MILANO CALLING

by Claudio Buja and Lidia Bongiordano

At the end of every year, the monthly music magazine Musica E Dischi makes a survey on the best national and international albums. 100 music critics and journalists are called to vote for their favourite songs of the year.

For 1984 the Italian Fabrizio De Andre with his album Canta De Mai won unanimously in the pop and rock categories. There was a long battle for the first place in the foreign pop section between Bruce Springsteen and Joe Jackson. Bruce won at the end with just 1 point difference.

The rock section saw Laura Anderson with her LP Mister Heartbreak take the first position followed by Pink with Purple Rain. Video music, the only 24hrs video television, has obtained the exclusive rights for Italy for the Tube programmes of UK's Channel 4. The 60 minute weekly version will go on the air every Sunday afternoon.

Everyone in the record biz is preparing for the 38th Festival of San Remo to be held on the 7-8-9th of February. The organizer, Gianni Ravera, has prepared (for the 20th time in his career) quite a glittering cast of participants and guests. The participants are divided into 2 groups, the already established artists and the new faces.

ALBUMS OF THE WEEK

George Benson - 20/20 - Warner Brothers
Benson's new album following last year's gold In Your Eyes. Another high quality album with sophisticated ballads and easy-listening material (You Are The Love Of My Life and Nothing's Gonna Change My Love For You). Expressions of Michael Bublé and after midnight just right out of the LA is My Lady (tackled (Sharon the rendition of the 40's Tune Beyond The Sea - La Mia). Another golden winner.

Eurogliders - This Island - CBS
A strong debut album from this Australian band for the European market (it is actually their second LP). It sounds like a new wave version of Fleetwood Mac and according to some of our sources Down Under, they are a real sensation on stage. They also operate in the pop field and Grace Knight's vocals add a mysterious atmosphere to the songs. The first single is a closer version of the original and there are more hits like Another Day In The Big World, Never Say and Judy's World.

RARITIES AND COLLECTOR ITEMS

Making Trax - The Great Instrumentals - Motown

This album is aimed at d.j.'s who are able to make their own mixes to some well-known Motown hits like All Night Long (Justin Richie), Sometimes Watching Me (Rockwell), The Crown (Gary Byrd), and Nick James- Super Freak. These backing tracks are the actual backing tracks that you hear on the radio, so very suitable for disco programming and special features.

Dick Clark Presents Radio's Uncensored Bloopers - Atlantic

A wonderful collection of some nice and hilarious examples of situations where d.j.'s and other media personalities find themselves ashamed talking to the tuns of people, uttering unintentional comments or bursting out something they never meant to say. From chuckles to giggles to full out belly laughs. It is all there!

The Bietles Tussen De Bollen- Beatles Unlimited

A unique document on the two days in 1964 when the Beatles visited Holland. This record contains recordings of a television show, radio interviews plus an impression from the concerts in Schiekje. The record is pressed in a limited edition and people that are interested can write to Beatles Unlimited, P.O. Box 602, 3433 AP Nieuwegein, Holland.

A COVER IN THE GERMAN LANGUAGE

There is not much product coming from Germany at the moment suitable for international appeal. With the exception of the happy sounds of Boney M. & Bobby Farrell on Hansa and Paul Simon's cover Mother And Child Reunion by Frank Farian Corporation of which all the proceeds go to Ethiopia, and the band Modern Talking will surely have MOR impact with their debut single You're My Heart, You're My Soul.

PASSIONATE VOCALS

Making a big step more Southwards, you will agree with us that Nunez's Fontovela has one of the most catchy Eurosounds at this moment. And another artist, though working in another musical direction, that should have your attention is Miguel Bode's. His album, Bandito, is about to be released in some of the European countries. Not surprisingly cause this artist is able to deliver a sound that comes in the direction of the artists like Peter Gabriel and Roxy Music. A COVER IN THE GERMAN LANGUAGE

With the climate of European Crossover slowly increasing, we decided to concentrate on Radio Guide this week to those records that deserve to be heard in other Countries as well. Record companies and our local listeners to us, you have a good chance they will be picked up by programmers from abroad.

The definite Eurochartmaker of the beginning of this year is for Dutch Group The Limit. They have scored with their funny disco tune Say Yeah already in the UK and America and other countries are soon to follow. Sticking to Holland brings us also to Roberto Jacketti & The Scooters, whose latest release Preaching again shows their great ability to deliver nice-sounding tunes. Following the well known Glass On Gold concept, Bandito Gold scored enormously in the UK and the US with their compilation of love classics, Love Songs Are Back Again. In addition to this is their new single released called In Love Again, already picking up airplay in England and again the band makes a unique mix of love songs like Reach Out, What The World Needs Now, If You Don't Know Me By Now, etc. And there is more coming from Holland... new wave rockband Ce Soir come up with a sound composition of Spencer, Duran and other pop hits. Crossing the border to Belgium we come across Dirk Blanchart with his first single release for '85 called Cockpit, a subtle

MEDIACORNER - YOUR CORNER

This is your corner and you should make use of it as much as possible! Please keep on sending your news about your stations, changes of format, new developments, etc., anything that is important to you. Please report to us on a regular basis. If you want to exchange programs put it in the media corner, if you need specific types of radio material, let us know, because the media corner should be used as much as possible by our correspondents.

New Loomis, very successful producer of Barissus is now offering and executive producer for Format Eins is presenting the first episode of his new program called Klangruhr this week. He also includes a new presenter to the German audience called H.P. Strong rumors focus on major program directors as ZDF. A new structure of the Tuesday night first channel television presentation in Germany with lots of "young audience" evening programs including music, fashion, food, tour tips, cinema and talk shows. Highlight might be a new show which in fact is produced by M/W which presents the newest videos to the German audience. MTV has an agreement with a number of major record companies in America for exclusive use of new videos for the first 4 weeks. And this could give ZDF a long awaited new video program. The show might start sometime in March and more news is expected on this soon. The show will probably be called Module 5 and it has involvements by famous producers. John Landis and Steven Spielberg. Could be big news!!

NO VIDEOS SHOWN

The battle between record industry and television stations over the use of music videos (and pay TV) is still ongoing; present there are no videos shown on national tv in countries such as Switzerland and Belgium where both sides don't seem to be able to find an agreement. For these countries we have used for the compilation of the EUROPEAN TOP 10. However music industry as the "OFFICIAL" hitparade and is therefore used for the calculation of the EDTA. In many countries one chart is recognized by the government. The total budget reaches US Dollars 134.

The other European correspondents we have. We feel that our picture on Belgium is the least real one of the 17 European countries. So please react.

Sky Channel, the English based satellite program has changed the names for its musical programs into Sky Trax and are presenting a new magazine chart program produced in Holland. The last 2,5 months we welcomed some new correspondents in our magazines. Two very active correspondents from Norway, Bjorn Faarlund and Jan Dalshow, are both reporting to us the music and video chart of their station. Meanwhile not only foreign corresponding are used for the compilation of the EUROPEAN TOP 10. However there are other European countries where within charts are in existence and often equally important. For these countries we have compiled a number of time sheets coming together the values at the market.

Each chart position of every country, then receives a limited 10 points, which will get multiplied by a factor determined through the above shown percentages. For these countries we have compiled a number of national charts showing the values at the market.

The airing time for youth orientating programs are from 6 - 8 o'clock every day and it will feature the same competition as the very successful program in Cologne "Kaenguruh" which is in its 11th year.

SORRY (MY NAME IS CORRY) Thanks a lot Axel P. Sommerfeld for your recent letter. Major changes in Radio Berlin are programming changes about to happen. The airing time for youth orientating programs will be more than doubled. The most important change will be a new well called Rize, instead of the old Popkultur, which was the second best youth program in Germany several times. It will be on the air from 6 - 6 o'clock every day and it will feature the same competition as the very successful program in Cologne, do a show for Radio Demen. Sorry Barbara for printing your name wrong in a hole time line. It should read Ganassee instead of Gaisringsen. Nice to receive SR 2’s Heavy Metal Chart since the beginning of the new year. Adam Zegel and A.C. Wells make this heavy metal Top 10 hitparade and it is a show that should be picked up by other correspondents as well.

For Holland we welcome Alfred Lauer and Adam Curry, both working for Veronica tv and radio. Congratulations should go out to Swiss based Radio 24, the 24 hour raised together with their listeners more than 2.5 millions Swiss francs in less than 2 weeks for the Ethiopian appeal. An initiative that should be followed by other European radio stations. In this issue you will see on the tv page the contribution from Hans Peische, Hannes, working for Musik und Fernsehen. While looking about Belgium cooperation with the Austrian C.R.F. and Germany WDR his program Musikszene. In this month program contain special features on trends, styles and new artists in the pop field. Some of these can also be reported in this week. Please report us the news about your stations, change of format, new developments, etc., anything that is important to you.

THE OTHER HALF OF THE SKY

New on the tv pages you will also find the Greek program Eochroma, a weekly tv show with Evangelos Vellidis. The presenter of the show is a Greek music producer Lucia Rikaki and the contents of the program can be found on page 19. Special mention should be made to another European radio station in this week's issue. Concentrations from the Ibston station Radio Cornareda. Although we reported earlier on her species programs, her news can be found in the Chart of Europe from last week on. Her show is called Cosmos, Ruias ou Moenews, which means Bonds, Redheads or Brunettes, dedicated, as Ana calls it, to the other half of the sky. Every Saturday from 1 - 2 AM a special program is dedicated to the role woman played and still play in modern music. Each week a woman, her life, her work and her charm.

Some exciting news from France, the 25th of January Foreigner visited the Poste Parisian studio in a coproduction with NBC. This unique show will be transmitted by satellite to 250 different American radio stations. A new radio station is about to start off now that Maurice Siegel has just got permission from the Switzerland government. The station will receive some 5 million francs a year...
