## Drew Resigns At RKO; Forms Paul Drew Enterprises

Paul Drew has resigned as Vice President of Programming for RKO Radio to launch his own independent consulting firm. Drew's new firm, Paul Drew Enterprises, will be moving into television production as well as continuing to work in the radio field, with RKO Radio the first consultancy client.

Drew told R&R: "After four years as Vice President of Programming, I have decided to resume my career as an independent consultant on July 1st and branch out into other areas of the entertainment industry as well as pursue governmental interests I have established. Obviously, I cannot do both independent work and continue in my present corporate capacity. So...I am setting out on my own as Paul Drew Enterprises and I am pleased to announce that my first major client is RKO Radio. I will be reporting to Dwight Case directly...all that has really changed is the structure which now allows me to grow and develop a greater client list on a noncompetitive basis."

Drew added, "The four years at RKO headquarters in Los Angeles were the finest I have spent in my twenty-two years in the industry, because they have given me the base upon which I can now build my future. What more could any man ask of his job?"

Case told R&R that he had no immediate plans to fill the vacated VP of Programming position. He also noted that Christie Wright would continue as RKO Music Coordinator, now reporting directly to him.

### Engineer Shot While Picketing

Gary Stalcup, a video engineer picketing ABC as part of the ongoing NABET strike against the television and radio network, was shot in the upper arm Friday (6/3) while on the picket line in front of KABC/KLOS Los Angeles studios. According to police sources, four young men pulled up and asked Stalcup the reason for the picketing. Stalcup explained, then, apparently, the car made two U-turns and one of the occupants fired at him.

The NABET strike, which began May 16, was still on after Federally mediated talks in Washington D.C. were suspended after four days of, according to NABET sources, "no progress."

## AVCO Sells Three Outlets To King

AVCO Broadcasting is in the process of selling three of its outlets, KYA-AM-FM/San Francisco and WRTH/Wood River, Ill., to King Broadcasting for a figure described by KYA Vice President/General Manager Cliff Hunter as "in the neighborhood of \$6 million." According to Hunter, the Presidents of both companies have signed a "definitive agreement" to the sale,

which is now subject to the approval of both companies' boards of directors and the FCC.

King Broadcasting is the present owner of KING AM-FM-TV/Seattle, plus other broadcast properties. KYA-AM is currently programmed Top 40, with the FM side (Y93) AOR. WRTH-AM is Beautiful Music.

DOOBIES HOST CHARITY GOLF & CONCERT DAY—The Doobie Brothers, in conjunction with Warner Bros. Records, Wolf and Rismiller Concerts, and Carolyn Raskin, hosted a day of golf and an evening of music for Los Angeles industry personnel and fans, with proceeds going to United Way charities. The Monday (6/6) program commenced with golf at the Calabasas Park Country Club, then shifted to the Century Plaza Hotel for a cocktail party, followed by a Doobie Brothers concert (a highlight of which was the guest performance of Dinah Shore with the group).

Pictured on the green are (top row l-r) Jeff Baxter, Doobie Brothers; Jim Rismiller, Gary Frank, of ABC-TV's "Family"; Keith Knudsen, Doobies; recording artist Edwin Starr; Mo Ostin, President, Warner Bros. Records; Peter Marshall; John Marley; Deniece Williams; and Tiran Porter and John Hartman of the Doobies. Bottom row (l-r): Larry Vallon, Bobby LaKind, Michael McDonald, Doobies; Gale Storm, Patrick Simmons, Doobies; and Doobies manager Bruce Cohn.

DC101 SCOUTS R&R CONVENTION LOCALE—Ever alert to new potential headquarters for the next R&R Convention, the staff of DC101/Washington D.C. motored over to inspect the premises of a promising local establishment. Unfortunately, a slight lack of facilities and the management's refusal to accept major credit cards led to a unanimous opinion (seconded by the Luncheonette's management) that the place was unsuitable. A special R&R Luncheon might not be out of the question, however. Pictured standing behind DC101's impressive automotive specimen (l-r) are jocks Howard Page, Michael McKay, Gary Chase, Chris Montgomery, and E.Z. ## Former Commissioners Tout Two-Part FCC

Former FCC Commissioners Kenneth Cox and Dean Burch suggested to the House Subcommittee on Communications that the FCC be divided into two separate panels, one to deal with the broadcasting and cable TV matters and the other with common carrier and special radio affairs. Said Cox, "The entertainment and information services these media provide, or should provide, are so important to the American people that it is all too easy for a new Commissioner to become all wrapped up

in broadcast and cable matters to the exclusion of everything else."

Opposing Cox and Burch's views, former Commissioners Glenn Robinson and Nicholas Johnson stated that new technologies have tended to bring the two areas closer together, and that finding Commissioners expert in both fields was not an insurmountable problem. The House committee is holding hearings pursuant to its impending rewriting of the Communications Act of 1934.

## Holberg New PD At WIP

Bruce Holberg has been named Program Director at WIP/Philadelphia. Holberg, PD at WCBM/Baltimore (another Metromedia outlet) for three years, will assume the position vacated by Dean Tyler, now PD at WNEW/New York, as soon as a replacement is found for the Baltimore station. In the interim, he will divide his time between Baltimore and Philadelphia.

Contacted by R&R, Tyler stated: "I'm personally happy to see the appointment of Bruce Holberg to the PD position at WIP. Three years ago I had the chance to consider him as Assistant PD, but realized his potential was far greater than that...with my recommendation, Bruce got the full-time PD slot at WCBM and has done an outstanding job there."

Holberg told R&R: "On one hand, WCBM has been a terrific experience, with the kind of cooperative

staff and understanding General Manager, Harold Deutch, that very few stations enjoy. On the other hand, I'm thrilled to be moving to one of the truly outstanding Pop/Adult radio stations in America."

## Lew Witz Departs WCFL

Lew Witz, Station Manager at WCFL/Chicago for the past nine years, left that position last week. Witz was present throughout the Chicago Federation of Labor-owned station's protracted, hard-fought Rock battle with long-dominant WLS. WCFL switched from Rock to a Beautiful Music format last year.

WCFL General Manager William A. Lee remains in charge of the station. No replacement for Witz has been named at this time, and Witz's own future plans were not announced.

## ABC Realigns Exec Structure

ABC Records has realigned its executive structure with a number of changes in key positions, label President **Steve Diener** announced. As part of the realignment, **Barry Grieff** has been named Vice President of Marketing and Creative Services, supervising advertising,

Barry Grieff

merchandising, artist relations and publicity efforts for ABC. Grieff, formerly Vice President of Advertising, Merchandising, and Special Products at A&M, expressed enthusiasm about working with Diener at ABC: "We think very similarly about the record industry and where it's going."

**Herb Belkin** has been promoted to Vice President, Operations from a Vice-Presidency in Charge of

Herb Belkin

Marketing and Creative Services. Belkin will now oversee day-to-day operations for ABC.

**Mark Meyerson** has been appointed Vice President of A&R, assuming charge for all responsibilities

Mark Meyerson

in that department. He was Vice President of East Coast Operations for the label.

## KISS CAPTURED IN COMICS

**Kiss** becomes the first Rock band to be featured in their own full-length comic book, with the publication in June of Marvel Comics' "Kiss Super Special". The 68-page comic book features a lavishly-illustrated fantasy tale starring the four members of Kiss, as well as photos and features on the group.

Adding a characteristic special touch for fans, the band members each donated a vial of blood, which was then transported under armed guard to the plant where the comic book was inked, and mixed with the ink so that each comic book sold can be said to

possess a quantity of real Kiss blood.

The Kiss comic book marks the debut of Marvel Comics, the acknowledged leader in the field, in the Rock realm. Kiss, with their flamboyant, theatrical act and costuming, along with their exceptional popularity among teens and subteens (the biggest audience for comics), was considered the prime choice to launch the experimental Rock/comic book combination. Depending on the success of the first venture, Marvel plans to feature other Rock acts, and the potential for mutually beneficial marketing expansion is viewed as outstanding.

## Couttolenc Named New RCA President

**Kenneth D. Glancy** has departed the presidency of RCA Records to seek "new challenges" in Europe with the company. **Louis Couttolenc**, formerly President/General Manager of RCA Mexico, has been appointed as RCA's new President. Glancy, who led the company to record-breaking profits over the last two years, stressed that his departure was voluntary. He has worked extensively with the European market in the past and expressed the opinion that the growth potential for the record industry in Europe is substantial.

Couttolenc, who has been with RCA Mexico since 1964, assumes his new post within the next three weeks.

In other RCA developments, **R&R** learned that **Mike Berniker**, Vice President of A&R at the label, had departed his position. No replacement for Berniker has been named as yet.

## Rich Fitzgerald Appointed New RSO/Island Promotion VP

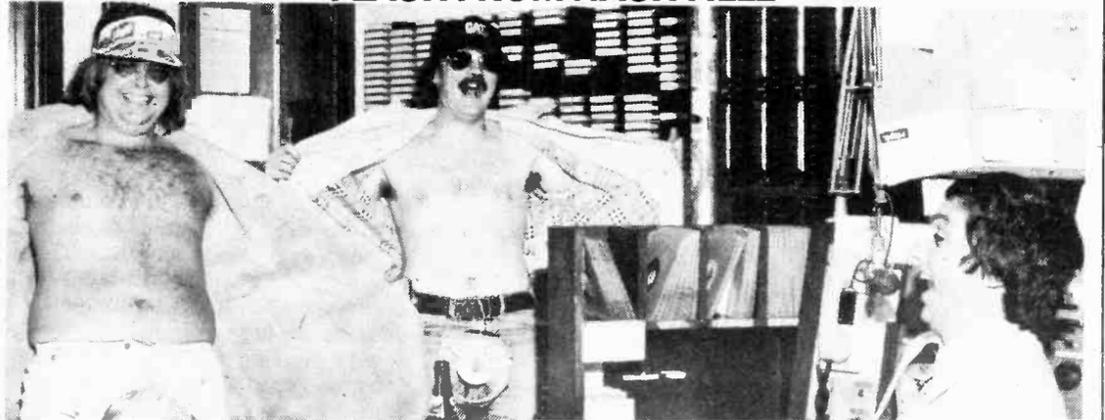

**Rich Fitzgerald** has been appointed Vice President, National Promotion, for the new **RSO/Island** joint promotion operation, as announced in tandem by RSO President **Al Coury** and Island President **Charley Nuccio**. Fitzgerald was previously National Promotion Director for RSO/Island. Earlier, he administered the same position for RSO, and worked for both Capitol and Atlantic in the Northwest. Previous to that experience, he was Program Director at KOL-FM/Seattle.

**Coury** told **R&R**, "Rich Fitzgerald has proven beyond doubt worthy of this title...and is now ready for all the new challenges that this new position will bring him." **Nuccio** stated, "The appointment of Rich Fitzgerald to spearhead the operations of RSO/Island automatically gives us one of the most dynamic and respected professionals in the business." Further announcements regarding RSO/Island promotion staffing were expected, according to the labels.

Toasting the new "VP" are (L-R) Charley Nuccio, Rich Fitzgerald, and Al Coury.

In an effort to get a little "exposure" for Johnny Russell's new RCA Country single, "Obscene Phone Call," writer John Schweers and Dave Conrad surprised WKDA/Nashville Program Director Les Acree with this faintly obscene visit.

## N.Y. Museum Offers Historic Broadcasts

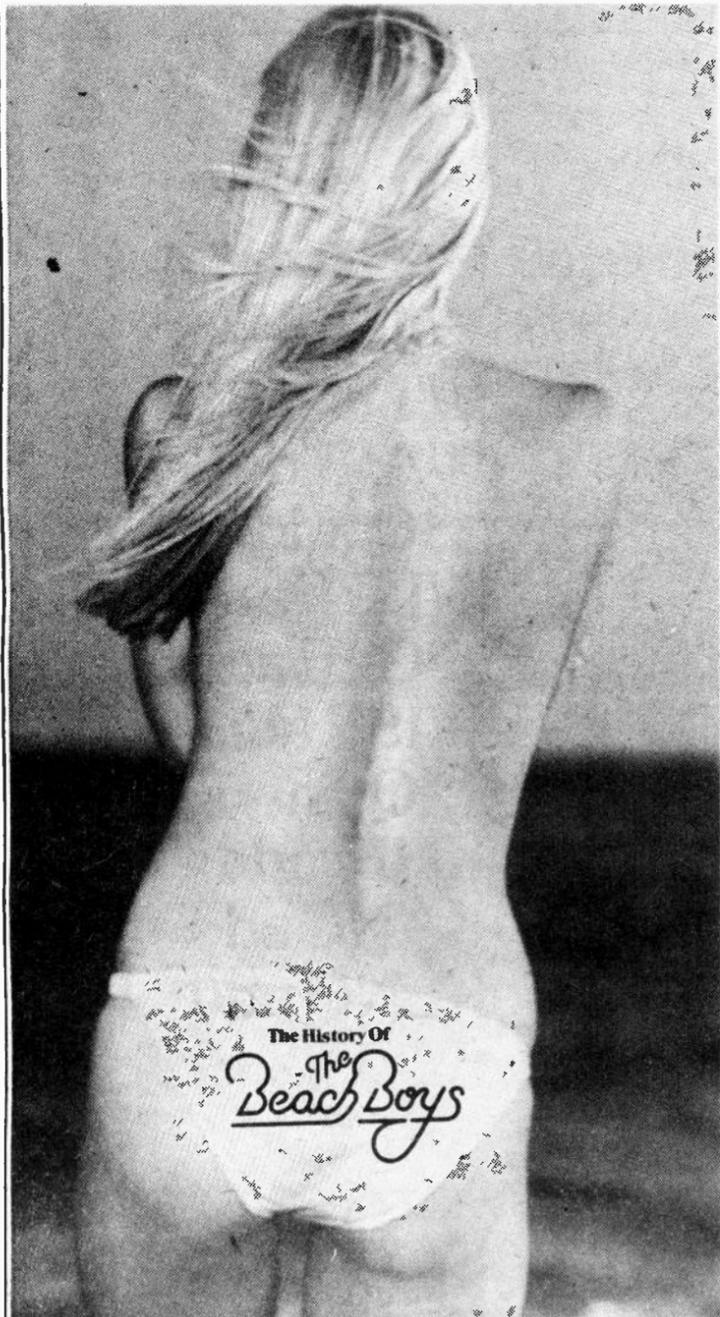

Historic radio and television broadcasts have been preserved and are available for viewing/listening at New York's Museum of Broadcasting. The Museum, funded by a \$2 million grant from former CBS board chairman **William Paley**, has a catalog of 2000 radio and TV programs, with

a goal of 18,000 by 1980.

The museum is open to the public (12-5, Tuesday through Saturday), with a \$1 admission enabling a patron to audition his choice of the available programs on ultramodern video and audio equipment. Included are popular radio comedy shows of the 30's

("Amos 'n' Andy," etc.), historic radio and TV documentaries, and early TV specials, with a future acquisition plan designed to increase the available program library at a rapid rate. The museum, a long-overdue historic resource, is located at 1 E. 53rd St. in New York.

## Public Complaints To FCC Down

Americans found less to complain about in the broadcast industry during April. Complaints received by the FCC totaled 5232, a drop of 3144 from March. Comments and inquiries were also down 255 from the previous month. Commission staffers penned 1845 letters in response to the public's mail.

## NAB Vs. Record Royalties

The **National Association of Broadcasters** has told the **U.S. Copyright Office** that payment of royalties to recording artists is unconstitutional and detrimental to the public interest. The group voiced the objection as part of their stand on the Copyright Revision Act, which protects original works of authors, but, according to the NAB, should not include recording artists under the same protection. Payments of royalties would threaten radio stations' ability to provide "responsive" service to their communities, the NAB noted, and also said that the recording industry itself would be harmed if airplay was affected by paying royalties.

## "Give Yourself Credit"

The **House Subcommittee on Consumer Affairs** is making it easier for citizens to find out procedures for getting credit with their new booklet "Give Yourself Credit." The 130 page pamphlet gives information on credit cards, finance charges, federal rules on loans, car leasing, billing errors and credit investigations. The booklet is free from Consumer Affairs Subcommittee, House Annex No. 1, Room 212, Washington D.C. 20515.

## First Class Insurance

Small parcels sent by first class mail can now be insured for a maximum of \$200, via a new service at the post office. Packages can weigh up to 14 ounces, and must be marked "third class mail enclosed" or "fourth class mail enclosed," as well as "first class." Costs for the insurance range from 40 cents to \$1.20 for the maximum \$200.

## Large Cars Suffer In Used Market

Contrary to the current surge in purchases of new larger model cars, the used car business is going through a period of very slow sales of the big gas eaters. After President Carter's announced energy conservation plans, intermediate size and small cars are the only ones moving out of used car lots across the country. Wholesale prices in the huge used car dealer auctions are down anywhere from \$500 to \$700. Some industry experts feel that the trend toward more used car purchases is also on the upswing, because of the high insurance and tax costs of new autos.

## New Product Surge At GE

No less than 26 new houseware and audio products will be pushed by **General Electric**, with an advertising budget much higher than recent periods. Included in the new products are an electric food peeler and food processor. Network radio will be used in October and November for support of GE's radio line. Most of the company's business takes place during the last half of each year, specifically during the Christmas season, so GE has upped their late '77 budget to \$8 million for ads. As well as the new product campaigns, the housewares division will repeat its "factory rebate" promotion.

## Energy Waste Ads Hit By FTC

**Federal Trade Commission** Chairman **Michael Pertschuk** has spoken out against some companies' advertising which may "encourage" energy waste by consumers. The Chairman hinted that his agency may have to set up regulations on such ads, and said that a new set of standards for advertising may have to be set as the country moves toward more aggressive energy conservation. On the whole, Pertschuk believes that deceptive and misleading ads are on the decline in the industry. In the energy saving problem, he cited a recent Ford LTD ad that campaigned the fact that the LTD was larger than competitors. This ad was not necessarily illegal, but "unfair" in the Chairman's terms.

## MasterCharge Fights Back With "Signet"

**Interbank Card Association**, licensors of **MasterCharge**, are attempting to take part of **BankAmericard's** **Visa** business with their new check guarantee system, **Signet**. Advertising for the new service will not start until late 1978, but member banks may offer the service to their customers before then. The system will start as just a check guarantee service, but will expand to a more full service card, offering automatic machine tellers for transfers and withdrawals.

## Milk Use Urged With "Magic Cows"

The **American Dairy Association** has come up with a new twist on their summer ad campaign to urge children to drink milk. Combating sweet beverage sales, the ADA spots will ask kids to mix milk with their favorite powdered drink mix, rather than water, to make their own "Magic Cow." The summer push is budgeted at nearly \$1.5 million, with three radio spots running concurrently. Also offered in the spots are six Magic Cow shakers with lids. The ad sweep kicks off the ADA's June Dairy Month promotion.

## WQXI's 'Ramblin' Raft Race'

An estimated quarter of a million people either participated or were spectators at the 9th annual WQXI AM-FM/Atlanta "Ramblin' Raft Race." A wide variety of rubber and wood rafts negotiated the 9.2 mile route along the Chattahoochee River. Two free concerts highlighted the event. Mother's Finest played the night before the race to kick off the festivities, and England Dan & John

Ford Coley entertained the morning of the race. The Winters Brothers Band was scheduled to appear as well, but according to the station, were unable to get their sound equipment into the concert area because of the massive crowds. Free albums and suntan lotion were distributed by WQXI, and thanks to safety regulations and stringent rules for raft construction, only a few minor injuries were reported in the huge throng of rafters and spectators.

## A 'Car-A-Day' From KFRC

KFRC/San Francisco's afternoon man John Mack Flanagan is pictured giving last minute instructions to 10 winners of 1977 Plymouth Arrows as San Francisco Giants' first baseman Willie McCovey lets listeners select keys prior to a recent major league baseball game. Winners lined up behind home plate and ran to the cars parked in the infield. Trying each car, they found the one that their key fit and drove off with it. But all did stick around to watch the Giants-Atlanta Braves game compliments of KFRC.

**HOT AIR IN BILLINGS**—KOOK/Billings, Montana recently hosted the "Great Rocky Mtn. International Balloon Race." A total of 27 balloons took to the air for the race, attracting huge crowds and completely stopping traffic on Interstate 90. KOOK's own "Friendship" hot air balloon was on hand to participate in the race as well.

## Best Promotions Of The Week

KLEO/Wichita just wrapped up a \$10,000 "Touch Tone Money Phone" contest. Hourly phone in contestants played Hi-Lo to guess the KLEO Touch Tone phone number, with seven winners of jackpots ranging from \$150 to \$1000. KLEO jocks also made call outs seeking the answer "KLEO has the Touch Tone Money Phone" instead of just "hello," awarding \$500 cash or a \$1500 sailboat. In addition, KLEO "Mystery Persons" visited shopping centers, nightclubs and school campuses, giving \$10 to \$100 cash to listeners telling them "KLEO has the Touch Tone Phone."

Five of the WIRK/West Palm Beach air personalities raced each other in hot air balloons recently, while listeners voted on which of them would win the race. The listeners who correctly identified him and

won a drawing, got the chance to soar off in a balloon for the ride of their life with their favorite jock... WIVY-FM/Jacksonville's "Y-Onic" man is traveling the streets handing out prizes ranging from cassette recorders to home burglar alarms, plus cash prizes up to \$1000... Portland, Maine residents got a chance to help clean up their University Park, and win prizes from WJBQ at the same time. T-shirts and albums went to all those who participated in the clean up... KNDE/Sacramento sent two couples to the huge Oakland "Day On The Green" concert, featuring The Eagles, Steve Miller and Heart. Also, the winning couples were escorted around San Francisco in the "Heart Mobile," a chauffeured mobile home, and met Heart's members backstage

at the show... To celebrate the arrival of summer, WERC/Birmingham gave away Abba's "Arrival" LP, and custom WERC "I'm Out" T-shirts for listeners getting out of school for the summer... WRJZ/Knoxville let their listeners pick their prize in the "Freedom of Choice" contest. Hourly callers won certificates good for any LP they wanted from a local record store... Shaun Cassidy visited WQXI/Atlanta recently for an on-air stint, and afternoon autograph party at the station's outdoor patio... Peter McCann stopped by WICC/Bridgeport for an hour on the air, including taking calls from listeners... WEBC/Duluth was visited by Nazareth in conjunction with their sell-out concert in town. PD Jay Scott hosted the group on his show, and reports that even the station's studios were "sold out" with listeners wanting to meet the group... WLCS/Baton Rouge just ran a successful Beatles Weekend. The weekend included playing lots of Beatles favorites, and featured a six hour documentary on the group. Listeners also got a chance to vote for their all time favorite Beatles song, which turned out to be "Let It Be," followed closely by "Hey Jude" and "Yellow Submarine."

**WISM'S "BIG MAC ATTACK"**—WISM/Madison staffers got together with Mac Davis backstage at Mac's concert appearance. The station held a real "Big Mac Attack" in conjunction with the show, giving away concert tickets and albums and holding a live studio interview with Mac. Pictured (left to right); WISM's David Ross and Charlie "Rock & Roll" Simon, Davis, and WISM's Jonathan W. Little.

**STARZ EATS STICKER**—Capitol Records' Starz lead singer Michael Lee Smith got a mouthful of KIOA/Des Moines bumperstickers during his recent visit to the station for an hour on the air with Program Director Sam Lee on his 10am-noon airshift. Shown (left to right); Sam Lee, Michael Lee Smith, and Capitol's Minneapolis Promotion man, Cliff Shultz.

## Memorializing Memorial Day

At least two stations celebrated Memorial Day by presenting the biggest hits of all time in countdown fashion. WTSN/Dover held their own "Memorial 500," playing the top 100 songs of each of the past five years.

WICC/Bridgeport expanded on the "500" theme a bit, presenting the "Memorial Day 600." Listeners sent in votes for their favorite hits of the past and present. Thanks to computer, votes were taken up to the last minute to compile into the Top 600. WICC's Gary Peters reports on the hottest of the winning tunes. Number one was "Stairway To Heaven," followed by "Hey Jude," "Good Vibrations," the old Five Satins' "In The Still Of The Night," and on the other end of the spectrum, "Hotel California."

## Street Talk

by J.J. Jordan

Radio changes... Congratulations to WFIL Music Director Joel Denver who resigned his position last week to accept the Program Directorship of Bartell's WMJX/Miami. Joel did a great job with the music in Philadelphia and I'm confident he'll be dynamite in his new gig.

Tom Barsanti, Program Director of WOW/Omaha, is leaving to take over the programming of KCMO/Kansas City. Tom did a great job bringing WOW to the top and I'm sure he'll do the same at KCMO. Both WOW and KCMO are owned by Meredith Corporation. The best of luck, Tom.

WKBW, MD Jim Quinn, has resigned to take over the morning show on 13Q/Pittsburgh. I'm sure Jim's success in Buffalo will follow him in his new gig.

I hear that a NYC-based label has told its head of promotion that he has one more chance to get a hit and if he doesn't...bye bye.

A new movie goes before the cameras here in Hollywood this Fall concerning itself with the radio and record business. The movie is tentatively called "Disc Jockey."

Street talk is that the payola hearings are coming west to Los Angeles next.

Noel Love has left his VP of Promotion position at Midsong Records and has joined the Leber/Krebs organization which is starting its own label.

London Records released eight promotion people last week and I hear the label then turned around and hired a bunch of independents.

Olivia Newton-John and Linda Ronstadt have been offered one million dollars each by Hustler Magazine if they will pose nude. No word from either Olivia or Linda, but I think I'll keep my eye on this story.

I hear that Tom Murphy of WAPE/Jacksonville will be getting married this weekend in Boston and will probably drop off a tape at WRKO on the way to the church.

Look for Michael St. John to land a new gig real soon.

Danny Rosenkrantz is the new Senior VP of A&R at MCA as of this week, coming from Mercury.

Word is that Y100/Miami, may not be sold after all.

I got a call from J. David Sloane, PD at KBIM/Roswell, N.M., asking me to thank all the record companies that helped the station out servicing new product. If you remember from last week, KBIM was off the air for one week after a fire destroyed most of the station's records and equipment.

Rumor has it that California Governor Jerry Brown will appoint Helen Reddy to the position of Highway Commissioner for Los Angeles. Hollywood life in the fast lane.

Mike Kelly called to let me know that he was one of those London promotion people let go late last week and he is looking for a new gig. Mike has 20 years in the record business and can be reached at 615-889-0999.

Kevin Metheny, PD at KMJC/San Diego, is looking for a morning jock. If you're interested, mail Kevin a tape c/o P.O. Box 2908, San Diego, Calif. 92112.

Tony Orlando will now be produced by Bob Crowe and Jerry Wexler and will record in Muscle Shoals, Alabama.

This week's Photo Flashback shows the smoothed-cheeked, carefully coiffed innocent young lad above (left) in early 1965 taken at Arizona Sound Recorders listening to a playback of his last recording for A&M Records "The Real House Of The Rising Sun." It is, of course, a naked-faced Waylon Jennings, who in those days spent most of his time playing at JD's supper club in Phoenix. At right is KRIZ DJ/Program Director Guy Williams, who in the twilight of a mediocre career was last heard on KMET/Los Angeles in June of 1970. It is rumored that he is L. David Moorhead, VP & GM of KMET.

**BIG WAYS SPRING THING**—England Dan & John Ford Coley visited WAYS/Charlotte before playing at Carowinds Amusement Park's "Big WAYS Spring Thing" concert. WAYS MD Pat O'Brien and morning man Robert Murphy MC'd the show, while the station gave away discount tickets to listeners and supplied a disco setup on the mall hosted by the WAYS jocks. Pictured (left to right): WAYS Operation's Manager Larry Sprinkle, John Ford Coley, WAYS Account Executive Barry Levin, and England Dan.

**KIKI MEETS CAROL**—Rocket recording artist Kiki Dee visited WRKO/Boston to drop off her new single. Pictured at the station are: (l-r) Kiki Dee and Carol Singer, WRKO Music Director.

**50'S MEMORIES LIVE IN TORONTO**—CHUM/Toronto's 3rd annual "Greasers Parade and Greasers Ball" was held recently, proving that memories of the 50's and 60's still live in the 70's. More than 300 vintage cars were led by police escort in the three mile long parade. Crowds lined the parade route four or five deep. At the parade's end, a gathering of 10,000 waited for the Greasers Ball in the late afternoon. The throngs of greasy-haired men and bobby-soxed women danced to the music of Freddie Cannon and Bobby Vee, while Wolfman Jack added his nostalgic bits as MC. Cannon is pictured with a hand-clapping Wolfman.

# HOT LICKS

By: *Mary Carter Anderson*

The genius of **Brian Wilson**, combined with the million selling image of **B. J. Thomas**, brings the nation **THE SUMMER SMASH OF 1977, Don't Worry Baby**. Thank you Brian and welcome back B.J. ... Good luck to **Mason Dixon**, who leaves KCBQ's music directorship to join KHJ as a jock... As **Jerry Jeff Walker's** live LP, **A Man Must Carry On** continues to carry on its upward movement on the pop, country and AOR charts, this reporter is reminded that JJ was once a member of **Circus Maximus**, who had the early progressive classic, **The Wind**... WTIX's **Bob Mitchell** was seen impersonating **Peter Sellers** and **Sonny Bono** simultaneously, as he gave the Vulcan Hand salute to passers by at Universal City's Victoria Station... *hot licks exclusive*: we have learned from highly reliable sources that on the American version of **Roger Daltrey's** LP, **One Of The Boys**, there will be an incredible cut **NOT** included on the British version of the same LP. The tune is called **Say It Ain't So Joe**... Congratulations to **Tommy Charles**, new P.D. at WMPS... Also all the best to **Nina Gomez**, new M.D. at KCBQ, and her assistant, **Linda Fox**... AOR radio scores again as **Please Don't Say Goodbye** will be the single from **The Steve Gibbons Band**... The hardest working band in the world, **Lynyrd Skynyrd** are on the road again. Insiders report that the band and their marvelous manager, **Peter Rudge**, have been huddling with wizard producer **Tom Dowd**, about a new LP. Tom was at the controls for the now classic, **One More From The Road**... WPLJ's **Tony Pigg** is the voice of **ABC's Wide World of Entertainment**... Speaking of TV:

KSAN's **Rick Sadle**, with **Tommy Smothers**, San Francisco Promotion genius, **George Mangrum**, **Hoyt Axton** and **Dickie Smothers**, after a recent taping of Mangrum's new summer television show, **Promotion Man After Dark**... **Chris Hillman** has produced a sparkling debut album by singer-songwriter **Dan McCarrison**... Meanwhile, up north, **Randy Bachman** has produced the third LP for Canadian rockers, **Trooper**. **Knock Em' Dead Kid**, takes the group in a new direction and yes, the album does contain the fantastic **We're Here For A Good Time**. Confidential to SH. Nothing is real and nothing to get hung about... **Tony Christie's**, **Amarillo** has been re-released due to overwhelming popular demand. The tune was a smash in the U.K. and I think he sounds more like T.J. than T.J. does... Who are **Highway 101**? Listen real carefully to Rocket's new single and the answer should be easy to ascertain... What was KHJ's **Rosie Guevara** and B100's **Bobby Rich** doing on the Universal lot last week (they weren't together)... When will **Dennis Elsas** visit L.A. again?... and what's the real story behind that bad Boston jock who can not return to New York again?... See you in two weeks with these answers and more hot licks from...

was appointed Vice President of Legal Affairs and Administration.

Roy Halee

while **Richard Green** was promoted to Vice President of Business Affairs.

Commenting on the realignment, Diener stated, "These are initial moves toward the goal of a tight and cohesive internal structure. We believe these actions will generate maximum attention and activity for our artists and product."

### McCoy Debuts Ram

Cyberdynamics Corporation, the San Diego-based research operation headed by Jack McCoy, is marketing a new research service called RAM (Regional Acceptance Monitoring). It's designed to provide the following information: 1) a pinpointing of the precise geographical area a station's ratings are coming from, as well as its competitors'; 2) zip code listings for "hot spots" for the station's format; 3) the most widely accepted music in these "hot spots"; and 4) whether the station controls these hot areas well enough to "win in the Metro."

RAM is a computerized system employing diary interviewing with county-by-county weighting. It is designed to show stations how to derive more benefits from "smothering small hot spots" with promotion, rather than "diffusing the budget over thousands of listeners who may not be prospects for a station's format."

John E Patton (former General Manager at WMAK/Nashville) has joined Cyberdynamics as the Marketing Manager to supervise the new RAM system, and should be contacted for further information.

**GOLD SINGLE PRESENTED**—Dick Bozzi, Program Director of CKLW/Detroit, is presented with a Gold Record for his part in helping to break Natalie Cole's "I've Got Love On My Mind" single. Seen at the presentation at the CKLW studios are (L-R): Craig Lambert, Capitol's Detroit Promotion Manager; Bozzi; and Vivian Fant, Capitol's R&B Promotion Manager for that area.

**DANCE YOUR SOCKS OFF**—WANS/Anderson, South Carolina held one of their biggest community involvement promotions ever with the Dance-a-thon to benefit Muscular Dystrophy. The 12 hour hop was titled "Dance For Those Who Can't." Special Dance-a-thon shirts were given to all that participated, and prizes were awarded to the couple with the best 50's costume; couple that raised the most pledge money; and the school that contributed the most money for their dancers. One of the stars of the hit TV series "One Day At A Time," Valerie Bertinelli, helped the dancers stay on their feet with a special guest appearance. Pictured (left to right); WANS afternoon man Bill McCowan, local shopping center Marketing Director Ken Marshall, Valerie Bertinelli, and WANS Station Manager Jim Graham.

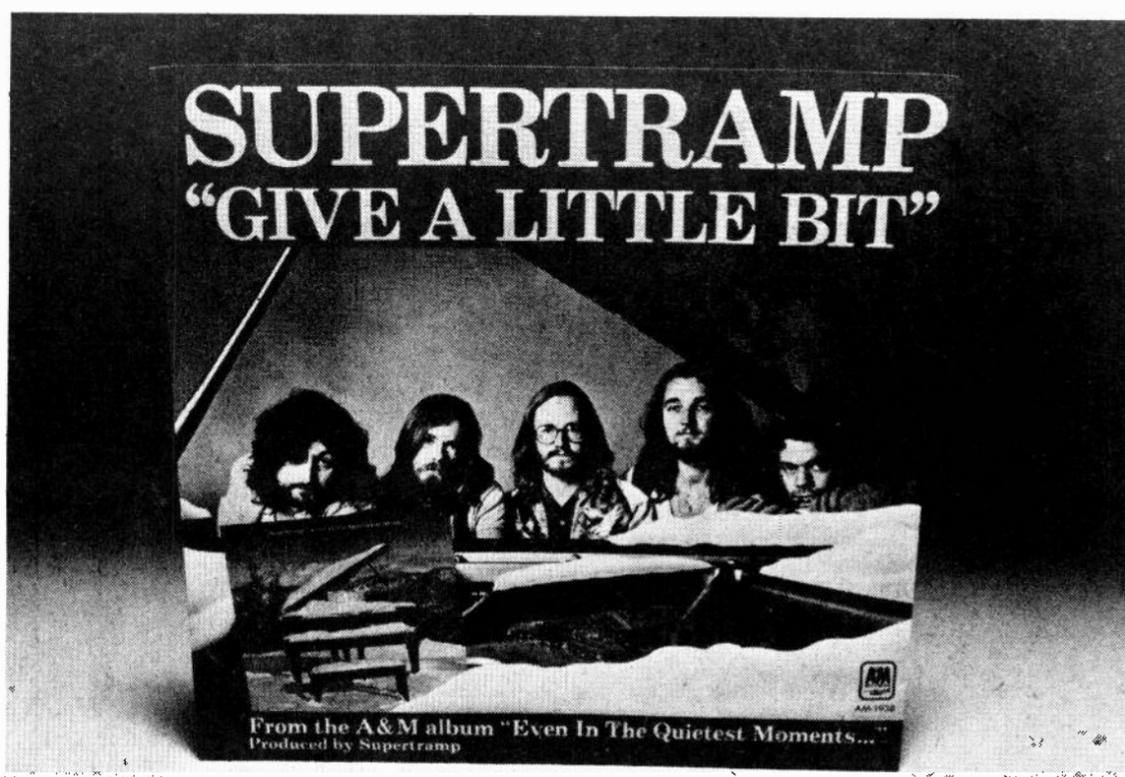

**THE WRIGHT THING TO DO**—During his May tour of the Northwest, Gary Wright felt the right thing to do would be to deliver his new LP in person to KGW/Portland. Wright is pictured with air personality Dave Hood.

RSO recording artist Andy Gibb dropped by TEN-Q as part of a Southern California promotional tour in support of his current single. Shown, top row, left to right: Maria Polivka, TEN-Q Programming Assistant; Rich Brother Robin, TEN-Q air personality; Jason Minkler, RSO promotion, Los Angeles. Bottom row, left to right: Andy Gibb, Jimi Fox, TEN-Q Program Director.

**A MESSAGE TO ALL RADIO PROGRAMMERS AND DJ'S:**

# **GIVE A LITTLE BIT!**

A few weeks ago we released "Give A Little Bit" from the new Supertramp album for a number of very strong reasons.

In spite of them, "Give A Little Bit" is not getting the amount of **adds** or **picks** or **plays** it deserves.

Listen to it again. This is a **MAJOR HIT RECORD** from a **SUPERSTAR GROUP**. Don't let it get away. Give a little bit.

## Mike Harrison

I'd like to mention, before we begin, that we've just passed the 10th Anniversary of the release of the album "Sgt. Pepper's Lonely Hearts Club Band." I'm sure many of you will find a degree of significance in that milestone.

### Evolution

Paula Johnson, who made many AOR radio friends while in the position of National Sales and Promotion Director of Chicago-based Dharma Records, has started a Yacht Charter service offering packages that lend themselves to promotional tie-ins with radio stations and record companies. Paula can be reached at (312) 658-5969...Ron Reger exits K94/Elizabeth City to become Music Director of WNOR/Norfolk. WNOR MD Phil Beckman is moving over to Special Projects for the station. Bill Simmons has left to go to K94...Mark Romanelli is now Promotions Director and afternoon drive personality to WROQ/Charlotte...Brent Seltzer has resigned the position of morning Newsman at KMET/Los Angeles...Country Paul Peyton is now doing two overnight AOR shows on Top 40 formatted WDRC-AM/Hartford.

### Newspace Becomes A Reality

Some of you may remember Michael Linder's contributions from the floor to the "AOR News" session of the second R&R Convention in Atlanta back in 1976. He was quite vehement about his suggestion that there is a need for a wired news network devoted to the needs and service of AOR radio. Then a newsman with WNEW/New York, Linder created such an impression upon the course of the meeting (one of the convention's most spirited) that people in attendance were still talking about it at the time of the last R&R Convention, one year later.

Linder, in those days, used to swap stories with Ace Young, then a newsman with Metromedia sister station, KMET/Los Angeles. They found that AOR news, just as 'conventional' news, is enhanced by increased geographical and correspondent perspective.

On November 1st of last year, Newspace, California's AOR radio news network, was launched. With Ace Young as President, Michael Linder as News Director, and Stan Lewerke as Vice President of Marketing (Stan was formerly a record executive), Newspace now covers the state. Their affiliates include KWST/Los Angeles, the forthcoming KMEL/San Francisco, KOLA/Riverside, KTYD-FM-AM/Santa Barbara, KGAB/Ventura, KZOZ/San Luis Obispo, KMMT/Mammoth Lakes, KKXX/Bakersfield, KFIG/Fresno, KEZC/Truckee, KFME/Chico, KROI/Sacramento, and KKOS/Carlsbad.

Newspace President and anchorman Ace Young delivers the news to the organization's California affiliates as Morning News Editor Martin Anderson looks on. This photo was taken at Newspace's Santa Barbara studios.

They have two offices in operation: business is handled at 7783 Sunset Blvd, Hollywood, California 90046 and programming originates at 1323 Anacapa Street, Santa Barbara, California 93101.

Among the programming services already provided by Newspace include 8 newscasts per day, which affiliated stations have the option to either run live or on taped delay within the hour. Anchormen include Young, Linder, and Tony Russamanno, former anchorman for NBC's News and Information Service. The network also provides several weekend public affairs features and reports hosted by Michael Linder (he's already had interviews with California's Governor Brown and Senator Hayakawa) as well as carrying the Timothy Leary program written about in this column recently. The network has also presented its affiliates with live complete coverage of a recent *Fresno Theatre* presentation from L.A.'s Roxy club.

Although Newspace has no immediate plans to expand the network to include affiliates outside the state of California, they are interested in swapping stories with AOR radio news departments coast to coast in a mutually beneficial program of communication that would enhance the scope already covered by their statewide team of stringers while providing the nation with credible AOR radio-style news from the Golden State.

Interested news departments should contact Michael Linder at (800) 322-6977.

### "UFO Awareness Week" In Lexington

In the wake of many UFO sightings in Kentucky over the past few years, WKQQ/Lexington is sponsoring "UFO Awareness Week" June 12-17. The purpose of the observance, according to Program Director Dick Hungate, is simply to "lay all the facts on the table" regarding recent UFO sightings.

Hungate explains, "This is no contest or promotion. There is a mountain of documented evidence supporting the contention that UFO's are absolute fact, not fiction. The time has come for everyone to stop cacking Martian jokes and start taking some long, hard looks at that evidence. If all we do is get people to study the available information, we will have succeeded with the observance."

Back in April, the station received a news story on the alleged abduction of a suburban Louisville man last January 27 by a UFO. The story attracted the attention of both UFO skeptics, as well as many believers who claimed to have contact with UFO's.

Hungate contacted the Tucson-based Aerial Phenomena Research Organization's field representative Dr. Don Elkins of Louisville who related the details of the January 27 incident.

According to Hungate, "Our interest has been building and the Louisville incident is the proverbial straw that broke the camel's back. Last winter, three Eastern Kentucky women appeared on Tom Snyder's NBC 'Tomorrow' show and told a very similar abduction story. They had been ridiculed by their neighbors until each one underwent many laboratory tests, including regressive hypnosis, and recounted the events in precisely the same way. Each had a bad burn mark on the side of her neck and very tired, bloodshot eyes. Doctors are certain these ladies are telling the truth."

A two hour conversation with Dr. Elkins will be aired as part of "UFO Awareness Week" the evening of June 14. Also, as part of the observance, WKQQ will circulate a petition calling for President Carter to act quickly upon a campaign promise to release all pertinent government data on the UFO phenomenon. Such disclosure would represent a total reversal of the US stance regarding UFO's. For the most part, the Federal Government has avoided the UFO issue since ending its famous "Project Blue Book" investigation back in the fifties. The petition will be sent to the President from the station and "all interested Kentuckians."

Other scheduled on-air events include the reading of many documented case histories of UFO sightings throughout the Ohio River Valley, and the spotlighting of music with the general UFO theme (for example, the recent *Klaatu* album).

Hungate emphasizes, however, that the observance is more for enlightenment than entertainment: "We're not going to bore the audience with nothing but scientific details. But, again, we're taking this stuff very seriously. The audience will get largely facts, not opinions."

### Color

**Home Cooked:** In 25 words or less, KGOT/Anchorage listeners are being invited to explain why they would like dinner catered for them and five friends. The winner will get a six course meal catered by the KGOT staff and local musicians.

**Non-Promotion Of The Week:** WGRQ/Buffalo proudly reports that they are not running a Farrah Fawcett-Majors "look-alike" contest which was so successful that they plan not to run another one next year. If this continues, perhaps they'll make it an annual event.

**Foreign Language Radio:** WQCM/Hagerstown had listeners call and say that they listen to the station in a foreign language in order to win copies of the *Foreigner* album. The station also gave away *Bad Company* albums.

**WWCK/Flint** has been giving listeners indoor tennis court time. The station presented Foghat and the Climax Blues Band in concert.

**WILS-FM/Lansing** (home of PD Dave Lange) has been getting together with the local planetarium in presenting light and sound shows. They select an album each week which is played in quadraphonic sound and sync'ed with a star show. This past week it was *Supertramp's* album. Over 1,000 people attended the program. Tickets are priced at \$1.25.

**KMOD/Tulsa** gave away ten *Fleetwood Mac* albums prior to the group's concert and gave away one album per week 'til the year 2,001 to a lucky listener.

**WZZQ/Jackson** is giving away a Honda CB125 motorcycle called the "Bad Company Bike" in conjunction with *Bad Company's* concert there. A member of the group will draw the winner.

**Tennis:** KOMS/San Jose morning personality Captain Reif hosted the Celebrity Tennis Classic for Muscular Dystrophy.

**WXRT/Chicago** is co-sponsoring the showing of the *Grateful Dead* movie.

**Album Month:** June is Album Month at WYXE/Madison and they'll be giving away over 1,000 albums.

**WKQX/Chicago** is running another "Feature Album Sunday" on June 12. They'll be playing 20 uninterrupted albums in a row.

**Jesse Who?** The story on WCAS/Cambridge's "Win a Trip to Montreal" contest published two weeks ago stated that it was in conjunction with *Jesse Colin Young's* concert there. Untrue, it was *Jesse Winchester*.

**Speaking of Jesse Winchester:** According to WYSP/Philadelphia Program Director Sonny Fox, the Bears' recording artist's recent concert at the Bijou will be the next Superstars Radio Network concert album. If you recall, the series was kicked off recently with a *Joan Armatrading* performance.

### Softball Fever Spreads To San Francisco

In the words of Y93/San Francisco Program Director and athlete Steve Mitchell, "What started out as a Y93 softball game with the *Eagles* grew into a full blown Bay Area AOR/Top 40 radio event." *Bill Graham's* recent Sunday "Day on the Green" live musical

# AMERICAN FLYER TAKES OFF.

---

If you've been reading your charts carefully, you'll notice that "SPIRIT OF A WOMAN" jumped right on the R&R album airplay chart.

More specifically, American Flyer's second album is getting national AOR play. Out of the box, there was heavy play in major markets like Boston, San Francisco, New Orleans, Philadelphia and Minneapolis. And already the rest of the country's filled in.

---

This one's non stop.

extravaganza featured a couple of between sets softball games between the Eagles and staff members of Y93, KYA-AM, KSN, KFRC, and KTIM, along with some recruited record company people. Graham played on the side of radio against the Eagles, their road crew, manager Irving Azoff, and Boz Scaggs.

Even though, as KSN PD Bonnie Simmons told R&R, "Stellar plays were made by both teams," the radio gang proved a bit too much for the musicians. Final scores: Radio 12, Eagles 5; Radio 21, Eagles 11.

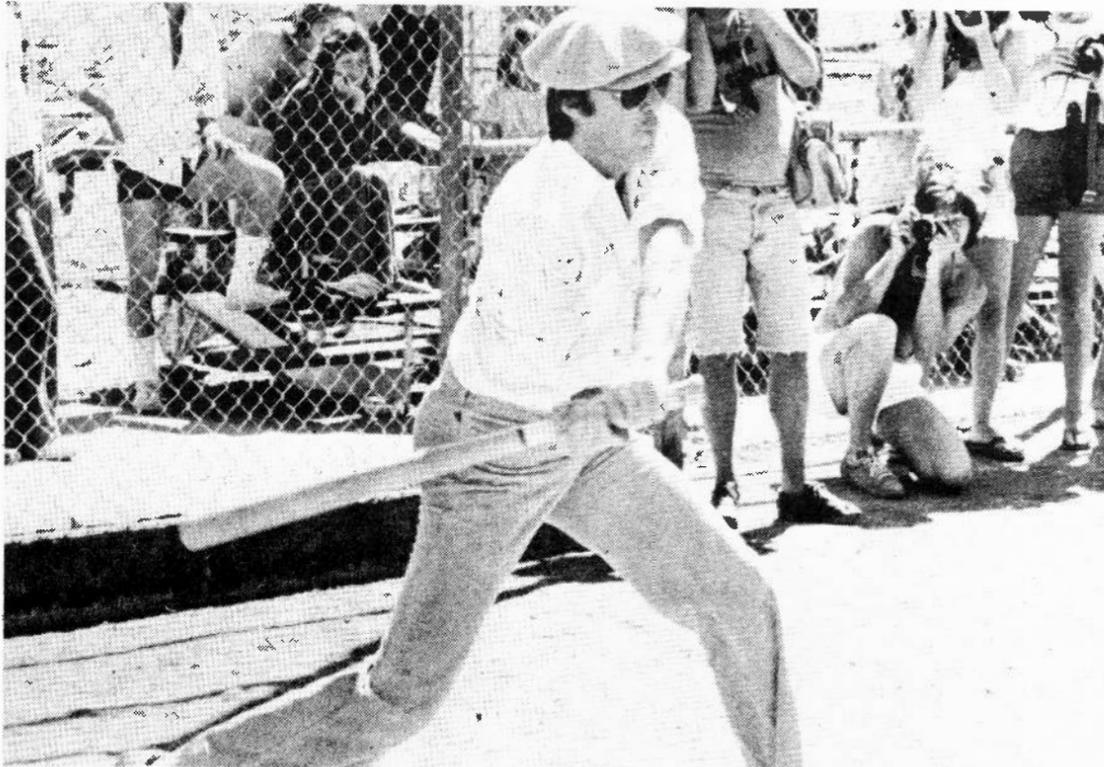

Looking back upon the good time, Steve Mitchell reflected, "It was really weird hitting against Joe Walsh on the mound."

**Highlight Of The Game:** Boz made a tremendous play as he backed up in left field to catch an enormous Lou Galliani would-be home run. According to excited spectators, he stabbed the ball at the last possible moment, tumbled down backwards, and held on to the ball. All this was accomplished without missing a beat or disturbing his white shirt and beige slacks. No wrinkles, no grass stains, no muss, no fuss!

### As It Stands Now...

...The new Century Broadcasting AOR station in San Francisco under the Program Directorship of Thom O'Hair and Music Directorship of Bobby Cole, scheduled for kick-off later this month, will utilize the call letters KMEL, and not KQUP as originally anticipated.

The station, reportedly, will tie the call letters K-MEL in with a "camel" logo. Bay Area street talk is that Thom O'Hair has already been spotted leading a humped four-legged beast around the streets of San Francisco.

Boz Scaggs swings real "lowdown" at bat for the Eagles' team as he hits against a softball team of radio people in San Francisco. The Eagles team was managed by Glenn Frey of the Eagles. KSN PD Bonnie Simmons managed the radio team.

## Inside Nashville

ROYAL RECEPTION: Wednesday night (8th) WEBB PIERCE had some friends over to his place (the Rhinestone Cowboy) at a reception for the KING. ROY ACUFF was the honored guest, a houseful of musical VIP's to salute the "King of Country Music," "The Dean of the Opry," "The Maynardville Flash," "The Country Gentleman's Gentleman," a mountain music millionaire who's equally at home with corporate chiefs and welfare recipients.

Roy Acuff is royalty and the dozens of Country stars, past and present, who paid respects and swapped "road stories" and Opry memories, marvelled once again at the unpretentious grace with which this man accepts the love and admiration the world owes him. The salute was very timely during Fan Fair '77. Perhaps no man or woman has worked more diligently or

We Deliver, Always Have.

WHN air personality Del De Montreuz cues ABC/Dot recording artist Roy Clark during Clark's hosting of an hour-long segment of the station's regular music programming. Clark's visit to the station came while he was in New York to star in the "Country Comes To Carnegie Hall" show.

On a recent promotional tour which took him to the KNEW/Oakland studios, Dickey Lee stopped long enough to pose for this picture with some friends. Pictured (L to R) Cliff Haynes and Steve Leader of KNEW, Dickey Lee, Carson Schreiber (no glasses) Regional Country Promotion, and Joe Galante, Director of Operations for RCA Records in Nashville.

KHEY/EI Paso air personality Doug Bowe is shown presenting WB artist Hank Williams, Jr. with a K-HEY belt buckle during Hank's recent rodeo appearance.

Capitol recording artist Steven Fromholz recently dropped by Denver's Country music station, KERE, for an interview with Music Director Doug Lane following his appearance at the Oxford Hotel. Fromholz will have a major role in the soon-to-be-released "Outlaw Blues" motion picture. (L to R) Dave Rothstein, Capitol's Denver Promotion Representative; Fromholz; and Doug Lane.

effectively to win the world to his beloved Country music. Long live the King!

BMI's HELEN MAXSON's sex discrimination suit lodged against Vice President FRANCES PRESTON, BMI President ED CRAMER and BMI board members stems from Mrs. Maxson's recent discovery that a male who works under her at BMI has been receiving a salary greater than her own. The suit specifically refers to ROGER SOVINE, who, the suit states, was promoted over her despite her seniority and qualifications, according to the Equal Employment Opportunity Commission. Mrs. Maxson has been a BMI employee for nearly 15 years, the report shows.

CONGRATULATIONS: To CHARLIE and MARGARET RICH on their 25th anniversary...To MARCIA MINOR on being promoted to Associate Producer of "Hee Haw"...To JIM ED BROWN on his commercial contract with Dollar General Stores. (Somebody wanted to know if Jim buys his stage clothes there)...To BECKY BROWN, Jim Ed's pretty spouse, on her very professionally produced dance recital last Friday night, which by the way, was video taped for possible use later. The camera man is also a well-known record star and "Nashville On The Road" TV show host...To PAUL RANDALL and RCA's innovative Fan Fair video production which showcases RCA's total Country roster in a 30-minute midway show here at this year's Fan Fair...JEANNIE C. RILEY this morning (10th) hosted a chuckwagon breakfast at Nashville's Sheraton Downtown for her fans and fan clubbers...To JERRY REED, BURT REYNOLDS SALLY FIELD, JACKIE GLEASON and company on their fun movie "Smo-

key And The Bandit." Reed's buddy RAY STEVENS called it a "modern-day Keystone cops"...To Cedarwood Publishing's BILL DENNY upon his election as National President of NARAS (National Association of Recording Arts and Sciences)...To U.A.'s LYNN SHULTS (sorry I'm late) on being named Nashville head of United Artists' Records operation. Good to see good people collecting their rewards, Lynn...And last but not least, congratulations to HANK SNOW on his "New Hank Snow" album. His choice of material, his approach to the songs, both vocally and instrumentally belie his 43 years in the recording business. I believe he can still do it again!

ELVIS PRESLEY's fall '77 TV spectacular, as yet unscheduled, will be taped in two unnamed cities this coming week (June 17-June 25) during his tour featuring J.D. SUMNER the STAMPS and the SWEET INSPIRATIONS, both acts of whom are regulars in the Presley package. His last TV spec was the April 1973 90-minute Hawaiian special on NBC. This will be on CBS. FELTON JARVIS, Elvis' longtime producer, will coordinate the talent on this show.

GRANT TURNER, a WSM radio staffer for "only 33 years," he says, was feted the other night by station and agency heavyweights, from WSM boss IRVING WAUGH to MARTHA WHITE FLOUR's COHEN T. WILLIAMS. Grant, at 65, automatically retired by company policy, will continue to announce the Friday and Saturday night Opry shows and do selected commercial copy. A dear, considerate gentleman who never failed to take time for fans and aspiring artists, D.J. Grant created and hosted the legendary, "MR. D.J. USA" on WSM many years ago.

## POP/ADULT NOTES

MIKE KASABO

For your knowledge and confirmation, Portrait has officially flipped the Burton Cummings record over to the "Timeless Love" side. This has been the side all along for P/A stations and we notice continued activity on it.

Another one that's been "flipped" is the Engelbert Humperdinck release...the company is now going with "Goodbye My Friend." See New & Active for initial play.

Action continues to be solid on the Waylon Jennings record "Luckenbach, Texas." At this point it looks like the biggest crossover from Country that he's ever had.

A brand new America single "Don't Cry Baby" is out and scores initial play at KMBZ, KWAV, WKIQ, WTMJ and WHIZ.

"You Made Me Believe In Magic" by the Bay City Rollers went right on KEX, WSM, WORG, WCHV, KUKI and K101.

The Andrew Gold record "Lonely Boy" still shows good activity... 6-3 KFI, 3-2 WGAR, 13-9 WFYR and reports hot at KNBR, WLVA.

The new Gladys Knight got some good new airplay support this week with additions at WSM, KCRA, WTRX, WYMC.

TV's LaVerne & Shirley off to a nice start with the seasonal "Graduation Day." It went on WGY, WGN and WIP.

It was good to see Ray Anderson back in L.A. last week. Now that Waylon has pretty much crossed to P/A for him, he's looking for the same results for Ronnie Milsap which just went on WTMJ and WGY.

Charlie Rich once again "Rollin' With The Flow." See New & Active for latest play.

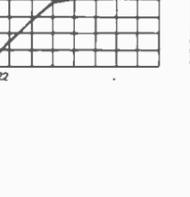

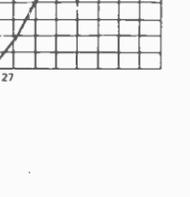

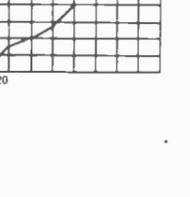

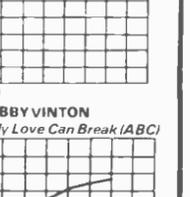

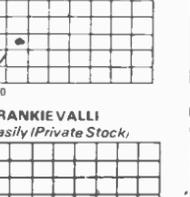

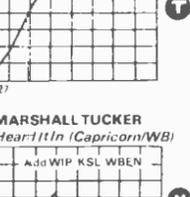

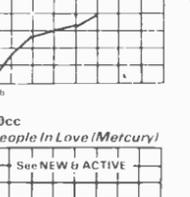

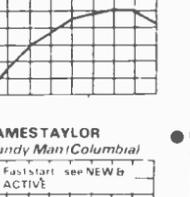

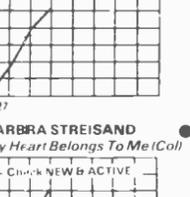

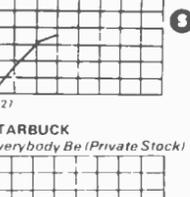

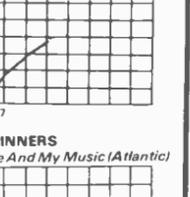

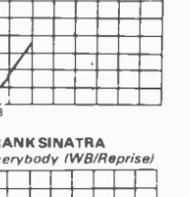

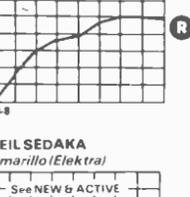

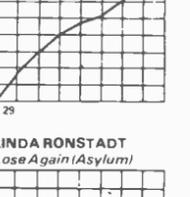

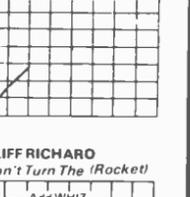

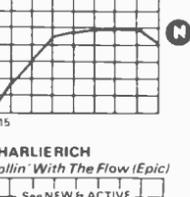

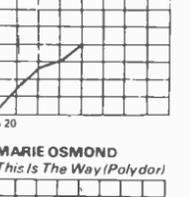

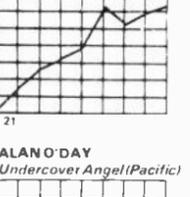

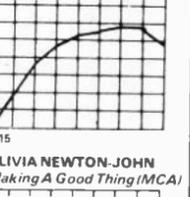

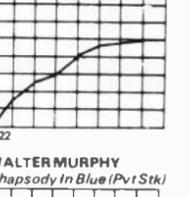

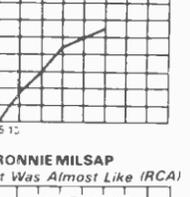

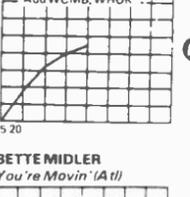

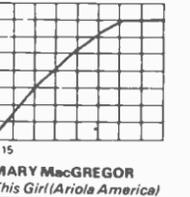

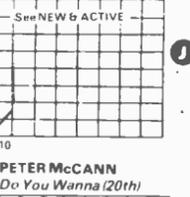

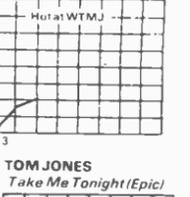

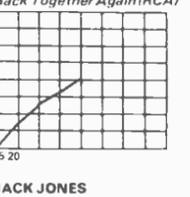

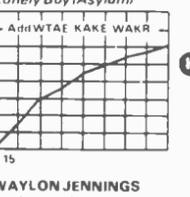

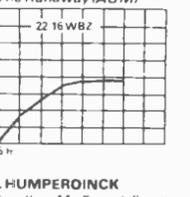

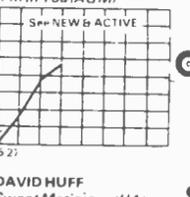

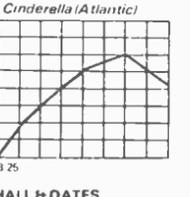

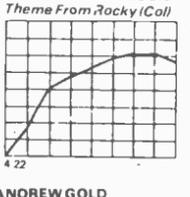

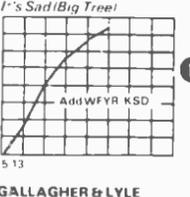

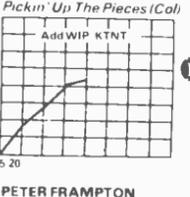

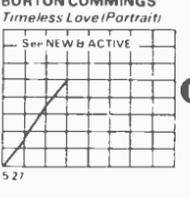

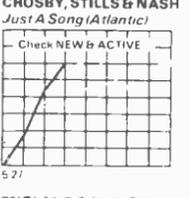

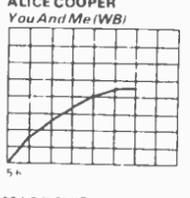

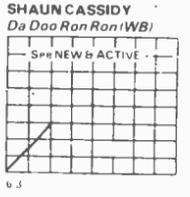

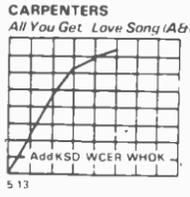

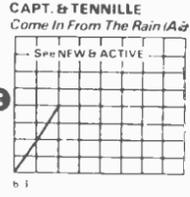

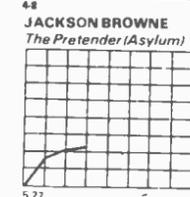

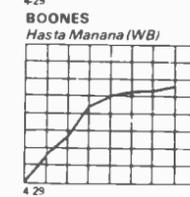

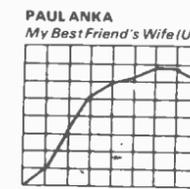

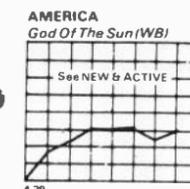

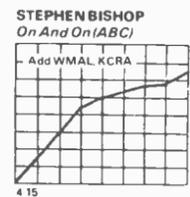

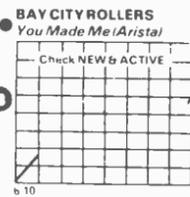

Remember "Angel Of The Morning?" Merrilee Rush's latest is showing some good early airplay...add WSM, WIOD, WHIO, WQUD and WYMC.

Starland Vocal Band starting strong with their latest...add WGN, KMBZ and WHIO.

I guess the last really big one for James Taylor was "How Sweet It Is." The new one for Columbia "Handy Man" is off to his biggest start since then for Pop/Adult programmers.
