The
Canadian
Radio
Yearbook
1947-48
THE CANADIAN RADIO YEARBOOK
This is Simpson's 75th Anniversary Year. From a small beginning, the Simpson organization now serves Canada with department stores in five Canadian cities, huge mail order warehouses, order offices and agencies across Canada, as well as buying offices in the important merchandising centres of the world. Simpson's always will provide good merchandise, good value and good service to Canadians, as it has done for three-quarters of a century.

GROWING GREAT WITH CANADA
FOREWORD

The first edition of the Canadian Radio Yearbook was scarcely off the press when we began making preparations for this, our second issue. There were many things which we would have liked to have included in the 1946 printing but which, due to limitations upon our time, had to be left over. These new features, with a number of additional sections, have been incorporated this year, making this, we feel sure, the most complete guide to broadcasting ever presented to Canadian radio executives.

We have given special attention to the fundamentals of broadcasting: the legislation and regulations which contain it and upon which it has been constructed in this country. As far as we know, nothing of a contemporary nature has been left out. The new departments of Music and Engineering, and the section listing Radio Telephone Numbers should be useful in all phases of broadcasting.

It will be noticed that our typography and make-up has been considerably revised — for the better, we believe. In this respect no expense has been spared to produce a publication of the highest possible quality, although it was brought out under the handicap of today's tremendously crowded printing schedules.

As in 1945 and 1946, we sought the guidance of executives from every phase of public and private broadcasting and its affiliated businesses. Their help was invaluable.

To officers of the Canadian Broadcasting Corporation, particularly to such men as Ernest Bushnell, E. A. Weir, George Young and Wells Ritchie, the latter until recently CBC Public Relations Director, we are especially appreciative. We are equally indebted to such prominent figures of private broadcasting as Harry Sedgwick of CFRB, Toronto, and the Canadian Association of Broadcasters; to Harry Dawson, Jim Allard and Arthur Evans of the C.A.B., and to Gerry Gaetz of CKRC, Winnipeg, and Les Garside of CJGX, Yorkton.

There are also those whom we must thank for their assistance in the preparation of departmental material. Data supplied by R. C. Poulter of Poulter Publications Limited of Toronto was of great value in the compilation of the section on Equipment Manufacturers, while much of our information for the section on Music in Radio was supplied by Harold Moon of BMI Canada Limited. Others, including Spence Caldwell of All-Canada Radio Facilities and George Taggart of Toronto, have our gratitude for their co-operation during the preparatory stages of this volume.

Our task was made much easier by such unselfish contribution.

Toronto, Ontario
December, 1947

Hugh D. Hewson
Editor

COMMUNITY HALL—NEW STYLE

From coast to coast, Canadians have come to know each other better—through 25,000 miles of wire linking stations on the CBC Trans-Canada, Dominion and French Networks. Bridging the great distances in Canada, your national radio system has helped spread community spirit nation-wide.

From its main production points, from Halifax to Vancouver, CBC programs reach more than 95% of Canadian radio homes.

Through powerful transmitters, even remote villages get the best in radio entertainment, and Canadians in all walks of life exchange ideas and work out problems in free discussion strengthening the bonds of unity. Through the CBC International Service, the Voice of Canada is making friends for Canada throughout the world.

LEGISLATION AND
REGULATIONS GOVERNING RADIO IN CANADA

The Radio Act • Broadcasting Act • Orders-in-Council • Broadcasting Regulations • Political and Controversial Broadcasting • CBC Commercial Policy • Food and Drug • CBC By-Laws • Regulations Bulletins • Radio Committee • CAB Code of Ethics.

CANADIAN RADIO YEARBOOK • 1947-48
THE RADIO ACT, 1938

An Act respecting Radio in Canada
(Assented to 1st July, 1938.)

His Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:—

1. This Act may be cited as The Radio Act, 1938.

2. (1) In this Act, unless the context otherwise requires,

(a) "broadcasting" means the dissemination of any form of radioelectric communication, including radiotelegraph, radiotelephone and the wireless transmission of writing, signs, signals, pictures and sounds of all kinds by means of Hertzian waves, intended to be received by the public directly or through the medium of relay stations;

(b) "coast station" means any radio station which is established on land or on board a ship permanently moored and which is used for communication with ships at sea;

(c) "land station" means any radio station or installation of radio apparatus which is not a coast, mobile, ship or private receiving station;

(d) "Minister" means the Minister of Transport;

(e) "mobile station" means any radio station, other than a ship station or a private receiving station, which is capable of being moved and which ordinarily does move;

(f) "operator" means a person employed, engaged or authorized to operate or assist in the operation of any radio transmitter, radio receiver or other radio apparatus at any coast, land or mobile radio station;

(g) "private receiving station" means any house, room, vehicle, ship, aircraft, or other place wherein a radio receiving set intended solely for and capable of receiving broadcasting is located or installed;

(h) "radio apparatus" means a reasonably complete and sufficient combination of distinct radio appliances intended for or capable of being used for radioelectric communication, whether by transmission or reception or both;

(i) "radio" means and includes radiotelegraph, radiotelephone and any other form of radioelectric communication including the wireless transmission of writing, signs, signals, pictures and sounds of all kinds by means of Hertzian waves;

(j) "radio station", and the same expression when abbreviated as "station", means a station, other than a private receiving station, equipped with transmitting or receiving radio apparatus or both and intended for, or capable of being used for, any form of radioelectric communication, whether by transmission or reception or both;
THE RADIO ACT

(k) "ship station" means any radio station established on board a ship which is not permanently moored.

(2) Notwithstanding anything contained in the Interpretation Act or any other statute or law, the provisions of this Act shall be deemed to apply and to have full force and effect, according to their terms, in the case of all radio stations and private receiving stations or radio apparatus owned or operated by or on behalf of His Majesty in the right of any province: Provided, however, that nothing herein contained is intended to impose or to declare the imposition of any tax upon, or to make, render, or declare liable to taxation, any property belonging to His Majesty in the right of any province.

3. (1) The Governor in Council may
(a) prescribe the tariff of fees to be paid for licenses and for examination for certificates of proficiency held and issued under the provisions of this Act;
(b) authorize the payment of a portion of the license fees collected in respect of private receiving station licenses to any person or department of government, approved by the Minister, for services rendered in connection with the issuance of such licenses;
(c) accede to any international convention in connection with radio, and make such regulations as may be necessary to carry out and make effective the terms of such convention and prescribe penalties recoverable on summary conviction for the violation of such regulations: Provided that such penalties shall not exceed five hundred dollars and costs;
(d) make regulations for the censorship and controlling of radio signals and messages in case of actual or apprehended war, rebellion, riot or other emergency.

(2) Any person who violates any regulation made under this section for which no penalty is provided shall be liable upon summary conviction to a penalty not exceeding fifty dollars and costs or to imprisonment for a term not exceeding three months.

4. (1) The Minister may make regulations
(a) prescribing the form and manner in which applications for licenses under this Act are to be made;
(b) classifying coast, land, and mobile stations, and prescribing the type of radio equipment to be installed, the frequencies to be used and the nature of the service to be rendered by the several classes of stations;
(c) defining the different kinds of licenses that may be issued, their respective forms and the several periods for which they shall continue in force;
(d) prescribing the conditions and restrictions to which the several licenses shall respectively be subject;
(e) prescribing that no radio receiving set or radio apparatus for installation or use as, or in, a private receiving station may be sold, repaired or maintained by any person until a license is first obtained for such station;
(f) prescribing the different classes of certificate of proficiency of operators and the class of certificate, if any, necessary to qualify persons as operators for coast, land and mobile stations;
THE RADIO ACT

(g) for the examination of persons desiring to obtain certificates of proficiency as radio operators and to determine the qualifications in respect of age, term of service, skill, character and otherwise to be required by applicants for such certificates;

(h) to provide against any person divulging information received by means of a private receiving station;

(i) prescribing the watches, if any, to be kept by operators and the number of operators, if any, to be maintained at coast, land and mobile stations;

(j) for the inspection of radio stations;

(k) to compel all radio stations to receive, accept, exchange and transmit signals and messages with such other radio stations and in such manner as he may prescribe;

(l) for the effective carrying out of the provisions of this Act.

Penalty

2. Any person who violates any regulation made under this section shall be liable upon summary conviction to a penalty not exceeding fifty dollars and costs or to imprisonment for a term not exceeding three months.

5. No person shall establish any radio station or private receiving station, or install, operate or have in his possession any radio apparatus at any place in Canada or on any aircraft registered in Canada, except under and in accordance with a license granted in that behalf by the Minister: Provided that this section shall not apply to any radio receiving set installed in any automobile or other vehicle temporarily in Canada which is owned by a bona fide tourist who resides out of Canada: further provided that the Minister may for any reason deemed by him to be sufficient suspend from time to time the operation of the foregoing proviso either in general or as applicable to particular persons, zones or places in Canada.

6. All persons operating land or cable telegraph lines shall transmit any messages destined to or coming from any ship via coast stations under such rules as may be made by the Board of Railway Commissioners for Canada.

7. (1) No one shall be employed as a radio operator at any coast, land or mobile station unless he is a British subject.

(2) All radio operators at coast or land stations, or on mobile stations shall take and subscribe a Declaration of Secrecy in the form set forth in the Schedule to this Act, before a judge of any court, a notary public, a justice of the peace or a commissioner for taking affidavits, having authority or jurisdiction within the place where the oath is administered.

(3) Every person who has made the Declaration of Secrecy and who, either directly or indirectly, divulges to any person, except when lawfully authorized or directed so to do, any information which he acquired by virtue of his employment, is guilty of an offence and shall be liable, on summary conviction, to a penalty not exceeding one hundred dollars, or to imprisonment for a term not exceeding six months or to both fine and imprisonment.

8. Any person who knowingly sends or transmits or causes to be sent or transmitted any false or fraudulent distress signal, message, call or radiogram of any kind, or who without lawful excuse interferes with or obstructs any radio-communication, shall be guilty of an offence and shall be liable, on summary conviction, to a penalty not
exceeding five hundred dollars and costs or to imprisonment for a term not exceeding six months or to both fine and imprisonment.

9. (1) If a magistrate or justice of the peace is satisfied by information on oath that there is reasonable ground for believing that a radio station or a private receiving station has been established without a license, or that any radio apparatus has been installed, or is being operated, or is in possession of any person in any place in Canada within his jurisdiction without a license in that behalf, he may grant a search warrant to any police officer or any officer appointed in that behalf by the Minister and named in the warrant.

(2) A warrant so granted shall authorize the officer named therein to enter and inspect the station or place and seize radio apparatus there installed, or found in operation or in possession of any person.

10. (1) Any person who establishes a radio station or private receiving station or installs, operates or has in his possession any radio apparatus, in violation of the provisions of this Act shall be liable—

(a) in the case of the establishment of a private receiving station on the installation, operation or possession of radio apparatus intended for or capable of being used as a private receiving station, on summary conviction, to a fine not exceeding twenty-five dollars;

(b) in all other cases under this section, on summary conviction, to a fine not exceeding fifty dollars and, on conviction on indictment, to a fine not exceeding five hundred dollars and to imprisonment for a term not exceeding twelve months;

and in the case of any conviction under this section the radio apparatus or equipment, to which the offence relates, may be forfeited to His Majesty by order of the Minister for such disposition as the Minister may direct.

(2) Whenever any person is charged with an offence against section five of this Act, if he is proved to be the owner, tenant or the person in control of the premises, place, aircraft, automobile or other vehicle where any radio station or private receiving station or radio apparatus is found, there shall be a presumption that he did establish the radio station or private receiving station or that he did install, operate or have the said apparatus in his possession.

(3) No proceedings shall be taken against any person under this section except by order of the Minister.

(4) In every case of a summary conviction under this section the magistrate or justice of the peace shall, in addition to any other penalty imposed, award and order that the defendant shall pay to the prosecutor or complainant such proper costs as may be allowed under the provisions of Part XV of the Criminal Code.

11. (1) His Majesty may, at any time, assume, and for any length of time, retain, possession of any radio station, and of all things necessary to the sufficient working thereof, and may, for the same time, require the exclusive service of the operators and other persons employed in working the same.

(2) The person owning or controlling the station shall give up possession thereof, and the operators and other persons so employed shall, during the time of such posses-
THE RADIO ACT

sion, diligently and faithfully obey such orders, and transmit and receive such signals, calls and radiograms as they are required to receive and transmit by any duly authorized officer of the Government of Canada.

(3) If the Minister and the person owning or controlling any radio station taken possession of by the Crown under the provisions of this section cannot agree as to the compensation to be paid by the Crown for such taking possession, the Minister shall refer the matter to the Exchequer Court of Canada of adjudication and the provisions of the Expropriation Act, shall mutatis mutandis, be applicable for the purpose of determining the amount of the compensation, if any, aforesaid, and the amount of any judgment upon proceedings instituted hereunder shall be payable out of the Consolidated Revenue Fund.

12. All fines imposed by this Act or regulations made hereunder shall belong to His Majesty in the right of the Dominion of Canada and they shall be paid to the Receiver General of Canada.

13. In the case of any offence against any of the provisions of this Act or any regulations made hereunder, the complaint shall be made, or the information shall be laid, within one year from the time when the matter of complaint or information arose and not otherwise.

14. All regulations made under this Act shall be published in the Canada Gazette and shall ten days after the date of publication or at any later date mentioned therein, take effect as if they were enacted by Parliament.

15. The Radiotelegraph Act, Chapter One Hundred and Ninety-Five of the Revised Statutes of Canada, 1927, is repealed.
THE CANADIAN BROADCASTING ACT, 1936

An act respecting Broadcasting (Assented to to 23rd June, 1936). Consolidated with amendments, Chapter 33 of 1944. (Assented to 15th August, 1944)

His MAJESTY, by and with the advice and consent of the Senate, and House of Commons of Canada, enacts as follows:

1. This Act may be cited as The Canadian Broadcasting Act, 1936.  

2. In this Act, unless the context otherwise requires,

   (a) "broadcasting" means the dissemination of any form of radioelectric communication, including radiotelegraph, radiotelephone, the wireless transmission of writing, signs, signals, pictures and sounds of all kinds by means of Hertzian waves, intended to be received by the public either directly or through the medium of relay stations;

   (b) "channel" means a wavelength or frequency authorized to be used for broadcasting;

   (c) "Corporation" means the Canadian Broadcasting Corporation;

   (d) "Minister" means the Minister of Transport;

   (e) "private station" means any broadcasting station licensed to a person other than the Corporation;

   (f) "Corporation station" means any broadcasting station owned or operated by the Corporation;

   (g) "station" means any station licensed under the Radiotelegraph Act as a broadcasting station.

3. (1) There shall be a Corporation to be known as the Canadian Broadcasting Corporation which shall consist of a board of nine governors appointed by the Governor in Council and chosen to give representation to the principal geographical divisions of Canada.

   (2) The Governor in Council shall designate one of the Governors to be the Chairman and one to be the Vice-Chairman of the Corporation.

   (3) The Governors shall hold office for three years, provided that of those first appointed one-third shall be appointed to retire in one year, one-third in two years and one-third in three years.

   (4) Retiring Governors shall be eligible for reappointment.

   (5) Each Governor shall hold office during good behaviour for the period of his appointment, but may be removed for cause at any time by the Governor in Council.
(6) In the event of a casual vacancy occurring on the board, the Governor in Council shall appoint a person to fill such vacancy for the balance of the term of the Governor replaced.

(7) The Chairman shall be paid such annual salary as may be determined by the Governor in Council and shall devote the whole of his time to the performance of his duties under this Act, and shall not hold any other office or accept any other employment. If an executive committee is established by by-law, each of the other Governors on such executive committee shall receive an honorarium of one thousand dollars per annum; other Governors of the Corporation shall each receive fifty dollars for each meeting they attend, but shall not receive more than five hundred dollars in any one year. (1944, c. 33, s. 1.)

(8) All Governors shall be entitled to receive and be paid their actual disbursements for expenses necessarily incurred by them in connection with the discharge of their duties under this Act.

(9) Four Governors shall constitute a quorum.

(10) Each Governor shall, before acting as such, take and subscribe before the Clerk of the Privy Council and shall file in the office of the said Clerk, an oath of office in the following form:

"I Do Solemnly Swear that I will faithfully, truly and impartially, to the best of my judgment, skill and ability, execute and perform the office of Governor of the Canadian Broadcasting Corporation, and that, while I continue to hold such office, I will not accept or hold any other office or employment, or have any pecuniary interest, direct or indirect, individually or as a shareholder or partner, or otherwise, in broadcasting or, in the manufacture or distribution of radio apparatus. So help me God."

4. The Corporation shall be a body corporate having capacity to contract and to sue and be sued in the name of the Corporation.

5. The head office of the Corporation shall be at Ottawa in the Province of Ontario and the Corporation may establish branch offices elsewhere.

6. There shall be a general manager who shall be chief executive of the Corporation and who shall be appointed by the Governor in Council on the recommendation of the Corporation.

7. There shall be an assistant general manager of the Corporation who shall be appointed by the Governor in Council on the recommendation of the Corporation.

8. The Corporation shall carry on a national broadcasting service within the Dominion of Canada and for that purpose may:

(a) maintain and operate broadcasting stations;

(b) establish, subject to approval of the Governor in Council, such stations as the Corporation may from time to time consider necessary to give effect to the provisions of this Act;

(c) equip stations with all such plant, machinery and other effects as may be requisite or convenient to permit of the same effectively receiving and transmitting for broadcasting purposes;
(d) make operating agreements with private stations for the broadcasting of programs;

(e) originate programs and secure programs, from within or outside Canada, by purchase or exchange and make arrangements necessary for their transmission;

(f) make contracts with any person or persons, in or outside Canada, in connection with the production or presentation of the programs of the Corporation;

(g) make contracts with any person or persons, in or outside Canada, to perform in connection with the programs of the Corporation;

(h) publish and distribute, whether gratis or otherwise, such papers, periodicals, and other literary matter as may seem conducive to any of the objects of the Corporation;

(i) collect news relating to current events in any part of the world and in any manner that may be thought fit and to establish and subscribe to news agencies;

(j) acquire copyrights in any literary, musical or artistic works, plays, songs, gramophone records, news and other matter;

(k) acquire and use any patent, or patent rights, brevets d’invention, license or concessions which the Corporation may consider useful for the purpose of carrying out its objects;

(l) make arrangements or agreements with any organization for the use of any rights, privileges or concessions which the Corporation may consider useful for the purpose of carrying out its objects;

(m) establish and support a pension fund for the benefit of employees or ex-employees of the Corporation, or the dependents of such persons;

(n) acquire private stations by lease or subject to the approval of the Governor in Council, by purchase;

(o) subject to the provisions of sections ten and eleven hereof, purchase, lease, or otherwise acquire, any real or personal property which the Corporation may deem necessary or convenient for the purposes of its business;

(p) subject to the provisions of sections ten and eleven hereof, sell, lease, or otherwise dispose of, all or any part of the property of the Corporation;

(q) do all such other things as the Corporation may deem incidental or conducive to the attainment of any of the objects or the exercise of any of the powers of the Corporation.

9. The Corporation shall not seek any concession, right or privilege from, or enter into any negotiations or arrangement with any British or foreign government with regard thereto, without having first obtained the consent in writing of the Minister.
10. Notwithstanding anything contained in this Act, the Corporation shall not, unless the approval of the Governor in Council has first been obtained:

(a) enter into any agreement involving any expenditure in excess of ten thousand dollars;

(b) enter into an agreement or lease for a period exceeding three years;

(c) acquire any personal property, the cost of acquisition of which exceeds the sum of ten thousand dollars, or in any manner dispose of any personal property having an original or book value exceeding the sum of ten thousand dollars.

11. (1) No real property or private station shall be purchased, acquired, sold, exchanged or mortgaged by the Corporation except with the previous consent of the Governor in Council, and if the Corporation is unable to agree with the owner of any real property or private station which it is so authorized to purchase, as to the price to be paid therefor, the Corporation shall have the right to acquire the same without the consent of the owner and the provisions of the Expropriation Act, chapter sixty-four of the Revised Statutes of Canada, 1927, shall mutatis mutandis, be applicable to the acquisition of such property by the Corporation.

(2) Any plan and description deposited under the provisions of the Expropriation Act may be signed by the Chairman or Vice-Chairman of the Corporation or by one of the Governors and the property shown and described in such plan and description so deposited shall thereupon be and become vested in the Corporation for the purposes of the Corporation unless the plan and description indicates that the property taken is required for a limited time only, or that a limited estate or interest there in, is taken; and by the deposit in such latter case, the right of possession for such limited time or such limited estate or interest shall be and become vested in the Corporation.

(3) The compensation payable in respect of the taking of any such real property or private station or of any interest therein, or of lands injuriously affected by the construction of any undertaking or works shall be ascertained in accordance with the provisions of the Expropriation Act, and for that purpose the Attorney-General of Canada may file an information in the Exchequer Court on behalf of the Corporation to all intents and purposes as if such property had been expropriated by His Majesty under the provisions of the said Act. The amount of any judgment upon such proceedings shall be payable out of the funds of the Corporation.

(4) If the Minister decides that the cancellation or refusal to renew any license in the interest of broadcasting generally in Canada is desirable, and if such cancellation or refusal is not on account of any failure to comply with this Act or any regulation hereunder or the Radiotelegraph Act or regulation hereunder, compensation may be paid to the extent of an amount not exceeding the depreciated value of the licensed radio equipment requisite for the efficient operation of the station together with a reasonable allowance to cover the cost of restoring the premises to a tenantable condition for ordinary purposes.

(5) In determining the compensation to be paid, no allowance shall be made for the value of a license terminated by the taking over by the Corporation or the Minister of any private station, and no person shall be deemed to have any propriety right in any channel heretofore or hereafter assigned, and no person shall be entitled to any
compensation by reason of the cancellation of the assignment of a channel or by reason of the assignment of a new channel in substitution therefor.

12. (a) The Corporation may make such by-laws as may be necessary, (i) to enable it to carry into effect the obligations imposed upon it by this Act; (ii) to provide for an executive committee of the Board of Governors to exercise such powers as the by-laws may specify; (iii) to provide for the appointment of advisory councils to advise it as to programs; (iv) to provide for the employment, dismissal, control and remuneration of such officers, clerks, and employees, technical or otherwise, as may be necessary for the transaction of the business of the Corporation.

(b) No such by-laws shall come into force or effect until approved by the Governor in Council, and no alteration, modification or repeal of any such by-law shall have any force or effect until so approved.

13. (1) Notwithstanding anything in the Civil Service Act, Chapter Twenty-Two of the Revised Statutes of Canada, 1927, the Civil Service Superannuation Act, Chapter Twenty-Four of the Revised Statutes of Canada, 1927, or any other Act of the Parliament of Canada, a civil servant who, at the time of his appointment to the staff of the Corporation under authority in that behalf conferred by any Act of the Parliament of Canada or a contributor under the provisions of the Civil Service Superannuation Act, shall continue to be a contributor under the said Act; his service on the staff of the Corporation, in virtue of an appointment as aforesaid, shall be counted as service in the Civil Service for the purpose of the Civil Service Superannuation Act, and he, his widow and children or other dependents, if any, shall be eligible to receive the respective allowances or gratuities provided by the said Act; and in the event of his being retired from his office or position on the staff of the Corporation for any reason other than that of misconduct he shall be eligible, in accordance with the regulations made under the Civil Service Act, for assignment to a position in the Civil Service of the class from which he was so retired or to any other position for which he may have qualified or, in the alternative, to receive the same benefits under the Civil Service Superannuation Act as he would have been eligible to receive if he had been retired under like circumstances from the position in the Civil Service which he held immediately prior to his appointment to the staff of the Corporation.

(2) Any employee of the Corporation, who at the time of his appointment or employment under or pursuant to the provisions of this Act, holds a position in the “Civil Service,” or is an “employee” within the meaning of the Civil Service Act, shall continue to retain and be eligible to receive all the benefits, except salary as a civil servant, that he would have been eligible to receive had he remained under that Act.

14. (1) The Minister of Finance shall deposit from time to time in the Bank of Canada or in a chartered bank to be designated by him to the credit of the Corporation:

(a) the moneys received from license fees in respect of private receiving licenses and private station broadcasting licenses, after deducting from the gross
receipts the cost of collection and administration, such costs being determined by the Minister from time to time;

(b) any appropriation granted by Parliament for the purposes of the Corporation; and

(c) any advances or grants to the Corporation which are authorized to be made from Consolidated Revenue Fund.

(2) The Corporation shall retain for the purposes of this Act all moneys received by it arising out of its business.

C. B. C. Funds

15. The Corporation may administer all funds which may be placed to its credit in the Bank of Canada or in a chartered bank in accordance with the provisions of Section Fourteen hereof, and may administer all other sums and revenues which may be obtained by or given to the Corporation or derived from any other source, exclusively in furtherance of the purpose for which the Corporation is constituted.

Appropriations From Consolidated Revenue

16. The Governor in Council, on the recommendation of the Minister, may authorize the Minister of Finance to place to the credit of the Corporation working capital advances from any unappropriated moneys in the Consolidated Revenue Fund, but the aggregate amount of such advances outstanding at any one time shall not exceed one hundred thousand dollars, and such advances shall be repayable to the Minister of Finance on demand.

Capital

17. (1) The Governor in Council may authorize the construction, extension or improvement of capital works of the broadcasting facilities of the Corporation in Canada and, on the recommendation of the Minister, may authorize the Minister of Finance to place to the credit of the Corporation from any unappropriated moneys in the Consolidated Revenue Fund such sum or sums as may be necessary to carry out such construction, extension or improvement of capital works: provided that the total amount which may be so authorized for the said purposes shall not exceed five hundred thousand dollars.

(2) Such moneys so advanced shall bear such rate of interest and shall be amortized on such terms and conditions as may be fixed by the Governor in Council.

(3) The interest and amortization charges on the moneys so advanced shall be a first charge on the revenues of the Corporation.

License Revenues

18. For the fiscal year 1936-37 the Minister of Finance shall deposit to the credit of the Corporation the net amount collected in license fees during such year in accordance with paragraph (a) of subsection one of section fourteen hereof, less an amount equal to the amount or amounts paid out of Appropriation No. 226, 1936-37, for the purposes of the Canadian Radio Broadcasting Commission.

C. B. C. Accounting

19. The Corporation shall establish and maintain an accounting system satisfactory to the Minister and shall, whenever required by him, render detailed accounts of its receipts and expenditures for such period or to such day as he designates, and all books of account, records, bank books and papers of the Corporation shall at all times be open to the inspection of the Minister or of such person as he may designate.
BROADCASTING ACT

20. The accounts of the Corporation shall be audited by the Auditor General of Canada and a statement of such accounts shall be included in the annual report of the Corporation.

21. No private station shall operate in Canada as a part of a chain or network of stations except with the permission of, and in accordance with the regulations made by, the Corporation.

22. (1) The Corporation may make regulations:

(a) to control the establishment and operation of chains or networks of stations in Canada;

(b) to prescribe the periods to be reserved periodically by any private station for the broadcasting of programs of the Corporation;

(c) to control the character of any and all programs broadcast by Corporation or private stations;

(d) to determine the proportion of time which may be devoted to advertising in any programs broadcast by the stations of the Corporation or by private stations, and to control the character of such advertising;

(e) to prescribe the proportion of time which may be devoted to political broadcasts by the stations of the Corporation and by private stations, and to assign such time on an equitable basis to all parties and rival candidates.

(2) If the Corporation is unable to agree with the licensee of a private station as to the amount of compensation, if any, to be paid by the Corporation for the use of such station for the broadcasting of programs of the Corporation, the Minister may fix an amount which, in his opinion, is fair and reasonable and such amount shall be paid by the Corporation to the licensee in full settlement of his claim to compensation.

(3) Dramatized political broadcasts are prohibited.

(4) The names of the sponsor or sponsors and the political party, if any, upon whose behalf any political speech or address is broadcast shall be announced immediately preceding and immediately after such broadcast.

(5) Political broadcasts on any Dominion, provincial or municipal election day and on the two days immediately preceding any such election day are prohibited.

(6) In case of any violation or non-observance by a private station of the regulations made by the Corporation under this section, the Corporation may order that the license of such private station be suspended for a period not exceeding three months and any such order shall be forwarded to the Minister who shall forthwith communicate the same to the licensee of the station and take such steps as may be necessary to carry out the terms of such order.

(7) The Corporation shall take such action as may be necessary to ensure that stations affected by its regulations shall have reasonable notice thereof.
23. (1) The Governor in Council may make regulations prohibiting or regulating the use of any machinery, apparatus or equipment causing or liable to cause interference with radio reception and to prescribe penalties recoverable on summary conviction for the violation or non-observance of any such regulation, provided, however, that such penalties shall not exceed fifty dollars per day for each day during which such violation or non-observance continues.

(2) Such regulations shall be published in the Canada Gazette, and shall take effect from the date of such publication or from the date specified for such purpose in such regulations, and shall have the same force and effect as if enacted herein.

24. (1) The Minister shall, before dealing with any application for license to establish a new private station or for increase in power, change of channel, or change of location of any existing private station, making any regulations or changes in regulations governing the activities of private stations, refer such application or regulation to the Corporation, and the Corporation shall make such recommendations to the Minister as it may deem fit. The approval of the Governor in Council shall be obtained before any license for any new private station is issued.

(2) The Corporation shall, each year, prior to the renewal or issue of the licenses for private stations by the Minister, review the activities of such private stations, and shall make such recommendations to the Minister in regard to their working, broadcasting or any other matter concerning such stations as it may deem desirable.

25. The Corporation shall, from the date of the coming into force of this Act, take possession of all property and assets and assume all the obligations and liabilities of the Canadian Radio Broadcasting Commission.

26. The Corporation shall through the Minister submit an annual report to Parliament in such form as the Minister may prescribe.

27. The Canadian Radio Broadcasting Act, 1932, chapter fifty-one of the Statutes of 1932 is repealed.

28. This Act in whole or in part shall come into force on a date or dates to be fixed by proclamation of the Governor in Council.
ORDERS-IN-COUNCIL CONCERNING BROADCASTING

Order-in-Council Transferring Certain Duties, Powers, and Functions of Minister of Transport to Minister of Munitions and Supply

P.C. 3076

Monday, the 8th day of July, 1940.

WHEREAS the Department of Munitions and Supply Act, Chapter 3 of the Statutes of 1939 (Second Session), provides for the establishment of a Department of the Government of Canada to be called the Minister of Munitions and Supply for the time being appointed by the Governor-General by Commission under the Great Seal of Canada shall preside;

And whereas under and by virtue of Section 6 of the Department of Transport Act, 1936, Chapter 34, of the Statutes of 1936, the duties, powers and functions formerly vested in the Minister of Marine, and with respect to civil aviation in the Minister of National Defence, by any Act, order or regulation were vested in the Minister of Transport;

And whereas such duties, powers and functions vested in the Minister of Transport, as aforesaid, include the control and supervision of the Civil Aviation, Meteorological and Radio Services of the Department of Transport;

And whereas certain duties, powers and functions are vested in the Minister of Transport with respect to Trans-Canada Air Lines under The Trans-Canada Air Lines Act, 1937, Chapter 43 of the Statutes of 1937, and with respect to broadcasting under the provisions of The Canadian Broadcasting Act, 1936, Chapter 24 of the Statutes of 1936;

And whereas it is deemed expedient to transfer the duties, powers and functions vested in the Minister of Transport under The Department of Transport Act, 1936, with respect to the Civil Aviation, Meteorological and Radio Services of the Department of Transport and the control and supervision of such services, and the duties, powers and functions vested in the said Minister under The Canadian Broadcasting Act, 1936, with respect to broadcasting, and under The Trans-Canada Air Lines Act, 1937, with respect to Trans-Canada Air Lines, to the Minister of Munitions and Supply;

And whereas it is deemed expedient that the Deputy Minister of Transport shall be the Deputy of the Minister of Munitions and Supply with respect to the services proposed to be transferred to such Minister, and that the Deputy Minister of Transport and the appropriate officers of the Department of Transport shall, in respect of such services, have and exercise the respective powers and duties which they now have and exercise;

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Prime Minister and under and by virtue of the provisions of the Public Service Re-Arrangement and Transfer of Duties Act, Chapter 165 of the Revised Statutes of 1927, and the War Measures Act, Chapter 206 of the Revised Statutes of 1927, is pleased to order:—

(1) That the duties, powers and functions vested in the Minister of Transport under: The Department of Transport Act, 1936, with respect to the Civil Aviation, Meteorological and Radio Services of the Department of Transport and the control or
ORDERS-IN-COUNCIL

supervision of such services, and the duties, powers and functions vested in the said Minister under The Canadian Broadcasting Act, 1936, with respect to broadcasting, and under The Trans-Canada Air Lines Act, 1937, with respect to Trans-Canada Air Lines, be and they are hereby, transferred to the Minister of Munitions and Supply.

(2) That, notwithstanding the provisions of Section 3 of the Public Service Re-arrangement and Transfer of Duties Act, the Deputy Minister of Transport shall be the Deputy of the Minister of Munitions and Supply with respect to the powers, duties, functions, control or supervision of the services transferred to the Minister of Munitions and Supply under paragraph (1) hereof, and the Deputy Minister of Transport and the appropriate officers of the Department of Transport shall, in relation thereto, have and may exercise the respective powers and duties which, prior to the date hereof, belonged to or were exercisable by them in respect of the duties, powers, functions, control or supervision hereby transferred.

Order-in-Council Transferring Duties of Minister of Transport Under The Radio Act 1938 (P.C. 3076) to Minister of Munitions and Supply

P.C. 3435

Thursday, the 25th day of July, 1940.

WHEREAS by Order-in-Council (P.C. 3076), dated the 8th July, 1940, made under and by virtue of the Public Service Re-arrangement and Transfer of Duties Act and the War Measures Act, Chapters 165 and 206, respectively, of the Revised Statutes of 1927, it was provided, inter alia, that the duties, powers and functions vested in the Minister of Transport under The Department of Transport Act, 1936, with respect to the Civil Aviation, Meteorological and Radio Services of the Department of Transport and the control or supervision of such services should be transferred to the Minister of Munitions and Supply, and that, notwithstanding the provisions of Section 3 of the Public Service Re-arrangement and Transfer of Duties Act, the Deputy Minister of Munitions and Supply with respect to the powers, duties, functions, control or supervision of the services so transferred, and that the Deputy Minister of Transport and the appropriate officers of the Department of Transport should, in relation thereto, have and exercise the respective powers and duties which, prior to the date of the said Order in Council (P.C. 3076), belonged to or were exercisable by them in respect of the duties, powers, functions, control or supervision thereby transferred;

And whereas the Minister of Munitions and Supply reports that with respect to the above-mentioned Radio Services of the Department of Transport, certain duties, powers and functions are vested in the Minister of Transport under The Radio Act, 1938, which correspond in many respects to the duties, powers and functions formerly vested in the Minister of Marine under the Radiotelegraph Act, Chapter 195 of the Revised Statutes of 1927 and The Department of Marine Act, Chapter 31 of the Statutes of 1930, and which were vested in the Minister of Transport under The Department of Transport Act, 1936;

That, for the purpose of removing doubt, it is deemed expedient to include in the duties, powers and functions transferred to the Minister of Munitions and Supply under the said Order in Council (P.C. 3076) the duties, powers and functions vested in the Minister of Transport under The Radio Act, 1938;

CANADIAN RADIO YEARBOOK • 1947-48
ORDERS-IN-COUNCIL

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Munitions and Supply (with the concurrence of the Minister of Transport), and under and by virtue of the provisions of the Public Service Re-arrangement and Transfer of Duties and the War Measures Act, is pleased to amend Order in Council (P.C. 3076), dated the 8th July, 1940, and it is hereby amended to include in the duties, powers and functions transferred thereunder to the Minister of Munitions and Supply the duties, powers and functions vested in the Minister of Transport under The Radio Act, 1938.

Order-in-Council Authorizing Transfer of the C.B.C., National Film Board and Canadian Travel Bureau to Department of National War Services

P.C. 4215

Wednesday, the 11th day of June, 1941.

Whereas the Department of National War Services Act 1940 (4 George VI, Chapter 22, Section 5, sub-section d), provides that the Minister may, with the consent of the Governor-in-Council “co-ordinate the existing public information services of the Government and originate or employ other means in order that the same may be used in the most efficient way for the obtaining of the utmost aid from the people of Canada in the National emergency which has arisen”;

And whereas, in the interests of the war effort it is expedient to provide for the more effective co-ordination of radio broadcasting, film activities, and the promotion of tourist business in Canada, with other public information services of the government;

And whereas, for this purpose it is expedient to transfer to the Minister of National War Services the powers, duties and functions vested in the Minister of Munitions and Supply with respect to broadcasting, in the Minister of Transport with respect to the promotion of tourist business in Canada, and to transfer the control and supervision of the Canadian Travel Bureau to the Department of National War Services;

Therefore His Excellency the Governor General in Council, on the recommendation of the Right Honourable W. L. Mackenzie King, the Prime Minister, and under and by virtue of the provisions of the Public Service Re-Arrangement and Transfer of Duties Act (Revised Statutes of Canada, 1927, Chapter 165) and of the War Measures Act (Revised Statutes of Canada, 1927, Chapter 206), is pleased to order as follows:

1. The powers, duties and functions vested (by Order in Council P.C. 3076, 8th July, 1940) in the Minister of Munitions and Supply under The Canadian Broadcasting Act, 1936, with respect to broadcasting, are hereby transferred to the Minister of National War Services.

2. The powers, duties and functions of the Minister of Trade and Commerce, with respect to film activities, under the National Film Act, 1939, are hereby transferred to the Minister of National War Services.

3. The powers, duties and functions of the Minister of Transport, with respect to the promotion of tourist business in Canada, are hereby transferred to the Minister of National War Services, and, to that end, the control and supervision of that branch of the Department of Transport known as The Canadian Travel Bureau, is hereby transferred to the Department of National War Services.
THE following regulations, as revised and numbered 1 to 22, were made under authority of subsection one of Section 22 of The Canadian Broadcasting Act, Chapter 24 of the Statutes of 1936, which reads as follows:

The Corporation may make regulations
(a) to control the establishment and operation of chains or networks of stations in Canada;
(b) to prescribe the periods to be reserved periodically by any private station for the broadcasting of programs of the Corporation;
(c) to control the character of any and all programs broadcast by Corporation or private stations;
(d) to determine the proportion of time which may be devoted to advertising in any programs broadcast by the stations of the Corporation or by private stations and to control the character of such advertising;
(e) to prescribe the proportion of time which may be devoted to political broadcasts by the stations of the Corporation and by private stations, and to assign such time or an equitable basis to all parties and rival candidates.

1. In these regulations, unless the context otherwise requires,
(a) The "Act" means The Canadian Broadcasting Act; chapter twenty-four of the Statutes of 1936;
(b) "Corporation" means the Canadian Broadcasting Corporation;
(c) "license" means a license issued to a broadcasting station under the Radio-telegraph Act; and "licensee" means the holder of such license;
(d) "private station" means any broadcasting station licensed to a person other than the Corporation.
(e) "regulations" means these regulations;
(f) "representatives of the Corporation" means the General Manager of the Corporation, the Assistant General Manager of the Corporation or persons authorized in writing by the General Manager of the Corporation;
(g) "station" refers to stations owned or operated by the Corporation as well as by others and it may also refer to the owner or licensee of a station.

2. These regulations apply to all stations in Canada and to all matters broadcast by such stations.

3. (1) Each station shall maintain a program log in a form acceptable to the Corporation and shall cause entries to be made therein as follows:
(a) date, call letters, location, frequency;
(b) the time at which each station identification announcement is made;
(c) the title and brief description of each program broadcast, with the time of the beginning and ending so as to give a continuous record of each day's broadcast. If a mechanical reproduction is used, that fact shall be noted, together with a statement whether or not announcement thereof was made. In the case of a talk or speech, the name of the speaker and the auspices under which the talk or speech was given shall be entered. If the speech is made by a political candidate or on behalf of a political candidate or
BROADCASTING REGULATIONS

political party, the political affiliation of the candidate or party shall also be entered;

(d) the duration of each spot or other similar announcement and the broadcast hour during which it was transmitted;

(e) the name of the sponsor of any program or announcement for which the station is paid.

(2) Key letters or abbreviations may be used if the explanation of each is plainly given in the log. The logs shall be produced for the inspection of the representatives of the Corporation upon the request of such representatives.

(3) Each station shall keep on file a copy of

(a) the continuity used for any program;

(b) all programs or other announcements containing advertising matter;

(c) the manuscript of addresses or talks.

(4) In the case of chain broadcasts these records shall be kept by the originating station.

(5) Such records shall be retained by the station for a period of one year and shall be open for inspection by representatives of the Corporation upon request of such representatives.

4. The time mentioned in all program logs and contracts used in connection with broadcasting shall be local standard time (or local daylight saving time if that is in force) unless otherwise specified or agreed.

5. Each station shall, each week, file with the Corporation in a form acceptable to the Corporation

(a) an advance copy of its program schedule for the following week showing the exact hours and how they are to be occupied each day;

(b) a true and complete copy of its program logs not later than seven days following the operations the said logs record.

6. Each station shall announce its call letters not less than once nor more than four times an hour, during hours of operation.

7. No one shall broadcast

(a) anything contrary to law;

(b) the actual proceedings at any trial in a Canadian Court;

(c) abusive comment on any race, religion or creed;

(d) obscene, indecent or profane language;

(e) malicious, scandalous, or defamatory matter;

(f) advertising matter containing false or deceptive statements;

(g) false or misleading news;

(h) upon the subject of birth control;

(i) upon the subject of venereal disease, or other subjects relating to public health which the Corporation may from time to time designate, unless such subjects be presented in a manner and at a time approved by the General Manager as appropriate to the medium of broadcasting;

*Note to Section 7.—It is not the intention of the Corporation to restrict freedom of speech nor the fair presentation of controversial material. On the contrary, the policy of the Corporation is to encourage the fair presentation of controversial questions. At the same time, it should be realized that the message of broadcasting is received at the fireside in the relatively unguarded atmosphere of the home, reaching old and young alike. Certain subjects, while meriting discussion elsewhere in the public interest, are not necessarily suitable for this intimate medium.
(j) (i) programs presenting a person who claims supernatural or psychic powers, or a fortune-teller, character analyst, crystal-gazer or the like, or programs which lead or may lead the listening public to believe that the person presented claims to possess or possesses supernatural or psychic powers or is or claims to be a fortune-teller, character analyst, crystal-gazer or the like; (ii) programs in which a person answers or solves or purports to answer or solve questions or problems submitted by listeners or members of the public unless such programs prior to being broadcast shall have been approved in writing by a representative of the Corporation;

(k) advertising content in the body of a news broadcast.

(1) any appeal for donations or subscriptions in money or in kind without having first obtained the consent in writing of the General Manager except an appeal on behalf of a war charity fund registered under the War Charities Act, 1939, or a joint appeal on behalf of two or more charities made with the approval of the municipality or other local authority in which the appeal is made.

(m) any program or speech by means of mechanical reproduction or in any other manner, so as to achieve indirectly or by an evasion that which a regulation or ruling of the Corporation prohibits, and the General Manager of the Corporation shall be the sole judge of what constitutes an evasion under this regulation and his ruling shall be final and binding with respect to any such matter.

(n) Appeals for agents to represent the sponsor of a program or handle the goods or services advertised thereon. (This subsection became effective March 1, 1947.)

8. (1) Political broadcasts are governed by subsections 3, 4 and 5 of Section 22 of The Canadian Broadcasting Act, 1936, which reads as follows:

3. Dramatized political broadcasts are prohibited.

4. The names of the sponsor or sponsors and the political party, if any, upon whose behalf any political speech or address is broadcast shall be announced immediately preceding and immediately after such broadcasts.

5. Political broadcasts on any Dominion, provincial or municipal election day and on the two days immediately preceding any such election day are prohibited.

(2) Each station shall allocate time for political broadcasts as fairly as possible between the different parties or candidates desiring to purchase or obtain time for such broadcasts.

9. (1) The advertising content of any program shall not exceed in time ten percent of any program period.

(2) Notwithstanding the provisions of subsection (1) any station shall upon instructions in writing from the Corporation reduce the total daily advertising contents of its programs if the said total daily advertising content in the opinion of the Corporation occupies an undue proportion of the daily broadcast time.

(3) Upon notice in writing from the Corporation any station shall change the quality or nature of its advertising broadcasts.
10. In any program no one shall advertise

(a) any act or thing prohibited by law;
(b) the prices of goods or services, except
   (i) the prices of publications auxiliary to the information services of the Corporation;
   (ii) where the terms of a "premium-merchandising offer" include the payment of a sum of money either as a nominal charge or as a price for the premium, the amount of the charge or price may be stated provided: (A) that the amount of the charge or price does not exceed the unit cost of the premium, including costs of handling and distribution, to the program sponsor; (B) that full details of the cost are disclosed to the Corporation; (C) that the premium offered is not of the class or kind of product the sale of which comprises the principal business of the program sponsor; (D) that the premium offered is a product not normally available through competitive trade channels; (E) that the amount of the charge or price does not exceed $1.00; (F) that the broadcast of any such offer is authorized in writing in advance by a representative of the Corporation.
(c) that the premium offered is not of the class or kind of product the sale of which comprises the principal business of the program sponsor;
(d) that the premium offered is a product not normally available through competitive trade channels;
(e) that the amount of the charge or price does not exceed $1.00;
(f) that the broadcast of any such offer is authorized in writing in advance by a representative of the Corporation.
(c) any insurance corporation not registered to do business in Canada;
(d) bonds, shares, or other securities or mining or oil properties or royalties or other interests in mining or oil properties other than the securities of the Dominion or Provincial governments or municipalities or other public authorities, provided nothing herein shall prevent anyone from sponsoring a program giving quotations of market prices without comment;
(e) spirituous liquors, beer or wine, or broadcast or cause to be broadcast any radio presentation or announcement whatsoever by or on behalf of a manufacturer or dealer whose principal business is the manufacture or sale of spirituous liquors, beer or wine provided however that programs of fifteen minutes or more sponsored by breweries or wine companies will be allowed in provinces to which, by Provincial Legislation, the advertising of beer and wine is permissible subject to the following conditions:
   (i) The only announcements of sponsorship allowed shall be an announcement at the beginning of each program of fifteen minutes or more and one at the end provided however that in live talent programs of more than fifteen minutes' duration, the name of the sponsor may be introduced in program announcements at intervals of not less than fifteen minutes.
(ii) The form of announcements at the beginning of the program and at the end shall be:

“This program is presented with the compliments of the ABC Brewery”.
“This program has been presented with the compliments of the ABC Brewery” or some necessary variation of these forms approved in writing by the Corporation.

(iii) No other announcements shall be made or devices used in any such program to advertise directly or indirectly the product of the sponsor.

(iv) The program format and forms of announcements and continuity shall be submitted to the Corporation for approval before they are broadcast. (*This subsection became effective September 16, 1946.*)

11. (1) “Spot” announcements shall not exceed two minutes for each broadcasting hour, subject always to the provisions of subsection (2) of this regulation.

(2) No “spot” announcement shall be broadcast on week-days between 7:30 p.m. and 11 p.m. nor on Sundays at any time, provided that where exceptional conditions prevail owing to the geographical situation stations may be given permission by the Corporation to broadcast “spot” announcements on week-days during the hours prohibited in this section.

(3) Subsections (1) and (2) of this regulation shall not apply to:

(a) Time signals or weather reports provided that no advertising other than the name of the sponsor is mentioned;

(b) Non-sponsored spot announcements made by stations for the sole purpose of testing coverage, the details of which have been authorized in writing by a representative of the Corporation and, notwithstanding Regulation 10 (b), stations may, with the permission of the Corporation, mention a sum, not exceeding twenty-five (25) cents when such procedure is necessary effectively to execute the intent of this subsection.

12. (1) No continuity advertising an article marketed under the Proprietary or Patent Medicine Act or the Food and Drugs Act may be broadcast until it has been approved by the Department of National Health and Welfare. Continuities submitted for approval shall be forwarded, in duplicate, to the Canadian Broadcasting Corporation at least two weeks in advance of intended use.

(2) The formula for any article bearing a distinctive or trade name distinguishing it from any other product, and marketed under the Food and Drugs Acts, shall be submitted with each pertinent continuity.

(3) No electrical transcription advertising an article marketed under the Proprietary or Patent Medicine Act or the Food and Drugs Act shall be broadcast by any station unless certified by an affidavit that the advertising continuity has been approved by the Department of National Health and Welfare.

(4) No announcer may broadcast any statement concerning any article marketed under the Food and Drugs Act or the Proprietary or Patent Medicine Act that is not contained in the continuity approved by the Department of National Health and Welfare.

(5) Testimonials referring to an article marketed under the Food and Drugs Act or the Proprietary or Patent Medicine Act shall be regarded as constituting a part of the advertising continuity.
(6) No continuity recommending any treatment for any ailment shall be broadcast until it has been approved by the Department of National Health and Welfare.

(7) Inspectors of Food and Drugs, Department of National Health and Welfare, are authorized to act as representatives of the Corporation for the purpose of enforcing this regulation.

13. (1) Stations shall not transmit in the form of newscasts, news commentaries or in any manner any news or information of any kind published in any newspaper or obtained, collected, collated or co-ordinated by any newspaper or association of newspapers or any news agency or service except the following:

(a) Such news bulletins, free from sponsorship, as are released by the Corporation for the express use of broadcasting stations, broadcasts of which shall be subject to such conditions as the Corporation may prescribe;

(b) Local and sports news under written arrangements to be made by each station individually with its local newspaper or newspapers or collected through its own employees. Copies of all such written arrangements shall be filed with the Corporation immediately upon completion thereof;

(c) News from sources other than those provided for in clauses (a) and (b) hereof with the prior permission in writing from the Corporation and subject to such conditions as the Corporation may specify.

(2) The only announcements of sponsorship allowed for news from the sources as defined in clause (c) hereof shall be two in number, one at the beginning and one at the end subject to the following conditions:

The opening announcement may include the name of the sponsor, advertising matter relating to the sponsor's product or service and name of news source.

The closing announcement shall be limited to an institutional announcement incorporating sponsor's name, name of news source, if desired, and shall be devoid of all other advertising matter. (*This subsection was revised and became effective September 16, 1946.*)

(3) The Corporation news bulletins as defined in subsection (1) clause (a) hereof shall be broadcast in the manner and by such stations as the Corporation may designate.

14. Representatives of the Corporation may require the production of material to be broadcast before any broadcast is arranged to take place.

15. Time reserved for the broadcasting of Corporation programs shall be used only for such programs unless approval to the contrary has been received in writing from the Corporation in each specific case.

16. Stations shall upon request of the Corporation give right of way to such Corporation or other programs as the Corporation shall designate. In such event neither the station nor the Corporation shall incur any liability for compensation or damages.

17. No station shall "pick up" and rebroadcast any program unless permission in writing has been obtained from the Corporation.

18. (1) No station shall use a mechanical reproduction (except when its use is merely incidental as for an identification or background) between the hours of 7:30 and 11 p.m. except with the previous consent of the Corporation in writing.
(2) A mechanical reproduction shall be announced as such immediately before and after the program concerned, except when its use is merely incidental as for an identification or background or as a transcribed commercial "spot" announcement with no musical theme or content. The exact form of announcement is not prescribed, but the language shall be clear and in terms commonly used and understood. The following are examples of statements sufficient for the purpose:—

(a) "This is a recorded program."
(b) "This is a program of electrical transcription."

(3) No program of mechanical reproductions shall contain any reference to the name of any person, firm or corporation connected with the manufacture, sale, hire or ownership of the said mechanical reproductions used in the said program.

19. Unless permission in writing is first obtained from the Corporation

(a) no station shall continue to be a part or shall form a part of a chain or network originating outside of Canada;
(b) no chain or network of two or more stations shall continue to be operated within Canada or shall be set up or operated within Canada;
(c) no station shall continue to be or become an outlet for any station, chain or network existing or originating outside of Canada;
(d) no station shall continue to be or become an associate station of or with any station, chain or network existing or originating outside of Canada.

20. Every station shall file with the Corporation a copy of the forms of contract used by it and a statement of its charges. Every such contract shall expressly make the enjoyment of the privileges to broadcast conditional upon the observances of these regulations. The licensee of each station shall see that a copy of these regulations is available at the station and that the station employees and persons broadcasting are familiar with them.

21. The Corporation may send a written or telegraph notice to the licensee of any station informing him of any alleged violation of these regulations and he shall have a delay of six days within which to answer in writing, giving in full his reply to the notice. The Corporation may make such investigation of the facts as it shall consider appropriate and for this purpose its representatives may examine the records and question the employees of any station.

22. These regulations shall have full force and effect as of the 1st day of April, 1941; and on and after that date all regulations inconsistent therewith shall be deemed to have been repealed.

Note.—The penalty for violation of these regulations is provided for under Section 22 (6) of the Act which reads:

(6) In case of any violation of non-observance by a private station of the regulations made by the Corporation under this section, the Corporation may order that the license of such private station be suspended for a period not exceeding three months and any such order shall be forwarded to the Minister who shall forthwith communicate the same to the licensee of the station and shall take such steps as may be necessary to carry out the terms of such order.

Statement of Policy

POLITICAL BROADCASTING

For the proper functioning of representative and democratic government, it is essential that the public should be fully informed of the issues at stake in any election and of the position and policies of the various parties towards those issues. Broadcasting is to-day one of the most powerful means of disseminating information of this kind.

The Canadian Broadcasting Act 1936 gives to the Canadian Broadcasting Corporation full powers to guide and control all broadcasting, including political broadcasting. Section 22 of the statute states that the Corporation may make regulations "to prescribe the proportion of time which may be devoted to political broadcasts by the stations of the Corporation and by private stations, and to assign such time on an equitable basis to all parties and rival candidates."

The Corporation assumes this responsibility as a function of public service broadcasting. In accordance with its general policy of encouraging fair and adequate presentation of controversial questions of public interest and concern, the Corporation has instituted a general plan for party political broadcasting. This plan includes the provision of network time free of charge to charge to recognized political parties during Dominion and provincial elections, thus giving all parties the opportunity of speaking to a wide public irrespective of their capacity to buy time, and a limited amount of free network time to recognized party leaders or their representatives in the periods between elections.

In addition to free network time, provision is made for the purchase of time on privately-owned stations under such control as will ensure an equitable division of such purchased time, and secure the public against an excessive amount of political broadcasting to the exclusion of entertainment and other normal program material.

It is important to note certain statutory provisions with regard to political broadcasting. Paragraphs (3), (4) and (5) of Section 22 of the Act of 1936 read as follows:

'(3) Dramatized political broadcasts are prohibited.

(4) The names of the sponsor or sponsors and the political party, if any, upon whose behalf any political speech or address is broadcast shall be announced immediately preceding and immediately after such broadcast.

(5) Political broadcasts on any Dominion, Provincial or Municipal election day and on the two days immediately preceding any such election day are prohibited.'

These statutory provisions are included in Regulation 8 of the Corporation made under authority of the Canadian Broadcasting Act and approved by the Governor-in-
POLITICAL AND CONTROVERSIAL BROADCASTING

Council. Regulation 8 also includes the following important provision:

"each station shall allocate time for political broadcasts as fairly as possible between the different parties or candidates desiring to purchase or obtain time for such broadcasts."

The provision with regard to dramatized political broadcasts is held to prohibit all political broadcasts incorporating any device which could be considered theatrical, and to declare that political broadcasting must be restricted to strictly political addresses and announcements.

Political broadcasts presented as a performance in a dramatic manner and with theatrical effect would be construed as an infringement of paragraph (3) of Section 22 of the Act, such as:

1. "Questions and Answers" programs conducted in the form of dialogue.
2. Dramatic skits or plays presented as a complete broadcast or part of a broadcast.

The prohibition of political broadcasting on election day and the two days immediately preceding it has been held to apply only to the election day immediately concerned. For instance, if polling for a provincial general election is being held on the 10th of the month, and polling for a federal by-election on the 15th, political broadcasts on behalf of the federal candidates may take place on the 8th, 9th and 10th, but in such a case it is the responsibility of the station managements to ensure that candidates make no reference to purely provincial matters or to persons concerned in the provincial election.

During the three prohibited days up to the closing of the polls no political spot announcements or news items of a political nature may be broadcast.

All networks booked for political broadcasting must be arranged through the CBC. All political bookings on private stations must be registered at the CBC Broadcast Regulations Division prior to presentation of the broadcasts.

CBC-owned or operated stations are not available for purchase for political broadcasting except for certain stations which may be necessary to service areas not reached by private stations.

During the course of a Dominion or provincial general election campaign, CBC stations will not broadcast addresses by political figures from service clubs or similar organizations.

CONTROVERSIAL BROADCASTING

The Corporation does not exercise censorship. It does not restrict the nature of material to be broadcast, except to see that such material conforms with its printed regulations.

The policy of the CBC, with regard to controversial broadcasting, is based on the following principles:

1. The air belongs to the people, who are entitled to hear the principal points of view on all questions of importance.
2. The air must not fall under the control of any individuals or groups influential by reason of their wealth or special position.
3. The right to answer is inherent in the democratic doctrine of free speech.
4. Freedom of speech and the full interchange of opinion are among the principal safeguards of free institutions.

In view of the Corporation, these principles are not promoted by the sale of network time to individuals or commercial concerns for broadcasts of opinion or propaganda. The principles can be furthered by the provisions of free time to competent speakers to present, without let or hindrance, varying points of view on questions of the day. The best safeguard of freedom of discussion is a policy which permits opportunity for the expression of varying points of view.

---

Part I — Political Broadcasting

Section A: During General Election Campaigns

1. DOMINION ELECTIONS

(a) For the purpose of broadcasting arrangements, the campaign will be held to begin on the date of dissolution of Parliament or, if the date of polling is announced before dissolution, on a day to be determined by the Corporation, but not later than the date of dissolution.

(b) The privilege of free network time for political broadcasting will be granted to bona fide parties which are national in extent and which reflect a substantial body of opinion throughout the country. While it is impossible to lay down an exact definition, it is suggested that such a party would meet all of the following requirements:

(i) Have policies on a wide range of national issues.
(ii) Have a recognized national leader.
(iii) Have a nation-wide organization established as the result of a national conference or convention.
(iv) Seek the election of candidates in at least three of the provinces and put into the field a minimum number of 61 officially nominated candidates (approximately one for each four constituencies).

(c) The Corporation will set aside an amount of free time on a national network to permit of adequate presentation of the policies of the national political parties. The time set aside will be allotted among the existing parties in the House, in accordance with a ratio based on the following factors:

(i) The standing of the parties in the House of Commons at the time of dissolution.
(ii) The popular vote secured by each of the parties at the previous election.
(iii) The number of candidates officially nominated in accordance with the provisions of the Dominion Election Act by each of the parties in the preceding campaign.
(iv) The standing of the parties in the House of Commons at the preceding dissolution.

The distribution resulting from this formula will be published at the beginning of the campaign; after publication there will be no revision as the campaign proceeds.
POLITICAL AND CONTROVERSIAL BROADCASTING

Parties will be asked to use their time in uniform proportions, spread out evenly over the campaign.

The maximum of one hour for any single broadcast has been fixed. Subject to this condition, the total time allotted may be divided into hour, half-hour and quarter-hour periods. No broadcasts of less than fifteen minutes' duration are permitted on free network time.

To new national political parties the Corporation will allot an amount of free national network time to bring to listeners an adequate presentation of the party's program and policies. The time so allotted will be over and above the amount given to the existing national political parties.

In the event of a new national party coming into being through a union of existing parties, the Corporation will decide the amount of time on its own responsibility and in the most equitable manner possible.

(d) The national networks which will be provided free to the parties will comprise stations owned by the Corporation and all stations "affiliated" with a CBC national network. In addition, other privately-owned stations will be invited to carry the national broadcasts on a sustaining basis, subject to the maintenance of network alternative service. The privately-owned stations which decide to carry the broadcasts do so without charge. The cost of any lines necessary to include such stations in the networks is borne by the CBC. Independent stations desiring to participate in the series have to indicate their intention in advance; in such a case the station is obligated to carry the whole series.

(e) In addition to the arrangement for free national networks for the national parties as set forth in sections (b) and (c), a further category of network broadcasting will be permitted. There will be available for purchase within each province subsidiary hookups comprising such privately-owned stations as may wish to sell their facilities. CBC-owned stations will not be available for inclusion in subsidiary hookups. The hookups will be arranged by and through the Corporation in its capacity as the network authority. No subsidiary hookup will be authorized during a period for which a national network broadcast is scheduled, and stations carrying the free national broadcasts must maintain the one half-hour immediately preceding and following such broadcasts free of political broadcasting. No station will be released, for the purpose of inclusion in such hookups, from time reserved by the CBC for the broadcasting of its sustaining or commercial network programs.

The purpose of these hookups is to permit the national parties to take care of regional campaign requirements. It is also to afford an opportunity to engage in network broadcasting on a limited scale to parties which have not attained national proportions, and which, on that account, would not be given time free on a national network. Such hookups will be restricted exclusively to stations located within the boundaries of the province in question, except that provision may be made for the inclusion of a station in an adjoining province where geographic conditions make it essential for adequate coverage of the province.

(f) Individual privately-owned stations will be at liberty to sell time to political candidates and parties for single-station broadcasts only, subject to the terms of the Broadcasting Act and the Regulations thereunder. Individual CBC-owned stations will not be available for purchase. The only exceptions to this rule will be the Corporation's
station at Chicoutimi and the station now under lease at Prince Rupert, in which districts there are no privately-owned stations which can provide facilities for local broadcasting.

No individual station may carry a local political broadcast at the same time as there may be a national political broadcast. If a station carries the CBC network political broadcasts, it must keep the half-hour immediately preceding and following the broadcasts free from other political broadcasts.

(g) To meet the special requirements of the French Network, arrangements may be made to allow the broadcast of a translation or a companion or parallel address in French to be carried in the Quebec region at the same time as, or within a reasonable time after, the national broadcast.

(h) No station will be granted release for political purposes from time reserved by the CBC for the broadcasting of its sustaining or commercial network programs.

2. GENERAL ELECTIONS FOR PROVINCIAL LEGISLATURES

(a) For the purposes of broadcasting arrangements, the campaign will be held to begin on the date of dissolution of the Legislature, or, if the date of polling is announced before dissolution, on a day to be determined by the Corporation, but not later than the date of dissolution.

(b) The privilege of free network time for political broadcasting will be granted to bona fide parties which are provincial in extent and which reflect a substantial body of opinion throughout the Province. While it is impossible to lay down an exact definition it is suggested that such a party would meet all of the following requirements:

(i) Have policies of a wide range of provincial issues.

(ii) Have a recognized provincial leader.

(iii) Have a province-wide organization established as a result of a provincial conference or convention.

(iv) Put into the field at least one candidate for every four constituencies.

(c) A designated amount of free time will be made available by the CBC on a provincial network in the province concerned to participating parties. The division of such time will be mutually agreed upon by the parties involved.

(d) Subsidiary hookups of privately-owned stations within the province concerned may be purchased by participating parties. Such hookups will be arranged by and through the Corporation in its capacity as the network authority. No subsidiary hookups will be authorized during a period for which a provincial free political broadcast is scheduled, and stations carrying the free network broadcasts must maintain one half-hour immediately preceding and following such broadcasts free of political broadcasting. No station will be released, for the purpose of inclusion in such hookups, from time reserved by the CBC for the broadcasting of its sustaining or commercial network programs.

(e) Individual privately-owned stations will be at liberty to sell time to political candidates and parties for single-station broadcasts only, subject to the terms of the Broadcasting Act and the Regulations thereunder. Individual CBC-owned stations will not be available for purchase. The only exceptions to this rule will be the Corporation's station at Chicoutimi and the station now under lease at Prince Rupert, in which districts there are no privately-owned stations which can provide facilities for local broadcasting.

CANADIAN RADIO YEARBOOK • 1947-48
POLITICAL AND CONTROVERSIAL BROADCASTING

No individual station may carry a local political broadcast at the same time as there may be a provincial political broadcast. If a station carries the CBC network political broadcasts, it must keep the half-hour immediately preceding and following the broadcasts free from other political broadcasts.

Section B: In the Periods Between General Election Campaigns
(Dominion or Provincial)

(a) During periods between election campaigns free time will, on application in writing, be made available to national party leaders for political broadcasts on a national CBC network and to provincial leaders on a regional CBC network as follows:

(i) One period of not more than fifteen minutes a week which will be made available for national political broadcasts and one period of not more than fifteen minutes for every two weeks which will be made available for provincial political broadcasts.

(ii) In the event of there being only two political parties, the total time will be divided equally between the parties.

(iii) When there are more than two qualifying parties, time will be divided in the following ratio: Two periods to the parties in power; three periods to be divided among qualifying opposition parties.

(iv) Subject to the foregoing, the leader of a qualifying party may nominate a substitute.

The status of national political parties will be determined by Part I, Section A 1 (b) except that a party which has no representation in the House of Commons shall not be considered a "national political party" for the purposes of this section. The status of provincial political parties will similarly be determined by Section A 2 (b).

The content of such political broadcasts will be the full responsibility of party leaders, being subject only to the general rules and regulations of the Corporation.

(b) Only individual privately-owned stations are available for purchase for political broadcasting in the period between election campaigns provided, however, that permission may be granted for the simultaneous use of more than one station when such a hookup is necessary to cover the area of a riding in which a federal or provincial by-election is being held.

Section C: Municipal or Civic Elections

Single privately-owned stations are the only facilities available for broadcasting in connection with municipal or civic election campaigns. The only exceptions to this rule will be the Corporation's station at Chicoutimi and the station now under lease at Prince Rupert, in which districts there are no privately-owned stations which can provide facilities for local broadcasting.
POLITICAL AND CONTROVERSIAL BROADCASTING

Part II — Controversial Broadcasting

POLICY GOVERNING PURCHASE OF TIME

1. No time will be sold on any CBC-owned or operated station whether individually or as part of a subsidiary hook-up for the broadcasting of opinions with the exceptions of the Corporation's station at Chicoutimi and the station now under lease at Prince Rupert in which districts there are no privately-owned stations which can provide for local broadcasting.

2. With the exception of subsidiary hookups during Dominion or provincial election campaigns there shall be no sale of network facilities for the broadcasting of opinions.

3. Broadcasts of opinions on single, privately-owned stations must be preceded and concluded by appropriate announcements making clear the nature and substance of the broadcasts and the sponsorship under which the broadcasts are presented. Equal facilities must be available for the expression of opposing views.

GENERAL

In accordance with its policy of resisting any attempts to regiment opinion or to throttle freedom of speech, the Corporation lays down no specific rulings covering controversial broadcasting. The Corporation itself supports the policy of the fullest use of the air for:

(a) Forthright discussion of all controversial questions;

(b) Equal and fair presentation of all main points of view;

(c) The discussion of current affairs and problems by informed, authoritative and competent speakers.

Broadcasting is a changing and expanding art and no fixed and permanent criterion can be set down for the best method of presenting controversial material.

These policies have been adopted in an effort to ensure that the medium of broadcasting may remain at the disposal of the nation, regardless of party, section, class or creed.
CBC COMMERCIAL POLICY AND
CONTINUITY ACCEPTANCE

By E. A. WEIR
Commercial Manager, Canadian Broadcasting Corporation

THE problem which daily faces a publicly owned enterprise like the Canadian Broadcasting Corporation of combining in one schedule commercial programs with those financed mainly from license fees is far more complex and difficult than realized by all but those actually doing the job. Balanced schedules must be maintained. Programs must be auditioned before acceptance to assure their measuring up to acceptable standards of content and production. Contests and premium offers must be scrutinized carefully to see that entertainment value and not "money attraction" is the basic and not the secondary attraction. Dual sponsorship and a score of other angles must be carefully watched. For all of this, trained personnel with a kind of sixth sense is essential to maintenance of a sound and consistent commercial policy.

CBC policy recognizes the obligation devolving on the Corporation to steadily improve the standard of broadcasting throughout Canada thereby better serving listeners. In view of the important part played by sponsored network programs in providing a wide variety of entertainment, the Corporation's policy recognizes the priority—within the limits of practicability—for choice periods of those programs showing the most consistent improvement. This policy, declared by the CBC several years ago, has since become general network policy also in the U.S.A. In appraising the degree of excellence achieved, preference does not depend upon the size or pretentiousness of the production but rather upon the degree of artistic ability displayed.

All sponsored programs are accepted for broadcast on CBC networks or CBC-owned stations subject to approval. If thought necessary, an audition may be required and this is now almost invariably the rule.

All sponsored material for broadcast over CBC networks or stations is subject to the Corporation's interpretation of suitability and good taste. The sensibilities and preferences of listeners are carefully considered. The Corporation reserves the right at all times to refuse the use of its facilities for the broadcasting of any program or parts of programs that it considers incompatible with public interest. As already noted, preference is given those shows whose programs and commercial continuities in the opinion of the Corporation reach the highest degree of excellence.

In supervising continuities with respect to the question of good taste the Corporation exercises a dual function. The Broadcast Regulations Division receives from advertising agencies continuities under the Food and Drugs Act and submits these to the Department of National Health and Welfare at Ottawa for approval before they can be broadcast. By and large these continuities, as approved by the Department, are usable by private stations though in some cases the CBC Broadcast Regulations Division does remove certain types of references permitted by the Department.

The Broadcast Regulations Division of the CBC maintains precisely the same relationship to the Commercial Division of the Corporation as it does to any private
station. The Commercial Division must see that commercial continuities for use on CBC networks and CBC stations are submitted to the Broadcast Regulations Division and approved before broadcast. But the Commercial Division goes even further and applies restrictive policies to acceptance beyond the limits demanded of private stations by the CBC Broadcast Regulations Division.

The following list of products and services are not acceptable for broadcast over CBC networks or stations:

(a) Cathartics, including foods or beverages, when advertised as such, as products generally known and used as cathartics.
(b) Medicinal products commonly known to contain habit-forming drugs and those which fail to comply, in advertising copy, with regulations of the Department of National Health and Welfare.
(c) Personal hygiene products, including body deodorants or products advertised as such.
(d) Mouthwashes or so-called antiseptics when advertised to overcome or prevent bad breath.
(e) Reducing agents, as well as foods or beverages when advertised as such.
(f) Products purporting to restore natural colour to hair, including eyelash or eyebrow dyes.
(g) Depilatories.
(b) Products intended to remove wrinkles.
(i) Cemeteries, products or services, the advertising of which would be of a morbid nature.
(i) All other products and forms of advertising prohibited under the regulations of the Canadian Broadcasting Corporation.

In the matter of the acceptance on CBC networks and stations of programs advertising medicinal products the following principles are applied:

(a) The acceptance on CBC networks or stations of programs advertising medicinal products shall be subject to the following conditions:
   (i) Each application shall be considered on its own merits. (ii) Standard of excellence and suitability of the program as a contribution to CBC program service. (iii) The limitations of time available for the CBC's own program service, for other public service features and for the advertising of other types of products, restrict to definite limits the number of proprietary programs which may be accepted.

Acceptance of medicinal products for broadcast on CBC networks or stations shall be subject to the following conditions:

(a) All material facts relating to the product or to the manufacture thereof must be made available, as required.
(b) All continuities must be approved by the Corporation and by the Department of National Health and Welfare before being broadcast.
(c) No general statements purporting to reveal the opinion of the medical profession in relation to the product advertised may be contained in any continuity.
CBC COMMERCIAL POLICY

(e) No testimonials may be used.

(f) All continuities must meet the approval of the Broadcast Regulations Division of CBC with respect to objectionable statements as applied to similar advertising over privately owned stations.

(g) No proprietary shall be advertised as a laxative or diuretic. This applies to foods or beverages when advertised as such and to all products generally used and known as cathartics.

The following procedure governs script and continuity acceptance over CBC networks or stations:

All sponsored material for broadcast over CBC networks or stations shall be submitted by the sponsor or his agency to the Commercial Division of the Corporation not later than 48 hours prior to broadcast and “as broadcast” copies shall also be filed when required.

All such broadcast material shall be subject to the Corporation’s interpretation of suitability and good taste with particular reference to profane or crude expressions, obscenity, alcoholic beverages, intoxication, immoral conduct, factual controversial statements, current news, lurid horror details, intimate references to childbirth, detailed accounts of sickness or surgical operations, defamatory statements referring to religious denominations, race or color, mention of goods or services which are not solely manufactured or rendered by the sponsor, and references in any form to those items listed as “unacceptable accounts.”

Music

All music shall be cleared through the CBC Music Librarian at the program originating point.

Food and Drug Continuities

All food and drug continuities shall be submitted by sponsors or their agencies, at least ten days in advance of broadcast date, to the Broadcast Regulations Division of the Corporation for clearance by the Department of National Health and Welfare and such material, certified by the sponsor or agency as having been approved as above, shall be filed with the Commercial Division not later than 48 hours in advance of broadcast.

(In connection with the above, the Corporation reserves the right to reject under its appraisal of “good taste” any copy or references of which it does not approve even though continuities have already been approved by the Department of Health or the Broadcast Regulations Division of the CBC.)

Broadcast Material

All broadcast material including commercial announcements shall be of such a character that in the opinion of the corporation they can be freely introduced into a mixed company of adults and children as a subject of ordinary conversation.

Contests, premiums or other offers shall be submitted to the Commercial Division for approval in advance of any publicity in connection therewith, including pre-announcements on the program series. Such submissions shall contain full details including a unit cost breakdown of the premium to be offered and, if required, a sample shall be furnished. No premium so offered may be purchasable at the time through normal retail channels.

Price Mention

Price mention in any form is prohibited.
CBC COMMERCIAL POLICY

No program personnel shall *ad lib* unless in the opinion of the Corporation the personnel concerned is sufficiently informed on CBC acceptance policy and can be relied upon to observe the requirements.

*Multiple products* may be mentioned on the same program provided they are products manufactured by the sponsor or products of which he is the exclusive representative in Canada and provided all mentions of such products are kept within the framework of the program and appropriately identified with it.

*Unrelated announcements*, commonly referred to as “hitch-hikes” or “cow-catchers”, are not acceptable.

The *production* of commercial programs on CBC networks or stations in their entirety is at all times subject to the approval of the CBC and to the Corporation’s interpretation of the suitability and good taste of the presentation of previously approved material. The authority to exercise this supervision is delegated to the Corporation’s accredited officer in charge of production at the originating point.

The CBC has tried to analyze the fundamental nature of quiz and contest programs. Such programs can be divided roughly into two types:

(a) Those whose basic purpose is to convey reasonably worth-while information to the listener in an entertaining fashion, sometimes with prizes included for contestants on the program or for certain members of the radio audience.

(b) Those programs which would seem to place information and entertainment secondary to what might be described as a “money attraction” in the program, either for the studio audience or members of the air audience.

While the Canadian Broadcasting Corporation concedes that there may exist borderline cases where acceptable radio entertainment and the allure of “easy money” may go hand in hand, it is felt that as a general standard of acceptance for such programs the program content (i.e., the entertainment or information which go to make up the program) must be considered as the only yardstick of acceptance. Programs which depend for their attraction on a money or lottery allure (as opposed to information or entertainment) are not considered acceptable. It is realized by the Corporation that the meaning of the term “entertainment” considered in program content covers a wide area of debatable material, but it is felt that in this particular field of programs the application of standards of good taste and common sense will make it not too difficult to apply this policy fairly to all program planners.

Sponsored programs made up basically of domestic *recordings* or so called library *transcriptions* are not accepted for release over CBC networks.

A heavy responsibility devolves upon those charged with the acceptance of broadcast material on CBC networks and CBC owned stations. Judgment of a fine order has to be exercised if all are to be treated fairly and if both public and sponsor interests are to be guarded. Practice and aptitude for script reading often enables a competent reader to sense weeks ahead undesirable trends that scripts may take and by calling the attention of agencies to this at the proper time unpleasant developments may be avoided. The idea is to guide rather than correct. Several years ago one of the highest rating network programs in Canada was finally removed through the willing co-operation of the sponsor because it could not be brought into line with policy.
CBC COMMERCIAL POLICY

It is not uncommon for the continuities of certain programs, especially those of proprietaries, after weeks of adherence to established rules to suddenly make reference to claims not allowable. If not observed by the acceptance reader this claim will quite probably be repeated the following week and then again and again until it has been established as an integral part of the copy. Then it becomes a much more difficult problem to convince the agency of its non-permissible character.

The CBC annually rejects a large volume of network and spot business on account of non-acceptability. The "whodunit" type of program is having a somewhat difficult time reaching acceptable standards. It is felt that horror programs have no place on the air. Legitimate well-written mystery shows, however, are looked on with favor. Not long ago the CBC rejected a contract that would have netted about $70,000 annually because the program was an unacceptable "whodunit". Scripts were later rewritten with a Canadian locale but this did not alter the fundamental objection. This attitude may seem illogical to some in view of high ratings sometimes established by this type of program. It is not too much to say that CBC revenues could be increased several hundred thousand dollars yearly if it provided time for such programs.

CBC policy is thumbs down on scripts or continuities which carry references with double meanings or in questionable taste. Homes are not burlesque houses or even music halls. The CBC has never yet banned any artist but it has banned the type of continuities referred to. This is a problem common to all networks.

One of the most objectionable features of many otherwise fine programs is the liberty taken by feature artists in mentioning products of all kinds not even remotely connected with the program. This has come to be not only a menace to sound advertising but a nuisance and apparently nothing but concerted network action will curb it. On a recent program one of radio's top ranking artists made frequent reference at the opening of his sponsored show to his picture and an article about him in the current issue of a well known magazine. It pays magazines to feature stars when stars promote magazine circulation in a manner otherwise not purchasable at any price. But not content with this the guest artist on this same program proceeded to call direct attention to a completely unrelated advertisement for a prepared poultice in the upper left hand corner of a certain page.

The CBC has maintained a fairly rigid policy with respect to dual sponsorship but is finding it increasingly difficult to maintain that policy in the flood of such material originating in leading shows from the U.S.A. The CBC recognizes the legitimacy of product mentions where these make a genuine contribution to the comedy of the program but where they are dragged in for no apparent reason but to save the script writer a little extra thinking the agency is asked to drop them. A recent Canadian show contained ten such mentions. Only three or four were warranted. No possible justification could be found for the others.

Nothing but a healthier respect on the part of artists for the interests of their own clients rather than those of purveyors of gifts, and on the part of agencies in discouraging these plugs even though they offer some temporary benefit, and on the part of the networks in the way of positive and consistent determination to stop it will bring within bounds a parasitical practice.
PROCEDURE FOR HANDLING FOOD AND DRUG CONTINUITY

REGULATION 12 of CBC Regulations for Broadcasting Stations provides that no continuity advertising an article marketed under the Proprietary or Patent Medicine Act or the Food and Drugs Act may be broadcast until it has been approved by the Department of National Health and Welfare. Generally speaking, this covers any article, product or treatment for which nutritional, medicinal or health claims are made.

The Broadcast Regulations Division of the Corporation is responsible for the application of regulations and policy rulings promulgated under The Canadian Broadcasting Act, 1936. Legislation governing foods, drugs, proprietary or patent medicines is administered by the Department of National Health and Welfare, and this Department, on behalf of the Corporation, reviews radio continuity, submitted to the Corporation under Regulation 12, in advance of broadcast.

Food is deemed to include
“every article used for food or drink by man, and every ingredient intended for mixing with the food and drink of man for any purpose whatever.”

Drug is deemed to include
“all medicine for internal or external use by man or animal; any substance, mixture of substances and any article that may be used for the diagnosis, treatment, mitigation or prevention of disease in man or animal.”

Medicine means
“any substance or mixture of substances that may be used in restoring, correcting or modifying organic functions.”

Proprietary or Patent Medicine means
“every artificial remedy or prescription manufactured for the internal or external use of man, the name, composition or definition of which is not to be found in the British Pharmacopoeia, the Codex Medicamentarius of France, the Pharmacopoeia of the United States, or any foreign pharmacopoeia approved by the Minister, the Canadian Formulary, the National Formulary of the United States of America, or any formulary adopted by any properly constituted pharmaceutical association representing the Dominion of Canada and approved by the Minister; or upon which is not printed in a conspicuous manner the true formula or list of medicinal ingredients contained in it.”

The following is procedure for clearance:
Two copies of radio continuity to be submitted to the Manager, Broadcast Regulations Division, Canadian Broadcasting Corporation, 354 Jarvis Street, Toronto, two weeks in advance of broadcast.

Copy should be numbered, dated, the name of the program indicated, and the date of actual broadcast inserted. Copy should be submitted with a covering letter or other identification of sender.

For its examination the Department of National Health and Welfare requires the formula or a statement of the composition of each product advertised by radio for the
Food and Drug Continuity

first time in Canada — or whenever the formula or composition is changed. Secret formulae may be submitted directly to the Department in Ottawa.

Food, drug and patent medicine continuity to be transcribed for broadcast in Canada must be submitted in the way outlined above two weeks in advance of the cutting of the transcription.

The problem of submitting continuities two weeks in advance of broadcast for small dealers and local merchants wishing to publicize specialties on a particular day may be met by preparing stock continuities. These may be submitted for approval and then placed on the agency or station file for emergency use. Some advertisers have found it convenient to submit a series of continuities in advance covering the activities of a whole period. These should be resubmitted at least every year, if required for re-use.

Some advertisers make up new continuities using phrases and paragraphs from continuity already approved. It is not sufficient to consider these earlier approvals as covering this revised copy which may contain changed emphasis and meaning. It is necessary, therefore, that such continuity be submitted for review.

Testimonials for food and drug products are also required for examination. They should be submitted in duplicate in the same manner as other copy.

Advertising in the interest of chiropractors, optometrists, opticians, optical products, mechanical devices and foundation garments (where claims are made that the garment is of assistance in the treatment of an ailment or any abnormal physical state) likewise comes within the purview and is subject to Regulation 12.

All advertising material for animal medicines must be examined and approved prior to broadcast. It is not necessary to submit copy for animal foods unless therapeutic claims are made.

Claims in milk commercials that herds have been government-tested, when being submitted for review, must be supported by corroborative evidence from the examining authority stating the nature of the test (Bang’s Disease, Tuberculosis).

Cosmetic advertising does not need to be submitted for review unless therapeutic claims are made.

Chewing gum does not come within the scope of the Food and Drugs Act or regulations made thereunder unless therapeutic claims are made.

The originating station on a network or subsidiary hookup is responsible to see that continuity has been approved.

Broadcast reference indicating food and drug copy has been submitted to or examined by the Department of National Health and Welfare is not allowed. Such mention might be construed by the listener as endorsement by that Department of the statements made or of the merchandise or treatments. Examination of continuities is designed to protect the listener from unwarranted claims and should not be more widely interpreted.

Stations in Canada are not permitted to broadcast commercial continuity, transcribed or otherwise, advertising products coming within the purview of Regulation 12, unless accompanied by evidence of approval. Agencies, thus after receipt from the Broadcast Regulations Division of the approved copy, must indicate on copy for distribution to station managements that such copy has been cleared by the CBC and the Department. A rubber stamp has proven most acceptable for this purpose since it marks each
FOOD AND DRUG CONTINUITY

continuity or disc, but agencies may wish to insert at the end of the continuity some similar certificate of clearance to the following:

CLEARED BY D.N.H.W. AND CBC JANUARY 15, 1947

A rubber stamp has been prepared for agencies and may be secured by writing the Broadcast Regulations Division. A facsimile of this stamp follows:

CONTINUITY CLEARED
D.N.H.W. - C.B.C.
(Reg. 12)

Food, drug, patent medicine and other copy passed for broadcast is valid for one year from the stamped date of approval. If circumstances warrant it, copy may be required for review within a period of a year.

Inspectors of Food and Drugs, Department of National Health and Welfare, are authorized to act as representatives of the Corporation for the purpose of enforcing this regulation.

It should be realized that the message of broadcasting is received at the fireside in the relatively unguarded atmosphere of the home, reaching old and young alike. Certain subjects, while meriting discussion elsewhere in the public interest are not necessarily suitable for this intimate medium.

The Corporation bases its good taste policy on the premise that all advertising matter and commercial announcements should be of such a character that they can be freely introduced into a mixed company of adults and children as a subject of ordinary conversation.

In the application of this policy the acceptance of words and phrases of claim or qualification naturally depends upon the context.

Continuity on behalf of laxative products must be prepared with finesse. Where “laxative” is part of the registered trade name of a product, limited use will be permitted. Otherwise there should be avoidance of “constipation”, “laxative”, “bowels”, etc.

Similarly avoid mention of the functions of any internal organ. In some cases, it may be necessary to mention such words as “stomach”, “kidneys”, “liver”, etc., owing to the nature of the product, and in such cases, one mention per commercial will be accepted.

The advertiser has the right to appeal modifications or deletions made in food or drug copy. The appeal should be made through the Broadcast Regulations Division to a special committee of review. The representations should be supported by all available evidence for the claims of the advertiser. The normal procedure is submission of such representations in writing. However, the advertiser is entitled to present his case in persons. Presentations and supporting evidence are kept confidential; scripts, statements of composition and correspondence are not made available to a third party.

(Further particulars may be obtained from the Broadcast Regulations Division, Canadian Broadcasting Corporation, Toronto.)

CANADIAN RADIO YEARBOOK • 1947-48 39
BY-LAWS OF THE CANADIAN BROADCASTING CORPORATION

Interpretation

1. In these by-laws, unless the context otherwise requires:—
   
   (a) Whenever any matter or thing is expressed in the present tense, the expression shall be applied to the circumstances as they arise, so that due effect may be given to each by-law and every part thereof, according to its spirit, true intent and meaning.
   
   (b) The word “shall” shall be construed as imperative, and the word “may” as permissive.
   
   (c) Words in the singular shall be held to include the plural, and the words in the plural shall be held to include the singular, and “person” includes “firm” and “corporation”.
   
   (d) “The Corporation” means the Canadian Broadcasting Corporation.
   
   (e) “The fiscal year” means the twelve months ending on the 31st of March in each year.

The Seal

2. The seal, an impression whereof is stamped on the margin hereof, shall, until otherwise ordered by the Board of Governors, be the seal of the Corporation.

Assets and Liabilities of the Radio Commission

3. Effective upon, from and after the 2nd day of November, 1936, the Corporation shall and it does hereby take possession of all property and assets and assume all the obligations and liabilities of the Canadian Radio Broadcasting Commission.

4. (1) Effective upon, from and after the 2nd day of November, 1936, the existing regulations enacted, made and passed by the Canadian Radio Broadcasting Commission, approved by His Excellency the Governor-in-Council on the 15th day of April, 1933 (P.C. 535), as amended by P.C. 2214 of the 12th day of August, 1935, shall remain in force and shall be effective upon, from and after the said date as regulations of the Corporation and the said regulations shall, mutatis mutandis, except where inconsistent with the provisions of the Canadian Broadcasting Act, Chapter 24 of the Statutes of 1936, be the regulations of the Corporation and extend and apply to the various matters set out therein.

   (2) Wherever in any of the said regulations it is provided that any duty, power or function shall be vested in or performed or exercised by the Canadian Radio Broadcasting Commission, or by any officer of the said Commission, such duty, power or function shall be vested in and performed and exercised by the Corporation or by the appropriate officer of the Corporation and wherever in the said regulations the Canadian Radio Broadcasting Commission, or the Commission, is mentioned or referred to, there shall in each and every case be substituted the Canadian Broadcasting Corporation or the Corporation, respectively.

Proceedings of Governors

5. (1) The Chairman shall preside at all meetings of the Corporation and shall have authority to maintain order and regularity, but in the case of his absence or incapacity the Vice-Chairman may act as Chairman.

   (2) The Governors of the Corporation shall meet together for the dispatch of business at times and places to be fixed by the Chairman and subject to his call, or, in the event of his being unable to act for any reason, by the Vice-Chairman and subject to his call.
CBC BY-LAWS

(3) Notice of meetings of the Board shall be given to each governor by delivering or mailing or telegraphing the same to his address in sufficient time to enable him to be present at the meeting. Notice of any meeting may be waived by telegraph or writing. Failure to give or receive notice due to inadvertence shall not invalidate any meeting.

(4) Questions arising at any meeting of the Corporation shall be decided by a majority of votes (one Governor having one vote) and in the event of an equality of votes, the presiding officer will have a second or casting vote.

6. (1) Effective upon, from and after the 2nd day of November, 1936, the employees of the Canadian Radio Broadcasting Commission shall be appointed employees of the Corporation in the same positions and at the same salaries as they had when in the employ of the Commission immediately prior to the 2nd day of November, 1936, and subject to the provisions of clause 2 hereof, all such persons shall remain employees of the Corporation during its pleasure.

(2) The employment, dismissal, and remuneration of the officers and other employees of the Corporation shall be determined by the General Manager provided that the appointment of officers or employees whose salary exceeds four thousand dollars per annum, shall be subject to confirmation at the first meeting of the Board of Governors following such appointment: further provided that the General Manager may at any time suspend any officer or employee of the Corporation for cause.

(3) Except when otherwise expressly authorized by the Board of Governors, no officer or employee shall be engaged on terms requiring a longer notice of termination of his employment than three calendar months. Such notice need not be given to terminate at the end of any calendar month but may terminate on any specified day in the month.

(4) No officer or employee of the Corporation shall engage in other work for remuneration or profit, unless expressly authorized by the General Manager. No officer or employee shall be a candidate for any public elective office or support a candidate for any such office by speech or writing.

(5) The General Manager shall cause these by-laws and any further rules relevant to them to be drawn to the attention of every officer and employee of the Corporation. The General Manager may make further rules to regulate the work of the officers and employees of the Corporation and their relations to it and to the public.

7. (1) The General Manager of the Corporation shall be its chief executive officer and, subject to the direction of the Board of Governors, he shall be responsible for the carrying out of the provisions of the Canadian Broadcasting Act, 1936, and of the regulations and by-laws made thereunder.

(2) He shall be present at all meetings of the Board of Governors, unless his attendance is excused by the Chairman or presiding officer.

(3) He may delegate any of his powers, other than the powers granted to him under By-Law No. 6, to the assistant general manager or to any officer or employee of the Corporation.

(4) He shall from time to time prepare such reports of the activities and finances of the Corporation as the Board of Governors may request.

(5) On or about the first day of January in the year 1937, and thereafter upon such dates as may be determined by resolution of the Board of Governors, he shall submit to the Board of Governors an estimate of the receipts and expenditures of the
Corporation for the following fiscal year, together with his suggestions for the development of the work of the Corporation, such estimate to contain a detailed statement of any financial requests to be made to the Government.

(6) As soon as possible after the end of each fiscal year, a report containing such information as may be required to enable the Corporation to comply with Sections 20 and 26 of the Canadian Broadcasting Act shall be submitted to the Board of Governors at such time as the Board may require.

(7) The General Manager shall not engage in any employment remunerative or otherwise without previously obtaining the consent in writing of the Board of Governors.

8. (1) The Assistant General Manager shall generally assist the General Manager in the performance of his duties and shall exercise the powers of the General Manager in his absence.

(2) The Assistant General Manager shall not engage in any employment remunerative or otherwise without previously obtaining the consent in writing of the Board of Governors.

9. No statement shall be made in speech or writing purporting to be in the name of the Corporation unless with the express authority of the Chairman, Vice-Chairman or General Manager, but this shall not prevent routine announcements in connection with the programs or the like.

10. No Governor or any officer or person employed by or in the service of the Corporation shall derive any profit from or in any way be pecuniarily interested in or be concerned directly or indirectly in a pecuniary way in any contract which may be entered into by the Corporation or in any work done by the Corporation.

11. All letters applying for employment or recommending persons for appointment in the Corporation shall be forwarded to the General Manager and be kept by him at the disposal of the Board of Governors.

12. The Board of Governors shall determine what officers or employees of the Corporation shall be bonded and all matters relating thereto.

13. Unless otherwise directed by the Board of Governors, all contracts, leases or other documents whatsoever shall be signed by the General Manager or, in the absence of the General Manager, by the Assistant General Manager, and shall be countersigned by the principal financial officer of the Corporation or in his absence by the acting principal financial officer.

14. The Chairman, Vice-Chairman, General Manager, Assistant General Manager, or any other officer or employee of the Corporation authorized by resolution of the Board of Governors or executive committee or by letter of the Chairman or General Manager, or any of them, are authorized and empowered to appear and make answer for the Corporation to all writs, orders, interrogatories upon articulated facts; to declare for and on behalf of the Corporation in answer to writs of attachment, garnishments or the like; to make all necessary affidavits and sworn declarations in connection therewith or in connection with any and all judicial proceedings to which the Corporation is a party; to make demands of abandonment or petitions for winding-up or receiving orders upon any of the debtors of the Corporation; to attend and vote at all meetings of creditors and grant proxies in connection therewith; and generally to act for and in behalf of the Corporation in all similar proceedings or matters.
15. The Board of Governors shall cause to be duly entered into one or more books provided for the purpose, the minutes recording the proceedings and giving the names of those present at meetings of the Board of Governors and any committee of the Board of Governors. Any such minutes, or copies thereof or extracts therefrom, and any of the Corporation's by-laws or copies thereof or extracts therefrom, if certified as such by a Governor or by the General Manager or Assistant General Manager or by anyone else authorized by resolution of the Board of Governors shall be evidence of such minute or by-law without further proof.

16. (1) The Corporation shall open an account in a bank to be designated by the Minister of Finance in which all funds shall be deposited, and the expenses of the Corporation shall be paid by cheques drawn on such account by the treasurer or acting treasurer, and countersigned by the General Manager, or signed and countersigned by other persons appointed by resolution of the Board of Governors.

(2) Cheques, bills of exchange or orders for money may be endorsed for deposit to the credit of the Corporation's bank account by the General Manager, Assistant General Manager, treasurer or acting treasurer or any other officer or employee appointed by the General Manager.

17. (1) There shall be an Advisory Council to be known as the Western Regional Advisory Council to advise the Canadian Broadcasting Corporation as to programs.

(2) The said Advisory Council shall be organized into three units, each unit to consist of not more than seven persons each, resident within the territorial unit which they represent, who shall be appointed from time to time by the Corporation to represent each of the Provinces of Manitoba, Saskatchewan and Alberta.

(3) The said Advisory Council and each unit thereof shall perform such duties with respect to programs as may be from time to time assigned to it or them by the Corporation.

18. (1) There shall be an Advisory Council to be known as the British Columbia Regional Advisory Council which shall consist of not less than three persons and not more than nine persons resident in British Columbia who may be appointed from time to time by the Corporation and shall advise the Canadian Broadcasting Corporation as to programs.

(2) The said Advisory Council shall perform such duties with respect to programs as may be from time to time assigned to it by the Corporation.

19. (1) There shall be an Executive Committee of the Board of Governors consisting of the Chairman and three other members of the Board to be named each year at the first meeting of the Board following the close of the fiscal year.

(2) The Chairman of the Board shall be the Chairman of the Executive Committee.

(3) Three members of the Executive Committee shall constitute a quorum for the transaction of business.

(4) Subject to the direction and control of the Board the Executive Committee shall, in the interval between meetings of the Board, take such action as may be necessary to ensure that the business of the Corporation is conducted in accordance with the general policies laid down by the Board.

(5) Every decision of the Executive Committee shall be reported to the Board at the next meeting thereof following such decision.

REGULATIONS BULLETIN NO. BR—1

To All Station Managers

Subject: Regulation 3—Station Logs

Station logs are your record of broadcasting. It is most important in your own interest that this record be accurate.

Regulation 3 sets out the basic information required on logs. Members of station personnel who are responsible for the compilation of logs should be thoroughly familiar with this Regulation.

The following points merit special attention:

(a) Accurate indication of program source. For example, CBC network programs should be shown so credit may be given the station in distribution lists.

(b) Clear indication of whether the program is live or transcribed. In some cases, logs differ from day to day—do the programs?

(c) When a program is presented by means of mechanical reproduction, an announcement is required under Regulation 18 (2). There should be indication on the log that this announcement has been made. This can be shown by "A.M." (announcement made).

(d) Station calls should be recorded on the log. Use of station call letters in program title column makes this stand out.

(e) It is important to show commercial sponsorship clearly and fully.

(f) When "spots" are broadcast, their duration should be indicated either by notation of time on and time off or by duration figures.

(g) The use of the CBC code indicating the nature of the program will save space and time. For your convenience, following is list of program code indications:

REGULATIONS BULLETINS

REGULATIONS BULLETIN NO. BR – 2

To All Station Managers and Advertising Agencies

Subject: Regulation 7 (a) — Unlawful Broadcasting

LOTTERIES, GAMES OF CHANCE, CONTESTS

Section 236 of the Criminal Code deals with lotteries, games of chance, etc. Contests for money or merchandise are affected by this section of the Criminal Code and it is respectfully suggested that for your own protection, any broadcasts over your station which include such games of chance or contests should be discussed with your solicitors.

As regards such programs on CBC stations, networks and subsidiary hookups, they are subject to the following procedure:

Full particulars of all such contests or revisions of existing contests, are to be submitted to the Broadcast Regulations Division at least ten days in advance of broadcast in order that they may be referred to its legal advisers for an opinion as to their legality in the light of the provisions of the Criminal Code.

In addition to the provisions of the Criminal Code, section 6 of the Lord's Day Act of Canada states in part that it is illegal on Sunday for any person to engage in any public game or contest for gain, or for any prize or reward. Therefore, the conducting of radio contests on Sunday in provinces in which section 6 is in force would appear to contravene the provisions of the Lord's Day Act and Regulation 7 (a).

REGULATIONS BULLETIN NO. BR – 3

To All Station Managers and Advertising Agencies

Subject: Regulation 7 (i) — Health Broadcasts

Addresses on venereal disease and other subjects relating to public health warrant special attention for presentation by radio. Regulation 7 (i) is designed to insure that these topics will be presented under responsible auspices and in a manner suitable to such an intimate medium.

The procedure for the clearance of manuscripts for such broadcasts has been approved by the Department of National Health and Welfare officials in Ottawa and Provincial Medical Health Officers.

The broadcast time should be clearly indicated on the first page of the copy, since it is felt that broadcasts on these topics can assume a more frank approach during the late evening hours than could be permitted during the daytime or early evening. Scripts should be submitted to the Broadcast Regulations Division in ample time to permit clearance.

When proposed broadcasts are under the auspices of Provincial Health Departments, the manuscripts should be submitted to this Division for review and approval of phraseology only. In cases where time does not permit such clearance, these scripts may be submitted to the nearest CBC Regional Representative.

REGULATIONS BULLETIN NO. BR – 4

To All Station Managers and Advertising Agencies

Subject: Regulation 7 (l) — Appeals for Funds

This regulation permits appeals on behalf of a war charity fund registered under the War Charities Act, 1939, or a joint appeal on behalf of two or more charities made with the approval of the municipality or other local authority in which the appeal is made.

Application for appeals other than in the categories listed above must be made in writing through Broadcast Regulations Division for approval.

In instances of churches or other religious bodies wishing to make appeals, application shall be supported by written endorsement or approval of the local ministerial association, the presbyteries, synod, bishop, divisional headquarters or immediate controlling body or organization. Authorizations for such appeals are confined to churches or organizations who have their own established church or meeting place in the community where the broadcasts are to be made, and in each case it is to be understood that the funds contributed will be used only for the furtherance of their work in that particular community.
REGULATIONS BULLETINS

REGULATIONS BULLETIN NO. BR—5

To All Station Managers and Advertising Agencies

Subject: Regulation 7 (m)—Interpretation

This regulation governs the simulation of a network by means of mechanical reproductions for broadcasts which by CBC regulations and policies are precluded from network release. If to obtain wider distribution transcriptions of such broadcasts are used over more than one station, the transcribed presentation must be separated by a minimum period of three hours. There is no prohibition on the simultaneous release of transcribed programs on two or more stations when such programs would normally be eligible for broadcasting over networks or hookups.

REGULATIONS BULLETIN NO. BR—6

To All Station Managers

Subject: Chick Hatchery Advertising

Advertising on behalf of Chick Hatcheries is subject to the Rules and Regulations promulgated by the Live Stock and Poultry Division of the Dominion Department of Agriculture under The Live Stock and Live Stock Products Act.

The procedure for clearing advertising for chick hatcheries in accordance with present regulations is as follows:

The hatcheryman submits to the local Hatchery Inspector three copies of the advertising continuity which he wishes to have approved for use in the radio medium. The Hatchery Inspector examines this material and if it is approved, marks it with a rubber stamp for the purpose. One copy is sent to the Live Stock and Poultry Division of the Department of Agriculture in Ottawa; one is retained by the local Hatchery Inspector; and the third copy is either returned to the hatcheryman or sent to the radio station through which the advertising is to be broadcast.

Stations are asked to assure themselves that only copy bearing the mark of approval of the Hatchery Inspector is broadcast.

REGULATIONS BULLETIN NO. BR—7

To All Station Managers and Advertising Agencies

Subject: Regulation 8—Political Broadcasting

DRAMATIZED POLITICAL BROADCASTING

Regulation 8 and Section 22 of the Canadian Broadcasting Act, 1936, govern political broadcasting. Subsection 3 of Section 22 states “Dramatized political broadcasts are prohibited”. This precludes the broadcasting of any theatrical device and confines political broadcasting to strictly political addresses and announcements. Political interviews and question and answer programs have been deemed to contravene this part of the Act because of the dramatic artifices involved.

PLEBISCITES AND REFERENDA

It has been legally determined that broadcasts on behalf of by-laws in municipal elections and plebiscites or referenda in municipal, provincial and federal balloting are governed by the same regulations and policies as political broadcasting.

RULES GOVERNING POLITICAL BROADCASTING

Regulation 8 provides that stations shall allocate time for political broadcasts as fairly as possible between the different parties or candidates.

46
REGULATIONS BULLETINS

When a dominion or provincial election or by-election is to be held, the Broadcast Regulations Division will forward to each station a clarification of regulations relating to political broadcasting together with any pertinent information which could be considered helpful to the station.

As a function of public service broadcasting the Corporation has instituted a general plan for party political broadcasting which includes the provision of network time free of charge to qualifying political parties during dominion and provincial elections and a limited amount of free network time in the periods between elections. The policies and rulings of the Corporation in this connection are contained in the printed pamphlet entitled "Political and Controversial Broadcasting".

It is considered advisable that stations should not make firm bookings of political broadcasts until the schedule of free network broadcasts is promulgated since there are limiting factors which receive concurrence of the parties in advance. These include the provision that no bookings may be accepted for the fifteen-minutes preceding and following the free network periods by network affiliated stations carrying the political broadcasts. Another provision provides that political broadcasts shall not be booked by stations in periods opposite free network political broadcasts when these are being carried by another station in the city area.

In the interests of broadcasting stations, political parties and the Corporation, and to assure the efficient operation of election campaign procedure, stations must file with this Division all bookings on behalf of political parties or candidates.

During the election campaigns subsidiary hookups of privately-owned stations may be purchased within the confines of a province by participating parties in both the dominion and provincial fields.

Between election campaigns, network facilities are not for sale for political broadcasts except in special circumstances to reach an entire constituency in a by-election. Single privately-owned stations, if they so desire, may make their facilities available for political broadcasting in the period between election campaigns and during campaigns, subject, of course, to the regulations and rulings governing such broadcasts.

CONTROVERSIAL BROADCASTING

There shall be no sale of network facilities for opinion broadcasts.

NEWS OF A POLITICAL NATURE

Legal interpretation of The Electoral Act has established that news items which may be considered of a political nature, prejudicial or beneficial to any party or candidate, may not be broadcast in any province during the 48-hour period prior to the date of election, or on the day of balloting before the hour of the closing of the polls in such province.

REGULATIONS BULLETIN NO. BR – 8

To All Station Managers and Advertising Agencies

Subject: Regulation 10 (b) — Price Mention

This regulation provides that no one shall advertise the prices of goods or services except under certain conditions when premium-merchandising offers are permitted. In order that stations may have a clear understanding of this regulation, following are instances of interpretations:

1. Used Car Advertising—The Wartime Prices and Trade Board advise that the Motor Vehicle Administrator's Order No. A-1489 is still in effect. Subsection 1, Section 9 of this Order reads:

"Any person, other than a dealer, who advertises or offers in writing any used car for sale, shall state in such advertisement or offer the name and address of the owner, and the location, make, model, body type, model year and serial number of such car, options and accessories (including any spare tire and tube), and the proposed sale price of the car, which shall not exceed the maximum price permitted by this Order."

Since Regulation 10 (b) prohibits price mention on the air, it naturally follows that radio advertising in connection with the sale of used cars which fall in the category defined above should not be accepted.

2. It is permissible to identify and announce certain sales and merchandising days, in the following manner—e.g. "dollar day", "ninety-nine cent sale", "one cent sale", etc. It should be noted, however, in this connection, that such expressions are not allowed where they would, in effect, indicate price of specific goods or merchandise.

3. Where the trade name of a product is also an indication of price, no restriction has been placed on the use, in the broadcasting medium of such trade name, e.g. "Nickle Bar" chocolate candy, "Five Spot" shoes, etc.

4. It is considered not permissible to broadcast in Canada any mention of money, discounts, comparable value or terms in relation to the product or service advertised, or in relation to offers of goods or services.

5. An exception to this regulation is contained in Regulation 11 (3) (b) under which non-sponsored spot announcements may be authorized.
REGULATIONS BULLETINS

REGULATIONS BULLETIN NO. BR—9

To All Station Managers

Subject: Regulation 11—Spot Announcements

PARTICIPATING PROGRAMS

If announcements are broadcast for separate advertisers on a participating program, these are classified as spot announcements and are not permissible for broadcasting between the hours of 7:30 and 11:00, local time on weekdays, nor at any time on Sundays.

REGULATION RELAXATION

Attention is directed to subsection 3 (a) of this regulation which states that subsections 1 and 2 shall not apply to "time signals or weather reports provided that no advertising other than the name of the sponsor is mentioned."

No merchandising whatsoever apart from sponsor identification is permitted in such announcements which may be broadcast on Sundays and within the restricted period 7:30 to 11:00 p.m., local time weekdays.

NETWORK BREAKS

Stations carrying CBC network programs shall not insert spot announcements during network intervals. An exception is made for time signals and weather reports providing the continuity does not interfere with network broadcasts which may precede or follow them.

REGULATIONS BULLETIN NO. BR—10

To All Station Managers and Advertising Agencies

Subject: Regulation 12—Food and Drug Continuities

Regulation 12 is designed to protect the listener from unwarranted claims and exploitation in advertisements on behalf of foods, drugs, proprietary or patent medicines, and to protect the radio station, agency and advertiser by ensuring that copy conforms to statutory requirements of the Food and Drugs Act.

Radio continuity for foods, drugs and proprietary or patent medicines are to be submitted in duplicate to the Broadcast Regulations Division two weeks in advance of broadcast. In the same way, copy relating to animal medications must be submitted for review. Advertising on behalf of animal foods does not have to be submitted unless reference to vitamins is included.

For their own protection stations should assure themselves that copy received from agencies for products which come under the purview of the Food and Drugs Act, has been approved.

Under this Regulation examination is conducted by the Department of National Health and Welfare from the point of view of legislation. For guidance there is set out below a pertinent extract from the Food and Drugs Act, 1927:

"6A No person shall import, offer for sale or sell any remedy represented by label or by advertisement to the general public as a treatment for any of the diseases, disorders or abnormal physical states named or included in Schedule A to this Act or in any amendment to such Schedule."

Schedule A

- Alcoholism
- Appendicitis
- Arteriosclerosis
- Blood Poisoning
- Bright's Disease
- Cancer
- Diabetes
- Diphtheria
- Dropsy
- Epilepsy
- Erysipelas
- Gallstones, Kidney Stones
- Bladder Stones
- Gangrene
- Gastric and Duodenal Ulcers
- Goitre
- Heart Diseases

High Blood Pressure
Infantile Paralysis
Influenza
Lockjaw
Locomotor Ataxia
Obesity
Pleurisy
Pneumonia
Ruptures
Scarlet Fever
Sexual Impotence
Small Pox
Spinal Meningitis
Trachoma
Tuberculosis
Tumours
Typhoid Fever
Venereal Diseases

In connection with the examination by the Department of National Health and Welfare, it is not deemed permissible to make any reference on the air indicating either that such continuities have been submitted or that they have been examined by the Department. It is felt that any such mention could be construed by the listener.
REGULATIONS BULLETINS

as endorsement or approval by that Department of the statements made or of the merchandise or treatment. Such an interpretation would be incorrect. Examination of continuities by the Department is designed to protect the listener from unwarranted claims by the advertiser and such examination should not be more widely interpreted.

In addition to the requirements of the Department of National Health and Welfare, the Broadcast Regulations Division examines such continuity in the light of the following policy formulated by authority of The Broadcasting Act:

"All advertising matter and commercial announcements shall be of such a character that they can be freely introduced into a mixed company of adults, and children as a subject of ordinary conversation."

REGULATIONS BULLETIN NO. BR – 11

To All Station Managers

Subject: Regulation 18 — Mechanical Reproductions

The use of mechanical reproductions by radio stations is governed by Regulation 18.

In the interpretation of paragraph 1 of this Regulation, the Corporation makes an allowance of a prescribed amount per station daily of mechanical reproductions between the hours of 7:30 p.m. and 12:00 p.m. local time based on the following factors:

1. The possibilities for live talent programs and live talent development.

These allowances are granted on the understanding that stations will do all in their power to use and develop local live talent. They are subject to revision or cancellation at any time for contravention of this or any regulation, or in the event a station is unable to produce satisfactory evidence of the development and use of local live talent.

REPORT

(The report is here reproduced in full except for some introductory paragraphs and a section devoted to television.)

On April 2nd, 1947, your Committee was appointed by a resolution of the House. On Friday, May 9th, it proceeded to consider the Annual Report of the Canadian Broadcasting Corporation for the fiscal year ended March 31st, 1946, and to review its policies, aims regulations, revenues, expenditures and development.

Both last year and this year the Canadian Association of Broadcasters (comprising membership of 89 stations) urged that regulation of broadcasting should be removed from Canadian Broadcasting Corporation. Their claim has been in both cases that the privately owned broadcasting stations are placed under the control of the Canadian Broadcasting Corporation which, they allege, is their competitor. While last year the said association urged that some different body be made an appeal tribunal to which appeals from Canadian Broadcasting Corporation decisions could be taken, this year the association went further and advocated a regulatory body having complete control over all radio (licensing as well as regulating), and this body, they averred, could operate in somewhat the same way as the Transport Board operates. They were insistent that any such organization must be set up by the Parliament of Canada as a whole and appointments to it should be by Parliament of Canada as a whole and any review of its actions must be by Parliament as a whole. They also pressed for a general revision of all laws relating to radio asserting them to be greatly out of date.

The Canadian Daily Newspapers Association (comprising 110 members, 39 of whom own radio stations), supported the Canadian Association of Broadcasters in the advocacy of a board such as described. Both associations argued strongly that Canadian radio laws are obsolete.

* * *

COINCIDENTALLY with its appearances before your Committee the Canadian Association of Broadcasters carried on an active campaign throughout the country by way of a wide distribution of its brief, and by means of radio broadcasts over private stations, and also by advertisements in newspapers across Canada attacking radio legislation and administration of it as belonging to "horse and buggy days," and hence requiring revision.

Your Committee has given very careful consideration to the proposals for a separate regulating board and has also received numerous arguments from other bodies such as trade unions, agricultural organizations, co-operative societies, and the like, in opposition to those proposals, to which also the Committee has given careful consideration.

The Committee recalls that it stated in its report to Parliament last year that the functions of the two types of radio service are different; one, the private stations being designed to serve community interests and the other Canadian Broadcasting Corporation, designed to serve the whole of Canada by chain broadcasting; and that these two types of radio service should be complementary to each other. The area of competition is small and your Committee

CANADIAN RADIO YEARBOOK • 1947-48
 believes that private stations are not in danger from Canadian Broadcasting Corporation regulation.

In the result, your Committee is not prepared at the present time to suggest any fundamental change in radio regulation. The national broadcasting system is still in the transitional and development stage and the principles underlying its institution have the same force today as when the decision to establish it was made. Notwithstanding arguments advanced we do not feel justified under all the circumstances in recommending a fundamental change now.

The Committee noted that the Corporation had discussed with the Canadian Association of Broadcasters a proposal for the holding of public hearings by the Board of Governors. Your Committee recommends that the Board of Governors hold public sessions when hearing representations on matters of licenses or regulations. It believes that among other advantages this procedure should make more clear to the public and to private stations the respective functions of the Board of Governors and of the Management of the CBC. Such procedure would necessarily involve the publishing of CBC recommendations to the licensing authority on licensing matters. Your Committee also believes that after hearing such representations, the Board of Governors should give statements of its decisions or recommendations, including reasons for them.

* * *

From a revenue point of view the private stations would seem to be in a not unhappy condition. On the whole your Committee is impressed with the fact that radio broadcasting is in most cases a quite lucrative form of private business. Some stations have not made a profit but in the main the private stations have substantial surpluses. Evidence on this point from the Department of Transport will be found at the conclusion of this report.

Your Committee is aware that such a statement fails of giving a complete picture of the business of private radio stations but there is enough in it to suggest that private broadcasters may not be paying a large enough fee for the part of a monopoly in broadcasting which is granted to them, and your Committee recommends to the licensing authority that consideration be given to a revision of the fees presently being charged, perhaps with special regard to the possibility of relating them more closely to business opportunities and income of stations.

Your Committee recommends that the Canadian Broadcasting Corporation give consideration to the raising of the five kilowatt ceiling for private stations particularly where some future potential coverage by Canadian stations might be affected.

Bearing in mind that parts of Canada do not benefit from Canadian Broadcasting Corporation programs or only get partial benefits therefrom, your Committee recommends that the expansion and development program of the Corporation be speeded up, and that the establishment of a second French network which would provide to French language listeners alternative French language network programs as are now enjoyed by English language listeners, be included in the said expansion and development program.

Objectives have been made that one year is a too short license period; that it is hardly long enough for a licensee to make with confidence expenditures for good broadcasting or to institute major improvements in a broadcasting station. Private broadcasters represented that they should have greater security of tenure than the one year license gives. Your Committee believes that there is much to be said in favor of a longer license period and believes it would be better to grant licenses for, say, up to three years.

* * *

Your Committee approves the action of the Corporation in carrying out a recommendation of last year's Committee "that as a condition of the issuance or renewal of any license a station should be required to submit to the Board of Governors of CBC an undertaking that it would faithfully perform its duties as a trustee of a radio frequency, and would indicate the amount of time and what proportion of its revenue it is prepared to devote to local community events, the discussion of matters of local interest and the development of local talent and other public service broadcasts'. Although some of the stations did not supply statements as requested, the Board of Governors recommended the renewal of all licenses. Your Committee does not understand why any stations using public air channels should object to saying on the basis of their operations what amount of broadcast time they intend to devote to different public service activities. Your Committee believes that the Board of Governors was right, since it did not recommend non-renewal of these licenses, to indicate to stations which had not provided the requested statements that this fact would be taken into account in reviewing their activities before making recommendations for the licensing year 1948-49.

Your Committee is of the opinion that, in considering the activities of private stations in carrying out their duties as trustees of radio frequencies, particular attention should be paid to the amount of broadcasting devoted to community activities; to talks and discussions of public affairs; to provision for the expression of different viewpoints; to the use of local live talent; and to abuses of over-commercialism. Your Committee fully understands that circumstances vary in different areas and for different stations and believes that these variations should be taken into account by the Board of Governors.

Your Committee is of the opinion that many local stations should and could do more than they are doing to foster the development and maintenance of Canadian talent. Your Committee believes there has been an increasing tendency for private stations to rely too greatly on recordings and transcriptions. It believes that the Board of Governors should give more consideration than it has been giving to measures and recommendations encouraging the use of Canadian talent on private stations.
RADIO COMMITTEE REPORT

The Canadian Daily Newspapers Association made strong representations against any policy opposed to newspapers owning and operating radio broadcasting stations. This matter came before the Special Committee on Radio last year but the Committee was unable to give full consideration to it and reported that it would have to be dealt with at the, then, next year’s Committee meeting. We have this year given consideration to the question and we report that we do not think newspapers should be treated in any different manner than other applicants for radio broadcasting licenses.

Your Committee is not in favor of any absolute prohibition of the ownership by one person of more than one broadcasting station. The Committee is appreciative of the desire to prevent a too great concentration of control of radio broadcasting into the hands of one or of a few people. Nevertheless, the Committee would not advise going so far as to prohibit what is called multiple ownership. It recommends that when applications for radio licenses are made that if there are satisfactory applicants who are not already licensees a preference should be given to such applicants over the applicant who is already an owner of one or more other licenses.

* * *

Your Committee believes that every organization which is handling public funds independent from government control should be under scrutiny at all times and the Canadian Broadcasting Corporation is such an organization; and your Committee consequently recommends that the Radio Broadcasting Committee should be a standing committee of Parliament for the purpose of scrutinizing each year the operations of the corporation.

FINANCIAL OPERATIONS OF BROADCASTING STATIONS BASED ON REPORTS RECEIVED FROM 85 STATIONS IN 1946

CANADIAN RADIO YEARBOOK • 1947-48
CODE OF ETHICS OF
THE CANADIAN ASSOCIATION OF
BROADCASTERS

Adopted by the Canadian Association of Broadcasters February 17th, 1943

Realizing their responsibility is first to the radio listeners of Canada for the dissemination of information and news, the supplying of entertainment varied to meet the various tastes of listeners and the necessity for ethical business standards in dealing with advertisers and advertising agencies, the clauses of this Code are recognized and adhered to by the member stations of the Canadian Association of Broadcasters.

1—THE LISTENING PUBLIC
Recognizing the varied tastes in entertainment of the listening public and realizing, under the present structure of the broadcasting industry, the impossibility of various broadcasting stations devoting their programming exclusively to satisfying the likes and desires of any one group of listeners, it shall be the responsibility of member stations to so program the broadcast day that, as far as possible, all groups of listeners shall have some part of the programming devoted to their special likes and desires in proportion to the relation of the numbers of each group to all other groups. It shall be the responsibility of the member stations to meet such requirements through the best programs that available talent and ingenuity can devise.

2—COMMUNITY
It shall be the responsibility of each member station to serve to the utmost of its ability the interests of its particular community and to identify itself with all worthwhile community activities.

3—RELIGION
Recognizing the purpose of the religious broadcast to be that of promoting the spiritual harmony and understanding of mankind and that of administrating broadly to the varied religious needs of the community, it shall be the responsibility of each member station to ensure that its religious broadcasts, which reach men of all creeds and races simultaneously, shall not be used to convey attacks upon another race or religion.

4—EDUCATION
While recognizing that all radio programs possess some educational value, member stations will do all in their power to make specific educational efforts as entertaining as possible. To that end, they will continue to use their time and facilities and to co-operate with appropriate educational groups.

5—CHILDREN'S PROGRAMS
Recognizing that programs designed specifically for children reach impressionable minds and influence social attitudes and aptitudes, it shall be the responsibility of member stations to provide the closest possible supervision in the selection and control of material, characterizations, and plot. Nothing in the foregoing shall mean that the vigor and vitality common to a child's imagination and love of adventure should be removed. It does mean that programs should be based upon sound social concepts and presented with a superior degree of craftsmanship, that these programs should reflect respect for parents, adult authority, law and order, clean living, high morals, fair play, and honorable behavior. Such programs must not contain sequences involving horror or torture or use of the supernatural or superstitions, or any other material which might reasonably be regarded as likely to over-stimulate the child listener or be prejudicial to sound character development. No advertising appeal which would encourage activities of a dangerous social nature will be permitted.

6—NEWS
It shall be the responsibility of member stations to ensure that news shall be presented with fairness and accuracy and the member station shall satisfy itself that the arrangements made for obtaining news insure this result. It shall also ensure that news broadcasts are not editorial. This means that news shall not be selected for the purpose of furthering or hindering either side of any controversial public issue, nor shall it be colored by the opinions or desires of the station management, the editor or others engaged in its preparation or the person actually delivering it over the air.
The fundamental purpose of news dissemination in a democracy is to enable people to know what is happening and to understand events so that they may form their own conclusions and, therefore, nothing in the foregoing shall be understood as preventing news broadcasters from analyzing and elucidating news so long as such analysis and elucidation is free of bias.
News commentators as well as all other newscasters shall be governed by these provisions.

7—CONTROVERSIAL PUBLIC ISSUES
Recognizing in a democracy the necessity of presenting all sides of a public issue to their listeners, it shall be the responsibility of member stations to treat fairly all subjects of a controversial nature. Time shall be allotted with due regard to all the other elements of balanced program schedules, and to the degree of public interest in the questions presented.

CANADIAN RADIO YEARBOOK • 1947-48
8—ADVERTISING APPEALS
Recognizing the service that commercial sponsors render to listeners in making known to them the goods and services available in their communities and realizing that the story of such goods and services goes into the intimacy of the listener's home, it shall be the responsibility of member stations and their sales representatives to work with advertisers and agencies in improving the technique of telling the advertising story so that such stories shall be in good taste, shall be simple, truthful, and believable, and shall not offend what is generally accepted as the standard of morality.
Nothing in the foregoing shall prevent the dramatization of the use, value, or attractiveness of products and services.
While the Food and Drug Act protects the listener from false and exaggerated claims for drugs, proprietary, and foods, it shall be the responsibility of member stations and sales representatives to work with the advertisers of these products and the advertising agencies to ensure that their value and use is told in words that are not offensive to the average listener.
Recognizing also that advertising appeals or commentaries by any advertiser that cast reflection upon the operation of a competitor or other industry or business are destructive of public confidence, it shall be the responsibility of member stations, so far as it lies within their power, to prevent such advertising appeals or commentaries from being broadcast over their stations.

9—FAIR BUSINESS PRACTICES
Recognizing the importance of the service which broadcasting renders to the citizens of Canada and the importance of building the broadcasting industry on a sound basis of fair dealing, it shall be the responsibility of member stations:
To deal fairly with advertisers and all others desiring to use their facilities and, within the time limits imposed by broadcasting, to make their facilities equally available to all who may desire them without favoritism or bias.
To maintain free enterprise and fair competition within broadcasting and other entertainment or advertising forms and to oppose all harmful monopolies, public or private.
To set and maintain high business standards.
To uphold and adhere at all times to their published rates and to refrain from any covert or secret bonusing or rebating to advertisers, agencies, or other users of the broadcasting medium.

ANNUAL MEETINGS OF CANADIAN ASSOCIATION OF BROADCASTERS

1935 — King Edward Hotel, Toronto, January 21 and 22.
    Harry Sedgwick, President.

1936 — Royal York Hotel, Toronto, January 22.
    Harry Sedgwick, President.

1937 — King Edward Hotel, Toronto, February 8 and 9.
    Harry Sedgwick, President.

1938 — Chateau Laurier, Ottawa, Ontario, February 7, 8 and 9.
    Harry Sedgwick, President.

1940 — Mount Royal Hotel, January 22, 23 and 24.
    Harry Sedgwick, President.

1941 — Mount Royal Hotel, January 20, 21 and 22.
    Harry Sedgwick elected Chairman of the Board and Glen Bannerman appointed President and General Manager, January 23, 1941.

1942 — Windsor Hotel, Montreal, February 9 to 12.
    Harry Sedgwick, Chairman of the Board.
    Glen Bannerman, President and General Manager.

1943 — King Edward Hotel, Toronto, February 15, 16 and 17.
    Harry Sedgwick, Chairman of the Board.
    Glen Bannerman, President and General Manager.

1944 — Chateau Frontenac, Quebec, February 14, 15 and 16.
    Harry Sedgwick, Chairman of the Board.
    Glen Bannerman, President and General Manager.

1945 — Chateau Frontenac, Quebec, February 12, 13 and 14.
    Harry Sedgwick, Chairman of the Board.
    Glen Bannerman, President and General Manager.

1946 — Chateau Frontenac, Quebec, May 27, 28, 29 and 30.
    Harry Sedgwick, Chairman of the Board.
    Lieut. Col. K. S. Rogers appointed Honorary President at Board meeting November 4-6, 1946.

1947 — Jasper Park Lodge, Jasper, Alta., June 9, 10, 11 and 12.
    Harry Sedgwick, Chairman of the Board.
    G. R. A. Rice appointed Honorary President.

1948 — Chateau Frontenac, Quebec City, March 8, 9, 10 and 11.

CANADIAN RADIO YEARBOOK • 1947-48

63
WINDSOR is the most popular gateway to Canada's Third Richest Market.

THE TOURIST TRADE

In 1946, over 5,000,000 tourists passed through the port of Windsor. This figure is higher than any other Canadian port of entry.

Next summer, an increase of 20 per cent in American tourist travel is expected at the International border... on their way to visit Canada's picturesque lakes, scenic playgrounds and busy cities. Everyone is a potential customer for Canadian products during his stay.

On entering Canada, they will learn much about Canadian merchandise and summer resorts through the medium of CKLW the "Good Neighbor" Station, Windsor, Ontario. CKLW's popularity is proverbial at the Windsor border. That's why you should remember this powerful radio station when making plans for your product in this sales-productive market.

HEADQUARTERS for PERSONALITY

"CJOR personalities are household names on Canada’s Pacific Coast"

CJOR is the "Station of the Stars" in more ways than one. Stars of the network are equalled in popularity by CJOR'S own broadcasting personalities, the best-known people on the air in Vancouver. They're experienced and capable too.

Representatives:
H. N. STOVIN & CO., Canada
ADAM J. YOUNG, Jr., Inc., U.S.A.

LICENSING AND POWER INCREASES

A three-year period of licensing for broadcasting stations, to replace the existing one-year scheme, was recommended in September, 1946, to Ottawa by the CBC Board of Governors during its meeting in Calgary. The Board also declared its intention to recommend that applications be considered from private stations seeking to raise their power above the standing limit of 5,000 watts.

TELEVISION LICENSES

At its September, 1946, meeting in Calgary the CBC Board of Governors announced that it would recommend to the licensing authority at Ottawa that applications for television station licenses be considered, and that the Department of Transport set up technical standards and evolve an allocation plan for frequencies available.

CANADIAN RADIO YEARBOOK • 1947-48
TEAMWORK
with the
NETWORKS

Programme transmission facilities used by the Canadian Broadcasting Corporation networks are supplied by the Canadian National Telegraphs and Canadian Pacific Telegraphs.

Other Programme transmission facilities available include:

Programme transmission loops to Radio Studios.
Transmission facilities from Studios to transmitters.
Pick-up facilities for remote control programmes.
Portable amplifiers and associate apparatus.
Teletype and Morse private line leased wire service.

Your inquiries are invited.

These swift, accurate wire services also bring important communications . . . up-to-the-minute news bulletins flashing "hot off the wire". . . they are part and parcel of the radio system . . . indispensable to the efficiency of Canadian stations and networks.

**Canadian Radio Yearbook • 1947-48**
SUMMARY OF CBC PROGRAM OPERATIONS DURING 1946

TOTAL PROGRAM PRODUCTION

During the calendar year January 1, 1946, to December 31, 1946, a total of 58,797 programs consuming 17,697:55 hours were broadcast over the CBC's Trans-Canada, Dominion and French Networks. Of this figure, 80.9% were non-commercial; the remaining 19.1% represent the total commercial hours.

In 1946, as in previous years, service to listeners has been increased. In comparison to 1945 operations, 635:30 more hours were released on CBC networks.

Contrary to the past trend this increase has developed with commercial as well as non-commercial programs. Non-commercial time was increased by 455:20 hours, with an increase of 180:10 hours of commercial.

The National Network, a combination of the Trans-Canada, Dominion and French Networks, broadcast 0.1% of the year's non-commercial program hours. In 1946, 65.1% of the year's broadcasting was scheduled on the Trans-Canada Network; 7.8% on the Dominion Network; and 27.0% on the French Network.

For the period, Dominion Network operations decreased. A total of 1,368:55 hours was released on the Dominion Network as compared to 1945's operations of 1,395:05 hours, a decrease of approximately 30 hours.

ORIGINATION OF PROGRAMS

Of the hours of broadcasting on the CBC's networks, 85.3% were originated by the CBC; 2.7% were originated by private stations; the remaining 12% consisted of exchange programs from the American networks and the BBC.

As in the past, Montreal originated the greatest number of hours of CBC programs. Of the total, 28.7% came from Montreal; Toronto followed with 17.3%; Vancouver with 14.0%; Halifax with 11.1%; Winnipeg with 8.7%, and Quebec with 1.7%.

EXCHANGE PROGRAMS

An increased number of exchange programs were imported from the United States for this period—a total of 7,971 programs representing 3,015:20 hours of broadcasting. However, in contrast to 1945 a considerably higher number of programs were sent to the American networks, a total of 70, representing 34:45 hours. The Mutual Broadcasting System received 97.2%, representing 33:45 hours.

PROGRAM CLASSIFICATION

Musical programs, as in previous years, occupied a greater portion of the CBC schedule. Of the 56.3%, musical shows, representing 8,053:10 hours, 22.4% were devoted to light music. Following in decreasing order were dance, 10.8%, representing 1,544:20 hours; semi-classical, with 1,382:35 hours; symphony, 209:15 hours; and band, old time, opera and sacred music respectively.

The remaining 6,260:30 hours of broadcasting were devoted to spoken word programs. News broadcasts occupied 2,140:15 hours, with agriculture 901:40; talks-informative 673:30; drama and feature 648:15; educational 444:10; religious 402:10; women's 316:00; children's 243:45; followed by news commentaries, sports résumé, stock quotations, news events, sports events, and prose and poetry in decreasing order.

(continued)
CBC PROGRAM SUMMARY

FRENCH NETWORK PROGRAMS

A total of 4,778:20 hours were released on the French Network exclusively. An additional 827:15 hours were fed to the French Network from either the Trans-Canada or Dominion Network. In keeping with the overall ratio of musical and spoken word programs, musical shows occupied the greater portion of broadcasting on the French Network.

SUBSIDIARY HOOK-UPS

A very slight variance can be noted in the number of hours consumed by subsidiary hookups over the past year. A total of 616:30 hours of broadcasting were presented on private station hookups in 1946, as against 627:35 hours during the previous period. Of the total commercial broadcasting, 15.4% was presented on subsidiary hookups. The greater portion of this was devoted to musical programs, consuming 53.2%, with the remaining 46.8% taken up with spoken word programs.

Of the 1,550 programs representing 616:30 hours, 309:20 were devoted to French subsidiary hookups, while the remaining 307:10 hours were broadcast on English subsidiary hookups.

CANADIAN RADIO YEARBOOK • 1947-48
JACK DENNETT
Announcer

BUSINESS ADDRESS, CFRB, 37 BLOOR STREET WEST, TORONTO
Section Three

THE BUSINESS SIDE OF RADIO

Advertising Agencies • Radio Accounts • Station Representatives • Production Companies • Talent Agencies • Script Services • Transcription Companies • Recording Companies • Research Organizations • News Services • Publications • Radio Inspectors • Associations • Radio Awards.
ONLY SUSTAINED SALES
COULD PRODUCE THIS RECORD!

These advertisers came to CFRB in 1936...

Today they're still satisfied sponsors.

Nineteen thirty-six... to nineteen forty-seven... two years after World War II... these were not easy years for Canadian business. More significant then, that over all these years advertisers have found it pays to reach and go on reaching CFRB's audience. Your product, too, will find a wider market through Ontario's favourite station.

CFRB
TORONTO

Planning now for another twenty years!

CANADIAN RADIO YEARBOOK • 1947-48
In this beautiful studio are produced the recorded transcriptions for over fifty of the larger Canadian radio advertisers as well as all the Advertising Agencies with offices in Montreal.

Fully equipped with a Novachord, Steinway Grand piano, Electric Organ and Leslie Vibratone, this studio is now headquarters for most high class transcribed radio shows in Canada.

Advertisers Recordings Limited also operates a direct wire service, subscribed to by all the larger Advertising Agencies, which enables them to listen in the privacy of their own office to programs originating anywhere.

*Operating Through Advertising Agencies Exclusively*

**CANADIAN RADIO YEARBOOK • 1947-48**
QUEBEC PROVINCE LISTENS TO FRENCH RADIO

Are YOU selling to the three million French-speaking Canadians in the Quebec market? Or do you concentrate your sales-efforts on other parts of Canada, because "Quebec requires individual treatment"? Quebec does require understanding — we know the market — we are in business to work with you and your Advertising Agency — as we have already been privileged to work with many of Canada's leading advertisers. Radio, in French, is a most effective way of reaching this market. French-speaking Canadians do not hear programs in their own tongue from other parts of Canada or the United States—they depend on their own Quebec Province stations—they listen to programs exclusively theirs. We plan and produce Radio Programmes, in either English or French. Whether your sales effort is in Quebec Province, elsewhere in Canada, or in the United States, our experience and facilities can be of value to you.

To That MAN In the Mirror

"MAJOR" or "minor" it's important that your clothes win top marks in style. That they embody detail differences in cut, to truly express you. That they are tailored from experience and understanding. May we show you what we mean?

to be the best in the west.

CANADIAN RADIO YEARBOOK • 1947-48

171
When you hear “the following is transcribed”, chances are it’s an RCA Victor transcription. In 1946 alone three hundred and sixty-eight national advertisers chose RCA Victor transcriptions for over 4200 transcribed programs... from spots to half-hour shows. More than one hundred thousand broadcasts resulted.

There’s a reason why sponsors look to RCA Victor. Offering the only complete transcription service in Canada, RCA Victor provides experienced planning, intelligent programming and bi-lingual adaptation, expert recording and efficient factory processing. Top-flight studio and sound men, plus highly qualified engineers, maintain the high standard of this complete service for you.

For the best in radio transcriptions
Look to RCA Victor

CANADIAN RADIO YEARBOOK • 1947-48

www.americanradiohistory.com
Let the facts speak...

Radio time should be bought and sold on the basis of facts. Hunches and guesses are a costly luxury.

Let us supply you with tailored information about your listening area:

- How many people live there . . .
- What they work at and earn . . .
- What they buy and spend . . .
- What they produce . . .
- Where they live . . .

A modest investment in these and other facts supplemented by a smart coverage map for distribution to time buyers will pay dividends in increased accounts.

Prepared by a recognized, unbiased firm with 27 years experience.

CANADIAN RADIO YEARBOOK • 1947-48
THE BEAVER AWARD

For Distinguished Service
TO CANADIAN RADIO

Instituted in February, 1943, by the radio trade paper Canadian Broadcaster, and presented for "Distinguished Service to Canadian Radio," the Beaver Awards are given each year to the artists, announcers, engineers, sponsors, advertising agencies and others who, in the Broadcaster's opinion, have rendered service to the industry "beyond fee or salary." For the three years of their existence the presentations have been made by Richard G. Lewis, publisher of the Broadcaster, at a dinner of the Radio Executives Club of Toronto. The presentation ceremonies have been broadcast over the CBC network on Borden's "Canadian Cavalcade." Object of the awards is "to focus attention on Canadian Radio talent, to encourage such talent to stay in Canada, and to bring the various sections of the industry together."

1944

MART KENNEY'S ORCHESTRA (Popular Music)
("... for its individual and distinctive stylings...")

WILL YOUR FM STATION BE EXPANDABLE?

SAVE MONEY
REACH MORE LISTENERS
by block-building
with
GENERAL ELECTRIC
BROADCAST EQUIPMENT

Look ahead when you buy your FM broadcast transmitters. Plan your station so you can expand from watts to kilowatts at minimum expense and small space requirements.

Start with the 250 watt General Electric FM transmitter and have a reliable, top-performing driver for the power amplifier you will add later to obtain more solid coverage—more listeners. Well over a hundred of these transmitters now in use have proven their dependability.

Dependable operation of all your station equipment results from your choice of General Electric—the first and greatest name in Electronics.

CANADIAN RADIO YEARBOOK • 1947-48
FEDERAL FM
BROADCASTING EQUIPMENT
Complete from Microphone to Antenna

Features of Federal's FM Broadcast Transmitters

A newly developed Federal "FREQUEMATIC" FM Modulator attains improved high-quality and noise-free transmission.

All-electronic, simple circuits maintain the center frequency stable to within 1000 cycles of its assigned frequency as compared with the present FCC requirement of ± 2000 cycles.

Linear modulation of all audio signals between 50 and 15,000 cycles is maintained even when the transmitter is overmodulated by as much as 300%.

Correct modulator emergency operation with center frequency control system inoperative.

Power stages are push-pull throughout, with non-critical tuning.

Non-glare meters using fluorescent scales illuminated with ultraviolet light, greatly improve scale visibility.

250 Watt FM Broadcast Transmitter. For increased power an amplifier can be added.

The FM Transmitter Console is an assembly designed to provide at a central control desk all necessary transmitter supervisory facilities and audio controls.

CANADA'S SYMBOL OF QUALITY

RCA

... and Standard of Dependability

The Choice of These Stations is RCA!

Canadian broadcasters from the Maritimes to the Pacific Coast have long recognized RCA broadcast equipment as the finest there is anywhere. In proof of this tribute to RCA broadcast equipment is the use of that equipment by fifty Canadian radio stations.

RCA Victor is proud to be associated with these fifty radio stations in their splendid and unceasing service to Canadian radio audiences, in providing the best in radio broadcasting for entertainment and education.

Today RCA Victor offers Canadian broadcasters the services of a special research and engineering group for technical consulting advice ... with complete facilities for supply and installation anywhere in Canada. This special service is fully supported by the vast scientific resources of RCA Victor, plus wide experience in radio techniques over long years of development and progress.

CANADIAN RADIO YEARBOOK • 1947-48
BMI means "Music for Canada". It also means that music by Canadians will at last attain a prominent place among the world's musical literature.

For it is through the combined resources of BMI CANADA LIMITED and BROADCAST MUSIC, INC. that the broadcasters of Canada today, for the first time, possess an international repertoire of music which is, in effect, Canada's own music.

The broadcasters of Canada are united 100 per cent behind the organization and operation of BMI CANADA LIMITED. Through the splendid team-work of both the Canadian Association of Broadcasters and the Canadian Broadcasting Corporation, BMI CANADA LIMITED is fully prepared to serve the entire music needs of the nation.

Not only does BMI provide broadcasters with a vast source of performable music and give aid and services in the programming of music, but now for the first time Canada has an organization expressly designed to publish and develop the creative efforts of the nation's musical talent.

And because the management of BMI CANADA LIMITED is directed and guided by a board of directors consisting of representatives of the Canadian broadcasting industry, its activities and its objectives are those of the broadcasters themselves.

"Music for Canada and by Canada" is the golden rule of BMI CANADA LIMITED

"WHEN IT'S BMI CANADA, IT'S YOURS!"

WHO'S WHO IN CANADIAN RADIO

Biographies and Professional Records of 1,845 Men and Women in Broadcasting and Its Affiliated Industries in Canada
...an instigator forever to arouse a deep-felt need for practical broadcasting training in Canadian art dedicated to the principle that Radio is a profession to be studied as diligently and honestly as intelligently as any of the modern sciences.

- Arthur Croft
  Director
WHO'S WHO
