## Singles Guide

Don't forget to check our Euro-Crossover list this week, you will pick up some hits for your program. *Baila* by the Spanish singer Ivan is Spain's best played single at the moment and it is not hard to understand why. With a very cheerful horn section, this could be the summer dance hit of 1985. Southern Europe keeps on delivering the right type of crossover records; **Matia Bazar** always was one of our favourite groups of Italy. Their latest single *Souvenir* is out for some time now on the European market but still needs, we think, a little bit more backing on Euro-Radio: a slow and beautiful atmospheric song with excellent vocals. ZYX Records in Germany seems to have the patent on simple synth tunes. *Zanzibar* by the artist **Helen** is their latest effort and although this computerized dance tune with African overtones has been done a thousand times before, this one will stick. Quite appropriate for 12"

remix.

Mozart would probably have turned in his grave upon hearing Falco's rapping tribute *Rock Me Amadeus*, but it sure is a favourite amongst Euro-deejays (new at 76 in the Top 100 Singles). Actually the single is produced by creative Dutch duo **Bolland** who already deserved European recognition some time ago with their own release *You're In The Army Now*.

### MAINSTREAM POP

What are the other significant releases this week? The latest offerings of **Bob Dylan**, **Kim Carnes** and **Agneta Faltskog** all fall in, what the Americans call, the Adult Contemporary category; mainstream pop enwrapped in a sophisticated production. One record very worthwhile programming is *Johnny Come Home* by English band **Fine Young Cannibals**, consisting of 2 ex-Beat members. An immediately catchy and dynamic track that deserves to be released outside of England! With the new Bond film going on heavy rotation in all the European cinema's this week, **Duran Duran** are this week's best played single. Other fast movers for **Bryan Ferry's** *Slave* which boosts his

album into the Euroradio Album Smashes, **Propaganda** (after Frankie the other successful ZTT act), **Go West**, **Supertramp**, **Marillion** and **Scritti Politti**.

### SPRINGFIELD CELEBRATES

**Rick Springfield** has been a heavily promoted artist for RCA and they were quite disappointed with the results of his last album. This time it looks positive for his new single *Celebrate Youth*, which makes impact in more countries than the UK alone. Already, Germany and Holland are catching on. **Sting** recently concentrates more on his film career, but his new single *Set Them Free* will burst all over Europe next week. **Bruce The Boss** has tightened his grip on the European market with 4 albums and 1 single charted in Europe at the moment. Not only makes the double A-sided single *I'm On Fire/Born In The USA* a gigantic move from 70 to 8 (making it the second best fastest mover of the year!; the USA charity single was the best with its jump from 94 to 4 and actually also included Bruce), but on the Album front things are even more impressive. So check our Album Tip Page.

**RADIO'S LARGEST PRODUCER OF PROGRAMS, CONCERTS AND SPECIALS**

# euro MARKET place

## THE AVAILABLE SUMMER RADIO SPECIALS !!

Hi, here we are again with our Euro Market Place and once again we invite you, the Program Producers, to send us your news of any programs available to other stations. We especially need this information from the European stations! The phenomenon of program syndication, satellite broadcast and buying finished specials is very wide spread in the US, but lately it starts to get in fashion in Europe too.

As more and more radio stations are springing to life, there is a growing need for quality programs. Often these new stations do not have the financial resources and/or the organization to get the super stars or top jocks. But they can get these through agreements with the big syndicators, which offer terrific shows and regular specials. You can buy these and still include your local advertising.

### WESTWOOD ONE

America's leading syndicator has a lot of new programs available. In June for all the deadheads Westwood One presents the only officially sanctioned music and interview special honoring those merry pranksters of Rock n' Roll - The Grateful Dead. This is a 2-hour program featuring the words and music of the pioneers of the San Francisco sound (demo available). Also in June they have a 2-hour special spotlighting one of Rock n' Roll's most influential and controversial bands: The Doors. Currently experiencing a tremendous resurgence in Rock Radio, Jim Morrison and The Doors are the subjects of this music and interview special hosted by Capital Radio's Roger Scott of London (demo available). Coming in July will be the Rolling Stones special hosted by Roger Daltrey. This is a 6-hour special with plenty of great Stones music and interviews from the group (demo available).

This past month WW-One had the five star jam. This is a 2-hour concert featuring some of the biggest hits from Smokey Robinson, Aretha Franklin, Chaka Khan, George Clinton and Quincy Jones with friends James Ingram, and Patti Austin. The show features a 20 minutes segment from each artist with interviews intersperse throughout the program. Also WW-One aired, Scott Muni's Tribute to London a 3-hour special which chronicles the music and events that shaped Rock n' Roll from its inception. New York's new-FM, Scott Muni, puts together a uniquely British perspective on the rock phenomenon from the stars who helped create it, co-hosted by Capital Radio's Roger Scott (demo available). Artists and interviews include: Steve Winwood, Phil Collins, Dave Edmunds, Pete Townshend, Alan Parsons, Eric Wolfson, Howard Jones and Ian Anderson.

### CAPITAL RADIO

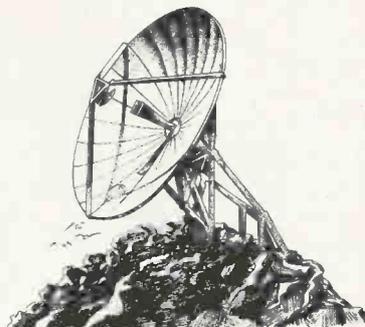

London's hip station is also a good source for English shows. Perhaps the most attractive product they have to offer is a weekly series of five short items of pop and chart news that can be dropped into regular programming on a

daily basis. Presented by American DJ Jessie Brandon, well known to European audiences through her association with Laser 558, they cover The Network Chart Top 10, star interviews, pop news, new releases and Jessie reporting on London from glittering star studded parties to seedy back-street clubs. The attraction of these items is that at five or six minutes in duration they are an ideal way of keeping listeners in touch with what's happening in London. Amongst other programs that Capital are offering is The Network Chart Show presented by David Jensen; a catalogue of concerts by such artists as Meatloaf and Sade and a number of documentary series dealing with music related subjects. A program catalogue plus demo cassettes are available from Capital Radio.

### ABC WATERMARK

American Top 40 from ABC Watermark may be the world's most popular radio program. Every week's Top 40 hit songs of the U.S.A. - as reported by the famous Billboard Magazine - are played on a four hour program, now tuned in by almost 45 million listeners on over 1,000 stations around the world. Each A.T. 40 broadcast is a must-hear review of American musical life today, complete with the stories behind the top 40 hits, hosted by Casey Kasem, called 'the most listened-to voice in America'. Each hour contains 48 minutes of programming, leaving 12 minutes of commercial availability. Programs provided on stereo discs. Cue sheets, operations manual,

customized promos with station call letters and broadcast times, and information on special editions on request. ABC Watermark also presents SPOTLIGHT SPECIALS which take music fans into the exciting world behind the microphones and gold records. Besides hit selections from today's top performers, these programs offer interviews with the artists and those closest to them...to reveal the intriguing personal lives, likes and dislikes, concerns and problems of the superstars of today's music. These 90 minutes Specials include e.g.: Michael Jackson, Culture Club, Rick Springfield, Linda Ronstadt, Journey, Olivia Newton-John, Toto, Barry Manilow, The Little River Band, Elton John, Bob Seger, Dan Fogelberg, The Motels, The Rolling Stones, Quarterflash, John Cougar Mellencamp, Kool And The Gang, Huey Lewis And The News, Duran Duran, The Cars, Jefferson Starship, Steve Perry, Donna Summer, Air Supply.

### SMN

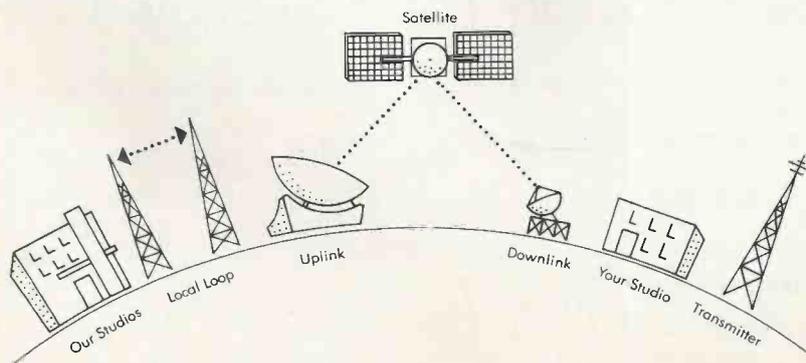

Satellite Music Network offers a wide spectrum of programs which includes RockAmerica. This is Kent Burkhart's Contemporary Top 40 format, is thoroughly researched by Burkhart/Abrams, Michaels/Douglas and Associates, Inc. ...and new research is done weekly, guaranteeing a fresh, vital sound. A minimum of 51 minutes of Top 40 Hits, selected recurrents and golden oldies, are played each hour with no less than 4 songs in a row. Satellite Music Network's includes 1 minute newscasts but these are optional on this format during selected hours. Their DJ's are top national talents broadcasting LIVE.

### EUROPEAN TOP 100

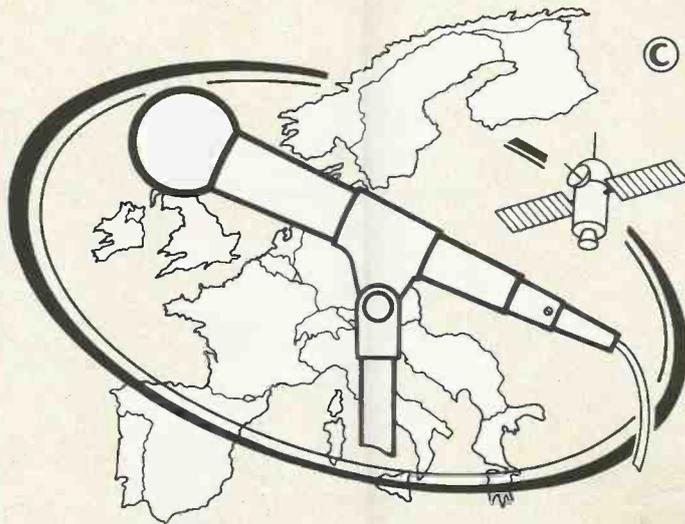

EMR's European Top 100 Show is presented by popular air personality (and handsome) Adam Curry and is available either as a 1 hour or a 2 hour show from European Music Report. The show is recorded at the famous Radio Veronica studios and includes the latest European hits as well as news.

### SHORT CUTS:

NBC salutes 30 years of Rock n' Roll during the weekend of July 4th and made a 30-hour radio tribute. Who of you out there are also doing something to celebrate this? Anyway the July 4th weekend is a big one in the US with many new programs such as USP's summer beach party presenting only summer songs (they also have a Beach Boys story) and DIR's, English special *From Britain With Love - Part 2*, covering 20 years of hits from the UK. By the way, DIR also has a weekly tribute to The Beatles called *Ticket To Ride*, presented by famous jock Scott Muni's

## BRUCE ALBUMS

Springsteen is touring Europe and it shows! While the UK has Springsteen's whole album catalogue charted (7 albums in total), no less than 3 albums are re-entering The European Top 100 this week (River, Run, Darkness)! His current album holds still at 10 in its 24th week. One of this weeks delights is the new Talking Heads album *Little Creatures*: Their 7th album makes them the least predictable band in today's popmusic; this time the emphasis moves from funky, African rhythms to poppy and even C&W material. As David Byrne says: "A bunch of nice songs", and that is exactly what it is. Our favourites are *Little Creatures*, *And She Was* and *Stay Up Late*. Scritti Politti are more popular than ever in Europe. With their latest single *The Word Girl* shooting up the European Airplay charts, their 2nd album *Cupid & Psyche '85* comes right in time. Tracks like *Don't Work That Hard* and *Small Talk*

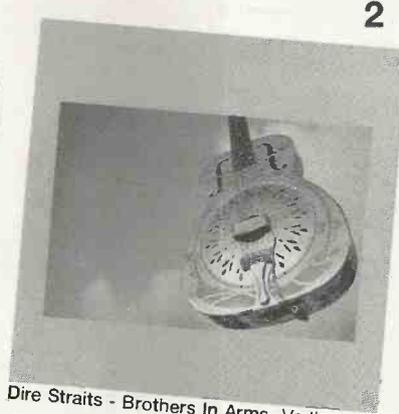

are further proofs of the band's unique style with up-lifting rhythms, Greens seductive voice and his fascination for the beauty of the pop single. Nile Rodgers is probably the most commercial innovator in the present pop/dance genre, putting his stamp on records by Diana Ross, Sister Sledge, David Bowie, Duran Duran, Madonna and Mick Jagger to name but a few. *B Movie Matinee* is his solo debut for Warner, the title of which is a salute to Rodgers' passion for trashy cinema. He is also responsible for the production of his favourite "sisters", *Sister Sledge*. Again the toppy snare production, although we find the end result a bit too corny from time to time. Together with the Doo-Wop song *Frankie Dancing On The Jagged Edge* is probably the strongest track on the album. Other albums we loved reviewing this week are *Midnight Oil* (a very promising Aussie-band with a lot of militant and political songs) and the horn man *Hugh Masekela* with his danceable Afro-pop.
