TRADE MARK REG. U.S. PAT. OFF.

33,413 MILES—SIMONIZ KEEPS THIS CAR LOOKING NEW

Keeps Cars LOOKING NEW

PROTECT the appearance of your car with Simoniz and it will add thousands of miles of beauty to the finish.

In all weather Simoniz guards the beauty of a car from elements that dull, age and eventually destroy the finish. It makes the finish last longer, keeps colors from fading—and that is why millions of motorists say “Simonizing is real beauty insurance.”

Anyone can Simoniz a car. When cars are dulled and discolored the wonderful Simoniz Kleener quickly and easily restores the lustre. And, Simoniz provides the hard, sparkling surface of protection that keeps cars always looking new.

Insist on Simoniz and Simoniz Kleener—for Simonizing is the secret of lasting motor car beauty.

THE MIDDLE WEST UTILITIES COMPANY PROGRAMS

The Middle West Utilities System, which provides electric power and other public services in thirty states, has inaugurated a series of weekly radio programs, each dedicated to one of the states in which the System operates.

The musical setting for each program consists of state songs and songs of the principal schools of the state. Brief descriptions are given of the industrial and commercial attributes of each state and particularly of communities in which companies of the Middle West Utilities System operate. The programs also have told of the effects of widespread distribution of electric power to small communities and countryside, which is the principal field of the Middle West Utilities System. In addition a few minutes of each program has been devoted to some question of public interest involving the electric light and power industry and a brief explanation is presented. The radio audience has been invited to submit questions of this nature.

The broadcasts are given every Friday night from 9 to 9:30.

Listen to Big Kernel Sing!

Every Saturday at 5:30 P. M.

UNIQUE CANARY

PROGRAM

GROWS

IN POPULARITY

WITH their pleasing repertoire and amazing range of notes, each Saturday at 5:30 P. M., our canary radio star, BIG KERNEL, and his canary friend, thrill

thousands of WENR listeners everywhere. Listen to our unique program of BIG KERNEL canary song, accompanied by Irma Glen and Howard Neumiller on the pipe-organ and piano.

When you visit WENR, be sure to see BIG KERNEL as he is always at home in the studio—happy to receive his guests.

Stories are received from hundreds of canary owners all over the country. The most interesting episodes admit the writers to membership in the Golden Feather Club, where each member receives a tiny golden pin, which is the emblem of canary lovers.

Hear BIG KERNEL sing his praises of BIG KERNEL BIRD FOODS, which are responsible for the excellent health of this famous canary.

BIRD SEED, BIRDOLINE, VITAMIN HIGHBALLS, BIRD GRAVEL and CUTTLEBONE comprise the chief items of BIG KERNEL'S daily diet, the manufacture of which is backed by over 70 years' experience as bird specialists. Send for sample of SEED or BIRDOLINE and copy of booklet on "The Care of Canaries."

First on the Air

*A typical scene in the
Home Service kitchens*

IT CAN be justly said that Mrs. Anna J. Peterson is the pioneer home economics broadcaster. The first to give advice and help to the first radio fans in the first Chicago station, she has become known throughout the world. Her Home Service department is the model upon which many others have since been established. Mrs. Peterson broadcasts over WENR every week day at 11:25 a. m.

"Voice of America's New-Style Encyclopedia"

Whose friendly programs come to you over WENR and more than one hundred other stations representing every section of the United States.

All the information given you during these programs is taken from THE New WORLD BOOK Encyclopedia, twelve volumes and Guide; 9,000 pages; 14,000 illustrations; surprisingly low in price and sold on small monthly payments.

Made in America exclusively for the use of American families, this is the encyclopedia which the schools have adopted and recommend for your home.

GLASSES that are worn and are not needed cause just as much eye strain as going with bad eyes without the proper correcting lenses. The safest way is to have your eyes examined by an Oculist, a Medical Doctor, who specializes in eye, ear, nose and throat work. Then, if glasses are prescribed you know you need them.

WENR... a Quality Advertising Medium

The mechanical and geographical advantages of WENR as an advertising medium are obvious.

The efficiency of an organization built around a nucleus of pioneer broadcasters is reflected in the quality of WENR programs. But an unspoken guarantee of the safeguarding of public interests, is the intangible factor which has made WENR's sponsored programs welcome in millions of homes. WENR can offer to its advertisers the priceless treasure of "Public Confidence."
