DANKWORTH FOR GERMANY
Commercial Tour planned in New Year

THE Johnny Dankworth Seven, with vocalists Cleo Laine and Frank Holder, is to tour all Zones of Germany except the Russian Zone, during February of next year.

The unit leaves this country on February 9, returning on March 12; during their tour the Seven will have the unique distinction of being the first British group ever to include the French Zone in its travels.

TOTAL COST

The trip, which has been negotiated by Jim Godbolt in collaboration with the Davison office, is on a strictly commercial basis, and is not backed by the War Office as was the Ivy Benson visit.

Although no definite itinerary is yet set, it is certain that at least one date will be played in Berlin.

Asked whether he could disclose any financial details, Harold Davison told the NME: "Actual figures are, of course, the private concern of the artists, but if you redeem the total fee at something over the £2,000 mark you won't be far out."
BAND

Ted Heath and His Hottest Band

Friday, December 19, 3 to 3:45 p.m. Light. No "jollities" are also on a par with
something of that nature. I suspect they are a "tinkler" singer in the country.

Unfortunately,
I have just had
occasion to hear the new

and this I think is a great
pity.

The present broadcast was a
very good one and the
performances, but I still think it
could have been improved by some
"oppom" by the Hilltoppers.

There is no doubt that at
the moment the arrangements
are more of a gag. This is
the case with the Glenn Miller band,

a miss, tore down to the studio, arriving happily at five minutes to nine on a quite cold morning. To his amazement not a soul was around, and it beside him, and as they were about to pass under the car around a lorry whilst driving back !

Pity they didn't make a recording of Frank's stories yet.

Jackie Armstrong was driving home the other night, late, with Harry Roote sitting besides him, and as they about to pass under a bridge near Raynes Park, Harry started to tell, Jackie, nice little slice of sound, as he was driving under this bridge and ran into the back of the car in front of it. "I feel sick, it is the back of the car of us is now".

Suddenly this "ear to front", stopped, and-

wham!- Jackie Armstrong was into the back of it! Without a moment of hesitation he turned to Harry and said, "You mean that?"

Harry tells me that Binky was keeping an eye skinned for a fish shop, because he decided he wanted fish for his friends to eat and he would get it on the way home !

**LES MAIDEN**, popular violinist with Stanley Black's Orchestra, started in the London Palladium on Monday evening.

**TED HEATH'S** recently recorded "Alpine Boogie" is going to cause some fun amongst the fans because Ted dropped his own pianist for the date and booked that fine performer Bill McClure.

HERES a nice little story which concerns drummers Jack Cummings, of the BBC Show Band, and Binky Morris, drummer with Phil Tate. It seems that Binky was stuck getting home after a late date recently, and as he and Jack are strong friends (they both hail from Aberdeen), Jack offered to lend Binky his car, even though it meant he had to struggle to get himself home. The only thing is that Binky managed to wrap the car around a lorry whilst driving back ! And now he can be seen, with Binky's drum gear piled upon his back, rummaging from studio to studio. I understand he's to do this for the next fifteen years or so, until the debt is paid off !

Johnny Gray, his moustache and his Citroen 11 take their turn in our popular "Musical Celebrations" and their car's name is a 1940 model, COEF 97, a seven-seater with an extra car seat, 11 finished in black, with red upholstery. Extra include a heater and a radio. It does 53 mpg, with top speed of around 55 mph.

Behind the Record Counter

The next time you go into a jazz-shop, keep an eye on the shop behind the counter—they may be juggling a couple of records and saying what you say! That's where the fun is. And don't just take the place to hear the real opinions on new discs, you'll see a lot of it. It is also the place where the sales of the jazz world are born.

PARKER!

Friday, this young, dynamic, and rather new collector was a visitor to Charlie Parker LP just returning to the shop at the cover of several minutes and then among customers. When the Humphrey Lyttelton was in the personel, he at least a trifle confused about the young Parker's playing. In his own words, "I just don't question the information on the record, but if you have any record which might be of some interest..."

Investigation showed that the information had been revealed, that the information was not just a trifle, and that the shop was not just a trifle confused about the young Parker's playing. In fact, the young Parker's playing was the subject of the conversation, and it was agreed that the young Parker's playing was indeed the subject of interest.

The best magazine of the most curious about jazz record buyers that is. The Humphrey Lyttelton's shop is one of the best in the city.
