**FAIR SCHEDULE**

**CNE Gates Take Drop of 30,000; War Shad-ows Affect Closing Days**

TORONTO, Sept. 11.—Closing ceremonies took place yesterday at the CNE, the fair being closed for the season. Total paid attendance for the season was 1,656,000 compared with 1,596,000 in 1938. The season marked a 10,000 mark by 48,000. Final figures are not yet available. An additional 1,000,000 were reported by officials. Gate admission was 60 cents, with an additional 25 cents for circus, space and grand-stand prices ranging from 80 cents to $1. There were many more admissions in any previous year, necessitating erection of tents.

The revue left Monday, big draw in 1938, was again here on Tuesday, and another big draw. Shows suffered most. In one year the fair had broken even, but this year management was able to give a preview performance on Sunday. Shows were but a few dollars over the $2,000 mark for the year, and officials were satisfied with the final gross. The show was put together by the Ohio Fireworks Company, and Stetson's wrapper band was a big hit. Strates Shows reported good business for the week and made an excellent appearance.
