## EMI MUSIC MAJOR WORLDWIDE RESTRUCTURE

Speaking in London this week, Bhaskar Menon said: "These moves to prepare our worldwide business for future growth and to widen the responsibilities of a young generation of tested line executives represent major steps forward in the continuing progress of EMI music". These words from Bhaskar Menon, chairman and chief executive EMI Music worldwide, came after an announcement of details of a radical reassessment of the future management of EMI music.

Following the request by Ken East, president and chief operating officer EMI Music Europe and International, that he should move to a special consultative position within the company with effect from 1 January 1987, a new organisational structure will be established for EMI Music worldwide.

More than a dozen significant appointments have been made. The major European postings include that

of Alexis Rotelli, currently md EMI Italy, who becomes md Europe. Roberto Citerio takes over as md EMI Italy and Guy Deluz, currently resident director Japan is appointed md EMI France. Rupert Perry is confirmed in his position as md UK and Eire and with effect from 1st January he will assume responsibility for Picture Music International and Rak Records. Richard Burkett is appointed md manufacturing and operations Europe and International.

Reporting directly to Menon, the following appointments, all based in London, have also been confirmed: Roel Kruize as director A&R marketing, Brian Southall as director public relations and communications and Guy Marriott as director business affairs. Full details of the other international appointments will appear in next week's issue.

Simply Red were presented with a platinum record for sales in Holland of more than 100,000 copies of their album, 'Picture Book'. The award was handed out by Lex Harding, progr. dir. of Veronica Radio, (fr. of Mick Hucknall) following the group's live appearance from Bussun, on Tyne Tees' 'Eurotube', recently screened in around 15 European countries. Joining in the celebrations with the band are executives from WEA and CBS Songs and Rob de Boer of Rob de Boer Productions.

## UK PIRATES DEFY GOV'N AFTER LICENSES DITCHED

by Nick Robertshaw

U.K. pirate radio operators who applied for new Community Radio licenses are planning to go back on air unlicensed now that the Tory government has decided to ditch the experiment. They may also take the issue to the European Court Of Human Rights and will certainly press the government to compensate them to the tune of one million pounds for the costs incurred in submitting detailed applications.

Home secretary Douglas Hurd announced the shelving of the community radio scheme late last month, citing "difficulties and anxieties" over regulation. Commercial radio stations welcomed the decision, but Community Radio Association chairman Bevan Jones said it was "outrageous and quite possibly racist, as well as

being deceitful", adding that there was now no point in pirates restraining themselves. Observers believe the Home Office was worried about the number of ethnic stations among the potential licensees, and reluctant to legitimise radical broadcasters who might have proved hostile to the government. Over 270 applications were made for the 23 licenses on offer, including many from specialist music stations.

The CRA has now called a national day of action, when members will take to the airwaves without a license by way of protest. It will also attempt to convince the European Court that BBC and independent local radio stations do not meet community needs, and that the BBC and IBA exercise an unfair monopoly.

## EUROPA TV TO BROADCAST SATELLITE RADIO

by Cathy Inglis

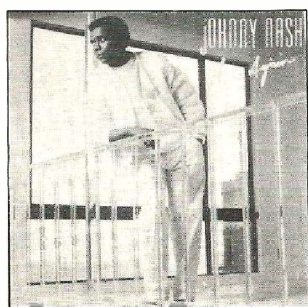

Hilversum - At a press conference held here recently Europa Television announced a radio experiment to be called 'Europa Radio Around The Clock'. A 24 hour a day satellite radio will be broadcast from the 'Firato '86', the bi-annual international audio and video fair, held in the Amsterdam RAI exhibition centre August 29 to September 7.

Although the experiment is at this stage only planned as a one-off event, the intention is that as much experience as possible will be gained technically and in the fields of production and programming. A comprehensive research will be undertaken to establish the listening figures and the

results will be appraised within the EBU. Gerard van Vliet, head of general affairs Europa, says: "Those running the cable companies in Europe have reacted very positively and have agreed to cooperate to achieve as much exposure as possible."

Dutch Veronica Radio will be working alongside Europa and giving programming advice, which will include a 6 hour show based on the European Hot 100 as compiled by Music & Media. Lex Harding, programme director Veronica, says of the project: "With this experiment we hope to prove that it is possible to do satellite radio with a limited budget."
