STRIKE DATE IS NOW APRIL 30
Musicians’ Union and D.B.D.A. co-operating

(Musical Express Staff Reporter)

NEWS BREAKS THIS WEEK THAT THE DANCE RAND DIRECTORS’ ASSOCIATION HAVE POSTED THEIR RADIO PICTURE PROGRAMME FROM MARCH 31 TO APRIL 30. REASONS FOR THIS Sudden change in plans in D.B.D.A. WISHING TO CO-OPERATE WITH THE MUSICO UNION ON THE STRIKE DATE.

We understand from D.B.D.A., Secretary Peter Batey that the committee of the D.B.D.A. have this week received information from the Broadcasting sub-committee of the Musicians’ Union as to the effect that as from April 30 the Union will no longer allow its members that they must not accept any outside broadcasts whatever. This will affect both musicians and entertainers alike, and for this reason the committee of the D.B.D.A. is advising its members of the change of strike date.

A BARTOK FESTIVAL

Talking About Music

BY MALCOLM RAYMENT

INTRODUCTION

The short space of time between 1920 and 1930 saw the appearance of the works of Bela Bartok. This is the most important contribution of an Eastern European composer. Although in quality it is of superior value, its inaccessibility is often frustrating. It has been described as being like the music of a bird, best heard from a distance.

While it is true that the appearance of Bartok's music is strange to many, it is the opinion of this reviewer that no other organization is so eager to carry out its function and no other organization has the chance to make such an impact. As the music is written in portable form, it is available to any member of the public. It is the opinion of this reviewer that no other organization is so well equipped to deal with the need for new music.

NOT SO NICE!

Our Correspondent Charles Wilford does not go to the Festival

MUST confess to start with an Ashleigh, orange in the morning. From a knowledge of the 'Festival' I'm sure the event was to begin at 1 p.m. I refer to the Super-Dana event which has already begun. At 10.30 a.m. there was a large crowd in the streets of London. The 'event' was not seen, but a very loud noise was heard. It was a sort of, "Come on, Ashleigh, orange in the morning.", or similar.
