**HAM RADIO TODAY MORSE COURSE** offers the most effective route yet to your **Class A amateur licence**

Professionally produced for **HAM RADIO TODAY** by Shirley Hesketh **G4HES** and Ron Ray **G3NCL**, this advanced interactive learning system makes use of the stereo cassette format to provide tuition to the 12wpm test standard

With its carefully designed structure, we think that the **HRT MORSE COURSE** is more effective than either morse classes or electronic morse generators

Based on **TWO C-60 cassettes**, it offers the controlled prompting so necessary for the initial stages of morse tuition, followed by carefully paced test material to bring the student up to speed. Full tuition notes are provided with the cassettes

To receive your **MORSE COURSE** simply send a cheque or P/O for **£11.45** (inclusive of VAT and P&P) payable to **Argus Specialist Publications Ltd, 145 Charing Cross Road, London WC2 0EE**. Mark the envelope '**HRT MORSE COURSE**'.
