The LETTERMAN took time out from their packed Palmer House engagement to take on the DJ's and staff of the station in a game of baseball a number

POP NOTES

BY MIKE KASABO

It seems to me that Janis Ian has done a very good job of evading success. But wait, that was in the past. At the rate her single is leaping up the charts, she's going to have to confront success face to face. Space limits listing all the "hot" reports, but here's a few: WIP, KVI, KCRA, KHOW, KMEN, WGAR, KFI, WGN, K101, KOA.

Interesting to note that after just one week of play "Like They Say In L.A." by East L.A. Car Pool has been increased at WIP. Joan Baez making her most impressive appearance in some time with "Blue Sky." Went on WSB, WBAL, KVI.

New Bobby Goldsboro is "I Wrote A Song" and it went right on KFI. As did the new Phoebe Snow "Good Times."

"Shoes" by Reparata on Polydor keeps adding some impressive stations. Latest include KVI, WIP.

After almost two months in the field, the Amazing Rhythm Aces' record appears to be making very strong gains in several areas.

The Nitty Gritty Dirt Band experiencing a good deal of success with "All I Have To Do Is Dream." Of special note is the big jump it took at KWAV 21-8.

WGN reports good action on the latest Jimmy Buffett "Door Number Three." Beverly Bremers, who had a big record a couple of years ago on Scepter with "Don't Say You Don't Remember" is now with Columbia. Her first one out is a cover of the Jack Jones record "What I Did For Love."

Paul Simon is putting finishing touches on his latest album and one cut features the voice of Art Garfunkel.

The Charles Aznavour record continues to get very hot phone action at WHIO. It was just added at WPTF, Raleigh.

At press time A&M could not confirm what the Carpenters single will be. Meantime, "Solitaire" continues to receive heavy airplay at many stations across the country.

Looking like a big come-back for Glen Campbell with his version of Larry Weiss' "Rhinestone Cowboy." Reporting super hot at KMBZ, KSD, WROC, KMPC.
