ALEXANDRA'S NEWS-CORNER

Hi, LIMAHL (former frontman of KAJAGOOGOO) has just given the finishing touch to his debut solo album. There will be a release of his second single Too Much Trouble, May 14th. Currently Pretty LIMAHL is in Australia, not to get a suntan, but to shoot the video which accompanies his single. It will be produced by well-known RUSSEL MALCAHY★ The 30th of April sees the release of a newly signed act UPTOWN HORN BAND, who emulate from New York. There's also a quiet nice story to it: Their 7" single Effects With My Ex follows the 12" version Sex With My Ex. The 7" title Adaptation has been made to avoid any possible airplay problem. Which seems a wise decision to me! Releases are set for Holland, Germany and France. The band is very vibrant, who played their debut UK hit to overseas EMI personal at Septembers Conference. Early this summer they crossed the Atlantic again to play European dates. Undoubtedly, we'll hear more about them!★

Australian group INXS is back in Europe for promotion and concert dates including gigs in Germany (plus shootings for Rockpalast TV), France (plus doing Cadence 3 TV), Holland, Belgium, Switzerland and the UK. Further promotional details will be announced shortly. Their single Original Sin jumped last week from 87 to 75 in the US Billboard's Hot 100 and is presently at nr. 18 in the Dance Charts.★

As announced in the earlier issue, MINK DE VILLE is back in Europe to do us the pleasure of his presence again! With 6 dates already confirmed in Holland alone. WILLIE DE VILLE is doing one performance on special invitation by the organizers of the Edison Gala in Holland. His album Where Angels Fear To Tread, did not get a nomination but the organizers were so impressed by his product to invite him as a special guest. It will be broadcasted by Vara tv★

BOBBY WOMACK, is a new signing to MCA. His new album though, has to wait for its release until the end of this year. His recently in America released album The Poet Two is still not available overhere!★ TOD RUNDGREN is currently together in the studio with JOE 'SMILEY' JACKSON and DONALD FAGEN, to record an album in honour of a Jazz Musician, (now you're all asking his name - I've forgotten!)★

TALENT

FROM

DOWN UNDER:

In this section we will take a closer look at the Australian charts as
 compiled by Kent Music Report (for more information please write to PO
 Box 249, St. Ives, NSW 2075., Australia).

Australia Top 5 Singles:

1. **Nena**- 99 Luftballons
2. **Cyndi Lauper**- Girls Just Want To Have Fun
3. **Thompson Twins**- Hold Me Now
4. **INXS**- I Send A Message
5. **Marilyn**- Calling Your Name

So, the Aussies also discovered the impact of **Nena**, the single is already
 4th week at the top (German version! in the UK and the US this one had
 to be translated to make it digestible for the jocks). I Send A Message
 stayed several weeks at the nr. 1 position just like the previous release
Original Sin from this talented band **INXS**. **Marilyn** seems to be very
 popular, something he (she) never succeeded in, outside of the UK.
 The fastest moving singles this week in the Australian charts are nearly all
 very familiar to us Europeans: **Weird Al Yankovic**- Eat It (new at 9),
Kenny Loggins- Footloose (30 to 13), **Nik Kershaw**- Wouldn't It Be
 Good (25 to 15), **Culture Club**- It's A Miracle (47 to 17), **Mel Brooks**- To
 Be Or Not To Be (new at 42), **Redgum**- I've Been To Bali Too (this new
 Australian band moves from 93 to 44) and **Kids In The Kitchen**- Bitter
 Desire (Australian band as well, new at 54).

Further Australian acts worth mentioning and doing well in the charts are:
Cold Chisel- Saturday Night (11), **Jane Clifton**- Girl On The Wall (14),
Real Life- Catch Me I'm falling (19), **Mondo Rock**- Baby Wants To Rock
 (20) and **Come Said The Boy** (at 33), **Mi-Sex**- Blue Day (24), **QED**-
 Everywhere I Go (31), **Dear Enemy**- The Good Life (46), **Split Enz**-
 Message To My Girl (58) and **Icehouse**- Taking The Town.

Australia Top 5 Albums:

1. **Cold Chisel**- Twentieth Century
2. **INXS**- The Swing
3. **Michael Jackson**- Thriller
4. **Elton John**- Too Low For Zero
5. **Dire Straits**- Alchemy

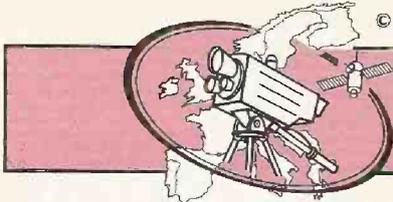

Cold Chisel, an Australian act, who despite a lot of international appeal
 never broke outside their home market (just like e.g. **Midnight Oil**), are this
 week first at the top. Again **INXS** at the top of the charts and poor old
Michael Jackson should be satisfied with the nr. 3 position.

Fastest moving albums this week are: **Thompson Twins**- Into The Gap
 (new at 6), the **Footloose** soundtrack moves from 67 to 23, **Sunnyboys**
 (Australian)- Get Some Fun (new at 45), **Diana Ross**- The Diana Ross
 Story (new 49), **Black And White Minstrels**- 40 Singalong Hits (new at
 54) and, due to a very successful tour we meet the Canadian rockapella
 act **The Nylons** with their critically acclaimed album **One Size Fits All** at
 59 (from 93).

TURNTABLE TIPS

Chris Rea - Wired To The Moon- Magnet
An album which could finally establish Chris Rea as an artist who's able to write commercial songs. For those who like comfortable soft swinging pop songs this is an absolute recommendation. The album has already yielded the hit single I Don't Know What It Is But I Love It but there are more potential hits like Reasons and Ace Of Hearts. A very pleasant and enjoyable album.

Mathilde Santing/Dennis Duchhart- Water Under The Bridge- Megacisc
Mathilde's 2nd album, this time together with Dennis Duchhart known through his work with a.o the Dutch group The Tapes. The songs are all very modest in an almost classical setting. The earlier poppy/nostalgic approach has moved into one that lacks a bit the commercial impact her first album had. Very well suited for nighttime play.

Laura Branigan - Self Control- Atlantic
After two very successful albums with hits like Gloria and Solitaire, Atlantic boss Ahmet Ertegun protege Laura Branigan continues in much the same melodic and powerful vein. Striking is the European feel which shines through songs like Ti Amo (another Umberto Tozzi composition), Self Control and Breaking Out. This album should have no trouble making the charts.

ABOUT THE CHARTS....
THE EUROPEAN TOP 100 (SINGLES/ALBUMS):
In many European countries one chart is recognised by the
music industry as the "OFFICIAL" hit parade and is therefore
used for the compilation of the EUROPEAN TOP 100. However
there are other countries where various charts are in existence
and often equally important. For these countries we have
compiled a number of these charts into one representing the
sales in that market.
Each chart position for every country then receives, relevant to
that position, an equal points rating which is in turn multiplied
by a factor determined through the latest known sales
percentage of total singles (or album) sales which that country
holds in relation to the rest of Europe. There are different
percentages for singles and albums. These figures are kindly
provided on a regular basis by the industry-organisations such
as IFPI-EPPI-Gallup-Deutsche Phonoverband etc.A European
Chart-Committee, with experts from a number of these
industry-organisations will overlook the calculation system and
will decide on improvements, changes and updates.
For the EUROPEAN TOP 100 SINGLES 25 charts are used
from 16 countries, for the EUROPEAN TOP 100 ALBUMS 20
charts are used from 15 countries.
Since the sales percentages of a few countries are too small to
get their hits into the EUROPEAN TOP 100 provided these
records are not charted in any other territory, we are also
printing a TOP 3 IN EUROPE list each week.
The EUROPEAN AIRPLAY TOP 60 is compiled through all our
correspondents tips received this week. (*)Records of the week
receive extra points. The airplay lists of the airplay report
organisations within some of the European countries are also
used in the calculations, as well as playlists of major radio
stations. (**)Please note that not all received tips appear in
Eurotipsheet but they are all used for the calculation of the
Airplay Top 60.
THE EUROCLIPS LIST shows the music-videos most aired on
televsion throughout Europe in the week prior to publication. It
includes video-t.v.programs and other t.v.shows partly using
video's from 14 European countries

EUROPE'S BIGGEST TV ROCK GATHERING

Mid May the cream of Rock and Pop will be in Montreux Switzerland for one of the biggest series of pop television concerts ever presented. Organised via a giant co-production between USA's Showtime, English BBC and the Swiss Television the four nights will be broadcast in already 24 countries all over the world including the USA, Australia, Japan, South Africa and most countries in Europe.
The program is being produced by Michael Hurl, famous from his series of Top Of The Pops, Europe's leading pop television program. Michael will have a very international team assisting him including Swiss, American and English crews for sound, lighting and filming.

IMPRESSIVE LINE UP

Most acts are filmed "direct" in the Pavilion while some will be pretaped during the day on some of the beautiful outdoor spots around the city of Montreux to be mixed in the program and give time for stage changes during the live filming. There will be 3 stages and no less than 12 TV vans at the disposal of the productionteam. Artists will appear on four evenings and the very impressive line-up includes:
May 10: Duran Duran- Cliff Richard- Nena- Howard Jones- Joan Jett- Gloria Gaynor- Dolly Dots- Bucks Fizz- Elton John.
May 11: Bonnie Tyler- Shakin' Stevens- UB 40- Robin Gibb- Bananarama- Peter Schilling- Nino D'Angelo- Cindy Lauper.

The Pavilion can hold about 800 people and there are still tickets available for all nights so if you're in for some good concerts please contact the Montreux Tourist Office. Various of the artists will be presenting songs of their new recordings as are Rod Stewart and Elton John. Both will have new albums released at that time. Most artists will perform 3 to 5 songs live or at least live vocals. There are already 24 countries committed to broadcast either the whole run or special compilations. All emissions will take place before July 1st.
Tentative dates known so far are BBC England on May 28, NOS Holland June 6th, Switzerland May 26-27, Iceland on June 11 and further programs in June include Showtime USA, Australia, New Zealand, Japan, Brasil, Belgium and South Africa.

BBC RADIO LONDON - GUY HORNSBY

Guy's prime activity during the week is his work as producer for the **Tony Blackburn** show, one that has now the biggest listening audience during the week on Radio London. Besides having its own section in England's weekly trade paper **Musicweek**, the impact of the program can be demonstrated through the releases in the UK of many of the US **Import Records**. **Guy** has been working on the **Tony Blackburn** show for the past three years and as a producer was responsible for the change in music format of the program to one that is primarily concerned with soul and funk music. The program is broadcasted between 9 and midday, Monday to Friday.

Guy joined the radio 5 to 6 years ago and before that he was employed as a computer programmer. He started a phone-in program and then did a weekend program for 4 and a half years. "Radio was something I always wanted to do since I was a kid and in fact I can't figure out anything else interesting. Oh, yes, radio could have the power to make or break records, but it's never one jock doing it on it's own and in the end it's always the audience that decides".

Apart from his connection with the **Tony Blackburn** show he also co-produces and presents two weekend breakfast programs called "London Today". The music on the show is a mixture of the best of the latest releases and the current **BBC Top 40**. **London Today** is broadcast on Saturday and Sunday mornings at 8 o'clock, and also contains what's on info, sport and competition.

Immediately striking when taking a look at The Scandinavian Charts is the fact that there is amazingly enough no local Scandinavian record that, apart from it's country of origin, also charts in another Scandinavian country. All local hits remain local and do not tend to cross over to the other markets in Scandinavia. The only exception to this rule was last year's European succes Laidback (remember Sunshine Reggae?), this one charted not only in it's original country Denmark but also elsewhere in Scandinavia. But the song had English lyrics and was therefore easier to chart elsewhere.

Most of the singles in the Scandinavian Charts are successes elsewhere in Europe apart from e.g. Slade who are very popular with two singles charted of which Run Runaway is not appearing in the European Top 100 Singles. Mike Oldfield's single Crime Of Passion is srREDII doing well

and not appearing anymore in the Euro charts (used to be big in Germany and Italy). Scandinavia is (together with the French and The Spanish) a bit late in discovering the appeal of Nena, 99 Luftballons is in the lower regions of the Euro charts. The Flying Pickets' Only You is still very popular but for the rest of Europe downgrading the charts. Though there is some consensus in the general single sales pattern for the international releases, Finland clearly stands out as different from the rest of Scandinavia. Not appearing in the above charts and already disappeared from the Euro charts for a few weeks is the McCartney/Jackson single Say Say Say which is still nr. 1 in Finland and Gazebo's I Like Chopin is doing well in the Finnish charts while the rest of Europe has nearly forgotten this one.

We must bear in mind, however, that the single market in Scandinavia is different from the rest of Europe. The overall single sales are relatively speaking very low compared to other European markets. In one of the coming issues we will take a closer look at the Scandinavian album market for which the sales pattern doesn't differ that much as the singles do.

With regards to the T.V. situation it is rather quiet Up North. The monday show "Mandagsborsen" with it's traditional weekly live broadcast from the beautiful Grand Hotel in Stockholm has had it's last program mid april and will not return until end of August. The popular show "Nojesmaskinen" with it's growing array of international artists is due to come back after the summer. In Denmark the weekly program "Eldorado" presented and co-produced by the popular Jorgen Mylius is taking a break till september. Norwegian program "Zikk Zakk" produced by Odd Arvid Stroemstad will be off the air soon. And what about Finland? The monthly pop program "Casino" (producer Heikki Karma) has planned to return after the summer, but when is unknown as of yet. This means that our weekly T.V. section will not feature Scandinavia until the end of the summer period.
