#### Cover Story—

### Bert Coons "Plays" Rudolph Valentino

Do you recognize the foreign-looking scene on the cover of this month's GUIDE?

Many KMA GUIDE readers who have visited Shenandoah will recognize the picture as the larger of two Moorish-styled towers on the roof of the KMA Auditorium.

But, who would guess that the Arabian-cloaked figure brandishing a sword over the Iowa countryside is KMA announcer Bert Coons!

Maybe it was the Iowa heat. Maybe Bert had been reading too much about Rudolph Valentino lately. Anyway, we think it makes an interesting picture.

#### LIVERMORE, IOWA GIRL NAMES KMA DISC SHOW

Miss Phyllis Wilson of Livermore, Iowa won Don Soliday's recent "name-the-program-contest" on KMA by coming through with the catchy title, "Spins and Needles". It was chosen as the best title sent in from hundreds of other title suggestions.

Other winners in the contest were: second place, Wanda Hensley, Farragut, Iowa; third place, Pearl Mercer, Richmond, Missouri; and Mrs. Hazel Atterberry, Davis City, Iowa, fourth place.

"Spins and Needles", Don's popular disc show, is heard every afternoon on KMA from 4:45 to 5:30.

## A Chat With Edward May

Something that we have all been proud of out at home lately is the new white fence that has been erected along the gravel road in front of our yard. The fence is 350 feet long and I believe it will really be a beautiful show next year when all the climbing roses planted in front of it come into bloom.

In the picture above, one of the rose bushes is growing directly below where Annette is sitting. This particular bush already had a few blooms on it, as did five others of the nineteen planted, even though they were set out quite late. At the right in the picture you can catch a glimpse of our home.

I'll be taking the family up to Mercer, Wisconsin for a vacation in August and we're all looking forward to doing some fishing, boating, and most of all—resting! This year I hope to teach Annette how to swim, but little Karen is going to have to wait for a few years even though I know she'll want to try, too.

Mercer is located in the northern woods where the weather is cool and refreshing, about 50 miles from Lake Superior. Echo Lodge, where we will be, was started by a group of nurserymen from all over the United States, about 40 years ago. They picked this spot from many beautiful lakes in Wisconsin, Minnesota and Michigan as the place to go to spend their summer va-

cations together.

Be sure and read the special article about the KMA Friendship-Goodwill Tour to Mexico on Page 5 of this issue. And, I want to invite all of you who can possibly go to join in making this wonderful trip with me. I have already seen many of the places that we will visit this September and I can personally assure you that everything has been arranged to give you eighteen of the most enjoyable days you've ever lived.

I was speaking to my mother, Mrs. Earl May, about the Mexican trip this year and she is one of the most enthusiastic Mexican vacation fans you will ever find. As a matter of fact, when I asked her if she liked Mexico. She answered:

"Do I like Mexico? I've been there seven times! That ought to answer your question!"

And, don't worry about whether you are too old or too young to go on the journey, either. Why, last year when we went to Alaska there was an 85-years-young gentleman from Pella, Iowa, who went along and enjoyed himself equally as well as the younger folks:

If you will just drop me your name and address in care of KMA, I'll be very happy to send you a travel folder that will give you all the information about this wonderful Mexican journey!

## Oh, How Doc Loves Esther's Cooking -In Their 5 - Room Castle on Wheels!

"It needs just a little more salt, Esther!"

### VACATIONING McNEILL, PARSONS REPLACED BY MOVIE STARS

Joe E. Brown, one of the great names in show business, will become "acting Toast-master" of ABC's Don McNeill's "Breakfast Club" during August and the first two weeks of September. Don McNeill is on his summer vacation.

The "Breakfast Club" is heard on KMA every morning, Monday through Friday, from 8 to 9 A. M.

Several popular movie stars will fill in during August for vacationing Louella Parsons on her regular Sunday night program (8:15 P. M. on KMA and ABC.)

The guest lineup for August:

August 12-Joan Crawford.

August 19—Jane Wyman (Interviews Robert Mitchum).

August 26—Dorothy Lamour.

"I've got the best little gook in the world!" And, Doc Embree of KMA's everpopular Doc & Esther team looks like he means it in the photo at left as he tastes some of Esther's special brand of stew.

"Once a week I clean out the ice box, but, oh, how Doc loves that stew," exclaimed Esther.

Doc and Esther are shown in the kitchen of their new five-room trailer home that is really a castle on wheels. it has a big ultra-modern kitchen that really gives Esther plenty of opportunity

to take advantage of her favorite pastime—baking!

You'll be hearing quite a bit about Esther's favorite baking recipes on Doc and Esther's new morning show (11:30, each Monday through Friday morning, sponsored by Gooch's Best Flour).

Here's one of Esther's favorite recipes.

ESTHER'S QUICK YEAST ROLLS

3 cups flour (sifted) 3/4 cup milk

1/2 cup cold water 2 tablespoons sugar

l beaten egg l cake yeast

l teaspoon salt

2 tablespoons butter

Sift flour into large mixing bowl. Heat milk until bubbles form on sides of pan. Add cold water and cool to luke warm. Add broken yeast cake and stir till dissolved. Add salt, sugar, beaten egg and melted butter. Add to flour and mix well. Cover with damp cloth and let raise in warm place till double in bulk. Turn out on floured board and knead slightly. Form into rolls. Let raise about 20-30 minutes. Bake in hot oven. When done, brush rolls with melted butter.

# Still Time to Make Reservations For KMA Trip to Old Mexico

### Many Reservations Made by Last Year's Alaskan Tourists

There is still time to make your reservation for the 18-day KMA Friendship-Goodwill Tour to Old Mexico this September, but time is drawing short and all reservations should be made in the next few days.

As proof of the enjoyment and relaxation found on a KMA Tour, many midwesterners who participated in last year's tour to Alaska have made their reservations to join Ed May on the Mexican Tour.

The touring party, which will leave for Mexico on September 4, will again this year be under the guidance of Mr. and Mrs. Fnank Swircin, able representatives of the Burlington Railroad. They, together with Ed May, will attend to all the details of the tour, including reservations, times of departure, tips, etc., so all that the KMA tourists will have to do is enjoy themselves.

Mel Mains, KMA Farm Service Director, will also be along on the tour to help with the making of many recorded broadcasts which will be rushed back to KMA for use on the air while the tour is still in progress. Mel will also be on hand, along with Ed May, to answer many questions about the different Mexican agricultural scenes that will be seen along the way.

Ed May invites you to join with him on this tour of Mexico. Just drop him a postcard with your name and address and he'll make sure you get all the details!

## Soflin Sisters Join KMA Talent Staff

Two new musical members of the KMA entertainers' staff are the attractive, talented Soflin Sisters, Betty and Lyn. Their western, hillbilly and hymn presentations are already well-known to many Midwestern radio listeners.

The two sisters have been singing duets "since we were about three", at least that's how Betty puts it. Born in Lincoln, Nebraska, Betty and Lyn were visiting an uncle in Beaver City when they happened to hear about an amateur contest in town. They entered—and won!

That was in 1946. Shortly after, they began making personal appearances and playing guest shows on radio until they participated as contestants on the national network show, "Ted Mack and His Original Amateur Hour". A radio talent scout heard them and they received their first steady job in radio!

Betty and Lyn are heard on their own KMA shows at 7:30 a.m. (Mon. thru Sat.) and at 2:30 p.m. (Mon. thru Fri.) They also appear on "Half Past Noon" and a special Saturday afternoon program.

## On The KMA Party Line

With DORIS MURPHY

Twenty-four hours, cram packed with anxiety and excitement, were experienced by newscaster RALPH CHILDS, program director WAYNE BEAVERS and engineer WALT ELY during a trip to Kansas to bring a first-hand report of the flood situation to you KMA listeners. They left Shenandoah at 8 p. m., Wednesday, July 11th, reaching Topeka just 30 minutes before the dike broke. After being assured they would be able to leave by other routes, they entered the city, visited Red Cross headquarters for information, then went to bed at 2:30. By 5 a.m. they were up and soon busy on the wires, telephoning back reports to KMA. By mid-morn-

ing, news was released that roads leading out of the city in every direction were covered with water. That meant they were stranded for at least four days. The only possible way to get out was by air. Upon contacting the one private airport that was still open, they found they could charter a private plane to bring them back. At 5 p. m. they left their station wagon in Topeka, boarded the plane and started toward Shenandoah, but were grounded at Falls City, Nebraska, when the weather turned unfavorable for flying. Calling

the bus station the boys learned a bus was just leaving. Officials held it until they could drive in from the airport. After reaching Nebraska City by bus, they called announcer PAUL PIPPERT to come after them in his car. Just 24 hours from the time they started, they were back home—tired, weary, sorrowed by the sights of the ravaging flood they had seen . . . but thankful for a safe return.

No wonder announcer DON SOLIDAY looks as if he is enjoying himself! Who wouldn't surrounded by a bevy of beautiful girls? Here you see DON pictured with the winners of the Beauty and Talent Contest held in the KMA Auditorium, for the selection of "Miss Southwest Iowa". The contest was sponsored by the Shenandoah Junior Chamber of Commerce July

12 and a number of girls from surrounding towns participated. On the far left is Miss Nancy Norman of Shenandoah who had just been selected first place winner and is wearing the Queen's Crown. Second from the right is Miss Carol Swanson, Clarinda, 2nd place winner; and next to her Miss Lucille Hilger of Hamburg, third place winner. Miss Norman is attending the Univ. of Nebraska where she is majoring in voice; Miss Swanson is a student at Clarinda Junior College, studying piano and Miss Hilger is attending Ia. State Teachers College at Codar Falls. Miss Virginia Lines of Clarinda, "Miss Iowa of 1950" was present and crowned "Miss Southwest Iowa of 1951". Miss Norman will be a contestant in the state "Miss Iowa" contest in Clear Lake, Aug. 4 and 5.

When MRS. BOB STOTTS serves her husband home-canned string beans next winter, I'm afraid BOB won't be able to enjoy them as much as he should. He

may still remember the painful sunburn he got while picking them. Three hours were spent bending over the vines in his garden, and when he got through, in addition to the two bushels of beans, he had a "bushel and a peck" of sunburned back! The sudden death of ARTHUR FRAVEL,

The sudden death of ARTHUR FRAVEL, age 77, father of homemaker EDITH HANSEN, occurred June 23 at Lake City, Ia. Death was due to a cerebral hemorrhage. His wife, three daughters and one son survive. EDITH's mother will continue to make her home with her daughter, Mrs. Bertha Emo at Lake City.

Mothers home cooking! My, how announcer LEE SUTTON enjoyed it, while on vacation back at the old home farm near Springdale, Ark! He ate so much he gained 5 pounds and his dad kiddingly

remarked that LEE better bring more money home with him on his next visit, if he expects to keep on eating the way he did on this trip. And much to LEE's delight, mother served his favorite dish: "Sweet Potato Puddin!" You would naturally expect a fellow with a southern drawl to love that southern dish. LEE also drove to Oklahoma and Alabama before returning to Iowa.

Could it be vanity or absent mindedness that caused WARREN NIELSON to carry a large wall mirror around with him during working hours? While the radio office was being painted, the mirror had been put on his desk. WARREN picked it up, carried it across the street to the studio, back again to the radio office and was standing talking to the station manager, when it suddenly dawned on him, he had it under his arm! Oh well . . . in all the confusion of painting, anything could happen!

It didn't take entertainer CURLY DALE very long to figure out how to break his old dog from barking his head off at midnight. After losing sleep a few nights, CURLY got up, locked the dog up in his old fishing Ford, and that settled things. From then on ... the dog hasn't let out a yip!

How on earth could an eye brow pencil disappear so quickly! That is what puzzled entertainer MICKEY COTTEY. He had just used it, while making up for the comic character part of "Lover Boy O'-Rielly", for a personal appearance at Hopkins, Mo. But when he looked for it again, to complete his make-up, he couldn't find it. He looked under chairs . . . all over the stage. The gang stalled the show while he continued to search. Finally he borrowed one from BECKY

BOWMAN. After his act was over and he walked off stage . . he glanced down at the front of his shirt and there . . . as big as you please . . . was his lost eye brow pencil in the front pocket. You can imagine how foolish he felt after having spent 15 minutes looking for it!

Summer time is a happy time for children and here you see homemaker EVE-LYN BIRKBY'S two children, BOBBY, age 11/2, pictured with hose in hand, ready to sprinkle his sister, DULCIE JEAN, age 4, who is having fun splashing in the wading pool. They were spending the day Shenandoah visiting grandmother, MRS. MAE CORRIE. Like many of you homemakers, EVELYN has been busy an their farm near Farragut, canning, cooking for hired hands, gardening and doing many other extra chores. The family all went to the field and helped BOB the day they put up hay. EVELYN drove the tractor, BOB forked the hay upon the hayrack,

and after it was loaded EVELYN and DULCIE laid down, away up high on the load of hav. and looked at the clouds as they rode back to the barn. BOB, a former Boy Scout director is handy at making things. and made his own hay rack, as well as two new hog houses last winter. A stream running thru the field has provided DULCIE with nine tadpoles she keeps in a fish bowl. Listen to EVELYN's interesting visits: "Down the Country Lane" on KMA at 10:30 each Saturday morning.

If you hear the voice of the afternoon home-

maker in the morning and vise versa, don't be alarmed! It will be the homemakers substituting for each other, while they are on vacation. ADELLA SHOE-MAKER, husband DON and son DONNIE plan a motor trip to Yellowstone Park, Aug. 17 and BERNICE CURRIER will leave Aug. 5 for a week's visit with her son MERRILL CURRIER and family at Cairo, Ill.

Twelve gay colored balloons hanginng to the high ceiling of the KMA Auditorium probably meant heartaches for 12 kiddies. It seems they got their free balloons at the opening of a new grocery nearby, then came to visit KMA. Soon the cords slipped out of their hands and up went the gas-filled ballons, out or reach. As long as the gas lasted, the ceiling had a festive appearance.

### Frank Comments

By FRANK FIELD

Yes, the picture this month shows Bob's boy, Bill, his dog Pal, and the new dog house. Bill had been at me for several weeks to take a picture of the new dog house as both he and Pal are extremely proud of it. Bill's Grandfather Anderson and a neighbor up the street, Mr. Wade, made it in their spare time out of some half inch boards, salvaged from some old packing cases, so all they had to buy was the hardware and the paint. Bob fussed a little bit about the paint that it cost a \$1.60 and he doubted if the dog was worth that much. Probably not to anyone but Bill. He thinks the dog is worth

a million dollars at the very least. When anyone asks him what kind of dog it is, he says "brown." close examination would reveal the characteristics of at least fifteen different kinds of dog, none of them predominating.

We get to see Shannon almost every day as Jim and Peg have

moved back to Shenandoah, as I told you last month. Shannon puts in his afternoons down at the swimming pool with his cousin little John. Johnnie swims like a fish and Peg is quite sure that Shannon will be able to swim before the season is over.

Peg, Maxine and Zoe are taking turns about taking the offsprings to the swimming pool afternoons. That gives the other two time to get caught up on their house work and do a little canning. Danny loves the water just as much as

Johnnie and Shannon do and there is a bare possibility that he might learn to swim before he learns to walk. He hasn't really walked yet although he does take one or two steps occasionally from chair to chair.

Maxine has been doing quite a little canning this summer. She has about 50 quarts of beans canned and is about ready to call it quits on beans. The sweet corn will be ready in a few days and part of that she plans to freeze and part to can with the pressure cooker.

Jennie has her canning pretty well under control. We are right in the midst of the sweet corn all of which goes into the freeze box. It is keeping us extremely busy keeping up with the Burpee hybrid cu-

cumbers. They grow almost over night and about one more batch of dill pickles will be all that we will need.

I hardly know what to think about the lima beans. If frost holds off till the usual time they will make it all right. They are starting to bloom very heavily and if they do anything at all we will be

we will be able to put 50 or 60 boxes in the freezer. You radio listeners know all about the fall garden which we planted on July 16 It is coming along beautifully and with normal weather conditions it should produce even better than the spring garden did. How many of you people are ex-

The weather is almost ideal for gardening now and it looks like it will remain this way for quite a while. Too much rain sometimes, but it seems like everything turns out all right in the end.

FROSTED MELON MOLD

This is one of the prettiest salads I've ever made. Bring it to the table on a pretty platter and slice it before your guests. The cream cheese and the fruit gelatin go so well with the cantaloupe that it's as good to eat as it is to see.

l cantaloupe l box orange flavored gelatin Peaches English walnuts Philadelphia cream cheese A little top milk

Peel the cantaloupe as you would an apple. Cut a slice from the end, and remove seeds with a spoon. Turn upside down to drain. Pour 2 cups boiling water over gelatin. Let cool until slightly thickened. (This is important for the fruit should not float), Then add chopped ripe or canned peaches, and broken nut meats. Put cantaloupe in a bowl to hold it erect, and fill with gelatin mixture. Replace top with toothpicks and store in refrigerator until firm. Cut a small slice off end so cantalope will stand erect, and frost with Philadelphia cream cheese which has been blended with enough top milk to spread easily. If the cantaloupe is large it may take 2 three-ounce packages of cheese. Serve on lettuce.

#### COCONUT BROWN SUGAR COOKIES

2 cups brown sugar firmly packed 1 cup butter (part vegetable shortening may be used)

2 eggs

3-3/4 cups sifted all purpose flour

2 teaspoons cream of tartar

2 teaspoons soda

l cup coconut

1/2 teaspoon lemon flavoring 1 teaspoon vanilla flavring

Cream brown sugar and butter. Drop in eggs and beat. Sift dry ingredients together and add. Add coconut and flavorings. Mix. Form in small balls and lay on greased cookie sheet. Do not flatten. They will spread out and crack as they bake. Bake in a moderately hot oven, 375° for about 10 min., or until a golden brown. These cookies are very attractive looking, and are deliciously chewy.

#### DILL PICKLES

3 quarts water
1 quart vinegar
1 cup salt
Garlic
Cucumber
Dill (head and stalk)

Heat water, vinegar and salt. Put washed large, firm cucumbers in a jar. Put in a bud of garlic and 1 head of dill and about 1-1/2 foot of dill stalk. Cover with the hot solution. This amount will cover about 9 quart of cucumbers. They taste very much like "boughten" dill pickles.

#### ELDERBERRY JELLY

3 cups fresh elderberry juice 7-1/2 cups sugar 1/2 cup lemon juice

l bottle pectin

It takes about four pounds of fully ripened berries to make the juice. To prepare it, remove larger stems from the berries, place in kettle and crush. Heat gently until juice starts to flow, cover and simmer 15 minutes. Drain through jelly bag. Mix sugar and juice and bring to a boil. As soon as it boils, add pectin, stirring all the while. Bring to rolling boil and boil hard for 1/2 minute. Remove from fire and skim and pour into jelly glasses. Cover with paraffin.

### Only One Like It!

Coy Gets A New Guitar

The distinction of being the first in the world to own a special type of 3-necked electric guitar goes to KMA musician Coy Martin!

As a matter of fact, Coy designed the guitar himself and asked a musical instrument manufacturer, Paul Bigsby of Downey, California, to construct it for him.

Special features of Coy's new guitar,

which he is playing in the photo above, include being able to change the tone of the strings by simply stepping on the specially constructed foot pedals. Then, too, it has eight strings on each of two of its "necks", but two extra strings, or a total of ten, on the other.

The guitar weighs 80 pounds so we doubt if you will ever see one being strummed by some horse-riding cow poke in the movies!

# The Busy Life of Curly Dale - Pilot, Fisherman, Boatsman, Hunter

### Curly Heads New Iowa Boating Club

Hobbies? KMA entertainer Curly Dale has so many interesting outdoor hobbies that he actively works at that we might call him a sportsman's sportsman.

For in between his KMA radio programs you might find Curly out at the airport getting ready to take off on a leisurely flight over the countryside. Or, he might be decked out in hip boots and rod and

reel and trying his luck at fishing.

Come fall, Curly likes nothing better than a hunting trip through the fields and woods. But, Curly's real interest right now, during the summer months, is boating in his slick little craft "Hazeliner", in which Curly is seen speeding over the waves in the photo at the bottom of the page.

For Curly is not only an avid boatsman, but was one of the organizers, and is now the first president, of Shenandoah's first boating club, which now claims 35 members.

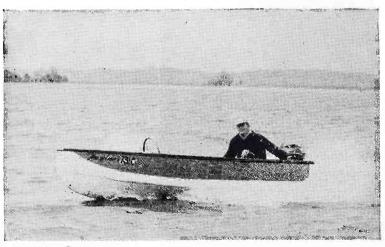

"It took me about three months to build the "Hazeliner", Curly said. "One thing I'll never forget about it is that it contains 1400 brass screws!"

"I built it in my garage and, of course, everybody was making cracks about how I'd never get it out through the doors. Well, one night, just before it was done, I tried it and had about two inches of clearance altogether!"

Curly's wife, Hazel, for whom the boat is named, didn't particularly like having the boat named after her at first. She wanted to call it "Little Toot", after a boat she saw in a movie cartoon!

Born in Coffey, Missouri, Curly is as versatile in his radio talent as he is in his hobbies. Besides the guitar that he is strumming in the photo above, Curly also entertains on the banjo, mandolin and bass fiddle as well as with his well-known voice.

He is heard, Monday through Friday, on KMA with "The KMA Cowboys" at 11:15 a.m. and "The Nishna Valley Neighbors" at 2:45. Curly is also featured as one of the "Ozark Mt. Boys" at 1:30 on KMA, Mon. through Sat.

## WEDDING BELLS RING OUT FOR FARM SERVICE MAN MEL MAINS!

Home in Shenandoah after a short wedding trip to Minnesota are Mr. and Mrs. Mel Mains, who were married July 21st in Des Moines.

Marriage is really going to have its ups and down for KMA Farm Service Director Mel and his wife. Why? Well, Mel is a towering six feet, four-inches tall while his new bride, Donna, measures just one-half inch over five feet!

Donna (born in Gladbrook, Iowa) and Mel met in Des Moines where Donna was working for an insurance company, and Mel was making a broadcast for KMA. I guess he didn't know then he would soon be getting a "new sponsor".
