Meet our foreman, Mike Lynch. Through the past 10 years, Mike's presence, talent, and support have been intricately woven into the day to day workings and accomplishments of KFDI. While his personality isn't heard on the air each day, it is felt in our listener functions . . . advertiser functions, in what we say and do on the air and off the air . . . our dedication to country music is an extension of Mike's way of life. You might say he's a boss who is also a friend. We prefer to call him a friend who is also a boss. It is to his influence, principles and goals that these pictorial memories are dedicated.

THE RANCH HANDS —

Meet the Ranch Hands from **KFDI** — AM — 1070

KFDI RANCH HAND

Mike Oatman

PREVIOUS EXPERIENCE

Worked for seven years for 10,000 watt, full time country music station KHEY, El Paso, Texas, working up to the position of Program Director . . . started there after three years at Texas Western College where he majored in radio, television, and speech. While in El Paso, he formed a seven piece western band and appeared weekly on television. He also writes songs, two of which have been recorded by Frankie Laine. Mike came to KFDI in 1964 as program director and set up our current format at that time.

KFDI ASSIGNMENT

His day starts out early as he handles the early morning shift from 6 a.m. to 8:30 a.m. Being the Station Manager, he is involved in the promotion of the station both locally and nationally and handles all grocery merchandising personally. A tough assignment, but our #1 Ranch Hand handles it all!

COMMENTS

Mike, or "OI' Mike" as our audience knows him, has occupied the morning drive shift consecutively longer than any other Wichita radio personality and is well respected in the community for his knowledge of the radio business.

KFDI RANCH HAND

Don Walton

PREVIOUS EXPERIENCE

Don studied journalism on scholarship at a Kansas Junior College. His background includes a variety of occupations from truck driving to department store manager. Somewhere along the way he picked up a love of country music and made a record in Nashville, Tennessee . . . It was this record, and an attempt to have it played on the air, that brought him to KFDI. The station needed a salesman and Don was offered the job.

KFDI ASSIGNMENT

Don is on the air daily from 8:30 A.M. til 12 Noon . . . his chores around the ranch house include the selection of all our music. On the air, he's affectionately known as "Lil' Donnie Do-Dad"!

COMMENTS

Don's personality is definitely country in keeping with our format. He has a young approach and fresh ideas on the air that have attracted him a large personal following. He is particularly popular with the housewife, as evidenced by the latest Pulse and ARB!

KFDI RANCH HAND

Gary Hightower

PREVIOUS EXPERIENCE

Gary worked for several small stations in Southwest Missouri before going to the Springfield Market. In Springfield he worked for stations KGBX, KWTO -FM, where he was program director and he then joined the staff of KFDI's sister station KTTS in 1970. In November of 1973, Gary left KTTS to head up the Programming Department here at the Radio Ranch.

KFDI ASSIGNMENT

Gary takes to the air noon til 3:00 p.m. . . . you'll know him by his Cajun yell! He's KFDI's Program Director, handles the on-air promotions and contests, and you'll also find him in the Production Department when he's off the air.

COMMENTS

Gary had already proved his qualifications as program director when he worked at our sister station, KTTS in Springfield, so when the position became available at KFDI, we knew Gary was our man . . . he's young, talented, and energetic and always willing to go that extra step.

KFDI RANCH HAND

Terry Burford

PREVIOUS EXPERIENCE

Terry's first job was at KBSF radio in Springhill, Louisiana, where he began as a janitor. He worked his way up to a regular air shift there. Being a "natural" country singer, Terry soon became a regular on the Shreveport Country Music Show, "The Louisiana Hayride" . . . from there he went to radio station KOSY in Texarkana, Arkansas, where he stayed for seven years, prior to coming to KFDI.

KFDI ASSIGNMENT

Terry is on the air Monday through Saturday, in our important afternoon drive time. He is also an account executive maintaining a large list of local advertisers. He handles some of our important program features such as "Swap Shop" and "Quips and Quotations."

COMMENTS

Terry's particular brand of country humor and warm personality have made him a fixture in our afternoon drive time. He can ad lib as well as read commercials in an equally convincing manner. It is this same friendliness that has gained him much consideration in selling local accounts.

KFDI RANCH HAND

Jay Shankle

PREVIOUS EXPERIENCE

Jay graduated from Elkins Radio School in Dallas, May of 1963 and started radio at KDSX in Denison-Sherman, Texas, in June of '63. From there he went to KNIC in Wichita Falls, Texas, KTOK in Oklahoma City, and then to KWBB in 1973. He then journeyed to KD JW in Amarillo, Texas, and then in October of 1973, Jay joined the Ranch Hands here at KFDI.

KFDI ASSIGNMENT

Jay handles the 6-12 midnight shift Monday thru Friday and 12 noon to 6 p.m. on Sundays.

COMMENTS

If you've listened to Jay's show, you know he's the brightest thing that's happened here at the Ranch in a long time. The "Weirdo on the Wadio" knows where it's at!

KFDI RANCH HAND

Buddy Nichols

PREVIOUS EXPERIENCE

Started in Wichita radio at KANS on the all night shift. He went from there to KWBB, in Wichita, on the same shift and then to KBYE in Oklahoma City . . . He then moved to KOME in Tulsa, as salesman and disc jockey, and as a farm reporter . . . then at KOOO, Omaha, Nebraska, he was program director, disc jockey, and farm reporter . . . he then was with KSIR radio, Wichita, as farm director and when KSIR sold he came to KFDI.

KFDI ASSIGNMENT

Buddy holds down the all-night show, Monday-Friday, and the 10-2 P.M. shot on Saturday. He also is in demand at all our remote broadcasts.

COMMENTS

Buddy speaks with authority as assistant farm director, as he and his family of five boys live on an eighty-acre farm in Mulvane, Kansas . . . Buddy's humor and lively way with a country song make him Wichita's most listened to "all-night" man, especially among the 3rd shift aircraft plant people. In 1967, he was voted Wichita's most popular disc jockey and his show is continually the number one rated all-night program by both major rating services.

KFDI RANCH HAND

"Willie Wheelchair"

PREVIOUS EXPERIENCE

None: Willie came to us fresh from a sheriff's dispatch microphone . . . injured in a tragic car accident in 1959 which robbed him of the use of his legs, Willie's determination to become a radio Ranch Hand was the substitute for the "experience" we usually require.

KFDI ASSIGNMENT

You can hear Willie on the 6:00 p.m. to Midnight air shift on Sundays.

COMMENTS

Willie's personality has become an integral part of our "Sound that Sells" here at KFDI and he has indeed become a strong and important KFDI personality.

KFDI RANCH HAND

Jerry Adams

PREVIOUS EXPERIENCE

Known as the "Johnny Appleseed of country music for upstate New York", Jerry has had the program directorship and production directorship of WSEN in Syracuse, WNYR in Rochester and WWOL in Buffalo. Other assignments found Jerry in Cedar Rapids, Iowa, Anchorage, Alaska, as well as his native Windsor, Ontario, Canada . . . came to KFDI January, 1973.

KFDI ASSIGNMENT

He heads up the KFDI Production Department as the Production Manager, for KFDI AM and KFDI FM. Jerry works with the Sales Department coordinating special promotions and advertising concepts.

COMMENTS

If it has anything to do with advertising, you'll find that Jerry Adams is ready, willing and able to "get it on"!

Jim was the news voice of Wichita for 15 years at KWBB. His exciting commentary style is well known to every Wichita citizen. Jim's dedication to news has earned him probably more respect and attention than is paid to any other Wichita radio journalist. He is a devoted family man and a health enthusiast, spending many of his off hours working out at the YMCA.

KFDI RANCH HAND

PREVIOUS EXPERIENCE

Nelson joined the Pony Express news team in early 1972, assigned as mobile reporter. With his background in government, and law enforcement, Nelson has the needed "second question" reporting so important in broadcast journalism. A resident of Wichita since high school, Nelson has spent many years in investigation and undercover work for local law enforcement agencies and in the private sector. These abilities assure KFDI listeners of all the facts, whatever the story.

KFDI ASSIGNMENT

Nelson's primary assignment is mobile coverage of Wichita and Sedgwick County. Additionally, Nelson handles special assignments, and a weekend news room shift.

COMMENTS

Nelson's experience is varied and extensive. With his personal contacts and commitment to radio news, it's easy to see how Nelson gets the story and usually first.

KFDI RANCH HAND

Chuck Hogan

PREVIOUS EXPERIENCE

Chuck started at KWBB in 1967, with a short time-out for Army service and from 1970-1973 was News Director at KWBB. A native of Chicago, Chuck completed high school in Dallas and has worked at Garden City and in Wichita, and came to KFDI in June of 1973.

KFDI ASSIGNMENT

Chuck covers the Wichita Board of Education and both state and county courts. Additionally he holds down a regular news room shift broadcasting news to all the Radio Ranch country.

COMMENTS

Chuck's long experience in the Wichita area in news, along with his broad acceptance by not only news sources, but other media, makes him a highly valuable member of the KFDI-Pony Express News Department.

KFDI RANCH HAND

Jim Banzer

PREVIOUS EXPERIENCE

A native of Wichita, Jim got his first taste of radio news at KMUW at Wichita State University. Jim has also worked at KARD - TV, KAKE radio, and KWBB here in Wichita. But Jim's experience in broadcast journalism is not limited to Wichita. Other highlights of his background include the Cleveland, Ohio area, Richmond, Virginia and Washington D.C. While covering the national capital, Jim covered the first national peace moratorium. When in early 1972 an opening was found at KFDI, Jim came home to Kansas and Wichita to join the Pony Express News.

KFDI ASSIGNMENT

Jim provides KFDI listeners with total coverage of Wichita's City Commission meetings, and other city hall news events and insight into the Sedgwick County Commission at their regular meetings. Jim also produces "Talk Back" heard Monday through Friday, and "Encompass" broadcast Sundays on KFDI-FM.

COMMENTS

Even though Jim was gone from Wichita for several years, his ties to the city are strong . . . add this to his talents in broadcasting and journalism, and this all adds up to another top man on the Pony Express News team.

KFDI RANCH HAND

Barry Elvin

PREVIOUS EXPERIENCE

A native of the Wichita area, Barry's long-time interest in history, politics, and current events, eventually led to a political science major at Wichita State University. Realizing the need for rapid understanding by the public moved him into broadcast journalism, and the chief announcers job at KMUW-FM, at Wichita State University. Barry joined the Pony Express News team in January, 1972.

KFDI ASSIGNMENT

Barry's assignments are varied and include both mobile and news room shifts. He also handles special assignments on an individual basis, and writes and produces the "Positive World" heard four times each Sunday morning.

COMMENTS

Barry's background and experience, coupled with his dedication to broadcast news brings to KFDI listeners an unprecedented and understanding of all news assignments.

KFDI RANCH HAND

Jackie Edwards

PREVIOUS EXPERIENCE

Jackie's experience in broadcast news has been short-term, but she's not short in dedication and desire. A Journalism student at Wichita State University, Jackie joined the Pony Express News team in February of 1974, as the very first recipient of the Pony Express News internship. The intern position was created to provide Journalism students with actual on-job training and experience in the "real" world of broadcast news. Jackie immediately won the respect of her co-workers with her efforts and skill. After completing the semester internship, Jackie accepted the full time position that was offered to her.

KFDI ASSIGNMENT

Jackie handles many mobile and special assignment projects in the Pony Express News Department and her skills also allow her to hold down a regular news room shift.

COMMENTS

Jackie's background, as the child of a career Air Force father, has taken her to many parts of the world. Her dedication to do the job, whatever it may be, coupled with her ability to learn, promise her a bright future in the Pony Express News Department.

Our Sports Editor. . .

KFDI RANCH HAND

Ernie Tousley

PREVIOUS EXPERIENCE

Ernie began his radio career with KNCO in Garden City, Kansas, in 1961, moving to KGYN, Guyman, Oklahoma, three years later as sports director and disc jockey. Ernie spent six years as Territory Manager for Burroughs Corporation in Wichita before joining the KFDI sales team in June of 1972.

KFDI ASSIGNMENT

Ernie is a full time salesman for KFDI and also handles the "sports" at the radio ranch.

COMMENTS

Ernie's interest in all sports and experience as play-by-play announcer for Garden City Junior College, and later at Panhandle A & M in Oklahoma, has given him background for handling KFDI's sports reporting with authority.

Ernie's previous experience in sales has really helped him to break into the radio selling business. He's a young man with a lot on the go. Another one of the reasons that makes KFDI #1.

PREVIOUS EXPERIENCE

Dale's interest in the weather and what makes it happen goes back to his childhood, and eventually brought him to the job of radio weatherman for KFDI. A member of the American Meteorological Society for many years, Dale has taught Meteorology and Climatology at the junior and senior high level, and in college. A native of Texas, Dale holds his masters degree from North Texas State at Denton, Texas. In addition to broadcasting the weather on KFDI, Dale is noon hour, and weekend weatherman for channel 12.

COMMENTS

The addition of Dale Noah to the weather reporting team of KFDI in 1973 has provided a continuation of the top-notch weather information under severe and normal conditions. His knowledge of the weather and ability to explain it provides KFDI listeners with all the weather information so important to Kansas and Oklahoma residents.
