EVERYBODY HAPPY?

COCKTAIL CLAP HANDS

SHEILA BIRD is the hostess of "Cocktail Clap Hands", a popular show on radio. She is known for her lively and energetic performances, which often include dance and singing.

L Hàng đột biến, vở kịch mới của tác giả người Mỹ, đã được diễn ra tại nhà hát của thành phố. Vở kịch đã nhận được nhiều phản hồi tích cực từ khán giả, đặc biệt là những người yêu thích âm nhạc."

The show has been a huge success, drawing large crowds every night. The actors have been praised for their performances, with the leading lady receiving particular acclaim.

On September 3, the show will return with an encore performance, which is expected to be even more successful.

The production team has been working hard to prepare for the performance, with directors and designers working overtime to ensure everything is perfect.

Mr. and Mrs. Smith, who are the owners of the theater, are thrilled with the response from the audience.

"We are so happy with how the show has been received," said Mr. Smith. "We had no idea it would be so popular, and we're already planning a sequel."
THE VOICE

MUSIC: AND PEACE

The newly formed musical peace group is gaining much credence for not only the right side but also the left. Peace movements are not new and it is not surprising that the young and idealistic activists have joined the struggle for peace. However, when the sincere and fundamentally honest citizen declares himself an opponent of war, he is open to suspicion. Of course, it can be a great pity. His dignity has been questioned, his motives have been probed, and his words have been twisted. Yet, this is not the worst of it. The young and idealistic activist who today devotes his time and energy to the promotion of peace may well be the noblest of humanity and, judging by the evidence, the wisest. Peace groups do not cry out for vengeance, or to kill, or to destroy. They are not interested in destroying anything. The only thing that they seek to destroy is war, which is the only thing that they consider worth destroying. Peace groups are composed of people who earnestly believe that the world can be saved and that peace is not only possible but necessary.

WHAT IS HAPPENING IN THE WORLD OF THE DRAMA Reitarly NEWS. Must we go on indefinitely publising editorials at a time when it is necessary if anyone is to remain civilized? We are, of course, far too parochial to give a complete view of the world. It is a great joy when one finds a way to escape from the daily drudgery and enjoy a new world.

The news is filled with so much wonderful news that it is impossible to describe it all. The world is a beautiful place to be in. The news is filled with so much wonderful news that it is impossible to describe it all. The world is a beautiful place to be in.

DONATEO VELASCO'S DRUMMING WAS OUTSTANDING, AS USUAL, AND THE BASS WAS SOMETHING SPECIAL. THE BASSIST, CHARLES ALEXANDER, IS A TRUE TALENT.

The highlights of the concert were the performances of "The Great" and "The Sound." The latter was a great hit, and the former was a bit too loud for some.
