The Official UK Singles & Albums Charts are compiled by the Official Charts Company, based on a sample of more than 15,000 physical and digital outlets. They count actual sales and audio streams from last Friday to Thursday, based on sales of downloads, CDs, vinyl and other physical formats and weighted audio streams.

The magnificent 7: Ariana Grande's chart domination continues

■ BY ALAN JONES

Ariana Grande has the No.1 single for the fifth week in a row, with 7 Rings. The track – which ended an earlier three week reign when toppled by follow-up Break Up With Your Girlfriend, I'm Bored last week – returns to pole position, albeit with a 23.40% reduction in consumption to 61,891 units (including 57,548 from sales-equivalent streams). Although five other artists have replaced themselves at No.1 – The Beatles, John Lennon, Elvis Presley, Justin Bieber and Ed Sheeran – Grande is the first to do it two weeks in a row. Break Up With Your Girlfriend, I'm Bored drifts only one place however (1-2, 61,704 sales), meaning that Grande is the first female solo artist to have the Top 2 singles more than once. The 187 sales separating the two Grande hits is the second smallest margin between the Top 2 singles in the 2010s, being larger only than the 139 sales that separated Benny Blanco, Halsey & Khalid's Eastside (49,966 sales) from Calvin Harris & Sam Smith's Promises (49,827 sales) 25 weeks ago.

Recovering 6-4 for **Calvin Harris & Rag'n'Bone Man** to revisit its peak after the release of a Robin Schulz remix, Giant increases consumption by 10.22% week-on-week to 50,902 units. Some 13,529 of those sales are from paid-for downloads, in which category it is the biggest seller for the third week in a row.

After knocking on the door of the Top 10 for the last four weeks (12-11-11-12), Options finally breaks through for **NSG** feat. Tion, advancing to No.9 on marginally lower sales of 27,968.

The rest of the Top 10: Someone You Loved (3-3, 53,159 sales) by **Lewis Capaldi**, Don't Call Me Up (5-5, 47,429 sales) by **Mabel**, Dancing With A Stranger (4-6, 45,489 sales) by **Sam Smith & Normani**, Wow (7-7, 40,676 sales) by **Post Malone**, Bury A Friend (10-8, 29,296 sales) by **Billie Eilish** and former No.1 Sweet But Psycho (11-10, 24,631 sales) by **Ava Max**.

Ending an 11 week run in the Top 10, Nothing Breaks Like A Heart dips 9-17 (17,666 sales) for **Mark Ronson** feat. Miley Cyrus, after ACR was triggered. Also out of the Top 10: Needy (8-11, 20,238 sales) by Ariana Grande.

A year after their first collaboration Finesse peaked at No.5, **Cardi B & Bruno Mars** are reunited for follow-up Please Me, which is the week's highest new entry at No.12 (19,860 sales). It is Mars' 22nd Top 75 entry, and Cardi B's 13th.

Meanwhile, it is hit 10 for Zedd and hit 26 for featured vocalist **Katy Perry** on their collaboration, 365, which debuts at No.37 (12,440 sales).

D-Block Europe's new album, Home Alone, debuts at No.6, with 94.02% of its consumption coming from sales-equivalent streams, which also fuel a big 67-16 (17,954 sales) leap for the duo's third hit, Kitchen Kings. It is their first Top 30 entry, and is joined in the Top 75 by two more songs from the album, namely Kettle Pouring (No.62, 8,591 sales) and Running Man

No.1

Ariana Grande - 7 Rings (Republic/Island)

This week's sales: 61,891 | Downloads: 4,343 |

Streams: 57,548 | Total sales to date: 426,997 |

Rings of fire:

Ariana Grande is the first artist to replace herself at No.1 two weeks on the trot

(No.70, 7,676 sales).

Also new to the chart: Robbery (No.46, 11,217 sales), the third chart single for rapper **Juice Wrld**, and the introductory single from his upcoming second album, A Deathrace For Love; Murder On My Mind (No.47, 11,001 sales), the first hit for 19-year-old Florida rapper **YNW Melly**; No Cap (No.51, 10,184 sales), a drill collaboration that provides the second hit for **Digdat** and the third for **Loski**; Throwback (No.63, 8,588 sales), the second hit for **Unknown T** and the first for **Crazy Cousinz**; and 11 Minutes (No.65, 8,479 sales) by **Yungblud & Halsey** feat. Travis Barker, delivering her sixth hit and their first.

In the chart continuously since last October, Advice peaked at No.27 for **Cadet x Deno Driz** in January, and bounced 44-36 last week after Cadet's death in a car crash. It now surges to No.14 (19,031 sales) while Deno's new Cadet tribute, First Days, debuts at No.71 (7,645 sales).

There are also new peaks for: Just You And I (30-19, 17,014 sales) by **Tom Walker**, I'm So Tired (33-22, 15,734 sales) by **Lauv & Troye Sivan**, Thotiana (40-23, 15,649 sales) by **Blueface**, Think About Us (49-26, 15,084 sales) by **Little Mix** feat. Ty Dolla \$ign and Juice (66-61, 8,595 sales) by **Lizzo**. The Tom Walker and Little Mix moves are BRITs-related as is the 76-49 jump (10,771 sales) of Walker's debut smash Leave A Light On, which peaked at No.6 last June.

Overall singles sales are up 0.72% week-on-week at 18,005,647, 12.31% above same week 2018 sales of 16,031,766. Paid-for sales are down 1.87% week-on-week at 788,781, and are 24.92% below same week 2018 sales of 1,050,654.

The Official UK Singles & Albums Charts are compiled by the Official Charts Company, based on a sample of more than 15,000 physical and digital outlets. They count actual sales and audio streams from last Friday to Thursday, based on sales of downloads, CDs, vinyl and other physical formats and audio streams weighted using SEA2 methodology.

Ari styles: Ariana Grande's Thank U, Next stays at the top

■ BY ALAN JONES

Ariana Grande's third No.1 album, Thank U, Next is the first to spend more than a week at No.1, holding in pole position on its second frame, despite consumption falling 51.84% week-on-week to 31,404 units (including 23,612 from sales-equivalent streams).

Helped by the fact it includes the nation's Top 2 singles for the second week in a row, the singer's third consecutive No.1 album avoids the fate that befell predecessors Dangerous Woman (2016) and Sweetener (2018), which dipped 1-8 and 1-3 respectively on their second frames.

While Grande continues in top spot, the next three albums are all soundtracks: **The Greatest Showman** (2-2, 15,936 sales), A Star Is Born (6-3, 10,820 sales) by **Lady Gaga & Bradley Cooper** and Bohemian Rhapsody (4-4, 9,931 sales) by **Queen**. The Greatest Showman has now been in the Top 5 for 60 consecutive weeks, 17 of them at No.2. A Star Is Born has spent 20 straight weeks in the chart, with a lowest placing of No.16, and is at its highest position for six weeks. Bohemian Rhapsody has not dropped below No.12 in its 18-week run.

London collective **D-Block Europe** reached No.14 last July with Any Minute Now, a 10-song 29-minute, collaboration with Yxng Bane. They are out on their own with new 19-track project Home Alone, which surpasses that release, and is the highest ranked of this week's six debuts, opening at No.6 (6,839 sales).

Avril Lavigne's sixth studio LP (her first in more than five years) Head Above Water restores her to the Top 10 after the No.14 debut/peak (9,139 sales) of her last effort, an eponymous 2013 release. It opens at No.10 (5,766 sales) for the 34-year-old Canadian star, who topped with her first three releases.

The rest of the Top 10: Staying At Tamara's (7-5, 8,464 sales) by **George Ezra**, Encore (5-7, 6,513 sales) by **The Specials**, The Platinum Collection (9-8, 6,171 sales) by **Queen** and **AJ Tracey**'s self-titled debut (3-9, 5,841 sales).

More than 34 years after her only previous charted studio album – the 1994 No.15 success I Feel For You, which boasted the iconic Prince-penned No.1 single of the same name – **Chaka Khan** returns with 12th studio album Hello Happiness. Helped by a Graham Norton TV slot and BBC Radio 1, 2 and 6's patronage of the title-track, it is a slender selection with seven songs and a playing time of 27 minutes that debuts at No.18 (3,774 sales). It is the 65-year-old's first album of new material since 2007's Funk This, which failed to chart and has sold only 7,682 copies to date.

Ten years after its initial release, **Drake**'s 18-song So Far Gone mixtape – not to be mistaken for a seven-track EP of the same title released later that year – is getting an anniversary re-promotion, which makes it available for streaming for the first time. Streaming accounts for all but 422 of the set's

No.1

Ariana Grande - Thank U, Next

This week's sales: 31,404 | Physical: 5,313 | Downloads: 2,479 |
Streams: 23,612 | Total sales to date: 96,620 |

Next message:
Thank U, Next tops the albums chart for a second week in a row

consumption of 3,263 units, which earn it a belated No.21 debut, and Drake his ninth album chart entry.

Also new to the chart are: Moonglow (No.38, 2,228 sales) the ninth studio album by German heavy metal band **Avantasia**, and the biggest of their two chart entries thus far; and Mdrn Lv (No.54, 1,854 sales), the second album by Irish band **Picture This**, whose eponymous 2017 debut peaked at No.157.

In the wake of his first ever UK headline gigs, **Post Malone**'s 2016 debut album Stoney jumps 45-26 (2,627 sales), achieving its highest chart placing since it climbed 27-19 when follow-up Beer Bongs & Bentleys opened at No.1 42 weeks ago. The latter album also scoots 16-13 (4,757 sales) to achieve a 23-week high.

With little more than 24 hours between the close of ITV's BRIT Awards telecast and the end of the sales week, related chart moves were few and muted. Perhaps the most significant are the 41-23 bounce (2,995 sales) of Best British Group **The 1975**'s Best British Album, A Brief Inquiry Into Online Relationships, and the 112-47 climb (2,012 sales) of Best British Female **Jorja Smith**'s debut album, Lost & Found. It is only a three-week high for The 1975 but a 29-week high for Smith.

Now That's What I Call Music! 101 is No.1 compilation (4,495 sales) for the second week in a row, and the 12th time in 13 weeks. Overall album sales are down 4.09% week-on-week at 1,676,356, 3.44% above same week 2018 sales of 1,620,637. Sales-equivalent streams accounted for 1,143,756 sales, a record 68.23% of the total. Sales of paid-for albums are down 10.97% week-on-week at 532,600, 22.29% below same week 2018 sales of 685,393, and their lowest since OCC records began in 1994.

Music Week Market Shares

Artist Singles share for the week measures share of the Top 75 best performing tracks of the week, across sales and audio streams.

AIRPLAY ANALYSIS

BY ALAN JONES

Sam Smith & Normani spend their fourth straight week atop the radio airplay chart with Dancing With A Stranger. Its plays are up for the sixth week in a row – albeit by just 0.71% from 7,505 to 7,558 – but its audience dips for the second week in a row, drifting 4.20% from 82.94m to 79.46m.

There are new peaks within the Top 10 for Don't Call Me Up (4-3) by Mabel and Juice (8-5) by Lizzo plus three new entries.

The highest of these is Just You And I, the second hit for Tom Walker, which dashes 19-6 with a 67.35% leap in plays from 1,700 to 2,845 fuelling a 61.96% rise in audience from 30.68 to 49.69m. The track was aired 16 times apiece on BBC Radio 1 and Radio 2, which provided a combined 56.33% of its audience. Surprisingly, Just You And I has climbed higher than Walker's

debut smash Leave A Light On, which peaked at No.7 last June. Radio has been good to Walker, with Rudimental collaboration Walk Alone and Angels reaching No.18 and No.21 respectively on the radio airplay chart, although the former only reached No.80 on the OCC chart, and the latter failed to make the Top 100.

Norwegian singer Sigrid has her highest charting track, as Don't Feel Like Crying jumps 13-7 to beat the No.12 peak scaled by her debut hit Strangers, while Lewis Capaldi's current No.3 OCC hit Someone You Loved now explodes 24-9 on the radio airplay chart, although none of his previous releases have breached the Top 50. Sigrid's leap was due in no small part to Radio 2, where Don't Feel Like Crying was the most-played song with 18 spins which contributed 53.57% of its audience - more than its other 2,363 monitored plays combined.

Sam Smith & Normani hit the top ANALYSIS

BY ALAN JONES

Sam Smith scores his fifth Commercial Pop No.1 and Normani her first, with their collaboration Dancing With A Stranger, reaching the summit.

It's tough on Mabel, whose Don't Call Me Up topped the Urban club chart a week ago, and came within an ace of doing likewise on the Commercial Pop chart this week after being serviced in mixes by ADP, Zac Samuel, R3Hab and Conducta. It was actually No.1 on several more individual DJ charts in the latest frame than Dancing With A Stranger but the latter track was more widely charted, winning enough support to top the composite chart.

Don't Call Me Up is also No.2 on the Urban club chart, dethroned by Undecided, which becomes the 11th No.1 of the 2010s for Chris Brown.

David Guetta's Say My Name collaboration with Bebe Rexha and J Balvin became Guetta's 26th Commercial Pop No.1 a fortnight ago but narrowly fails to become his 28th Upfront No.1. Advancing 9-2, it is blocked from the top by Friend Within, who

tops the chart for the very first time with The Truth.

Jumping 18-1, The Truth secured its first radio play – on BBC Radio 1 – last August. Bestowing upwards of 90 plays on the track since then, Radio 1 has aired it more frequently than any other station – a rare accolade.

Lee Mortimer adopted the Friend Within pseudonym when he moved to bouncy house records, marking his arrival in summer 2013 when, in the period of a month, he had mixes on two No.1 Upfront hits – Mike Mago's The Show and Wankelmut's My Head Is A Jungle – and scored his own first entry as an artist with The Renegade.
