FILM DIGEST: David Wayne's Norby comedy-drama film series going into production in color for Eastman Kodak sponsorship is probably the most expensive series to come up with an orphan look. Everything is set except a spot to show it in, and while the ad agency says that the premiere date (sometime in January) and the network will be announced soon, the Louisiana film performances in good time may force it into national spot showings to take advantage of stations in key markets that will be equipped to transmit color. The latest film series bought for showing over KTTV-LA is NBC's Victory At Sea. The emphasis on film series, making it the most film-conscious station in the country, obscures the fact that it also has pioneered, and still emphasizes, many special "live" programs that highlight local commercial and public service activities, with the film series used to build the network stations. Local live programs find it hard going during the evening hours against top-star programs unless they can be bucked with other names, even if on film. KTLA (H'wood) originally announced the premiere of Chico and Pablo, the edited versions of the old Cisco Kid features, then postponed it with an announcement that a new starting date would be on the near horizon. The show has come yet and one report is that the producers are having trouble in dubbing in new sound since they are blocked from using the characters' regular names because of the Cisco Kid television series.

Jack Beekman-Hank Leeds announced production of a television interview series starring Eleanor Holm. Format calls for her to interview noted women sports stars and award each a "Sportswomen's Achievement Award." Lance Studios in New York will be used for production, beginning in September if the pilot goes. A Holm radio transcription series is already available. Robert Stevenson will produce and direct the hour-long film extravaganza being prepped by BBD&O on the West Coast to mark the 50th anniversary of the Bank of America, with shows scheduled for practically every California television network, both network and independent. Jack Denove Productions will handle the filming, with major entertainment names being presented in a story line tracing the history of California and the parallel growth of the bank with the state.

Mary Lee Dearing and Jane Moultrie have been cast as regulars in support of Gene Lockhart in the His Honor, Homer Bell series. Will Price will direct. Gallahad Productions (H'I Brown), the production firm, has moved to 1277 East 10th St., Brooklyn (NA 8-3599). Advertisers' Television Program Service, Inc., has signed to handle syndication of John Loveton's Mr. and Mrs. North series (57 films), at 9100 Sunset Blvd., West Hollywood, with Maurie Gresham as v.p. and general manager. Ezra Stone is continuing as director of I Married Joan, after finishing his stint on the second group of four originally seen for him. Hoff's announces another series on the Mounties and on New Orleans police seem to be in abeyance as he's writing and planning to produce a new movie in Hollywood.

The New Stu Erwin Show lists more writers on separate scripts than any other story-line series in the last few years; it's deliberate to cut the pressure. More preparation and more shooting time has also been added for quality.

NEWS & COMMENT: CBS' color production for Danger for Aug 31 lists 13 major production credits, not including technicians with five of them strictly for the color, which suggests that the roll-ups will have to move fast color programs to get everyone's name on the screen. Time differentials will force West Coast color spectaculars to record some of the productions in monochrome for delayed telecasts for the East Coast. This is an extension of the current situation with b & w which sees some of their own live shows on kine since schedules favor East Coast viewers. Carleton Carpenter will play Georgie Russel, Davy Crockett's sidekick in the film episode of the same name planned for Disneyland. Pess Parker plays the title role. The saga of the Tennessee will cover three one-hour episodes, with filming scheduled for a Tennessee location beginning within two weeks. Gordon MacRae has been signed as permanent singing host for 20 of the Colgate Comedy Hour shows, starting Sept 26. Five of the other shows will star Martin & Lewis with four other productions being "book" programs. Vaughn Monroe has been signed by RCA to be the commercial announcer on all radio and television programs which it is sponsoring. Leadoff assignment is the 3rd Caesar Show on Sept 27. He will also be used in filmed and recorded spots. Monroe thus joins Jimmy Black and other former vocalists who have made the transition to commercial announcing, although in his case it will be part-time as long as his records continue to sell big; which also adds impact to his RCA messages. Leo Durocher as Red Skelton's guest on his first show of the fall season, scheduled for Tuesdays, 8-8:30pm, but the release didn't mention the date. Skelton will be followed by Halls of Ivy, the Ronald Colman-Benita Hume film series, announced for an Oct 19 start.

A. C. Nielsen will begin installation of a first group of 6000 of its new Recordimeters some time in October which will permit early inauguration of the Nielsen Station Index Service. The instruments will be permanently installed in sample homes. Al Paul Lef- ton Co., Inc., and its New York office to 71 Vanderbilt Ave (MU 9-7470) on Aug 30. Howard Whitman, magazine writer who authored "Terror in the Streets," a survey of crime in major cities, has been doing a film report with an NBC crew pegged to the back-grounds and neighborhoods of the four Brooklyn "Mill Killers," to be presented on the Home show, a further extension of the magazine of the air concept.

Members of the Radio Writers Guild and Screen Writers Guild and Television Writers Guild voted last Wednesday in New York and Hollywood in favor of the constitution of the new Writers Guild of America, which will operate thru two membership corporations, East and West Coast, in representing writers in the radio, television and motion picture fields.

PERSONNEL CHANGES: Theodore F. Koop has been named director of CBS News and Public Affairs in Washington. Edward Wallis appointed manager of sales promotion and publicity, WPTZ (Phila). John W. Timmes upped to executive program director for KFRA (St. Louis) in charge of program development for both radio and television.
Most of the shows on August 27, 28, 29 were listed in last week's report. Changes & additions are included here for the record. Multiple and across-the-board shows are grouped together after the listing for Friday, September 3. Script identifications used are: (O) original, (A) adaptation, (SW) staff-written, (SD) staff-directed. Performers are identified as singer (S), dancer (D), comic (C), musician (M). Actors who appear regularly are listed in the premiere cast then subsequently referred to as regulars. Live shows are listed in caps in the left column; filmed shows are in upper and lower case letters, underlined.

Since credits for the following programs were listed fully at the time of their original showing, they are not carried below in their current re-runs or summer replacement re-runs: Gene Autry, Roy Rogers, Top Plays of 1954, Four Star Playhouse, I Married Joan, Campbell Soundstage, Big Town, Mr. Peepers, General Electric Theatre, Foreign Intrigue, The Hunter, The Plainclothes Man, Pepsi-Cola Playhouse, The Best in Mystery, Topper.
