# Log North American Broadcasting Stations

## With Stations Listed by Wave Length and Frequency

ALL North American broadcasting stations, with their power, location and call letters are listed here, arranged according to frequency in kilocycles and wave length in meters. A record of where each station comes in on the dial may be placed in the left hand margin.

Stations with 1,000 Watts and over are printed in bold face type. Stations with an asterisk (\*) before them broadcast on limited time or day time only.

Through use of STEVENSON'S RADIO LOG it is possible to determine where any station should come in on the dials of your receiver.

Look up the wave length of your local station. Suppose, for example, that the station is on 610 kc (kilocycles), and that it comes in at 90 on your set.

Then the stations on 620 kc, the next channel below, should come in at about 89. Stations on 640 should come in at about 87.

Pick out a few stations which you get regularly, and mark down their dial settings. They will serve as guides to enable you to know just where to look for any particular station you want to get.

	Call Letters	Power	Location
<b>550 Kc.—546 M.</b> Dial Reading:	KFDY	500	Brookings, S. D.

# TRAINED RADIO MAN REPORTS EARNINGS OF \$5,000 LAST YEAR

## Former School Teacher Learned Radio at Home and More Than Doubled His Income

### Read This Letter

"I am now engaged in sound picture work—have 25 theatres in Cincinnati to take care of and it is very fascinating. When I made application for my present position, I had to pass a technical examination which included many questions on vacuum tubes and Radio circuits. I was able to do this successfully chiefly because I had just completed the course with the National Radio Institute. I know I would never have obtained the job had it not been for your course—I give your Institute credit for training me in the amplification work involved in our systems. Within the past year I have made approximately \$5,000. Since my salary in my old position as a teacher was only \$2,000, I credit \$3,000 of my present income to N. R. I. training and am much happier in my work than I have ever been. So you see why I am an enthusiastic booster for N. R. I."

(Signed) P. V. WOOLLEY.

PAUL V. WOOLLEY,  
948 Sunset Ave.,  
Cincinnati, Ohio.

### Free Book Is Showing Many How To Get Into Radio, Television, Talking Movies.

Mr. J. E. Smith, President of the National Radio Institute, will be glad to send his 64-page book, "Rich Rewards in Radio", to any interested man or young man. It tells about the many opportunities for trained men to make as much as \$50 to \$100 a week in the various fields of Radio. It also explains how this easily mastered home-study training fits you to begin making extra money on the side almost at once. Many students earn \$200 to \$1,000 in spare time while learning.

### "Learn at Home in Spare Time" Says Mr. Smith

"Stay right at home, hold your job and learn in your spare time. I send you eight big outfits that give you extensive practical experience and make clear the basic principles of most branches of Radio—including Talking Movies, Public Address Systems, Aircraft Radio, Television, etc.—and show you how to service practically every type of receiving set made. I help graduates find jobs and back my training with a money-back agreement. Mail coupon for free book now."

### Now You Can Specialize In Radio's Leading Fields

The National Radio Institute offers you the same thorough, fundamental training that increased Woolley's income \$3,000 last year. In addition, you may SPECIALIZE by taking any one of five new advanced Courses, without extra charge. They are:

1. Television (Theory and Practice.)
2. Aircraft Radio.
3. Sound Pictures and Public Address Systems.
4. Broadcast, Commercial and Ship Radio Stations.
5. Advanced Radio Servicing and Merchandising.

J. E. SMITH, President,  
National Radio Institute.

Dept. 2A05, Washington, D. C.

Please send your free book, giving information about the opportunities in Radio. I understand this request places me under no obligation and that no salesman will call.
