**RELEASE JUMP COST S-B STAFF DISK**

NEW YORK, March 3—Radio—TV manufacturing firms continued this week to disclose their financial statements for 1958, and while by and large the figures were in line with the trend of the industry, the figures of a few were higher than expected. The big news of the week was the disclosure that the jump in the cost of living was not felt by the industry, as many firms showed a gain in earnings over the 1957 level.
