ANOTHER NEWS CORNER

BATTLE AXE released their 2nd album, which is called Power From The Universe. Through Music For Nations: Dee Snider signed a new heavy rock band, with the name SCORCHED EARTH. Late August they'll release a 4 track 12" EP! METALLICA released their second LP; called Ride The Lightning (and indeed, this band is Thunder and Lightning)! Now another thing, getting married seems to be in again for 3 couples got married recently; ROGER TAYLOR (of DURAN DURAN), in Napels, to his longtime girlfriend Giovanna; PHIL COLLINS to his Jill and Steve Ullywhite to Kristy McColl. All of them probably enjoying a lovely honeymoon at the moment. Until next issue! Have a good time, to all of you. LOVE ALEXANDRA.

DO BLONDES HAVE MORE FUN...?

Hanoi Rocks - Two Steps From The Move-Quess
This band has been slaughtered for their arrogance etc. Now they've come back to筹划 - stronger than ever. Musically they've done more than 2 steps, this strong album gives them the right to be arrogant about it anyway. Highlights: make amends - Don't Ever Leave Me. Hanoi Rocks has probably all the necessary ingredients, keyboards - guitars - sax - and many side-sounds. Pretty Mr. Monroe, certainly knows his way around. Blondes have more fun in bands anyway.

Twisted Sister - Stay Hungry - Atlantic Dee Snider, Rapistbeast and chief Moments of TS, provokes again that he has a brilliant mind. On their latest heavy Branch's, Stay Hungry, hell & horror overtake the determined performances into a studio album. Absolute masterpieces of horror and brutality. 

quiet riot - Condition Critical - Epic This 2nd taking leaves no questions to the fact that Quiet Riot's condition is not critical at all! Being a fairly new band, in only a short time, they've achieved a lot of success. All songs are self-written, except a line by cover of Sade's Mama Weer All Crazee Now. These boys are probably able to put the sparks of their live performances into a studio album. Absolute masterpieces of horror and brutality. And as one track already says: Winners Take All And I believe, they do!

Music Video has come of age and now has its own international meeting-place:
The 1st International Music Video Festival of Saint-Tropez.

The Festival will have 3 facets:
- A competitive festival with a distinguished international jury which will award prizes in a number of categories for both video clips and long-form music videos.
- The only international marketplace strictly for music video programming. The presence of production companies, directors, distributors, syndicators, record companies, music publishers, home video companies, post-production companies, programmers from broadcast television, cable, and satellite will provide the necessary ingredients for an active marketplace, with plenty of buying and selling anticipated.
- A top-level music video seminar open to all participants, and running from 10:00 a.m. to 1:00 p.m. each day of the Festival. Topics to be discussed include the use of music video for purposes other than the promotion of pop music, film/video production of music videos, music video as an element in the programming mix for television and home video, revenue sources, the all important subject of rights payments to those involved in the production chain, as well as the burning issue of exclusivity both in the United States and elsewhere.

This is the first major international event to be hosted by the town of Saint-Tropez, and worldwide reporting of the Festival will be assured by extensive media coverage by the professional and consumer press, radio and television.

If you are involved in the production, distribution, or programming of music video, this is your festival. We have arranged for very attractive registration, hotel, and travel rates. Can you afford not to be there?
