**Everybody's
saying it!**

Everybody's buying it!

... and with good reason. Undoubtedly no other series has ever finished its network exposure with higher ratings and higher shares in the major markets than Man from U.N.C.L.E.

Now you don't have to settle for anything but the original, number-one spy-adventure show.

128 swinging hour-long adventures* are moving fast. Call your MGM-TV representative in New York, Chicago, Los Angeles, Atlanta or Toronto today and say "U.N.C.L.E."

Available for February start.

*Includes both Girl and Man from U.N.C.L.E.
