

***Baldwins are  
meant to be seen  
(as well as heard.)***

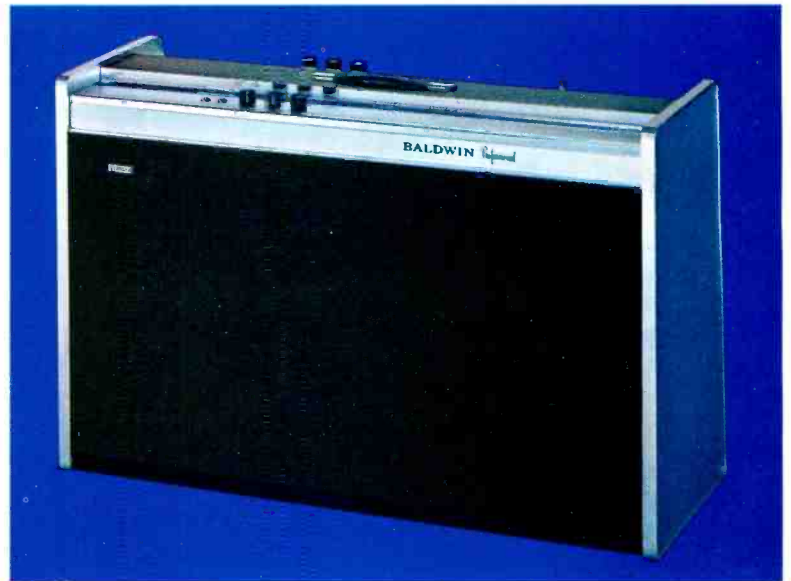

***You'll be proud to  
put these Baldwin  
Supersound Amplifiers  
right out front. They  
are that good-looking.***

***You'll be proud the  
way they put your music  
right out front, too.***

***No fuzziness here. Every  
note is crisp and spar-  
kling. And you can get  
your kind of sound just  
by flicking a switch.***

***Three models to choose  
from. All are solid state.  
All have reverb and trem-  
olo, two channel, four  
input jacks, and power  
outlet for accessories.***

***Let's hear it for Baldwin.***
