MILANO CALLING

by Claudio Buja and Lidia Bonguardo

At the end of every year, the monthly music magazine Musica E Dischi makes a survey on the best national and international albums. 100 music critics and journalists are called to vote for their favourite songs of the year.

For 1984 the Italian Fabrizio De Andre with his album *Cruza De Ma* won almost unanimously in the pop and rock categories. There was a long battle for the first place in the foreign pop section between Bruce Springsteen and Joe Jackson. Bruce won at the end with just 1 point difference.

The rock section saw Laurie Anderson with her LP *Mister Heartbreak* take the first position followed by Prince with *Purple Rain*. Videomusic, the only 24hrs video television, has obtained the exclusive rights for Italy for the Tube programmes of UK's Channel 4. The 60 minute weekly version will go on the air every Sunday afternoon. Everyone in the record biz is preparing for the 35th festival of San Remo to be held on the 7-8-9th of February. The organizer, Gianni Ravera, has prepared (for the 20th time in his career) quite a glittering cast of participants and guests. The participants are divided into 2 groups, the already established artists and the new faces.

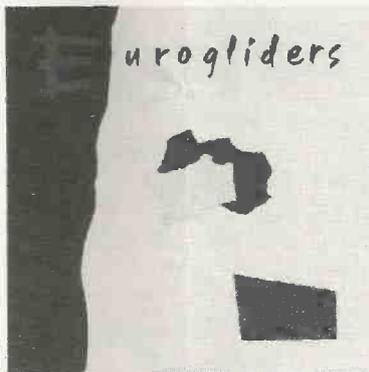

Established artists include: Ricchi E Poveri, Peppino Di Capri, Eduardo De Crescenzo, Eugenio Finardi, New Trolls, Riccardo Fogli, Eros Ramazzotti, Dario Baldambembo, Franco Simone, Matia Bazar, Fiordaliso, Garbo, Mimmo Locasciulli, Anna Oxa, Banco, Gigliola Cinquetti, Marco Armani, Louis Miquel, Ivan Graziani, Christian and Drupi. The new faces: Mango, Christiano De Andre, Rodolfo Banchelli, Silvia Conti, Roberto Kusler, Cinzia Corrado, Antonella Ruggero, Lena Biolcati, Antonio Valentini, Claudio Palti, Lanfranco Camaccina, Laura Landi, Champagne Molotov, and Miani.

ALBUMS OF THE WEEK

George Benson - 20/20 - Warner Brothers
Benson's new album following last year's gold *In Your Eyes*. Another high quality album with sophisticated ballads and easy listening material (*You Are The Love Of My Life* and *Nothing's Gonna Change My Love For You*), uptempo tracks (*Please Don't Walk Away* with a hard rocking guitar solo of Michael Sembello) and after midnight jazz right out of the 'L.A. Is My Lady' takes (Sinatra) (the rendition of the 40 T's tune *Beyond The Sea* - *La Mer*). Another golden winner!

Eurogliders - This Island - CBS
A strong debut album from this Australian band for the European market (it is actually their second lp). They sound like a new wave version of Fleetwood Mac and according to some of our sources Down Under, they are a real sensation on stage. They mainly operate in the pop field and Grace Knight's vocals add a mysterious atmosphere to the songs. The first single is called *Heaven* but there are more hitpicks like *Another Day In The Big World*, *Never Say* and *Judy's World*.

John Fogerty - Centerfield - Warner Brothers
After 10 years former Creedence Clearwater, John Fogerty hasn't lost anything of his outstanding talent. Nine new songs written, arranged and performed by Fogerty. Pop, rock 'n roll, rock and country & western are his roots. All sung and played in a very basic and emotional way. Cause of its irresistible chorus, *Zanz Kant Danz* is our favourite (great song!). Further recommendations include *Rock And Roll Girls*, *Big Train* and *Searchlight*. A glorious return!

With the climat of European Crossover slowly increasing, we decided to concentrate our Radio Guide this week to those records that deserve to be heard in other countries as well. Record companies sent your local samples to us, you have a good chance they will be picked up by programmers from abroad.

The definite Euro chartmaker of the beginning of this year is for Dutch group The Limit. They have scored with their funky disco tune Say Yeah already in the UK and America and other countries are soon to follow. Sticking to Holland brings us also to Roberto Jaccetti & The Scooters, whose latest release Preaching again shows their great ability to deliver nice sing-a-long tunes. Following the well-known Stars On 45 concepts, Band Of Gold scored enormously in the UK and the US with their compilation of love classics, Love Songs Are Back Again. In addition to this their is a new single released called In Love Again, already picking up airplay in England and again the band makes a unique mix of love songs like Reach Out, What The World Needs Now, If You Don't Know Me By Now, etc. And there is more coming from Holland... new wave/rockband Ce Soir come up with a sound reminiscent of Spandau, Duran and other pop UK bands. Crossing the boarder to Belgium, we come across Dirk Blanchart with his first single release for '85 called Cockpit, a subtle

and melodic song. Blanchart is signed to Statik in England and it is time he will get some more exposure in the rest of Europe as well. At the moment Belgian contenders for Euro-crossover are in a minority, though artists like Luc Van Acker and Jo Lemaire are coming up with new products soon.

PASSIONATE VOCALS

Making a big jump more Southwards, you will agree with us that Ivan's Fotonovela has one of the most catchiest Eurosounds at this moment. Another artist, though working in another musical direction, that should have your attention is Miguel Bose. His album Bandido is about to be released in some of the European countries. Not surprisingly cause this artist is able to deliver a sound that comes in the direction of artists like Peter Gabriel and Bowie. As single candidates from this remarkable album we recommend Amante Bandido and Sevilla. Before we move to Italy, there is still time to listen to the Spanish new wave band La Union with their latest Sildavia. Already tipped by us for weeks and weeks, it is a shame that it hasn't picked up any other response outside of Spain.

The first new talent from Italy that automatically come to our minds, and we hope you agree with us, is Loredana Berte. She recorded an album in London last year called Savoir Faire. Her passionate vocals mix very well with the superb studio sound and there are some great candidates for your pop and rock programming in Ragazzo Mio and La Curiosita. And of course there is so much more coming from Italy, e.g. Gazebo with Telephone Mama, still not a hit elsewhere or

the band Raggio Di Luna (Moon Ray) with their Comanchero, already charted in Germany, and we all wonder will Raf's latest Change Your Mind make the same impact in the European charts this year? And an older one, Valene Dore with The Night, Top 10 in Germany and a good example of a perfect crossover record.

A COVER IN THE GERMAN LANGUAGE

There is not much product coming from Germany at the moment suitable for international appeal. With the exception of the Happy Song by Boney M. & Bobby Farrel on Hansa and Paul Simon's cover Mother And Child Reunion by Frank Farian Corporation of which all the proceeds go to Ethiopia. And the band Modern Talking will surely have MOR impact with their debut single You're My Heart, You're My Soul.

Austria gives us the and Minisex with their latest Millionen Zaehlen Nicht. A simple but effective pop tune. The best selling single in France at the moment is Peter & Sloane's Besoin de Rien, Envie De Toi. We think that a cover in the German language could be very effective and could even make some chart impact. The Portuguese Linda De Suza has a nice candidate for MOR programming and her single is called Un jour On Se Rencontrera. As stated in our last issue, Julien Clerc delivers the most commercial Euro Crossover-Record coming from France at the moment, I Don't Ever Wanna Go Away. A Sure Winner! Jean Michel-Jarre is the most obvious example of a French artist crossing over the border; his album Zoolook is already charted in different European countries. See you after Midem !!

ABOUT THE CHARTS.....
THE EUROPEAN TOP 100 (SINGLES/ALBUMS):
 In many European countries one chart is recognised by the music industry as the "OFFICIAL" hit parade and is therefore used for the compilation of the EUROPEAN TOP 100. However there are other countries where various charts are in existence and often equally important. For these countries we have compiled a number of these charts into one representing the sales in that market.
 Each chart position for every country then receives, relevant to that position, an equal points rating which is in turn multiplied by a factor determined through the latest known sales percentage of total singles (or album) sales which that country holds in relation to the rest of Europe. There are different percentages for singles and albums. These figures are kindly provided on a regular basis by the industry-organisations such as IFPI-IFPI-Gallup-Deutsche Phonoverband etc. For the EUROPEAN TOP 100 SINGLES 25 charts are used from 16 countries, for the EUROPEAN TOP 100 ALBUMS 20 charts are used from 15 countries. Since the sales percentages of a few countries are too small to get their hits into the EUROPEAN TOP 100 (provided these records are not charted in any other territory), we are also printing a TOP 3 IN EUROPE list each week.
 The EUROPEAN AIRPLAY TOP 50 is compiled through all our correspondents tips received this week. (*)Records of the week receive extra points. The airplay lists of the airplay report organizations within some of the European countries are also used in the calculations, as well as playlists of major radio stations. (**)Please note that not all received tips appear in Eurotipsheet but they are all used for the calculation of the Airplay Top 50.
THE EUROCLIPS LIST shows the music videos most aired on television throughout Europe in the week prior to publication. It includes video-tv programs and other tv shows partly using video's from 14 European countries.
 For more detailed information on any of the chart-systems please contact our chart department.

MEDIA CORNER - YOUR CORNER !!

This is your corner and you should make use of it as much as possible! Please keep on sending your news about your stations, change of format, new developments, etc., anything that is important to you. Please report to us on a regular basis.
 If you want to exchange programs put it in the media corner, if you need specific types of radio material, let us know, because the media corner should be used as much as possible by our correspondents.

Rolf Spinradts, very successful producer of Bananas tv show on WDR and executive producer for Formel Eins is presenting the first episode of his new program called Kaenguruh this week. He also introduces a new presenter to the German audience called H.P. Strong rumours persists on major programming changes at ZDF. A new structure of the tuesday night first channel television presentation in Germany with lots of young 'audience' evening programs including fashion, food, tour tips, cinema and talk shows. Highlight might be a new show which in fact is produced by MTV which presents the newest videos to the German audience. MTV has an agreement with a number of major record companies in America for exclusive use of new videos for the first 4 weeks. And this could give ZDF a long awaited hot new video program. The show might start somewhere in March and more news is expected on this soon. The show will probably be called Motel S and has involvements by famous producers John Landis and Steven Spielberg. Could be big news!!

NO VIDEOS SHOWN

The battle between record industry and television stations over the use of music video clips (and payment!) is still going on; presently there are no videos shown on national tv in countries such as Switzerland and Belgium where both sides don't seem to be able to find an agreement. While talking about Belgium, Eurotipsheet would like to give a better picture on the Belgian media and is asking top dj's and program directors to join the 400 other European correspondents we have. We feel that our picture on Belgium is the least real one from the 17 European countries. So please react!

Sky Channel, the English based satellite program has changed the names for its musical programs into Sky Trax and are presenting a new Eurochart show produced in Holland. The last 2-3 months we welcomed some new correspondents in our magazine. Two very active correspondents from Norway, Bjorn Faarlund and Jan Dalshow, are both working for Radio One, the free based radio station in Oslo. We also would like to say hello to Steinar Fjeld, working for the 2nd channel of the Norwegian National Channel NRK. Finland brings us a new TV show called Hittimitari. Pentti Teravainen also working for Discopress. The disco organization in Finland, is now reporting to us the music and video chart of "The Hitmeter", a chart voted by 50 people in provincial teams. As written in our Media Special of last year, more and more free stations are coming up in Scandinavia. For Denmark we have added two new stations to our growing list of correspondents, Lokalradio Herning and Radio Copenhagen. From Denmark it is no big step to Germany where we welcome Ingolf Lueck as the new moderator for the weekly tv chart program Formel Eins. From Munich comes a new private radio station called Radio C. They have a 24 hours non-stop program, especially aimed at listeners in the age of 15 up to 35, playing international rockmusic. They reach parts of Austria, Italy and Southern Germany and Willy Zwingmann, music coordinator, is reporting their tips and playlist to us. Hans Holger Knocck, former correspondent for DLF in Cologne has moved recently to the WDR in Hamburg.

SORRY (MY NAME IS CORRY)
 Thanks a lot Axel P. Sommerfeld for your

recent letter. Major changes in Radio Bremen's programming are about to happen. The airing time for youth orientating programs will be more than doubled. The most important change will be a new show called Rizz, instead of the old Popkarton, which was voted the second best youth program in Germany several times. It will be on the air from 6 - 8 o'clock every day and it will feature the same concept as the older program but for the very first time a playlist is added too. There are also very firm plans to get the famous BBC 1 dj John Peel, who is also working for the BFBS in Cologne, to do a show for Radio Bremen. Sorry Barbara for printing your name wrong a couple of times. It should read Gansauge instead of Gansaenge. Nice to receive SR 2's Heavy Metal Chart since the beginning of the new year. Adam Zapletal and A.C. Weiland make this heavy metal Top 10 hit parade and it is an idea that should be picked up by other correspondents as well.

For Holland we welcome Alfred Lagarde and Adam Curry, both working for Veronica tv and radio. Congratulations should go out to Swiss based Radio 24, the 24 crew raised together with their listeners more than 2,5 million Swiss francs in less than 2 weeks for the Ethiopian appeal. An initiative that should be followed by other European radio stations. In this issue you will see on the tv page the contribution from Hannes Rossacher. Hannes, working for Mungo-Films in Vienna, produces in cooperation with the Austrian O.R.F. and Germany WDR his program Musikszene. Every program contains special features on trends, styles and new artists in the pop field. Some new names from Italy: we welcome Claudio De Tommasi, the new veejay for Video Music, Luca Pisani, dj/journalist for Radio Montestella, Claudio Manzoni, working for Radioflash in Torino and last but not least the new station Radio Sound International, based in Roccafavandro with Giuseppe Giovini as program director.

THE OTHER HALF OF THE SKY

New on the tv pages you will also find the Greek program Eochroma, a weekly tv show with clips and live artists in the studio. The producer is Lucia Rikaki and the contents of the program can be found on page 19. Special mention should be made to Ana Christina from the Lisbon station Radio Comercial. Although we reported earlier on her special programs, her tips can be found in Eurotipsheet from last week on. Her show is called Loiras, Ruivas ou Morenas, which means Blondes, Redhairs or Brunettes, dedicated, as Ana puts it, to the other half of the sky. Every Saturday from 1 - 2 AM a special program is dedicated to the role women played and still play in modern music. Each week a woman, her life, her work and her charm.
 Some exciting news from France, the 25th of January Foreigner visited the Poste Parisien studio in a coproduction with NBC. This unique show will be transmitted by satellite to 200 different American radio stations. A new radio station is about to start off now that Maurice Sieggel has just got permission from the government. The total budget reaches some 5 million francs a year... Another new radio station just started last week, called Hit FM. A tape with 24 hours of non stop music is transmitted automatically the whole day, intermitted with news on movies, concerts etc. The station is owned by the chain of cinemas U.G.S.

LONDON CALLING

by Howard Marks

Things are still fairly quiet here in London at the present time, however, now that Midem has finished all the deals are done, there should be some exciting things happening in the industry. News has come through that John Taylor of Duran Duran will be acting in a futuristic thriller for

Yorkshire Television. This will be a pilot for a possible series, it is not known whether John will appear in any of the other episodes. Frankie Goes To Hollywood have their first ever London dates and Tears For Fears who are enjoying chart success with their biggest hit for some time will be doing dates around the UK in the spring. Best known for his work with Soft Cell, and Marc & The Mambas, Marc Almond, will be doing a few select dates with a new band called The Willing Sinners. Also touring the UK will be Shalamar.

New singles in the shops at the present time from Snowy White, he had a huge hit last year with Bird Of Paradise. Also a name from the past, who in fact I mentioned in my very first column, the wonderful Steve Marriott. I went to see Steve and his band The Packet Of Three, with a couple of mates just before Christmas, he was still great after all these years. By the way, my ears will be back to normal very soon. For a three piece, they are certainly loud. The single is a remake of Steve's first ever hit Watcha Gonna Do About It. My favourite single at the moment is from 10 Records and is by Dr. Calculus, the record is entitled Programme 7. If this single doesn't chart, then there is no justice in this industry of ours. Nice to see Jimmy Ruffin back on the UK chart after so long with his new EMI release. Village People are back also after a long absence from the chart, the title of their new single is a little difficult for radio programming, entitled Sex Over The Phone, I hear a rumour that that is all the editor of this publication ever gets.

Still lots of coverage for the Band Aid project, Bob went to visit Ethiopia some weeks ago, and did a round of tv and radio interviews to let people know what he saw, and also talk about future Band Aid projects. James Ingram was in town recently for some television and radio appearances likewise Grandmaster Melle Mel & The Gang, Hollands own The Limit where in too to promote their current chart record. Imagination have been doing the rounds of tv and radio for their current single which has been in the charts since November of last year. Nice to see CBS band King enjoying chart success after all this time. The band recently supported Culture Club at Wembley, and seem to be heading in the right direction for 1985.

Some other new singles which are around at the moment doing well, are from Colourfield, Slade and also an excellent new single from Time Zone which features vocals from John Lydon aka, Johnny Rotten and Afrika Bambaataa.

Congratulations to Radio One executive Johnny Beerling, who will take over the prime position of controller of Radio One when the current controller Derek Chinnery retires next month. Johnny has been with the BBC for twenty eight years and has been responsible for such shows as the Radio One Club, and the Radio One Roadshow which is very popular during the summer months. Johnny also by coincidence produced the first show ever to go out on Radio One in 1967.

The government have now announced that local community based radio will become legal this year, however, pirate radio stations are to remain illegal especially if they take frequencies allocated to the new stations. Meanwhile, at Capital Radio, one of the most outrageous, funny, rude, lewd, sensational, etc. etc. Shows ever put on the radio entitled You Ain't Heard Nothing Yet, will be rested for a while after broadcasting 100 shows. It is rumoured that the last producer of the show was banished to an office in the Siberian Desert. The current producer will be forced to listen to Radio Moscow for five years, and the secretary, who has already suffered five breakdowns, will be pensioned off twenty seven years early. Researcher for the show Phil Swern was last seen nervously wandering the corridors of Capital Radio quoting catalogue numbers of singles deleted at least twenty years ago, and Jeremy Pascal who is the presenter of the show, was last seen smoking five cigars, all at the same time. Seriously I do hope that the show comes back soon. And finally congratulations to somebody called Gary Farrow, who claims to have been in the record business for ten years this month. It's funny you know, I've never heard of him...

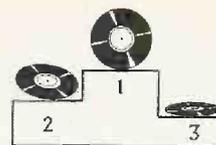

HOT MIDEM NEWS

FRENCH BATTLE VIDEO PAYMENT

Biggest shock for the French promotion managers came with the announcement that no more clips would be allowed on French television after January 28th. Mister Sichier, general secretary of SNEP, the French record publishing association, announced at a press conference that video clips on the 3 French National Television Networks (with the exception of the subscriber station Canale Plus) would be forbidden. This is the result of top level negotiations between network directors and SNEP officers, officially representing performers, publishers, producers and the holders of rights. Both parties have negotiated already for 6 months and SNEP has now set January 28th as a deadline for a decision by network executives to accept minimum payment conditions for broadcasting clips. French network directors, like in many other countries have maintained from the beginning that clips are promotional devices and therefore should not be bought or sold.
