The latest-generation HHB CDR-882 DualBurn sets a new reference standard in CD recording. Compatible with CD-R and CD-RW media of all speed ratings, recordings made on HHB’s own audiophile-grade CDR74 Gold discs exhibit an average Block Error Rate as low as 0.09, resulting in a sonic performance even better than that of commercially-stamped CDs.

Fall Directory 2009
www.broadcastermagazine.com
Introducing the all new Scan Do® HD with 3G-SDI

DVI-I to 3G/HD/SD-SDI Scan Converter with DVI-I & Analog RGB Inputs and 3G-SDI Output Support

The all new ScanDo® HD converts your high resolution computer sources into a SMPTE standard 3G, HD or SD-SDI signal for broadcasting on-air or seamless integration into all of your content distribution channels.

Genelec 8240A Bi-Amplified DSP Monitoring System

Boasting performance comparable to much larger systems, the compact and powerful 8240A package is ideal in applications where a wide frequency response is needed but space is limited. The 8240A is the ideal monitoring tool for recording studios, post-production houses, broadcast installations, digital edit suites, home studios and mobile production vehicles.

GENELEC®

AutoCal™ DSP GML

The AirTools Voice Processor 2x, an outstanding programmable microphone processor that is flexible, powerful, and easy to use.

Engineered by Symetrix

Chief Engineers treasure its programmability and rich DSP feature set. On-air talent enjoy its simplicity of operation. Studio managers appreciate how it independently processes two microphone channels in one rack space. And, most importantly, everyone loves the sound – including the listening audience.

Being Canada’s leading designer, leader and integrator of audio visual broadcast and post production technology means we’ve got a lot to offer...

...IT ALSO MEANS WE CAN CREATE A SOLUTION FOR YOUR UNIQUE NEEDS

By building a mobile broadcast system for a national news network to creating an automated broadcast system for the country’s top communications giant, we have the creative approach, technical expertise and proven track record to meet each one of our client’s project challenges.

For the first in-depth consultation, to product selection, professional installation, through to support and training, we can offer the solution you need, whether it’s a service, a product, or a complete system build.

Audio Visual Systems
Corporate boardrooms and auditoriums
Video conferencing facilities
Educational and training facilities
Command and process control centres
Legislative and council chambers
Public display environments

Broadcast Systems
Design and integration
Satellite and radio services
Parliamentary broadcast systems
Regional and mobile broadcast systems
International special event systems

Broadcast & Post Production
A complete range of products that support the broadcasting, production and post production industries.

HD quality on a SD budget.

Sony has always been a dominant force in the development of HD. We've made HD a reality in network news, live entertainment and major league sports. Now, Sony introduces a new line of exceptional HD products that make HD a reality for more cost conscious customers. We've built the core technology of our flagship HD products into a new generation of cameras, switchers and production monitors. So, if you have been waiting to make your move to HD, there has never been a better time than now. To find out more about Sony’s line of affordable HD products visit us online at www.sonybiz.ca.

- SMPTE-C, EBU, ITU-R BT.709
You want it all?

No problem.

It's a multiformat world, and the new FS1 brings it all together...at a breakthrough price.

Turn SD into HD, HD into SD, or HD 1080 into 720 (and vice versa), with FS1’s hardware-based 10-bit up/down/cross-conversion.

Embed and disembed audio.

FS1 not only interfaces to all of your gear, but also with your facility via its LAN-based web-server and SNMP monitoring. Push a button, or talk to it from across the web.

Put FS1 in the middle of your facility, and see how it makes nice with your gear, your multiformat needs, your engineers...and your budget.

Check out our website, or give us a call to find an Authorized AJA Converter Dealer near you.
