5 following the adjournment last week of the high court until that date... Criticism made early last week by Congressmen following the first broadcast of his new series brought forth a complete denial of playing politics by OWI chief Elmer Davis, who also made public a letter sent to the OWI staff ordering them to avoid politics. Public service programs on the NBC and Blue Networks during 1942 consumed approximately 36 per cent of the combined broadcast time of

both webs, according to a RADIO DAILY survey, the results of which were published last week... Paul Whiteman, dean of American jazz music, was appointed director of music for the Blue Network, by Mark Woods, president of the chain.

Announcement of increased business activity throughout the broadcasting industry was made during the past week: 68 network sponsors have taken advantage of the full-network discount plan since its introduction last August; Blue Network spot business was reported up 35 per cent in the past year; CBS-Pacific announced a business boom; regional network business in the Southwest also showed increases... Dr. James S. Thomson, general manager of the Canadian Broadcasting Corp., in an interview, expressed the belief that the "Canadian System" of radio control incorporated the advantages of both the American and British methods... Treasury Department set plans for a huge Bond Drive to be held for three weeks starting in April... Sets-in-use reached an all-time record high during March, according to C. E. Hooper, Inc.

The radio editors and writers of newspapers upheld the OWI procedure of allocating war messages, according to a poll taken by RADIO DAILY... CBS reported favorable results from a production-talent policy introduced last year.

(Continued from Page 1)

for this change, according to Burkland, was from the standpoint of a convenience to the listener, particularly the many newcomers to Washington, so that the identity of the station may be more easily remembered. It is an established fact, he said, that call letters which spell a word are remembered by the listeners. Surveys made over a period of several years have indicated that the call letters WJSV have been a source of confusion to many listeners, particularly since they no longer had any significance with any slogan or person associated with the station. WJSV was taken over in 1932 from the late James S. Vance, whose initials were used in the call letters.

WTOP, which can be easily remembered, also aids the listener through its association with the top of the dial, since the station is located at the high frequency end of the standard broadcast spectrum, operating on 1,500 kilocycles with 50,000 watts power. It was for this reason of convenience alone that the change was requested of the Commission.

WAR-PROGRAM IDEAS

WWL Program Additions

Several new programs have been added to the WWL, New Orleans Sunday schedule for the purpose of increasing listener interest. Some of these programs have had their time shifted from an earlier airing during the week to their new Sunday spots. Three of the new offerings are "live" while the fourth, presented during the early morning hours, is a transcribed feature.

"Freedom Girl" formerly heard only through the week is currently being aired at 9 a.m., Sunday, with songs and War Bond selling efforts. Show is followed by the Soporoco Spiritual Singers at 9:15.

Other new Sunday addition to the WWL schedule features Paul Sutton, emcee and singer on the "Regal" shows, who is now heard in "Blue Skies" a program of poems and songs to his own piano accompaniment at 11:15. The transcribed show which goes on the air at 6:15 a.m. called "Sweet and Lovely" is dedicated to the famous Broadway musical comedies.

In the dramatic field WWL offers another quarter-hour War Program, "Eyes of the Sky" dramatizing the unsung and often "thankless" work of the Aircraft Warning Service. Program is aired on Thursdays at 6:30 p.m.

NBC's FM Application; Other Activity By FCC

(Continued from Page 1) six new International Broadcast frequencies, from the Crosley Corp., of Mason, Ohio. Crosley seeks use of the 6,080, 9,590, 11,700, 15,250, 17,800 and 21,650 bands, with 50 kilowatts power, A3 emission. The application provides sharing time all frequencies between WLWO, WLWL, WLWR and WLWB.

Action was postponed until April 14 on the petition of WCOP, Boston, to take depositions in the matter of WCOP's license renewal application, and the Commission decided on its own motion to continue the hearing scheduled for April 19 until May 17. It appears likely that this license renewal will finally be granted without hearing, since it is reported that WCOP has recently had personnel changes resulting in the discharge of several former employes accused of Fascist affiliations.

Washington Bureau, RADIO DAILY Washington—Pending action on an application to cover its construction permit, CBS was yesterday authorized by the FCC to operate FM station W67C commercially through May 16. The station is in Chicago and the grant provides for operation on 46,700 kilocycles, with ten kilowatts.

Stork News

DONALD L. PONTIUS, publicity director and salesman with the Mutual Broadcasting System, Chicago, has become the father of a girl, Mary Alice.

WTAG Bond Sales

"The Victory Club," a program currently aired by WTAG, Worcester, revealed unexpected results in selling War Bonds. Originally the purpose of the show was to get listeners to take part of their change in War Stamps when making a purchase. The sponsors, Sears, Roebuck & Company, report, however, that the public is purchasing War Bonds instead.

Definite Bond sales attributed to the program already amount to \$7,300 with over 1,200 listeners on the program's membership list, pledged to take their change in War Stamps "whenever possible, every place I shop, every time I shop." The results of the program far exceed the original expectations.

Rationing Advice

New morning rationing show, "Points on Points" with Peggy Cave, is being aired at 8:15 Monday through Friday over KSD, St. Louis, by the Carey Salt Company. Program features music and tips on rationing and menus. Promotion for show is through "Listen In" posters and streamers distributed through Carey dealer outlets and by an embroidery transfer offer given daily on the KSD show.

AGENCIES

panies of lacking "good faith collective bargaining." In inviting the union president to the conference, the joint wire emphasized that "individually and collectively" the firms "have always been and continue to be ready to confer and bargain with you on the question of wages, hours and working conditions."

Record companies met Friday noon, to decide on this course of action. No chairman or trade body has been formed for purposes of negotiating with AFM. However, Lawrence Morris, of RCA Victor, Camden, N. J., is in charge of the Wednesday meeting.

### Text of Telegram

Text of the joint telegram sent to Petrillo follows:

"James C. Petrillo, President American Federation of Musicians 175 West Washington Street Chicago, Illinois

"In your reply of March 17 to our letter of February 23, you complained that we have failed to measure up to the test of good faith collective bargaining. That complaint is unjustified since it was you who terminated all prior arrangements without previous complaints or demands. Individually and collectively we have always been and continue to be ready to confer and bargain with you on the question of wages, hours and working conditions which, under both the National Labor Relations Act and universal practice, are the appropriate subjects for collective bargaining, and to enter into a written agreement for a definite term which will provide for the immediate resumption of recording. As tangible evidence of our good faith, we now invite you to meet with us for such purpose at the Hotel Ambassador in New York City on Wednesday, March 24, at 2:30 p.m. Please reply by telegram to Mr. Lawrence Morris, care of RCA-Victor, Camden, New Jersey." Wire is signed by—Associated Music Publishers, Inc.; Columbia Recording Corporation; Decca Records, Inc.; Empire Broadcasting Corporation; Lang-Worth Feature Programs, Inc.; Muzak Corporation; RCA Division, Radio Corporation of America; Radio Recording Division, National Broadcasting Co., Inc.; Standard Radio; Soundies Distributing Corporation of America, Inc., and World Broadcasting System, Inc.

### KDKA Personnel Shifts

Pittsburgh, Pa.—Three shifts in the KDKA personnel including two promotions within the ranks were announced Friday by James B. Rock, station manager. They involve Richard Bachman who has resigned from the sales staff for an industrial affiliation, and James Murray publicity director and John McMahon news editor. Murray will move into sales while McMahon will take over the publicity and special events duties.

## NETWORK SONG FAVORITES

This weekly survey is based on the copyrighted Audience Coverage Index report of the Office of Research—Radio Division, covering the period of March 11-17, inclusive. The survey provides a scientific index of the relative extent to which these popular songs have been heard by a nation-wide sample of radio audiences.

The index is based on three kinds of research data: (1) the total number of performances heard and reported in New York by the Accurate Reporting Service for WEAJ of NBC, WJZ of Blue, WABC of CBS and WOR of MBS, 8 a.m. to 1 a.m. daily, EWT; Middle-west performances heard and reported in Chicago by the Radio Check-up Service, 9 a.m. to 1 a.m. daily, CWT; West Coast performances heard and reported in Los Angeles by the Radio Checking Service, 9:30 a.m. to 1 a.m. daily, PWT, (2) additional station-uses for network programs and (3) the relative size of listening audiences as based on regular surveys of radio sets-in-use by C. E. Hooper, Inc. and Pulse of New York, Inc., as well as on other special surveys.

The higher the song's ACI figure for the week, the more it has been heard by radio audiences. Current radio favorites from the American repertoire of popular music are segregated and presented as "Favorite Standards of the Week."

## WHN Appoints Combs News Manager-Editor

(Continued from Page 1)

by Herbert L. Pettey, station director, to be in effect officially on April 1. The new designation, according to Pettey, is in line with the station policy to expand its foreign and domestic news coverage, with accent upon local news and more searching treatment of all news in the listening area.

Combs has been with WHN for the past six years, featured in his nightly news analysis and in special event coverage. He points out that since the station now carries 19 news periods daily his job will be to assure an even greater selectivity in choice of material and introduction of new quality features. Under the new regime, much of the material will be written and edited by the staff of the station, under Combs' direction, supplementing the various press-service dispatches. While Combs is known for his commentary on international affairs his background includes wide political and newspaper experience as well. He is also known as the youngest Congressman ever to sit in Washington, elected at 25 to represent his home state, Missouri. Admitted to the bar at 21, after graduation from the University of Michigan and the Kansas City School of Law, he became active in politics. Shortly after he was appointed assistant prosecuting attorney of Kansas City where he served for several years as trial counsel, resigning to run for Congress.

**"Sardi's" Extends Program to Include Old Sponsor**

Kerr Glass Mfg. Co., sponsor of a 15-minute participation in "Breakfast at Sardi's" on the 13 Pacific Coast stations of the Blue Network last week, has returned to the program to sponsor a 15-minute period beginning Sunday, April 3.

During the entire Saturday morning of the half-hour show has already been taken over by two sponsors, the program will be extended an extra 15 minutes which will be sponsored by Kerr Glass for its sponsors and caps.

Phone Solutions, Inc., for Hy-Phone, sponsors the first 15 minutes on Sunday beginning at 9:30 a.m., PWT; the second 15-minute period is sponsored by Stokely Bros. & Co., for Van Tenderoni; and Kerr Glass sponsors the over the new 15-minute period beginning at 10 a.m., PWT, used for Arizona stations in addition to the Pacific Coast stations of the Raymond R. Morgan Company Agency.

Kerr Glass sponsored five minutes of the show from August 10 to September 25, 1942, first participating in it then three times weekly. The program originates at the famous Hollywood restaurant with emcee and comedian building hilarious entertainment around interviews with celebrities and visiting motion picture celebrities.

**Radio Program From Wales**

The program featured the miners and their families of Treorchy, small but picturesque village in the heart of the Rhonda Valley.

**Industry Offers Full Co-Operation In Treasury War Loan Campaign**

(Continued from Page 1)

sent by the Secretary of the Treasury, Henry Morgenthau, Jr.

The largest money-raising campaign in world history was offered the full resources of radio to inaugurate the campaign and through the combined planning of the Office of War Information, National Association of Broadcasters, the four major networks and the United States Treasury Department definite plans were drawn up at meetings in Washington which were attended by: Stuart Peabody, who has been appointed by Secretary Morgenthau to take charge of all promotional activities in connection with the 2nd War Loan; Vincent F. Callahan, Director of Radio, Press and Advertising, U. S. Treasury, War Saving Staff; Marjorie L. Spriggs, Treasury Radio Chief; Eugene W. Sloan, Executive Director, War Savings Staff; Don Stauffer, Chief of Radio, Office of War Information; Nat Wolff, Deputy Chief, Hollywood Radio Bureau, Office of War Information; Merrill "Pete" Barnum, Deputy Chief, New York Radio Bureau, Office of War Information; James Rogers, Office of War Information liaison with U. S. Treasury; C. E. "Bee" Arney, Assistant to the president of NAB, and Arthur Stringer, Director of Promotion.

**Details Being Set**

Because of the comprehensiveness of such an undertaking, the full details of radio industry's part in the 2nd War Loan are not yet complete. However, the following are already under way, according to Marjorie L. Spriggs, Treasury radio chief:

The four major networks and virtually all other stations to blanket their entire broadcasting day; One or two top stars of each network to spearhead drive on their respective

networks, by cutting into programs throughout the 24 hour stint; All stations to receive a special half-hour deluxe Treasury Star Parade transcription; Live copy to be inserted in Office of War Information Station Announcement Plan package as substitute announcements for other Office of War Information messages; National Association of Broadcasters sending special bulletin to broadcasters; Special edition War Finance Committee News with suggestions for local promotion and publicity; Office of War Information fact sheet to be sent to all radio stations plus individual stations' own promotional and programming ideas. To further insure the utmost in cooperation and coordination, regional officers of the Office of War Information and Treasury Field departments, will work directly with stations.

**Special Show April 11**

The radio campaign of the entire 2nd War Loan which runs approximately three weeks will be promoted to the fullest extent with a special live network show on Sunday, April 11, followed throughout the remainder of the drive by numerous other special events, including film stars, special Treasury Star Parade transcriptions, transcribed and live announcements.

Enthusiastic acceptance of Radio Day has been expressed by stations from 100 to 50,000 watts in size. As examples of the two extremes, a 50,000 watt station has planned to have all individual artists on local programs conduct personalized campaigns; a 100 watt station on part time will devote its entire facilities, on April 12, to the 2nd War Loan drive.

The NAB has issued a special bulletin on the drive, calling for participation by all its members and out-

lining program suggestions which might be of value in the drive. In addition, it offered in brief the concrete suggestions listed below:

**WHAT YOU CAN DO—**

A. Work out promotion plans with other station managers of your city or state.

B. Commercial cooperation—ask local sponsors to participate in Radio Day and work out special promotions with promotion departments.

C. Special events—tie-ups with war industries, army camps, theaters, etc.

D. Talent—out into programs throughout the day either for direct sales or general promotion of the 2nd War Loans, staff and guest talent.

E. Existing programs—use existing sustaining programs for sales and promotion.

**SUGGESTIONS FOR VOLUNTEER ASSISTANCE—**

A. AWVS.

B. American Legion.

C. Civic clubs.

D. Boy scouts.

E. Girl scouts.

**HOW TO HANDLE SALES—**

A. Directly if you are an issuing agent.

B. Through a tie-up with a local bank, using remote broadcast through the day from the bank.

C. Through a tie-up through a local department store which is an issuing agent originating broadcast from this point.

D. Through tie-ups with local theaters, that are issuing agents, originating broadcasting directly from the theater through the day.

E. Through tie-ups with hotels and other points on remote broadcasts such as dance bands.

**WAY FOR LISTENERS TO BUY BONDS—**

A. If possible by going direct to the radio station or other points designated by the station to buy bonds in person.

B. Telephone orders (try to arrange sufficient lines and instruments to handle telephone calls. Kate Smith at WJWS in Washington used 25 instruments and 25 incoming lines each of which was connected with one telephone number and manned by AWVS).

C. By mail, stipulating that orders should be post-marked before midnight of April 12.

Callahan has scheduled a conference between the War Savings Staff and the Sesac Stations Relations Staff at the Palmer House in Chicago on Sunday, March 21 to discuss the details of the second War Loan Drive which begins April 12, 1943.

The men attending are Emil J. Gough, Graham Harris, Burt Squire, Claude C. J. Culmer, Paul Heinecke, Leonard David of Sesac.

Vincent Callahan, Marjorie Spriggs, Mort Milman, Ken Carpenter will attend for the War Savings Staff.

**Personnel Exchange Between BBC Offices**

In a temporary exchange of personnel, Ernest Davies, in charge of North American Intelligence in the BBC Research Division, has just arrived here to work out of the New York office of BBC. He will assume the post now being held by Henry David, who, as soon as Davies can take charge, which may mean about two weeks, will go to England, and work in the London office of BBC for three or four months. David is head of BBC research here.

# Coast-to-Coast

**N**EW voice on the KCMO, Kansas City, Mo., belongs to Guy Bates. At one time he participated on dramatic programs over KFAB and WHO and came to the Kansas City outlet after gaining announcing experience on the KCKN announcing staff.

New York State Tax payers will get a break via WBEN, Buffalo, when the station airs two explanatory programs to clear up any doubts about the State Tax. The programs will be heard March 26, and April 9, at 10:30 p.m. "Medicine and Superstition" was the subject of Harry T. Brandt's talk last Saturday. Station announcer Mel Benstock combines two diametrically opposite professions to make life interesting. By day he's a jeweler and by night a speller.

Abe Lyman and his orchestra, with soloists Rose Blane and Frankie Connors, play the first in a series of three "Treasury Star Parade" performances, on Saturday, March 27 at 10:15 over WIP, Philadelphia. Tomorrow the station will broadcast the ceremonies of the awarding of the "M" pennant and Victory Flag by the U. S. Maritime Commission to the Sun Shipbuilding and Drydock Company of Chester, Pa. Program will be aired from 3:00 to 4:00 p.m., and will feature the launching of three ships built in record-time at the yard.

"Behind the Headlines in Our Army" has been renewed for the third year on WTOL, Toledo, under the sponsorship of the People's Liberal Credit Clothing Company. Show will be heard at 12:10 p.m. daily and will continue to feature unusual human and humorous stories of Army Life. Arch Shawd, general manager and vice-president of the Toledo station is a member of the Toledo Committee for the Study of the Organization of the Peace. The organization met last week to make arrangements for the Toledo Forum on Peace Problems, scheduled for May 7, 8 and 9.

Barney's, New York Clothier, resumes thrice weekly sponsorship of Hans Jacobs, WOV's news commentator, today. Jacobs, who is heard every night, Mondays through Saturdays at 7:00 p.m., will be on the air for Barney's on Mondays, Wednesdays and Fridays.

Arden X. Panghorn, managing director of KGW-KEX, Portland, Oregon has announced the addition of three men to the stations' commercial department. R. Kenneth Evans, Walter S. Holmes and J. N. Wasson are the new salesmen. Evans has been in agency work in Portland for several years, while Holmes has been connected with newspapers in the Pacific Northwest. Wasson worked for Portland newspapers for a number of years, but more recently was connected with an outdoor advertising firm. Mel Bailey, formerly a free-lance radio writer in Hollywood has joined the stations' announcing staff.

The WOWO, Fort Wayne, Fourth Annual Achievement Awards Banquet, at which outstanding farm men and women in Indiana and Ohio were honored for their agricultural achievements, was held at the Hotel Anthony in Fort Wayne, on March 18. Principal speaker at the affair was Wheeler McMillen, president of the National Farm Chemurgic Society and Editor-in-chief of "Farm Journal," whose address was broadcast on WOWO at 7:30 p.m.

WTAG, Worcester, continues its policy by devoting special programs to organizations aiding the war effort. This week the station presented a 15-minute drama portraying the role played by the Girl Scouts in the war effort and their need to increase their membership. Ruth Lowe is the newest member of the station's program department. Guests on the "Stars in the Spotlight" this week included music maestro Tony Pastor and stage star Dixie Dunbar.

Carl Brose, formerly with WHBL, Sheboygan, Wisconsin, has joined the announcing staff of WFDF, Flint, Michigan.

"Doctors Courageous," a series of fifteen-minute transcriptions dealing with the fight against disease by the heroes of medicine and research, will be heard each Sunday at 4:15 p.m. over KWK, St. Louis, for the Knight Drug Company, prescription pharmacists. Commercial are to be institutional. The dramatized stories will detail the achievements of such men as Lister, Koch, the Mayo Brothers, Jenner and many other medical giants. The programs were transcribed in Australia.

WBVN's War Bond selling program, "Keep Freedom Ringing," now has two new announcers. Walt Framer, formerly free-lance writer and producer of KDKA and other Pittsburgh stations, is sharing the emcee honors with Joel Holt, who comes from WKIP, Poughkeepsie, N. Y. Framer writes and produces the script while Holt is chief announcer on the show.

Indian Walk Shoes has purchased time on the Nancy Boothe Craig radio show heard daily from 8:30 to 9 a.m. over WJZ. Walter W. Wiley Advertising, Inc., set the deal.

Irene Morgan, continuity department head at WLAW, Lawrence, Mass., is the latest victim of the German Measles epidemic. Because Devy Edwards, major domo of "Your Service Salute" has a tough time telling the exact minutes and seconds when the minute hand of the clock is on the "hard side" Devy received a hand drawn design of a clock from a sergeant at Fort Devens containing various cues and suggestions so that there will be no difficulty in telling the hour, minute and second.

U. S. Rockwool Insulators have renewed their contract with WLIE, Brooklyn, for seven news periods a week for four weeks through Moss Associates. "The Smiling Irishman" used car dealer, increased his spot announcement schedule from 42 to 70 a week over the Brooklyn station. Deal was set through Carl Calman, Inc.

Earle G. Clements' resignation as general manager of WLNH, Laconia, N. H., became effective March 16. After serving the station in his managerial capacity since 1939 he will act as manager for WEIM, Fitchburg, Mass. He has had several years of radio experience serving WTAG, Worcester, for nine years, and for a time at WBZ, Boston.

Gregor Zeimer, WLW, Cincinnati, broadcaster and international authority broadcast an interview with Louisiana Governor Sam Jones. Zeimer and the Governor discussed Latin America and Post-War World. Dick Bray, sports announcer is now in Bloomington, Indiana, to get a line on the Cincinnati Reds, who are in training there. He broadcast daily on their progress to Cincinnati fans.

Rush Hughes, emcee of the morning "Song and Dance Parade" over KY St. Louis has added Bond Bread to his list of clients. Bond bought a two-minute section of the show on Tuesday, Thursday and Friday. Kennedy McCord, station's "Lady of the Ozarks" is now plugged by Henry C. Hartenbach, carpet cleaners, on her 9:30 to 9:45 a.m. program Monday through Friday.

WSAI, Cincinnati, listeners had an opportunity last Friday to judge the effectiveness of the second complete blackout as viewed from three vantage points in a special events broadcast titled "Blackout" which immediately followed the blackout. Several station staffers headed by James Cassidy, special events director, were stationed in key points around the city to gain first-hand panoramic information.

### BBC Sets Up Plans For Better U. S. Co-Op

The expansion of programming, reorganization of personnel with a view to cooperating more fully with American broadcasting, as well as with the OWI and the Army, were the main items of operation yesterday by BBC in this country. Major phase of the plan is the broadening of the traffic, public relations and publicity divisions and the opening up of a new office in Chicago.

One of the major functions of the new traffic department will be the

### Petrillo Okays Offer For Disk Conference

James C. Petrillo, president of the AFM, has accepted the trade's offer to confer further on the problem of the recording ban, with the aim of seeking a plan for lifting it. However, no date has been set for the joint meet, Petrillo indicating that the suggestion of tomorrow was not convenient. Offer to meet was sent to the union chief over the week-end by the recording companies following a trade meeting last Friday. Indications were that the Union's executive board would accompany Petrillo, and that the meet would be here.

music to the war fronts were emphasized yesterday at a discussion of "How Religion, Through Radio, Can Best Serve for Victory" conducted under the auspices of Mutual Broadcasting System at a luncheon at the Waldorf-Astoria Hotel for all organizations conducting religious programs on Mutual. The need for more programs carrying organ and choir presentations of hymns, listed, too, the need for such material in the form of recordings on the fighting fronts.

McClintock Presides

Miller McClintock, president of MBS, presided. Chaplain William Taggart, a "flying chaplain" who has just returned from several war fronts, led the discussion in its relation to the battlefields, bringing out the fact that one of the problems of worship at the front was the lack of hymnal productions. McClintock promised that MBS would confer promptly with OWI, in the matter of providing more such programs to the fronts, as well as providing records for the soldiers, both of which would use Mutual's million dollar organ at WNAC. Conference asked that all networks help on these scores.

Others taking part in the discussion were Right Rev. Henry St. George Tucker, president of the Federal Council of Churches; Rev. John J. McClafferty, assistant executive director of Catholic Charities of Archdiocese of New York, and Dr. Israel Goldstein, president of the Synagogue Council of America.

Montreal—Resulting from a conference between Dr. J. S. Thomson, general manager of CBC and representatives of the Central Broadcasting Committee in Montreal of the National Religious Advisory Council of CBC, arrangements for the broadcasting of Sunday evening Church Services which have been discontinued for some months were discussed. It was agreed that the evening services will be returned to the air in a few weeks. The new plans will include a larger group of churches than the original nine.

"The Home Front," radio station WVS, Charleston, West Virginia, "Outstanding public Service Program by a Regional Station—Up to 10,000 Watts."

First awarded in 1941, the Peabody awards are administered jointly by the Henry W. Grady School of Journalism, University of Georgia, and the National Association of Broadcasters. They are designed to give national recognition to meritorious public service by broadcasters to perpetuate the memory of George Foster Peabody, benefactor and life trustee of the university.

Yesterday's selections were made by the national advisory board, individual members of which have made preliminary studies of programs in the various categories. The board also prepares a digest, with recommendations, for the University of Georgia faculty committee, based on a sifting of hundreds of entries which were submitted by stations throughout the country.

## Peabody Radio Awards

### Outstanding Reporting

"Award for outstanding reporting of the year goes unanimously to Charles Collingwood of CBS who, with the tools of inference, indignation and fact, has conveyed to us through the screen of censorship an understanding of the troublesome situation in North Africa.

### Entertainment in Drama

"Award for the outstanding entertainment in drama goes to the new program entitled 'The Man Behind the Gun' of Columbia Broadcasting System, brilliantly written by Ronald R. MacDougall and authentically produced by William Northrup Robson, for a timeliness, a racy dialogue and a vivid sound effect which intensify our appreciation of what the men in action are up against. (Recently went under sponsorship of Elgin Watch Co.)

### Entertainment in Music

"Award for outstanding entertainment in music goes to The Standard Symphony, NBC Pacific Coast Network. This is a program now in its 15th year which has performed the double service of bringing the world's great music to adult listeners along the Pacific Coast and of providing delightful programs of interpretation to 4,700 schools.

### Educational Programs

"Award for the outstanding educational program goes to Station WHA, Madison, Wisconsin, for its splendid series on natural science and conservation entitled 'Afield with Ranger Mac'. Originated by the Wisconsin School of the Air, able and accurately presented by Wakelin McNeel, chief of the Junior Forest Rangers, this series sets an example which should be widely followed.

### Public Service

"Award for outstanding public service by a local station goes to Station KOAC, Corvallis, Oregon, for the program 'Our Hidden Enemy—Venereal Diseases', which, in the words of the U. S. Surgeon-General 'has made a unique and valuable contribution....' These programs were prepared by Dr. Charles Baker, a leading syphologist, for the University of Kentucky. KOAC has the distinction of being the first to accept this courageous series.

"Award for outstanding public service by a regional station goes to Station WCHS, Charleston, West Virginia, on recommendation of the University of Georgia faculty committee, for the program 'The Home Front'—a twice-weekly feature which was created and maintained morale by providing authoritative answers to listener questions dealing with the most perplexing of public problems in a community at war.

"In making this award the Peabody board has been guided by the University of Georgia faculty committee on preliminary selections."

...broadcasts, Ohio State University; Mrs. Marjorie Peabody Waite, daughter of George Foster Peabody, president, "Yaddo" (artists and writers foundation, Saratoga Springs, N. Y.); Edward Weeks, editor, Atlantic Monthly, Boston, Massachusetts; Earl Glade, chairman, NAB code compliance committee, and Dr. S. V. Sanford, chancellor, University System of Georgia.

The first year of the Peabody awards, the winners were: Columbia Broadcasting System for networks; WLW, Cincinnati, for large stations; WGAR, Cleveland, for medium stations, and KFRU, Columbia, Missouri, for small stations. Elmer Davis, now OWI director, was the only individual cited the first year, and he for his "terse, incisive and impartial reporting of the news."

Last year the winner were Alfred Wallenstein and MBS for music; Chicago Roundtable of the Air and NBC for education; "Against the Storm" by Sandra Michael and John Gibbs and "The Bill of Rights" by Norman Corwin for drama; Cecil Brown and

CBS for reporting, and the International Shortwave Broadcasters for public service by individual stations.

This year the Peabody board members made a deliberate effort to recognize both stations and programs. "Disinterested and meritorious public service" and outstanding excellence were the basis of selection.

Peabody devoted much of his fortune to educational and social enterprises. His daughter, Mrs. Marjorie Peabody Waite, aided in establishing the awards and is a member of the board.

Problem of making BBC programs available at the time American broadcasters want them, will receive much attention from the new traffic department.

New traffic (Westbound) department setup here will be headed by Stephen Fry. Jack Hooley, who previously handled some traffic and publicity also, will devote himself exclusively to traffic now. Bob Wilson, formerly of WNEW's news room, and independent radio publicity man, has been named assistant publicity manager. Chief of publicity and public relations has not yet been named. Rhoda Magid has been moved up to a junior assistant in the New York Traffic Department.

### New Chicago Office Set

Bill Newton, formerly in charge of news and special events in New York for Eastbound traffic, has been designated to head the new Chicago office which will open within a month. Michael Barkway, who had been head of Empire News Department in the London headquarters of BBC before coming here about three months ago, will replace Newton in the New York setup.

BBC maintains offices also in Washington, D. C., and in San Francisco. New York remains the hub, however, in charge of both East and Westbound traffic.

Another function of the revised organization will be to provide closer cooperation with the War Department to service American troops abroad.

Heard over the entire Blue web, the "Blue News Room Review" will feature Major Gen Paul B. Malone, commentator; featured narrator Ann Holden, Edward J. Roderiques and Sutherland. It will be a 60-minute show, from 1-2 p.m. each afternoon. Other new programs to be worked into the schedule include "The Mystery Chef" and "Baby Institute" in the morning, "My True Story" and a to-be-announced daily show, with Art Linkletter, in the afternoon.

**Al Bland Leaves WCKY For Post With WMAL**

Cincinnati—Al Bland, WCKY production manager and veteran Cincinnati radio comedian, is leaving the L. B. Wilson station to become star of the early morning comedy show on WMAL, Washington, D. C. For the past six years Bland has been an outstanding radio figure both on the air and in production in Cincinnati. For several years and his brother Lee Bland, now with CBS in New York, wrote and produced early morning programs for WCKY.

**Began With WSAZ**

Bland's radio career began with WSAZ, Huntington, W. Va., in 1927. From there he went to WCMI, Ashland, Ky., and organized, for the station, studios in Ironton, Ohio. He left Ironton and went to WKRC, Cincinnati, where he launched the "Dawn Patrol." He has been with WCKY since 1939. Since the beginning of the war, Bland has been cited several times by various agencies for outstanding service in the war effort. He originated and handled the official Navy recruiting program in the area, "Navy Time," and also participated in numerous public service broadcasts for the armed forces and agencies which are aiding in the nation's war effort.

NEW PROGRAMS—IDEAS

WFIL Sports Show

WFIL, Philadelphia, has a new wrinkle on sports programs in the Tom Moorehead show which is to begin shortly. In three particulars Moorehead's show will differ from the usual sports program. Every night a colorful sports personality will be brought to the mike to give sports fans the inside story on the current activity in which he's engaged. Moorehead will feature "schoolboy" activities frequently, giving high school students the same opportunity to see their teams in the radio lime- light which collges and professional men have. Sport editors will be given credit on the air for particularly accurate comment or other special ac- tivity. Show will be heard three times weekly from 6:30-6:45 p.m.

KFEL "Madness"

"This Is Not Mutual, This Is Mad- ness" is the title disc-spinner Mac Switzer has given a new daily pro- gram which he conducts for use by participating sponsors on KFEL, Denver.

Program is an afternoon presenta- tion that is heard six days a week and is a combination of Morgan-like chatter and transcribed hit tunes. Although the commercials are an- nounced minus the wisecracks, the general tenor of the entire program is of fun.

WAPI's Hymn Time

Adhering to the belief that, dur- ing wartimes and other times of stress thinking people turn to God for guidance and comfort, WAPI, Birmingham, Ala., is airing "Hymn Time With Ponzi Pennington."

This religious program provides Birmingham radio listeners with sacred musical hymns and gospel songs. The station, in offering this religious type program, conforms to a precedent set by the city's church- goers since Birmingham "has the high- est percentage of Church and Sunday school attendance of any city its size in the country."

Ponzi Pennington emcees his own program and interjects bits of litera- ture, quotations and adages into the script between his vocal offerings. Clo McAlpin, station's staff organist accompanies Pennington on the organ.

"Sweet Music"

New Sunday p.m. show on KSTP, Minneapolis-St. Paul is "Stillicious Serenade," with Eenie, Meenie, Miney and Flo. Stint, sponsored by Choco- late Products, of Chicago, is aired at 5:30 p.m. quarter-hour and features two pianos and organ, with a femme vocalist. Leonard Leigh is organist; Alex Studer and Corinne Jordan are the pianists, and Flo Seidel is the singer.

WALB Case Adjourned Until April 5 By The FCC

(Washington Bureau, RADIO DAILY) Washington—The FCC has granted another continuance—and apparently the last—in the case of WALB, Al- bany, Ga., which seeks a license renewal, change of frequency, and permission to assign its license from the Herald Publishing Co. to the Herald Broadcasting Co.

Scheduled to resume here today, the hearing, which has already de- veloped sensational details concern- ing the connection with the station of Rep. E. E. Cox, chairman of the House committee to investigate the FCC set up as a result of his own resolution, has been adjourned until April 5. On that date it will resume in Atlanta.

The wording of yesterday's an- nouncement indicates that the Com- mission will refuse to grant any fur- ther continuance in the case, which has been marked by a number of requests for postponement during the past two months by the legal counsel of WALB.

## OCS In Definite Moves To Ease Battery Shortage

Washington Bureau, RADIO DAILY

Washington—Increased production of farm radio batteries is seen as the result of recommendations from the Office of Civilian Supply to the WPB Consumer Durable Goods Division, with the latter division now working on specific moves to step up manufacture. Consumers Durable Goods officials have been waging a determined fight for several weeks now to obtain a greater allotment of zinc, pointing out that considerable zinc is now in the hands of manufacturers but must be held for military demands.

Pointing to the importance of radio batteries, which has been strongly impressed upon the Division in recent weeks by members of Congress, the OCS and the WPB Radio Division, Consumers' Durable Goods battery officials are prepared to carry their fight to the very top of the WPB if they are unable to obtain what they need from the zinc section.

## Decca 1942 Earnings Shows Net Of \$806,143

Annual report of Decca Records, Inc. for the year ended December 31, 1942 showed a net profit of \$806,143 after all charges and provision for Federal Income taxes, compared with \$781,050 in 1941. Profit was realized from net sales amounting to \$10,075,028, an increase of \$1,856,883, or approximately 23 per cent over net sales of the previous year. The 1942 net profit is equivalent to \$2.08 per share on 388,325 shares of outstanding capital stock, compared with \$2.01 per share on the same number of shares outstanding in 1941. Current assets of the record firm totalled \$2,762,818 and current liabilities were \$1,533,233.

# Paley Reviews CBS Activities During Its First Year Of War

(Continued from Page 1)

in 1941. In the preliminary 1942 figures net income was estimated at \$4,100,000 or \$2.39 per share. Per share calculations for both periods are based on the 1,716,277 shares of \$2.50 par value stock outstanding.

Cash dividends paid during 1942 amounted to \$2,574,416, or \$1.50 per share, as compared with the dividends of \$3,432,554, or \$2.00 per share, paid during 1941. Undistributed profits of \$1,549,282 were added to earned surplus, increasing this account to \$13,423,877 as of January 2, 1943.

William S. Paley, President of CBS, Inc., in his annual report to stockholders, points out that last year the American people in their war interest benefitted for the first time from a unique partnership. This he describes as the team-work of a free press and a free radio with the cooperation of advertisers who re-pointed their own messages to the urgent projects of war.

As one example of this team-work, Paley states that during 1942 Columbia's shortwave listening post recorded, transcribed, and translated more than 30,000 broadcasts from 40 different points of the globe.

### War-Effort Shows

Paley also cites the joint efforts of Columbia, its advertisers and the leading talent of the industry, in devoting air time ordinarily used for commercial announcements entirely to war themes of vital importance. This assistance included aid to the Treasury, to the OWI, the OPA and to other divisions of the war administration for discussion of problems relating to war financing, price control, rationing, conservation and the like.

The whole field of the war effort was covered, as a result of which millions of Americans got a better understanding of the deeper issues of the war. Paley points out that the American people owe a great and real debt to scores of industries who participated in this work and thus enabled American broadcasting to demonstrate how its usefulness to our social and economic life in peace can become invaluable in war.

### Half On 24-Hour Schedule

"During the year," Paley reports, "four of Columbia's eight owned and operated stations went on a full 24-hour schedule daily, serving as 'key' monitor stations for the Army Fighter Command as part of an elaborate air raid defense system. An interesting by-product of this essential service is that many defense workers, for whom night has become day for the duration, enjoy entertainment which would not otherwise be available to them during the very early morning hours.

"The vital role of international shortwave broadcasting in wartime was thrown into focus by the developments of America's first year at war. The previous year had wit-

nessed a many-fold expansion in Columbia's shortwave activities; the crisis provoked by Pearl Harbor immediately placed this department of our activities on a full war basis. The total regular staff numbered 29 in 1941; by the end of 1942 it had grown to 125. In addition to this regular staff, CBS employed scores of actors, musicians, directors and news analysts on the special programs which were rebroadcast via long wave throughout Latin America over the member stations of Columbia's Latin American Network.

### Re Shortwave Leases

"At the request of the Government, on November 1, 1942 Columbia, together with other shortwave licensees, leased all of its shortwave broadcast time to the U. S. Office of War Information and the Coordinator of Inter-American Affairs. Separate program contracts were also signed with both of these Government agencies under which Columbia made available to them the full services of its shortwave department. Under this plan the Government now provides the basic strategy for our country's psychological warfare by international shortwave broadcast, while the actual execution of a large part of the program is performed by CBS.

"All of these contracts between CBS and the Government are on a cost basis without profit to Columbia. In addition CBS contributes without charge the full time services of our principal shortwave executives, the supervision of senior CBS executives, and our franchises with the member stations of our Latin American Network.

"On June 1, 1942, because of the heavy burden on depleted personnel and non-replaceable equipment imposed by a fifteen-hour schedule, CBS Television reduced its weekly broadcast schedule to four hours, with the approval of the Federal Communications Commission. Experimental development in the program department did not cease, but was of necessity limited in scope.

### Television Status

"Meanwhile, the engineering staff of CBS Television dedicated itself almost exclusively to special projects in war research. In April, the staff of our television laboratories began active participation in the development of equipment for certain phases of radio warfare for the Office of Scientific Research and Development. This project was initiated through the Radio Research Laboratories at Harvard University. To cope with the increasing amount of work required for the armed forces, the staff, space and equipment of the laboratories are being expanded.

"The experiences, skills and techniques developed in this field by the electronic engineers who are adapting them to the critical new problems of modern warfare are certain to play an important role in planning

the post-war development of television.

"Despite wartime difficulties, Columbia Recording Corp. has been able to maintain a very good record of sales and has further strengthened its competitive position. On April 1, the War Production Board limited the use of shellac by record manufacturers to 30 per cent of the amount used in the preceding year. In December, the supply of shellac record manufacture was completely cut off, but has since been restored to some degree. New substitutes for shellac, together with materials salvaged from old records, promise to help us substantially in meeting this situation. Although new music recordings ceased on August 1, because of the musicians' strike, production of records from previous recordings has continued at a high rate."

A WAR MESSAGE  
to  
**ALL EMPLOYERS**

★ From the United States Treasury Department ★

WINNING THIS WAR is going to take the mightiest effort America has ever made—in men, materials, and money!

An important part of the billions of dollars required to produce the planes, tanks, ships, and guns our Army and Navy need must come from the sale of Defense Bonds. Only by regular pay-day by pay-day investment of the American people can this be done.

Facing these facts, your Government needs, urgently, your cooperation with your employees in *immediately* enrolling them in

**A PAY-ROLL SAVINGS PLAN**

The voluntary Pay-Roll Savings Plan (approved by organized labor) provides for regular purchases by your employees of Defense Bonds through voluntary pay-roll allotments. All you do is hold the total funds authorized from pay-roll allotments in a separate account and deliver a Defense Bond to the employee

each time his allotments accumulate to an amount sufficient to purchase a Bond.

You are under no obligation, other than your own interest in the future of your country, to install the Plan after you and your employees have given it consideration.

**WHAT THE PAY-ROLL SAVINGS PLAN DOES**

1. It provides immediate cash now to produce the finest, deadliest fighting equipment an Army and Navy ever needed to win. 2. It gives every American wage earner the opportunity for financial participation in National Defense. 3. By storing up wages, it will reduce the current demand for consumer goods while they are scarce, thus retarding inflation. 4. It reduces the percentage of Defense financing that must be placed with banks, thus putting our emergency financing on a sounder basis. 5. It builds a reserve buying power for the post-war purchase of civilian goods to keep our factories running after the war. 6. It helps your employees provide for their future.

**T**HE "Sports Gallery" program, featuring France Laux, is now heard on KMOX at 6 p.m., Monday through Friday, instead of 10 p.m. KMOX will observe Laux' sixteenth anniversary as a sportscaster next week. Numerous special features have been arranged for airing on the celebration. One of the special broadcasts will be from the St. Louis Brown's training camp at Cape Girardeau, tomorrow night at 9:30 o'clock. A new musical program called "Starlight Serenade" and featuring Seth Greiner, pianist, and Freddie Begemann, tenor, is now heard Monday through Friday on KMOX at 10:30 p.m. Sponsor is Columbia Brewing Company.

For the first time in several months, Sammy Kaye and his orchestra will again be heard nightly on several networks, when the swing and swayers begin a three-weeks engagement at Frank Dailey's new ballroom in Newark, N. J., March 25. The orchestra will return to New York each Wednesday night during the engagement, for its cigaret-sponsored commercial aired over CBS at 8:00 p.m., EWT.

By popular vote of the class, two of radio's local favorites were special guests at graduation exercise of the Navy Yeoman's Training School in the Hotel Vendome Ballroom, Boston, on Friday, March 19th at 7 p.m. They are Hum and Strum, who are heard regularly over WBZ-WBZA, Boston.

WGST, Atlanta, Ga., has signed the L. N. Huff Optical Co. for a series of half-hour dramatic program currently being aired on Sunday evenings. Dramas, based on actual facts, are written and directed by Don Naylor, production manager of the station. Series is titled "The Voice of Vision" and consist of the story of the lives of famous scientists. Series has been contracted for one year.

The role of the American Negro on the production line in America's all-out war effort was the subject of a talk by William Agar, acting president of Freedom House, Saturday, over WICC-MBS, Bridgeport. Congressman Arthur G. Klein of New York also spoke on Saturday on the "Meat Shortage and some of its causes."

Arthur Hinet KYW, Philadelphia, organ virtuoso has organized a new studio sextette aired each Tuesday evening at 7:45. The new group will feature both popular and classical music. Hinet will do the solos while Sam Ambrosi at the harp, Broadus Erle and Ralph Schafer on the violins, Joseph Druian on the cello and Leonard Franz on the viola, round out the sextette.

Sam Levine, who handles the Lyon Tailoring Co. "Strikes and Sparer" broadcasts on WCLE, Cleveland, from 5:45-6 p.m. and the Mutual network "Ten Pin Topics" on WHK of the same city on Saturdays at 6:30 p.m., is undertaking a new field of endeavor. Levine broadcast the play-by-play description of the Professional Basketball Tournament conducted at the Public Auditorium in Cleveland on the night of March 20. Levine handled the entire broadcast unassisted. The new streamlined basketball game is a challenge to any announcer's ability. The game is fast, allowing no time outs after the making of a point. Game was aired on WHK from 10:15-11 p.m.

New voices at WMAZ, Macon: Lloyd Harris, formerly of WDAK, West Point; Frank Hubbs and Fred Kenney, who were cast with WAGA, Atlanta. Illness continues to hamper office work at WMAZ. Frances Taylor, bookkeeper, returned recently from two months off for operation; Rose Martin, receptionist, had to leave following day for six weeks at Daytona Beach and treatment of a hay fever-type ailment. Jimmie Bishop has been advanced from announcing staff to post of copy editor at WMAZ, Macon.

Home economist Mary Nell Kling of WSBA, York, Pa., will turn the tables on women's editor Saralee Deane when the latter leaves for officer training in the WAVES next week. A week of special recruiting programs on the "Don't Listen Men" hour, featuring WAAC and WAVE officers, will be climaxed by an interview with Miss Deane on Friday, when Mrs. Kling takes over the directing of women's programs on the York station. Ann Trippe, WSBA, continuity editor has accepted a script-writing job at WSB in Memphis. James Crist, formerly of WFMD, Hagerstown, Md., is new to the announcing staff of WSBA.

Sales staff of WPAR, Parkersburg, W. Va. has no worry over the manpower shortage. With the addition of Hazel Chapman to the staff, the outlet has a feminine sales department. Three charming ladies to carry the program to the advertiser, Mildred Chernoff, Frances Inslee, and Mrs. Chapman. Jim Austin is a new member of the WPAR program department. Newcomer is a recent graduate of Marietta College and is getting his radio debut at WPAR. He handles a regular announcing shift in addition to a commercial news spot.

Longest remote in the history of WGBR, Goldsboro was made Monday, March 15, when the station broadcast the launching of the Matthew T. Goldsboro from the Wilmington, N. C. Shipyards, 100 miles away. Airing, which was sponsored by the local Coca-Cola bottler, was handled by Dan Trueblood and Billy Haire from the station's staff. Transcriptions of the event were rebroadcast on Tuesday for listeners who may have missed the initial broadcast.

Terry Hobrecht has joined the continuity department of KROW, Oakland. He replaces Marian Edwards, resigned. KROW is broadcasting a Friday night show from the Lake Merritt Hotel in Oakland. The half-hour 10:30 p.m. program, titled "Who's What At the Merritt," presents interviews with the dancers.

A casual remark made by Alston Stevens, WFIL, Philadelphia, announcer, on his "Cash on the Line" program, to the effect that he was bored receiving nothing but plain post cards in his mail and would like some variety, resulted in a deluge of the varied type. Since he made the remark Stevens has received over 300 picture post cards, including two entire post card collections, one started 35 years ago.

Cedric Adams, news reporter on WCCO, Minneapolis, changed over from the sponsorship of Butternut Coffee to that of General Mills, "Wheaties" on March 22, for his "Noontime News," heard every day, Monday through Saturday. The shift of sponsors also involved a shift in time. Adams is now heard at 12:30 p.m.

The Alleghany Ordnance Plant, Cumberland, Md., in conjunction with the Kelly Springfield Company, has begun a series of 15-minute programs over WTBO, to acquaint the public with matters of interest concerning the activities of the plant insofar as is compatible with the necessity for military secrecy concerning some phases of operation. Aurelia S. Becker, WTBO general manager, has been appointed to the Alleghany Ordnance Plant Public Relations Committee formed to disseminate such information through various channels to the public. Peg Coulehan, whose program of news and notes for women has been a feature on TBO, for some four years, is vacationing in Palm Beach, Fla. Versatile Ina Lee Eichner, office manager-accountant of the station, is pinch-hitting for Miss Coulehan.

WDRG, Hartford, has instituted a new Saturday afternoon program of unannounced recorded dance music from 4 to 5 p.m., with a break at 4:30 for a five-minute newscast. Trend at station is toward unannounced musical shows wherever possible and there are about 10 different shows of this type now being aired.

New additions to the WOWO staff include Harold Stout, guit. Wanda Juanita Riehle, receipt and mail clerk; and Madge Ro continuity department. This marks return engagement to WOWO for Roemer, who, in 1933 and '34, a script which was heard three weekly on the Fort Wayne station was called the Rider Family, and one of the first "family" program to be aired. Paul E. Mills, manager, and Jack O'Mara, program manager of WOWO-WGL, Wayne, recently returned from a business trip to Chicago.

WBTM, Danville, fed Jimmy Scribner "Johnson Family" to the Mutual Network during his recent tour of Virginia. It has been hinted that Jimmy will return engagement in Lynchburg. They are being arranged for Lowell Thayer to make his coast-to-coast broadcast on Friday. Randolph Brambleton become continuity chief of WLVA; Carl Read is in charge of writing and editing women's scripts for all department sponsors. Edward A. Allen, president of the Tri-City Network of Virginia, WLVA is confined to his home with slight case of influenza.

## NBC Thesaurus Signs 10 Station Contracts

Ten new station contracts, headed by one calling for 195 programs in single series, have been signed and announced by the Syndicated Sales Department of NBC's Radio Recording Division. Highlighted was placed by KDAL, Duluth, Minn. for the City Water and Gas Co., covering 195 programs of "Betty and Bob."

Other new contracts included "Living for Freedom" with WBLK, Clarksville, W. Va., for Sinclair Oil Dealers with KTRH, Houston, Texas, for the Dairyland Ice Cream Co.; WTCM, Travers City, Mich., for Parsons Mfg. Co.; and with WJPM, Greenville, Miss., for the C. E. Jordan Furniture Co., the Crystal Grille, the Ayres Company and the Queen City Cleaners.

"Time Out with Ted Steele and Grace Albert," has been taken by the Howard C. Brown Co., Hollywood, Calif., for use in New Zealand. WJPM, Jamestown, New York, arranged for the use of 39 programs of "Let's Take a Look in Your Mirror" for Nelson Department Store.

Two new and two renewal contracts for "The Name You Will Remember" were consummated. WIOD, Miami, Fla., has renewed 39 programs of Sal-Fayne; and WBIG, Greensboro, N. C. renewed for an unnamed sponsor. The new contracts for "The Name You Will Remember" were received from WNBC, Hartford, Conn., and from WBBB, Burlington, N. C. Both of these contracts call for thirty programs.

### Reveille!

Yesterday's wee hours of the morning which brought a test air raid alarm to New York found Lois Lane excited because she was unable to get a cab to go to the CBS studio where her program "Reveille Sweetheart" is heard at 6:30 a.m. She left her script at the hotel and wound up ad libbing commercials, and with Jack Bourke, a one-hour show.

#### Starting Low

Minneapolis-St. Paul—Clellan Card, WCCO's gag announcer, filled in recently when power lines went dead by doing an additional 15-minute stint on which he said he would raffle off the general manager. Fifty calls resulted from the announcement with one woman saying, "Men are so scarce nowadays that I want to put a bid on the raffle of the general manager." She bid twenty-five cents.

Y., to sponsor the show Tuesday and Thursday on the Blue's New York outlet starting April 1. "Tracy" is heard Monday through Friday from 5:15 to 5:30 p.m., EWT. The children's program, a dramatization of the newspaper cartoon strip, has been sponsored by Tootsie Rolls on Monday, Wednesday and Friday on 31 Blue stations since March 15. It will be available for local sponsorship Monday through Friday on all stations of the Blue except on Monday, Wednesday and Friday, the 31 being used by Tootsie Rolls. On these 31 stations the program will be offered to local sponsors Tuesdays and Thursdays.

Fischer Baking will sponsor the show on WJZ for Fischer Enriched Buttercup Bread. Schech Advertising Agency, Newark, handles the Fischer account.

With "Dick Tracy," a total of six programs are now being offered to affiliates of the Blue on a local co-operative basis. They are: "Dick Tracy," "Counterspy," "The Mystery Chef," "Baukhage Talking," "Roy Porter-News" and "Martin Agronsky-News." "Counterspy" like "Dick Tracy," is also sponsored on a network basis. Mail Pouch Tobacco Company presents the half-hour program Monday on 61 stations, while it is available to local sponsors on all other Blue affiliates.

John G. Robb To Blue As Editorial Assistant

John C. Robb, specialist in Far Eastern affairs, has joined the news division of the Blue Network as an editorial assistant to G. W. "Johnny" Johnstone, director of news and special features. Robb has resigned as head of NBC International Division's news room in New York, a position he held for the past 15 months.

The new member of the Blue news staff spent 23 years in the Orient where he had extensive newspaper and general business experience. He has been associated with the Manila "Daily Bulletin," the American Chamber of Commerce Journal of Manila, and Reuter's News Service in the Philippines. His new book on the war with Japan will be published within the next few weeks.

In his new position, similar to that of Schuyler Patterson, who joined the Blue's news division several weeks ago, Robb will cooperate with Blue newscasters and commentators originating at the New York studios in the preparation of their script material.

# Op Plan For FM Given FCC Approval

(Continued from Page 1)

had to broadcast seven days a week. More than 60,000 people are expected to benefit by this plan. Philadelphia has an estimated 17,000 FM stations.

### Description of Plan

In conformity with Section 3261, FCC (Pennsylvania Broadcasting Co. W53PH (WFIL Broadcasting Co. W69PH (WCAU Broadcasting Co. and W73PH (Wm. Penn Broadcasting Co.) are now on the air with schedules for a minimum of six hours per day. Under the Commission's 90-day special waiver the four stations will be able to operate under a cooperative plan of broadcast rotation which will present one of the stations each day from 3:00 to 6:00 a.m. Each station will have one hour a day of the week for its program while remaining days will be filled by printed media will inform the listening public of the broadcast schedule to be maintained.

### Conservation a Factor

The necessity for conserving vital materials, electric power, libraries, transcriptions, and the use of depleted manpower, advanced as reasons for granting the waiver. The stations are planning to pool all their spare parts and equipment, which will be distributed to the station as the need arises. A committee of co-ordinators, composed of a representative of each station, is to supervise and co-ordinate the program of the stations so that the public may obtain the best possible program service under present conditions.

The service areas of the four stations do not coincide, all four of them cover Philadelphia and its immediate environs. One other FM station in addition to the petitioners, W57PH, is in the city.

# PROMOTION

### "Parade" Results

National Broadcasting Company has issued a 32-page illustrated brochure, titled, "Oyez! Oyez! Oyez! Indeed!" summarizing the scope, usage and overall results of the network's "Parade of Stars." The promotion piece, illustrated with humorous Burris sketches, recounts the steps taken by NBC in preparing publicity and promotional material to be used by affiliated stations in calling attention to the "Parade." Using figures supplied by the stations, the brochure reveals the nationwide acceptance of the campaign.

The pages list the stations that scheduled the "Parade" together with the clients and agencies which cooperated in making it an effective attention-caller to NBC's top ranking stars and features in which they appear. Samples of the numerous promotional pieces, including car cards, table cards, bill-boards, newspaper editorials, picture spreads, lobby displays and spot advertisements, are presented in color.

A chart, compiled to show the results of the campaign at a glance, reveals that 125 NBC stations allotted a total of 314 hours (nearly 20 full broadcasting days) to programs built for NBC's Parade of Stars. The total number of individual broadcasts, including full-time shows and spot announcements, was 7,566.

To prepare the Parade of Stars, according to the brochure, over 60 NBC stars cut records for a total of 21 shows and 1438 pressings of these recordings were then made to fill the records of participating stations.

Complete sets of these recordings, accompanied by scripts which permitted each station to use the material to build programs of different lengths,

### Benny To Extend Rest

Chicago—Because of conditions which doctors discovered were more serious than earlier diagnosis indicated, Jack Benny will be off the air for several weeks more. He will be permitted to leave his hotel room here this week and will go to Arizona for a rest. Meanwhile, Orson Welles will continue as Benny's substitute Sunday, March 28.

### WJR's "Sunday Afternoon"

"On Sunday Afternoon" is the title of a brochure recently issued by WJR, Detroit, and from it a set of bird tracks run diagonally to the bottom of the page where a wacky-looking bird is confronted by a large question mark. On the next page the bird appears again in the upper left hand corner, this time with boxing gloves on and the caption is "WJR Delivers a Sunday Punch." The folder concerns the mail response to single offer made at the re-broadcast of a Rickenbacker speech to supply copies of the address. A map and list of states show the amount of mail received. An enlarged map on the next page shows cities heard from in Michigan and adjacent states and the number of letters per radio home.

Point is brought out that speech was a re-broadcast and had been heard in same area the day before, and that there was large response from cities as much as 145 miles away. "And that our friends is...." says the bird at the bottom right hand corner, "Penetration!" (caption on last page). The back page contains a sales message on the value of Sunday afternoon broadcasting time as shown by the response to an announcement which had no build-up whatsoever.

were contained in an elaborate portfolio, together with samples of the promotional helps pictured in the brochure.

Six hundred special copies of "Oyez! Oyez! Oyez, Indeed!" have been individually inscribed for the stars, sponsors and agencies who cooperated in producing the Parade.

Ed Kirby, chief of Radio for the War Department's Bureau of Public Relations; Phillip Cohen, chief government Liaison Officer in the OWI; Stephen Fry, new BBC traffic manager in New York.

### BBC Increased Use

Since CBS, NBC and the Blue maintain a policy against the use of transcriptions on network service, Mutual has done most of the documentary broadcasting in this country. BBC has increased its use of the medium since the war, also. Both chains have held that the device is the best means of on the spot reporting of the war in view of censorship and the need for bringing reality to the public's attention.

It all happened when Jack McClaren, morning announcer, ran out of gasoline on his way to the studio at six a.m. Kroeck was aroused from bed and dashed to the studios to air the 7:30 a.m. news. Fifteen minutes before air time Kroeck discovered he had forgotten the studio keys in his haste. The nearest microphone available was at the KTMS transmitter, 11 miles away. The transmitter engineer reports that his boss arrived 15 seconds before air time—and the 7:30 a.m. news went on the air as usual, at 7:30 a.m.

See Industry Support Of Fly Administration

Washington Bureau, RADIO DAILY

Washington—Further evidence of the rallying of the broadcasting industry to the support of FCC Chairman Fly was seen in comments contained in the current issue of FM, news letter issued by FM Broadcasters, Inc. following closely upon the heels of the NAB invitation to Fly to address the Chicago convention of that organization. FM has the following to say, after explaining the reasons for and advantages from the recent FCC announcement that FM and television applications will be kept on file for the duration.

"The Federal Communications Commission, in our eyes, has some pretty astute people on its staff. If your local Congressman thinks differently you can dismiss it with the thought that some Congressmen will always be Congressmen and nobody can do anything about it but the dear voting public."

These two overtures to the Commission, along with the obvious difficulty the House Committee to investigate the FCC is having in obtaining manpower, seem to indicate that this particular investigation is not over-popular with the industry, it is believed here.

Case was heard in the Supreme Court of New York County.

**Percent Sets Sold In Quebec**

Quebec provides a market for approximately 19 per cent of the radios sold in the Dominion of Canada. Sales averaged 75,000 annually from 1939 to 1941. Last year, sales restrictions on production of sets, sales dropped off sharply. Those in Quebec, however, managed to maintain the same ratio of sales for years despite restrictions on production due to war-induced factors.

**NEW PROGRAMS—IDEAS**

**"The Busy Mr. Bingle"**

New comedy series to be aired over WIP, Philadelphia, is "The Busy Mr. Bingle." Continuity deals with the adventures, or rather misfortunes, of the main character, "Mr. Bingle", a bewildered little man who owns a pin company. A complete story will be told every week. Typical plot is the first story in which Mr. B. gets in trouble with the government over a large order of pins. Priorities prohibit the order until a wackwit inventor produces a machine that accepts vegetables in one end and spits out plastic pins at the other. Everything is fine until a government man accidentally drops a pin into a glass of water!

Show written and directed by John Cinn, will be heard every Saturday from 7:30-8 p.m. Cast includes John Brown, Ethel Owen, Jackson Beck and Elizabeth Morgan.

**Soldiers' Letters**

"Letters from the Fighting Front" is a new program added to the weekly schedule of WPAR, Parkersburg, W. Va. Sponsored by the W. Va. Paint Co., the program brings to the listeners, letters from the men overseas on the fighting fronts of the world. A specially recorded sound effects disk opens the show, letters and music make up the balance of the half-hour. The letters, of course, are given an additional censoring before they are read over the air. The program is receiving much support from listeners who send letters to the station or take them to the sponsor's store.

**Dolly de Milhau Named WINS Publicity Director**

Dolly de Milhau has been appointed director of publicity of WINS, New York. It has been announced by Cecil H. Hackett, managing director. Miss de Milhau was formerly publicity director of the Stork Club and prior to that was connected with the radio department of Young & Rubicam.

William F. Carley has been appointed director of promotion and news at WINS. He formerly was promotion director of WMCA, New York, and prior to that was promotion and publicity director of WBT, Charlotte, N. C.

**New CBC Series**

Toronto—Eminent Canadian artist Lawren Harris will be heard this month in a series of talks on "Art and Life." Broadcasting from Vancouver, Harris will speak over CBC's National Network, beginning Wednesday, March 31, at 7:45 p.m., EDT, 8:45 p.m., ADT, and on subsequent Wednesdays at the same time. "Science and Art" will be his first subject, and succeeding broadcasts will deal with "Art and Democracy," "Philosophy and Art," "The Artist's Point of View," "Canadian Art" and "Canada and the Arts."

**"Keep 'Em Healthy"**

With the nation depending more and more upon the farmers' output to help feed the nation and its allies, Ed Mason, director of the WLW, Cincinnati, farm department, announces a series of programs, that will be presented on the station's "Farm Hour" called "Keep 'Em Healthy," that will aid farmers in their fight to maintain production levels set by the administration.

The series will present timely suggestions on maintenance of livestock and poultry health in wartime. The series was prompted by the frequency of disease and parasite outbreaks among livestock herds and poultry flocks. The WLW farm department will have the opportunity to present authorities on animal health on the series through the cooperation of the Middle Western State Veterinary Medical Associations.

**Thumbnail Sketches**

Thumbnail sketches of famous war personalities make up the theme of a new series launched on KMOX, St. Louis, heard each Sunday at 1:55 p.m. Charles Barnhart, head of the station's continuity department, is writing the new program, which is read by Lambert Kaiman, announcer. Sponsored by the St. Louis Union Trust Company, the series has been called, "These Are The Men." Each is a dramatic study of the men directing the nation's military operations. General Dwight Davis Eisenhower, American Commander-in-Chief in North Africa, was the subject of the first broadcast.

**Youngest Network Artist Signed For MBS Program**

Pharmaco Company, for Choose, will sponsor a new quarter-hour show on 33 West Coast Mutual stations, featuring Bobby Hookey, five year old "Rocking Horse Rhythm" singer who has been guesting on NBC's Sunday morning "Olivio" program. Juve's show will air 10:45-11 p.m. Other Mutual stations taking the new program on a sustaining basis will substitute war bond appeals for the commercials. Title of the new Pharmaco program will be "Rocking Horse Rhythms."

**Southernaires Booked**

The Southernaires, radio, concert and recording quartet, have been extensively booked by the NCAC for concert appearances in April. Their engagements are as follows: April 2, Chicago; 3, Clinton, Iowa; 5, Ishpeming, Mich.; 11, Fort Wayne, Ind.; 12, North Manchester, Ind.; 13, Peru, Ind.; 16, Muskogee, Okla.; 18, Oklahoma City; 21, Fort Worth; 22, Dallas; 23, Port Arthur; 26, Harlingen and 29, Beaumont, Texas. Their Blue Network Sunday programs will originate as follows: April 4 and 11, WENR-WLS, Chicago; 18, KTOK, Oklahoma City; 25, KXYZ, Houston.

**AGENCIES**

**RUSSELL R. CLEVINGER**, a vice-president of Albert Frank-Guenther Law Inc., who has been on a year's leave of absence in Washington during which he first served the United States Treasury as a consultant and later the FCC as director of information, has joined the public relations department of N. W. Ayer & Son, Inc. in New York. The agency also has announced that Granville E. Toogood has been elected vice-president and assistant to the president.

**WARD WHEELOCK AGENCY** has appointed the Douglas Whitney publicity office to handle the publicity for the Campbell Soup—Milton Berle radio program broadcast Wednesday nights via CBS.

(Continued from Page 1)

broadcast in Pawtucket, R. I., the audience bought \$504,000 worth of bonds to see the show. A Buffalo, N. Y., audience last Saturday, added \$811,725 to the previous total.

Reports from Cincinnati, where the NBC quiz program appears April 3, under the sponsorship of Procter & Gamble, forecast sales in that city well over the two million mark.

The tour will last four months, concluding in Hollywood. On that time, it is expected that the goal of \$20,000,000 in War Bond sales will be exceeded.

**Field To WABC Sales**

John (Jack) Field, Jr., former sales manager of WPTF, Raleigh, North Carolina, joins CBS as a member of the WABC sales department, Arthur Hull Hayes, general manager of WABC, Columbia's New York City outlet, announced yesterday.

Prior to his affiliation with WPTF, Field was associated with Free, Johns and Field, radio representatives, and Scott Howe Bowen.

Field comes to the WABC sales March 29. He replaces Schuyler Ensell who resigned from the network to join John Blair & Co., radio representatives.

in the code. Trade session will determine whether or not anything else could or should be done at this time.

With AFRA's not accepting the counter-proposal, and if the trade makes no other offers, the code will run until November, when the union will start negotiations for renewal of contract and logically, demand an increase.

Trade has not received any official letter from AFRA, stating that the 5 per cent was not acceptable. However, in a personal chat between a trade exec and union representative, AFRA's stand was made known. Union's decision is consensus of its local and national boards which have been polled on this issue just as they had been polled on the negotiations for increase in the sustaining and commercial (live) codes. Several e. t. reps reported that AFRA's not accepting the 5 per cent at this time was more or less anticipated, execs having gained that impression upon concluding the meeting with the union representatives couple of weeks ago.

### Union Long Opposed

Long range point of view on part of AFRA is basic in its present stand, union having long been known to oppose any great disparity between its live and transcription rates. Local and national officers have long felt that wide differences in live and mechanical rates would place members in competition with themselves. Plight of musicians, and the present difficulties between the AFM and the recording companies have served to strengthen the union's caution in seeking protection against mechanical inroads.

### Wm. Prince With Helen Hayes

William Prince, who plays the male lead in "Eve of St. Mark," will appear opposite Helen Hayes in "Human Document," on the Red Cross program, "That They Might Live," Sunday, March 28, at 12:30 p.m., EWT.

## Stork News

Thurston Holmes of WPEN, Philadelphia, became the father of a daughter, Susan Walker Holmes, March 13. Mother and baby are doing well at the Jefferson Hospital, Philadelphia.

Henry Grossman, eastern division operations engineer of CBS, is the father of a boy born this week to Mrs. Grossman and named Douglas.

Barbara Ann Ashby, weight 7½ pounds, was born March 20 to Mr. and Mrs. John Lee Ashby of Kalamazoo, Mich. Ashby is the son of A. L. Ashby, vice-president and general counsel of NBC.

## WORDS AND MUSIC

By HERMAN PINCUS

OPENING the stack of mail on this scribbler's desk this Spring morning, it must have been chance or our secretary's intuition which placed Al Bernard's letter on top... for the contents of that fine artist's letter rates 'on top' and therefore will lead today's column... Al, whose entertaining "Minstrels" have delighted listeners on both the NBC and CBS networks for years, has been devoting most of his time to writing songs and he included in his friendly wordage, the lyrics of his latest "Quit Singing Those Ration Blues" which, coming on the heels of the swell national reception, accorded our own slogan (which was NBC Coast-to-coast last Sunday on the "Washington Reports" show) 'Be A Rational National', seemed to us well-timed and appropriate... therefore, with Al's permission, we reprint the chorus of his song which he wrote in collaboration with Clarence Stout...

They rationed my coffee, cut down on my meat,  
Rationed my sugar and shoes on my feet,

But I ain't a-squawkin', we got Hitler to beat.

QUIT SINGIN' THOSE RATION BLUES;

They rationed my rubber and gas for my tank.

Uncle Sam needs it, we got him to thank

That we have our freedom, let's back up our Yanks.

QUIT SINGIN' THOSE RATION BLUES;

When I take a look-in my ration book

And find that my points are all gone,

I just smile and grin and stick out my chin

Tighten my belt and carry on.

Whatever they cut down we must back our pals

A cheap price for freedom, keeps up our morale

Remember the fox-holes at Guadalcanal

QUIT SINGIN' THOSE RATION BLUES.

Approximately 10,000 notes go into the arrangement of an average piece of popular music that plays for about 2 and a half minutes... no we didn't count them but merely took the word of Claude Garreau, arranger for CBS' "Gay Nineties Revue" and the Al Jolson-Monty Woolley shows... Claude, whose musical background runs from the three classical B's... Bach, Beethoven and Brahms, to those three modern B's... blues, barrel-house and boogie-woogie, first started his musical career, at the age of sixteen, when he took a job as pianist in a nickelodeon movie house in his home town of Jersey City... after several seasons, ad-libbing (musically-speaking) up and down the continent from Ottawa to Panama City, Garreau in 1920 picked up a few musicians, called his band "the Serenaders" and settled down in a dance spot in Coney Island in competition with the "Memphis Five" headed by a young fellow named Artie Shaw and another quintette directed by two brothers, Tommy and Jimmy Dorsey... While directing the orchestra on a vaudeville tour, he met, wooed and married Martha Llewellyn Long, pretty soubrette of the stage, and both settled down to domesticity in Teaneck, N. J. In 1922 he studied theory, counterpoint and instrumentation at the Walter Damrosch Institute and later, while on the staff of Leo Feist, Inc., made arrangements for headliners of the day, namely Van & Schenck, Healy & Cross, the Watson Sisters and the 1,000 lbs. of Harmony... in 1929 he joined the musical staff at CBS where he has been ever since, doing the arrangements for programs that included "Majestic Hour," "Pick & Pat's Minstrel Days" and earlier commercials for Mark Warnow, Al Goodman and Freddie Rich orchestras... The Garreaus have three children, Claude, Jr., 24, now in the army, Edward, 18, and Garth 14... the former used to sing with Bob Allen's band and the other two seem to be interested in anything else but music.

## MBS Plans Increase In War-Effort Time

(Continued from Page 1)

February accounting for 111 programs or almost 51 hours of war effort broadcasts. These figures, which cover only sustaining programs produced in cooperation with a United States Government agency, do not include the numerous commercial and sustaining announcements broadcast to the various networks by government.

### U. S. Navy Leads

A further analysis of Opfinger report shows that the U. S. Navy received more broadcast time than any other single agency, chalking up a total of 67 programs for this 1-month period. The U. S. Treasury received 16 special programs. General war-effort programs, including special talks by heads of various government departments, were broadcast to Mutual listeners on 89 programs covering 39 hours.

"We consider it one of our major tasks to keep Americans properly informed about the war effort," said Opfinger. "An informed people can best do its war job. With the continued cooperation of the various government departments, Mutual tends to do everything possible to help bring vital information to the American people."

## KFQD Power Increased; WPID Suspends April

Washington Bureau, RADIO DAILY  
Washington—The FCC yesterday granted permission to KFQD, Anchorage, Alaska, to install a new transmitter and increase its power to one kilowatt. Approval was also given for transfer of the license from the Anchorage Radio Club to William Wagner.

A Commission spokesman made plain that granting this power boost and permission to install a new transmitter does not mean that the general policy on new construction which the FCC has followed for nearly a year now has been altered. But, he pointed out, the Commission has always reserved the right to consider each case on its individual merits.

WPID, Petersburg, Va., will suspend operations on April 1, it was announced yesterday because "war conditions have made it impossible to continue operating and offer acceptable service." The station, owned by the Petersburg Newspaper Corporation, began operations in June, 1940. "Greatest obstacle to continued operation," the announcement said, "is the impossibility of obtaining competent personnel." Since it went on the air it has had three managers, five sales managers, 16 engineers and 29 program and clerical personnel—a total of 54 persons, most of the turnover having occurred in the last 12 months.

Studio and transmitter will be maintained intact, and the licensee will apply for renewal after the war.

## OWI Reiterates Stand On Talent Deferment

(Continued from Page 1)

outs of that type had been made in the past three months, the appeal having been entered into adoption of the new policy. The new policy follows the President's proclamation banning deferment for government workers.

The text of the Davis statement is:

### Patriotism Not Questioned

The Office of War Information in a recent request for the deferment of leading radio stars because they are also serving as consultants to the government in helping us to develop the means of using radio programs to disseminate war information and to help us to enlist the services of our radio stars and programs. The needs for war and the need for talent men have become so acute that a period of three months now has not been requesting such deferments and will not do so in the future.

There can be no question of the patriotism of the nation's entertainers. They will not be called to military service because of physical disqualification and for other reasons. I am sure that these who remain in civilian life will continue to render the valuable service they have in the past in recruitment of troops, in selling war bonds and in helping us to extend any war programs to the public of this war, as in the last time of America's actors and artists, the armed forces and in civilian life, will rank with the best."

### Eight Stars

The eight stars referred to were Bob Carroll Peary, Freeman Gosden, John Bergen, Red Skelton, Ozzie Nelson, Lanny Ross and Kyser.

They also replied to Congressional inquiries that OWI has asked draft deferment for several hundred of its employees.

In reply to the implication that the numbers of OWI men have been reduced from military service, they said "OWI has consistently refused to request deferment except in the case of men whose special skills are irreplaceable. Only 46 employees have been deferred upon request for occupational reasons and for the most part there are technicians and linguists needed in work to foreign countries. These requests are for six months or less. In addition, we have pending 46 other requests made under the regulations prescribed for government workers."

### 1,237 Men Draft Eligible

There are 1,237 men in OWI between the ages of 18 and 37. Most of them are still in Class 3-A for lack of dependency. Some are in Class 1-B having been rejected by the War Relocation Authority for physical reasons some are awaiting induction.

In defense of the loyalty of these men, they have energetically to oppose the suggestion that there is some lack of patriotic about men serving the government before they have

## NBC 1943-44 Symphony Plans Include Toscanini - Stokowski

(Continued from Page 1)

Maestro Toscanini's sixth full season with the orchestra that was organized for his return from semi-retirement in 1937. For Stokowski, it will be three consecutive seasons on the NBC podium.

"Music is a major heading in the public service which broadcasting performs today," said Trammell, "In wartime, it is more important than ever, playing a vital part in the nation's morale, in addition to filling its customary cultural and entertainment roles."

### Shostakovich Seventh a Highspot

"Continuing under the inspiring leadership of Toscanini and Stokowski, the NBC Symphony is assured of maintaining the high standards to which listeners have become accustomed through six years of broadcasting, concert and recording achievement."

The announcement of Toscanini-Stokowski direction this season again aroused considerable interest. The NBC symphony series, ending April 11, had several noteworthy highspots. Toscanini's opening program in November, featuring the Gershwin jazz classic, "Rhapsody in Blue," won response from music lovers everywhere, and the rendition last January of Verdi's "Hymn of Nations," a musical protest against dictators, literally made front page news. Toscanini's pre-season special concert featuring the Western Hemisphere

premiere of Shostakovich's Seventh Symphony is still remembered as a highmark in broadcasting and musicianship.

Stokowski won acclaim for his scheduling of works of great modern composers. The Stravinsky, Hindemith and Milhaud symphonies earned widespread critical attention and the American premiere of Prokofiev's cantata, "Alexander Nevsky," was an additional contribution to a schedule of novel highlights.

American composers received attention in two Toscanini all-American programs—the first in his lengthy career—and Stokowski, too, gave native composers a sizeable share of his schedule.

### Same Time Scheduled

The 1943-44 season will continue to utilize the established Sunday afternoon spot of 5-6 p.m., EWT, which, on the basis of listener response this season, has proved to be the most popular listening time in the orchestra's six years of existence.

Toscanini will conduct the first six concerts, October 31 through December 5; Stokowski will direct 12 consecutive programs, December 12 through February 27, and Toscanini will return for his additional six broadcasts on March 5, concluding the season on April 9.

## Senate Approves Bill To Kill Salary Ceiling

(Continued from Page 1)

House and Senate, during which it is hoped a version satisfactory to both chambers will be evolved.

Opinion here is to the effect that a Presidential veto of the bill is possible but unlikely because of the great need for the major provisions of the measure, which raises the national debt limit from 125 to 210 billion dollars. Even in the event of a Presidential veto it appears that Congress could muster the necessary strength to override the veto of the Chief Executive.

## OPA Issues Warning Re Tube Repairing

Washington Bureau, RADIO DAILY

Washington—Any store or repair shop which refuses to sell tubes except to a customer who brings in his radio and pays a service charge is violating the General Maximum Price Regulation unless that practice was customary with the store or shop in March 1942, the Office of Price Administration stated on Monday. Warning is result of investigation of instances brought to attention of OPA where prospective buyers of radio tubes have been compelled to go to extra expense and inconvenience because stores would not sell tubes otherwise.

## "Baby Institute" Show Bought By H. J. Heinz Co.

Starting April 5, on the Blue Network, as a test promotion for its line of baby foods, H. J. Heinz Company will sponsor "The Baby Institute." The program, broadcast Monday through Friday from 10:30 to 10:45 a.m., EWT, will be sponsored on 25 stations. Maxon, Inc., placed the account. "The Baby Institute" fits in the category of a public service program since it aims to give advice to young mothers on the care and raising of infants and pre-school children. Talks on various phases of child care are presented by experts in this field. Heinz commercials will be of an institutional nature with the idea of keeping the name before the public while its baby foods are being rationed.

## Admiral Hooper Retires

Admiral S. C. Hooper, known as the "Father of the U. S. Navy Radio" since he became the first Radio Officer of the U. S. Fleet in 1912, has retired from active service. He plans to act as counsellor to radio and electronic manufacturers.

He has been called by selective service. Many of these men have left higher paying peace-time jobs to come and do more essential work for the government. They have no reason to expect immunity from the draft."

**A**N ANTI-GREMLIN campaign has been interwoven into an OWI campaign over KIRO, Seattle, on the early morning Time Klock Klub. Each morning Norman Runions, chairman of the Klub, broadcasts the latest discoveries in the ever-increasing Gremlin Family, such as the "work-ono," who tries to keep women out of war industries and the "appliance-bolus," who is careless with valuable electrical appliances. Dorothy Shaftner and continuity editor Al Amundson, originators of the campaign, plan to enlarge their scope beyond the early morning show in an effort to abolish the imps who are doing their utmost to curtail war production.

War or not, Milwaukee advertisers are going ahead with their advertising campaigns over the Milwaukee "Journal's" FM station W55M. Recently the station signed two new contracts, one with Schuster's Department Store, which plans to increase their air time to such an extent that they will use more commercial radio time than used by any other FM station in the country. The other contract was signed by the Robert A. Johnston Company.

E. E. Hill, managing director of WTAG, Worcester, and Herbert L. Krueger, commercial manager, back at the station after a business trip to New York... Judy Canova, hillbilly comedienne of stage, screen, and radio, is scheduled for an appearance on WTAG's "Stars in the Spotlight".... "Uncle Sam," OWI series aired on the station daily at 6:30 p.m., is beginning to receive fan mail from interested listeners.

Abe Lyman, producer of Jewish programs at WBNX, N. Y., sold \$35,000 in war bonds at rally conducted by Odessa Sisterhood at Central Plaza, New York. Lyman was accompanied by troupe of WBNX entertainers.

Mary Tortorich, singer on WWL, New Orleans, stepped into the limelight when a cold forced Lucy Monroe to cancel an appearance on Million Dollar Bond Day which superseded the usual Mardi Gras festivities in New Orleans this year. She sang with Lanny Ross for the Bond-buyers who thronged historic Canal Street in the Crescent City. Sales mounted to \$1,500,000.

The Zion Lutheran Church is presenting a series of Lenten Meditations over WSRR, Stamford, Friday evenings from 8:30 to 9:00.

Al Clauser's Oklahoma Outlaws, one of radio's oldest western bands, is now doubling in aluminum by becoming war workers. The outfit, heard daily over KTUL, Tulsa, from 6:00 to 6:45 a.m., is now employed by the Spartan Aircraft Company building planes. The work the band is doing meets with the approval of the station's new general manager, John Esau, who is also a 1st Lt. in the C. A. P.

WGBR, Goldsboro, is now devoting nearly ten hours weekly to programs of the newly organized radio division of the special service section at Seymour Johnson Field. Programs include news, variety, quiz, and other types of soldier entertainment from Goldsboro's Technical Training Command of the Air Force.

A check for \$31,276.39 was turned over by Jerry Hockstra, war program manager of KMOX, St. Louis, to the Infantile Paralysis Committee for St. Louis as the result of the third annual Mile O' Dimes drive sponsored jointly by the station and the St. Louis "Globe-Democrat." The amount represents three and a half miles of dimes and almost doubled last year's total return of \$15,792. In 1941, the year of the first Mile O' Dimes drive, \$14,400 was received.

WCBI, Columbus, Miss., has been selected as one of the stations to carry the new Sinclair Oil Refining Company Mutual series, featuring Arthur Hale. The program will be aired Tuesday, Thursday and Saturday at 6:45 p.m., CWT. Starting April 1, the station will also carry the Kellogg series, "Superman."

William S. Cherry, Jr., president of WPRO, Providence, has announced the appointment of George H. Jaspert to the position of commercial manager. Jaspert is a pioneer in the radio business, his early experience dating from the inauguration of broadcasting by the Westinghouse Company in 1920. He later became manager of WBZ-WBZA with headquarters in Boston, which position he occupied for a period of six years. More recently he was, for a period of two and one-half years, commercial manager of WTAG in Worcester.

A recent visit paid by Program Manager Walter Haase of WDRC, Hartford, to Paul White and the CBS "World Today" program was commented on this week by Art McGinley, Hartford "Times" columnist. McGinley explained how White handles the "World Today" nightly feature, and his off-the-record conversations with correspondents overseas before and after they go on the air.

Edward Hale, assistant merchandising director, in charge of field operations for WLW, Cincinnati, has just returned from a trip covering the large cities in the WLW area. Hale put in motion plans by which the large wholesalers in the area will furnish station's field representatives with information on substitute items that come onto the market as a result of the war, which information will be passed to retailers affected. The field representatives will aid the merchants in the solution of problems arising in connection with these so-called "war babies."

If the studios at KPO, San Francisco, soon start to sound like the Tower of Babel, the reason will be that now girls are being trained in sound effect engineering, to replace the boys who are constantly leaving for the armed forces. War Finance Committee will be inaugurated April 1. And S. Vratiss, station's sales manager, is a member of the Missoula County Scrap Salvage Committee in charge of salvaging cans. Current drive is promoted by station with the cooperation of the grocer's association, and local beverage bottlers.

## Asks Trade 'Coordination With Productions Of OWI'

Washington Bureau, RADIO DAILY  
Washington—Complete elimination of all production by the OWI has been urged by Representative William Ditter, Pennsylvania Republican. War information should be "coordinated" by Elmer Davis, said, with the distribution directed by trade committees in the radio, film, newspaper and magazine industries.

Promising that he will carry his plan to the floor of Congress, Ditter said that the OWI should "go out of the field of producing radio programs, movies and magazines and leave that to those who know how." He suggested that OWI ask NAB and MPPDA, among others, to draft committees of their outstanding executives to cooperate with the government and direct the war information program.

Ditter said that trying to find a man of experience from the radio or motion picture field in the OWI was like trying to find an Eskimo in Tunisia. "Instead, every bright young man who ever thought he could edit a better newspaper than Greeley, or thought DeMille was a piker, now has his chance. And he doesn't have to worry about competitive costs because Uncle Sam gets the bill."

Obviously referring to the OWI transcribed "Uncle Sam" series, Ditter said government agencies should not be allowed to produce at government expense programs for commercial sponsorship. This series may be sold by individual stations.

## "On The House"!

To gather some public reaction to its "Transatlantic Call: People of the People," BBC has a tie-up with NBC tours. Visitors may listen to the ET playbacks mid dainty sandwiches and coffee in BBC's studios. Guests are unaware that their comments, later, are recorded for the vast listening audience to hear, but few say "no" to the hand that feeds them.

### Municipal FM

Trial broadcasts of New York City's own FM station were inaugurated this week, with daily airings from 2 p.m. to 5 p.m., and from 7 to 8:15 p.m., EWT on the FM range of 43.9 megacycles with the identity of W39NY. City also operates its own AM station, WNYC. During broadcasts, station is soliciting response from listeners on quality of reception.

## Canada's Postal Tax Will Hurt Radio Mail

Toronto—The new one-cent postal tax, effective in Canada on April 1 as a war measure, is expected to have a retarding effect on the mail from radio fans to sponsors, artists and broadcasting stations—for a few months at least until opposition wears off. The increase in postage on local and outside letters, airmail and special delivery matter is being studied by studio managers and program directors with a view to the temporary

By JAC WILLEN

WARWICK & LEGLER, agency producing the new Groucho Marx show, have held their initial program preview at KNX, studio C, yesterday, 9-9:30 p.m., PWT, with studios open to an audience.

Joan Davis' performance in Universal Studio's "He's My Guy," brought her top notices in the trade press reviews.

KFFA, Helena, Arkansas, joins the group of Mutual affiliated stations effective April 1.

San Francisco, which spot was Horace Heidt's radio beginning, has the welcome mat out for him and his "Treasure Chest" orchestra. They return to San Francisco for two radio shows, March 23 and 30, and will sandwich in a week's theater engagement in Oakland and another in San Francisco.

Sid Strotz, Coast head of NBC, Lew Frost, and John McDonald, NBC executive in from the East Coast, return to Hollywood this week from a northern swing of NBC stations.

BBD&O's "Why Judy Splinters" new radio show featuring Shirley Dinsdale and her "talking doll," should do big business at the listening end of the radio sets. New half-hour dramatic show with musical bridges, organized by Jack Smalley and George Gruskin, with Harry Kronman on the writing end, should hit the airplanes shortly under the sponsorship of an eastern corporation, deal for which is now pending.

Pauline Drake, who plays "Bessie" on "The Great Gildersleeve," has been signed for the leads opposite Edgar Kennedy in the RKO comedy series in which the "slow-burn" comic stars.

Bill Forman, KMPC program director, has taken over announcing duties on the Music Box, 9:30 p.m., six times a week, and the Sunday "Off The Record" pop show, 10:30 a.m. to 1 p.m., replacing George Irwin, who now is with a war agency.

Forman has been with KMPC as program director for over a year. He was formerly with WGAR, Cleveland, in the same capacity, where he also produced and conducted several CBS shows, including the Saturday Cleveland Symphony program and Wings Over Jordan, 32-voice choir show.

## Toronto's Ball Club Seeking Radio Sponsor

Toronto—With arrangements well under way for the 1943 season by the Toronto Baseball Club in the International League, it has been learned that difficulty has been encountered in the securing of a commercial sponsor for play-by-play broadcasts of home games, war conditions being the reason. Last year a downtown restaurant chain was responsible for the radio end of local baseball but the situation has become increasingly difficult. There has been a rumor that this will be the last year for Toronto in the International duration.

## NEW PROGRAMS—IDEAS

### KOKO Music Series

The dramatic story behind the works of the great composers of music is the theme of a new series of music appreciation programs being presented as a public service feature over KGKO, Fort Worth and Dallas, currently. The Dallas Junior League and the Music Education Department of the Dallas Public Schools are collaborating in the preparation of the programs, titled "Up and Down the Scales." Each of the programs consists of the typical works of a composer and the background material incident to the writing of the music. Transcriptions from the KGKO library are used.

Mozart, Chopin, Stephen Foster, Bach, Paderewski, and Edward MacDowell are the musicians whose works will be presented. Music classes in the seventy-five music rooms of the elementary and the junior high schools and the parents at home are the groups to whom the programs are directed. Presented each Thursday afternoon, 2:15 p.m., CWT. KGKO, Fort Worth and Dallas.

### FCC Draft-Eligible Men 40% Deferred, Says Fly

Washington Bureau, RADIO DAILY

Washington—Deferment for almost 40 per cent of FCC's draft age employees was admitted yesterday by Chairman James Lawrence Fly appearing before the House Military Affairs sub-committee investigating deferments in government agencies.

In addition to 391 deferments obtained by Commission, Fly admitted other employees, upon their own representations to local draft officials that their work is essential, have been given 3-B classifications.

Of the Commission's 2,099 employees, 1,082 are males, of whom 1,035 are between 18 and 37. Included among the 391 for whom occupation deferment has been obtained by the Commission were 159 single men. Fly said:

"The demand for technicians such as those for whom we have requested deferments is so great we can't get enough to fill the positions we have open now, it is a critical situation."

Asked what the Commission has done to obtain men over 39 for its shortwave listening posts, Fly insisted that keen hearing is so necessary in these jobs that it is practically impossible for a man 40 or older to fill any of them satisfactorily.

### April War Writer's Board Script

New Orleans, La.—"The Spirit of the Navy," written by Dr. Alfred J. Bonomo for his program "University Time" on WWL of this city has been selected by the Writers' War Board as one of its four "Scripts of the Month" for April. The script will be distributed among all the stations of the country.

### Spiritual Shows

Two new evening programs have been added to the schedule of WBT, Charlotte, N. C. First, titled "Onward Christian Soldiers" (Tuesdays 9:45-10 p.m.), consists of sacred music by a choir of twenty-six trained voices, under the direction of James Christian Phoff, Director of Music at Davidson and Queens Colleges. According to Charles Crutchfield, WBT program director, the program is designed with particular thought for the present world-wide need of spiritual awakening, and choral numbers by the choir will be selected for their qualities of inspirational devotion and patriotism. The broadcasts will be produced by Adele McCarty.

The second series, "Davidson College on the Air" (Thursdays, 9:45-10 p.m.), is a similar type of program by the Davidson College 30-piece concert band, the DC Glee Club of 25 voices, and the 35-piece Davidson symphony orchestra. These groups will alternate on the programs. Kay Owsley is the producer for this series.

### Thompson Named Director Of NAB's Fifth District

Washington Bureau, RADIO DAILY

Washington—Roy F. Thompson, general manager, WFBG, Altoona, Pa., was unanimously elected director of NAB's Fifth District, succeeding Isaac D. Levy, WCAU, Philadelphia, at the Fifth District meeting in the Quaker City. Thompson will assume his directorship at the NAB war conference in Chicago, April 26-29.

The Pennsylvania Broadcasters' Association, meeting in conjunction with the NAB district, moved to elect Thompson as its president for a one-year term. NAB and PBA heads will be the same for the duration.

### Speakers Heard

Speakers at the meeting included: (for NAB) C. E. Arney, Jr., secretary-treasurer, on the War Conference Plan; Carl Haverlin, BMI, on the Progress and Condition of BMI, and Lewis H. Avery, director of broadcast advertising, on the Retail Promotion Committee's Plan.

Other speakers were: Commander Joseph L. Tinney, USN, 4th Naval District Public Relations Officer, and Howard Browning, OWI regional director.

Following is a list of those in attendance: James Aull, KYW; H. A. Seville, WJEJ; David H. Rosenblum, WISR; George E. Joy, WRAC; Edward D. Clery, WIBG; J. C. Tully, WJAC; A. C. Baltimore, WBRE; Dr. Leon Levy, WCAU; Isaac D. Levy, WCAU; Clifford M. Chafey, WEEU; Raymond A. Gaul, WRAW; Melvin Lahr, WKOK; B. A. Beck, WKOK; Charles Stahl, WDAS; Roger W. Clipp, WFIL; Clair R. CHARLES E. HIRE, engineer WCAU, Philadelphia, was recently inducted into the Army.

### Repair Parts Production Seen As Vital Necessity

Washington—Stimulation of production of radio repair parts came in the nick of time, it appears from local conditions here. Tube parts shortages, as well as manpower difficulties have meant backlogs running into months for local repair shops while only a few miles away, Baltimore, needed tubes and other parts are almost impossible to obtain.

J. S. Bartlett, managing director of the Electric Institute, said inability to obtain equipment and loss of manpower will mean the closing of at least 25 per cent of the city's repair shops by the end of the year, while another repair man reports that his shop has had to turn down as many as 200 calls on a single day.

### Almonte's 16th Anniversary

Juan deJara Almonte, assistant President Niles Trammell of NBC, celebrates his sixteenth year with the network this month.

WDEL; C. G. Moss, WKBO; Benedict Gimbel, WIP; Arthur Simon, WPEA; George D. Coleman, WGBI; Alexander W. Dannenbaum, WDAS; Kenneth W. Stowman, USN; Paul Karnes, AP-Radio, and Burton Talbot, OWI.

## OWI Lauds Co-Op. Between Trade, OWI

(Continued from Page 1)  
 Domestic Radio Bureau and cooperative arrangements set up between it and the industry, the OWI declared:

One of the principal activities of the Domestic Radio Bureau of OWI is to be established by furnishing information on established radio programs. Beginning over a year ago, working advisory committees from the industry were established to guide and aid this work. These include: the Station Advisory Committee of representatives of such industry organizations as the National Association of Broadcasters, the National Independent Broadcasters, the Clear Channel Broadcasters, and others; the Network Advisory Committee of program managers from the major networks; the Regional Consultants Committee of leading radio owners in all sections of the country; the Advertising Council radio committees in New York, Chicago and Hollywood, and the talent committee of radio artists on networks.

**\$1,000,000 In Time and Talent**  
 A system has been established for the orderly use of the time and talent available by the radio industry and the use of radio programs. Through cooperative operation, nearly \$90,000,000 of radio time and talent have been made available for war purposes at little cost to the Government.

As an integral part of this program, "fact sheets" and background information are furnished regularly to radio owners and producers of commercial radio shows to be used in the same way as they most effectively can. The only production and writing department of OWI concerns the writing of one 15-minute program on the 30-minute program on the 15-minute recorded series used principally at the request of radio stations who do not have one-time spot announcements a week on their stations. This is done with the aid of six writers."

It is noted that Ditter had not taken the trouble to find out what OWI was doing before making his charges, and said the Congressman apparently thinks there should be no OWI. It is a matter for the Congress to decide, he said.

## Fishermen's Rites on Blue Network Sunday

The annual Fishermen's Festival, a colorful religious service in which thousands of Northwest fishermen receive divine blessing for a good catch and their last good-byes and bid adieu to the halibut fishing season, will be carried over the Blue Network on Sunday, March 28, from 7:30 p. m., EWT. The traditional service, to originate from historic First Lutheran Church, will be conducted by Pastor Haavik. It will include a speech by Governor B. Langlie, of Washington, and singing of sea chanteys by a male chorus.

# PROMOTION

## CBS House Organ

The first general house organ released by the Columbia Broadcasting System, Issue No. 1 of "485," was circulated March 23, to approximately 1170 persons employed in the network's headquarters in New York City. Editor of "485" is Marion Stevens, member of CBS' Press Information Department.

"485" a bi-monthly publication, is designed to bring news to Columbia personnel of their fellow workers, in addition to acquainting them with the operations of the different departments within the network.

CBS' first venture in the house organ field was "Under Control" which was edited by the network's engineering department and contained mostly news of that department. It was published for one year and discontinued in 1932.

## WLIB Folder

WLIB, Brooklyn, is sending out an institutional folder designed to show the station's development in the advertising field during the first ten months of the station's existence.

The single page folder, done in black and white, emphasizes that, "There can only be one reason" why time buyers are using WLIB as an advertising media, and as the promotion points out that is a blend of music, classic and modern, and the news which "reach a responsive market that NONE of our contemporaries consistently serve."

Included in the opening section of the folder is a list of advertisers. The inner section of the promotion contains three offset letters from station clients expressing their satisfaction with the work done for their products by the station.

## GE Net Profit Down; Stromberg Earnings Up

Two more radio manufacturing companies have just released their annual statements, Stromberg-Carlson Telephone Company and General Electric Company. Three others reported last week. (RADIO DAILY March 16). They were Zenith Radio Corp., Westinghouse Electric & Manufacturing Co. and Stewart-Warner Corporation.

### Stromberg Declares Regular Dividend

Stromberg-Carlson listed for 1942, a consolidated net profit of \$534,053 after deductions of \$1,950,000 for estimated income and excess profits taxes (first reduced by a \$190,000 war refund credit) and \$200,000 provision for contingencies. In 1941 the company earned a net profit of \$470,073, after deducting \$710,000 for estimated income and excess profits taxes, and \$100,000 provisions for contingencies. Statement covers the Canadian company, results of operations over WHAM, Rochester, N. Y. and profits on sales to regular customers with returns on contracts for military equipment. A dividend of 50 cents a share was paid, again, in December, 1942, as had been paid in 1941.

Net income reported by GE for 1942 is \$45,081,458 compared with \$57,197,499 of 1941. New business booked during 1942 is 77 per cent greater than that of 1941, figure coming to \$2,003,039,023. As of December 31, 1942, number of GE stockholders reached an all time high with a total of 221,608.

### Shortwave Spanish Music

New York—Carlos Montoya, well known Spanish guitarist, is giving weekly recitals of Spanish and Latin American music over short-wave stations WNBI, WBOS, WGEA, WGEO and WRUW. His recitals from NBC studios in Radio City will be beamed to Latin American each Thursday at 8:15 p. m., EWT and repeated at 1:30 a. m. the following morning.

## House, Senate Agree On Salary Ceiling Bill

Washington Bureau, RADIO DAILY

Washington—The House yesterday passed the conference report on the bill to raise the national debt limit from 125 to 210 billion dollars, including the Senate version of Section 4, which completely nullifies the President's order limiting salaries to \$25,000 net per year. The Senate had stricken the Disney amendment—providing for the pegging of high salaries at their Pearl Harbor level and removing control from salaries amounting to less than \$25,000 net—only Tuesday.

### Senate Action This Week

The conference result—acceptance of the Senate version, which specifically strikes out the President's order and provides that salaries may not be ordered below prevailing rates for similar work between January 1 and September 15 of last year—required so little argument that Disney announced to the House early yesterday afternoon that he would submit the report as soon as the opportunity presented itself. The opportunity came late in the afternoon and a 2-1 vote was speedily registered on the measure.

The Senate is expected to take similar action later this week—a mere formality, since it will merely repeat its vote of Tuesday.

## KPO Adds 2 Clients

San Francisco—Two new accounts and one renewal have just been announced for KPO's "Woman's Magazine of the Air," a daily variety feature. Additions were Knox Gelatine, plugging gelatine as a butter stretcher, thirteen weeks; and Kenyu Kelite Products' new product which "cleans with chemistry," five days a week, for thirteen weeks. For Pure Food's Herb-Ox, daily plugs will be aired.

In addition, the program is sponsored five days a week by the Pan-American Coffee Bureau.

local education authorities, are allowed for professional appearances when, in the discretion of educational authorities, such participation will not interfere with the health, education or morals of the children concerned. Permits are eligible for up to six months.

New York City is permitted to delegate granting of the permits to any department or official it may choose. This last amendment is expected to remove the only barrier to the bill's becoming law, as broadcasters are in favor of the bill. Senator William H. Hampton has the Senate companion bill.

### Libel Bill Advances

Senator Duryea's bill providing that a person who makes orally or through another person by radio broadcast a statement about another person which, if published in writing, would be libel, shall be deemed to have made and published a libel, was reported out of codes committee and is on third reading in the Senate.

## Russey WDAK Manager

West Point, Ga.—Valley Broadcasting Co. operating WDAK, of this city has announced the appointment of Harold Russey as station manager. Russey replaces J. Herbert Orr, who has left the station to take up his duties as a commissioned officer in the Army of the United States. The new manager comes to WDAK with over nine years experience in the radio field, having joined WNRA in Muscle Shoals, Alabama as announcer on its opening in the fall of 1933. He since has been connected with Alabama, Georgia and Tennessee stations as announcer, operator, program and traffic director. Russey resigned the post of program director of WLAG in La Grange, Georgia to assume his new duties.

## Wedding Bells

Chicago—Wauhullau La Hay, radio editor of the Chicago "Sun" and former woman's columnist for WCKY, Cincinnati, was married to John J. Wildberg, New York lawyer and theatrical producer, Monday night. The ceremony was performed by the Rev. Dr. Leonard Bowman in the chapel of the Westminster Presbyterian Church.

The bride is the daughter of Mrs. Joseph La Hay, of Muskogee, Okla., and the late Mr. La Hay.

Bill Markwalder, WOWO-WGL, Fort Wayne, engineer recently announced his marriage to Winifred Gearhart, of Fort Wayne.

Announcer Bill Lang, of KCMO, Kansas City, Mo., was married last week to Jane Trow of North Dakota.

Mildred Bailey, state woman's feature editor is scheduled to give a piano recital on "America Music through the Years" before Gardner, Mass., College Club.

## House To Investigate Grade Labelling Plans

Washington Bureau, RADIO DAILY  
Washington—The House Committee has decided to investigate the grade labelling plans of WPB and OPA, after hearing Charles Halleck, Republican, of Indiana charge that grade labelling "threat to the nation's domestic economy." Halleck has been in his denunciation of grade labelling for several weeks now, seeing in plan a threat to freedom of the press and an attempt to "take over" public opinion media supported by advertising dollars.

The plan, said Halleck, is "a product of a school of thought which holds that advertising is a parasite on economy. The feeling, for instance that we should have just cigarettes—not Camels, Lucky Strikes and others—or only motor oil, and no Mobil, Kendall, Texaco, etc."

So far only about half a dozen products have been ordered labelled as to grade. Regulations do not in any way preclude use of the established trade mark. It is likely that most other canned and processed food will be subject to grade labelling regulations soon, as OPA officials have indicated that they have in intention of backing down on the plans. They point out, however, that grade labelling is as much a protection of the trade mark for post-war competitive purposes as it is a deterrent on present advertising.

nounced by the FCC. Renewal of the license to the Georgia School of Technology has been held up pending assurance to the Commission that the station will actually be operated by the applicant.

In its decision, the Commission declared that while the present operating agreement with Southern Broadcasting Stations, Inc., contains language purporting to give the licensee control over WGST operations, actual duties and responsibilities with respect to this station have been assumed by Southern Broadcasting Stations, Inc., "to the almost complete exclusion of the station licensee. The Georgia School of Technology, as the licensee of WGST, has failed to assume the responsibilities and to discharge the duties of the licensee of a radio broadcasting station as required by the Communications Act of 1934, as amended, and the Commission's rules and regulations. This failure," said the Commission, "to comply with the provisions of the Communications Act of 1934, as amended, and the Commission's rules and regulations, has been due in some measure to misunderstanding and lack of knowledge rather than to bad faith on the part of the licensee."

"Under the present circumstances, the license cannot be renewed. However, no useful purpose would be serviced by refusing to renew the license under any and all conditions. Moreover, a continuation of the program service of station WGST under proper management will serve the public interest, convenience and necessity."

The Commission will consider renewal. It is given assurance that the applicant is prepared to "and will in fact assume and discharge the full responsibility of a licensee."

slaughter and distribution of meat products. Lewis' plan called for the elimination of quotas on packers and the complete lifting of consumer price ceilings so that meat could flow normally to the various sources of demand.

Brown told Lewis that he was in favor of the entire program and would recommend the lifting of the quota restrictions, but would prefer to keep price ceilings in effect until the rest of the program had been tested out.

Lewis had advanced his plan in his regular broadcasts on the network and had contended that these restrictions could be lifted on April 1, when the new meat rationing program goes into effect, without any undue rise in consumer prices. He also stated that meat rationing, by itself, controls prices and limits consumption, which is the only purpose of all the restrictions now in effect.

our plans to strengthen our daytime schedule are practically completed."

In regard to the daytime schedules, the Blue, according to Kobak, has completed a 5000-personal-interview survey of such listening in 77 cities and towns and it is believed their ideas will help in the new daytime setup.

Kobak pointed out that in 1942 some 39 new stations joined the network and with the exception of five outlets which replaced former affiliates, the rest are giving clients coverage in important markets never touched before by the Blue. Eight of the 39 new outlets joined the network during 1943.

In a letter being sent to the trade, Kobak further lists improvements of a constructive nature, mentioning the war-effort. In the letter, Kobak is listing the various new programs and affiliates, along with other pertinent data.

day, at the Hotel Roosevelt. They also spoke briefly on the recent session of the sales managers in New York, declaring that they are "anxious to cooperate with the program managers committee to improve commercial programs, reduce mortality of advertised programs and develop new advertising ideas for commercial sponsorship."

### Small Station Problem Tabled

There also was discussion on a possible central correlation and distribution outlet for important program news and policy information. The small stations problem also was discussed for further discussion. A resolution adopted read as follows:

Whereas, Neville Miller and other officials of the National Association of Broadcasters have called this meeting of program managers in Washington, D. C., with the statement that programming is one of the most vital responsibilities of the radio industry; therefore, be it resolved, that a Program Managers Executive Committee be continued as one of the permanent committees of the National Association of Broadcasters;

That it be the purpose of this committee to cooperate with and augment the work of the other National Association of Broadcasters committees in furthering high standards; That we express our sincere appreciation for the admirable leadership exemplified by the Code Committee of the National Association of Broadcasters, and,

That time be allotted to the program managers at the National Association of Broadcasters war conference for a discussion of problems arising from programming under war conditions."

Discussion of recent complaints against radio programming described as "plug-uglies" resulted in the rejection of these attacks. Obviously referring to charges made in recent months by politicians regarding the alleged unfairness of radio, the committee agreed that the attacks "have been personal in nature, not founded on a knowledge of the medium and substantiated by a convincing expression from the general public."

At yesterday's luncheon, closing the meeting, Lt. Col. Ed M. Kirby, former NAB public relations director and now head of the Radio Section of the Army's Bureau of Public Relations, spoke briefly, as did Earl Glade, chairman of the NAB code committee. Kirby advised the program managers that "hospital interviews with apulatory (movable) casualties may be cleared locally since March 15. Reports bearing immediately on a specific citation may be given, without clearance, together with facts about the individuals personal life, the officer on his own release."

Glade pleaded for sympathetic handling by announcement of all quality interviews.

# ★ PROMOTION ★

### WDRS Campaign

To overcome the lack of newspaper radio columns in the Hartford area, WDRS, recently launched a promotional campaign to publicize, one by one, the leading CBS shows. The presentation of the campaign is continuous, in that, each day a network show is selected and during the day of its presentation it is plugged on all available spots with short announcements.

On the day a guest star appears the star is emphasized on the announcements. To alter the routine on some days, he entire CBS schedule is highlighted.

### WOWO-WGL Display Cases

New display cases have been constructed in the downstairs corridor of the WOWO-WGL studios in Fort Wayne. The cases, which are 10½ feet long and 2 feet high, are set into the north wall, and are lighted by fluorescent bulbs. They are each fronted by two sliding glass panels

### Forest Conservation

In cooperation with the American Forest Products Industries the "Funny Money Man" programs in over 50 cities have launched a campaign to teach forest conservation.

The programs which are heard daily will teach ways to avoid forest fires. And instead of the usual knickknacks, the "Funny Money Man" will buy only wooden objects during the campaign. The American Forest Products Industries have supplied each station with extra cash prizes, as well as a grand prize. The final winner in each station will be awarded a seedling pine tree.

The campaign was arranged by Allen A. Funt, syndicators of the radio program and comic strip, with the cooperation of the M. L. Lee Company, public relations counselors for the American Forest Products Industries.

to facilitate changing the displays, which consist of special 11 x 14 portraits of network and local stars.

### Classical Disks Sent To Men At Camp Pickett

The lack of classical recordings at Camp Pickett, Va., has been overcome by the prompt action of announcer Ben Grauer and other Radio City announcers. Grauer, at the request of Technical Sergeant, Bob Waldrop, former Blue Network announcer, for the classical recordings contacted other members of profession to fulfill the need. The request was not only filled but single discs and albums were pyramided to make an impressive shipment of transcribed music.

Capt. Frank Pellegrin, War Department; Eugene Carr and J. Harold Ryan, Office of Censorship; Earl Gammons, CBS; Frank Russell, NBC and Phillip Cohen, William B. Lewis, Douglas Meservey and Don Stauffer of the OWI.

Members of the new Program Managers Executive Committee, appointed by Neville Miller for the next year, include William Adams, WCHS, Charleston; J. Robert DeHaven, WTCN, Minneapolis; Harold Fair, WHO, Des Moines; Robert L. Kennett, WHAS, Louisville; Robert Landry, CBS, New York; Clarence Menser, NBC, New York; Herbert C. Rice, WGR, Buffalo; Ray Shannon, KQV, Pittsburgh, and Tod Williams, WSPD, Toledo.

Wednesday, first day of the meeting was featured by an exhaustive discussion of the duties of program directors and their status within the industry, with general agreement that betterment of that status should be an objective. Miller delivered the opening address, and was followed by Glade.

### Neville Miller Approves Joint OWI-Trade Effort

Washington Bureau, RADIO DAILY  
Washington — Tacit approval of Elmer Davis' statement of Wednesday regarding OWI cooperation with the industry was given yesterday by NAB President Neville Miller. Davis, replying to charges by representative J. William Ditter that OWI should concentrate on coordination and aid to the various media rather than on production, pointed out that is exactly what the agency is doing. Miller, asked for comment, said he had nothing to add to Davis' statement.

Harlow of BMI reported on the BMI program directors' meeting.

At lunch the group was joined by Martin Wickett, program director for WJSV; Jack Edmunds, of WMAL; Carleton Smith and George Wheeler, of WRC, and Norman Reed of WWDC, all local member stations.

Willard Egolf, who earlier had led a discussion of the public relations job of the program managers, with particular reference to the pressure from local groups for pet campaigns and pet topics, introduced Paul Peter, NAB director of research, who lead a discussion of program trends following the luncheon. The meeting then covered such matters as current complaints on programming methods by which program directors can be aided in working with commercial and sustaining shows and war programs, small station problems, cooperation with sales directors, value of program awards and a general discussion of program problems arising as a result of the war.

Considerable discussion of Roy Harlow's paper on program directors was held. Harlow called for skill in all broadcast fields.

pared by Dr. L. D. H. Weld, director of Research, McCann-Erickson, Inc., for the current issue of Printers' Ink.

Dr. Weld estimates the total advertising investment for 1942 at \$1,820,000,000 or a drop of \$100,000,000 from 1941. Newspapers were off nearly 5 per cent, winding up with an estimated \$580,000,000. Magazine dropped 6.1 per cent. Direct Mail showed a loss of \$20,000,000. Farm papers were off \$1,000,000, but are showing a surprising increase this year.

### Media Itemized

The advertising bill for 1942, as estimated by Dr. Weld is as follows:

Newspapers	\$580,000,000
Direct Mail	205,000,000
Radio	218,000,000
Magazines	170,000,000
Outdoor	53,000,000
Trade and Business Papers	60,000,000
Farm Papers	15,000,000
Miscellaneous	100,000,000
<b>Total</b>	<b>\$1,820,000,000</b>

Article also traces the swells in advertising, pointing out that it had reached its peak in 1929, dropped until 1934, climbed again in 1937 only to fall off again in 1938. It resumed an upward trend in 1939.

both shows. The two programs ordinarily follow each other from separate studios, and Templeton is making this guest appearance on "Lower Basin Street" in tribute to the fact that the show is giving its last Wednesday sustaining broadcast before it goes commercial beginning Sunday, April 4. Templeton will feature a bit of mimicry titled, "Boake Carter Makes With the Jingle Jangle Jingle."

Radio's last double-feature bill came when Phil Baker and Fred Allen teamed their shows on WABC to form the "Star Theater Or Leave It."

Templeton is sponsored by Schenley Import Corp. for Dubonnet and the "Basin Street," recently acquired sponsor is the Andrew Jergens Co.

Los Angeles

By JAC WILLEN

HIS twentieth year in radio will soon be celebrated by Billy Mills, (May) jolly musical director of the "Fibber McGee and Molly" program. Editors and commentators of the "Don Lee Newsreel Theater of the Air" are pretty proud of their recent "box office reports." A survey taken a few days ago gives the hour eight-part news program second place out of four network programs checked between 2 and 3 p.m., PWT.

Dick Joy and his wife and family off to Palm Springs for a few days' rest, on doctors orders. Joy, aside from his CBS newscasting chores, announces the "Those We Love" broadcasts, and is scheduled to announce the new "Blue Ribbon Town" airer which debuts soon.

Dinah Shore, leading lady of the song waves, was mistress of ceremonies for the second time on her recent fifteenth "Command Performance" appearance.

William Shipper, former radio broker, joined the Universal Microphone Company as supervisor of its microphone war production department.

KHJ-Don Lee has added many new faces these last few days including Bill Green, newspaperman, formerly with the Spokesmen Review in Spokane, Wash., who has joined the KHJ news staff under Lew Mawhinney, editor-in-chief at the studio; Carmer Milsteen replaced Elaine Butz Spurier as secretary to David Young, KHJ production chief, with Mrs. Spurier now secretary in the Don Lee executive offices, and Irene Stanley, added to the new commercial department, headed by John A. Stewart.

Wanna trade? Jack Mather, the Riggs show announcer, is willing to swap his trick horse for two healthy young heifers.

Rochester, Jack Benny's radio manservant, has just started work in a new picture for Columbia Studios—making one of the few times he has appeared before the cameras without "the boss."

"Arkansas Traveler" Bob Burns' oldest son, Robin, Jr., a private in the Air Corps, came home last weekend on leave only to find himself back in training. Dad started giving him a marksmanship lesson.

"Blondie" (Penny Singleton) is now commuting to her Monday broadcasts by electric train from La Jolla, a hundred miles south of Hollywood, where she and her husband, Capt. Bob Sparks, U.S.M.C., have taken temporary residence—meeting one another "half-way"—while he is training marines near San Diego.

 today by the Rev. James J. Lynch,  
 director of the Division of Finance of  
 the New York Catholic Charities,  
 over WHN, N. Y., from 10:15-10:30  
 p.m., EWT. The 1943 Fund Appeal  
 of the N. Y. Catholic Charities, cur-  
 rently running, will conclude the  
 week of April 4 with an intensive  
 canvass of the 375 parishes of the  
 Archdiocese.

**FCC Denies KDYL Plea**

Washington—The FCC adopted pro-  
 posed findings denying without pre-  
 judice the application of KDYL, Salt  
 Lake City, a power boost from five  
 to 10 kilowatts, frequency shift from  
 1,320 to 880 kilocycles and antenna  
 and transmitter changes. Conclusions  
 were based upon the equipment freeze  
 order of last April.

**Kate Smith In Guest Spot**

Kate Smith will interview wounded  
 soldiers at Halloran Hospital, Staten  
 Island, as guest on "We, the People"  
 over CBS network at 7:30 on Sunday  
 evening.

**Servel Signs Billie Burke  
 For New Series On CBS**

Servel Inc. has announced that it  
 will launch its second campaign over  
 CBS beginning April 3. Using insti-  
 tutional copy, Servel will sponsor  
 "Fashions in Rations" with Billie  
 Burke as mistress of ceremonies.  
 Broadcast Saturdays from 11:30-12:00  
 noon, "Fashions in Rations" will be  
 heard over 68 stations of the network.

The new CBS Servel program is  
 designed to explain and clarify war-  
 time food problems confronting the  
 American housewife. In addition to  
 presenting food facts and kitchen  
 hints, it will include a food communi-  
 que direct from government agencies  
 in Washington; a question-and-answer  
 forum on food conducted by Alice  
 White, home volunteer adviser and  
 humorous sketches dramatizing the  
 plight of Mrs. Housewife in 1943.  
 Each week, an award of a \$25 war  
 bond will be made to the housewife  
 who has solved a difficult food or  
 rationing problem in a unique way.  
 BBD&O handles the account.

**House Committee Okays  
 Plan For Grade Labeling**

Washington Bureau, **RADIO DAILY**  
 Washington—The House Rules Com-  
 mittee yesterday approved the inves-  
 tigation of OPA's grade labeling plans,  
 voted last week by the Interstate and  
 Foreign Commerce Committee. An  
 appropriation of \$10,000 for the study  
 was approved. A vote by the full  
 house is looked for next week, with  
 approval likely.

This action has been opposed by  
 Charles Halleck of Indiana, Republi-  
 can, who sees in the grade labeling  
 plans a plot to strike at freedom of  
 the press through attacking adver-  
 tising.

### Robt. Bell To WABC

Robert Bell has joined CBS as a production man for the WABC all-night programs. He replaces Robert Marks who has been called for active duty with the Signal Corps of the United States Army. Marks joined CBS in October, 1941 and is a former production manager for the network's television department. He was assigned to the WABC all-night production staff when priorities curtailed CBS's television programs.

Prior to coming to CBS, Bell did acting on WHN and was on the announcing and directing staff of WBBC. He shares the production duties on the all-night programs with William Barrett.

## Stork News

Atlanta—Lorin Myers, assistant sales manager of WSB, Atlanta, has announced the birth of a daughter, Lorraine. Before she was two days old, the young lady had already been the subject of three radio plugs—two on local shows and one on the "People Are Funny" show. The latter was occasioned when Lorin, appointed to give away \$50 in Atlanta, chose another 2-day-old father.

The stork has been quite active at WLW, WSAI, Cincinnati. In the space of a short time ART YOUNG, field survey engineer, became the father of a boy, while DON L. HOGE and JOHN BRILL, studio and remote engineers are celebrating the arrival of baby daughters.

Charles Drock, control room engineer at WIP, Philadelphia, is passing out cigars to celebrate the birth of his son.

## WORDS AND MUSIC

By HERMAN PINCUS

A FEW YEARS AGO, Al Hoffman (we forget the name of his collaborator) wrote a song called "That's What I Call Sweet Music".... If he was referring to Sigmund Romberg's extensive musical works, then we say 'Amen'.... but just in case he didn't have "Siggy's" compositions in mind, we'll just have to borrow that title to express our opinion of the S.P.A. (Songwriters Protective Association) Prexy's listenable works.... which explains why, we'll stay tuned-in to NBC Sunday, April 4, at 10 p.m. when Phil Spitalny's "Hour of Charm" serenades us with such Romberg tunes as "Lover Come Back To Me," "When I Grow Too Old To Dream," "Softly As a Morning Sunrise," "Deep In My Heart" and "Song of Love".... oft times, this grizzly old ticker waxes sentimental and when it does we're a "sucker" for sweet music.

★ ★ ★

Several weeks ago (this column appears to swing towards the past) we stopped for a chat with Ben Bornstein.... Ben played us a recording of guitarist Leonard W. Ware's new tune "Gid Dap Mule".... we reported in a subsequent column our enthusiasm for its swell 'morale-building' theme but what we want to bring out is this.... before leaving Bornstein that day, we advised him to send the song together with the recording to the U. S. Dept. of Agriculture.... Ben stopped us yesterday to show us the results of his taking our advice.... the entire lyric of the song was reproduced in that agency's booklet, 'Farm Mobilization Information Calendar' which is sent to every farmer in the country.

★ ★ ★

Radiology: Joe Rines, Blue Network Pilot, tells the one about the broken-down musician who waylays him each morning with hat in hand.... the other ayem, when Rines spied the mendicant holding two hats, he inquired about the additional hat and was told, "business is so good that I opened up another branch".... Associated Music Publishers will soon pop out with a new trade motto "Ad Musicae Perpetuitatem," which utilizes the initials of that firm name and to which, every music lover will say, "Amen.".... Nat Burton, who authored the inspiring lyrics to "White Cliffs of Dover" and the words of two current hits, "My Dream of Tomorrow" and "Harbor of Dream Boats," has written the first of the war songs dedicated to Mothers of Men in Service and Gold Star Mothers.... the song, "Show Your Medals, Mother Malone," is published by Leeds Music and will be introduced soon by Kate Smith or Dinah Shore.... Irene Winston, Blue Network vocalovely, and Tom Bennett have collabbed on a far-from-abrupt-titled-ditty, "Ho Hum Here I Come, What's the Use, I'm on the Loose Again Blues".... Alma Kitchell, featured on the Blue Network, "Meet Your Neighbor," has the honor of being the first star to be photographed with the new Prop 'Blue Network Mike' which just arrived at Earl Mullin's office and of which he's as proud as a '24-hour-old papa'.... Tony Wolfson, NBC information clerk, did a rendition of his own song on the Garry Moore show and the result was a job, singing at a station down in North Carolina.

★ ★ ★

The story of how Reese Taylor, "Dr. Reginald Parsons" of the NBC program "Road of Life," got his first break as an actor bears a moral.... When, after graduating from High School, the lad went into a theatrical producer's office looking for a job, the office boy, took one look, ejaculated, "You're just the type," brought the startled job-seeker into the inner sanctum-sanctorum, where Taylor was signed to a contract.... from then on he took his talents from the stage to radio in 1932 (when he enacted the role of Clark Gable in a dramatization of that actor's life) back to the stage and again returning to radio where he stayed.... the moral, of course, being "always be nice to the office boy".... true he might only be just someone's son, but then again he might be like the office boy in this item.

## Egolf Answers Professor Who Charged "Coddling"

Replying to an attack carried in the press last week, consisting of a statement by Professor Leon Kravitz of Northwestern University, that a large number of draft rejections are a reflection of "coddling" of the nation's youth by automobiles, movies, and the radio, Willard D. Egolf, assistant to NAB President New C. Miller, wrote Professor Kravitz speaking "generally, rather than specifically on behalf of radio." Part of Egolf's letter follows:

"Selective Service Headquarters in Washington state that rejections during World War I reached approximately 40 per cent also. At that time we had no radio and fewer automobiles and movies. In addition the draft age was between 18 and 31 only.

"Further Selective Service figures relative to the present war show encourage you: there have been only 33.2 per cent rejections between 18 and 25. There have been only 25 per cent rejections between 26 and 30. Remember also that modern methods for detecting physical and mental disabilities are greatly advanced, which would influence more rejections in this war.

"Most modern devices are designed for easier living. You would not advocate dispensing with them, I am sure.

"If I interpret you correctly, you have no complaint against automobiles, movies and radio, as one might think after reading your statement. You simply believe that an enlightened people should recognize the need for a health-building program in everyone's life, to offset sedentary habits which tempt all of us. If that is true, radio has been a help in the past and might aid you materially in the future with proper programming."

## *—of Planning*

Your Red Cross operates a vast planning program to enable it to be ready for any disaster or emergency anywhere—whether it comes in the Americas, Europe, Australia, Asia, or Africa.

## *—of Organization*

Your Red Cross is responsible for the smooth operation of 3,750 chapters and 6,000 branches, all engaged in the same enterprise of helping all who need help.

## *—of Personnel*

Your Red Cross has tripled its staff since Pearl Harbor and has had to enlist the aid of and train over 6,000,000 volunteers in the principles of First Aid, Water Safety, Accident Prevention, Home Nursing, Nutrition, Nurse's Aideing, Mass Feeding, Motor Mechanics, and other subjects allied to our country's war effort.

## *—of Production*

Your Red Cross is not only one of the world's foremost purchasers of supplies, but it has the immense distribution job of collecting millions of items from 10,000 different communities in the United States, assembling and storing them, and then shipping them to practically every country in the world. Last year your Red Cross shipped some \$60,000,000 worth of food, clothing, and medical supplies to over 20,000,000 homeless people in foreign countries.

## *—of Finance*

Your Red Cross, whose war-time and post-war expenses will run well into hundreds of millions, must account to the public for every penny it collects and puts to work. Its accounts are audited annually by the U. S. War Department.

## Radio-Education Report By Northeastern Council

Washington Bureau, **RADIO DAILY** Washington—A six months' progress report dating from its inception last fall, was issued through **NAB** this week by the Northeastern Radio Council of Schenectady, showing activity in several fields of education via radio. The report was released by the NAB's listener activity department.

The activities from last September to the present, included: Six secondary school broadcasts over **WC** preparation of monthly bulletins describing secondary school broadcasts and distribution of the bulletins to schools and individuals; five-minute broadcasts daily during Educational Week by educational leaders, and assembly school programs once weekly over **WSNY**.

**Report Pupil Enthusiasm** Direct teaching by radio in the form of a twice-weekly newscast directed at 4th, 5th and 6th grade pupils over **WSNY** is one of the council's prime activities. Each school principal has charge for one week and teachers report the children follow the news with maps of the world spread before them during the programs which are aired 9:45-9:55 a.m. Tuesdays and Thursdays. The council also was instrumental in organizing a similar group in Syracuse. It has prepared a manual entitled the "Fourth R" for teachers which is being published and distributed by the Schenectady Board of Education and distributed to all school boards in the state.

A radio education library has been established and books and recordings are being filed.

... Treasury Loan Details

By BOB LITZBERG

WAR Savings Staff of the Treasury Department last week revealed the details of its plan to raise 13 billion dollars in a 2nd War Loan campaign, scheduled for April 12. Already the largest fund-raising drive in the history of the world has been guaranteed the full support of stations, networks, agencies and all branches of radio. Cooperative plan of four competing FM stations in Philadelphia has been granted a

three-month trial period by the FCC. Under the plan, which has been set up for the purpose of conserving equipment and at the same time supplying the Philadelphia FM audience with satisfactory service, the four stations will rotate their broadcast schedules so that each of the four outlets will be on the air eight hours per day, seven days weekly.

Byron Price Will Speak At NAB "War Meeting"

Washington Bureau, RADIO DAILY Washington—Byron Price, director of the Office of Censorship, will address the NAB radio "War Conference" in Chicago next month, it has been announced.

In accepting the invitation to speak, Price commented that "station network managers and their staffs are to be congratulated on the splendid manner in which they are observing the Code of Wartime Practices for American Broadcasters. I welcome the opportunity to address the radio industry on the subject of voluntary censorship, now in its second successful year."

THE WEEK IN RADIO

Treasury Loan Details

(Continued from Page 1)

Awards were announced last week: Charles Collingwood, CBS, was cited for "outstanding reporting of the news"; "The Man Behind the Gun" series on CBS won the award for "outstanding entertainment in drama"; "The Standard Symphony," aired on NBC-Pacific web, received the musical program honors; individual stations named for their respective contributions were WHA, Madison, Wisc., KOAC, Corvallis, Ore., and WCHS, Charleston, W. Va. The newly formed Program Managers Executive Committee of the National Association of Broadcasters met in Washington last week and formulated plans for a central distributing point for program ideas under war conditions. In a press conference last week Elmer Davis, OWI director, defended his agency's Domestic Radio Bureau against recent Congressional criticism, citing "co-ordination" with the industry.

Negotiations, which began between the American Federation of Radio Artists and transcription companies several weeks ago, reached the signing stage late last week; the ET firms upped their offer of a 5 per cent increase in minimum scales to the 10 per cent originally asked by the union. The offer of the transcription and recording companies to meet for further conferences on the problem of the recording ban has been accepted by James C. Petrillo, AFM president, although no date was set for the meeting.

On the legislative front last week there was activity nationally as well as in New York state: the U. S. Senate approved the bill to kill salary ceilings; in New York a libel measure and a studio-tax bill were killed and a child actor law legalizing the non-professional appearance of children on radio programs also died; AFRA

announced that it would actively support the Actors' Equity Association in opposing a New York state bill which removes limitations on agents' commissions. Representatives of CBS affiliates met in New York to discuss problems of mutual interest to the managements of both the network and its affiliates. Edgar Kobak, executive vice-president of the Blue Network, in a press statement, reviewed advances made by his network in 1942-43. CBS issued the final report on its financial condition for the year ending January 2, 1943, including the report to stockholders of William S. Paley, CBS president.

Federal Communications Commission released the results of its financial study, which revealed a weekly radio payroll of more than \$1,200,000; returns on 1942 operations showed that profits above \$2,500 for the year were made by 478 stations; of the 722 stations reporting, 583 reported a profit and only 139 outlets were in the red for the year. The British Broadcasting Corp. announced a wide expansion of programming and a re-organization of its personnel in this country, with an eye to cooperating more fully with American broadcasters and government agencies dealing with radio. NBC announced plans for the 1943-44 season of the NBC Symphony orchestra, which will again be conducted by Arturo Toscanini and Leopold Stokowski. Business in the metropolitan New York area continued to show consistent gains; National Shoe Stores increased its spot budget and added two outlets to its growing list of stations. Radio, according to estimates by Dr. L. D. H. Weld, accounted for the third greatest dollar volume among advertising media during 1942; at the same time radio showed a gain of nine per cent over 1941, which was the highest of all types of media.

of the networks which is so objectionable to the FCC; (2) enabling the affiliate station to guarantee time to its local and regional advertisers.

Mosby's plan is to give the networks preemption privileges on: (1) the first thirty minutes of every daytime hour. (2) The first forty-five minutes of every night-time hour.

This, says Mosby, is both simple and systematic—avoiding all the confusion and the proposed "block" system, and is just and equitable to all persons involved.

KFAB, at Lincoln; KFOR, Lincoln; and owner, with Herb Hollister, of KANS, at Wichita, Kan., and KMMJ, at Grand Island, Neb.

An executive in the petroleum industry, following attendance at the University of Iowa and service in the Army Air Corps in World War I, Searle entered radio in 1924, organizing and operating KOIL. From 1933 through 1937 he was general manager of WIBW, at Topeka, Kan.

Gilman, in announcing the appointment of Searle, said it is "another example of the pioneering characteristic of San Francisco" both as a city and as a growing West Coast radio center. "Both San Francisco and KGO," he added, "are growing and will continue to grow. In selecting Mr. Searle as general manager for the Blue's outlet there we believe we have chosen the man best qualified to foster the station's growth."

COMING and GOING

SERGEANTS BILL ROPER and ANDY GRAE of Canadian Army Public Relations Division returned to Montreal headquarters today, after a one-week trip here. During the past week they covered the Private Greco-Cleo Shalboxing contest, visited WINS, appeared at an interview on that station with Don Dunphy and visited BBC here.

EDWARD TOMLINSON, commentary on the Blue Network, broadcast last night's program from San Francisco and will deliver a lecture tonight in the same city.

E. H. SHOMO, eastern sales manager of WBBM, Chicago affiliate of CBS, returned to the Windy City over the week-end.

OLGA COELHO, Brazilian soprano scheduled for an appearance on the Kodak program, is spending this week on a concert tour. She will be heard at Cleveland and Erie, Pa., and will return on Friday.

ART DONEGAN, assistant manager of the Blue Network publicity department, returned today from Wheeling, West Va., where he conferred on promotion and publicity problems concerning the "Wheeling Steelmakers" program heard each Sunday on the Blue.

ALFRED H. MORTON, president of National Concert and Artists Corp., left town over the week-end on a trip to the West Coast.

WILLIAM KILEY, sales manager of WFPM, Indianapolis, has returned to his Indiana headquarters following a short visit here with the local representatives of the station.

JIMMIE LUNCFORD and the members of his orchestra are in Canada for one-night appearances in Toronto, Ottawa and Kingston.

ELMORE B. LYFORD, of the NBC station relations staff, is leaving Wednesday to visit affiliated outlets between New York and Miami. He will be gone between two and three weeks.

RED SKELTON, accompanied by EDNA SKELTON and KEITH McLEOD, producer of the comedian's Tuesday night program on NBC for the Russel M. Seeds Agency, are spending four weeks in New York.

JACK SMART, of the NBC "Snow Village" program, to Boston for a tryout in the Vinton Freedley musical, "Dancing in the Streets."

# Two Networks For CBC Under Advisement

(Continued from Page 1)

In the winter months when symphonic music programs clash with key broadcasts. Listeners telephone the stations demanding whether they must listen all night to descriptions of hockey games. Others want to know how long symphonic music programs are going to monopolize the time of the section.

### May Use Private Stations

A major problem in the establishment of a second network would be meeting the cost of wire transmission of the programs. At the present time the wire services of the CBC on the whole network cost about \$80,000 annually. An attempt may be made to employ an alternative network program in the evenings, utilizing private stations in some of the large cities as outlets. But no decision has yet been made, though as Dr. Thompson said, the question is under advisement.

# The News Division Sets Up Own "Desk"

Effective today, the news division of the Blue Network news and special features will institute a "Blue News Desk" in Room 404 at New York headquarters. The desk will be manned daily from 7 a.m. to 1 a.m., EWT.

Chuyler Patterson and John W. Rob, recently appointed as editorial assistant to G. W. Johnstone, director of news and special features, will be on duty at the desk in alternating watches Monday through Saturday. Francis McCall will be on duty Sunday.

The duties of the news staff will be to review all news and commentaries originating at Blue-New York, handle special news bulletins, assist Blue Network commentators originating at New York in the preparation of their material and perform other supervisory and editorial duties.

### Joins Network Script Staff

Eggy Halligan, formerly a member of the Blue continuity acceptance staff who recently began writing sustaining musical continuity in addition to her other duties, is now a regular member of the Blue Network script staff.

# PROMOTION

### "Musical" Response

Response to "Musical Memory Game" which Penn Camera Exchange sponsors on WQXR has been so great, that the sponsor has had to modify the type of weekly awards in order to fill the great supply needed. Originally, the program offered booklets describing the lives of great musicians and composers, but the prize winners have become so numerous that the supply of booklets has been inadequate.

Instead, the sponsor is now offering a one-dollar gift certificate which may be applied against any purchase of \$2.50 or more at the sponsor's place of business. After the first broadcast, a 15-minute program, the contest brought 500 winners; the second, 1,500. Lester Harrison Associates, Inc., handles the account.

# Quartz Crystal Production Being Maintained—Lund

Washington Bureau, RADIO DAILY

Washington—Improved production technic and closer grading of both cut and uncut quartz is keeping up production of quartz crystals for oscillators despite material and manpower shortages, R. J. Lund, director of the WPB's miscellaneous materials division, said Friday.

Where formerly a few highly skilled artisans working with the best grade of crystals and high quality blanks were able to take care of the demand, the war need for crystals has meant the beginning of mass production methods, with women and over-age men being employed. Smaller size and lower grade crystals have been proven satisfactory in Army Signal Corps tests.

### Consumption Rises

Small crystals, which vibrate only to their assigned frequency, have made precision tuning possible for intercommunicating sets used by the armed forces.

Consumption of raw quartz by oscillator manufacturers during the past year has risen to an extent that Brazilian imports are now insufficient to meet the demand. Other importing is being developed, as well as production in various sections of this country.

Other materials shortage in radio manufacturing plants were mentioned before a Senate committee Friday by Russ Nixon, Capital representative of the United Electrical Workers (CIO), who declared that union members frequently are without work because of these shortages.

# BWC Eases Visitor Ban At Stations And Factories

Washington Bureau, RADIO DAILY

Washington—The BWC Friday relaxed its ban on unauthorized visitors to broadcast stations and plants engaged in manufacturing communications instruments. Canadian citizens, as well as United States citizens, may now visit these plants provided they are on legitimate business. Aliens, except for Canadians, are still excluded if without official papers.

GROUCHO MARX is holding a weekly preview of his "Blue Ribbon Town" Saturday night show, each Wednesday night for studio audience reaction.

Dinah Shore's Blue Network Friday night song program will remain in Hollywood through the summer. Earlier plans to take the show to New York for a few weeks have now been dropped.

Spike Jones, leader of the City Slickers, novelty corn band on the Bob Burns Arkansas Traveler programs, narrowly averted an appendectomy last week, but his doctors managed to postpone the necessity for the operation.

After setting all his business affairs in order and liquidating many of his possessions, Announcer Lou Crosby, of Lum and Abner serial, was turned down by the Army medics. He remains on the program.

Printing presses this week turned out first copies of Billy Mills' new song, "We Two." He wrote it in collaboration with Foster Carling, Hollywood lyricist.

Lana Turner and Pierre Aumont, new MGM star, are teamed in the Lux Radio Theater tonight, when C. B. DeMille presents an adaptation of "Crossroads."

Diana Lynn, Paramount starlet, has been set for a guest appearance on the Dari-Rich "Stars Over Hollywood" program on Saturday. During the program the Parents' Magazine trophy for the outstanding juvenile actress of 1942 was awarded to Miss Lynn by Mrs. Laura Vruwink, Hollywood editor of the magazine.

The B. C. Remedy Company has contracted for a series of five-times-a-week announcements over KNX for its B.C. Headache Powders. The Harvey-Massengale Company of Atlanta, Georgia, was the agency in the sale, which is set for fifty-two weeks beginning today.

AMP Infringement Suit Filed Against WLIB

Suit to obtain an injunction and recover damages based on copyright infringement is pending in the Supreme Court of Brooklyn, New York, against WLIB. Complaint filed March 4 by Associated Music Publishers Inc., charges that the station broadcast several compositions without license. Station, through William Weisman, filed a general denial, late last week. Arthur Garmaize is representing AMP.

Among the compositions listed in the infringement suit are "Pinnocchio" by Ernst Toch, and "Under the Spreading Chestnut Tree." Off the air recordings taken by AMP will be submitted as proof of the infringement.

Defendant has an AMP library license which entitles the station to use any tunes in the library service. Tunes listed in the suit are not within the library license.

• • • The double-feature program of combining both the "Alec Templeton Time" and "Chamber Music Society of Lower Basin Street," planned a la the recent swell 'combination' of the "Fred Allen" and "Phil Baker" shows, will not take place tonight as originally scheduled. . . however Alec will guestar on the 'Basin St.' boogie-woogie sometime after April 4, when that show goes commercial. . . The Four King Sisters, who went out on their own when Alvino Rey and his band went to work in a defense plant out on the coast, open next Friday at the Wedgwood Room of the Waldorf-Astoria. . . Johnny Richard, band leader on the "Take It Or Leave It" (west coast) show, has a service flag in his home bearing 34 stars. . . one for each of his musicians now in Uncle Sam's "Bandwagon" . . . Louis P. Lochner, former Chief of the Berlin Bureau of the Associated Press, will guestar with Upton Close on "World News Parade" next Sunday, 3:15 p.m., EWT, over CBS. . . The birthday of the Father of the Declaration of Independence, Alexander Hamilton, who was born April 13, 1743, will be honored by a special program over WNYC, Friday, April 2, at 4 p.m. . . Raymond Edward Johnson, Edwin Jerome and House Jameson, will enact Thomas Jefferson, George Washington and Alexander Hamilton, respectively in this special tribute to a Great American. . . Due to the illness of Lou Costello, necessitating a temporary postponement of the planned Abbott & Costello film in which he has an important role, Vaughn Monroe returns east to open for his third consecutive season at the Commodore Hotel, April 8. . . The minstrel show scheduled to take place April 5th at the Madison Square Garden for the benefit of the Red Cross, will include Ex-Mayor 'Jimmy' Walker, Joe Besser and Morton Downey. . . the latter will act as singing interlocutor—but not in black-face.

Lucille Manners, singing star of the NBCities' Service Concert is humming "Mendelsohn's Wedding March" to herself. . . she'll soon say "I Do" to Sergeant William Walker of the U. S. Air Force. . . they met when she thrilled listeners during a p.a. at Atlantic City.

• • • We think it's nice on the part of Olsen and Johnson to do this. . . we mean their calling Air Cadet Garry Davis, son of the orchestra tycoon, Meyer Davis, and helping him put together a musical show, which he has been commissioned to produce at the Army Air Center, Nashville, Tenn. . . Incidentally, Garry was understudy to Danny Kaye in "Let's Face It" and has plenty on the ball. . . After 16 months at the Cotillion Room of the Hotel Pierre, Stanley Melba's band gets an WOR wire.

Remember Pearl Harbor

San Francisco

TWO of the largest bay area department stores have returned radio advertising after an absence of nearly a year from the airplanes.

Capwell-Sullivan and Furth, downtown Oakland store, is set for a tri-weekly news show over KPO at 5 p.m., Mondays, Wednesdays and Fridays. Sidney Garfinkel Advertising Agency placed the account. A staff newscaster will be assigned.

Hale Brothers, department store in downtown San Francisco, is returning to the air with an audience quiz program, aired from its studio on the top floor, with Art Linkletter at the mike. Format of the show will bring femmes on their shopping days to the mike. Helen Morgan is writing and producing. Scene of the shows is the locale where KGO's old "Woman's Magazine of the Air" originated for many years; also the Al Pearce shows which were current ten years ago.

Petrillo Gets Nibble But Offer Is Turned Down

(Continued from Page 1)

without explanation or reason, Friday. The firm, Musicraft Corp., of New York, had notified the union of its willingness to abide by the tax plan, committing itself, even, to agreeing with the AFM exec that the recorded music is a trade problem and that those who use the service should shoulder some of the responsibility of it.

Paul Puner, president of the Musicraft Corp., appeared before the executive board of the AFM recently, and discussed the following specific plan with the union reps: a tax of one cent for every 50 cents record; one and one-half cents, for 75 cents records, and two cents for one dollar recordings. The tax was to be turned over to the union for its unemployment fund.

Text of Letter

The letter which Puner received over the week-end was as follows:

"This is to officially advise you of the following action taken by the International Executive Board at its meeting held in Chicago, Illinois, March 16 and 17, 1943:

"Letter from Musicraft Corp. is read which contains an offer in reference to the making of recordings.

"On motion it is declared that Musicraft be notified that its proposition is not accepted." (Signed) Very truly yours, James C. Petrillo.

Petrillo was in town over the week-end, but could not be reached for comment on his turning down an acceptance of his own plan.

NEW PROGRAMS—IDEAS

"Those Who Serve"

"Those Who Serve" is the newest program dedicated to those men and women now serving in the armed forces to be aired over WTMJ, Milwaukee. The new program made its radio debut over the station recently under the sponsorship of The First Wisconsin National Bank of Milwaukee.

Program consists of spirited patriotic tunes and a weekly feature portraying the activities of the Nation's armed and service forces. The music is provided by the station's concert orchestra, conducted by Maurice Kipen, musical director of the station. It will be aired every Tuesday from 6:30 to 7:00 p.m.

ROGER JOSLYN has been elected vice-president of Wendell P. Colton Co. He has been director of art and copy.

Serious Music Programs

Two new musical programs have been added to the WBT, Charlotte, N. C., schedule. On Tuesday evenings from 9:45-10 p.m., "Onward Christian Soldiers," is aired featuring sacred music by a choir of 26 voices under the direction of James C. Phofl, director of music at Davidson and Queens College. And on Thursday evening at the same time the station presents a similar type program titled "Davidson College on the Air" featuring music of the Davidson College concert band, the college glee club and symphony orchestra.

Screen Guild Schedule Released By Lawrence

Hollywood—William Lawrence, Pedlar & Ryan agency west coast manager and producer of the Screen Guild Players program, has set "This Thing Called Love," featuring George Brent and Alice Faye, for the show's March 29th airing; "Journey for Margaret," with Robert Young, Anita Louise, Margaret O'Brien and Billy Severn, as the air-fare for April 5, followed by "Pittsburgh," new Universal film, with Marlene Dietrich, John Wayne, Randolph Scott, and Frank Crane as the narrator, on April 12; "Woman of the Year," with Spencer Tracy and Katharine Hepburn on April 19, and Warner Bros. "Casablanca," with Ingrid Bergman and Humphrey Bogart, as the April 26 air material.

Wedding Bells

Toronto—The engagement has been announced of Marjorie Fairry (Midge) Ellis, daughter of Will Ellis, of Vancouver, to Gordon Frederick Keeble of Toronto. The bride-elect was appointed the first woman news announcer on the Canadian Broadcasting Corporation just over a year ago. She is stationed at Toronto, where her fiancé is also a member of the CBC announcer staff.

"Marching Along"

A hand of good-will is extended to our Fighting French Allies by the foreign language station WBNX, N. Y., in presenting a new program that features the martial music of United States and French Army regiments. The new program, produced by Joe Delinos, called "Marching Along" is a French feature and is dedicated to the American and French units fighting side by side in North Africa.

The music is augmented by short dramatic scripts recounting the histories of regiments, particularly the regiments of the first World War.

The program is aired each Tuesday at 10:30 p.m. (EWT).

"Schools At War"

"Schools at War" is the latest wartime program to be added to the schedule at KGW, Portland, Ore. It is presented in co-operation with the Oregon State War Savings Staff, and is aired weekly, directly from a different Portland school each time. The program is presented to give listeners an idea of the work being done by the school children in the Portland area to further the war effort. And as an added feature, school bands and glee clubs, often go through part of their repertoire.

AGENCIES

COL. A. ROBERT GINSBURGH, chief of the industrial services division of the War Department, will be guest speaker at the regular Wednesday war activities luncheon of the Advertising Club of New York on March 31.

BATTEN, BARTON, DURSTINE & OSBORN, INC., announces the election of Samuel A. Harned and Harold C. McNulty to membership on its board of directors. Harned, who is a vice-president and account executive, and McNulty, vice-president and art director, take over memberships on the board left vacant by Major Leslie Pearl, now with the Special Service Division of the Army, and Lt. Colonel Egbert White, editor of "The Stars and Stripes" and "Yank," now in North Africa.

WILLIAM E. SCHNEIDER, and BENETA COX will assist on the General Foods accounts at Benton & Bowles, Inc. effective immediately. Schneider has been named assistant to William R. ## Promise Some Relief For Farm Set-Owners

(Continued from Page 1)

many as one third of all farm sets are not operating because of the battery shortage WPB declared that average farm listening time has risen from three to five hours daily. In addition higher farm income has brought the volume of farm sets to a new high. An increase of one million sets from the pre-war figure of 2,200,000 is estimated.

Diversion of materials to war uses and the strain of facilities has cut pre-war production of about 4,500,000 sets of batteries per year, sufficient then for about two sets per year per radio, to about half that amount. The present production is insufficient to provide even one set a year for each set. Even a return to the pre-war rate would not solve the problem. Some relief was afforded by Order L-71, prohibiting production of batteries for portable sets.

Once again WPB urges farm radio owners to limit their listening only to programs they particularly desire, to avoid long continuous operation, to keep the batteries away from heat, to have their tubes checked frequently and to disconnect the batteries when the set is not in operation.

## WLW-WSAI Announce Continuity Dept. Changes

Cincinnati—Important changes in the set-up of the WLW-WSAI continuity department and the creation of new position, that of assistant to the program director for WLW have been announced. The creation of the new position in no way affects the status of Howard Chamberlin as assistant program director for WLW.

Van Woodward, member of the continuity department for five years, who had been continuity editor, becomes the new assistant program director. As such, Woodward will free-lance on the building, writing and production of special types of shows and the development of new program ideas. He will continue to be available as "trouble-shooter" to other members of the continuity department.

Leighton Mitchell, WLW-WSAI writer, takes the post of continuity acceptance editor and will be responsible for checking all WLW and WSAI copy. He also will be in charge of all administrative detail in the continuity department.

## McDonald To Address REC

Irving T. McDonald, news analyst for WEEI, Boston, will speak before the weekly New York Radio Executives Luncheon at the Cafe Loyale, Wednesday, March 31, at 12:30 p.m. The subject of McDonald's talk will be "So You Think We Are Winning."

## NETWORK SONG FAVORITES

This weekly survey is based on the copyrighted Audience Coverage Index report of the Office of Research—Radio Division, covering the period of March 18-24, inclusive. The survey provides a scientific index of the relative extent to which these popular songs have been heard by a nation-wide sample of radio audiences.

The index is based on three kinds of research data: (1) the total number of performances heard and reported in New York by the Accurate Reporting Service for WEAf of NBC, WJZ of Blue, WABC of CBS and WOR of MBS, 8 a.m. to 1 a.m. daily, EWT; Middle-west performances heard and reported in Chicago by the Radio Check-up Service, 9 a.m. to 1 a.m. daily, CWT; West Coast performances heard and reported in Los Angeles by the Radio Checking Service, 9:30 a.m. to 1 a.m. daily, PWT, (2) additional station-uses for network programs and (3) the relative size of listening audiences as based on regular surveys of radio sets-in-use by C. E. Hooper, Inc. and Pulse of New York, Inc., as well as on other special surveys.

The higher the song's ACI figure for the week, the more it has been heard by radio audiences. Current radio favorites from the American repertoire of popular music are segregated and presented as "Favorite Standards of the Week."

## Miller Urges Training Of Draft-Exempt Men

(Continued from Page 1)

did not imply dissatisfaction with decisions of local boards as a whole.

"It is my considered opinion," said, "that the selective service has been most efficiently operated by the statutory authority of the Selective Training and Service Act of 1940, as amended. Certainly the officials at national headquarters should be complimented upon their synthetic understanding and construction of the manpower problem in the broadcasting industry."

The NAB head reminded the industry that the basic policy of the act is decentralization whereupon local boards are virtually autonomous subject to the right of appeal to boards of appeal. As a consequence the occupational bulletins issued under the guidance of local boards are advisory. Under the act they are not be mandatory, each local board must select the registrants to be inducted, in so doing it presumably has its best judgment in the light of the circumstances which exist in its locality.

**Calls Draft Procedure Fair**  
"With almost 6,500 local boards it is to be expected that the quality of their judgment will not be uniform," he declared. "But by and large we believe the system is being administered in accordance with the law as enacted by Congress and approved by the President. It is a democratic, grass root system of selection. It is possible that a national act, such as proposed in the Army Wadsworth Bill would provide a keener discrimination between the needs of the armed forces and essential industry, that is for Congress to decide."

"Meanwhile as NAB has recommended the industry the training wherever possible of personnel subject to induction is the proper course for stations to follow in solving the manpower problem which has arisen."

## Juster To Washington As Continuity Supervisor

Eugene Juster of NBC's Continuity Acceptance department in New York will head the newly created Continuity Acceptance department in Washington, Frank E. Mullen, vice-president and general manager has announced. He will report April 1 to Carleton D. Smith, WRC manager and assistant to Frank M. Russell, vice-president in charge of NBC's Washington office. Juster will coordinate his activities with Stockton Helffrich, head of NBC's Continuity Acceptance department.

At the same time, Mullen announced the promotion of Joe Mason to the position of assistant editor of the Continuity Acceptance department, and the appointment of Miss Clara Joiner as staff editor, working under the direction of Helffrich.

## Harkness Co-Op To Affiliates of NBC

On April 5, Richard Harkness,  
 news commentator, who is heard  
 on Friday from 11:15-  
 12:30 a. m., EWT, will be available  
 for sponsorship in the Eastern  
 Central time zones, NBC an-  
 nounced Friday. Terms under which  
 the service is offered to NBC's affiliates,  
 the sponsorship of each day's  
 program to a single client but other  
 may sponsor individual broad-  
 casts succeeding days of each week.  
 minute periods at the opening  
 of each newscast will be  
 available for the insertion of local  
 advertisements.

NBC announced that the newscasts  
 made commercially available  
 because of the successful reception by  
 affiliates of the news series by Carey  
 Harkness which were offered sev-  
 eral weeks ago on a similar basis.  
 Harkness joined NBC in December  
 after many years experience in  
 writing important news assignments.  
 He discovered the White House and  
 accompanied the President on  
 his own tours.  
 Following his graduation from the  
 University of Kansas, Harkness joined  
 the staff in Kansas City, later  
 moved to other offices of the press  
 association. He was with the Phila-  
 delphia "Inquirer's" Washington Bu-  
 reau before he became affiliated  
 with NBC.

## Anti-Communism Charged "Junior Town Meeting" Against FCC Executive Inaugurated Over KYW

Washington Bureau, RADIO DAILY  
 Washington—That Spencer Wil-  
 liams, chief of the San Francisco  
 office of FCC's foreign broadcast in-  
 telligence service, which handles the  
 bulk of the Commission's monitoring  
 of Russian radio for Government  
 agencies, is strongly anti-Communist  
 was admitted Friday by Harold  
 Graves, assistant director of the FBI.  
 "He is aware of his bias, and so is  
 the FCC," said Graves.  
 "He's as strong an anti-Communist  
 as you'd want to find, and he'd admit  
 it to anybody," Graves went on, "but  
 we feel that he's a good man, and are  
 quite easy in our mind about his ob-  
 jectivity. He doesn't think Commu-  
 nism works especially well, nor that  
 it's everything the Russians claim it  
 to be. But I'm certain that he admires  
 the campaign of the Red Army just  
 as much as we all do."

### Served in Moscow

Williams, who was in Moscow for  
 10 years representing the Russian-  
 American Chamber of Commerce, was  
 described by the New York news-  
 paper "PM" last week as one of those  
 in the government hindering close  
 ties between this country and the  
 Soviet government. "PM" charged  
 him with extreme bias, and quoted  
 from a broadcast in which Williams  
 declared, on the night the Nazis  
 invaded Russia, that "the Germans  
 would be likely to find themselves  
 hailed as deliverers."

Predicting collapse of authority and  
 revolts by peasants and workers, Wil-  
 liams said in conclusion, "the truth  
 is that the USSR is a ramshackle,  
 heterogeneous structure maintained  
 only by the power and presence of  
 the secret police."

As to Williams' "impartiality" on  
 the job, which he has held since a day  
 or two after Pearl Harbor, Graves has  
 only once found any fault with his  
 handling of Russian dispatches. In  
 this case, although Williams indi-  
 cated he had not lost his distaste for  
 the Soviet, the question was one of  
 news judgment, said Graves. A semi-  
 reprimand from Washington appar-

Philadelphia—"Junior Town Meet-  
 ings," modeled after its parent,  
 "America's Town Meeting of the Air,"  
 is the name of the new series launched  
 by KYW. The series has the backing  
 of all the schools in this district, in-  
 cluding public, private, and parochial,  
 and the cooperation of the committee  
 of seventy.  
 The initial broadcast of the series  
 was aired from the Bellevue Stratford  
 Hotel at the annual luncheon held  
 in celebration of National Schoolman's  
 Week. Present at the luncheon were  
 the presidents of all universities in  
 the Philadelphia area who approved  
 the idea of the broadcasts.

Although the premiere broadcast of  
 the series was aired at 1:00 p.m. it  
 will subsequently be heard at 9:30  
 a.m., starting April 1, and each fol-  
 lowing Thursday the broadcast will  
 originate from a different high or  
 secondary school in the Philadelphia  
 district. These broadcasts in turn will  
 be relayed to the general assemblies  
 in all schools of the district.

The meetings of the younger genera-  
 tion will be patterned after "Amer-  
 ica's Town Meeting of the Air" and  
 are supported by George D. Denny,  
 Jr. its originator and moderator and  
 president of Town Hall, Inc.

Others who have endorsed the pro-  
 ject in the belief that it will soon  
 become a national institution for  
 schools, include all the well known  
 educators in the Philadelphia area, as  
 well as such nationally known men  
 as Wendell L. Willkie, Governor Harry  
 Byrd and Raymond Gram Swing.

ently accomplished its purpose, be-  
 cause nothing coming from Williams  
 since has in any way indicated bias.

Williams is the administrative head  
 and chief editor of the office, said  
 Graves, explaining that the editorial  
 function is assumed only occasionally.  
 He is responsible for what goes on  
 teletype to Washington, but Graves  
 says that the Washington office checks  
 his words when it receives full sheets  
 in the mail from San Francisco. "It is  
 quite fair, and we are very pleased  
 by his work," said Graves.

## 4 Problems Highlight CBS Affiliate Confab

had one already elected. Those in at-  
 tendance were as listed in Friday's  
 issue of RADIO DAILY, with the sole  
 exception of Don Searle.

The agenda highlights included:  
 1. Present and future trends of CBS'  
 full network plan.

2. The pending Supreme Court deci-  
 sion.

3. Long-range CBS program plans.  
 4. The new CBS network listening  
 area study.

Also discussed were various mat-  
 ters of common interest to the net-  
 work and affiliates as they arose spon-  
 taneously in the course of the meet-  
 ing.

The Affiliates' Advisory Board was  
 suggested early this year in a letter  
 sent by CBS to the affiliated stations,  
 and preliminary plans were drawn up  
 at that time.

### Executive Co-operation Sought

The object of the organization and  
 its meetings was announced as bring-  
 ing closer to operating executives the  
 problems faced by affiliates and an  
 effort by CBS officials to share and  
 help with the problems peculiar to  
 individual stations.

Under the plan the country was  
 divided into a number of districts  
 corresponding roughly to the opera-  
 tional pattern of the network. The  
 stations in each district then elected  
 one representative to serve on the  
 board. The board is expected to af-  
 ford an opportunity to officials of  
 both the network and its affiliates to  
 solve many operational problems and  
 to provide all Columbia stations with  
 a direct medium for discussion of  
 their own problems.

as a news analyst. The dinner also will mark the end of Kaltenborn's term as ARNA president. Major George Fielding Eliot succeeds him. Kaltenborn was founder and first president of ARNA after its organization last year. A constitutional provision limits the office to one term. Kaltenborn, however, was elected vice-president for 1943. The dinner will be limited to ARNA members.

Kaltenborn made his first broadcast on current events over station WVP, April 4, 1922. His radio debut consisted of a discussion of a coal strike and was the first editorial analysis of a news event ever heard on the air. A year later he began a weekly series over WEAF, New York.

Washington, D. C., chapter of ARNA, is in the process of formation, though formalities of constitution and the like have yet to be worked out. William Hillman, Blue Network commentator, who has succeeded Raymond Gram Swing as vice-president of ARNA, temporarily heads the capital group until it is sufficiently set up to elect its own officers.

for its 1943-44 series on Monday, Oct. 4.

In announcing plans for the coming season, which were formulated at a recent meeting of the National Board of Consultants of "School of the Air of the Americas," Levine said that "the programs would assume a more global scope in keeping with the ensuing trend of events."

The past season was one of the most successful for "School of the Air" since its radio debut over CBS 13 years ago.

The series was carried by 111 stations of the Columbia network with Canada picking up a good portion of the series. The program also received 185,000 requests for the "Teacher's Manual," the booklet which outlines the entire "School of the Air" series to facilitate classroom use.

William B. Ryan, general manager of KECA-KFI, worked out the plans for backing the IceCapades premiere, which will be staged at Pan-Pacific Auditorium in Los Angeles. Special programs, interviews, spot announcements and bond sales inserts in KECA-KFI participating and sustaining programs will be used to stimulate the sale of bonds.

Admission price to the \$5,000,000 Bond Premiere of IceCapades of 1943 will be United States War Bonds. Purchasers of bonds of all prices will be given reservations for the colorful opening night.

Arranged by Ryan with Phil Henderson, manager of the Pan-Pacific Auditorium, the joint bond sales campaign opened Friday, continuing until the opening of the ice show in Los Angeles April 27.

# Radio Bills Killed— One Signed By Dewey

Director of the bureau, and 11 employees, lose their jobs as a result though it is likely many of them will be absorbed in other state departments due to their civil servant status. The milk publicity fund had an annual appropriation of \$300,000, most of it spent in radio.

A major surprise of the session, as far as broadcasters were concerned, was in the twin setback on Monday day, to the Ehrlich-Hampton bill to legalize participation of children under 16 on radio broadcasts. The bill had passed the legislature in 1941 and 1942 without a dissenting vote and was vetoed by Governor Lehman mainly because the New York City administration was concerned over the amount of detail work necessary to issue educational permits to children.

The Ehrlich bill passed the Assembly this year 131-0 and appeared certain to receive favorable consideration by the Senate since it was reported out favorably by Codes Committee. However, the bill was twice beaten, the last time by a 20-19 vote.

### Libel Bill Killed

The Duryea-Hults bill to provide for a person making statements about another in a radio broadcast, which if printed, would constitute a libel shall be deemed to have published a libel also did not prevail. After passing third reading in the Senate, it was stricken from the calendar.

Similarly, the Crews bill defining group libel, relative the exposing persons to hatred, contempt or ridicule because of statements was not reported out of Rules Committee.

Assembly Taxation Committee defeated the bill to impose a tax of 10 cents on persons over 14 years of age attending radio broadcasts unless the broadcasts were primarily for the purpose of selling U. S. war bonds, etc. In the Senate, the bill did not emerge from committee either.

### Weekly Sports Letters

France Laux, veteran sportscaster of KMOX in St. Louis, now is digesting baseball news into a 'V' mail letter each week for men in the armed services overseas. The nation's fighting men in this country receive the sports letter through the regular mail sources. Laux writes and personally addresses each letter. Listeners on his nightly broadcast are asked to send in the name and address of any person in the fighting forces when they want to receive the sports missive. Women in the auxiliary military units also are eligible to receive the letter. The letter is personal and friendly, containing news and information about the St. Louis Cardinals and Browns and other major league baseball clubs.

Laux's sponsors, the Hyde Park

Brewery, are assuming all costs entailed in preparing and mailing the sports letter in and out of the country. No advertising matter will be included in the letter.

KROW, Oakland, is joining hands with the Oakland Post-Enquirer and the Oakland Fireman's Welfare Association in a drive to procure adult games and recreations for the naval and military hospitals of the Metropolitan Oakland Area. The station is carrying a schedule of spot announcements urging the public to take puzzles and games to their nearest firehouse to be turned over to the hospitals for use by ill and wounded service men.

visory personnel. The agreement establishes a new wage schedule with a starting rate of \$50 and automatic increases up to \$85 for technicians and rates ranging from \$90 to \$100 for supervisors. The wage schedule prior to the increases approved by the Board had a starting rate of \$49.60 for technicians and ranged from \$87.20 to \$98.70 for supervisory personnel.

The Board disapproved a proposal by the company and the union to eliminate three steps in the present wage progression schedule on the grounds that it would create an inequity with respect to the National Broadcasting Company and the Mutual Broadcasting System.

Board also disapproved a clause in the wage agreement providing for payment of time-and-a-half for hours in excess of ten instead of twelve as now provided. The Board held that since both NBC and Mutual have a twelve-hour maximum work day approval of a ten-hour maximum for CBS would create new inequalities between the three systems.

Approved wage schedule will correct maladjustments resulting from the rise in the cost of living and will result in increases well within 15 per cent of the January 1, 1941 wage level.

Labor members of the NWLB—Louis Lopez and John Brophy—dissented from the Board's disapproval of the shortening of the progression schedule and the establishment of a ten-hour work day.

tion as to whether the experiment, first reported in RADIO DAILY on Wednesday, Mar. 24, will prove to be practicable.

Four FM stations in Philadelphia have agreed to go on the air for a total of 56 hours weekly, with only one station broadcasting each day. Each of the four stations has set a day on the air during the latter part of the week, while they rotate the first three days of the week. Each station will thus be on the air seven days of every four weeks.

The chairman was doubtful that the same principle could be applied to standard broadcast stations, and did not believe it could be applied in the case of FM stations except in two or three possible localities.

This simple monogram of the letters "YD" is a poignant symbol to the people of New England for it is the emblem of the Yankee Division—their own group of fighting men—which won fame and glory on the battlefields of France in 1918. The Yankee Division took part in many important engagements, foremost among which were the Chemin-des-Dames action; the Marne counter-offensive; the attack which succeeded in pushing in the west side of the St. Mihiel salient; and the routing of the Germans in the Argonne. For their bravery, daring and devotion to duty, 239 members of this famous unit were honored with the Distinguished Service Cross. And today, the young men of New England are capably upholding the glorious traditions which their fathers in the Yankee Division established twenty-five years ago.

For more than eighteen years, the letters WTIC have been a symbol of service and integrity. That is why the people of Southern New England turn to WTIC when they desire entertainment or information of a high standard. That is why national advertisers have found it profitable to use WTIC to cover this lucrative market. And that is why we can proudly say

Tounsley, station manager and key witness.

**Frequency Shift Sought**

The station seeks a frequency shift, renewal of its license and assignment of that license to the Herald Broadcasting Corp. WALB has been represented in Washington by Rep. E. E. Cox, on whose motion the House two months ago voted approval of an investigation of the FCC. The delay in getting a working organization for the committee had led many here to doubt that the investigation will ever reach the state where public hearings will be called, although it is known that the committee counsel Eugene Garey, and his associate, Fred L. Walker, have been studying Commission records and activities rather closely.

The WALB hearing will be resumed Monday in Atlanta. In the event that Tounsley's health makes it impossible for him to appear, attorneys for the station plan to proceed without him.

**Frank Gillmore**

Frank Gillmore, president emeritus of Actors' Equity Assn., died early yesterday morning in Roosevelt Hospital. He was 75. He was a prime mover in the founding of the actors' group. He is survived by his widow and two daughters, Mrs. Robert Ross (Margalo Gillmore) and Mrs. Ruth Sonino.

**"Bonds in Bedlam"**

A zany notion that clicked was "Bonds in Bedlam" over KYSM, Mankato, Minn., which recently boosted the Blue Earth County's War Bond monthly sales by \$3,000. The studio raked in 35 of the community's big shots of one sort or another and tempted listeners with what turned out to be a sure-fire challenge: Phone in a Bond Pledge and order anyone of the 35 local notables to carry out a ridiculous assignment or impersonation.

The program had to be carried 30 minutes past the scheduled time. The station credits Dick Lutes, local industrialist and story teller, with much of the program's success.

**KMYR-KFBC Set Remotes From Madison Sq. Garden**

(Continued from Page 1)

Mark Schreiber, KMYR's sports announcer and William C. Grove, KFBC station manager and chief engineer having arrived yesterday to complete details for the two remotes.

KMYR and KFBC have pooled their efforts in the mountain country to cover 40 basketball games by remote control this year including the national AAU tourney, Big 7 conference championship games, the NCAA western finals at Kansas City, Mo., last week. All of these games have been sponsored.

These stations have traveled approximately 7,500 miles by direct wire to report the progress of the University of Wyoming basketball games to their listeners which in itself is something of a record.

**Issue MBS' Trade Reports**

Designed to service more fully the various trades represented by commercials on its networks, Mutual Broadcasting System has begun a new trade news press release which categories its news reports as per food, drugs, tobacco, etc., with those words highlighted for easy perusal by editors.

Initial release came out yesterday. Project was instituted by Christopher Cross, assistant to Lester Gottlieb, director of MBS publicity, who is in charge of the trade journals supplementing the broadcasters' own publications.

of foreign lands with the customs, ideologies, curricular and extra-curricular activities of American college students and vice versa.

In making arrangements for these broadcasts IBS worked in close cooperation with the Belgian Information Center, who placed at the network's disposal the Belgian Diplomatic Cable which expedited the negotiations between the two countries. Through Henry J. Dutilleux, Commissioner of Information of the Belgian Information Center, arrangements were made to have the American programs translated into Flemish and through an agency of the OWI the broadcasts from the 50,000 watt station, placed at the disposal of the IBS and the College of Albert I for the exchange programs, the Belgian programs will be translated into English.

### No Starting Date Set

As yet no starting date has been set for the broadcasts but it is believed that since the Belgian authorities have granted permission for them the starting date will not be too far distant.

As part of the international move made by the IBS, Brown University is preparing the scripts for the first of the International programs. This first program, while not the broadcast scheduled for the Belgian Congo, is being produced by the IBS in cooperation with the OWI. It will be 15 minutes in length, and features the Brown Glee Club and three students who will speak on a different phase of Brown's activities in the war. The program will be shortwaved to Australia, England, Iceland, India, North Africa, and South Africa.

IBS has been negotiating with Army officials regarding the use of Army Overseas Transcriptions on the college stations and it is expected that in the near future the Army will provide the transcriptions to the IBS.

## Montreal Trolley Strike Cuts Studio Traffic

Montreal—Reduced audiences were the order of the day at Montreal radio stations as a result of the tramways strike which took effect at 4 a.m. and forced tens of thousands to walk several miles to and from work. Most workers prodded eagerly homeward as soon as released and few met downtown again in the evening to attend radio shows or theaters.

### Rita Harrigan To Red Cross

Rita Harrigan, secretary in the office of William S. Hedges, NBC vice-president in charge of stations, has reported in Washington for training preliminary to her overseas assignment with the American Red Cross. Miss Harrigan was associated with J. Walter Thompson Co., before joining NBC a year ago.

It is regrettable that you find it impossible to meet with us until April 15, but since that is your earliest date, we shall arrange to meet with you on that day at 2 o'clock in the afternoon at the Hotel Ambassador, in New York."

### Optimism Lacking

Because of the "uncooperative" manner in which Petrillo has been conducting his replies to the trade, as reported last week, trade observers were not optimistic about the outcome of the April 15 meeting, since the union exec has given every indication of standing by his original tax plan. Trade has no alternative proposal, other than to confine the negotiations to wages, hours and working conditions as per collective bargaining. Sooner or later, because of the war needs, the matter will have to be presented to the WLB. Attorneys for some of the companies are of the mind that the matter is fitting subject for WLB review since the courts have ruled that it is a labor dispute. However, several of the firms represented have held that the trade should not become further involved with government agencies. It is felt that already the trade is considerably burdened with reports and questionnaires for official look-sees.

## WLBC, Muncie, Ind., Joins CBS On April 1

Effective April 1, 1943, station WLBC, Muncie, Indiana, will become affiliated with the Columbia network as a special supplementary station available with the Basic Network, H. V. Akerberg, CBS vice-president in charge of station relations, announced yesterday. WLBC operates full time with 250 watts power on a frequency of 1340 kilocycles. The base rate for Muncie will be \$50.00 per nighttime hour. The station provides the only intensive primary coverage of this important Indiana market.

Established in 1926, WLBC is owned and operated by Donald A. Burton, station manager.

### Fitzgerald Adopts Child

A boy, born last Christmas Day, and adopted recently at "The Cradle" in Evanston, Ill. has arrived at the Hastings-on-the-Hudson home of John D. Fitzgerald, radio director of National Association of Manufacturers. The child has been named John D. Jr.

the AFM-Petrillo recording ban are to be looked for within the next few weeks, it was learned here yesterday. Although the committee has withheld action since the middle of January, when it held three day-long sessions, it is now believed ready to give up its waiting game in order to try to speed the end of the ban.

Senator D. Worth Clark, who chairs the Interstate Commerce Sub-committee conducting the inquiry, was out of town yesterday, but is expected back today. He is almost certain to call an early meeting of the group, which includes Senators McFarland, Tobey, White, Tunnell, and Andrews.

The possibility that Petrillo will be called back for additional questioning is rather strong, although Senator Clark has put the committee on record as satisfied that the AFM head has discharged his obligation to the committee by submitting settlement proposals to the recording companies. Further hearings have been held off in order not to affect the efforts at negotiation. The current impasse is so obvious that there is little danger that additional sessions will have a bad effect on attempts to bring the ban to an end.

### Recording Execs to Be Called

Representatives of the recording companies are expected to be called, with a strong possibility that broadcasting representatives — probably from the NAB—will also take the stand. Only Petrillo and his attorney, Joseph C. Padway, were heard in January.

## Changes In Personnel Announced By WHOM

Joseph Lang, general manager of WHOM, Jersey City, yesterday announced that Charles Balton has been appointed new program director to succeed Jack Kelsey, effective Thursday, April 1. Kelsey has gone to the Muzac FM station as program director. Balton, who was assistant director of war activities will continue his work in that department with Samuel Vigman as assistant.

Other changes announced were: Theodore Gemp, new chief engineer, succeeding Allison Burnham; new announcer, Dann Morley, formerly of WNBC, Binghamton, N. Y., and resignation from Polish department of Karol Sobolewski, for newspaper work in Baltimore.

### Becomes Funt Partner

Allen A. Funt Radio Productions announces that Dorothy Funt has been made a partner in the firm. Miss Funt, sister of Allen A. Funt, has been associated with him for over a year. She will act as general manager and will be in charge of sales for the firm.

## CBC's N.Y. Offices Found Costly Set

(Continued from Page 1)

Sedgwick, director of the WIB in New York, received no salary but was paid \$8,130 in living allowance and \$544 for travelling expenses. He is president of Standard Radio Ltd., which operates station CFMT Toronto. Leo Casey, former director of publicity for the New York World Fair, received \$13,320 salary, \$2 living allowance and \$748 travel expenses as "adviser" to the New York office. S. A. Freifield, listed research economist at New York, paid \$6,660 while H. R. Sutherland, formerly of Toronto, received \$5,000 and \$2,863 allowance as distributor of feature material for broadcast and newspapers at New York. Some salaries and allowances have been paid three officials at the Washington Bureau of the Board.

### Other Salaries Listed

Miss B. Thomas, former special events executive with the Columbia Broadcasting System, received \$4,000 to cover women's activities for radio and publications at the New York office. Paul Reading, formerly public attaché of the Canadian Legation, Washington, was paid \$6,000 for special assignments under the direction of the Board chairman.

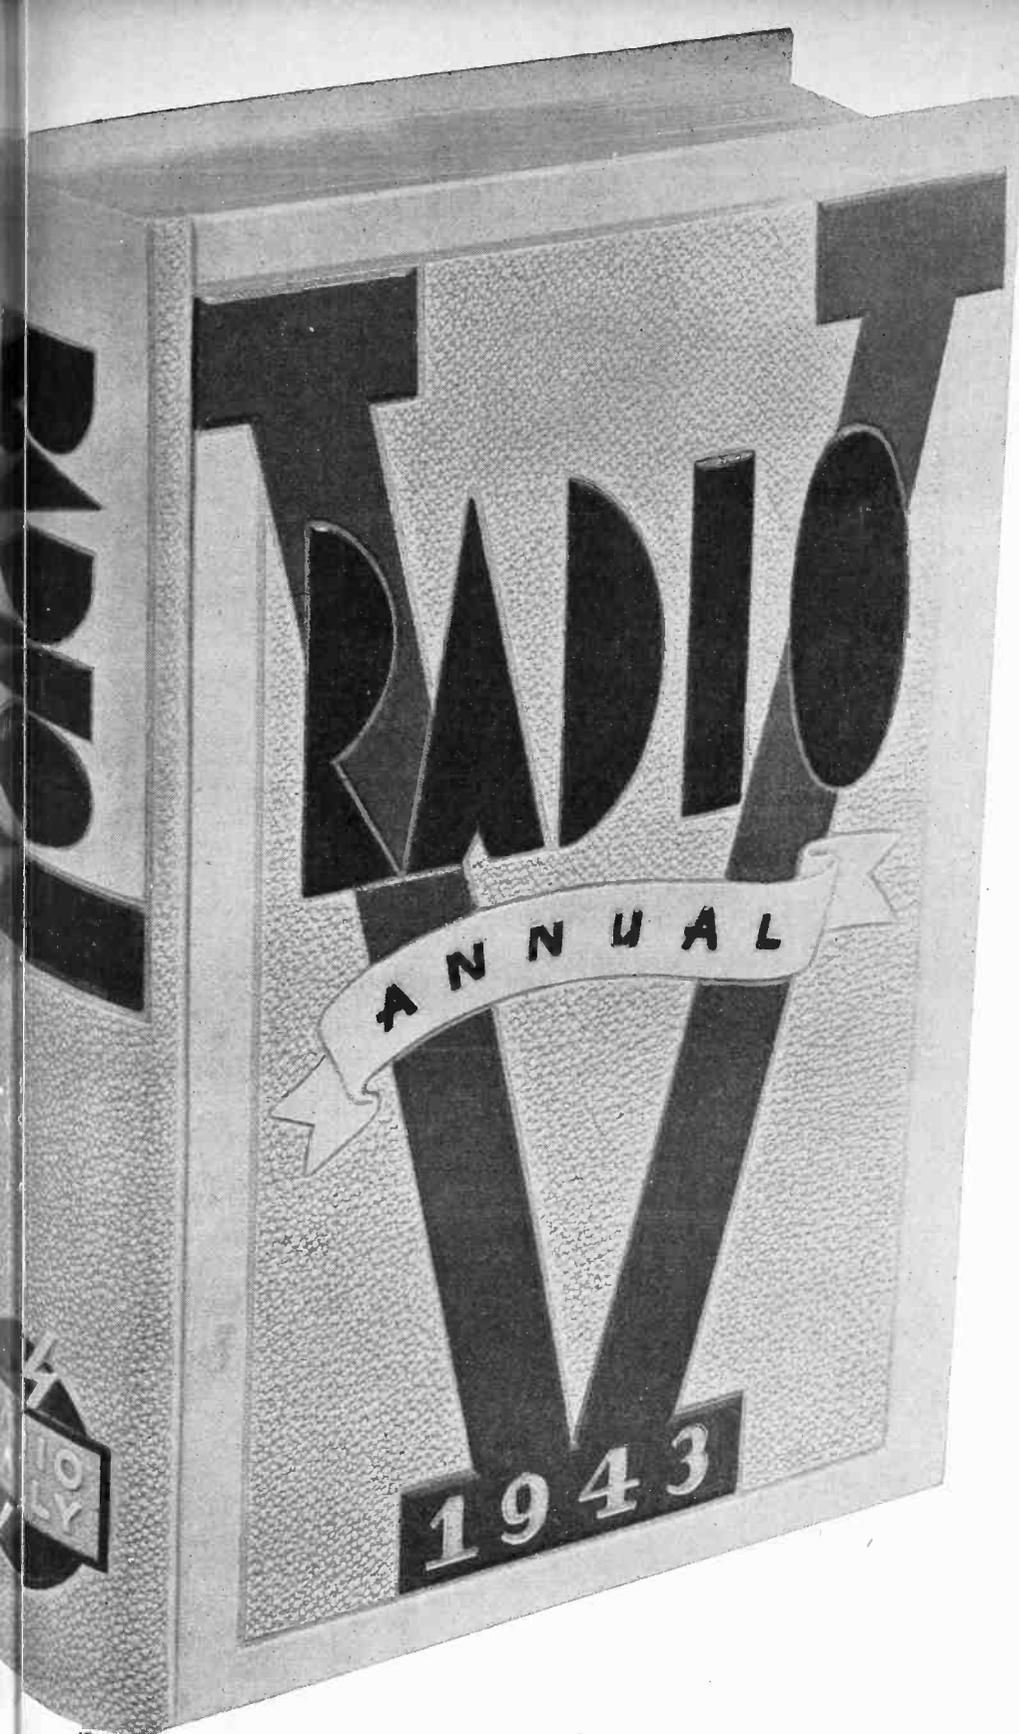

Other salaries to personnel in Canada included: G. C. Andrew, with one year's experience as a reporter, \$4,500 as "media analyst"; Miss F. King, radio reference writer, \$2,500; L. L. Knott, public relations counsel, \$4,800; G. Morin, French-Canadian broadcasting, \$3,120; R. Tessier, reporting foreign broadcasting, \$2,640; C. W. Tisdall, radio writer, \$3,000; J. D. Ketchum, research, \$6,000; A. McKenna, external news supervisor, \$5,200; P. Ranger, bilingual editor, \$3,300, and Bruce West, liaison with National Film Board, \$3,650. There are many others on the payroll who have no direct contact with radio.

Apart from the WIB, the Canadian Government employs 135 press agents for writing and broadcasting, many with the armed forces in Canada and Overseas, and other publicity specialists are numbered with the CBC and National Film Board.

## Stephens College Arranges For NBC To Take Grad

Columbia, Mo. — An arrangement whereby radio students from Stephens College for Women here may transfer to the Speech Division of Northwestern University and thence to the National Broadcasting Company's workshop in Chicago was announced by Sherman P. Lawton, head of Radio and Visual Education at Stephens. Under this plan, Lawton said, exceptionally talented students would be better assured of positions in the radio industry upon completion of their radio training.

Approximately 15 senior radio students at Stephens will transfer to Northeastern next Fall, he said.

At WJTN, Jamestown, N. Y., Du Bois Beers have started United Press war commentary nightly at 7 p.m. Clark Hardware has added a three-time weekly program entitled "Your Victory Gardener" to their schedule. Nelson's Department Store has inaugurated a new morning feature, "Women of Today," with Stella Unger by transcription. Iroquois Beverages has signed for 28 minute announcements weekly. Field and Wright Furniture Company will sponsor "Roy Porter and the News" cooperatively from the Blue.

Chief announcer Harvey Olson of WDRC, Hartford, is observing his eighth anniversary with the station this month. Olson joined the station in 1935, and is emcee on the early morning "Shopper's Special" program.

Charles E. Seebeck, U. S. Signal Corps Reserve, in charge of national sales for WAIR, Winston-Salem, has resigned to enter State College, Raleigh, N. C., where he will be on a government assignment studying advanced radio engineering.

To keep the home front abreast of governmental decrees, Universal Cooler Corporation and Ohio Locomotive Crane Co. present each night over WMRN, Marion, Ohio, the "Civilian Defense Calendar." The show, voiced by Lou Marsh, program director, has been used a number of times for civilian defense test mobilizations.

Stranded while on a speaking engagement recently in a small West Virginia town that lacked a hotel and transportation facilities, Gregor Ziemer, news commentator of WLW, Cincinnati, spent a restful night, he says, on a bed in the town hospital. G. C. Biggar, program director, cooperating with Howard Tooley, special events director of Indiana War Bond Sales Staff, will air a special show, "Buy the New Vincennes," on March 31, to raise money to replace the cruiser sunk in the Solomons. Show will feature former Vincennes Commander G. H. Bowman. Gordon Graham, assistant to James Cassidy, special events director, will interview Arthur H. Tandy, British Vice-Consul in Cincinnati, over WSAI on April 2.

Jimmy Woodworth, music library chief at WHK-WCLE, Cleveland, has written a Swedish-type polka, "Yumpin' Yiminy." In month or two it will be introduced by Dick Kuhn's Hotel Astor orchestra in N. Y. and by Claude Sweeten's band over KHJ, Los Angeles. Lois McCullough, service department, is writing continuity for "Symphony Hall," WCLE Saturdays, 4-6 p.m.

Rosemary Wolfe has been engaged as a full time announcer of WWNY, Watertown, N. Y., to fill spot left open when Robert D. Mowers went to WIRY in Troy, N. Y. Elma Bond has become women's program director, replacing Anne Alicia Jones.

KXOK, St. Louis, Mo., reports: That the postal employes of rural Illinois hanker for poems and household hints in Arthur T. Jones' "Home-maker Club of the Air" and that Jones obliges. Nick Lucas, the troubador, appearing in a local night club, was first in a series of guests scheduled by Emmett Schuster's Swing Sextette. All fit members of the station's program and sales staff have signed to donate blood to the Red Cross. Some members have donated four and five times.

KWK, St. Louis, Mo., announces that Martin Tobin and Hugh Chambers have joined the announcing staff. Tobin was formerly with WKBW-WGR, Buffalo, N. Y.; Chambers, a writer as well as an announcer, comes from WIP, Philadelphia. The "M.J.B. Show," emceed by Ed Wilson since M.J.B. went into the Army, now has seven sponsors, the latest being Human Brothers Hardware Co., plugging supplies for Victory Gardens.

Jay Heitin, program department of WHYN, Holyoke, Mass., calls attention to the fact that recently the station carried exclusively a broadcast by Mrs. Franklin D. Roosevelt, when she reviewed the WAVE's at Smith College, Northampton. With almost no advance notice, the special events department got permission from Mrs. F.D.R. to broadcast her speech, a 20-minute account of her personal experiences, and the post-war blessings of war-time training in the WAVE's. Mrs. Roosevelt spoke from the college.

WCCO, Minneapolis, Minn., broadcast on Saturday 3-3:30 p.m. the transcription of "A" awards made to Minnesota farmers by Gov. Harold E. Stassen the previous Wednesday. Commercial commitments necessitated the recording for subsequent airing. Larry Haeg, station's farm editor, was emcee. Captain G. X. Collier, former staffman, writes from British Isles that the BBC programs have variety and entertainment.

An Alphonse-Gaston act was recently played by Tom Wheeler, farm director, and Jane Weston, conductress of the "Modern Home Forum," both of station WOWO, Fort Wayne. It all started with Wheeler's remark on his "Farm Hour" program that baking bread was a lost art. He was immediately swamped with mail from women who still baked their own bread. The whole thing grew so large that Wheeler invited Jane Weston to the "Farm Hour" to read recipes. And she in turn invited him to guest on the "Home Forum."

Appealing to the Southern hospitality of their listeners, staff members of WSLI, Jackson, Miss., succeeded in collecting for the new clubrooms of the soldiers at Ordnance Depot at Flora a pile of radios, card tables, lamps, desks, books and games.

General manager Ronald B. Woodward, of WING, Dayton, and WT Springfield, announced that starting April 21, both stations will carry baseball games of the Cincinnati Reds, with Waite Hoyt at the m. The entire series has been sold to Bruger Brewing Company of Cincinnati. In conjunction with series the Midland Advertising Agency of Cincinnati has worked out an extensive promotion program.

KROW, Oakland, Cal., is now airing Sundays at 1:15 p.m., PWT, the "Fame Fathers," dramatized transcribed series conducted by Howard Lindsay, star co-author of the play "Life With Father." The quarter hour program presents each week a special guest father, among who have been Dave Elman of "Hobby Lobby"; Deems Taylor, and Explorer Admiral Richard E. Byrd.

Alan Hale, sportscaster of "Hale Tones" over KJR, Seattle, Wash., has been appointed to succeed Chas. Bailie, retiring research-advertising manager of KOMO-KJR. Hale, University of Washington grad and former FBI agent under Melvin Purdy in the gangster era, covered, with Red Barber, Brooklyn baseball and N. Y. Giants football last year.

Chet Petersen, former sales executive KRKD, Los Angeles, and KFOX, Long Beach, associated with Hollywood Associate Producers, has been appointed sales and production manager of KTFI, Twin Falls, Idaho. He will continue to serve as manager for Hollywood Associate Producers in an advisory capacity.

## Canada In Strict Control Of Radio Manufacturing

Toronto—The Wartime Prices and Trade Board has proclaimed regulations governing the wartime manufacture of radio receiving sets, broadcasting equipment and parts under a recent Order-in-Council of the Dominion Government, a ban being placed on the production of radios and appurtenances. There was a scurry on the part of the trade to secure the official information, only to find that the new order consolidated various edicts issued during the past year. According to a trade spokesman, there was "nothing new" in the new code and all the excitement was for nothing.

The Government explained that jurisdiction over metal products had been transferred from the Federal Controller of Supplies to the direct authority of the Wartime Prices and Trade Board and officials of the latter had decided to issue a new set of regulations which "carried through" the provisions of previous enactments. Comment in trade circles reflected the thought that the board could find something else to do but re-issue old orders.

Meservey Quitting OWI; Leaves Bureau April 17

(Continued from Page 1)

for NBC, Meservey came to Washington late in 1941, serving several months with the OFF before OWI was formed. His plans for the future are still uncertain, Meservey said, refusing to discuss them in detail. "First on the agenda," he added, "is a nice long rest—the first in two years."

3 Nat. Spot Accounts Renew Time On WABC

(Continued from Page 1)

eral Baking Co. signs its first renewal of its fifth campaign over the station effective March 26.

With its renewal effective April 5, Studebaker continues to sponsor "Eric Sevareid and the News" Monday and Wednesday from 6:10 to 6:15 p.m., EWT and Sunday evenings from 11:00 to 11:10 p.m., EWT. Institutional copy is used on the programs. Roche, Williams & Cunyngnam, Inc. handles the account.

Re-signing effective April 3, Beech-Nut Packing Company advertises its Beech-Nut Coffee on "Music for Today," Tuesdays, Thursdays and Saturdays. The program is heard from 8:15 to 8:20 a.m., EWT. The business was placed through Newell-Emmett Company.

General Baking has signed the first renewal of its current series on WABC. Through BBD&O, the client is advertising on the Monday, Wednesday and Friday "Music for Today" programs.

Borden Sets Commentators For Ice Cream Spot Drive

(Continued from Page 1)

tion. Set are Reid's ice cream on WEA, with H. V. Kaltenborn, and Pioneer ice cream on WABC with Quincy Howe. The third brand, Horton, may be set on WOR which has had Pioneer sponsoring its "Bull Dog Drummond" series.

Placement of a local sponsor with Kaltenborn represents a departure of policy on the part of that commentator who heretofore has limited his commercials to regional or network scopes. Deal is a 26-week pact, starting April 12, for Mondays, Wednesdays and Fridays, 7:45-8 p.m. The spot has been vacant inasmuch as the Pure Oil sponsorship at that hour does not take in the local outlet on NBC. Sponsor had sought a year's contract, but the commentator was hesitant about the long term commitment. Pedlar & Ryan handle the account.

Pioneer's contract on WABC starts today, on "Quincy Howe and the News" Mondays, Wednesdays and Fridays from 6 to 6:10 p.m., through Young & Rubicam, Inc. Y & R are also handling the Horton brand.

between day and night broadcast. Section 3.229—Provided that "within a year of the date of first regeneration of a high frequency broadcast station, continuous field intensity records along several radials to be submitted to the Commission which will establish the actual contours, and from which operations constants required to deliver service in the area specified in the license determined. The Commission may grant extensions of time upon showing reasonable need therefor." The rule permitted a check of the service area with the predicted area at time of license issuance as well as data upon which to base adjustments if required. This part of survey, however, requires the considerable time and services of field personnel and the use of suitable measuring equipment installed in auto or truck. No substitute action was adopted.

Text of Sec. 3.261

Section 3.261 (a)—Required licenses of high frequency (FM) broadcast stations to maintain a regular operating schedule except Sunday at least 3 hours between 6 a. m. and 6 p. m. and at least three hours between 6 p. m. and midnight, local standard time.

Section (b)—Of this rule require the licensee to broadcast during each of the daytime and night-scheduled periods at least one program service not duplicated simultaneously in the same area by a standard broadcast station or another station.

The suspension of yesterday applies to sub-sections. In lieu thereof, the Commission substituted a more flexible requirement, which will permit FM operators a minimum service each except Sunday, of six hours during any portion of the broadcast and that the transmission of two copies of unduplicated programs be made any part of the broadcast schedule.

## WARTIME PROMOTION

### Honolulu Market

KGU, Honolulu, recently sent out a promotional mailing piece that covers the market values offered by the station for the Hawaiian area.

The promotion, a folder, is restricted to a factual presentation of percentage figures showing the increase in volume business done in Hawaii for the past several years.

The folder is a single-spread type which carries on its cover in the upper right hand corner a picture of KGU, housed in the Honolulu Advertiser Building. The rest of the cover is made up of Hawaii's business record for 1942.

The inside of the folder is devoted to a breakdown of the "Amazing Vitality of the Hawaiian Market Under War Conditions." The breakdown is presented in good-sized white squares placed on a gray background. The breakdown shows the percentage increases for 1942 over 1941 and 1939 and includes Retail Volume, Wholesale Volume, Payroll Increases, News-

### For the Employees

Upward of a million war workers will find in their pay envelopes an announcement that "Men, Machines and Victory" will be aired Tuesdays 7:15 to 7:30 p. m., EWT, over the Blue. The announcement, about the size of a postal card, carries a message in red ink, "Stop Accidents Now," and in blue ink, details of the broadcast. All the printed matter is imposed of a light blue background showing a sea of upturned faces of men in an industrial plant.

The notice is being distributed by the National Safety Council's War Production Fund to Conserve Manpower, sponsors of the program.

The back page covers the vital necessities of the Island Territory and the part radio is playing to assuage the lack of certain accustomed things because of the war.

### WIB Status In New York Clarified By Sedgwick

(Continued from Page 1)

DAILY yesterday that the "expenditures" of the organization which were attacked in Parliament earlier in the week, were for a full year, time of which has yet to elapse and therefore the figures had not yet been actually paid out. Sedgwick pointed out that the expenditures which would total approximately \$119,209 at the end of the year is a correct figure but for a complete year; this was not indicated in the Parliamentary squawk.

In regard to himself, Sedgwick stated that it is true he is serving without salary and where his name is connected with the \$8,130 figure, this sum is his living allowance and certain estimated operational expenses which he must take care of, but which also represents sums yet to be paid him out of this total sum. This also it appears was not brought out in Parliament. Thus as far as the New York office is concerned, its personnel has served six months and actually received 45 per cent so far of the figures quoted in Parliament. Another angle to be taken into consideration is that the figure is reduced by 10 per cent via American exchange. At this rate, half of all monies mentioned is undrawn by WIB. The CBC, incidentally, is not connected with the WIB.

### 'Town Meeting' From Cinn.

"America's Town Meeting of the Air" will originate in Cincinnati, Ohio on April 15 and will be relayed to the NBC network by station WSAI. Under auspices of the Cincinnati Board of Education, four local outstanding high school students will discuss "Should the Voting Privilege Be Extended to Eighteen-Year-Olds?"

### Geo. Lowther Leaves NBC For Superman, Inc. Post

George Lowther, NBC writer-director, yesterday resigned to take the post of production executive with the Radio Division of Superman, Inc., specialists in juvenile entertainment, it was announced by Bob Maxwell, general manager of Superman. In his new post Lowther will continue as writer-director-narrator of "Superman," heard five times a week on the Mutual network under the sponsorship of Kellogg's, and will act in an advisory capacity for three other serials produced by Superman, Inc.—"Hop Harrigan," an aviation thriller on the Blue Network; "Highway Patrol," which will be heard in Mutual at 5:30 p. m. Monday through Friday starting April 5; and "Mystery House," a new children's mystery program, which is now being prepared for sponsorship.

Lowther's arrangement with Superman, Inc., will permit him to freelance in any field but juveniles. During his employ by NBC, with which he has been associated since 1927, Lowther was allowed to freelance, in which capacity he has worked on "Superman" for the past two years. He has also written "Dick Tracy," "Terry and the Pirates," "Smilin' Jack" and "Tom Mix."

### Conti Extends Program

Conti Products, through Birmingham, Castleman and Pierce, New York, has extended its sponsorship on Mutual of the "Treasure Hour of Song" three weeks, expiration date falling on May 6 instead of April 15. Series, which has been co-starring Licia Albanese, Francesco Valentino and Alfredo Antonini's orchestra, has been heard Thursdays, 9:30 p. m., EWT.

**D**URING his visit in New York with the Burns and Allen show, Clarence Nash, the "voice" of Herman, the duck, signed for a lecture tour which he will start in the late fall.

Carl Hoff, musical director at various times for such network shows as "Your Hit Parade," "Watch the Fun Go By," "Al Pearce and His Gang," and many others, took over the baton on the Gracie Fields' "Victory Show," effective last Friday night. Hoff replaces Harry Sosnik, who returns to New York. The show is heard over the Blue, Monday through Friday at 7:15 p.m., PWT.

George Riley, who is starred on the "Gilmore Furlough Fun" show Friday nights at 9 o'clock over KFI and other NBC Pacific Network stations, has set what appears to be a record for playing camp shows for service men. His recent appearance at San Diego with Marlene Dietrich and other topflight Hollywood names marked his 150th stint. Riley started this routine in 1941, before America entered the war.

L. O. Hatfield, one-time radio amateur and for two years chief inspector at Universal Microphone Co., is now supervisor of their plug Dept.

Dick Joy is back on the job in fine physical condition following his ordered rest at Palm Springs. He begins announcing the Groucho Marx program at once.

J. Howard Pyle, program manager of station KTAR, Blue affiliate in Phoenix, Arizona, planed in and out of Hollywood for conferences with Robert Moss, Blue production manager, and to attend the Biltmore Hotel meeting of the OWI.

## White's Minneapolis Talk

Minneapolis—Each citizen has a responsibility to become his own "mind raid warden" against propaganda from the enemy, Paul W. White, CBS director of news and public affairs, told some 1100 bank officials attending a meeting here to plan the Northwest's participation in the April War Bond sale.

Explaining CBS's shortwave division studying and offsetting Axis propaganda, White discussed the German government's current rumors based on fears, prejudices and fanciful untruths concocted to arouse suspicion or impair confidence in our government.

## Notes From A Ringside Seat...!

● ● ● It never rains but it pours, if we may be permitted to use the cliché for the umpteenth time...and the liquid made Quizzer Bob Hawk's head swim...it happened on the "Thanks to the Yanks" program last Saturday over CBS...When contestant Mason L. Penfield of Camden, N. J. told Hawk that he was the father of five sons now serving in Uncle Sam's Armed Forces, Bob thought that was something...but as it turned out, Hawk hadn't 'heard nothin' yet' as the saying goes...came a few moments later and with them Miss Helen Van Coutren of the Bronx, who stepped up to the mike and proudly informed the Hawk'shaw' that she has nine brothers and sisters in uniform and that she shortly would join the WAAC's...she was at a loss as to which member of her family should receive the carton of 1,000 cigarettes so Bighearted Quizzer Bob simplified matters by deciding to send each of the nine members of the Van Coutren family that 'grand' prize...Such is fame: Barry Wood was seated in Reuben's recently when a lovely creature stepped over to his table and greeted him with a great deal of warmth and loving enthusiasm...Barry, returned the favors in like manner and after the lady left, said, "If she'd only take off those smoked glasses, I'd know who she is"...No one in show business can deny that Ben Alexander is entitled to the "Squatter's Rights" to that famed corner, Sunset & Vine...28 years ago, at the age of three, Ben, toddled before the motion picture camera, when he appeared in the old silent film titled, "Every Pearl A Tear," filmed by Famous-Players Lasky Co. which at that time had its studios upon the terrain where NBC's Radio City now stands, and where Alexander now does four different shows weekly.

● ● ● Harry Frazee, former Eastern Production head of the Blue Network, leaves today for Hollywood and a new Radio connection...Three movie offers may decide Jerry Lester to change his plans about starring in Clifford Fischer's "Priorities" to trek back to the coast...The Fresco Club, composed of musicians, who are members of Local 802, AFM, will hold its 31st annual Entertainment and Ball at the Hotel Edison, next Monday...British composer, Richard Addinsell, has given permission to Carmen Cavallero to broadcast "Warsaw Concerto," when Carmen's orchestra makes its second appearance, Sunday on the "Fitch Bandwagon"...Tobe Reed will emcee...Jean Ellyn, emotes regularly each week on "Dr. Karnac," "Philip Morris Playhouse," "Famous Jury Trials," "Sea Hounds," "Manhattan At Midnight," "Counterspy," "Gangbusters," and "Mr. District Attorney" and has now become a regular on George Lowther's WOR "Superman"...we get it...a 'Supergirl' for 'Superman'...20th Century-Fox will screen test songstress Vera Barton this week.

● ● ● Howard M. Loeb's trade paper teaser cartoons plugging WFDF, has provided this scribbler with many a chuckle...just thought he'd like to know...Guy Lombardo's vocalist Billy Leach just became a new papa...the new Leach 'peach' is named Hannah...NCAC has booked Hope Emerson, Eccentric Comedienne, for a guest shot this Thursday on the new Camel show over NBC...She should prove a perfect foil for funny-guy, Garry Moore...When Bernie Estes, new Director of Public Relations and Special Events took over, he received congrats from all his contemporaries but one...and that 'one' just forgot, that's all...Bob (Believe It Or Not) Ripley, will be the guest star, April 7, on the Milton Berle CBSouperduper.

**M**ARY HOWARD, movie star making her first cafe appearance at a singer at the Mayfair Room of the Blackston Hotel next Friday, will be guest star of WGN's "Ahoy America" from the Navy Pier on Thursday, April 1, at 7:30 p.m. Show is produced by Morrison Wood of WGN under U. S. Navy sponsorship.

Sid Harris, of the William Morris Agency, passing out cigars celebrating the birth of a daughter, Hope Joy, 7 pounds, 15 ounces, at Michael Reese Hospital. Mother is professionally known as Selma Marlowe, dancer.

Don McNeil takes his Blue Network "Breakfast Club" show to Toledo for an engagement on April 10.

Les Tremayne, who has co-starred with Barbara Luddy on the WGN-Mutual "First Nighter" has left the show to go to Hollywood with his wife, Eileen Palmer, for screen tests. Miss Palmer gave up roles in "Ma Perkins," "Lonely Women" and "The Lone Journey" to join her husband.

Franklin Ferguson of Detroit is a new WBBM staff announcer.

Buddy Franklin and his orchestra are slated for a May appearance at the Aragon, Chicago, with a WGN-Mutual wire.

Lieut. Comm. Eddie Peabody of the U. S. Navy, who features banjo solos on the Blue Network's "Meet the Navy" and the "National Barn Dance" shows, broke a finger on the right hand yesterday. He'll be off the air for some weeks.

## Miles Shoes On WNEW; Gen. Baking Also Signed

Miles Shoes, which has been using spots on metropolitan outlets, has just signed up for a quarter-hour program, "Musical Mile Stones" on WNEW, weekdays and Sundays, through the Grey Advertising Agency. Sponsor has arranged an elaborate promotion tie-up for the program, having used newspaper ads earlier this week to announce its new commercial. Firm is using stuffers in all packages, window displays and posters plugging the WNEW program.

Other business this week on the station takes in a 52-week deal for a variety of spots by the General Baking Company for its Bond Bread, through BBD&O, and a 26-week renewal by the Denver Chemical Co. for its antiphlogistine, through Badger, Browning & Hersey Inc.

**WLN Shifting Programs Preparatory For Baseball**

General reshuffling of program schedules along with program experimenting will go into effect the end of the week as WHN opens its baseball season. Major victim of the bat and broadcast is station's two-hour program, "Gloom Dodgers" though losing out on its p.m. slot will gain added time while filling the morning hours. Show is extended from two to four hours for airing 9 a.m. to 1 p.m., six days a week. Tiny Ruffner, Irving Berlin and Mort Lawrence will be the emcee honors. Station work, led by Don Bestor, along with the personnel of Barry Sisters, the Singer, Don Saxon, Tony Sherman and Adrienne Ames go along with the move. Mary Small has been scheduled for a guesting, Friday, April 3, at the initiation of the early hour broadcasting. Sid Walton will handle the four-hour news periods each hour. Station's execs regard the four-hour reduction as an innovation in programming in metropolitan indie station operation.

Remainder of schedule shifts, involving station's nine leading programs has cleared the decks between 5 and 5:45 every day in the week for the baseball programs.

**Fly Again Writes McNutt For Ruling On Manpower**

(Continued from Page 1)

power question with the president, Fly said "I don't remember." His bearing, his frequent smiles and general good humor seemed ample evidence that whatever he had discussed with the President, the discussion had not been unpleasant.

Fly revealed that he has sent another letter to the WMC head, Paul V. McNutt, in an effort to clarify the manpower situation for the broadcasting industry. He has not yet received a reply to the letter he sent two weeks ago, seeking some indication from the WMC as to how it felt about having local draft officials state that although broadcasting is an essential activity, that does not mean that all stations are essential.

**Reaction "Quite Satisfactory"**

Fly sent McNutt also copies of earlier correspondence he had had with WMC on a similar matter. The two recent letters were inspired by the difficulties of WLIB, Brooklyn, with a local board. The earlier correspondence dealt with somewhat similar difficulties experienced by WOLF, Syracuse. The sum of the earlier correspondence was "quite satisfactory," he said.

The chairman made it plain that he was not interested in engaging the WMC in any controversy over the matter. This remark was occasioned by an incident during McNutt's press conference earlier yesterday, when the manpower chief became quite annoyed at a question as to whether he had received Fly's letters. He scolded reporters for "picking on the WMC." The WMC, he said, is trying to do a job and could do it better with more co-operation from the press.

Fly made it plain that he was not complaining over the delay in replying to his note, at which point one reporter remarked, "Mr. Chairman, I think you have a great deal more faith in McNutt than most people if you expect to get an answer before a year."

**Mills Heads K. E. Radio; Dunne Made Time-Buyer**

Dwight Mills, executive vice-president of Kenyon & Eckhardt, Inc., has been appointed radio director of the agency. He takes over the duties of J. R. Stauffer, who is on leave of absence, serving as a Major at the U. S. Military Academy, West Point, N. Y.

Richard Dunne, formerly of Kenyon Research Corp., has become radio time buyer of Kenyon & Eckhardt, following the resignation of Hilda Lucey. Jayne Shannon, of the time buying department, has been appointed Dunne's assistant.

**Doescher To MBS Sales**

Ted Doescher, formerly assistant to the president of the Guiberson Diesel Engine Company, Dallas, has been appointed to the Mutual sales staff in Chicago, as of this week. Doescher succeeds Tom Harker who switched to the Blue Network.

**Curtis-Wright Shot On Mutual April 11**

Aimed at reducing absenteeism, and inspiring quality of work, Curtis-Wright Corp., through Landsheft, Inc., Buffalo, N. Y., will sponsor a one-time program, a cavalcade of aviation, on seven Mutual stations, Sunday, April 11, 3:30-4:30 p.m., EWT. Program will be designed to bring to the attention of the public and Wright employees, the importance of "backing up our own battle lines," and will be labelled, "He Does Not Fly Alone." Stage, screen and radio names will be cast for the production. Labor and industrial leaders will be invited as special guests to the broadcast which will originate at the WOR Playhouse, New York. Other stations carrying the feature are KWK, St. Louis; WGN, Chicago; WGR, Buffalo; WHKC, Columbus; WGRC, New Albany, Ind.; WKRC, Cincinnati.

**Ascap And NBC Reply To Suit Re "On, Iowa"**

Holding that Ascap acquired copyright rights to the song, "On, Iowa," Ascap and NBC yesterday asked for a dismissal of an infringement suit filed against them recently by William B. Law in the N. Y. Federal Court. Law's suit sought royalties on the ground that moneys had been collected by Ascap for the use of the song on NBC.

Yesterday's replies denied all of Law's allegations on infringement and, in addition, stated that Law had assigned his rights to Melrose Brothers Music Co., Inc., of Chicago, on Aug. 12, 1929, and that the Melrose firm had been members of Ascap since Sept. 29, 1937, giving that Society the licensing rights to the tune.

Ascap admitted licensing NBC for the use of the song.

**Fox On 12 N. Y. Outlets To Plug Fur Storage**

I. J. Fox, furriers, is setting a six-week spot campaign on a dozen metropolitan stations, plugging its fur storage services, starting this week. New York stations already signed for business are WOR, WNEW, WMCA, WINS and WLIB. In addition there are WPAT, Paterson, N. J.; WHOM, Jersey City; WFAS, White Plains; WGBB, Freeport, L. I. Time buying has been placed directly, with a few more stations slated to receive Fox business within the next few days. Additions will likely be the higher powered stations.

**Danish Services On WGEO**

Third anniversary of the German occupation of Denmark will be commemorated Saturday, April 10, with a devine service at the First Presbyterian Church in New York, which will be shortwaved to Europe by station WGEO at 3:15 p.m., EWT. The feature, during which Henrik de Kauffmann, Danish Minister to the United States, will speak, was arranged by the Danish Section of NBC's International Division.

**AGENCIES**

**TOM EVERITT**, has been made assistant to Tom Harrington, director of radio for Young & Rubicam. Everitt has been with the agency for several years as a member of the talent division.

**PAN-AMERICAN COFFEE BUREAU**, through J. M. Mathes, Inc., is inaugurating a new campaign having for its purpose the protection of the public against adulteration. It will be built around the theme that "one cup of pure, unadulterated coffee is better than two cups of unsatisfying brew. The home economics type of radio program is among the media which will be used widely.

**PILLSBURY FLOUR MILLS CO.**, through McCann-Erickson, Inc., has planned a campaign to introduce its new wheat-soy-rice pancake mix. Radio programs are included in the schedule.

**Philco's Net Income Shows Drop From 1941**

In a comparison with 1941, the net income of Philco Corporation for 1942 was off \$303,577 or 22 cents a share, according to the firm's annual report just released. Figure for 1942 after federal income and excess profits taxes, and after providing a Reserve for Contingencies of \$1,000,000, totaled \$2,209,992 or \$1.61 per share, as compared with \$2,513,569 or \$1.83 per share for the year 1941. Included in the earnings for 1942 is the post-war refund of excess profits taxes amounting to \$538,792 as provided for by the Revenue Act of 1942.

**Refunds to Army and Navy**

Philco Corporation's total sales of civilian products and war goods before voluntary refunds amounted to \$73,505,979 in 1942, as compared with \$77,073,636 in 1941. As manufacture of military equipment progressed, and increased efficiency was achieved, costs were lowered and the Company voluntarily reduced its prices by refunds to the extent of \$5,000,000 to the Army and Navy on the work done for them in 1942. Sales of the company last year, giving effect to this adjustment, were \$68,505,979.
